THREE THOUSAND KILLED.

Philippines Attack Americans and are Repulsed. With Many Killed and Wounded.

WHILE FIFTY-FOUR AMERICANS ARE REPORTED KILLED

March 9, 1900.

The long expected engagement between the Filipinos and the Americans as anticipated at 5:30 yesterday evening near the American camp at Baclayon, was followed by the terrible massacre of fifty-four Americans. It was a massacre that fully justified all the warnings and all the preparations of the American authorities.

The engagement lasted until 7 o'clock, and the American losses were considerable. The Filipinos, on the other hand, were not seriously hurt, but it is reported that they have inflicted heavy losses on the American army.

The Americans have lost 54 men, while the Filipinos have lost 11. The Americans are reported to have captured 50 Filipinos.

The engagement was fought near the American camp at Baclayon, about five miles from the town.

The Americans have been compelled to withdraw to safety.

The Filipinos have gained the upper hand.

PRESCRIPTIONS DO.

Our City Railroad

To the Editor:

The city council has in view today the question of laying a new line of rail for the purpose of removing the nuisance of having to cross the Kansas River at the foot of Main Street. The proposed line would be made to pass through the city and would be of the greatest benefit to the patrons of the city. The city council has in view the matter of the proposed line and is now ready to act in the matter.

J. H. Clark.

ELECTRIC LIGHTS.

A neighbor of mine is thinking of installing an electric light in his house. He has heard that electricity is the best and most economical way of supplying light to a house. He wants to know if you have any information about the cost of installing an electric light in a house.

R. F. Dorf.
