WIT, WISDOM AND BEAUTY ASSEMBLED AT THE FESTAL BOARD.

Speeches, Roast Turkey, Quail,
Pig, et cetera. Freely
Dispensed.

The Knights of Pythias of this place have long been famous for their hospitality; on more occasions than one have they thrown open the portals of their Castle Hall and given guests substantial evidence of a cultivated taste for things which please the palate, a flow of eloquence which touches the emotional nature and awakes the thinking powers. Their banquet Thanksgiving evening was no exception to the rule and added new lustre to their brilliant course in Marion. Promptly at 8 o'clock, toastmaster S. D. Skope sounded the gavel and seventy-five expectant faces turned to meet his gaze and catch his words. He said: "In ancient times, when the knights called their valued friends to their castles, the fruits of the chase were spread upon the festal board, the porticulis lowered and there the rows of friendship were renewed; in that respect we prototype the knights of old, and as we acknowledge our fealty to God and pay our homage to the same Supreme Being, let us upon this Thanksgiving occasion not forget to invoke His blessings."

Here the gavel called the Knights and Ladies to their feet, while Prelate M. H. Miley, in the beautiful and impressive ritual form, invoked the blessings of Deity.

After this the toastmaster said as his words had fallen short, his efforts weak, he would call upon one whose words were blessed in eloquence, to extend a welcome to those present, Bro. J. G. Rochester. Mr. Rochester said:

Ladies and Gentlemen and Brother Knights: It is with pleasure that I greet you in the relation we sustain as members of the Order of Knights of Pythias. And I am sure I should fail to express the cordial sentiments of your hearts, did I not promptly and warmly extend our gratitude and welcome to these ladies and visiting Knights whom we have invited to partake of our hospitality, or rather to participate in this practical mode of demonstrating our appreciation for roast turkey and cranberry sauce.

We have not only met here for the purpose of having a pleasant time socially (which I trust you all may have), but for the purpose of encouraging and promulgating the principles of the order which we represent. It being the design of Pythianism to promote and encourage habits of sociability, prudence, care, and watchfulness.

Prudence, not only in the lodge, but in an every day way. Care, in the proper transaction of our business, and watchfulness of our families, that these sisters, our wives and our daughters may enjoy the necessities and comforts of this life so far as we are able to give them.

Nor is this all. We have for our chief corner stone Friendship, Charity and Benevolence. In these the most loved and honored among men, we find the Knight's stronghold, and let us to-night, brethren, determine more fully to practice these tenets and thereby make smooth, if you please, the rough places in our way-faring, and make brighter and more beautiful the sunny spots in life.

Damon and Pythias, twin names in Grecian history, as well as upon our own walls, set us an example of friendship, that we should endeavor to follow.

The tyrant Dionysius had condemned Damon to death, giving him only six short hours in which to contemplate the dreadful end. Pythias, confined in the loathsome dungeon, at his own request, became a hostage that his friend Damon might see his wife and child, before death should part them forever.

They were leagues away and mounted on a swift steed he flies to them. The last fond embrace was given and he started to return, and found that his servant, in order to save his master's life, had killed his steed.

The hour for his execution comes, the dreaded moment arrives and

Pythias is standing upon the scaffold to die for a friend. His face all radiant with smiles, he exclaims, "Tis sweet to die for those we love." Damon arrives and Pythias is saved. And to-night in the dread presence of Damon and Pythias I solemnly declare that the principles of friendship, charity and benevolence, is the only stone upon which this order shall ever be able to stand, and you, brother Knights, representing the true, the noble and the tried. I wear each one of you by an oath more solemn than that of Hannibal, not that you destroy Rome—but that you save Carthage.

I charge you, that you practice the lessons taught.

I again welcome you, ladies, around this festal board. Without you, there would be but little in this life worth living for.

I greet you, brother Knights, reminding you of the mottoes of this order, let us ever bear them in mind and press onward, and some day Blackwell Lodge No 57 will become a shining jewel in the Supreme Lodge even.

After this two hours were spent in discussing the menu, which was extensive and varied. During the evening the following toasts were responded to:

Good of the Order—M. H. Miley.
Friendship—J. R. Finley.
The Ladies—J. W. Blue, Jr.

A number of the State weeklies have announced that on and after January 1 they, the said weeklies, will cost just exactly \$1.50 per year, instead of \$1. The claim is made that the country editor cannot make a living at the latter figure. As a Kentucky editor was never known to tell a lie, this statement must be accepted as true. And, be it said, \$1.50 is little enough for a good "home" paper. Subscribe for your home paper first, then take the Commercial—Louisville Commercial.

Congressman Stone.

The Paducah News of 24th prints the following: "Congressman Stone, of Lyon county, was in the city a few hours to-day en route home from a visit to his daughter, Miss Willie, who is attending school in Clinton. He looks hale and hearty and well equipped physically to encounter the duties of the coming session of Congress. When approached about the congressional aspirants that are springing up in various portions of the district, he smiled and failed to express himself on the subject. He said he would leave for Washington to assume his duties about December 1st. While here to-day Mr. Stone visited the dyke built at Livingston Point, to inspect the work with a view of asking for an additional appropriation, that the work may be extended."

Both Men are Dead.

Weatherford, Texas, Nov. 27.—A double murder occurred nine miles east of here to-day. The victims are well known citizens of Parker county, A. S. Froman and Wm. Rivers. They were neighbors, but for a long time a feud has existed between them and their families. They met early this morning on Rivers' farm. Rivers was accused of killing a dog belonging to Froman and during the altercation both men commenced firing. Froman with a shot gun and Rivers with a pistol. Froman was killed on the spot and Rivers lived only a few hours.

THE TEXAS ALLIANCE.

Texas Farmers in Open Rebellion Against the National Organization.

Corsicana, Tex., Nov. 27.—The Texas State Alliance, in session here, has adopted a resolution for the appointment of twenty-five delegates to represent Texas at the Memphis, Tenn., National Convention next month. Letters have been received from Gov. Northern, of Georgia, and other prominent members of the Alliance endorsing this convention and pledging their support.

Resolutions condemning the action of the Supreme Council at Indianapolis, and proposing to sever all connection with the "de facto National Alliance, and providing for a separate organization with entirely new officers," were adopted.

THE GREAT TARIFF ISSUE.

VIEWS OF MESSRS. MILLS AND CRISP CONDENSED.

Two Dispatches to the New York "World" Convey Their Thoughts—Mills Tells What He Would do if He Could—Crisp Falls Back on an old Speech.

New York, Nov. 27.—In reply to a request from the New York World for a statement of their views upon the tariff, and their judgment if the policy is correct theoretically, and what course is practicable now, Congressman Mills and Congressman Crisp, the leading candidates for Speaker, have sent to that paper the following dispatches:

MR. MILLS' VIEWS.

In reply to your dispatch inquiring about my views on the tariff I would say that if my speeches in Congress and out of it in all parts of the country for the last fifteen years have not made them known I can hardly do so within the limits of a telegram. I would try, if I had the power, to make the tariff low for the United States. I would exempt from taxation all raw material. Why? Because we could then produce cheaper than any other people and sell in markets now closed to us by reason of the higher cost which the tax on material makes. That would give vastly more employment to our labor and, consequently, higher wages than any proposed system of taxation.

The first question the legislator must ask himself is, how will it affect employment of American labor?

Having rendered free from taxation all raw material the rates on the finished goods should be reduced to that figure that will bring the required revenue and no more.

This reduction of rate will be a reduction price to the consumer and largely increase home consumption and home production, and again enlarge the demand for employment.

This is substantially what I have said all over the country.

MR. CRISP'S VIEWS.

My record on the tariff question is a clear as that of any Representative in Congress. I have always acted and sympathized with efforts to obtain genuine reform and positive reduction. The first vote I cast in Congress was for Mr. Carlisle in preference to Mr. Randall for Speaker of the House. Later I voted for the Morrison bill and for the Mills bill. I have made tariff speeches in Congress, in New York, in Massachusetts, in Missouri, in Virginia, in Virginia, in Ohio, in Maryland, in Kansas and in Georgia and in each and every one of these many speeches I have advocated reduction of duties.

Of course I cannot outline in a brief dispatch a tariff bill such as I would like to see enacted, but the following paragraph from the Record's report of my speech on the McKinley bill may serve your purpose:

"Mr. Crisp: Mr. Chairman, the Committee on Ways and Means have spent months of restless days and sleepless nights trying to find out what will give relief to the farmers of this country. I can suggest a plan of relief in five minutes: Modify the existing tariff laws; reduce taxation; permit some reasonable competition in the market; destroy trusts; accord equal rights to all and special privilege to none. Do these things and you will help him. Give the farmer free salt. That would help a little. You give it to the fisherman on the coast of Maine and on the coast of Massachusetts; why not give it to the farmer? Give him free bagging, in which the farmer of the West sacks his corn and with which the farmer of the South wraps his cotton. Give him free iron ties, with which in the South he binds his cotton bales and with which in the West he bales his hay. Give him some reduction on his hats, on his woolen clothes and on his cotton goods. In that way, and in no other way, can you benefit the great mass of the farmers of the South and West. You cannot increase the price of their produce by protective tariff duties, but you can decrease the cost of production and of living

by reducing the tariff on those articles used to make their crops, and on those articles of necessity which all families must use."

Any further information that may be desired will be found in my speeches. CHARLES F. CRISP.

Royal Incomes in England.

"The amount of the Queen's civil list (\$385,000)," says Labouchere, editor of the London Truth, in the October Forum, "in no way represents the cost of royalty. The maintenance of palaces is a most costly item, for it includes not only the palaces inhabited by the sovereign, but a vast number of houses in which she lodges her relatives and friends. One of these houses has actually been given to the Duc de Nemours, a son of Louis Philippe, and one of the wealthiest of the Orleans family. Besides this, there is the building and keeping in repair of royal yachts, and various other such costly items. Income too, are voted to the sons and daughters of the sovereign and to other of her relatives. In addition to the revenues of the Duchy of Cornwall, amounting to about £60,000 per annum, an income of £50,000 has been voted to the Prince of Wales, and of £10,000 per annum to the Princess of Wales. The younger sons of the Queen have been voted incomes of £25,000 per annum, a portion of which devolves upon their wives if they survive them. The daughters of Her Majesty have each an income of £8,000 per annum, and in addition to this the Empress Frederick of Germany received a sum of £100,000 on her marriage. The Duke of Cambridge, as a cousin of the Queen, has £12,000 per annum, and his two sisters have severally an income of £5,000 and £3,000 per annum."

GUARDS TO BE DEPUTIZED.

Fighting Men With the Law Behind Them to Protect Tennessee Convicts.

Nashville, Tenn., Nov. 29.—Brig. Gen. Sam T. Carnes, of the National Guard of Tennessee, was here to-day in consultation with Gov. Buchanan concerning the return of the convicts to the East Tennessee mines. The latter, it is learned, have backed down from their demand that the State pay the expense of the extra guards, and will them leave foot the bill.

It is required that forty guards be employed at Coal Creek, fifty at Briceville and 100 at Oliver Springs. These men will be chosen for their fighting qualities, and will be sworn into the State militia. They will then be deputized under the law recently enacted, and while in reality guards employed by the lessees, they will have the full authority of the State at their back. Every one approached is silent concerning the date of the return of the convicts, but Gov. Buchanan stated to night that they would be returned and kept at the mines if there are enough able bodied men in the State to protect them.

STEP-DAUGHTERS

Shoots Bullets Into Their Step-Father.

Shawneetown, Ill., Nov. 26.—John Norris was shot and otherwise hurt by his step-daughters, Caroline and Belle Forrester, six miles west of this city.

A week ago Norris married the mother of these girls, they being bitterly opposed to the match.

Norris was a mile from home, feeding stock, when the girls made their appearance. He says that Caroline seized him and called upon Belle to shoot.

She drew a revolver and fired. He fell and she fired three more shots. One bullet hit him in the face and two others entered the back of his head.

He says that Caroline then beat him with a piece of rail and left him for dead, but upon regaining consciousness he walked to the house of a neighbor half a mile away, and now lies in a critical condition. The doctor says he cannot recover. The girls have fled. The family is well known, and the affair caused a sensation throughout the county.

The building of the Marshall Milling Company, of Henderson, was destroyed by fire with a loss of \$20,000.

STAND BY THE ISSUE.

SENATOR CARLISLE SAYS MILLS IS A GOOD MAN FOR SPEAKER.

"Let us do One Thing at a Time and all Things in Their Proper Order."

New York, Nov. 25.—Under date of November 17, Congressman J. D. Warner wrote as follows to John G. Carlisle:

"My Dear Sir: Hon. Roger Q. Mills is, as you know, a prominent candidate for the Speakership on the ground of his services to his party and to the principles to the success of which the Fifty-second Congress owes its unprecedented Democratic majority.

"I not merely recognize the strength of his claim, based on his record, but the fact that every Democratic member of Congress whom I know to be in favor of relegating tariff reform to the rear, is opposed to Mr. Mills, has added to the indications that I am right in my preference.

"It is, however, asserted that Mr. Mills is unfitted by temperament to make a dignified and effective presiding officer of the House. I know of no one whose opinion on that matter would have more weight with others, as well as myself, than would your own. May I begin expression of your opinion in such regard?

"While I should greatly prefer to be allowed to use such reply as you may send me, I shall, of course, be glad to consider it confidential to any extent you may indicate.

"I appreciate, also, the delicacy of the subject matter involved and the possible reasons for your preferring to be silent upon the subject, whatever may be your opinion, and shall not consider it either discourtes to myself or allow it to prejudice me against Mr. Mills should you not answer this letter. I should, however, place such reliance upon your judgment that I greatly hope to have the benefit of it, and I know so well the great weight that others would give to any expression of your opinion that I can not but hope you will permit me to use it.

"JOHN D. WARNER."

To this letter, Mr. Carlisle, writing from Washington, November 24, replied as follows:

"Dear Sir: Your favor of the 17th is just received. The charge that Hon. Roger Q. Mills is unfit by temperament to make a dignified and effective presiding officer of the House does that gentleman very great injustice. Mr. Mills is earnest and courageous in the maintenance of his opinions, but he is just and impartial in the discharge of his public duties and always accords to his opponents the same consideration he claims for himself. Before his appointment as Chairman of the Committee on Ways and Means in the Fifty-second Congress the same objection in which you now refer was urged against him, and there were many who expressed the fear that his views were too extreme for the position, and that he might recommend legislation upon the tariff of such a radical character that the party would be unwilling to indorse it; but the provisions of the proposed bill and manner in which it was managed in the committee and in the House showed conclusively that all these apprehensions were unfounded. His bill was a very conservative one, and his advocacy of it was able and judicious from the beginning to the close of the discussion. If elected Speaker I am sure that the same spirit of moderation would characterize his administration of that office, and that no one would ever have just cause to complain of his demagogic, while presiding, or of his general course on political questions.

"Having answered your inquiry, perhaps I ought to say no more; but I will venture to add a word upon another subject to which you incidentally allude. It is unfortunately true that there is a disposition in some quarters to subordinate the question of tariff reform to others which are, in my opinion, far less important to the people and far more dangerous to the harmony and success of the Democratic party. Upon the tariff question we are practically untied, while, upon the eliver ques-

tion, and, perhaps upon some others, there are wide differences of opinion among members of our own party—differences which can be reconciled only by patient deliberation and the exercise of a liberal spirit of forbearance and toleration. Why shall we on the eve of a great national contest, when victory is almost within our grasp, abandon or ignore a vital issue upon which we are united, and waste our strength in a fruitless controversy among ourselves over questions which can be better adjusted after it has been determined what part of their own earnings the people shall be permitted to keep? Let us do one thing at a time and all things in their proper order. The first duty of the Democratic party and of all who sympathize with it, is to change the laws under which the earnings of the people are taken away from them by unjust taxation for private purposes, and whoever proposes to postpone the performance of this duty in order to inaugurate a war among ourselves over the silver question, or any other question, is not a wise counselor, and would not make a safe leader. Yours truly, JOHN G. CARLISLE."

MR. CRISP'S VIEWS.

My record on the tariff question is a clear as that of any Representative in Congress. I have always acted and sympathized with efforts to obtain genuine reform and positive reduction. The first vote I cast in Congress was for Mr. Carlisle in preference to Mr. Randall for Speaker of the House. Later I voted for the Morrison bill and for the Mills bill. I have made tariff speeches in Congress, in New York, in Massachusetts, in Missouri, in Virginia, in Virginia, in Ohio, in Maryland, in Kansas and in Georgia and in each and every one of these many speeches I have advocated reduction of duties.

Of course I cannot outline in a brief dispatch a tariff bill such as I would like to see enacted, but the following paragraph from the Record's report of my speech on the McKinley bill may serve your purpose:

"Mr. Crisp: Mr. Chairman, the Committee on Ways and Means have spent months of restless days and sleepless nights trying to find out what will give relief to the farmers of this country. I can suggest a plan of relief in five minutes: Modify the existing tariff laws; reduce taxation; permit some reasonable competition in the market; destroy trusts; accord equal rights to all and special privilege to none. Do these things and you will help him. Give the farmer free salt. That would help a little. You give it to the fisherman on the coast of Maine and on the coast of Massachusetts; why then give it to the farmer? Give him free bagging, in which the farmer of the West sacks his corn and with which the farmer of the South wraps his cotton. Give him free iron ties, with which in the South he binds his cotton bales and with which in the West he bales his hay. Give him some reduction on his hats, on his woolen clothes and on his cotton goods. In that way, and in no other way, can you benefit the great mass of the farmers of the South and West. You cannot increase the price of their produce by protective tariff duties, but you can decrease the cost of production and of living

by reducing the tariff on those articles used to make their crops, and on those articles of necessity which all families must use."

Any further information that may be desired will be found in my speeches. CHARLES F. CRISP.

Royal Incomes in England.

"The amount of the Queen's civil list (\$385,000)," says Labouchere, editor of the London Truth, in the October Forum, "in no way represents the cost of royalty. The maintenance of palaces is a most costly item, for it includes not only the palaces inhabited by the sovereign, but a vast number of houses in which she lodges her relatives and friends. One of these houses has actually been given to the Duc de Nemours, a son of Louis Philippe, and one of the wealthiest of the Orleans family. Besides this, there is the building and keeping in repair of royal yachts, and various other such costly items. Income too, are voted to the sons and daughters of the sovereign and to other of her relatives. In addition to the revenues of the Duchy of Cornwall, amounting to about £60,000 per annum, an income of £50,000 has been voted to the Prince of Wales, and of £10,000 per annum to the Princess of Wales. The younger sons of the Queen have been voted incomes of £25,000 per annum, a portion of which devolves upon their wives if they survive them. The daughters of Her Majesty have each an income of £8,000 per annum, and in addition to this the Empress-Frederick of Germany received a sum of £100,000 on her marriage. The Duke of Cambridge, as a cousin of the Queen, has £12,000 per annum, and his two sisters have severally an income of £5,000 and £3,000 per annum."

GUARDS TO BE DEPUTIZED.

Fighting Men With the Law Behind Them to Protect Tennessee Convicts.

Nashville, Tenn., Nov. 29.—Brig. Gen. Sam T. Carnes, of the National Guard of Tennessee, was here to-day in consultation with Gov. Buchanan concerning the return of the convicts to the East Tennessee mines. The latter, it is learned, have backed down from their demand that the State pay the expense of the extra guards, and will themselves foot the bill.

It is required that forty guards be employed at Coal Creek, fifty at Briceville and 100 at Oliver Springs. These men will be chosen for their fighting qualities, and will be sworn into the State militia. They will then be deputized under the law recently enacted, and while in reality guards employed by the lessees, they will have the full authority of the State at their back. Every one approached is silent concerning the date of the return of the convicts, but Gov. Buchanan stated to night that they would be returned and kept at the mines if there are enough able bodied men in the State to protect them.

STEP-DAUGHTERS

Shoots Bullets Into Their Step-Father.

Shawneetown, Ill., Nov. 26.—John Norris was shot and otherwise hurt by his step-daughters, Caroline and Belle Forrester, six miles west of this city.

A week ago Norris married the mother of these girls, they being bitterly opposed to the match. Norris was a mile from home, feeding stock, when the girls made their appearance. He says that Caroline seized him and called upon Belle to shoot.

She drew a revolver and fired. He fell and she fired three more shots. One bullet hit him in the face and two others entered the back of his head.

He says that Caroline then beat him with a piece of rail and left him for dead, but upon regaining consciousness he walked to the house of a neighbor half a mile away, and now lies in a critical condition. The doctor says he cannot recover. The girls have fled. The family is well known, and the affair caused a sensation throughout the county.

The building of the Marshall Milling Company, of Henderson, was destroyed by fire with a loss of \$20,000.

STAND BY THE ISSUE.

SENATOR CARLISLE SAYS MILLS IS A GOOD MAN FOR SPEAKER.

"Let us do One Thing at a Time and All Things in Their Proper Order."

New York, Nov. 25.—Under date of November 17, Congressman J. D. Warner wrote as follows to John G. Carlisle:

"My Dear Sir: Hon. Roger Q. Mills is, as you know, a prominent candidate for the Speakership on the ground of his services to his party and to the principles to the success of which the Fifty-second Congress owes its unprecedented Democratic majority."

"I not merely recognize the strength of his claim, based on his record, but the fact that every Democratic member of Congress whom I know to be in favor of relegating tariff reform to the rear, is opposed to Mr. Mills, has added to the indications that I am right in my preference."

"It is, however, asserted that Mr. Mills is unfitted by temperament to make a dignified and effective presiding officer of the House. I know of no one whose opinion on that matter would have more weight with others, as well as myself, than would your own. May I begin an expression of your opinion in such regard?"

"While I should greatly prefer to be allowed to use such reply as you may send me, I shall, of course, be glad to consider it confidential to any extent you may indicate."

"I appreciate, also, the delicacy of the subject matter involved and the possible reasons for your preferring to be silent upon the subject, whatever may be your opinion, and shall not consider it either discourtesy to myself or allow it to prejudice me against Mr. Mills should you not answer this letter. I should, however, place such reliance upon your judgment that I greatly hope to have the benefit of it, and I know so well the great weight that others would give to any expression of your opinion that I can not but hope you will permit me to use it."

"JOHN D. WARNER."

To this letter, Mr. Carlisle, writing from Washington, November 24, replied as follows:

"Dear Sir: Your favor of the 17th is just received. The charge that Hon. Roger Q. Mills is unfit by temperament to make a dignified and effective presiding officer of the House does that gentleman very great injustice. Mr. Mills is earnest and courageous in the maintenance of his opinions, but he is just and impartial in the discharge of his public duties and always accords to his opponents the same consideration he claims for himself. Before his appointment as Chairman of the Committee on Ways and Means in the Fiftyeth Congress the same objection in which you now refer was urged against him, and there were many who expressed the fear that his views were too extreme for the position, and that he might recommend legislation upon the tariff of such a radical character that the party would be unwilling to indorse it; but the provisions of the proposed bill and manner in which it was managed in the committee and in the House showed conclusively that all these apprehensions were unfounded. His bill was a very conservative one, and his advocacy of it was able and judicious from the beginning to the close of the discussion. If elected Speaker I am sure that the same spirit of moderation would characterize his administration of that office, and that no one would ever have just cause to complain of his demeanor while presiding, or of his general course on political questions."

"Having answered your inquiry, perhaps I ought to say no more; but I will venture to add a word upon another subject to which you incidentally allude. It is unfortunately true that there is a disposition in some quarters to subordinate the question of tariff reform to others which are, in my opinion, far less important to the people and far more dangerous to the harmony and success of the Democratic party. Upon the tariff question we are practically united, while, upon the silver ques-

tion, and, perhaps upon some others, there are wide differences of opinion among members of our own party—differences which can be reconciled only by patient deliberation and the exercise of a liberal spirit of forbearance and toleration. Why shall we on the eve of a great national contest, when victory is almost within our grasp, abandon or ignore a vital issue upon which we are united, and waste our strength in a fruitless controversy among ourselves over questions which can be better adjusted after it has been determined what part of their own earnings the people shall be permitted to keep? Let us do one thing at a time and all things in their proper order. The first duty of the Democratic party and of all who sympathize with it, is to change the laws under which the earnings of the people are taken away from them by unjust taxation for private purposes, and whoever proposes to postpone the performance of this duty in order to inaugurate a war among ourselves over the silver question, or any other question, is not a wise counselor, and would not make a safe leader. Yours truly, JOHN G. CARLISLE."

GENERAL NEWS.

A Chicago butcher has been arrested for selling horse flesh for "beef."

Congress will be asked to pay the expense of an expedition to observe the total eclipse of the sun April 15, 1893, which eclipse will be visible in South America and North Africa.

A member of the National Republican Committee says "it is perfectly understood that Blaine will be nominated at Minneapolis, unless he positively declines before the convention."

The Virginia Legislature will be asked to appropriate \$100,000 for the State's exhibit at the World's Fair.

The Democrats are organizing for a fight to get the National Democratic Convention at St. Paul.

The Third Party is to have permanent headquarters.

A farmer near Albia, Iowa, by the name of J. H. Wolf, has found a sure cure for croup. He says: "For the last eight years I have recommended Chamberlain's Cough Remedy for croup. Half of a fifty cent bottle will cure the worst case, if taken in time. On the 20th of this month, my boy, four years old, had the croup very bad and three doses cured him. I would not be without it in my family." If the remedy is given as soon as the child becomes hoarse, it will invariably prevent the croup. 50 cent bottles for sale by Hillyard & Woods.

My wife was so badly afflicted with humatism as to be unable to move in bed without assistance. Our druggist, Mr. Laddams, recommended Chamberlain's Pain Balm, which greatly relieved her. We have used six bottles at various times, and would not be without it at hand.—Jas. Coleman, Lowell, Neb. Fifty cent bottles for sale by Hillyard & Woods.

AFTER FORTY YEARS.—"My father had a fever sore on his leg for forty years, but has been permanently cured by Chamberlain's Eye and Skin Ointment, after trying all other remedies in vain," says Mr. S. Withersell, a gun and lock smith, at Fort Madison, Iowa. He further says: "The spot where the sore was is now perfectly clear as any other part. He used three 25 cent boxes in all." Another—Mr. D. A. Barr, Drug gist, Blackburn, Mo., says: "I have personal knowledge of a case of chronic sore eyes of many years standing having been cured by Chamberlain's Eye and Skin Ointment. The party was Mr. Seth Moore, north of this place." Mr. Moore says the ointment was worth more than a thousand dollars to him. It cost him 25 cents. For sale by Hillyard & Woods.

JUST WHAT
EVERY FARMER WANTS,

The "Granite" Chilled Plow.

A Sweeping Success.

Our new "Granite" Chilled Plow has gone to the front with wonderful strides. It is now an acknowledged leader with all who have used it.

- Its special merits are:
- 1st. Perfection in outline and shape.
 - 2d. Great turning capacity.
 - 3rd. New combination of metals, hard, yet tough.
 - 4th. Patent adjustable slip heel, for compensating wear giving suck or pitch to plow.
 - 5th. Runs steadily andily and is very light draft.
 - 6th. Each plow has one point for soft and another for hard, dry soil.
 - 7th. With all its advantages it is sold at the same price as inferior Chilled plows.

ISSUED WEEKLY.

R. C. WALKER, Publisher.

Congress convenes Monday.

Two earthquake shocks were felt in Seattle, Wash., Sunday.

The case to test the constitutionality of the McKinley bill is being argued before the Supreme court.

The friends of Mr. Springer, of Illinois, claim that he is developing strength as a candidate for Speaker.

The race for Speaker of the Lower House of Congress is warming up with Mills, Crisp, Hatcher, McMillen and Springer as the contestants.

Congressman Stone does not believe in the sub-treasury plan, and it is reported the Alliance has fallen out with him on this account.

The Anti-Harrison Republicans of Indiana are getting bold, and threaten to give the President some trouble before the Convention.

The new Constitution forbids the use of railroad passes by county judges. County Judge Du Priest, of Marshall county used a pass the road had given him, and his enemies are threatening to have him removed from his office.

The third report of the Interstate Commerce Commission shows that on June 30, there were 156,404,006 miles of railroad in the United States, represented by \$9,459,444,172. During the year 6,320 persons were killed by railroad accidents, and 29,034 injured.

The Benton Tribune says that Judge Park, of Mayfield, will probably be a candidate for Judge of the Court of Appeals. Judge Bennett will, it is understood, be a candidate for re-election, and besides being a fighter from a way back, he grows in the good will of the people as he grows older.

Hon. Thos. Pettit, who was elected to the Legislature from Daviess county by breaking through the ranks of Democracy, appears to be discouraged by his success in August and is now running an independent ticket in the city of Owensboro. He has had the cheek to claim that no power could keep him out of the Democrat caucus for nominating a speaker at Frankfort. He has no more business in that caucus than the most outspoken Republican, and his last move ought certainly put a quietus to such claims.

PASSENGER TRAIN ROBBED

Masked Men Board the West Bound Frisco Express and Secure a Large Sum.

St. Louis, Nov. 30.—West-bound passenger train No. 3, on the Frisco road, which left the station at 8:25 o'clock to-night, was held up and robbed by masked men at Glendale, eight miles from the station, at 8:55 o'clock.

The train was stopped by the desperados, the crew intimidated, and, it is said, a heavy sum of money belonging to the Adams Express Company was secured. It is also said that the mail car rifled of its pouches of registered mail. At 1 o'clock but little information is obtainable, nothing having been known in the city of the robbery until after 11 o'clock.

St. Louis, Dec. 1.—2:30 a. m.—The robbery was committed by six men who boarded the train at Old Orchard. Two got on the front end of the baggage car. The two on the rear end entered the car and blew open the safe, taking all the contents. Express Messenger Mulrennin was badly injured by the explosion. The car was badly wrecked. The amount stolen can not be learned at this hour.

It is said by one who ought to know, at least, that the robbers secured no less than \$80,000 in cold, hard cash.

Six Horses Killed.

The Evansville Courier says: "The east bound freight train on the Texas railroad yesterday morning killed six head of horses for Phillip and George Scherer, at Owensboro. The horses were on the track when the train was stopped for the purpose of oiling the engine. The trainmen thought they would get off for the whistle and started the engine. The horses dashed ahead and the shrieking locomotive followed after them. At last the horses ran on a trestle and then the engineer tried to stop the train, but it was too late. The horses were all standing in a bunch, unable to go forward or backward, when the train struck them. Five of them were killed instantly, and the sixth, a fine mare, had both her hind legs off. The fell off the trestle and dragged herself two hundred yards away before her owner found and killed her. For some unaccountable reason the train was not derailed. The horses were appraised at \$1,200."

Fredonia.

Harvey Drennan died on Saturday morning after a protracted spell of sickness. He left a wife and several children to mourn his loss.

There was a Thanksgiving dinner at C. A. Wilson's last Thursday. The pastor and elders of the Bethlehem church were invited and attended, and had a good time. One of the elders wants to know who killed Ben Haded, King of Syria; will some one answer through the Press and settle a controversy.

On the 22nd an aged widower harnessed his mule to the buggy and sallied forth to call on one of the fair sex. He was so well entertained that night came upon him unawares. He started for home and started in the wrong direction. His mule finally refused to go on further, and he changed his course, and after going for some distance he discovered that his mule had about shed the harness, and not being able to rearrange the harness, he left the buggy and split the mud and enjoyed a heavy shower bath for two miles, and in trying to walk over a wire fence rough shod, the fence refused to yield and a gash on his face shows the result.

A great many of the farmers have sold their tobacco at pretty good prices.

John C. Walters and W. H. McKee have bought the water mill two miles from town formerly owned by J. W. Stegar. They will put another story on the building and put in a lot new machinery, and will then compete with any mill in the country.

Gid Dollar and family moved to town last week from Lyon county. He bought Dr. W. D. Kirkpatrick's farm some time ago, but sickness in his family prevented him from moving sooner.

Jacobs & Deboe received a large lot of goods Monday, and has cut prices square in two. Call on them if you want bargains.

Fords Ferry.

The river is rising and the packets are making regular trips. Cin. & Mem. boats are on time.

"Happy Charleys" minstrels have out bills for a show at the Ferry. The bills announce great attractions for those who like singing and dancing.

Miss Daisy Wilborn will continue her studies under Mr. W. Planary, of Hebron.

A few nights since quite a large crowd gathered in at M. T. Walford's and had quite a pleasant time singing.

Miss Florence McFee will go to Cincinnati the first of January to continue her music at the conservatory of music.

Mr. James Rankin has gone on a visit to Mo.

TWENTY-SIX KILLED.

Death-Dealing Accident On the Orel-Graisse Railway In Russia.

St. Petersburg, Nov. 27.—Detailed accounts of an accident on the Orel-Graisse line, by which over 26 persons lost their lives, are now being received here. A bridge was the scene of the disaster. By the breaking of a tie one of the carriages was thrown from the rails with such force as to be hurled bodily over the parapet of the bridge into the river below.

The first carriage in its fall dragged four others after it, and all five of them broke through the ice and disappeared. Another carriage falling on those which preceded it was overturned, but remained only partly submerged, being supported by the wreckage beneath it. Only the passengers in this carriage were gotten out at once.

The disaster occurred in a desolate thinly populated region. Only a few railway officials were at hand, and but scant assistance could be given to the injured immediately. It was possible, however, to send a telegram, in response to which, after a lapse of some time, a party of rescue men and doctors arrived on the scene from the city of Orel. Fifteen persons of those left on the train were badly injured, and have been sent to the hospital. The work of extricating the bodies from the mass of wreckage is proceeding, and at last accounts twenty-six had been recovered.

Obituary.

On Tuesday, Sept. 28, 1891, little Bertha L. Watson, daughter of G. W. and M. J. Watson, departed this life. She was born Feb. 13, 1890, and fell asleep in Jesus as above stated, after an illness of eleven days of brain fever.

She was the idol of her parents and all those that knew her, and it was truly hard to give her up. But Jesus called for her; and the writer believes it was a wise call, for her parents and brothers and sisters were in an unsaved condition. And may God grant that this sad bereavement may work to the glory of God and the eternal welfare of all her relatives.

The writer was called on to sing and pray before starting to the grave. And never did I witness such earnest prayers by the religious persons. And the writer looking on the angelic form, burst out and sang "Sweet little star, adieu, adieu; In God I shall prove true. I'll meet you on Mt. Zion's hill. He remains were then taken to the Diney cemetery and there laid to rest to await the final trump to wake her to meet all her prepared loved ones beyond the last river. And may the writer meet her there to sing the sweet song of deliverance and shout "Glory! Oh blessed little angel!" Jesus says, "I take these little lambs And lay them in my breast; Protection they shall find in me—In me be ever blest."

Her funeral sermon will be preached by your writer at our new school house. Oh may there be a general awakening, and may Heaven come down on our souls to greet, and glory crown the mercy seat. Amen. G. H. Belt.

A CORRECTION.

John Imboden not Captured by
Being Enticed Into a Game.

When John Imboden was arrested
and put in jail at this place, it was
stated in the papers that he was ar-
rested by being enticed away from
his house to play a game of poker.

John says this is a mistake and that
he was at home with his family when
arrested, and to substantiate his
statement he furnishes the following
affidavit:

STATE OF ILLINOIS } S.S.
GALLATIN COUNTY, } S.S.

In the matter of the arrest of John
W. Imboden by Wm. Dyer, et al.,
personally appeared before me a jus-
tice of the peace in and for County
and State aforesaid George Greer,
who being a credible witness and
entitled to credit declares in relation
to the aforesaid case as follows:

That he was deputized to help
make the arrest and that he was
present at the time of said arrest,
and further that the said John W.
Imboden was not decoyed out to
play a game of poker that said arrest
was made inside of John W. Im-
boden's yard. George Greer.

Subscribed and sworn to before

Opposed to Sanctification.

Eld. B. T. Taylor, of Smithland,
preached at the Baptist church Sun-
day and Sunday night; large congre-
gations listened at each of his dis-
courses. At night his sermon touch-
ed somewhat on the sanctification
doctrine which has been agitating
the people in various sections of the
country. Eld. Taylor is bitterly op-
posed to the doctrine. He intro-
duced the following resolution at
the last meeting of the Ohio River
Association, which was adopted with
but two dissenting votes:

"Resolved, That this Association
express a positive disbelief in the
heresy of entire sanctification of the
faith in this life; that we urge our
pastors to show it as a poisonous
viper and warn the churches against
it; that we request the Associations,
with whom we are in corresponden-
ce, to purge from their list of minis-
ters, such as advocate this heresy."

Brought to Marion for Burial.

Friday night the remains of John
G. Hill were brought from Calhoun,
McLean county, to Marion for inter-
ment. Mr. Hill was familiarly
known here as "Boss" Hill, was the
son of Dr. Will Hill, formerly of this
place, but who died in McLean
county several years ago. Mrs.
Nannie Hill, young Hill's mother,
was Miss Nannie Gilliam, of the well
known family of Gilliams; she too
has been dead several years.

KILLED IN TEXAS.

Pete Buckalew Killed by an Of-
ficer at Fort Worth.

Thursday of last week Mr. A.
Buckalew received a telegram from
Ft. Worth, Texas, telling him of the
tragic death of his son, Pete Bucka-
lew in that city. Some time ago,
Pete was arrested in this county and
taken to Grand Rivers to answer a
charge of burglary. He succeeded
in escaping from the officer, Wm.
Denny, and fled to Texas. A short
time ago Denny learned where he
was, through letters Pete wrote to
parties in this county, and went after
him. When the officer undertook
to arrest him, Pete ran and began to
shoot at Denny, who returned the
shots and one of his bullets put an
end to Pete's unenviable career.

Deaths.

A fifteen-month-old child of Mr.
Newton Woodruff died at his home
near Tolu last week.

Mr. Nathaniel Burnett, a respect-
ed citizen of the county, died after
an illness of twenty days with ty-
phoid fever, at his home in the Fur-
nace neighborhood, last Friday.

Lank Grissom, an old and well
known colored preacher, died at his
home near Marion, Friday. Lank
was an honest, good man, and com-
manded the respect of both white
and colored people. Only a short
time before his death, and while
racked with the pains of fever, he
had his hymn book and Bible taken
to his bed, read the hymn and had
his friends to sing it; he then read a
chapter in the Bible, took a text and
from it delivered a short, sensible
farewell sermon.

The mother of Mr. S. H. Cassidy
died at his home in Dycusburg last
week, at the age of 87 years.
