DO YOU WANT A WHEAT DRILL?

We have just received a Car Load of Empire Wheat Drills,

We have just received a car load of Empire Wheat Drills, the best made of this kind, in all sizes and shapes, and of all kinds of wheat drills sold in our store. This year's new model is the best drill made, and nine out of every ten will say that we have the finest and best. If you have one of these drills we will let you know what to do with it. We have a number of them, and we want you to come and see them. The number of these drills are not as we are open now and will take a chance to get them ready for you. Please remember.

Fertilizers

Last fall we sold 10 1-2 car loads of fertilizers; this fall we expect to sell 20, because every man who bought was pleased with the result. No better evidence of its worth can be shown.

WILL EATEN ONCE IN A LIFETIME.

A CRITICAL TIME.

DURING THE BATTLE OF SAN JOSÉ.

SICK OF WELL MEASURED AND DAY.

The picture at the battle of Lepanto was of the utmost importance. That battle was fought between the fleets of the Ottoman Empire and the Holy Roman Empire. The picture shows the two fleets engaged in battle, with ships on both sides firing at each other. The battle was a significant event in the history of the Mediterranean and had a lasting impact on European politics and warfare.
