Guayamas, Tex., Nov. 12.—The lost Tayapa mines, celebrated in Spanish annals as having produced over eighty million dollars of silver and gold in the seventeenth century, is said to have been discovered in the Sahara district, near Sonora.

London, Nov. 12.—The Daily News today exhaustively surveys the concentration camp in South Africa, with the following conclusions:

"The truth is that the death rate in the camps is incomparably worse than anything Africa or Asia can show."

"There is nothing to match the mortality figures, even in famines, where cholera and other epidemics have had to be contended with at the same time."

Statistics are produced by the News in proof of this assertion.

Memphis, Tenn., Nov. 8.—Gov. Davis, of Arkansas, is making wholesale pardons of women who have been sentenced to the penitentiary. Gov Davis said:

"I do not intend confining women in the State penitentiary as long as I am Governor of Arkansas, unless the legislature gives me a reform school, which is suitable for their incarceration."

There are many women convicts left in the penitentiary, and general jollification reigns since they have been informed of the Governor's intention.

### Convict Taken From a Guard.

Columbus, O. Nov. 6.—C. A. Taylor, Alias Charles Lowrey, serving a ten years, sentence for robbing a bank at Chardon, O., assisted by two friends, escaped yesterday from guard Bowman, of the Ohio Penitentiary, on a Cleveland Akron and Columbus train.

Lowrey had been taken to Canton to testify and was being returned to the penitentiary.

As the train reached the outskirts of Columbus two men suddenly grappled with the guard, one of them throwing a handful of cayenne pepper in his eyes. At the same time the prisoner, who was handcuffed, jumped to his feet and ran with his friends to the car door. One of the latter pulled the bell cord and by the time the train stopped all three of the men were on the platform.

Guard Bowman, through blinded and suffering intense pain, followed the men only to be stopped by a revolver thrust into his face. The prisoner and his liberators jumped from the train and ran to the nearest roadway, followed by the guard, who fired several shots at them.

Reaching the road they compelled E. Horney and his wife, who were passing in a phaeton, to descend and give them the rig, in which they escaped. The horse and buggy were found eight miles north of Newark, O.

• HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, MD. Baltimore, Md., March 30, 1902. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md. Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

## Forty More Battleships.

The programme for new construction, calling for forty warships, announced by the Board of Bureau Chiefs of the Navy Department will probably be adopted by Congress with but few changes.

If any are made by the lawmakers they are more likely to be additional to the list of armor-clads than reduction.

The recommendation for only five armor-clads were made because Secretary Long thinks the sentiment of the country will not approve of more now. The board, if it had not yielded to the judgment of the Secretary, would have recommended at least eight iron-clads.

The adoption of the programme submitted will keep the percentage of our navy slightly ahead of that of Germany. It will not keep us abreast of the increase in the Czar's fleets. The Naval Committee of the two houses of Congress have during recent years always had the navies of the powers in mind, when making up the parts of the appropriation bill

dealing with new construction. Their aim has been to keep ahead of these powers in general percentage.

THE YEAR ONE DOLLAR

There are three Democratic magistrates in the county. Nothing like having seed on hand.

Congressman Wheeler appears to be pushing up toward the front.

The stock law turns up with over 1200 majority against it. It might as well been under the rooster, with the rest of us.

President Roosevelt yesterday appointed J. A. Craft, an ex-Democrat, to succeed C. E. Sapp as Internal Revenue Collector at Louisville.

Louisville is not entitled to much credit in going Democratic this year. She must do the thing in presidential years before she gets more than a half-hearted shake from this country Jake.

Ex-Governor Bradley and Senator Hoar have different ideas of the fitness of some things, though both are rock-ribbed Republicans. Hoar declined to deliver an oration in memory of the late President McKinley because he differed with him on the Philippine question. Bradley was called upon to make the chief speech at the unveiling of a statue of Thos Jefferson in Louisville the other day, and the father of Democracy was praised in a style to suit the most ardent Democrat; yet it is pretty generally understood that no part of Jefferson's creed ever met the approval of the versatile ex-Governor.

Gov. Beckham has sent a caustic letter to Gov. Durbin of Indiana, resenting the insult which Gov. Durbin casts upon Kentucky and its officials and courts. He accuses Gov. Durbin of violating his oath of office, and of protecting Taylor and Finley in fulfillment of an ante-election pledge. Gov. Durbin is accused of having unjustly and deliberately misquoted the record in the trial of Caleb Powers, in order to bring discredit upon an honest and upright judge. Gov. Beckham cites the opinion of the Chief Justice of the Supreme Court of the United States in the Davidson case to show that Gov. Durbin has no discretionary power whatever and must honor requisitions, as they are presented in good faith, as much so as a peace officer must serve a warrant.

After all, it seems that the story about Henry Watterson wanting to be Governor of Kentucky and the nominee of his party for President was well founded. It would be mighty hard for thousands of Democrats who imbibed their political tenets at the feet of this Gamaliel, years ago, to stand in the way of the star-eyed goddess of reform.

## A Card from Mr. Woods.

TO MY FRIENDS AND THE PUBLIC: The election is over and I am defeated, which situation I cheerfully accept, and will say that I fully appreciate the many acts of kindness shown me by my friends in the past, and especially those in the last election.

I wish to say to those who voted against and worked against me on account of principle from their standpoint, I have no unkind feeling for them; and to those whose zeal under excitement led them to do and say things against me in order to secure my defeat I freely forgive and have no malice or unkind feeling in my heart for them or for any one else.

Wishing the people of my country prosperity and happiness, I am, yours, etc.

D. Woods.

## Caldwell's Close Race.

The races in Caldwell county were the closest in years. W. H. Jones, Republican candidate for Representative, won over McChesney, Democrat, by 36 votes; E. G. Thompson, Republican candidate for Senator, carried the county over Porter by 16; Frank A. Pastour, Republican candidate for County Clerk, was defeated by Gresham, Democrat, by 43 votes; Pastour has held the office for 28 years as a Democrat. Wylie Jones, Democratic candidate for sheriff; W. M. Smith, Republican, Jailor; P. H. Darby, Republican, County Attorney; W. S. Randolph, Republican, for County Judge; R. O. Davis, Republican, for School Superintendent, were elected. W. D. Dawson, Democrat, for Assessor, won. The Republican majority last year over the Democrats was more than 200.

## HENRY WATTERSON

Will Lecture in this City Tuesday, November 26.

Hon. Henry Watterson, editor of the Louisville Courier-Journal, will deliver his famous lecture, "Money and Morals," at the opera house in this city Tuesday night, Nov. 26th. Manager Walker, of the opera house, secured the famous editor and statesman under a heavy guarantee. Watterson is one of the most popular speakers on the American platform. "Money and Morals" has carried all audiences by storm, wherever it has been heard. He is regarded as a probable candidate for governor of Kentucky in 1903, and many look upon him as a logical candidate for the presidency.

The lecture is the second attraction of the "Brilliant Constellation" lyceum course. Seats will be placed on sale Monday. All next week the prices will be 25c, 50c, and 75c. After Saturday, Nov. 22d, the prices will be advanced. Holders of season tickets are requested to secure their seats Monday.

## Wet or Dry.

One of the local questions now agitating the usually placid atmosphere of Marion is this, Will the new city council grant saloon license? There was some agitation of the question before the election, but no concert of action was taken by the anti-saloon element; an effort was made to center these forces on a ticket known to be dry but only limited interest was taken in the matter and but a few votes were cast for that ticket; the men who will constitute the new board have not expressed themselves publicly, but it seems to be understood that it is a "wet" council.

LOST.—On Friday, a spotted male hog, weight 180 lbs, right ear cropped and split; crop off left and bob tailed. Any information gladly received, J. P. Reed,

## MINING NOTES.

Two Rich Carbonate of Zinc Veins Opened.

Col D. C. Roberts, who has the management of the mines on Wm Mann's farm, near the line between Crittenden and Livingston counties, came up Saturday to spend Sunday in Marion. He is always chatty on the mining question, and is one of the best posted men on the ores, veins, dykes, shafts, et cetera, of this section. "We have a rich mine on the Mann place," he said to the PRESS "and expect to be shipping fine zinc ore within ten days. We are taking out chunks of ore that weigh from 400 to 800 pounds and our work now is of the initiative character only; we are simply uncovering and shaping the shaft; and drifts for the real work, when the real work begins we will show some as fine carbonates of zinc as was ever taken from the earth."

A law suit is pending in the United States court to settle the validity of the lease under which Messrs Roberts and Dr J. J. Clark are working this mine. Morton & Langbaugh, of Cleveland, Ohio, claim to hold a lease that antedates the Roberts contract and the suit is against James & James, Moore & Moore, and Clark & Roberts. It will come up for trial at Paducah next week. The parties in possession do not seem to be disturbed by the suit, and do not anticipate any serious impediment in establishing the validity of their contract.

Mr. J. N. Clark, who has been one of the most faithful prospectors in this belt since the excitement began, has at last struck it rich. For eighteen months, with pick and shovel, he has toiled unceasingly, meeting with disappointment after disappointment. His nerve never failed and hope carried him on. A short time ago he began work on the McDowell lease, near the Mann place, and last week he uncovered a vein of fine carbonate of zinc, and now his long delayed expectations are about to be realized. John deserves success and the PRESS congratulates him upon his splendid find of pay dirt.

Makes assimilation perfect healthy blood, firm muscles strong nerves. Quickens the brain, and makes and keeps you well. Great medicine, Rocky Mountain Tea. 35c. Ask your druggist.

## A False Report.

There are some people who delight in telling sensational stories. Thursday night certain individuals circulated the absurd report that the opera house floor weakened and "was quivering." The report was absolutely false. Those who circulated it had no reasons for doing so, other than a desire to frighten some one. There is not the least danger. The house is perfectly safe. Only a few months ago an entirely new north wall of brick, eighteen inches in thickness was erected. I have had reliable and competent architects and brick masons to examine the house. They all agree that the house is perfectly safe. Those who have been circulating the reports are not competent to judge the condition of the house, and have nothing to substantiate the sensational report.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors are scarce and they seldom have Appendicitis, Nervous Prostration or Heart failure, etc. They use August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took to feeling dull and bad with headaches and other aches. You need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by R. F. Haynes and J. H. Orme. Get Green's Prize Almanac.

## WORTH TWO BILLIONS.

### Senator Clark the Richest Man in the World.

Phoenix, Ariz., Nov. 4.—The American Mining News contains the following articles about the United Verde Mine, the property of Senator W. H. Clark which, if correct, would indicate that he is probably the richest mine, and he the richest mining man in the world.

"It has only lately come to light that the average value of the ore taken from the United Verde is \$15 per ton in all values—gold, silver and copper. This mine, so far as has been developed, including explorations and diamond drilling, below the present workings, shows an immense ore chimney, 400 to 600 feet across, which has been explored by shafts, tunnels and drill holes to a depth of 1400 feet.

"Just how it will be possible to work this mine down before the heat limit is reached is hard to say but a reasonable estimate would be 3,000 feet. An estimate by one of the best mining engineers in this country shows that the mine to the depth of 1400 feet contains 336,000,000 cubic feet of ore, and estimating eleven cubic feet to the ton, there are practically 23,000,000 tons in sight.

"If we carry these a little further on the present four values of the Alta Verde we have the average value of the ore equaling \$2,500,000,000. The present owner of the property has refused \$500,000,000 for the mine."

## DIAMONDS FOUND

### In Crittenden—Fabulous Story of Precious Stones.

It is reported that a mine has been discovered in Crittenden county that is thought to contain diamonds. Two men from that county were in the city a few days ago and gave out the information but it seems that the discovery is being kept a secret until the stones they unearthed are given an examination by an expert. The location of the mine is known only to a few persons, and from the story afloat the owner has been offered \$150,000 for his prospect but refused it.

Many valuable ores have been found in Crittenden.—Palucah Democrat.

### Performed a Miracle.

The famous Russian priest, John of Cronstadt, is reported to have performed a miracle.

A woman unable to move her limbs was carried to him. He fastened his eyes on her and bade her make the sign of the cross. After much effort she did so. He then ordered her to rise. This she did but evidently in great pain.

After a few minutes the pain departed, it is averred, and at Father John's request she walked around him, supported by her friends and on being told to go to pray and make the sign of the cross she moved away without assistance.

## THE COLONEL WAS EASY.

But He Had Some Ideas of Logic Just the Same.

"Speaking of chronic touchers," said a man about town, "I suppose there never was an easier victim for the tribe than my old boss. The colonel, as we all called him, had an impediment in his speech, and he used to claim it was easier to go down in his pocket than to try to put up an excuse. As a matter of fact, he had a heart as big as a hoghead and simply couldn't resist an appeal.

"One of the numerous touchers who marked him down as prey was a chap by the name of—well, call him Smiley, which isn't far from the right thing. "Smiley was a brisk, plausible cuss and always did his touching on the strength of a circumstantial story, but the trouble was he did so much of it he used to sometimes get his cues mixed.

"The first time he tapped the colonel he rushed in, all excitement, and told him his wife had just fallen down stairs and broken her leg. He needed a ten for unforeseen expenses, and of course he got it. Some time elapsed, and one day he turned up again.

"Colonel," he said in a frank, businesslike fashion, "can you lend me \$5? I owe you a little money now, but I have some sickness out at my house and really need this amount."

"What's the t-t-trouble, my b-b-boy?" stammered the old man kindly as he handed over the five.

"My wife has just fractured her ankle," replied Smiley.

"It requires a good deal of nerve to make a third touch at the same place, and Smiley staid away for fully six months. When he came in, it was on the run.

"Colonel," he exclaimed breathlessly, "I feel like a dog when I see you, but I've got to have a couple of dollars quick and haven't time to go anywhere else. Can you accommodate me and just make a mem. of the whole amount? I'll send it to you next week."

"Why, what's the m-m-matter?" asked the colonel, startled by his manner.

"My wife has broken her leg," he replied, "and I want to send a cab for a doctor."

"B-b-broken another l-l-leg?" echoed the colonel, amazed. "Here's the m-m-money, Smiley. B-b-but sometimes I think," he added grimly, "that you m-m-must have m-m-married a c-c-contemptible fellow."

### Yankee Thrift.

A guest with an intractable temper at a hotel in a New England town found that the dinner was not to his liking, and he had no hesitancy in telling the waiter so. Finally he threw down his knife and fork.

"I'm sorry, sir," responded the waiter, "but you might as well, for you'll have to pay for it anyhow."—Detroit Free Press.

### WIDOWS OF PRESIDENTS.

With Less Strain on Their Mind and Body Their Years Are Longer.

Lives of presidents remind us that, as a rule, they are much shorter than those of their wives. At this time there is but one person living who was elected president of the republic, yet there are several widows of presidents, and there are fewer now than formerly. Mr. Cleveland and his gracious wife still survive in good health. Mrs. Harrison still lives, but the Mrs. Harrison who entered the white house in 1880 ended her life there. Arthur was a widower when he became president, but Mrs. Garfield and Mrs. Grant are still living. Mrs. Lincoln lived until recently, and it is not long since Mrs. Tyler and Mrs. Polk died.

Not counting assassinations, says the Philadelphia Inquirer, presidents elected in the last 60 years have not been short lived, or, at least, have not long survived their incumbency. Harrison died in office, but Tyler lived longer after leaving the white house than most of his successors. Polk lived but a few months after his term. Taylor died in office, and Fillmore did not long survive. Pierce was the youngest man up to his time who entered the white house, and died a comparatively young man. Buchanan was an older man, and his demise was not unexpected. Lincoln was assassinated and Johnson died soon after his term ended, just as he was about to take his seat in the senate, the only ex-president so honored. Grant survived his terms eight years. Hayes a somewhat longer time. Arthur died a comparatively young man, and Harrison, though not young, was supposedly vigorous. McKinley's untimely death completes the list.

The burdens of the office of president are great, and as it is usually reached only after many years of labor in the field of statesmanship, it is not unnatural that the vitality of the incumbent is sapped. In four years McKinley had aged more than a business man would in ten. With the wife of the president the situation is different. There are a few months in the year when the duties of hospitality are somewhat taxing to the strength, but during the rest she has no cares and responsibilities except those of a domestic kind. The housekeeping is largely done for her and if she had a comfortable home her years might be those of pleasantness and peace. Unfortunately, the white house now is no larger than it was a century ago, while the increasing demands of the public service have turned most of its rooms into offices. Surely this great and rich nation might provide for its president and his family accommodations equal to that of the ordinarily prosperous business man. When the Roosevelt family moves into the white house it will be cramped as never before, and if there is to be a guest room the children will have to sleep in closets or on cots and trundle beds. There has been much complaint on this score by past mistresses of the mansion, but now that there are more children to be accommodated than ever before the new mistress of the white house will often sigh for the roomy house on Sagamore hill, where, until recently, her family was as comfortably accommodated.

Nonsensical Beliefs. Half a century ago omens were still generally believed in. So, too, were charms. I had a cousin who seriously undertook to charm away warts, and was believed to have succeeded. She was supposed to have inherited the secret from her father, a Wesleyan minister. My uncle, a farmer, and by no means a credulous man, when about to visit London for the first time, and feeling some trepidation, consulted a doctor, who, I believe, is still living, the last surviving school fellow of the famous George Borrow. The doctor handed him a small vial of quicksilver, as certain, if kept in the pocket, to avert all harm. Doubtless the doctor laughed in his sleeve, for doctors were then getting incredulous, and I remember it being commonly said of another practitioner that he believed neither in God nor devil. Nearly 20 years later, when a cousin who, born a Wesleyan, had turned Quaker and came up to London to the annual gathering of that body, he showed me, with a smile, the identical vial of mercury. His mother, good soul, had borrowed it from her brother so that her son might likewise benefit by it.—Westminster Review.

Starch manufacturers are interested in a scheme to cultivate 1,000,000 acres in Florida and southern Alabama, where "cassava," which is raw material for starch, can be produced 20 tons to the acre, out of which four tons of commercial starch can be made.

The men are getting their rights. When a man eats too much pork these days, and gets sick, his friends find that grooving over the death of his wife, or his grandmother, caused his illness. Men never used to get any credit for poetic instincts.—Acheson Globe.

## A Queer Fraternity.

## Board of Public "Imps."

"The abbreviation fiend is a nuisance and ought to be suppressed by law," said a man in the office of the board of public improvements, "but the limit was reached the other day when a letter came in here addressed, 'Mr. So-and-So, Board of Public Imps.'"

"Maybe that was neither a joke nor the result of carelessness," returned one of his associates. "Perhaps the man meant it, 'on the level.'"—N. Y. Times.

## What's in a Name.

"Ah!" he sighed, after she had blushingly whispered, "Yes" in his bosom, "my own mental! Of that name's so formal. Surely your friends use some shorter one; some pet name."

"Well," she murmured, "the girls at boarding school used to call me 'Pickles.'"—Philadelphia Press.

## Meaneest Man in Kansas.

Not long ago the wife of a western Kansas politician asked him to lay aside politics long enough one day to dig the potatoes in the garden. He agreed to do it. After digging for a few minutes he went into the house and said he had found a coin. He washed it off and it proved to be a silver quarter. He put it in his jeans and went back to work. Presently he went to the house again and said he had found another coin. He washed the dirt off it. It was a silver half dollar. He put it in his jeans. "I have worked pretty hard," said he to his wife. "I guess I'll take a short nap." When he awoke he found that his wife had dug all the rest of the potatoes. But she found no coins. It then dawned upon her that she had been "worked."—Kansas City Journal.

## The Modern Elopement.

"Are you sure there will be no hitch in our elopement?" anxiously asked the beautiful maid.

"How could there be a hitch," assured the ardent lover, "when we are going in an automobile?"—Chicago Daily News.

## Life's Little Frictions.

"Are you getting ready for winter?"

"Oh, yes; we've had our last scrap with the ice-man, and have begun to quarrel with the coal man."—Detroit Free Press.

## NEWS OF THE COUNTY.

### NEW SALEM.

The health of our people is very good.

Esq. Charley Stevens and wife of Salem were the guests of his brother-in-law W. C. Tynor's family this week.

Look out for a wedding next week, but you can not guess who.

Uncle Samuel Woolford was confined to his room and bed last week with sickness.

The wheat crop looks promising.

Hog killing will soon be here. We are hungry.

Well, the election is a thing of the past. We hope the lying on good men will stop.

Mrs. Jane Tyner and Mrs. Deboe of Pineknayville came up last week to visit their sick kinsman, Jesse Tyner, who is still confined to his bed.

Miss Jennie Parker, of Livingston county, spent last week as the guest of her aunt, Mrs. Susan Chalkfield.

"I have used Chamberlain's Colic, Cholera and Diarrhea Remedy and find it to be a great medicine," says Mr. E. S. Potts, of Poteau, Ark. "It cured me of bloody flux, I cannot speak too highly of it. This remedy always wins the opinion, if not praise of those who use it. The quick cures which it effects in the most severe cases, make it a life everywhere. At Woods'."

Bob Mahan has commenced to shaft on his farm, hunting mineral of any kind that may be up. Bob says he will go to China or find some.

Well, if the good Book is which it is, and Bob keeps digging he might come upon the place where they keep the old bald headed liars warm.

The widow Fannie Davis has moved on the farm of Will Lowrey.

We are glad to report that Mrs. Smith Lowrey, who has been sick for quite a while, is thought to be improving.

To remove a troublesome cork or bunion: First soak the corn or bunion in warm water to soften it, then pare down as closely as possible without drawing drawing blood and apply Chamberlain's Pain Balm twice daily; rub vigorously for five minutes at each application. A corn plaster should be used for a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. At Woods' & Co's.

Your correspondent visited the railroad camp near Salem a few days ago. Well, they mean business. With a bank, a roller mill, and a round house at Salem, what is to hinder her from getting up and getting.

We will bet a gill of blind tiger bitters that our neighbor, Bill Tyner has raised more pumpkins than any ten farmers in Crittenden county. The whole face of the earth around Bill's ranch is covered with them, and to make it so much better, Bill says bring your wagon and get a load, and you bet your sweet life we will.

The protracted meeting began at Tyners Chapel Nov 10, and protracted meetings will commence at New Salem and Emmus next Saturday, it being the 3rd Saturday in Nov.

### Modern Surgery Surpassed.

"While suffering from a bad case of piles I consulted a physician who had advised me to try a box of DeWitt's Witch Hazel Salve," says J. F. Carter of Atlanta, Ga. "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are quickened by it. Beware of counterfeits. Haynes'.

### THE CHILD'S FRIEND.

You'll have a cold this winter; maybe you have one now. Your children will suffer too, for coughs, croup, bronchitis grip and other winter complaints. One Minute Cough Cure never fails: it acts promptly, is very pleasant to the taste, and is harmless. C. B. George, Winchester, Ky., writes: "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her two doses of One Minute Cough Cure and it relieved her immediately and she went to sleep; when she awoke she had no sign of hoarseness or croup. At Haynes'."

### MEMPHIS MINES.

T. J. Graves is visiting friends at Repton this week.

R. J. Ford went to Weston Tuesday and brought back a load of furniture for Mr. Lynch.

Almost every family in these parts are now enjoying the weekly visits of the Press, and its busy pages are like receiving a letter from a good old friend. We think every citizen of the county should take the Press. It is in our opinion the best county paper in Western Kentucky. We know of other county papers costing the same money that do not give more than half as much news as the Press, and having been one of its readers several years we have always found it containing for the right and working for the interests of home and home affairs.

Harve Turley, who is working in Union county, is visiting his father this week.

R. W. King spent Tuesday with his family at Needmore.

Riley Walker of Saline county, Ill., will till the soil in these parts next season. Riley is living in bounds of the stock law.

Wm. Brown and family, of View, was in this community a few days the past week.

W. T. Akers is preparing to erect a new residence on his farm near the Sulphur Springs.

G. L. Lavender, who has been visiting his father in Ills., returned Friday.

The mining forces here are progressing finely. Mr. Watkins, the superintendent, thinks there is enough ore here to furnish steady work for at least five years more.

Some of our neighbors have finished gathering corn, and say the yield was very light.

Wm. Fralick of Lola visited in these parts this week.

Mrs. Flem Akers who has been quite feeble several months, is no better.

Rufus Robinson made a business trip to Kelsey this week.

R. W. Todd and C. M. Simpson spent Saturday in Marion.

Lester Clark, of Crittenden Springs, was in our neighborhood Wednesday. Lester used to live here, and whenever any one gets used to our pond water he is sure to return to it.

John Goodwin and his son Ross spent Saturday in Marion.

### ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always insures a good night's rest. "It will soon cure the cough, too," says Mrs. S. H. Millerberger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it equalled for coughs or for colds. It's an unrivalled life saver when used for desperate lung diseases. Guaranteed bottle 50c and \$1 at Woods' & Co."

Pure apple vinegar always on hand. E. E. Thurman.

### APPLAGATE.

Scarlet fever and diphtheria is raging in this vicinity.

Miss Florence Woodson is on the sick list; she has typhoid fever and has been very sick, but is now better.

A little child of Mrs. Sam Bailey was buried at Rosebud Wednesday; it had scarlet fever and Mrs. Bailey is very ill with the same disease.

## Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

**SCOTT'S EMULSION OF COD LIVER OIL**  
WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

### A PHYSICIAN TESTIFIES.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that that did," says county physician Geo. W. Scroggins, of Hall county, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains indigested in your stomach it decays there and poisons the system; you can prevent this by dieting but that will mean starvation. Kodol Dyspepsia Cure digests what you eat so you need suffer from neither dyspepsia or starvation. The worst cases quickly cured. It never fails. At R. F. Haynes.

### NEURALGIA BANISHED.

There is no more severe and stubborn pain than neuralgia. A remedy which will cure it will cure any pain. Dr. G. S. Stivers, dentist, Louisville, Ky., says: "My wife suffered over two years with very severe neuralgia, which several physicians failed to relieve. I then bought Morley's Wonderful Eight, which relieved her in five minutes and soon effected a permanent cure. At Woods' & Co's."

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilioousness. Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by R. F. Haynes and J. H. Orme.
