COUNTY CONVENTION.

The Republicans of Crittenden Appoint
 Delegates to the State
 Convention.

Nothing Said About Bradley's Ad-
 ministration.

Pursuant to the call, the Republi-
 cans of Crittenden county met in mass
 convention Saturday, to appoint dele-
 gates to the State Convention which
 meets in Louisville August 10, to
 nominate a candidate for Clerk of
 the Court of Appeals.

A A Deboe was elected chairman
 and John A Moore secretary.
 Upon motion the following com-
 mittee on resolutions was appointed:
 W B Yandell, H A Haynes, M E
 Fohs, R S Edwards and W E As-
 bridge.

The committee reported the follow-
 ing resolutions, which were unani-
 mously adopted, after which the con-
 vention adjourned.

We hereby endorse the wise and
 statesmanlike administration of na-
 tional affairs by President Wm. Mc-
 Kinley and congratulate the country
 that by the application of Republi-
 can principles prosperity is once more
 beginning to bless our people.

We congratulate the people of
 Kentucky upon the election of Hon.
 W. J. Deboe to the United States
 Senate, and commend his honorable,
 wise and patriotic course as our Sen-
 ator.

We approve the call for a State
 Convention at Louisville, Ky., on
 August 10, 1897, to nominate a can-
 didate for Clerk of the Court of Ap-
 peals, and we hereby appoint the fol-
 lowing persons as delegates to said con-
 vention: W J Deboe, W A Black-
 burn, W B Yandell, W M Babb, C
 E Weldon, F N Dalton, J T Franks,
 W S Hickie.

Says a Preacher.

While Rev. A. N. Whittingill, a
 Missionary Baptist minister of Owens-
 boro, was conducting a tent meeting
 at Olanton, Daviess county, recently,
 he was annoyed exceedingly by the
 misconduct of some of the young peo-
 ple, and he one night administered a
 severe rebuke to a young lady who
 had been very conspicuous by her mis-
 conduct. She has filed suit against
 Rev. Whittingill in the Ohio circuit
 court for damages in the sum of one
 thousand dollars.

Weddings Proliferate.

Marriage licenses have been issued
 as follows:
 July 28.—Harry F. Green and
 Miss Lulu Wolfe.
 July 29.—Wm Ruston and Miss
 Laura B. Brown.
 July 29.—Robert Harp and Miss
 Indiana Simmons.
 July 30.—Robert N. Brown and
 Miss Nonie Cole.
 July 31.—J. W. R. R. and Miss
 Polly Calvert.

Church Dedication.

The new Baptist church at Cold-
 well Springs will be dedicated the
 fifth Sunday in this month. Rev.
 Couch, of Pembroke, will preach the
 dedicatory sermon. A large crowd,
 it is expected, will attend these ser-
 vices. Basket dinner will be served
 on the grounds. A general invita-
 tion is extended to all who may de-
 sire to attend.

Saloon License Granted.

Tuesday morning Messrs. John C.
 Griffin and James C. Bennett applied
 to the county court for license to sell
 liquor at Dycusburg. They presented
 the proper certificate from the
 board of trustees of that place, and
 were therefore granted the license.
 The town of Dycusburg charges \$250
 for license and the State tax is \$100
 additional.

Celebrated for its great leavening
 strength and healthfulness. Assures
 the food against stum and all forms of
 adulteration common to the cheap
 brands. ROYAL BAKING POWDER CO

ON TO NASHVILLE.

The O. V. Railroad will be Extended to
 the Tennessee Capital.

According to authentic reports, a
 projected railroad known as the Ten-
 nessee Central will at once be built
 from Clarksville East to Harriman,
 where it will connect with the Cin-
 cinnati Southern and with the South-
 ern railways. Secretary Eastman of
 the proposed road in an interview a
 few days ago said:

"The money to finish the road will
 every cent be furnished by the ten
 capitalists who are behind the enter-
 prise, none of whom is worth less
 than \$500,000. After the road is
 completed and paid for fully, it will
 be bonded for \$20,000 a mile. This
 will absolutely be the only indebted-
 ness of the road."

"When the Tennessee Central road
 gets to Clarksville we have the assur-
 ance that the Illinois Central people
 will meet us there, extending the
 Ohio Valley road from Hopkinsville.
 There will then be a through and
 competing line from Chicago, Cincin-
 nati, Louisville, St. Louis, and the
 West."

DEATH COMES.

Mr. V. B. Phillips Passes Away at His
 Home in the County.

Mr. Vincent Brown Phillips died
 at his home two miles from Hurri-
 cane church Thursday, July 28, af-
 ter ten days illness of pneumonia.
 The funeral service was presided at
 the residence Friday, by Rev. W. R.
 Gibbs, who was a warm personal
 friend of the deceased, and the in-
 terment took place at the Hurricane ce-
 metery. A large crowd attended the
 funeral services to pay the last trib-
 ute of respect to their friend and
 neighbor—one of the best citizens of
 the county. Mr. Phillips was born
 in this county forty-five years ago.

Base Ball.

The Sturgis and Marion base ball
 teams crossed bats on the former's
 ground Saturday. The Marion boys
 took the lead from the start and were
 never passed. The fine playing of the
 Marion boys seemed to have taken the
 "Sturgis Skinkies" on surprise, and
 they never recovered from the effect
 of it. The O. M. J. team won the
 game despite the fact that Penrod,
 the star twirler, was in the box. There
 was only seven innings played and the
 Marion team won by a score of 8 to
 10. Nine innings would have been
 played had it not been for the "bribed
 umpire." The nine boys that be-
 longed to the Sturgis team are nice boys
 but that "Keyhole" who tried to run
 the game was simply too stale to keep
 Talk about your confidence games but
 if that fellow "Keyhole" didn't try to
 play the confidence trick on the Mari-
 on boys I'll quit. Why, he was the
 most obliging fellow you ever saw,
 (bit). "He" offered to learn the O.
 M. J. team the 97 rules absolutely
 free of charge, and "he" was an out-
 sider and had nothing to do with the
 game, and that "he" had umpired 2
 or 3 games this year, had never had
 any one to kick against his umpiring,
 knew the 97 rules to perfection, etc.
 But my, my, what "Keyhole" did
 after the game commenced was suf-
 ficient. Why, he simply run the whole
 game. You have all seen people (but
 of course not in Union county) who
 seemed to do everything for the good
 of others when in fact they undertook
 only their own good. Most of the
 people present said the Marion boys
 should have quit long before they did.
 Time 1 hour 30 minutes.

Ed. Raymer Dies.

Ed. Raymer, the wounding of whom
 in an altercation at Gracy was brief-
 ly mentioned last week, died at his
 home in Gracy Monday evening.
 The remains were brought to this
 place Tuesday morning and interred
 at the old cemetery in the after-
 noon.

Some years ago he lived at this
 place and was known as a good hearted,
 good natured, industrious man;
 he belonged to the track force of the
 O. V., and was later made foreman of
 the section at Gracy.

He married Miss Slayton, daughter
 of Mr. John Slayton, a well known
 farmer of this section. His wife and
 four children survive him.

A VENERABLE PATRIARCH.

Has Lived in Crittenden County
 Ninety-two Years.

EDITOR PAGES: Your correspond-
 ent in his perambulations recently vis-
 ited Col. Ephraim Washington Hill
 at his home on the bank of Crooked
 creek, about one mile as the crow flies
 southwest from Marion.

It was late in the afternoon of a
 very warm day, and I found him qui-
 etly resting in his easy chair on the
 porch. He had been riding that day
 and was somewhat wearied, but he
 talked freely. Like most old people
 he appears to live much in the past,
 and always finds pleasure in talking
 of old times.

You wonder at the facility with
 which he carries you back to the time
 when this county was a wilderness, cov-
 ered with pea vines; when deer were
 as common and plentiful as rabbits
 are now, and wildcats and catamount
 and panthers and bears and wolves

Among the other early settlers were
 the Dickey, Jacksons, Hillhouses,
 Brices, Stinsons, Pickensses, J. Cruces,
 and Canadys.

N. to return to my subject, David
 Hill married Hannah Elder in the
 closing years of the last century. Ephraim
 W. was the third or fourth
 child of this marriage in a family of
 six, three boys, Anthony, William
 and Ephraim and three daughters,
 Margaret, Mary and Lurana.

Ephraim W. married Polly B. Porter
 in 1827 or 28, and from that mar-
 riage were born three children, two
 sons, Ezekiel Porter, of this town,
 and David Edgar, who died in 1861,
 and one daughter, Mary E. now the
 wife of Judge R. A. Dowell, of Well
 ford, Kansas. His wife died in the
 early 60s and in 1865 he married a
 Miss Williams. A daughter of this
 second marriage, Mrs. John W. Belt,
 now lives in his home with him.

About the year 1840 David Hill
 sold out to his son Ephraim W., and
 went to Illinois.

The first school house that Colonel
 Hill ever saw, very probably the first
 ever built in the county, stood about
 one hundred and fifty yards from the
 present site of Midway school house.
 Robert Dickey was the first teacher.
 It was probably not what we now call
 a graded school, nor did the teacher
 have to pass through a term of the
 county teachers institute before he
 was allowed to teach. There were no
 county superintendents then, no trus-
 tees, no teachers institutes, no teach-
 ers certificates, no pay—no nothing.
 But we must not despise the labors of
 the teachers of those days, for they
 were heroically laying the foundation
 of an intellectual empire the most
 sublime that the world has ever seen.

The first church building probably
 ever built in the county was the old
 "log church" at Crooked creek on the
 Ford's Ferry road, about two miles
 north of Marion. It was built by the
 Presbyterians and afterwards sold by
 them to the Baptists, and the Presby-
 terians built the old brick church near
 where Bigham's mill now stands. This
 was long before the town of Marion
 was commenced, and these two church
 buildings were distinctively known as
 the "Brick Church" and the "Log
 Church," almost as long as the two
 houses remained standing.

Rev. Terah Templeton was the first
 Presbyterian minister in this county,
 he boarded with George Mayes, and
 the latter named his son Terah for
 him.

James Ritchie, already mentioned
 as settling the W. B. Clement place,
 built the first mill ever built in the
 county. It was operated by horse
 power.

Colonel Hill held the rank of Colo-
 nel of militia of Livingston county,
 when this county was detached from
 Livingston. He was then made Col-
 onel for Crittenden; so he has been
 Colonel for both counties. He has
 also been a Justice of the Peace.

He was present at the first circuit
 court ever held for Crittenden county.
 It was held at the house of Samuel
 Ashley, where Pierce Butler is now
 living, near Crooked creek church.

The opening order of that term of
 court reads as follows:
 "Agreeably to an act of the Gen-
 eral Assembly of the Commonwealth of
 Kentucky, establishing the county of
 Crittenden, approved 28th January,

1842, and an act attaching said coun-
 ty to the 16th judicial district, ap-
 proved 23 February 1842, a circuit court
 was begun and held for said county at
 the residence of Samuel Ashley, on
 Monday the 23 day of May, 1842,
 being the time and place prescribed
 by law. W. P. Fowler, Judge."

David C. Flournoy and Harvey W.
 Bigham made application for appoint-
 ment as clerk of the court. Bigham
 secured the appointment and executed
 bond with Joseph Watts, Presley
 Gray, John S. Gilliam, Joel E. Grace
 Wm B. Hickman, Peter Clinton and
 Daniel Travis as his sureties.

Following are the members of the
 grand jury of that court:
 Alexander Dean, foreman, Edward
 Ashley, Wm Ashley, Matthew Parm-
 ley, Martin Hammond, Wm Hoggard,
 John M. Wilson, Isaac Lloyd, Jacob
 Gill, George Uelton, John E. Wilson,
 Uri G. Witherspoon, Andrew Hill,
 James W. Hill, Thomas Akers, and
 August McAlister.

Col. George W. Barbour, Francis
 H. Dillam, Robert H. Marr, Fatter-
 son C. Lander, and Sumner Marble
 presented license, took the prescribed
 oath, and were admitted as attorneys
 and counselors at law for Crittenden
 county.

Presley Gray, William Kennedy,
 and James Cruce were appointed jury
 commissioners to select grand and pe-
 tit jurors for the next term.

It will be noted that this court was
 held fifty five years ago. The present
 site of Marion was then an unbroken
 forest, the nearest residence being the
 place where Mrs. Jos. Elder now lives,
 on one side, and Mrs. Rochester's
 place on the other.

There was a post office called Cross
 Keys, at the place where the court
 was held.

Of all the men that are mentioned
 in the records of that court so far as
 known, not one is now living. Such
 is the brevity, the evanescence of hu-
 man life. In contemplating it our
 minds turn inevitably to the closing
 stanza of Bryant's "Thanatopsis":
 "So live that when thy summons
 comes to join
 The innumerable caravan that moves
 To the pale realms of shade, where
 each shall take
 His chamber in the silent halls of
 death,
 Thou go not, like the quarry slave at
 night,
 Scourged to his dungeon, but sustained
 and soothed
 By an unfaltering trust, approach thy
 grave
 Like one who wraps the drapery of his
 couch
 About him and lies down to pleasant
 dreams."

The first house ever built in Marion
 was the double log house that stood
 opposite the court house, and known
 in recent years as the Hoover prop-
 erty. It was burned a few years ago.
 It was built about the time the coun-
 ty was established. Col. Hill was at
 the raising and "carried up a corner."

After an hour pleasantly spent with
 this noble specimen of a generation
 that is rapidly passing away, we shook
 hands with him and took our leave,
 sincerely hoping that his sun, which
 is so clearly setting, may not be dim-
 med by a single cloud; that the re-
 mainder of his well spent, busy and
 useful life may be an evening of rest,
 spent amid the benedictions of neigh-
 bors, friends and relatives, that he
 may yet live to round out the five
 score years now so nearly accomplish-
 ed. He belonged to a generation to
 whom we owe a debt of gratitude that
 will never be repaid.

At this day, surrounded by every
 conceivable comfort and luxury, we
 can not fully appreciate the difficul-
 ties that the early settlers of this coun-

try met and successfully overcome.

They were Nature's noblemen. They
 felled the forests, fought the savages,
 and drove out the wild beasts. They
 were brought into conflict with the
 forces of nature, and found malaria
 to be the most stubborn of all their
 enemies. They belonged to that pa-
 tient, heroic, uncomplaining class of
 men that with bleeding feet tread
 down the thorns of life's rugged path
 way that succeeding generations in
 satin slippers may walk daintily over
 beds of roses.

That Heaven's richest blessings may
 rest upon the few remaining surviv-
 ors of that generation is our sincere
 hope.

IGNORUS.

MANY LISTENED

While the Eloquent Blackburn Spoke at
 Drennon Springs.

Eminence, Ky, July 31.—Hon. J.
 C. S. Blackburn addressed a large
 crowd of people at Drennon Springs
 yesterday. The meeting was some-
 what marred by the rain, but there
 was quite an outpouring of the peo-
 ple, and it showed that the old war
 horse of Democracy maintains his
 hold on the hearts of the loyal Demo-
 crats of the State. His address was
 as usual a marvel of eloquence. He
 reviewed the administration of Mr.
 McKinley carefully, and showed very
 clearly that the promised prosper-
 ity is not due until there is a change
 in the monetary system of the coun-
 try. Throughout he was listened to
 attentively, and those whom the rain
 compelled to remain away suffered a
 disappointment as well as a loss.

HIS FIRST WARRANT.

Deputy United States Marshal Kennedy
 Did Not Serve.

Deputy United States marshal Ken-
 nedy, one of the "midnight" deputies
 under Marshal James, was given his
 first warrant to serve the other day,
 but it was returned by the negro de-
 puty and marked "not served," says
 the Louisville Post. It so happened
 that in the town in which it was to be
 served negroes are not wanted, and
 it was known to Kennedy that they
 were not permitted to leave the sta-
 tion.

"I think the warrant has run out,"
 said deputy Hawes, as he proceeded
 to look it up.

"It is not, please keep it until
 it does," replied the negro deputy,
 and as he turned to leave the office he
 said to Marshal James: "If I took
 that warrant and attempted to serve
 it my next report would not be made
 to you, but to my G-d."

The True Remedy.

M. M. Repine, editor, Tiskilwa,
 Ill. Chief, says: "We won't keep
 house without Dr. King's New Dis-
 covery for Consumption, Coughs and
 Colds. Experimented with many
 others but never got the true remedy
 until we used Dr. King's New Dis-
 covery. No other remedy can take its
 place in our home, as in it we have a
 certain and sure cure for Coughs,
 Colds, Whooping Cough, etc." It
 is idle to experiment with other re-
 medies, even if they are urged on you
 as just as good as Dr. King's New
 Discovery. They are not as good,
 because this remedy has a record of
 cures, and besides is guaranteed. It
 never fails to satisfy. Trial bottles

ONE YEAR ONE DOLLAR

President McKinley's request of Congress for the appointment of a currency commission indicates that he is not banking on the monetary commission he sent to Europe to obtain the consent of other nations to a good old fashion silver dollar.

A Missouri farmer claims to have "invented" a vineless Irish potato. His object is to outwit the potato bug. If he will now get a leafless tobacco, and a stalkless corn, along with a headless cabbage and strawless wheat, his fortune is made.

Down in Alabama a church raises its revenue by taxing its tobacco chewing members ten dollars per annum each. If it will issue "cussing and drinking" license we'll guarantee that it will not have depot room for the passengers over its route to the great Unknown.

Our goldbug friends denounce the 6,500,000 people who voted "for Bryan" because of their "financial heresy, and abuse the 7,500,000 who voted for McKinley because of their tariff robbery, which leaves only 138,000 real honest, sensible folks in this glorious country of ours.

The Louisville Post publishes a list of pardons granted by Governor Bradley. The list numbers 675, including men convicted of almost every phase of crime. The tardiness of the courts in trying cases and the liberality of the Governor in granting pardons, increases the criminal dockets of our courts, and give room for much law.

The Sugar Trust and the big Arbuckle coffee house are fighting each other. The one is going into the sugar refining business and the other will embark into the coffee trade. They will sweeten the lot of us by roasting each other. Both are powerful organizations. When the new tariff bill passed the stock of the Sugar Trust advanced \$12,000,000. Thus a little legislation made its stockholders a clear profit of that amount. Yet there are people who claim that legislation can not create wealth.

The same bushel of wheat may purchase fifty cents at one time and seventy five cents at another without being an "unsound" bushel. When there are more bushels of wheat, the demand being the same, each bushel will buy less than when there are fewer bushels, but it is just as "sound" wheat at the one time as the other. That which is true of wheat, in this respect, is true of dollars. The fewer dollars there are, the more each dollar will buy: increase the number in circulation and each dollar will buy less than when dollars were scarcer, but the dollar is as "sound" in the one instance as in the other.

The Republican State Convention meets in Louisville next Tuesday. While the principal business of the convention is the nomination of a candidate for Clerk of the Court of Appeals, the most interesting feature will be the adoption of the resolutions. It is always customary at the conventions to endorse, in extravagant terms, the officials of the party holding the convention in power. The Republican party is certainly in power in this State, but it is divided into two very strong factions, with Gov. Bradley at the head of one and Dr. Hunter and Senator Deboe the nucleus of the other. With the animosities existing between the two factions on the one hand and the failure of the Bradley administration to redeem its boasted pledges of reform on the other, it will be interesting to watch for an endorsement the convention owes or does not owe the Governor.

The Louisville Dispatch is raking up the Courier-Journal's free silver record in a style that is calculated to make Henry Watterson, if he has any conscience whatever, "acknowledge the corn," and frankly admit that he is not what he once was. Sunday's Dispatch has a page and a half article taken from the Courier Journal of 1886, denouncing the "crime of 1873," in the most vigorous language, and upholding the cause of true bimetalism as forcibly and earnestly as does Mr. Bryan today. The readers of the Courier-Journal of that period are cognizant of all this, but there are many who have accepted that paper's denial as conclusive, and the Dispatch is doing a great work in producing the unquestioned and unquestionable testimony of the perjury of the fallen idol. The Courier-Journal has a right to change its views on the great economic questions if it has good and sufficient reasons therefor, but it has no right to deny the charge and when the denial is made, as has been repeatedly done, its honesty, sincerity and integrity become a debatable matter.

The Coming Universal Trust.

The report that the Standard Oil Trust has obtained or is about to obtain complete control of the lead, leather, tobacco and whiskey interests of the country, together with a combination of gas interests, including Chicago Gas, may have been premature, but there is every reason to suppose that such a consummation will be reached before long. The Standard Oil magnates already control the business of the country in oil, iron ore and sugar; they are on the point of conquering the steel and coffee industries; they own much of the shipping of the lakes and most of the great tourist hotels in Florida; they are directly interested in several lines of railroad, and they can dictate terms in the matter of freight rates to the entire transportation system of the Union. They have to find investment money every year for about \$50,000,000 of surplus profits, and with that amount and their skill in manipulation it would be a simple matter to obtain control of two or three new trusts annually. Of course, every new enterprise absorbed by Mr. Rockefeller and his associates adds to the income to be invested the next year.

It is hard to see any end to this process short of the absorption of the entire wealth of the country by a little group of capitalists. It seems clearly to be a process that must go on with accelerating velocity. Most people of the poor, the comfortable and the moderately well-to-do classes live up to their incomes, and have nothing to invest. Many even of the very rich do the same thing. When we find a few men, acting together, who are at once prudent and enormously rich, whose living expenses absorb no appreciable proportion of their incomes, who have practically the whole of a stupendous surplus available every year for investment, and who have the most perfect inside knowledge of the best opportunities for profit and the shrewdest faculty for taking advantage of them, it is hard to avoid the conclusion that those men, if they live long enough and hang together, must eventually become practically the sole proprietors of the nation's industries. There is every reason to believe that unless we have some radical change in political conditions the next thirty years will see the entire industrial activity of the United States regulated by a single trust, of which the bulk of the American people will be the employees. What will happen then will depend upon the degree of virility still left in the population. It will be an epoch from which the Union may date an advance to a higher social state than anything previously known or a plunge into complete and permanent industrial slavery.—New York Journal.

Last Saturday a number of the Democratic leaders held a conference at Dawson to discuss the campaign and the plan of battle. The Courier-Journal correspondent at that place in discussing the matter among other things said: All the talk about the hotels today has been politics, and many a boom was launched that will bud forth in 1898. It is certain that this conference has placed Ollie James as a strong factor in the race for Congress in the First district next year. The conference had little or nothing to do with Ollie James' candidacy for Congress. His well known ability as a campaigner, his earnest, fearless, uncompromising devotion to that which he believes to be right, and the many elements of leadership that he has developed have made him the most conspicuous figure in the politics of the Old Gibraltars. The people of the district need nothing further to convince them of his ability, they have an abiding faith in his patriotism, and all these things make him the logical candidate for Congress.

One of the principal speeches on the tariff bill contains a compilation of the numerous protests from foreign governments against the new rates. Most of these protests insist that the new tariff will retard commerce, and some of them intimate that the demand for American goods in foreign markets will decrease. We echo the sentiment of a contemporary, which puts it thusly: "How dear to my heart is the face of a DOLLAR, when some kind subscriber presents it to view! It may come today or it may come tomorrow; it may come from others or it may come from you. The big silver DOLLAR, the round silver DOLLAR, dear delinquent subscriber present it to view. A round silver DOLLAR I hail as a treasure, for often expenses overwhelm me with woe; I count it the source of an exquisite pleasure, and yearn for it fondly wherever I go. How ardent I'd seize it—that lovely round DOLLAR, the 'root of all evil'—the commonly named loving MONEY is sinful, some good people tell us, but the penniless printer can hardly be blamed. The penniless printer, the hard working printer, keeps sending out papers that interest you; so hand in the DOLLAR, the big dandy DOLLAR, dear reader now will you present it to view?"

A round silver DOLLAR I hail as a treasure, for often expenses overwhelm me with woe; I count it the source of an exquisite pleasure, and yearn for it fondly wherever I go. How ardent I'd seize it—that lovely round DOLLAR, the 'root of all evil'—the commonly named loving MONEY is sinful, some good people tell us, but the penniless printer can hardly be blamed. The penniless printer, the hard working printer, keeps sending out papers that interest you; so hand in the DOLLAR, the big dandy DOLLAR, dear reader now will you present it to view?"

We echo the sentiment of a contemporary, which puts it thusly: "How dear to my heart is the face of a DOLLAR, when some kind subscriber presents it to view! It may come today or it may come tomorrow; it may come from others or it may come from you. The big silver DOLLAR, the round silver DOLLAR, dear delinquent subscriber present it to view. A round silver DOLLAR I hail as a treasure, for often expenses overwhelm me with woe; I count it the source of an exquisite pleasure, and yearn for it fondly wherever I go. How ardent I'd seize it—that lovely round DOLLAR, the 'root of all evil'—the commonly named loving MONEY is sinful, some good people tell us, but the penniless printer can hardly be blamed. The penniless printer, the hard working printer, keeps sending out papers that interest you; so hand in the DOLLAR, the big dandy DOLLAR, dear reader now will you present it to view?"

CRAYNEVILLE.

Most of the farmers here are tending tobacco. Mr. John Parr, of Caldwell county was here Friday laughing as usual. Best grade of flour 50c per sack of 25 lbs at Deboe's.

C. L. Ballard has gone into the churn dasher business, and has ordered 200 made.

L. W. Cruce of Marion has been here this week buying wheat for a Nashville house.

J. P. Deboe is talking of burning a brick kiln here.

Mrs. E. E. Crayne went to Kuttawa Tuesday to trade her house and lot she has there.

A. H. Cardin shipped four car loads of tobacco from here to Liverpool, England, last week.

W. R. Cruce is having his dwelling house recovered and repaired.

J. B. Deboe, formerly of this place is an applicant for the post office at Clinton, Ky.

James Woodall and G. W. Cruce, are hauling their tobacco here this week to prize it.

Henry Young has the best grained wheat we have seen.

John Ballard and Ab Deboe are talking of running a stand at Piney Fork during the camp meeting.

Remember you can get 8 lbs good coffee for \$1 at Deboe's.

TRADEWATER.

Mr. J. H. Travis has been very sick but is improving slowly.

Miss Etta Aaron, of Texas, has been visiting her home and connections in this county.

A fine rain Saturday night makes the corn crop look very promising in this section.

Mr. D. J. Travis and wife are sick.

Mrs. Bell Jeffers has suffered a great deal with a catarrh on her hand.

The wheat crop in this section is still in the stack.

T. H. Carter and D. F. Clark have bought everything in this country that bleats like a sheep.

Mr. C. B. Jeffers is visiting in Union county this week.

Mr. C. E. Travis of Weston and L. H. Travis of Union came up to see their father, J. H. Travis.

Mr. E. T. Travis will teach the school at Prospect this fall.

The lightning Sunday night killed a fine heifer for G. A. Hill and also a sheep for Bud Babb.

Mrs. H. A. McConnell is reported as very sick.

NEW SALEM.

Some little sickness, Mrs. Kate Brown is still confined to her room.

August the first was the hottest day so far that has been in this section; the mercury ran up to 98 in the shade.

A few such days as Friday, Saturday and Sunday, with the amount of chinch bugs that are on the corn, will soon cut that crop very short.

The bugs are already showing in the fields.

Higdon Howard left last week on a trading trip in Illinois, to be absent two weeks.

Bill Tyler returned from a trip on the lower Cumberland last week and reported crops promising.

Our farmers put in a few days of the first of last week plowing for wheat.

If the season is favorable for plowing there will be a large crop sown.

Billy Andrews and wife of Crayneville were the guests of Tom Broadwater's family Saturday and Sunday.

Miss Jennie Clement will begin her school at New Salem the first Monday in August.

D. R. Riley and family, of View, were the guests of W. C. Tyler's family last week.

Willie Lowry and wife have just returned from Nashville, Tenn., where they spent a week taking in the exposition.

Rev. Thomas Wring filled the stand at Children's school house first Sunday at 2 o'clock.

Uncle Jimmy Shewcraft, of Salem, spent Sunday with friends in this section.

TOLU.

S. B. Weldon has sold his property on corner of Main and Broadway to Rev. J. B. Deboe, of Sheridan. Mr. Weldon takes charge of a hotel at Elton, Ill. this week.

McCord, of Evansville, bought and shipped a nice lot of kogs from here last week.

We are astonished at the way some people do business, after the boys have spent so many weeks in moulding brick and building such a nice structure, they "turned in" the other night and set the whole thing on fire.

George Beard moved to the Taylor house on Water street.

W. P. Crider is soon to be a resident of Tolu again.

Mrs. J. O. Dixon, of Marion, spent a few days here with relatives last week.

Rev. L. J. Millican and family returned home Saturday, they seem like long lost friends.

There is no person, town, nor thing that is free from faults. We have here on the Ohio one of the nicest little towns that is to be found; there being not a saloon nor gambling house but few who drink and play cards, yet there is a thing or so we lack to be perfect. Our merchants will bring on toy lottery, and in the store room of two brothers the young boys have found a wheel of fortune and they are tickled to watch their first art at gambling. Such ought not to be. Wallace Bennett moved off like a cloud last Wednesday towards Blackford. In his last talk on the female sex he remarked: "But there is Nunn who is as sweet as pie."

Walter Clement will step into the Guess & Clement store as a share holder Wednesday. The doctor will exit.

R. F. Moore has rented the T. C. Carter place near Levisa.

Miss Mattie McFarlin, of Elizabeth town, Ill., is visiting relatives in town.

The Croft & Barnett Mercantile Co. will sell their stock of goods Tuesday to the highest bidder.

A. J. Bennett is getting orders for flour, meal and bran as fast as he can fill them.

G. B. Crawford takes the lead this year, of his own crop of wheat he threshed 3000 bu., from three farms 9,000 bu., but in all about 11,000 bu. Albert Guess something over 9,000 bu., and R. A. Moore about 8,000 bu. making a total of 28,000 bu. No doubt no other section of the county can give a wheat showing than this, nor a better quality.

EMMAUS.

Barbecue at the Hodge Cave Saturday, and a good time is anticipated. Come one and all.

If it was not for the school tax agitation in this district—Elm Grove—and a barbecue now and then, this neighborhood would be too dead to attend its own funeral.

The best way to aid the Press is to pay your subscription. What do you say, delinquent?

Miss Lula McWhirter spent last week visiting relatives on the Childress bluff.

Tom Sunderland and wife returned home Sunday after a protracted visit of several days duration.

Rev. Kinsolving has a surplus horse that he wants to barter for a buggy.

Jap Riley of Kuttawa is down on his farm and preparing to give the fish and squirts a warm reception.

Harry Butler spent Friday in the View neighborhood buying cattle.

As you sell your wheat pay the Editor, so that he can buy some of the flour.

Albert Butler made 742 bushels wheat, and is more than gratified at the yield. He contemplates sowing one hundred acres of the golden grain this fall.

George Boaz and family were the guests of Graves Parrish and family Tuesday.

Henry Brown, our local tobacco dealer, returned home last week from Illinois.

Peace has at last been declared in East Claylick neighborhood and everybody appears to be as mellow as a malt.

P. A. Sunderland is in this part spending his vacation and electioneering for Miss Wheeler.

The revival at Tyler's Chapel closed Thursday, without any additions to the church.

Miss Mira Stephens, of Salem will teach in the Brown district again this season.

IRON HILL.

Crops are doing well.

Several threshers in this section. The wheat crop is better than it was thought to be.

Miss Alice McConnell has been quite sick for several days.

Mrs. Annie Dean, Misses Florence and Olive McConnell, and Mr. Edgar Lamb visited relatives in Bell's Mines county Saturday and Sunday.

Lamb & Crowell are building a large stock barn for Albert McConnell.

Jim Bradley is buying wheat in this community at present.

Misses Susie and Dannie Williams returned home Sunday after a week's visit to this neighborhood.

Miss Lillie Wilson commenced her school at Lamb's school house August 2.

Guthrie Travis is teaching a singing school at Enon church.

J. A. Wood and J. C. Brown went to Hopkinsville last week to place Henry W. Wood in care of the Asylum. Henry's mind became unbalanced and he left home one morning and did not return until late the next day, much to the distress of his family and friends. It is hoped his unfortunate condition is only temporary.

CREAT SALES prove the great merit of Hoots' Sarsaparilla. Hood's Sarsaparilla sells because it accomplishes GREAT CURES.

FREDONIA.

Dick Cruce of Texas was in town and vicinity last week, calling on his relatives and old acquaintances. He was looking as bright as a May rose and gay as a lark.

Tom Custard, formerly of this county, but who has been absent for several years, was in town last week greeting his old army comrades and friends of his boyhood days.

Several of the citizens of the town and community are camping out at the Hill spring, a few miles from town, for a few weeks' recreation.

It seems as though a great many people delight in being humbugged. They buy a county right for every little machine that is brought along, and never make a nickel out of the investment, the one selling the right being just that much ahead in the transaction.

Farmers are complaining of the scarcity of tobacco worms.

John Dorr has a good mare that he is afraid he will lose; she has the distemper.

Norvel Farris and Blanton Boyd of Salem were in town Sunday.

Fred Guess and sister, Miss Minnie, of Crider, were visiting here Saturday and Sunday.

Will McElroy and Miss Nunn attended services at the C. P. church Sunday.

James McElroy, of Crider, was in town Saturday.

Ray Baker, of Crider, was in town Sunday night.

The weather has been oppressively warm for several days past.

Wheat threshing is about finished. Miss Willie Stone, of New Bethel, with her guest, was in town a few days since.

We have the nicest line of dress goods ever in the town, and are selling them at the lowest prices ever heard of. Come and see.

Bugg & Loyd, If you do not want to miss a bargain in slippers come at once.

Bugg & Loyd.

Revenue Collections.

The preliminary report of the Commissioner of Internal Revenue for the last fiscal year was issued last week. It shows the following collections for the year ending June 30 by districts in Kentucky as follows:

Second—Joshua D. Powers, \$1,371,270.87.

Fifth—Ben Johnson, \$8,793,011,45.

Sixth—Alexander Daveaze, \$2,308,018.41.

Seventh—Wallace M. Shelby, \$1,503,463.24.

Eighth—Charles H. Rhodes, \$1,682,193.70.

"Last summer one of our grand children was sick with a severe bowel trouble," says Mrs. E. G. Gregory, of Fredericktown, Mo. "Our doctor's remedy had failed, then we tried the Chamberlain's Colic, Cholera and Diarrhea Remedy, which gave speedy relief." For sale at Orme's.

Hot winds are general in Kansas, and farmers are becoming uneasy about the corn crop.

Chamberlain's Colic, Cholera and Diarrhea Remedy always affords prompt relief. For sale at Orme's drug store.

Reports from the New England, Middle and Western States indicate the largest crop of hay in many years.

Don't neglect a cough because the weather is pleasant; before the next storm rolls around it may develop into a serious difficulty beyond repair. One Minute Cough cure is easy to take and will do what its name implies. At Haynes drug store.

The more careful a man is in buying the more skeptical he is in selecting his pants, the better we like it; he will then more fully appreciate the BUCKSKIN BREECHES; he'll see at a glance how carefully they are made. When he puts his hands in the pockets he'll find a printed guarantee which says: "If not as represented your money back. They couldn't be more—they'll never be less."

From 12,000 to 15,000 natives are now under arms in revolt against the British in India, and the revolt still spreading.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhea Remedy," writes Dr. R. E. Roby, physician and pharmacist, of Olney, Missouri, and as he has used the remedy in his own family and sold it in his drug store for 6 years he should certainly know. At Orme's.

A general strike of the Pants makers Union went into effect Monday in the 250 shops of the Greater New York district. The fight now is for a restoration of the former scale of wages.

SALE NOTICE.

By virtue of a judgment of the Crittenden circuit court in the case of J. P. Pierce et al vs R. N. Dorr, I will, at the court house door in Mission, Monday, August 9, offer for sale to the highest bidder, upon a credit of six months, the Marion Planing Mill property, consisting of the lot and building, engine and boiler two planers, one resaw, two rip tables and saws, one scroll saw and fixtures, one chisel and fixtures, one work bench, tools and turning lathes and fixtures, shafting, pulleys, belting, etc. A. Wilborn, Com.

Do not make your children to be come decrepid in after years by giving them chill tonics containing arsenic. Arsenic ruins their bone and puffs them up. They look better—for a while. The arsenic finally shows its ghastly results. Dr. Bell's Peppermint Chili Tonic contains no arsenic. It makes stout, sound bone. It makes real flesh—health itself. It cures chills permanently.

NOTICE.

Parties wanting St. John plow points will let me know at once. I do not keep any of said repairs in stock, but will get you what you want. Let me know No. of plow, right or left hand for parts wanting.

Poor Blood

is starved blood. It shows itself in pale cheeks, white lips, weak digestion, no appetite, exhaustion, lack of nerve force, soft muscles, and chief of all, weak muscles. Your doctor calls it Anemia. He will tell you that the weakening weather of summer often brings it on.

Scott's Emulsion

of Cod-liver Oil with Hypophosphites, will make poor blood rich. It is a food for over-taxed and weak digestion, so prepared that it can easily be taken in summer when Cod-liver Oil or even ordinary foods will repel.

SCOTT & BOWNE, New York. For sale at 50c and 75c by all druggists.

That Tickling

in the throat is instantly relieved by Dr. Bell's Pine-Tar-Honey—a wonderful remedy for coughs and all troubles caused by inflammation of the mucous membrane of the throat and respiratory organs. A purely vegetable compound, it contains nothing but healing and invigorating medicinal properties. It is guaranteed to cure the most stubborn cough, as well as asthma, bronchitis, sore throat, La Grippe, whooping cough, and croup.

ACARD.

To the Voters of Crittenden County: I am a candidate for re-election to the office of Circuit Court Clerk. Deeply grateful to you for what you have done for me in the past I earnestly solicit your support again if you have found me worthy and competent I have used every exertion to discharge the duties of the office with credit to myself and satisfaction to you. In the discharge of my official duties I have made no distinction on account of politics, condition or race, but have endeavored always to treat all men exactly alike.

If re-elected I can only pledge you that I will as earnestly and conscientiously strive during the next term to meet every requirement of the place as I have in the past.

Believing I can serve you acceptably I want to assure you that I will heartily appreciate the support of every one.

Your obedient servant, H. A. HAYNES.

A Successful Remedy For Hog Cholera has Been Found.

The Rex Hog Remedy

Was given more than two years test in various localities before being placed on the market.

LaPlatte, Neb., Feb. 10, 1897.—The Rex Hog Remedy Co., Omaha, Neb.—Gentlemen: In reply to your inquiry as to the condition of my hogs, I say that I have used your remedy right along as you prescribed for prevention and, although my next neighbor lost 150 head, my hogs have kept in excellent condition and have been improving right along. Yours truly, J. S. Gearhead.

Volin, S. D., Dec. 34, 1896.—The Rex Hog Remedy Co., Omaha, Neb.—Gentlemen: My hogs had the cholera. Out of 100 I saved eighty one; lost twenty one. I had as many as thirty four sick at once. Your Remedy did excellent work under the circumstances. Yours truly, E. S. Volin.

When discussing the merits of a piece of goods with one of our harness dealers Monday, Mr. W. S. Watson, of Flatlick, produced a leather horse collar that had been in use 26 years. He purchased it 26 years ago from D. Woods and has used it every season since, and it bids fair to render service several years yet.

Mr. J. W. Sheffer of Tolu was in town Monday. He said: "I have a grievance with the Press. You have been telling about Phil Croft's big wheat crop and failed altogether to state that I raised that crop. Yes, it was on Phil's farm, but I am his farmer; so you see I am entitled to come in for a mead of the praise."

Rev. J. P. Halsell assisted by W. T. Oakley have just closed a successful meeting at Flatrock. There were eight conversions, eight additions and a general revival of the church. Mr. Oakley, who is an elder in the Oakley Grove church, has been one of the most successful workers in the county. Several excellent revivals have resulted from his work, and he has done the cause a great service.

If we are not proud of our reputation and good name then the BUCKSKIN BREECHES might be less than the best. But we take a personal interest in the wear of each pair of breeches—take a pride in having all our friends say that every claim we make is honest, every stitch is honest, every button on to stay, every seam perfectly sewed. That's our best.

Senator Deboe at Home.

Senator Deboe arrived home from Washington last week hale, hearty and happy. Washington life and congressional life evidently agree with him. As is known he has returned from the law firm of Blue & Deboe, and it is not probable that he will again engage in the practice of law during his term as Senator. His promotion to the exalted position of United States Senator, and his association with the political nabobs of the capital have in no wise congealed his usual sociable disposition. He is as approachable as any man in town, and is evidently in good humor with all the world and the rest of mankind.

Since he came home, Marion has again become to some extent a Mecca for the boys who are wanting a job, and it's no longer a surprise to see a stranger in the village.

A Runaway.

Yesterday three boys, sons of Mr. George Masonup, of Livingston county, were passing through the county in a buggy. They stopped at a spring to water their horse, slipping the bridle off so the animal could drink easily. The horse was frightened and ran, turning the buggy over and bruising two of the boys severely. They stopped in town and had a physician to dress the wounds of the youngest boy; he was badly bruised about the face and knees.

Fires.

Last week a big corn pen belonging to Tobe Tackwell near Frances was destroyed by fire. There was a big lot of corn in the pen, and the loss was pretty heavy for Mr. Tackwell.

The day following this a tenant house on the farm of Frank Jones, in the same neighborhood was burned. It is thought that both fires were of incendiary origin.

Peoples Party.

Are called to meet at Marion, Monday, August 9, county court day. Every candidate that was nominated are requested to attend and accept or retire, so that some places can be filled. We will have speaking by Joe Parker and Ben Keys. Come everybody as there is business of importance to transact.

W. H. Brown, Chm.

Knights of Honor.

Capt. H. C. West is meeting with splendid success in the reorganization of the Knights of Honor lodge at this place. He has between thirty and forty applications for membership already, and confidently expects fifty. Persons wanting good reliable life insurance at cost will do well to see him this week.

He also has flattering prospects for the organization of a lodge at Dycusburg.

Residence Burned.

The handsome nine room residence on the farm of Mr. H. M. Cook, two miles west of Ford's Ferry, was destroyed by fire Tuesday night. The house was occupied by Mr. R. L. Flannery. Late in the night the fire was discovered, and had spread to such an extent that it was impossible to save the house. A portion of the household goods were saved. The loss was partially covered by insurance.

Clover Huller.

I will run a first class clover huller in this county, if the amount of work will justify it. All who want clover hulled, will please give me their names and number of acres. Do this as soon as possible.

S. S. CONVENTION.

An Interesting and Profitable Gathering at Hurricane.

Good Addresses, Charming Music and A Spirit of Work.

The nineteenth annual Sunday School Convention of Crittenden county met at Hurricane church on Tuesday, August 3. Called to order by county president, who in a brief way stated the object of the county convention.

Devotional exercises were conducted by Rev. R. D. Bennett, and after service Bro Bennett made a good talk to the children, showing the profit derived from obedience, after which we had songs by the Hebron class.

Rev J. F. Price was elected chairman and R. M. Frank clerk.

County organization, its needs, its work, its claims, by B. F. McMillan, followed by J. F. Price.

A song by Hebron class, "Let the sun shine in."

Report of District Presidents—No 3 report by R. M. Franks, which was encouraging in some respects. A general report by county president.

Song by Hebron class.

How may statistics be procured, opened by county president and followed by others.

We then had a fine talk from brother Hugh Watson, of Livingston county, followed by Mr. Price.

Prayer by L. J. Millican, song by the Hebron class.

Duties of parents to their children led by R. M. Franks, followed by L. J. Millican, B. F. McMillan, Robt Thomas and others.

THE COLORED TEACHERS

Of Crittenden, Caldwell and Lyon Counties Meet in Marion.

The colored teachers of Crittenden, Caldwell and Lyon counties are holding their joint teachers institute at Marion this week. They convened in the court house Monday and were called to order by Miss Mina Wheeler, the county superintendent. Devotional exercises were conducted by H. A. Freeman.

The following officers were elected: H. A. Freeman of Caldwell, President; G. W. Brooks of Crittenden, Secretary; Fanny Woods of Caldwell Assistant Secretary; S. H. George of Caldwell Vice President; Tony Hughes of Crittenden, Critic.

The instructor, Prof. J. H. Jackson of Frankfort, was introduced by G. W. Brooks, who said that owing to the popularity of Prof. Jackson among the colored teachers of Kentucky, he needed no formal introduction.

The conductor then outlined his plan of work, stating clearly the object of the institute. He said that its purpose was not to add to its store of knowledge of the branches to be taught, but to improve and put in possession of such methods as will enable us to get the best possible results from teaching. He requested the teachers to be pointed and practical in their talk, to make frequent use of the blackboard in illustrating their methods, and to use their scratch books freely in noting facts of importance.

Eighteen teachers then enrolled their names.

The committees were then appointed and the institute adjourned until the afternoon.

In the afternoon, when the institute convened, the teachers responded to the roll call with quotations touching upon educational matters.

Rev. E. J. Simpson was made an honorary member of the institute.

The conductor, having outlined the subject on blackboard, made a forty five minute lecture on physiology; he placed great stress upon the importance of cultivating the emotions, affections and desires, and of keeping them in subjection to the will. In discussing the desires he said they were cravings of the soul for some real or supposed good; that we ought to be certain that what we crave is for our real good; that nothing which we desire at the expense of another's happiness or welfare can result in any real good for ourselves. He emphasizes the importance of object teaching in the primary grades as a means of giving the child's mind a bountiful supply of perceptive knowledge, which will result in conceptive knowledge as the child advances in age and thought power.

Psychology and teaching their mutual relations was then taken up and discussed by several teachers.

The instructor spoke briefly of the Herbartian doctrine of attention. Mr. Thurman attaches much importance to the teachers being attentive and interested in his work himself, as a means of securing the attention of his pupils. The instructor illustrated the method of cultivating attention by keeping the pupil always on the alert in the recitation.

R. Cruce thinks the teacher responsible for the bad habits of his pupils, for as it lies in his power to prevent and correct them.

Miss Banks said she would lecture the children frequently on the subject of habits and use all possible efforts to have them overcome their bad habits.

Observation, nature study and memory were thoroughly discussed by several teachers.

The institute will be in session five days.

Prof. Jackson is connected with the colored normal school, of Frankfort, and is a man of good talent.

While he is the central figure in the institute there are other teachers who are in the lead in educational work among their people. Brooks, Foreman, Simpson and Tony Hughes are men who are doing a great work for their race, and deserve credit for the earnestness and success they carry into the world.

Jackson lectures at the courthouse tonight, and no doubt his lecture will be instructive and entertaining, and he should have a crowded house.

Hot Winds.

Kansas City, Mo., Aug. 3.—The terrible hot winds sweep through Kansas, leaving scathed paths of parched vegetation behind them.

At Larned, as a result of one day's wind, fruit was blistered on the trees. Through the vast belts of grazing land in Western Kansas and Nebraska, and in Colorado, Texas and Oklahoma the ground is parched and for some time rangers have been hurrying live stock to shipping points.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or are troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are assuredly guaranteed by its use. Fifty cents and one dollar at Orme's drug store.

There is something wonderfully attractive in this open air life—this going back to mother Nature for a home. The nearer we get to the old lady's warm, maternal heart the more we learn to love her. One learns how few are our real necessities, and how largely our wants are artificial. I have heard it said that the most sophisticated dwellers in cities will leave his luxurious home, with its ease and comfort, and a few days of wild life in the mountains or plains will reveal to him that there is a very thin veneer of "culture" upon him, after all, and that to relapse into semi barbarism is not so difficult.

To toll on the grass, eat apples, wonder what one is to have for dinner, take a leisurely nap, saunter through a game of croquet, pretend to read a little and really to yawn a good deal, occasionally to awaken to a lively interest in some game of checkers; to watch the people who go riding by, so busy, while we are so lazy, these are a part of the camper's experience through the day. But when the sun has retired from his blue empire, and gentle night comes to the scene, when the last meal of the day has been eaten and there is positively nothing to be done, then a new side of the picture is presented to the view. Now the katydid—put in her voice in evidence, the gentle tree toad awakes to life once more, "The beetle booms ethereal the thickets, to the moon cometh and locketh down alone." and every variety of night wandering bug has an immediate and pressing engagement at the nearest light. Then the musical ones in our camp are astir, and their voices swell out in the strains of some well known hymn, or an old war song is recalled. Some evenings the tones of the violin are heard, the gentle guitar and the tinkling mandolin, with the deep notes of the organ to swell the sound.

Soon after drink some more water, and so go on all through the day, and as you drink so will you prosper as a camper.

APPLE KING OF THE WORLD.

A Man in Kansas Who Has 100,000 Trees in Three Counties.

Judge Wellhouse is called the apple king of the world. His orchards in Kansas, says the Kansas City Times, consist of 1630 acres, containing 100,000 apple trees, and are located in the counties of Leavenworth, Miami and Osage. In thirteen years he has picked over 40,000 bushels of apples, and whenever he has any money to spare he buys a little more land and sets out some more apple trees. Growing apple trees is his passion, just as gambling is the passion of some men and fast horses the passion of others.

"I take more delight in planting apple trees and seeing them grow," said he to a Times correspondent, "than in anything else in the world." Chief precedence, as to favorite varieties, is given to the Ben Davis, of which he has 630 acres; Missouri Pippin 300 acres; Jonathan 400 acres and Gano 100. He being the apple king, with an experience of thirty-eight years in Kansas, thirty years having been spent in apple culture, his methods, from his own lips, too, ought to be of interest not only to all farmers in Kansas but to all citizens who have any interest in the product adapted to the State.

"In planting apple trees use land in as good a state of cultivation as for other crops. Make the rows north and south, thirty-two feet apart, by turning a straight plow furrow to the west, and another to the east, some twenty inches from the first; the mid strip thus left is thrown out by another round with the plow, the last furrow being about ten inches deep. In the bottom of this dead furrow, running a listing plow, with subsoiling attachment, and then cross marking with any device to indicate the location for the trees, sixteen feet apart in the rows, completes the preparation of the ground.

"Thirty two year old trees are always considered as most preferable, but those a year older are not objectionable.

Do not make your children to be come decrepit in after years by giving them chill tonics containing arsenic. Arsenic ruins their bone and puffs them up. They look better—for a while. The arsenic finally shows its ghastly results. Dr. Bell's Peppermint Chill Tonic contains no arsenic. It makes stout, sound bone. It makes real flesh—health itself. It cures chills permanently.

Why Should You Hesitate.

There is no reason why one should stop to discuss the trip to Old Point if he expects to take a summer outing at all, for no railroad can boast of so many lovely mountain resorts and such a variety of health giving waters to say nothing of the invigorating plunge in the surf, all of which can be enjoyed for a small outlay. All who can do so will go somewhere, and no better time or inducements are offered than will be afforded by the excursion to Old Point Aug. 11.

You pass through the renowned blue grass region of Kentucky, thence through the towering Alleghenies, with their wild and rugged scenery, along the banks of New and Greenbrier rivers, with all the picturesque quaintness nature could bestow, onward through the renowned Blue Ridge, at the foot of which nestle the most beautiful and attractive valleys, with their smooth and lovely carpets of green reaching far out up on the hills.

The very appearance of Southern land's Eagle Eye Salve signifies that this remedy is new and original in itself. It is manufactured on an improved method. The many miraculous cures of long standing that are being accomplished by its use emphasize its importance as the greatest cure known for any and all kinds of sore eyes.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers, in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at Orme's.

Who can fail to take advantage of this offer. Send 10 cents to us for a generous trial size or ask your drugist. Ask for Ely's Cream Balm, the most positive catarrh cure. Full size 50 cents.

Ely Bros., 55 Warren St. N.Y. City. I suffered from catarrh of the worst kind ever since a boy, and I never had relief for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results. Oscar Osterum, 45 Warren St. Chicago, Ill.

GENERAL HARRISON'S BOOK.

The Story Why Mr. Bok Released all Claims to Royalty.

The Indianapolis Journal prints this interesting story concerning ex-President Harrison's forthcoming book: General Harrison has just completed the revision of his articles which have appeared in the Ladies' Home Journal, making extended notes and additions to them. There is a little story in connection with both articles and publication. When the arrangement for the articles was made with General Harrison by Edward W. Bok, editor of the Ladies' Home Journal, the General was paid for them, with the understanding that when they were put into book form the magazine was to share the royalties accruing therefrom. Mr. Bok, however, of his own accord, generously released General Harrison from paying him any royalty, for the reason, as he states, that by the publication of the articles by General Harrison the subscription list of his magazine was enlarged many thousands. The profits to the Ladies' Home Journal were more than the publishers anticipated, and in view of this Mr. Bok asks nothing further. General Harrison placed the disposition of his book in Mr. Bok's hands. The best offer came to the editor from the Scribners, and to them Mr. Bok gave the book for his distinguished contributor. General Harrison's revision of the book has just been completed, and the volume will appear in the autumn.

A Remarkable Cure of Chronic Diarrhea.

In 1862, when I served my country as a private in company A 168th Pennsylvania Volunteers, I contracted chronic diarrhea and it has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors, without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy, and after that I bought and took a 50 cent bottle, and now I can say that I am entirely cured. I can not be thankful enough to you for this great remedy and recommend it to all suffering veterans. If in doubt, write me Yours gratefully, Henry Steinberger, Allentown, Pa. Sold at J. H. Obituary.

Little Herbert Wring fell asleep in the arms of Jesus June 16, 1897; age one year and three months. It is hard to stand around our darling baby's bed, and watch the bright light go from his eyes, and to know that our darling is to be with us no longer. But while it is our loss, we can realize it is heaven's gain. Dear papa and mamma don't weep for little Herbert for he is at rest, only bow down before your God and pray that you may meet your precious baby where sorrow never comes. We laid our darling to rest in the Union cemetery to wait 'till the resurrection morn.

A precious one from us has gone, A voice we loved is stilled, A place is vacant in our home, That never can be filled. —Aunt Ida.

Carbuncles

Appeared Each Season Until Blood Was Purified With Hood's Sarsaparilla—An Indolent Ulcer.

"For several years I was troubled with carbuncles on my left side and my back. They would disappear in winter and return the next summer. I began taking Hood's Sarsaparilla and have never had any carbuncles since. My little son had a fever and an indolent ulcer appeared on his left limb and spread half way around it. Our physician recommended a blood purifier and I gave the boy Hood's Sarsaparilla with gratifying results." A. G. B. JAMES, Polkville, Miss.

"I have been a great sufferer from muscular rheumatism and in October began taking Hood's Sarsaparilla. I continued its use until January when I could go about as well as any one and I have had no acute pains since." I. W. MINNICK, Grand Isle, Louisiana.

Hood's Sarsaparilla Is sold by all druggists. Price \$1.00 per bottle.

"Let me give you a pointer," said M. P. Gregg a popular conductor on the Missouri Pacific railroad, "Do you know that Chamberlain's Colic, Cholera and Diarrhea Remedy cures you when you have the stomach ache? Well, it does." And after giving this friendly piece of advice, the jolly conductor passed on down the aisle. "It is a fact that thousands of railroad and traveling men never take a trip without a bottle of this Remedy, which is the best cure for bowel disorders in the world. The 25 and 50 cent bottles for sale by J. H. Orme.

Teller on the Tariff.

Senator Henry M. Teller, for 40 years a Republican, has the following to say of the Dingley bill:

"It is the most outrageous tariff bill ever given to the people of this country. I do not believe in all the history of legislation among the nations of the world there was ever such an unscientific bill enacted into law. If the people of these United States fully understand the enormity of this act they would rise in protest against it. It is a travesty upon the principle of protection and adds in every way to the burden of the commoner.

"The tariff bill, as passed, has not only taken care of all the large trusts but there was no trust so small but what was afforded protection if it had a representative there to assert its claims. It is a measure designed exclusively for the benefit of corporations with little regard for revenue and none for people.

"Why was there no taxes placed on beer? It would not have been paid by the consumer. The reason is that an election is approaching in Ohio, and the cry went up that if beer is taxed the State would be lost to the Republicans.

"Why was not tea taxed? Because protests would be entered against it and votes lost at the next election.

"The Republican party has revealed itself since the tariff bill of 1890 was passed, when it declared that the necessities of life should not be overtaxed, and that sugar was a necessity, used by all classes. Now they do not hesitate to put sugar beyond the reach of the poor man. Given the Senate, according to my figures, has increased the sugar tax as fixed by the House, 7 1/2 cents per hundred pounds.
