PRINCE COUNTY.
Crittenden Press 1894-09-06 seq-4.jpg

In the council this week a request was made for a Mr. R.C. Williams, Publisher, to present a petition on behalf of a certain interest. The petition was referred to the proper committee for action.

The News.

In recent years, the City Council has been faced with many problems related to the city’s infrastructure and services. One of the major concerns has been the maintenance of the public buildings and facilities. The city council has been working to address these issues by approving various budget proposals. However, there has been some debate among council members regarding the allocation of funds for certain projects.

A MORR'S BLOOD WORT.

A letter was received this week from Mr. L.G. Smith, President of the Morr Steam Works, requesting a meeting to discuss the company's expansion plans. The company has been experiencing growth in recent months, and Mr. Smith believes that the city should be supportive of this development. However, some council members have expressed concerns about the potential impact on the environment and the community.

The Books of the Bible.

In response to the request, the city has formulated a comprehensive plan to address the issues related to the public buildings. The plan includes a detailed schedule for the completion of various projects, as well as a budget for the necessary funds. The council has approved the plan, and work is expected to begin soon.

AYER’S PILLS.

A resolution was passed this week to support the establishment of a new community center in the city. The center will provide a space for community events and activities, and it is expected to be a valuable resource for residents.

Neuralgia Attacks the Eyes.

The city council has been receiving feedback from residents about the condition of the public parks. Some residents have expressed concern about the lack of maintenance and the presence of litter. In response, the council has directed the city's parks department to increase its efforts to maintain the parks and to address any issues that arise.

Ayer’s Pills at the World Fair.

The new community center is expected to be completed within the next year. The city council has allocated funds for the construction, and a formal groundbreaking ceremony is expected to take place soon.

Furniture.

The city council has also been considering a proposal to build a new library in the downtown area. The proposal includes a comprehensive plan for the design and construction of the building, as well as a budget for the necessary funds. The council has approved the plan, and work is expected to begin soon.
