The REPORT

At Last in The Hands of Congress and Actively Expected.

Crittenden Press 1898-03-31 seq-2.jpg

The following is the report of the special committee of the House of Representatives of the United States, appointed by the Speaker of the House, to consider the measure of appropriation for the relief of the sufferers by the late heavy floods in the Ohio River basin:

The committee having carefully considered the report of the Executive Committee of the Ohio River Flood Relief Association, and of the various reports made by the various agencies engaged in the relief of the flood sufferers, and having been furnished with all the information that could be obtained, report:

The committee having carefully considered the report of the Executive Committee of the Ohio River Flood Relief Association, and of the various reports made by the various agencies engaged in the relief of the flood sufferers, and having been furnished with all the information that could be obtained, report:

The committee having carefully considered the report of the Executive Committee of the Ohio River Flood Relief Association, and of the various reports made by the various agencies engaged in the relief of the flood sufferers, and having been furnished with all the information that could be obtained, report:

The committee having carefully considered the report of the Executive Committee of the Ohio River Flood Relief Association, and of the various reports made by the various agencies engaged in the relief of the flood sufferers, and having been furnished with all the information that could be obtained, report:
