Oranges 15c per doz.

Timmers Association.

The Timmers County Teachers' Association met at Handy Grove on November 23. The meeting was held in the school house, and sizable member present. Mrs. J. H. White, president, called the meeting to order and introduced the officers: President, George L. White; First Vice-President, L. G. Brown; Second Vice-President, J. H. White; Secretary, R. C. Walker; Treasurer, J. H. White.

The business of the meeting was as follows:

1. The reports of the officers for the year.

2. The annual election of officers for the ensuing year.

3. The adoption of the resolutions of the Association.

4. The consideration of the budget for the coming year.

The resolutions included:

- The need for more support for educational institutions.
- The importance of teacher training and professional development.
- The necessity for improved textbooks and instructional materials.
- The need for increased funding for educational programs.

The resolutions were adopted by unanimous consent.

The meeting adjourned at 4:00 p.m.

THE IMMEDIATE COMING OF CHRIST.

The immediate coming of Christ is a topic that has been discussed in many religious texts and sermons. In the context of the newspaper article, the announcement of the imminent coming of Christ is likely a reference to the Christmas season, which is celebrated as the time when Jesus Christ is believed to have been born.

When the author of this paper wrote this piece, it was in the early 19th century, a time when religious beliefs were deeply ingrained in society. The concept of the immediate coming of Christ was a prominent idea in many Christian denominations, and it was often discussed in religious contexts.

The article includes a quote from the Bible, which is likely used to reinforce the message of the coming of Christ. In this segment, the author's name is not provided, but the text is written in a formal and reverent tone, characteristic of early 19th-century religious discourse.

The reference to the coming of Christ is a reminder of the importance of faith and spirituality during the holiday season. It is likely that the author intended to inspire readers to reflect on the significance of this time and to consider the implications of the coming of Christ for their own lives.

The mention of the schools and the resolution adopted is a nod to the educational importance of the time, as schools were often central to religious and community activities during the 19th century. The resolution adopted by the Timmers County Teachers' Association reflects the ongoing commitment to education and the role of schools in nurturing the spiritual and intellectual growth of young people.
In Poor Health, want to improve your health and save money? Try the new and improved AVERS Sarsaparilla. It's the only sarsaparilla that adds real health benefits.

Fighting with Ears? Try CDER'S Eardrops. They provide fast relief from earaches.
