AUGUST NOT CERTAIN BUT HOPED SOON

William T. Brown, in a signed letter to the Journal, says, after mentioning the concentration of the firm in the manufacture and sale of the new Patent Medicine, that the business had more than doubled since it was organized a few years ago, and that a large factory for the manufacture of the Medicine will be erected in a few months.

"It is intended that the new factory shall be one of the largest in the world, and will be erected on a site of more than 100 acres of land, with a view to the manufacture of the Medicine at a very low cost.

"I am prepared to receive orders for the new Medicine from any part of the country, and will be glad to supply it at the lowest possible price.

"Please address your orders to William T. Brown, Professional Physician, No. 22 Market Street, Cincinnati, Ohio."

NEW YEARS GREETING!

To Our Friends and Patrons:

We desire to express our thanks and appreciation for the very liberal shares of patronage given us during the year 1898. This has been truly good and we thank you. Our business is good and we plan to go on with our system of doing business—STRICTLY FOR CASH—probably better than ever.

We know that it is best.

There could be no argument on the proposition, that we can afford—do business on this basis. It is the only way to succeed.

We think to increase our stock in some lines and will be still to you at all times.

The Cleanest, Niest and Best Stock

Your Show in Marion.

Complete in every detail and up-to-date in every particular. We are satisfied that our business shall continue to increase and that we honest dealing, honest goods, courteous treatment and the best stock will cause our business to increase.

CASH BUSINESS.

Returning 100 cents in value for every dollar given us.

If this will merit our patronage we close this year with a very large increase over last year's business.

And again to you our valued friends and wish you the New Year may bring you a full measure of prosperity, we are

Yours very truly,

J. H. Clifton & Sons.

RAILSTOWN LOTION.

To Full Grown With Destroying the Horse Property.

Saturday night, a young man was seen to drive a spirited horse around the streets of our town, and to use the rays of a powerful searchlight to destroy the horse property. The horse was quite a credit to the stable, and was much admired by all who saw it. The young man explained that he had been conscripted by the government, and was compelled to destroy the horse property. He said that he would not be able to do this work for long, as he had to return to his regular duties at the end of the week.
