RHYTHMIC CROP REPORT.

Of Commissioner of Agriculture.

Patterson Co., March 31. The crops were not materially affected by the recent
freeze, but pears and peaches. The fruit groves were
injured somewhat by the cold weather and the
unseasonal frosts of the last few days. The crops of
apples and pears are in good condition, but the
pears are somewhat inferior in quality.

The Commissioner of Agriculture reports as to the
condition of the crops in the different counties.
