HE WAS BRUTAL.

Warden Bolan, of the Frankfort Penitentiary Removed.

Frankfort, Ky., Feb. 20.—At a meeting of the Penitentiary Commissioners Friday, Warden Bolan, of the penitentiary, at this place, was by a vote of three to one removed, and Mr. Norman, assistant Secretary of State, was appointed to fill the place. The removed Warden and his friends are raising a great hubbub about his removal, and are accusing the commissioners of bad faith. Gov. Brown has been interviewed and here is his statement:

"About a week ago there was an occurrence at the prison that determined me to ask the board of Sinking Fund Commissioners to remove him. It was this: A convict by the name of Tankersley, who is a lunatic, made a demonstration at one of the guards, but, as I have been informed, it was doubtful if he intended to do him any harm, as he had no weapon in his hand with which harm could be done. The conduct of the lunatic was reported to Capt. Bolan.

"It is a rule of the prison that in cases of misconduct on the part of any prisoner the Warden and Deputy Warden shall hear the evidence, and together decide on the extent of the punishment. Until recently, Capt. Bolan had failed to consult the present Deputy Warden, as required by this rule. His attention was called to the fact, and since then he has done so, except in the instance of which I am speaking. When Tankersley's conduct was reported, Capt. Bolan sent for the Deputy Warden, who was in the barber shop, near the gate of the prison. Capt. Bolan says his messenger failed to find the Deputy, but there is a conflict of testimony on the point, as the Deputy says that he was told the Warden wanted him, and after washing his hands he went to the cell house where the convict and Warden were. When he got there the man had been punished.

"As I have said, the convict is a lunatic, evidently not in good health. He did not resist punishment, which fact the Warden conceded, but was handcuffed and hung up on a long upright board to an iron hook by his hands, stripped, and thirty-one lashes of the strap were laid on his back.

"When I heard of this affair I communicated the facts to the Board of Sinking Fund Commissioners, and we went to the prison and examined the bruised and lacerated back of the lunatic. I regard—and so stated to the Commissioners—the use of the board in the punishment of convicts as cruel and inhuman, as a relic of the dark ages, and an instrument of torture shocking to every sense of humanity and Christianity. When it was used in the manner I have stated, in the extraordinary punishment of this demented man, who made no resistance, I was shocked and unhesitatingly decided in my own mind that the Warden who had been guilty of such conduct was not the proper person to control a penitentiary.

"I believe in the punishment of disobedient convicts, for discipline can not be enforced otherwise. I have supported the strictest discipline in this prison. The usual mode of punishment in this prison is with the strap, but not in the way it was given to this poor lunatic. There was no difference of opinion among the members of the Sinking Fund

Commissioners as to his insanity. The usual methods of punishment there are quite adequate, without resorting to modes as cruel and inhuman as the thumb-screws and iron shoes of a benighted age."

A BOLD DEED.

Attempted Robbery on the New York Central Railroad.

Rochester, N. Y., Feb. 21.—One of the most daring deeds in the annals of the express robber occurred last night on the New York Central road between New York and Rochester. The train was made up of eight express cars, one of which is called the "money" car, because it is always loaded with money and other valuable goods. When the train was near Weedsport, the conductor's suspicions were raised by the slight sound of the air whistle. Going from his car he peeped into the "money" car and saw a masked man; two of the trainmen were called and the train partially stopped. The robber opened fire on the unarmed train men; at the same time ordering the conductor to signal the engineer to go ahead. The conductor told one of his men to jump off and return to a station station and telegraph to Rochester that a robber was aboard. The train then moved on at full speed; at Lyons a check was made, and the conductor went into the money car. Packages of money and jewelry were found scattered about, and the messenger was found bleeding and unconscious; the robber was nowhere to be seen. When the train reached Rochester, a young man wearing gold eye glasses and carrying a satchel was recognized by the train men as being the same individual they had seen at Syracuse before the train had pulled out. An attempt was made to arrest him; he pulled two revolvers, faced the crowd as he backed to an engine, standing near; he drove the cabmen out, pulled open the throttle and away went the engine, pursued by another in charge of three men who were armed. The chase lasted many miles, but finally the robber left his engine and took to the woods and was captured. He was taken back to Lyons and placed in jail. He gave the name of Cross; said he was from New Mexico. He is believed to be the much wanted Perry, who robbed Express Messenger Moor, near Utica, last fall; he was formerly a cowboy.

THE NEW CONSTITUTION.

Another Decision That It Is Self-Executing and Valid.

Frankfort, Ky., Feb. 18.—The court of appeals has rendered another important decision touching the new constitution. It was in the murder case from Owen county, in which John Sanders was indicted by a grand jury of twelve men. The case came to this court on demurrer to the indictment, which had been ordered by the lower court. The issue presented was as to whether or not the provision of the new constitution, reducing the panel from sixteen to twelve was in force at the time of the indictment, or whether it needed legislative enactment to put it in operation. The court affirms the decision of the lower court, holding that the provision in question is self-executing. The court also emphasizes the fact that the constitution became the organic law from the time of its promulgation, and this ought to make it very clear that the September amendments are "in it."

AN INCOME TAX.

The Subject Considered by the Ways and Means Committee.

Washington, Feb. 17.—The Committee on Ways and Means to-day devoted attention to the principle of an income tax as a means of raising revenue in the event that the reduction of the tariff should ever bring the revenue of the country below the legitimate expenses of the Government. A few days ago Representative Wike, of Illinois, introduced a series of resolutions indorsing the income tax theory and recommending legislation in that direction by the Fifty-second Congress. These resolutions were referred to the Committee on Ways and Means, and that committee to-day accorded Mr. Wike a hearing in advocacy of his resolutions. In his argument, Mr. Wike urged the committee to consider seriously and propose a plan to supplement any reduction of revenue that might follow a reduction of tariff duties to such an extent that might threaten a depletion of the Treasury.

Although a Democrat, Mr. Wike maintained that the country would not consider the efforts of the committee as at all serious to reduce tariff taxes unless it at the same time sought some other source of revenue to supplement any loss from the enlargement of the free list and reduction of tariff duties. The country does not desire such a revenue reform as will injuriously affect the public credit or threaten a depletion of the Treasury. He said it had been charged on the floor of the House and the people believe that the party in power has nearly bankrupted the Treasury, and from whatever cause such disastrous results may have been brought about, it is the duty of the committee to see that sufficient revenue is raised to meet the obligations of the Government. He feared that any reductions of appropriations or retrenchments in expenditures that this Congress can possibly effect will not leave the Treasury in the receipt of sufficient revenue to meet the demands upon it.

Mr. Wike desired, however, to impress upon the committee the importance of not permitting the necessities of the Treasury to abate in the least particular their efforts to reduce largely the tariff duties, and in order to remove the hindrance to that end he earnestly urged the adoption of the graduated income tax, with exemptions to the amount of \$5,000. To the suggestion of a member that the income tax was not an equal tax, Mr. Wike said the large exemption proposed by his resolution was for the purpose of equalizing the burdens of taxation, by making the gigantic fortunes, and the excessive and unnatural accumulations of trust, corporations and combinations of the country bear a portion of it. In the States where the State and local taxes are raised for the most part by taxes on real and personal property, the middle and poorer classes, whose possessions were all in sight, contributed the bulk of the revenue, while the concentrated wealth of the millionaire, of rich corporations and combines, is relatively but little taxed.

The country is not willing, Mr. Wike continued, to go back to the plan of raising the necessary revenue of the Government by what is called a purely revenue tariff. He wanted no steps backward in the march that leads to free trade. Any tariff duty whatever, whether the object be protection or other

wise, tends to cripple the power and opportunity of the manufacturer to produce articles of manufacture so cheaply as those made under free trade. Mr. Wike said that in 1866 the income tax in this country had produced the greatest amount of revenue, being almost \$73,000,000, and that more than one-half of that amount came from incomes in excess of \$5,000, the limit of the exemptions proposed by his resolution.

Burned His Three Children.

Montreal, Feb. 19.—A terrible story of a private family comes to light in St. Gedeon, a suburb of this city. A spike-maker named Adolphe Lawse recently lost three children and burned their bodies in a cooking stove to save general expenses. Magistrates have been applied to, but they hold that he acted within his rights. Rev. Father Seguin was notified, and he called on the father.

Lawse said he lived both in France and cities of the United States. In both places he had heard that dead people were burned in big ovens. Such being the case, he thought he was justified in burning his own young child after its death in his cooking stove. He also held the opinion that he had a perfect right to bury his children in his back yard, or in his cellar, which he also appears to have done. He contended that he had known such things to have been done by people whom he was personally acquainted with in Paris.

Spots on the Sun.

Washington, Feb. 17.—Observations made at the Naval Observatory to-day, by Prof. Edgar Fribry, showed that the large spot, hitherto observed upon the sun, which covered a space equal to one-sixteenth of the sun's surface, or an area of 100,000 miles long by 100,000 wide, has by some great cataclysmic operation been broken into about twenty smaller spots. In addition to this, other spots have appeared which are situated a vast distance from the original spot, and are evidently totally independent from it. This new development in the sun's surface, has attracted the attention of the astronomers at the observatory, and will be closely observed by them.

Mine Troubles Settled.

Knoxville, Tenn., Feb. 19.—The mine troubles in the Coal Creek Valley have at last been settled. The Tennessee Mining Company, which caused the troubles by placing convicts in the mines, which action was followed by their release in August and again in October, has about concluded an agreement satisfactory all around. The mines will be operated by white free miners on the co-operative plan. The capital stock of the company has been doubled and the new stock will be taken by miners at Briceville and by labor leaders in Knoxville, Chattanooga, Atlanta and elsewhere.

The scheme has been approved by all concerned and will be put in operation immediately. In a few days the military forces may be safely taken out of the valley. Those persons who should know best say there has been no use for them for several months. The reports sent out of suspected troubles have been fakes.

A Long Life Ended.

Midway, Ky., Feb. 19.—A remarkable case of long life came to an end here last night when Henrietta Hamilton, a colored woman, died. She was 111 years old.

DELUDED NEGROES.

A Hundred Families from Indian Territory Destitute in New York City.

New York, Feb. 21.—A party of colored men numbering about one hundred arrived here to-day with their families from the Indian Territory on their way to Liberia, Africa. The police took them to shelter from the drizzling rain and gave the famishing, mottled crowd something to eat. One of their number told the story of their wanderings. He said they came from Red Land, Indian Territory. Most of them owned property, and raised cotton, but last summer crops failed and they were discouraged. A trip to Liberia was discussed last June. Rev. Mr. Hill, their pastor, favored the plan and proposed to go as a leader. He told them that it would cost \$1500 to get to New York, and a steamship company would give free passage to Africa; their property was sold and here they are. Hill was misled by a circular from a man named Coppinger.

MRS. BLAINE WINS.

Young Blaine Must Pay Expenses and Alimony.

Deadwood, S. D., Feb. 20.—Judge Thomas this morning awarded a decree of absolute divorce to Mary Nevins Blaine, from her husband, James G. Blaine, Jr., the custody of the child, \$1000 with which to pay all expenses of the suit and \$100 per month alimony. The decree was no surprise here.

Mrs. Blaine and her maid and attorney, Judge Palmer, will leave for the East to-morrow.

An Alliance Division.

Danville, Va., Feb. 18.—At a meeting here to-day of the Farmers' Border Alliance a resolution was introduced to separate from the order and set up an independent organization. It is claimed that the interest of the farmers in the tobacco belt are not identical with the interests of the farmers elsewhere. The resolution was lost, but its advocates say it will eventually be adopted. The Border Alliance is the largest and most influential Alliance in Virginia and North Carolina.

Wants to go to Congress.

Paducah, Ky., Feb. 17.—Judge W. W. Robertson, of Graves county, to-day formally announced himself a Democratic candidate for Congress in this, the First Congressional District. He has been canvassing the district and is favorably impressed with his prospects. Mr. Robertson was judge of the circuit court of this district for six years and is known throughout Western Kentucky as an able lawyer and just judge.

A Bullett in His Brain.

Browning Green, Ky., Feb. 19.—At Claypool, in this county, this morning, Dr. W. W. White, the village physician, aged twenty-seven years, shot and fatally wounded himself with suicidal intent. When discovered he was yet conscious, and, when asked why he had done the deed, simply said: "I am tired living; give me my pistol and let me finish myself."

Some of the friends of Hon. John K. Hendrick, of Smithland, are trying to get a rope around him to drag him out as a candidate for Congress. And they do say that it will not require a very strong rope. Courier-Journal.

ADJOINING COUNTIES.

The Doings and the Sayings of Our Neighbors.

UNION COUNTY.

[From the Sun.]

It is a bad showing. There are six cases to come before the session of circuit court which begins next Monday, in which the accused in each case is charged with taking the life of a fellow-being. Awful, but true. In one of the cases the accused has already been indicted for manslaughter, in two indictments. Have been found for murder and in the other three no indictments have been found, because the grand jury has not met since the crimes were committed. Five killings have occurred in the county since the sitting of the last grand jury. Two of them were justifiable at their examining trials upon the grounds of self-defense. Three of them are now in jail awaiting the action of the grand jury.

[From the Local.]

Col. Dock Brown's favor in behalf of Union county, in establishing the whipping post law, was duly appreciated in our town this week. Gus Hancock, a negro often before the police court, stole fifty-five cents worth of wearing apparel, and the sentence was ten lashes, applied by marshal John Rodman.

CALDWELL COUNTY.

[From the Banner.]

Rev. W. H. Moore and R. M. McChesney, who created a stir in religious circles in the Rufus neighborhood by their acceptance of the Restorationist doctrine, have returned to their church, made confessions, and been received in full fellowship again. We also understand that Spencer McChesney has renounced his faith in the doctrine. It will be remembered that a preacher named Terry was in the county some weeks ago promulgating this doctrine and created consternation in the ranks of some of the churches by proselyting a number of straight-out orthodox Christians. He taught that Christ had been on this earth since 1874, though in an invisible form, and that in 1914 he would make himself known and set up his kingdom here on earth, when the Christians would reign in happiness and peace and the sinners would be totally annihilated, both soul and body.

The Crittenden Press

ISSUED WEEKLY.

R. C. WALKER, Publisher.

The Morganfield Sun is still waging war against the whipping post.

While the New York State convention was being held, Mr. Cleveland was at Ann Arbor, Mich., delivering an address to the University students on "Sentiment in our National Life."

In waging the war for the enforcement of the local option law in this community all parties should remember that ill feelings and rough words help neither faction, and is calculated to stir up a bitterness that will last long after the courts have passed on the question in dispute.

Judge Campbell, of Paducah, was in town Saturday. He is a candidate for the office of circuit judge, and is about to get acquainted with the people. He is a handsome man, a little past the meridian of life, a pleasant face, amiable disposition, a ready mixer, and withal a branny man, and a pure Democrat.

Senator Palmer made a fine speech in the Senate Thursday on the bill providing for the election of United States Senators by the popular vote. Among other things he said: "If the amendment to the Constitution which I propose is adopted the members of the Senate of the United States will be chosen by the direct vote of the free people of the several States and it will be, what it never yet has been, the popular branch of the Congress of the United States."

There is an abundance of good Congressional timber in the First district, and it is not going to stand in the forest. Already Campbell and Robertson are mixing with the people, Garnett has his eye on the field, and by and by Stone will be at home. It is evidently going to be a free-for-all race, with plenty of starters. Those who are not in the Congressional race will be candidates for Circuit Judge and Commonwealth Attorney. There is room for all this year, and all are going to take room.

The New York State Democratic convention was held on the 22nd, and appointed and instructed its delegates to the National convention to vote for Hill for the nomination for the Presidency. With a State like his own to back him, it looks as if the New York Senator was in the fight. But it is very doubtful about any other State in the Union doing as New York did. Hill is strong in that State, but weak in the others when compared to Cleveland. The factional fight between the Hill and Cleveland elements will go long way towards eliminating the conservative Democrats elsewhere that the wise thing to do is to find a candidate outside of the Empire State.

An Eddyville Mystery.

On Wednesday night of last week Mr. J. Hiram Smith, agent of the railroad at Kuttawa, left Eddyville to return to Kuttawa, since which time nothing has been seen or heard of him. Excitement over the mysterious disappearance has run high. He is known to have carried a considerable sum of money with him and the most plausible theory is that he was murdered. Two young men, named Daggett and Brindley, who have a rather unsavory reputation, disappeared from Eddyville the day after the disappearance of Smith, and turned up in Paducah with more money than they usually handle. They were arrested, and it is reported that blood stains were found on their clothing, and while they protested their innocence, public opinion fastened the murder and robbery of Smith on them. They were taken to Eddyville Tuesday and will be held for investigation.

Another theory is that Smith has skipped out, taking money belonging to his employer. This idea appears to be gaining ground. An inspector for the express company has been on the ground, and according to reports received here, he says that Smith's books have been seriously tampered with and falsified, but that he was short in the sum of \$600 or \$700, and money packages which had gone into his hands had never been accounted for. Thus the matter stands. Smith was popular and had the confidence of everybody. He had been the agent at Kuttawa for several years.

Nunn Suspended.

Pending the investigation of the difficulty between Sam Nunn, deputy warden of the Eddyville penitentiary, and Montgomery, the Sinking Fund Commissioners have suspended the deputy warden. From all the reports it appears that Nunn was justifiable in shooting Montgomery, who was the aggressor.

The Paducah Standard says that Col. Lucas will not be a candidate for a delegateship to the National Republican Convention. It is not our fight, but we hope we are not misunderstanding in suggesting that among the best men of the party in the district is Harry A. Haynes, of Marion; because he is the only Republican Circuit Clerk in the Gibraltar district, and in that respect would be an oddity in the convention. He is a capable and worthy man too.

A SPLIT IMMINENT.

SOUTHERN DELEGATES THREATEN TO GO ON THE WAR PATH.

The Odds and Ends of Other Organizations Demand Admission—The Knights of Labor Make Known Their Demands—Other News About the St. Louis Convention.

St. Louis, Feb. 23.—A most serious split in the industrial congress, now in session here, is threatened by the action of a large number of south delegates. At a caucus held during the past night it became evident that many southerners were not in favor of third party action, holding that their secession from their old party, the democratic, would only strengthen the republicans.

The logic of this argument was conceded by all, and before the caucus closed all of the delegates from Georgia, including Mr. Moses, Hon. L. F. Livingston, member of congress from the Fifth Georgia district and state president of the alliance, announced that should the conference determine on a third party they would withdraw from the body. Four of the six Alabama delegates announced that they would do like wise, as did the delegations from Tennessee, Maryland, Virginia, West Virginia and the president of the North Carolina alliance.

If the split in the southern delegation is not sufficient to give the conference more than it can handle, there are a number of protesting delegations, representing national organizations, which are knocking loud for admission at music hall door and which threaten a second conference, which are not represented on the credentials committee, and which have applied for representation in the conference, are the reform press association, woman's alliance, united order of anti-monopolists, union reform association, central nationalists, farmers' league, industrial assemblies of the industrial union, and many smaller organizations. All have sent delegates, and are protesting loudly that they have complied with all conditions of the call for the conference, and should have had a place on the credentials committee, but will be satisfied if they get their representatives a voice in the conference.

If they do not, they promise that they will more fun for the conference than it can possibly handle. At a meeting of knights of labor, which ended late last night, the demands of the order regarding the matters which it desires represented, were formulated in the following planks which will be submitted to the resolution committee when appointed: The land, including all the natural sources of wealth, is the heritage of all the people and should not be subject to speculative traffic. Occupancy and use should be the only title to possession of land. The taxes upon land should be levied upon its full value for use exclusive of improvements, and should be sufficient to take from the community all unearned increment.

The establishment of a national monetary system, in which a circulating medium in sufficient quantity shall issue directly to the people without the intervention of banks; that all the national issue should be full legal tender in payment of all debts, public and private, and that the government shall not guarantee or recognize any private bank or create any banking corporations.

The government shall obtain possession by purchase under the right of eminent domain of all telegraph, telephone and railroads, and that hereafter no charter or license be issued to any corporation for the construction or operation of any means of transportation of intelligence, passengers or freight.

In case the above resolutions fail to find favor the knights will offer resolutions adopted by the consideration of industrial organizations, held at Washington, D. C., January 23 to 24, 1891.

Dycusburg.

Lots of drummers and good business this week.

Mr. Owen and wife, from Marion, moved to town last week and are boarding at the Glenn House.

The boats are doing a good business at the point now. The Fredonia and Frances merchants are having their goods shipped this way.

W. F. Dunbar, of Paducah, was in town Friday selling the boys their groceries. Dunbar is a favorite among our merchants, and sells lots of goods for Weaks Bros.

George Graves' family, of Paducah, are visiting relatives in the city. Another marriage in town soon, but we can't give the names.

The merchants are all busy now receiving their spring stock of goods and trade is now better than it has been for years. In fact, Dycusburg is on a genuine boom.

Dr. Russell, of Frances, had the misfortune to lose his house and all its contents by fire last week. We have heard he also had \$750.00 in cash burned.

Mr. Louis O'Connell and mother, with others, went to Paducah last week. S. H. Cassidy & Co., are busy receiving tobacco this week. They have bought largely this year and have paid good prices. Everybody is well pleased with weights and settlements.

T. H. Prewett is receiving on almost every boat, seed, plow, stoves, saddlery, etc., which he is selling at low prices. He has also taken the agency for the Buckeye machines, and is making extra effort for early orders.

The steamer, Rob Roy, is in the river now making regular trips 3 times a week from Paducah to Eddyville. She is an independent boat and will do well. Most of the merchants all along the river will patronize her.

Tom P. Moore, our tasty merchant is arranging nicely for his spring trade, and knows how to treat his customers. He has the good trade he deserves.

More Deaths.

The young folks had quite a nice time at a social at the residence of Mr. Robert last week.

We are glad to say that the Milford bridge is nearing completion. Our friend Mr. Phinias Miles and Miss Ollie Franklin were united in marriage last week. We extend our congratulations.

Willis Wright, we are glad to note, is still improving.

Chas. Staten will locate in our midst soon.

There are a hundred children in the neighborhood. She harvest is great, but the laborers are few.

Carrsville.

Mr. James Barrett, who has been confined to his bed for several months with consumption, died Saturday morning, and his remains were carried to Tunnell Hill, Ill., for interment, where he will be buried by the Masons. Mr. Barrett formerly of the Tunnell Hill Lodge, but after the Carrsville Lodge had been reinstated he joined it. The Carrsville Lodge was met at Golconda by the Tunnell Hill Lodge. The two lodges formed a procession and marched to the last resting place. Mr. Barrett was a farmer, and left a large family; he was insured, we learn, in the Masonic Mutual.

Parson Gleason, one of our townsmen, is very low with something like diphtheria.

Mrs. Wm. Cain, who has been very sick and expected to die, is some better.

W. H. Hill is sick, but not dangerous. Others of our citizens are complaining.

O. G. Everson has sold his farm and is making preparations to go to Colorado. We think Oscar is afflicted with gold fever.

In another week, if our trade keeps up, we expect to be able to have enough money to pay our pro rata of the tax necessary to the proposed World's Fair appropriation—so let her come—for we don't know but we have lots of Gold near Carrsville, if we could only get it dug out. We do know that we have other metals in abundance, especially Brass; we are also prepared with Gas sufficient to run the machinery, if somebody will furnish the money and do the work.

Please bear in mind that we are quite sold out; we would like to exchange the remainder of our stock in store for any kind of country produce or railroad ties, and don't forget that we seldom ever refuse cash, though it is rather hard to handle, but we have concluded that the end of Good.

We are pained to announce the death of our kind hearted and generous neighbor, Mrs. Martha Truitt, which occurred on Friday the 19th.

If you want to buy goods cheap call on Geo. L. Rankin, who deals in a full stock of general merchandise; examine his stock before purchasing elsewhere.

The untimely Iron Hill writer to the Monitor said that some three thousand years ago the proud champion of Geth blew that same old horn in the faces of the Lord's people for forty consecutive days. It is a stupidity in style as every clear headed person admits. Tell me in his next issue what kind of business he has in attacking my person and calling a little bubble and also tell me what I have done that ever hurt or offended him. It was the same horn that he has been tooting with quite a complimentary tone. Where did he hide the same horn as soon as he felt the shock of the last election when the Democrats carried the largest majority to Congress ever known in this century. For that fact it's sake he contended with one of its particulars on an elopement across the golden harvests of matrimony and take a pleasure sail up Salt river in November. If he is anxious to find his lost horn I will find it for him in November. Hurrah for Aunt Phoebe, though unfortunately, she can't enjoy her suffrage.

Fredonia.

There was a meeting held at the school house on the night of the 17th to hear the reasons Pro et Con in regard to a division of the school district, expecting the school commissioner of Princeton to be present to decide the matter, but he failed to put in an appearance. The house was called to order by Dr. J. S. Buckner, who stated the object of the meeting and he was elected chairman of the meeting. Only one trustee present and he said nothing on either side of the question. Four short talks were made by Rev. M. E. Chapman, Rev. Sasper Wells, Mr. Ensminger, late of Evansville, and the chairman, (Dr. J. S. Buckner). The meeting then adjourned sine die.

"The Bible says, 'God is no respecter of persons.' I understand by that that no men, or set of men, have been born with special privileges or rights, not possessed by their fellow-men. There are people in the world, however, who seem to think that others have no right to say or do anything that does not coincide with their own views or selfish interests. 'As ye would that others should do to you, do ye even so to them.'"

There was a sleight of hand show, and the smallest man known of on earth, in town several nights last week. "The Boss" was a good ventriloquist, musician, and well up to illusive trickery of all sorts. The little man is only 27½ inches high, fifty years old, a fair musician, drilled as a soldier, and a Spaniard by birth, has not learned English.

J. T. Morgan has a boot and shoe maker employed.

Mr. Dorr, formerly of Princeton, is running a tailor shop in the Brooks store house.

Mrs. Tennie Hughes was in town Monday.

At the prices tobacco has been sold if the farmers can have seasons to get it delivered it will make money matters considerably better in this community, as a great many are depending on their tobacco to pay their debts.

Obituary of Respect.

Headquarters Crittenden Post, No. 31, Dep't Ky., G. A. R.

Office of Adjutant.

We, as Comrades, are called upon to mourn the loss of one of our Comrades, in the person of Post Commander Thos. J. Cameron, one of our most esteemed comrades. Comrade Cameron answered the summons of the Allwise Creator on Dec. 11, 1891, and took his place in the ranks of the great army that is fast mustering beyond the grave.

Comrade Cameron was twice chosen as Commander of our Post and served with distinction and ability as an officer and was one of the leading members in establishing the Post. Comrade Cameron was an honest citizen and comrade, and his habits of industry and gentle character endeared him to all who knew him. Comrade Cameron was born April 15th, 1842. At the time of his entering as a Private in Co. L, 9th Ky. cavalry. He was enrolled August 14th, 1862, discharged Sept. 23, 1863. This regiment was organized within three weeks from the time authority was issued for same and was composed of some of the best material in the State and was especially noted for its fine discipline and bravery in action. During the months of September and October, 1862, they were constantly skirmishing with the rebel forces under Adam Johnson; in connection with two companies of Indiana cavalry, a portion of this regiment fought the battle of Geiger's Lake, engaging a large force under Adam Johnson and scattering them in every direction. Later they dispersed a large rebel force under Old Woodard.

At Camp Coleman, in Todd county, after this, the regiment was detailed to guard General Bull's immense wagon train across Green river, two companies, including Co. L, of which he belonged, were sent on a long scout into Tennessee, capturing over 100 of Bragg's army. From that time to the expiration of their time of service, this regiment was engaged in guarding the country west of Nashville and keeping open the Cumberland river and were engaged in many skirmishes.

Therefore, be it resolved, That Crittenden Post, G. A. R., extend their heartfelt sympathy to his bereaved wife and children to whom he was a kind and loving husband and father. To his comrades, in whose circle he found a link of affection that will never be forgotten, and that the Adjutant of this Post be instructed to forward a copy of this resolution to the bereaved family and a copy furnished Press and Monitor and National Tribune, and the publishers of these papers be requested to publish the same.

In Memory

Of Sister Berilla Millegan, who departed this life at her home in Livingston, Ky., on the 22nd of Jan., 1892. Sister Millegan was born in Lyon county, Ky., Oct. 25, 1842, and at the age of thirteen she professed faith in her Saviour, which served her through life. She joined the United Baptist church of Christ at New Bethel and remained a consistent member for several years, having the good will and confidence of all the membership of the church. In 1861 she was married to Brother E. T. Millegan and they lived a happy life until death separated them; after her marriage she moved her membership to Caldwell Springs church, remained a member for some years; it being more convenient to Pinkneyville church, she moved her membership there and remained a member until death. Sister Millegan was a good, kind hearted woman, a good wife and kind

mother, a good neighbor, and a friend to all who were right, always ready to receive her neighbors and friends and treat them with all kindness, her christian life was one that is worthy of imitation. She honored her profession by an upright walk and a Godly conversation, as far as I know died without an enemy. Her remains were brought to Pinkneyville church, where her funeral was preached by the writer; text, "There is a reward for the righteous." Her remains were then taken to the cemetery at Jacob Green's and deposited in the tomb, to remain until the resurrection morn. May God bless and comfort her dear husband and children in their bereavement, and that father and children may all follow the example of the dear wife and mother and get to heaven in prayer. Eld. M. H. Utley.

Mrs. Julia A. Boaz, wife of Owen Boaz, and daughter of Dr. Koon, now deceased, died at her home in Crittenden Co., Ky., Jan. 18, 1892, in the 31 year of her age. She was born June 21, 1861, and married Dec. 15, 1880; professed faith in Christ in 1887. She was ad invalid for several months, suffering with consumption, but patient and kind, humble and loving, winning the love and pity of all. Her relatives mourn for her, but with hope to meet her in heaven. She was a faithful and devoted wife and mother; she looked forward to her dissolution peacefully and calmly, feeling that she would only lay aside suffering and sorrow to take up a heavenly crown of rejoicing and be forever happy with her Redeemer and redeemed loved ones. She leaves a husband and two little motherless boys to mourn her loss, also a number of relatives and friends.

She rests from all her toils and cares, In that Golden City with Jasper walls, For she often said with flowing tears, "I'm ready when my Master calls."

This separation will not be long, For, we like all the earth must die; We'll meet and sing a heavenly song, "In that sweet by and by."

DIED, at Kelsey, Ky., Jan. 8, 1892, little Eva, daughter of J. E. and Sallie Robinson. She was born Dec. 17, 1887.

"Press the dainty, waxen eyelids
O'er the eyes now blind in death,
Kiss the lips that fast are stiffening,
Thro' them comes no fainting breath.
Never more those eyes will open
On this sunny world below;
Never those lips, with sweet caresses,
Win you from your weight of woe.

She left all her pain and sorrow,
When she left this form of clay,
We have still the empty cradle,
God has called the gem away.
So we feel we have not lost her,
Though to us she may not come,
For we'll find her up in heaven
When the angels bear us home."

District No. 18.

J. S. Haynes closed his school at this place the 23d. We attended the close of Mr. Haynes' school, an event worthy of note and appreciation. Notwithstanding mother earth was covered with snow, and the wind blew from off the snow capped hills of the north, and mercury pointed his icy finger at zero, 40 little urchins appeared at an early hour on the school grounds, there to enjoy the events of the occasion and to celebrate the "last day" of school.

Even at an early hour, our neat and tidy little school house was filled to almost overflowing with pupils and patrons, showing their appreciation of the school and the occasion.

The exercises of the day were pleasant and enjoyable. After we had enjoyed a literary treat Mr. Haynes gave his farewell talk, at the close of which there was scarcely a dry eye in the room.

After dismissal, as we stood and watched the children, one by one, as they bid their teachers good bye, we thought of days "of long ago," and longed for school boy days again.

We think we can truthfully say our district is on the advance in point of interest. We hope that District No. 18 will become noted for interest on

part of patrons, and intelligence on part of pupils.

To say Mr. Haynes did his duty would not express our meaning but he did it admirably. We do heartily endorse Mr. Haynes as a teacher, and as a gentleman.
