NUMBER 30.

A PLEASANT OUTLINE.

A Legend of the West Crowd.

The story of the West has always been a pleasant outline. It has a great deal of interest to all who have read the stories of the pioneers and the early days of the settlements. It is a story of adventure, of hardship, of heroism, and of courage. It is a story of the brave men who ventured into the unknown, and who fought against the elements and the wilderness.

The story of the West Crowd is a story of the early days of the settlements. It is a story of the hard work and the sacrifice that went into the building of the West. It is a story of the courage and the determination of the pioneers who went out to conquer the wilderness.

The story of the West Crowd is a story of the early days of the settlements. It is a story of the hard work and the sacrifice that went into the building of the West. It is a story of the courage and the determination of the pioneers who went out to conquer the wilderness.
