WITHDRAWING.

Members of the Trigg County Alliance Leave the Order on Account of Politics.

[Caldix Telephone.]

In accordance with a call published in the Telephone a number of representative men of the county and influential members of the Farmers' and Laborers' Union met in the Court House in Cadiz, Monday, County Court day, Nov. 9th. Capt. Lee Turner was elected as Chairman and Mr. J. Frank Ladd, Jr., Secretary.

On motion of H. P. Baker a committee was appointed to draft resolutions expressive of the sentiments and purposes of the meeting, and the Chairman appointed the following gentlemen to constitute the committee: F. P. Ingram, H. P. Baker, P. B. Harrell and Henry Vinson, and after consideration Mr. F. P. Ingram reported the following preamble and resolutions:

WHEREAS, We, members of the Farmers' and Laborers' Union, having joined the order in good faith and believing when we did so that it was calculated, in accordance with its constitution, by laws and declarations of purposes to accomplish a great and lasting good, we gave it our unqualified and hearty endorsement, in accordance with the purposes and objects as explained to us; we endorsed the noble sentiments embodied in the declaration of purposes without reserve or demur, for we believed then and believe now that such a movement, if carried out upon the principles laid down therein, would bring about a better and more enlightened state of education among the agricultural and laboring masses in the science of economical government, and thus develop a better condition mentally, morally, socially and financially, creating also a better understanding of the proper methods to employ in helping civil authorities to maintain law and order, as well as teaching all how best to suppress all personal, local, sectional and national prejudices, and all unhealthy rivalry and selfish ambition; and, whereas, believing that these much to be desired ends and aims could only be accomplished in a purely non-partisan and non-political order as described in the constitution, by laws and declaration of purposes of the Farmers' and Laborers' Union; therefore, we witnessed with regret a disposition manifested by a portion of the membership (as well as the national President, who affirms that politics was born in the order and that it is as full of it as an egg is of meat) to debate the order into a secret political organization, and thereby foster the very evils we hoped to see it crush out of existence; and determining, as we then thought and still think, that the good of the order would be destroyed and its every laudable aim defeated by a continuation of such a course, we met in Cadiz, expressed our views in accordance with our beliefs, and requested a meeting of the membership for this date, to formulate a plan for the reorganization of the Farmers' and Laborers' Union upon the intelligent and conservative basis of its original constitution, by laws and declaration of purposes; and, whereas, it seems that the president of the order, as assuming dictatorial powers as great as those of the Emperor of Russia, has demanded of us an apology for exercising the rights of free American citizens; and, whereas, we recognize the power of no man or men to curtail in the smallest sense a single one of our smallest rights, or in any way dictate to us the manner in which we shall exercise the privilege of giving expression to our beliefs and opinions, when the Constitution of the United States guarantees freedom of speech as well as thought, therefore, be it

RESOLVED, 1st, That we do not conceive that the constitution, by laws and declaration of purposes of the Farmers' and Laborers' Union, under which we joined the order, are intended for the purpose of giving birth to a political machine, by which the ends of designing and selfish men may be carried out.

RESOLVED, 2d, That, having received a guarantee of non-interference in our political convictions and religious beliefs when we joined the order, we do not now propose to submit to any infringement thereupon.

RESOLVED, 3d, That if the order proposes to make itself a political organization, with dictatorial powers vested in the hands of either County, State, or National presidents of the Union, while we do not object to having all who see fit to do so, remain in the order if they believe that any good can be accomplished by such methods, yet holding as we do opposite views, we do not propose to have our rights of citizenship hampered and bound up in such a manner, and hereby withdraw our membership from an order which we believe capable of accomplishing much good if carried out upon the original plan laid down in its constitution, by laws and declaration of purposes, and also likely to do quite as much harm if run as a portion of the membership seem determined that it shall be.

F. P. Ingram moved the adoption of the resolutions and the motion carried without a dissenting voice.

P. H. Harrell moved that the Kentucky Telephone be requested to publish the proceedings of the meeting in full. The motion carried.

There being no further business the meeting then adjourned sine die.

NATURE'S CONVULSIONS.

Marvellous Results of the Recent Earthquake in Southern California.

YUMA, ARIZ., Nov. 11.—The party which has been engaged part of two months surveying lands in Lower California returned yesterday. The party surveyed the Colorado from its source to its present mouth and made several interesting discoveries. They report that the volcanic region showed the severity of the recent earthquake. Fifteen of the most active volcanoes in what is known as the west group are almost entirely obliterated, the only sign of the former location being the lava-like holes almost filled with sulphur water. The east group of the 500 volcanoes at Lake Julita have daily eruptions, and to the south group have been added at least 100 large volcanoes during the period of the earthquake in July last.

On the South Hill, where a year ago no evidence of volcanoes existed, the grandest one in Lower California now appears. The chief one is in active operation. Its crater opening is 140 feet in extent. Lake Julita formerly five miles long by half a mile wide, is now twenty-five miles long and twelve to twenty-five miles in width and with an average depth of 12 to 25 feet. Its waters, formerly salt, are now fresh, owing to the overflow of the Colorado. On the homeward journey the party discovered new waterways parallel to the Colorado leading into unexplored country between Colorado and Mesa Divide which separates Carter River from Noy River. The newly discovered waterway was found to be the inlet of the Colorado, entering fifteen miles below Yuma.

Love's Young Dream.

Love's young dream was a very bright one, and that its fulfillment will be bright, too, if the bride will remember that she is a woman, and liable to all the ills peculiar to her sex. We remind those who are suffering from any of these, that Dr. Pierce's Favorite Prescription will renew the hue of youth in pale and sallow cheeks, correct irritating uterine discharges, arrest and cure ulceration and inflammation, and infuse new vitality into a wasting body. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

The Official Count.

Harrisburg, Pa., Nov. 11.—The official vote of Pennsylvania is as follows: Auditor General, Gregg, Rep., 411,548; Wright, Dem., 354,167; Hague, Pro., 18,150. State Treasurer, Morrison, Rep., 409,994; Tilden, Dem., 356,197; Drayton, Pro., 18,070. For Constitutional Convention, 172,771; against, 416,542.

Des Moines, Ia., Nov. 11.—The County Boards of Supervisors have at last finished the canvass of the vote cast at the last election. Returns received by the Register from all counties make the total vote cast for Governor \$20,214. This is the largest vote ever cast in the State. The vote in the Presidential election of 1888 was 404,000. In this State, Delm. received 207,575; Wheeler, Rep., 199,759; Westfall, Alliance, 11,918; Wilson, Pro., 992. Boies plurality is 7,816, lacking 5,964 of being a majority.

A Trip Through Western Kentucky and Tennessee.

REPTON, KY., Nov. 9, 1891.

EDITOR PRESS.—Having promised some of my friends to give them a few lines through the Press on my trip through Western Kentucky and Tennessee I will commence by saying I boarded the South bound train at Repton on Oct. 27, at 7:26, p. m., bound for Grand Rivers, Ky., where I arrived at 4:20, p. m., and was met there by Elder J. S. Miller who gave me a hearty welcome and bade me take a seat in his buggy, which, by the way, was a little the worse from wear and old age, but the Parson assured me it was safe. After a pleasant ride of ten miles over the grand old hills that overlook the would be grand city of Grand Rivers, we arrived at his house a little after dark, where we spent a pleasant night with Brother and Sister Miller, next morning I looked out on a big white frost. After breakfast I walked over the farm, (the object of my visit), then took dinner, after which we were again seated in our buggy and made a safe trip back to Grand Rivers. This country is destined some day to be valuable for grazing purposes. Aboard the West bound train with a ticket for Fulton, Met with the popular drummer, Mat Piles. After finding out that I was looking for a farm, very cordially invited me to stop with him at Wingo, 12 miles this side of Fulton, and look at his father-in-law's farm, which I did; after enjoying the hospitality of Mr. Edwards for the night he and I started next morning hence back for his farm, six miles west of Wingo and two miles north of Wingo Valley. This is on the county line road between Graves and Hickman and in the Bayou Desha Valley, which is a fine body of land, ranging in price from \$25 to \$40 per acre. I arrived at Wingo Valley about 11 o'clock, where I met my old friend, B. T. Hubbard, and spent the evening and night with him talking of old times and friends in old Crittenden. Friday the 30th I again boarded the west bound train for Fowles Station, Tenn., in Poyer county, where I arrived about 2 p. m., and after walking a quarter of a mile I found another Crittenden county man, J. M. Duvall, who gave me a hearty welcome and showed me around over the country. Saturday astride of an old Kentucky mule and in company with Mr. Duvall went to Dyersburg, the county town, and found the Democracy out on mass, it being convention day, which reminded us of such days in old Kentucky. Dyersburg is a thriving town of some 12,000 inhabitants and quite a business place, surrounded by some of the finest land in the world, yet they need enterprising farmers there to develop the country. The staple crops is corn and cotton which is grown successively year after year; this is a fine wheat growing country, growing from 20 to 30 bushels per acre with the old time cultivation. Your correspondent thinks of making this country his future home. After spending several days there we made a safe trip home.

EXPRESS ROBBERY.

Masked Men Hold Up a Chicago Midnight Train.

Dynamite Used to Blow Open The Car Doors.

MILWAUKEE, Nov. 12.—The midnight train from Chicago on the Milwaukee and St. Paul road was robbed by masked men near Western Union Junction, at 1 o'clock this morning.

The train had been out of the junction, twenty-three miles south of this place, about half a mile, when the fireman, Edward Averill, who was putting some coal into the furnace, was startled to hear a noise behind him. He turned around and discovered two heavily masked men clambering over the engine tender. Both leveled their double-barreled guns at the fireman and the engineer, "Bill" McKay, with the injunction: "Don't move an inch till we tell you to or we will blow the tops of you d-d heads off."

Engineer McKay was directed to run the train to within a point about one mile from Western Union Junction. Here the engineer was commanded to stop.

Both men were ordered to step down out of the cab and get in line ahead of the robbers. They were marched to the express car breaking open the express car began. Several bombs, the fireman thinks, were thrown into the car, and the explosion was terrific and must have awakened every passenger on the train, but nobody appeared on the scene.

The robbers, undoubtedly, were not less than six or seven in number, judging from the manner in which they conducted operations. The trainmen believe they had a team close at hand with which to cart away the safes, which were taken bodily out of the car. Fireman Averill's story is the most comprehensive.

"They made me walk ahead of them to the express car," he said, "and they gave me a jimmy to pry open the boxes. I had to move all the 'dead matter' off the boxes and do their dirty work generally, but I was glad to get off with a whole skin."

"They got the messenger's keys, though he was in no hurry to give them up, and they will have no trouble in getting away with all the money."

"The train was held for over half an hour, and if the plans of the robbers had been perfect, they would not have been delayed much. Their entire efforts were centered on the express car, and not a passenger was molested." The fireman thinks there were half a dozen men guarding the coaches, however.

"Less than five minutes out of Western Union Junction," said Messenger Murphy, "the train slowed up suddenly. A gun was pointed through a top window of the car and a second later a terrific explosion occurred that knocked both myself and Mr. Cook in a head. Half a dozen other explosions followed, and both doors flew off the bolts. Then two men wearing big black masks clambered quickly into the car and covered us with double-barreled guns. We were cautioned to maintain silence at the penalty of getting our heads 'blowed off.' After glancing hurriedly about the car the robbers fastened their eyes

ON THE TWO IRON BOXES

of the American Express Company. The robbers brought the fireman in a little later and went through all the boxes out on the road-bed. One of the robbers kept us covered with his gun all the time, while the other superintended operations of the fireman."

Messenger Murphy stated that he had secured all the bills of money contained in the safe, and that the sum was undoubtedly a very large one. It is probable that the total amount of the robbers' booty will reach \$100,000 and possibly more. An official of the St. Paul road said the train which was held up was the one that generally carried all the money received by Milwaukee banks from the East in the morning.

OPIMUM SMUGGLING.

Big Scheme Discovered By New York Custom-House Officials.

New York, Nov. 11.—The sudden discovery of a wholesale system of opium smuggling across the Canadian border has considerably startled the Custom House officials. In the Custom house there is now lying the largest quantity of opium ever seized, and there is still more to follow. This afternoon Special Agent Cummings said: "I can not say a word about the matter at present, but I will make public the whole story to-morrow."

It is believed that the opium traffic has been started by some of the opium growers of India. It is not thought that it comes from China. The Indian merchants have first sent the drug to Canada and it has then been smuggled across the border into the United States.

In addition to having agents in Canada, about three or four months ago two or three well educated natives from Bombay arrived in this country by the way of Europe. They ostensibly came on some other business, but the real object of their visit is believed to have been the completion of elaborate arrangements for increasing the opium traffic in this country. As the first attempt at smuggling proved so successful, it was determined to operate it on a larger scale.

The ramifications of the scheme are intricate and ingenious, but with the information already in the hands of the Treasury officials an effectual stop will be put to opium smuggling.

Lecture on Pools, Admit One.

A gentleman who lectured on football printed his tickets as above. Suggestive, certainly, and even sarcastic. What fools are they who suffer the inroads of disease when they might be cured. Dr. Pierce's Golden Medical Discovery is sold under a POSITIVE GUARANTEE of its benefit or curing in every case of Liver, Blood and Lung disease, or money paid for it will be cheerfully refunded. In all blood taints and impurities of whatever names or nature, it is most positive in its curative effects. Pimples, Blisters, Eruption, and all Skin and Scalp diseases, are radically cured by this wonderful medicine. Scrofulous disease may affect the glands, causing swellings or tumors; the bones, causing "Fever-sores," "White Swellings," "Hip-joint Diseases," or the tissues of the lungs, causing Pulmonary Consumption. Whatever its manifestations may be, "Golden Medical Discovery" cures it.

"Knows More English as I do."

MATTOUCH, ILL., Nov. 11.—The Township Commissioners in Looking Glass Township were sued yesterday by a lumber firm for the small sum of \$2.48. Two trials have been held before Justices of the Peace, and the case has now been taken to the County Court. Much ill-feeling has been engendered and the costs are assuming large proportions. The first trial was called before a German country Justice of the Peace. After the evidence was all in and the eloquence of the attorneys employed in the case had subsided, the honorable court arose and delivered the following remarkable decision: "Shentlemans, I vos in a pex. I believe you both vos right. Vin of pou show all your pooks un prove it vos dot. The other von show all his pooks un prove it vos not dot. The lawyers made both goot speeches, and tam me if the court knows how to decide."

After a moment's silence, the Judge's face brightened up and he continued: "Shentlemans, I dismiss this case to Squire Duncan's court as he knows more English as I do."

The case was accordingly transferred to Squire Duncan's docket.

"The Trigg County ex-Confederate Society," has been organized at Cadiz. The object of the organization is "to bring together in closer hands all the surviving ex-Confederates in the county, where they can meet and review and revive events, hardships and pleasures of their soldier lives."

right at the seat of difficulty, is accomplished by the sure and steady aim of Dr. Sage's Catarrh Remedy. Don't fool around with a pop-gun, nor a "Flint-lock," when this reliable "Winchester" is within reach! Dr. Sage's treatment of catarrh is far superior to the ordinary, and when directions are reasonably well followed, results in a permanent cure. Don't longer be indifferent to the verified claims of this unfailing remedy. \$500 is offered, in good faith, for an incurable case of Catarrh in the Head, by its proprietors, the World's Dispensary Medical Association, Buffalo, N. Y. At all druggists.

AFTER FORTY YEARS.—"My father had a fever sore on his leg for forty years, but has been permanently cured by Chamberlain's Eye and Skin Ointment, after trying all other remedies in vain," says Mr. S. Withers, a gun and lock smith, at Fort Madison, Iowa. He further says: "The spot where this sore was is now perfectly clear as any other part. He used three 25 cent boxes in all."

Another.—Mr. D. A. Barr, Druggist, Blackburn, Mo., says: "I have personal knowledge of a case of chronic sore eyes of many years standing having been cured by Chamberlain's Eye and Skin Ointment. The party was Mr. S. H. Moore, north of this place." Mr. Moore says the ointment was worth more than a thousand dollars to him. It cost him 25 cents. For sale by Hilliard & Woods.

GIVE THANKS.

The President's Proclamation for November 26.

Washington, Nov. 13.—The President to-day signed a proclamation fixing Thursday, Nov. 26, as a day of Thanksgiving.

The text of the President's proclamation is as follows:

It is a very glad incident of the marvelous prosperity of the year now drawing to a close that its helpful and reassuring touch has been felt by all of our people. It has been as wide as our country, and so special that every home has felt its comforting influence.

It is too great to be the work of man's power, and too particular to be the device of his mind. To God, the beneficent and all-wise, who makes the labors of men to be fruitful, redeem their losses by his grace, and the measure of whose giving is as much beyond the thoughts of man as it is beyond his deserts, the praise and gratitude of the people of this favored nation are justly due.

Now, therefore, I, Benjamin Harrison, President of the United States of America, do hereby appoint Thursday, the 26th day of November present, to be a day of joyful thanks giving to God for the bounties of his providence, for the peace in which we are permitted to enjoy them, and for the preservation of those institutions of civil and religious liberty which he gave our fathers the wisdom to devise and establish and use the courage to preserve. Among the appropriate observances of the day are rest from toil, worship in the public congregation, the renewal of family ties about our American firesides and thoughtful helpfulness to ward those who suffer lack of the body or of the spirit.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, the 13th day of November, in the year of our Lord, 1891, and of the independence of the United States the 116th.

BENJAMIN HARRISON.

FEAR OF A MOB.

James King For the Second Time Taken to Owensboro to Escape Judge Lynch.

[Henderson Journal.]

James King, the illicit whisky seller and wife deceiver of Dixon, spent last night in the Henderson jail. He was brought to this city yesterday afternoon by Deputy Sheriff's Sam Campbell and John Hurley, and is being taken to Owensboro to be again incarcerated there. The procedure is under the order of Judge Givens, who but a few days ago had King brought from Owensboro to Dixon to stand his trial, and from the demonstration that has been made at Dixon, apprehending a mob, had King a second time removed from the temptation of the avenging disposed citizens of Webster. It is said that Judge Givens is making strenuous efforts to find out who was in the mob, from which King escaped just in time to save his neck, with a view to having them punished. Several prominent citizens have been indicted. It is said the best people of the community were in the mob, and that public sentiment is very much against the judge in his endeavors to punish the participants.

W. G. Gann, of Bethlehem, attended church here Sunday.

Mrs. Mollie Gilliland and Miss Alice Travis, of Illinois, who have been here several weeks on a visit, will return to their homes this week.

Jacobs & Deboe want 100 bushels of sound green apples.

Jacobs & Deboe want 1000 dozen eggs this week or the first of next week.

Don Browning was kept busy last week taking order for groceries for Jacobs & Deboe. They have had a splendid trade of late, and it is yet increasing.

Tolu.

Archimedes, it is well known, was so absorbed in a geometrical problem that he was first aware of the storming of Syracuse by his own death wound and his exclamation on the entrance of the Roman soldiers was, Noli turbare circulos meos.

Virgil, the mathematician, was sometimes so buried in thought that for hours he bore more resemblance to a dead person than to a living one, and was wholly unconscious of anything going on around him.

On the day of his marriage the great Buddha forgot everything in a philosophical reputation and was only awakened to the affairs of the external world by a tardy embassy from the marriage party.

And now how about the prophecy of our local prophets? One of them said it would not rain for the space of seven years, and the other for 13 years, and then the world would catch fire and burn up. These minor prophets were knocked completely out of the ring on the first round one day last week by a good sized rain.

Our ideas are that a local taro prophet is but little better than a hired man after all.

The only place where a man lives in his soul. Some people have a very small life.

We are afraid there is too much fanaticism in the land for the good of the people at large.

Every man ought to be very careful how he ships his freight, as he cannot check the devil's baggage on the Lord's railroad.

A. J. Bennett has the banner corn crop, more than eighty bushels to the acre.

The rain came and the sore handed corn-busker shouted for glory.

Tolu has the best school in the county—taught by the Misses Wheeler.

We understand Dr. B. Marble lost his house and its contents by fire a few days ago, but have not learned the particulars about the burning.

There was a Sunday school lecture at the school house last night.

Hillsdale.

We are glad to note that Aunt Polly James was able to attend church at Pleasant Hill Sunday, for the first time since she was thrown from her horse a few weeks ago.

Mrs. Albert Lucas has moved to his farm near Marion.

W. H. Graves, Rev. LaRue and R. S. Paris attended the institute at Copers Springs on last Friday night.

Smith, James and Lumb will move their saw mill to Newton Thomas' farm.

T. H. Carter and wife visited her parents Sunday.

Miss Vicy Rushing was the guest of Miss M. G. Cole Sunday.

A NEW METHOD.

Instead of Pardoning Governor Brown Will Hold up the Judgment.

Frankfort, Nov. 17.—For the reason that petitions to the Governor for pardons come regularly loaded with professional pleading for mercy, Gov. Brown to-day concluded to adopt a new course in regard to minor offenses, and grant conditional respites, which will serve both to check the desire for such Executive clemency and the tendency of the law-breaker to repeat the offense.

H. T. Johnson, of Louisville, was fined \$50 and sentenced to jail for thirty days for carrying concealed and deadly weapons, and in granting the respite the Governor says:

"By virtue of authority vested in me, I conditionally respite, for two years, the said judgment, except commissions, fees and costs; and it is provided that, if during that time, the said Johnson shall not be guilty of a breach of the peace or of carrying concealed a deadly weapon, then this respite shall act as a pardon of the imprisonment of said judgment as aforesaid; otherwise, it shall not, but upon his conviction of any such offense as stated, the judgment shall thereupon be enforceable."

Indians Doomed to Die.

Los Angeles, Cal., Nov. 17.—Judge Ross of the United States Court has sentenced three Yuma Indians to death for the brutal murder of an old medicine man of their tribe some months ago. The medicine man had failed to bring rain when requested by the tribe to do so, and according to the laws of the Yuma tribe such a failure is punishable by death.

Anarchists Surprised.

Chicago, Nov. 12.—Within a stone's throw of the Haymarket, the police raided a secret meeting of the red-dog brigade, and arrested a score or two of their law-hating, blood-thirsty individuals. When the meeting cut short by the officers, incendiary speeches, breathing threats against law and order in general, and the police in particular, were being made by the fire-eaters. They were so completely surprised, however, they had no time to carry out their threats before they were in the clutches of the law.

Louisville Tobacco Market.

By Glover & Durrett

Sales on our market for the week just closed amount to 2,516 hds. with receipts for the same period, of 435 hds. Sales on our market since January 1st, amount to 132,597 hds. Sales of the crop of 1890 on our market to the date amount to 94,977 hds. The offerings of dark tobacco on our market this week have again been very light and the predominance of character of the tobacco offered has been very common with a few scattering supplies of medium to good which will sell at good prices. The new crop comes forward very slowly, only a few high heads having been sold, and all of them were of the burley variety. The following quotations fairly represent our market for Old dark tobacco:

Trash, 50c to \$1.50; Common to medium lugs, \$1.50 to \$3.50; Dark lugs, extra quality, \$3.50 to \$5.00; Common lugs, \$3.50 to \$5.00; Medium to good leaf \$5.50 to \$8.50; Good leaf, extra length \$8.50 to \$10.00; Wrappery styles \$8.00 to \$13.00.

Famous Fiction by the World's Greatest Authors!

A CHARMING SET OF BOOKS, EMBRACING

Ten of the Greatest Novels Ever Written

BY TEN OF THE GREATEST AUTHORS WHO EVER LIVED!

If you will study the biographies of the great authors of our day, you will observe that the most instances their reputations were made by the production of a single book. Let this one work that

is really great—one masterpiece—emanate from an author's pen, and though his future fame may be secure in comparison, his name will live and his works be read long after the author has passed away. A well known New York publishing house has issued in English and French a set of ten of the greatest and most famous novels in the English language. Each one of these famous novels was written upon terms that make them almost a free gift. Each one of these famous novels was written by a great author, and the masterpiece—the great production that made his name and fame. The series comprised in this valuable set of books, which are published under the general title of "Famous Fiction by the World's Greatest Authors," are as follows:

EAST LYNN, By Mrs. Henry Wood.

THE LAST DAYS OF POMPEII, By Mrs. E. Bulwer Lytton.

THE TELLER QUARDIAN, By Alexander Dumas.

PUT YOURSELF IN HIS PLACE, By Charles Reade.

Each of these great and powerful works is known the world over and read in every civilized land. Each is thoroughly interesting, yet pure and elevating in moral tone. They are published complete, unaltered and unexpurgated, in two separate volumes with very handsome and artistic covers. All uniform, five cent binding set of books which will be of enormous value to the home. They are printed upon new type, clear, bold and readable, upon paper of excellent quality. Altogether a set of books of unusual value, and one that every home should possess. We will send you a complete set of these books upon receipt of \$1.00, and will mail them to you at once. We will also send you a complete set of these books upon receipt of \$1.50, and will mail them to you at once. We will also send you a complete set of these books upon receipt of \$2.00, and will mail them to you at once. Paying for a Frolic.

Saturday John York and Wm. Barrack were before Judge Moore to answer the charge of disturbing religious worship at Sisco's Chapel. Barrack entered a plea of guilty and was fined \$20. York entered a plea of not guilty, but the jury took a different view of the matter and charged him \$20. The evidence showed that the boys fired a pistol and exercised their lungs too near the church. Our courts have had a number of cases of this character recently and the result usually makes such sport an expensive luxury.

Will Plead Kleptomania.

The examining trial of young Millikan, charged with breaking into Clement's store at Tolu has been postponed until after circuit court. It is stated that he will enter the plea of insanity, or in other words enter proof to show that he is a kleptomaniac in burglary, which means that he has no powers to resist the temptation of breaking into houses and carrying away valuables. He has upon more occasions than one shown that he has a knack or an insane desire for these kinds of depredations.

A Close Call.

Charlie Moore, little son of Judge Moore, of this place, narrowly escaped receiving a charge of shot in his head Saturday. With his gun he was sitting on a cattle guard of the railroad resting after a long tramp. The butt of the gun was resting on the ground and the barrel was leaning against the boys body; he raised it from the ground and it was discharged, the powder burned his face and the shot knocked his hat off.

Charged With Grand Larceny.

John Nelson, of the Bells Mines country, was put in jail Monday upon a warrant sworn out by John Paris, accusing him of stealing two broad axes, two chopping axes, four iron wedges and a cross cut saw, all valued at \$16. The matter will be investigated by the county court Saturday.

Crittenden's Preachers.

Probably no county, in proportion to its population, has furnished, to the various denominations, as many ministers as Crittenden. Among the native preachers, now active in and preparing for the ministry are, of the Missionary Baptists: Carter, Gibbs, Belt, Eaton, Fox, Franks, Pierce, LaRue, Holloman, Campbell, Sommers, Bebout and Robeson. Of Methodists there are in the Louisville conference, Bigham, Rushing, the two Hogards, (father and son), the two Loves, (brothers), Stubblefield, McConnell and Summers. Then Haynes and Martin are preparing for the ministry in this church and have licenses to preach, so has B. S. Clark.

The Cumberland Presbyterians have Price and Travis, who are active in the ministry, while Davis, McMeen, Jacobs and Boisture are in the preparatory department. This makes a total of thirty and the list is doubtless incomplete, and does not include a number of divines who live and have work in the county, but who were not born and reared here. It will be seen from this that the divine command: "Go thou and preach the kingdom of God," has not gone unheeded by the people of this county.

Cox-Rhodes.

It is with much pleasure that we announce the marriage of our friend James Cox to Miss Varnie Rhodes, of this county.

The ceremony was performed Nov. 5, at 7 p. m., by Elder Archie of the M. E. church, at the home of the bride's father, on the Ohio river.

D. W. Worton and Miss Alice Browning, attendants.

A nice supper being served, the evening was pleasantly passed, and the following day the bridal party was highly entertained at Mrs. J. A. Fleming's, mother of the groom.

Mr. Cox, the groom, is a successful farmer of our vicinity, an exceedingly popular young man and well deserving of the handsome and accomplished bride he has won.

The number of valuable presents received by the worthy couple testify to the esteem in which they are held by their many friends.

The following are a few of the presents received by them:

Parlor lamp, Miss Mary Cox; table linen, Mrs. Thos Lowery; linen towels, Mrs. J. A. Farrie; knives and forks, Mr. and Mrs. J. D. Farrie; rocking chair, J. H. Rutter; cooking stove, Mrs. Geo Croft; dinner set, Mrs. J. Rutter; set of chairs, Mrs. J. A. Fleming; swinging lamp, Wm Padon; plush rocking chair, Van Worton and Miss Alice Browning; glass pitcher each, Blanton Boyd, F. G. THE TEACHERS.

Proceedings of the Monthly Meeting of the Teachers' Association Held at Marion.

The topic, "Do the teachers' certificates indicate their real qualifications? If not, what change should be made?" discussed by Mr. Price. He said the certificates did not indicate their exact qualifications, but that the present method of examining teachers is as good a one as can be had. (He thinks that questions asked pupils in school and teachers in examination should be founded on principle to a great extent. That a few memory questions should be asked, such as dates, etc. He said that moral qualification of teachers lies largely with examiners, and that they should be strict but just in every particular.

The topic, "What can we do to make the institute more successful?" was discussed by E. E. Thurman, and others. Mr. Thurman thinks that the institutes are not what they ought to be, but could not suggest what would benefit them.

Mr. Flannery thinks that if every teacher would go to the institute determined to do all he could that it would be successful.

Mr. Thurman said that every teacher should feel a personal responsibility.

Prof. Davis said that, if teachers were truly interested in their work they would be interested in the institutes. He has always been interested.

The topic, "The establishing of a State normal school in each county," was discussed. Mr. Price thinks that every session of our present institutes benefits our teachers.

He said that every teacher should have regular study, that he should outline the subjects he intends to teach, so as to have them fresh in his memory, when he goes to the institute, or when he begins his school. He is in favor of the State normal school.

Miss Shoemaker made a short talk in which she expressed the same views as Mr. Price.

Miss Mattie Kevill thinks that young teachers should take more interest and be prepared to do what they can in institutes and to receive all the information they can.

Mr. Goss thinks that all teachers could not attend a normal term of school and should not be required to do so.

Mr. Rushing and Mr. McNeely endorsed what Mr. Goss said.

Mr. W. T. Davis thinks that the normal term would be a good thing.

Prof. W. B. Davis would not like a State normal school, in which all teachers would be required to attend. He said that we already had good normal schools in many counties, which all teachers, who desired, could attend.

The topic, "What have been your difficulties this term, what your successes, what new methods have you employed, and with what success?" was discussed by several teachers.

Miss Alice Griffith asked how to keep others at work while hearing a recitation in arithmetic, and what about peoples' sending children to school under six years of age.

Mr. Price said that children under six should not attend school. He would have others engaged in writing, drawing or some other interesting exercises, while hearing a recitation in arithmetic.

Mr. S. W. Paris gives oral lessons each day on various subjects, and finds them very beneficial. He has pupils to make speeches on different subjects.

Mr. Flannery objects to children under six years of age coming to school. He has changed his plan of teaching. When things get wrong he blames himself, not the pupils.

Mr. McNeely said that when he was hearing a recitation, if the other pupils did not keep quiet and at work, he thought the rod was about as good a remedy as you could get.

Mr. Rushing thinks the rod must be used sometimes. He does not object to sending children under six, if the school is not crowded.

Mr. Thurman objects to sending those under six.

Mr. Dean hears his arithmetic lessons in the morning, as it is much easier to keep the others quiet then, than in the evening, when they are tired.

Prof. W. B. Davis lets those under six years of age come to school, but requires them to be orderly just the same as the other pupils. He lets all his pupils know that he is master. He thinks the schools should be better graded, and not leave it with the pupils to select what they wish to study.

Mr. Dean don't let earthquake prophet board w. after the states of Mexico, Puebla or his pupils Crus between Nov. 9 and 13.
