HELD OVER

Powers, Culton and Davis Are
Kept for the Grand Jury.

CULTON TELLS SOMETHING.

Frankfort Ky., March 27.—When court convened this morning the attorneys for the defense held a consultation and afterwards called County Attorney Polsgrove. Immediately after the consultation, Governor Brown for the defense announced that no testimony would be introduced for the defense and that they would waive further examination.

The pardon issued to Powers by Governor Taylor was tendered by ex-Governor Brown as a bar to the prosecution, and he asked that the defendant be dismissed. Colonel Campbell said the commonwealth denied Governor Taylor's right to issue a pardon at the time the pardon was granted.

Governor Brown moved that the prisoner be dismissed upon the evidence. The motion was overruled.

Bail was asked for. Judge Moore said:

"It is not my belief that Powers fired the shot which killed Governor Goebel, but from the evidence it is my opinion that he was connected with the conspiracy to kill him. I shall therefore order that he be held over without bail to the Franklin county grand jury that the case may be further investigated."

Attorney Ramsey, Culton's leading counsel, announced that his client would waive his examination and by agreement with the attorneys Culton will remain at home with his sick wife, under private guard.

In the case of Captain John Davis, Attorney Danlap for the defense stated that the defendant would waive examination and that an agreement had been entered into that bail should be fixed for Davis at \$5,000.

There were some startling developments in the Goebel assassination today. This afternoon W. H. Culton, who waived examination and was held over to the circuit court, went to the Capital hotel where he was in conference with the attorneys for the prosecution for over two hours. It was reported at the time Culton had made some kind of a confession. Tonight it develops the information gained is not sweeping in character. Culton's friends state his statement was not in the nature of a confession, but they admit he gave the prosecution some very important evidence which has heretofore not come out. This, it is inferred, is more against others alleged to be in the conspiracy than against himself.

While this was going on Henry E. Youtsey, the auditor's clerk, who was arrested at noon and locked up in jail, charged with being an accessory, sent for Campbell. The latter visited him at the jail and was closeted with him at the jail for some time. The report that Youtsey made revelations to the prosecution is wholly unfounded.

THE OLD COLUMBIA

Lead and Zinc Leased And To Be
Operated Again.

The Fluor Spar Company, which was organized in this county some months ago and is composed of well known local capitalist and St. Louis parties, has secured a ten-year lease upon the old Columbia Lead Mines, and, we are reliably informed, will begin operating it within the next thirty days. This is one of the oldest lead and zinc mining properties in the county, and previous to the recent developments in mining prospects, it was considered the richest mines in this mineral belt, and, so far as is known to the public, it still retains its commanding lead, and the announcement that it is to be worked again after fifteen years of inactivity, is invigorating news to those who desire to see the county take her normal position among the great mineral producing regions of the country. It was in the early eighties that the low prices of lead and zinc forced the closing down of the Columbia, but at that time so rich was the output, and so promising was the prospects that the miners who had helped to develop this mines, offered to work the property on the shares; failing in this they offered to bear the expense of running and pay a royalty on every ton of the product. Terms could not be made, however, and there has been a long period idleness that is at last to be broken. If, when the prices of lead and zinc was about one-third of what it is now, the practical miner saw a profit in working this mines, it certainly ought to pay a handsome dividend now, more especially as transportation facilities are so much better now than fifteen years.

A member of the corporation now in charge, tells us that a large force of men will be put to cleaning out the shaft at once, and that in the opinion of the officers and

mining experts of the company, it is the richest, by far, of mineral deposits in the county, and continuing he said: "We feel sure that when we get this property fully developed it will place this county in the fore-front of the lead and zinc sections of this country."

The old shaft at this mines is 130 feet deep. When the mines was operated last, there was a great deal of valuable machinery in use there; it has been standing idle for years and much of it is unfit for use, but it will be overhauled and such of it as can be utilized will be again put to service.

CIRCUIT COURT.

Several Cases Disposed and Many
More Continued.

The following cases have been disposed of:

Ed Henry, trespass, dismissed, having tried in quarterly court.

Franklin Millican, disturbing worship, defendant failed to answer and his bond was forfeited.

In the appealed cases of the town of Marion against J. H. Orms, a fine of \$20 in each of four cases was assessed, and two of the cases were dismissed; in the same matter Amplas Weldon was fined \$50 in one case and two cases were dismissed.

Asa Alvis, malicious cutting, defendant failed to answer, and the bail bond was forfeited.

Walter Thomas, gaming, fined \$20.

Henry Walker, assault and battery, fined \$20.

Berry Brasher, furnishing liquor to minor, fined \$50.

Harry Butler, firing weapon at random, dismissed.

Tuesday the grand jury returned an indictment against Frank McCoy, charging him with burning Reed's barn. He informed the court that he was unable to employ an attorney, and J. W. Blue and W. H. Clark were appointed to defend him, and the case was set for the fourth day of the term.

Where is Gov. Bradley, that he is not in the case at Frankfort?

A great nephew of Andrew Jackson killed a man Friday at Old Hickory, Tenn.

The Silver Republicans will hold their National Convention at Kansas City, July 4.

The Post says that it is startling if true. That's a confession on the Post's part that is likewise startling.

The erstwhile dark alley and black cat are nothing to compare with our city after night-fall these times.

If the dark of the moon has anything to do with the growth of vegetables, now is the time to plant them in Marion.

Carnegie and Frick have fallen upon each others neck, that both may continue to keep their velvet slippers on the neck of the people.

Gen. Joe Wheeler is about the only man in the country who has two birds in his hand, and is himself in the bushes as to which to turn a loose.

When President McKinley reads Golden's testimony he will see that there is territory nearer home for the profitable operation of his "benevolent assimilation affair."

Golden seems to be a fair witness for a man who knows nothing. If what he knows is nothing, what could he have told, if he had really been in the confidence of the assassin?

Judge Field has signed the judgment, declaring Beckham to be the lawful governor, and the case goes to the Court of Appeals at once. The attorneys hope to get the case taken up this week, and a decision should be had in a few days.

Now that the music throated voices of spring catch our tuneful ears and all nature is rubbing her drowsy eyes, preparing for the manifold duties of the season, the roads, unlike the rest of us, if we believe what we see in the papers, are getting good.

Mr. Taylor still hold the kraal in the northwest portion of the town, the brilliant young Governor Beckham is daily strengthening his position on the central kopje, while com Dan is throwing lydlite shell from the south.

It has been estimated by curious minded people that the Federal government could send one thousand troops to Kentucky within fourteen hours. The questions of quantity and ability are, however, not pertinent. The problem that is worrying some folks is, why won't it?

Representative Little, of Arkansas, introduced a bill appropriating \$300,000 for a soldiers' hospital at Hot Springs, Ark., at which shall be admitted soldiers of all the wars of the United States, who desire treatment of the peculiar diseases for which the waters of the springs are efficacious.

With death standing square in his path, but a short distance ahead of him, and no other way to travel, and compelled to move on, we can see more inducements for Golden to tell the truth than to tell a lie. The biggest prevaricator that moves on earth, is not inclined to court falsehoods as a portion of his effects, when he moves off to meet his God. "The whole truth, and nothing but the truth," should be the flag to call forth our devotions just now.

If peace in Africa, the Philippines and in Kentucky should happen at about the same time, the strain would be terrible to contemplate, and any attempt to endure would probably prove fatal.

In 1897 the average "base price" of nails in New York and Chicago was \$1.46 per keg; and in 1898, \$1.45; in 1899, when the trust was under full headway, the price had moved up to \$2.60. Barbed wire went from \$1.80 in 1897 to \$3.71 in 1899. This is certainly a return or new birth of prosperity for the trusts.

Hon. T. J. Nickel, our representative in the legislature was in town yesterday, meeting his many friends. He is healthy, hearty and in good spirits. There was not a more faithful member of the house than "Uncle Jeff," and his course throughout meets the approval of Democrats in his district. He is a courageous, honest, firm man—the kind to trust.

Census Supervisor A. C. Moore has completed the work of dividing the congressional district into Census enumerator district. There are 113 districts in the thirteen counties and one enumerator for each district. It may be of interest to some persons to know that the recommendations for these 113 places have all been made, and forwarded to the department for appointment.

Mr. Demaree, the temperance lecturer, failed to fill his appointment at this place Friday night. A great many of his old friends were disappointed in not having an opportunity to hear him. He is the oldest active temperance worker in the state. More than twenty-five years ago he took a hand in some of the hard fought local option fights in this section.

Gov. Beckham signed the bill putting three of the old and rich banks of the state on the same footing as are other banks in the matter of assessment for taxation. They have been operating under the old revenue law, claiming that powers and privileges once granted them by the state could never be withdrawn, thereby escaping the just mead of taxation. Of course they are "greatly outraged" in the matter, having forgotten the old, but ever good maxim of the party: "Equal rights to all, exclusive privileges to none."

It is well enough to keep your weather eye on the "non-partisan" movement to wash the robes of Kentucky and make them whiter than snow. There are some "non-partisans" in the State, but most of them are out in the grave yard and the others are not numerous enough to skin a beef. If you will scratch the back of one of these nonpartisan fellows, your hand, in nine cases out of ten, will irritate the hide of a fire-eating partisan who is simply smothering the flames for a little temporary advantage. Kentucky must be redeemed by the level head partisans.

Goebel Photographs.

The Women's State Organization of the Goebel Monument Fund informs the public that it has the exclusive control of all Goebel pictures, medallions, buttons, etc., made by E. TIN WEDDING BELLS.

"Father Time your footsteps go,
Lightly as the falling snow."

We can scarcely realize that ten years have elapsed since Mr. S. M. Jenkins led to the hymeneal altar the gifted and popular Miss Effie Wilson. The account was memorable as the first wedding in the Presbyterian church, and also the first wedding in the family of Mr. R. W. Wilson.

The clear moon-lit night and the snow-clad earth seemed emblematic of the fair young bride.

Time has dealt kindly with Mr. and Mrs. Jenkins, and at the close of the first decade of wedded bliss, we find them "at home" in the giant little city of Eddyville, the parents of three bright children.

On the night of their tenth anniversary their friends had decided to give them a surprise, but a "little bird" had told the secret, so when the guests arrived, each one bearing his present of tin, they were met at the door by Mrs. O. M. Jenkins and escorted to the bride and groom, who stood near the folding doors and received the congratulations of their friends.

The spacious parlors were very artistically arranged, filled with pretty pictures and exquisite bric-a-brac, while the long hall with its base burner diffused a warmth over the house most comforting.

After the usual greeting and hearty handshakes, the guests were given a slip of paper and a pencil and were invited to take part in a picture contest. Mr. Cox recognized the largest number of faces and was awarded first prize.

After conversing for a short while the "Mother Goose" contest was suggested and was immediately in progress.

It was indeed both amusing and ridiculous to see bearded men recite "Baah Black Sheep" and "Little Tommy Tucker." But a woman, as is ever the case carried off the honors and the first prize, a handsome Seville vase, was captured by Mrs. MacClelland.

After the contests several vocal selections were rendered—one by Mrs. John W. Wilson, especially pleasing.

Delightful refreshments were daintily served during the evening.

The Eddyville band furnished a delightful serenade.

At a late hour the guests dispersed, all pronouncing it a most delightful affair, and expressed a wish that the happy couple may live to celebrate their golden anniversary.

The out of town guests were Mrs. R. W. Wilson, Mr. and Mrs. John W. Wilson and Miss Kitty Gray, all of Marion.

A GUEST.

A HANDSOME STORE.

The re-arrangement of Mr. R. F. Haynes' drug store makes it one of the handsomest business houses in Southern Kentucky, and we doubt very much whether there is a handsomer one in the State outside of Louisville. Mr. Haynes is to be congratulated upon his good taste as well as his enterprising spirit. Wish we had several more such enterprising men in town.

WILL S. LOWERY.

A Leading Spirit in the Mineral Development of this County

Mr. Wm. Lowery, of Salem, was in town Saturday. He has great faith in the out-come of the mineral developments now going on in Crittenden and Livingston counties, and has perhaps done more than any other man to induce capital to this section for investigation and development. He helped to organize the Eagle Fluor Spar Co., some two or more years ago, and now this company, composed chiefly of West Virginia capitalists, own valuable mines and has invested largely in mining plants. Mr. Lowery has options on a large area of spar lands in the two counties and quite a number of these he has recently transferred to mining companies which are preparing to open up mines. He is in correspondence with other parties and expects to bring in more capital. He is thoroughly conversant with the location of all the best veins and is actively at work to interest capitalists in them, and we are glad to note that he is meeting with a large measure of success. He is a valuable man to the country and to capital seeking investments of this kind.

A LARGE PURCHASE.

Mr. A. H. Cardin Likes the Salem Tobaccos.

Mr. A. H. Cardin tells us that his purchase of tobacco this year amounts to 800,000 pounds of the weed. He has not been stripping for some time and expects to sell at home this year. The prices seem to be a shade better on this side of "the water." This is Mr. Cardin's second year at Salem, and he likes the tobacco of that section and will continue to purchase there. "I hope," he said, "that the farmers will put out a good crop in that territory."

As Chronicled by Our

Dr. Buckner, of Fredonia, was in our midst Thursday.

Miss Ollie Belt was buried at the Rushing graveyard the third day.

Mr. Travis and John Stewart, of Hill, made a flying trip through this section last Wednesday.

Frank Crider broke his arm about five months ago, and the doctor says he don't think he will ever have any use of it any more. This is a great misfortune on Mr. Crider.

NEW SALEM.

A little child of Mr. Tom Corser died the 24th.

Albert Cline, of Sheridan, was in this section last week.

Prof. Sutherland has organized a singing class at New Salem.

Rev. Thomas, of Marion, filled his appointment at Tyner's Chapel Sunday.

Roy Lamb, of Marion, spent last week with his uncle, Tom Harpending.

Spillma Threlkeld and wife are visiting relatives in Livingston county this week.

Feed of all kinds were never so scarce in this section as at present. Corn is 50c per bushel, and hard to get at that price.

There is a great deal of sickness in this section at the present. The

families of Jo Pace and Bunk Baker are all confined to their beds.

Our young friend, Attorney W. C. Franklin, had some business in 'Squire Stevens' court at Salem Monday. We hope Wallace will be successful in his venture as an attorney, as he is one of our neighborhood boys.

CARRSVILLE.

Deputy Sheriff Presnel has been in our midst looking after routine business of his office.

Rev. Wise, of Salem, preached several very acceptable sermons in the C. P. church last week.

The spring term of the graded school opened Monday with flattering prospects. While the number in attendance is not large, they make it up in earnestness. Several teachers are in attendance.

Thursday night a thief entered the store of Clemens & Likens, through a back door, and stole some four or five dollars in cash together with about thirty dollars worth of stamps; preceding to the wharf he then took Joe Harmon's skiff and left for parts unknown.

At 1 o'clock a. m. Monday morning the cry of fire roused the family of Mr. W. H. Davis, to find the elegant farm dwelling being eagerly devoured by fire. Every effort was made to save the building but to no avail. A few things were removed from the lower rooms and the elegant building left to its sad fate. No one was hurt. It is thought to be the work of incendiary.

WESTON.

R. S. Crowell has just recovered from the lagrippe.

SALEM.

Here we are again with lots of new good. Only a few things have advanced in price.

We have the nicest line of spring goods we have ever had.

When you hear a man talking advance on spring goods just come to us and get them at old prices.

We have the very latest styles. Pinks and grays are the prevailing colors.

This will be a white goods year, we are well fortified with white goods from 5 cents per yard up.

This will be the greatest shirt waist year we have ever had. Come to us for your shirt waist goods.

The very latest fad in ladies belts are pulley belts. We have the belts, and if you want to make the belts, we have all the goods and fixtures belonging to the belts, such as belting, rings and buckles.

We bought our spring goods in the largest market this side of New York.

Ladies, don't buy your spring goods until you see our prices from 3 cents per yard up.

Farmers, don't buy your every day straw hats until you have priced ours from 5 cents up.

In fact ladies and gentlemen don't buy anything until you see our goods and get our prices. We can and will sell you cheap and force others to do the same.

We have been paying more for produce than any other house in town. We are in touch with the market, and allow no man to set a price for us.

We made \$15 more on a single shipment of eggs than we were offered for them here, we paid the people \$15 more for these same eggs than others were paying at that time.

Come to see us.

Rappolee, Summers & Co.
Stood Dear's Off.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, if many complaints; gives perfect health. Only 50c at Orme's drugstore.

All things are cheap to the saving, dear to the wasteful.

Much pain and uneasiness is caused by piles, sparing neither age nor sex. TABLER'S BUCKEYE PILE OINTMENT cures the most obstinate cases. Price 50c in bottles, tubes 75c.—J. H. Orme.

It's hard to support a seal-skin woman on a muskrat salary.—Sewigwick (Kan.) Pantagraph.

Other medicines only gave temporary relief. After taking Foley's Kidney Cure, the result was surprising. A few doses started the brick dust, little fine stones, etc., and now I have no pain across my kidneys and feel like a new man. Foley's Kidney Cure has done me \$1000 worth of good.

R. F. Haynes, Druggist.

A man never fully realizes how golden silence is until he tries to buy some of it.—Chicago Daily News.

The results of an over-indulgence in food or drink are promptly rectified without pain or discomfort, by taking a few doses of HERBINE. Price 50c at Orme's drugstore.

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks MOTHER'S FRIEND is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. MOTHER'S FRIEND takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

YOUR EAR PLEASE

Will it Listen to the Truth?

Many are the needs that confront you with the advent of Spring. It is concerning these requirements and how they may be secured with satisfaction and economy that we wish to speak.

If it is open to conviction, if it is on the alert to gather up items of interest and advantage for the benefit of its owner GIVE US A HEARING.

Our New Spring Line is Now Ready!

The Largest, Newest, Stylish and Lowest-Priced Stock Ever Shown in Our House.

This is a conservative statement regarding facts, which can be easily substantiated any time you visit our store. Our great desire is to have you call and see our stock. It will speak for itself, the quality and style will be apparent and the price will present its own argument. We are building business on the great and strong power of Low Prices. Money spent with us gets more genuine values, goes farther, lasts longer, gets more style, more quality and does more actual good service than it can do elsewhere. Perhaps you'll say that this is pretty strong talk, but is it unreasonable when you consider that our business is conducted on a strictly CASH BASIS and that in fixing our percent of profit we do not have to take into consideration a single dollar lost by bad debts. Under circumstances of this kind

Don't You Think That We Can Afford to Sell on a Very Small Margin?

SHOES.

We don't suppose that our supremacy will be questioned in shoes. We believe that we have always sold better shoes for the price that could be had elsewhere. We have never had shoddy shoes. We do not think them cheap at any price. But have always sold good reliable goods for the least possible money. Our stock is the largest and completest in the county. No difference what kind of shoe you may want, WE CAN PLEASE YOU.

YES, there has also been an advance in shoes, leather is very much higher and of course it costs more to make shoes. But not one cent advance will we ask you, not only this but we can give you better values than ever before.

But notwithstanding this we shall continue to sell almost everything at OLD PRICES.

We have the exclusive control for this town of the best lines in America. It is conceded that the celebrated "VITALS" brand stands in the fore-front—they are handled by the best dealers in almost every large city in the United States. Is complete in every detail. We have them from 75 cents to the finest in town.

We Challenge a Comparison

TO THE COLLECTORS.

Let us all begin work for the Goebel Monumental Fund in our respective districts at once. On account of delay on our part and some change in plans, we are bound to extend the time to the last week in April. The committee is selling a picture of Gov. Goebel for the benefit of the fund. They have those that his brothers have decided are best, and have exclusive sale of them. We have decided to sell them in this county; it will help our fund and enable us to get good pictures. We will send you samples and prices as soon as possible. Tell your people about them.

We are sending you certificates of appointment. If you don't get them promptly, write us, but do not wait a reply, commence work at once; your neighbors have noticed your appointment in the Press, besides, they know you and have confidence in you. These certificates are so arranged that you can delegate some or all the actual work to others if you think best.

Please to work thoroughly; miss no one who might like to contribute;

but; don't forget the children. So far as we know, a little girl has the honor of heading the list in this county. As soon as the movement was started, before I thought of being ready to receive subscription, a very good donation was sent by Virdie C. Fox, of Iron Hill. I hope the people will follow her example, and not wait for you to find them, but hunt you down and compel you to take from them a generous donation, even before you are ready. Mrs. John Casner has already sent in a good report from Red Top district accompanied by cash. Wish you all good luck.

I am yours cordially.

PARALYSIS

CURED IN ONE MONTH BY OSTEOPATHY.

J. Z. BECK, OF GALLATIN, TEN

"I was always a healthy and hearty man until last December, when I was stricken with paralysis. The stroke affected my right arm and right leg and it was very difficult for me to use either. I weighed 145 pounds when paralyzed, and commenced to lose flesh until I only weighed 116 pounds. At this time I began the Osteopathic treatment. I now weigh 123, a gain of 7 pounds in one month. "When I was paralyzed I took a severe pain in my head, which continued until I found relief in Osteopathy. I had previously been subject to the pain in my head, and it was thought to have been caused from being thrown from a mule 43 years ago. "I was also afflicted with consti-

pation, and when I took medicine to relieve me I would be compelled to take an astringent afterward.

"Before treatment I could not walk, could not control my legs, neither could I use my arm. I could not put a cup of coffee to my mouth without using my left arm. I can now walk with very little trouble and can use my right arm freely, can pick up a scuttle of coal and carry it or any other article that is not too heavy.

"My head does not hurt me any at present, and I can say it is the first time it has been easy for a year. I have found a great deal of relief from constipation, and I think I will be cured of it.

J. Z. Beck."

This is an example of the results being obtained at the Southern Infirmary of Osteopathy, Franklin, Ky. Information will be sent to any of our readers who write for it. Address

SOUTHERN SCHOOL OF OSTEOPATHY Franklin, Ky.

On Friday and Saturday, April 6th and 7th, I will have my annual millinery opening. Everything shown in new shapes, shades and styles of trimming will be exhibited. Mrs. FRANCES GIVENS.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy for dyspepsia, deranged liver and stomach and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at J. H. Morse's. Sold by all dealers in all civilized countries.

HE FOUND IT.

Wife Didn't Exactly Follow His Suggestion as to Presents.

"My wife has been questioning me for the past three weeks about what I would like for Christmas."
"Well, I suppose you told her."
"Yes. The first thing I thought of was an umbrella, because it is quite a distance from my house to the train, and I have to walk it. A nice umbrella would come in handy on rainy days. Then there are some books I would like very much. I gave her a list of them as nearly as I could at the start, and have been adding to it day by day as I happened to think of something else in that line. I mentioned cuff buttons and studs for full dress occasions, and I gave her to understand that if she did not feel like troubling herself over the matter, I would be glad to take the money she had set aside for me and buy myself some cigars. Last night I had occasion to look into a closet we don't use much, and there I found my present, all ready to be placed before me on Christmas morning."
Of course, then, she hadn't quite adopted your suggestion as to the cigars.
"No, I'm going to be made glad with a beautifully worked sofa pillow."
—Chicago Times-Herald.

What "Pap" Told Him.

A party of drummers had assembled at a railroad station in a nearby village to wait for a train. One of the drummers was very bald, and the other was gazing him about it.
"Well," said the bald one, "there wasn't room for the brains and the hair, and the brains being most numerous pushed the hair away."
A snail countryman, who was standing near by, put in: "That ain't what pap told me."
"What did he tell you?" asked one of the drummers.
"Pap," responded the countryman, "allus 'lowed as how er empty barn didn't need no liver."
The bald-headed drummer bought the drinks.—Memphis Scimitar.

HELD OVER.

CONTINUED FROM FIRST PAGE.

ed. On the contrary it is said Youtsey stoutly maintained not only his own innocence but is ready to tell all he knows, nothing of which is of an incriminating nature. Youtsey's attorneys say they will go before Judge Moore and ask an immediate examination trial. One of the leaders in the prosecution said:

"Youtsey told us nothing we did not know already. We gained nothing from him. But we were more than compensated for the loss of what we hoped to extract from him by what we did get in the way of information from Cul-ton."

The democratic militia will be retained here till after the April term of the circuit court, which begins Monday and at which Caleb Powers and others are to be tried.

The Youtsey and Cul-ton arrests, followed by their alleged confessions, caused another flutter of excitement in both political parties locally, and Democratic Governor Beckham decided it best to keep the troops here.

Captain John Davis, who this afternoon was allowed bail, is still locked up in jail tonight having failed to secure bondsmen acceptable to the court. It is understood an acceptable bond will be available for him tomorrow.
