WORK FOR CONGRESS

Important Measures Before Both Branches.

BUT VERY FEW WILL BE PASSED

The Necessary Appropriation Bills Will First Be Considered, Followed by the Pension and Postoffice Bills—The First Week Will Be Taken to Qualify a Program.

WASHINGTON, Dec. 1.—The second session of the Fifty-first congress will begin at noon today. At precisely 12 o'clock Vice President Morton in the senate, and Speaker Reed in the house of representatives, will call those two bodies to order. The roll will be called and three new members will be sworn in. Whiteaker, in place of Walker, Missouri; Hayes, the successor of Cong. of Iowa, and Finkler, who has been elected to the vacancy occasioned by the death of Miller, New York. Mr. Beckridge, of Arkansas, will also have to be sworn in.

The congress has much important business before it, a very small proportion of which will likely be disposed of before its expiration at noon on the 3rd of March. There are the necessary appropriation bills, without which the business of the government would be paralyzed. There are also the pension and postoffice bills which have yet received consideration in neither house, but which the Republicans in both houses have said must be passed at this session.

Then there are many measures of importance on the calendar, which have passed through the legislative journey. The most important of these is the Federal election bill which passed in the house of the first session, and which was redrafted in the senate by the Democrats so firmly that it was necessary for the Republicans to agree to a postponement of its consideration in order to bring about the passage of the tariff bill and an adjournment of the first session. It is now on the calendar of the senate the National bankruptcy bill which is being pushed by the representatives of the commercial convention. The bill to transfer the revenue marine service from the treasury to the navy is also on the calendar. The bill to amend the act of March 3, 1879, to provide for the payment of the claims of the United States against the National Bank of Commerce is also on the calendar. Latest Form of Rubber Pavement.

The municipal authorities of Brussels have decided to experiment on the new compound "caoutchouc macadam." A portion of one of the principal boulevards of the city is being paved with this material. The compound consists of a mixture of India rubber and different kinds of stones, ground up together, and converted into a sort of cement by means of heat. The material is stated to be hard, elastic and durable, and to be unchanged by either heat or cold. It is anticipated that it will prove extremely well adapted for running tracks and lawn tennis courts.—New York Commercial Advertiser.

Barbers report that hair dyeing is going out of style. Many "lousers" are not to be kept the dyes. Gray threads in a young man's head, especially if his occupation can be construed to be intellectual, are considered detestable.

ALONG THE FRONTIER.

No Danger of Immediate Fighting at the Five Big Agencies.

Pine Ridge Agency, S. Dak., Dec. 1.—Quite a stir was occasioned here Saturday night by report that the troops were to be sent to Wounded Knee to bring in two or three hundred lodges of Sioux Indians who, it was said, had been promised to be sent to Wounded Knee. This, however, proved a false alarm. No movement of the troops was made. It is now reported that the Indians have promised to come in at once.

All talk of troops marching to disarm the Indians is a mere rumor. They will do nothing of the sort at present, because the Indians have quietly made use of the time allowed to catch their good guns and ammunition. They would offer no objections and have stocked themselves with a lot of worn out muskets and stuff for the sole purpose of being disarmed. Some of the troops will surely be at Pine Ridge all winter.

At 10 o'clock Sunday afternoon Plenty Bear, an old-time friendly Indian, who lives at Wounded Knee, twenty-five miles northward, came in with a warning report to Agent Royer. He states there are 301 lodges, being over 2,000 Indians at Wounded Knee, and that they had resumed ghost dancing with warlike accompaniments. He said they formed in regular war dance and were swinging warclubs and shields. He also says they have taken an oath to resist interference if it costs the last drop of their blood. Plenty Bear witnessed the dance in person and saw that Little Wound, who visited the agency last Saturday, was among the dancers with all his band, and that he further stated that Plenty Bear that their deity consisted of burning houses and killing settlers' stock. Great loads of horses and cattle were being brought in last night.

Agent Gallagher was interviewed at Wounded Knee. He said he was not inclined to accept the report of responsibility for the present trouble at Pine Ridge. He admitted that during the day he saw a number of Indians, but that he was not up to the mark, but claims the latter was due to political machinations looking to his removal. He charged the charges at Wounded Knee with deliberate breathing fire with the Indians and especially with violating promises made by Gen. Crook and other commissioners, who had negotiated the treaty of 1868.

At present the greatest difficulty lies in the fact that the Indians, but Royer now seems to court the inevitable investigation. Royer has threatened his employees with dismissal if caught by any of them against his course. While there is now no danger of fighting at Pine Ridge, the situation is still very serious on account of the agent's attitude.
