

# The Crittenden Press.

VOLUME 24.

MARION, CRITTENDEN COUNTY, KENTUCKY, JANUARY 8, 1903.

NUMBER 31

## GRAND SHOWING FOR FIRST WEEK IN 1903.

All of Our Mines and Prospects Being Worked to the Limit—An Immense Tonnage of Ore Assured for the Present Year.

The Mining Exhibit at the World's Fair at St. Louis—The Arkansas Zinc Field—Strong Veins of Ore at the Memphis and Columbia Mines.

## THE MINING NEWS OF THE WEEK.

Oil fuel is used exclusively in the sixteen smelting furnaces of the new Philadelphia mint. The temperature in these furnaces can be raised to 1,000 degrees.

The United States coal company, of Sturgis, increased their output in December 25 per cent over that of any previous month recorded in the workings of this company.

On the Foster farm, two miles west of Marion, at the turn of the Crittenden Springs road, a very good surface showing of leaded fluor spar was discovered last week.

The Kentucky Fluor Spar company shipped during the month of December 4,690,000 lbs of fluor spar, being the largest sales in any one month, so far, in the history of this company.

It seems that Chicago has finally heard of this section of Kentucky. The Scientific Press, of that city, will shortly publish rather a full description, illustrated by half tone etchings, of this wonderful district.

The holiday season was very generally observed by our miners. They return to their work this week with a strong determination to make the year 1903 memorable in the mining history of the district.

Nelson H. Snow, with some outside capitalists is doing some extensive mining at Montford, Wis., says the Mail of that town. A full force of men are at work, which, with a gasoline hoist and pump are making things lively in that vicinity.

The past year has been a wonderful one in almost every respect in this section of the State. The advances made in uncovering vast bodies of lead, zinc and fluor spar has been most marked, and new machinery is coming to our aid in every section of the district.

The Mineral Point Zinc company's Memphis mine has a remarkably strong vein of Jack, sprinkled with galena at 145 feet depth. Mr. Persons, the superintendent for the company here is very enthusiastic over the outcome, and says some very nice things about the way the miners are pushing things at the Memphis.

A press telegram from Copenhagen, Denmark, announces that a Danish inventor has after six years experimenting devised a process of electrolytic separation of zinc. If he has succeeded he is the first to effect such a separation on a commercial scale, and the discovery, if actually successful, will work wonders in the smelting of this ore. Considerable success has been met in the electrolytic reduction of lead and it is known that at least a dozen chemists in this country have been working on the zinc problem.

It has been a prosperous year in the Joplin district generally, and while the top price for lead during the twelve months just ended did not go as high as it did during the boom, the price averaged second only to that of 1899. As it is, the total value for the districts was \$9,430,730, with sales of 525,090,880 pounds of zinc and 63,230,840 pounds of lead ore, valued at \$7,973,669 and \$1,457,121 respectively.

From all sides come the welcome report of "the" biggest year we have ever had since we have been in business. "Yandell-Gegenheim," the Cliftons, Taylor, Hearin, Haynes, Woods, the hotels, the livery stables, all join in the chorus. It was a great year in a business way, but 1903 will make it look small. It is in the air that Marion is to be a great inland city, and everybody should make their plans accordingly.

Two additional passenger trains will be added on the Illinois Central between Princeton and Evansville, in the very near future. The trains North will likely pass through Marion at 3 a. m. making the early northern and Eastern connections at Evansville; at 9:00 a. m. and 6:00 p. m. Going South, 12:00 noon; 4:45 p. m. and probably the third one somewhere near 9:00 in the evening. The time given is not entirely accurate, but closely approximates the new time card.

General Freight Agent Harwood, of the Illinois Central R.R. has seen the error of his ways, but only in part. He has placed the district on an equality so far as freight rates on fluor spar are concerned with that of the Illinois side to Bessemer, Birmingham and Ensley, Ala. We dislike to see a man only partially converted, and shall continue to struggle with Bro Harwood until he is finally convinced that there is but one way to be good. He knows it too, but of course hates to give up all of his pet theories at one fell swoop.

The sinking of the old 140 foot shaft of the Columbia mine is progressing most favorably. The new duplex steam hoist is proving all that could be desired in the way of rapid work, while the twin 10-inch cornish pumps are seemingly able to dry up the Ohio river in a few hours. The zinc and lead sulphides raised from the bottom of this shaft is a revelation in rich ores to the miner who has been brought up in a ten or fifteen per cent camp. As the Press has previously remarked, the Columbia mine is a first class prize in the lottery of mining.

The White river railroad will go through the counties of Stone, Barry and Taney in Missouri and passing on into Arkansas, Boone and Marion counties, providing transportation for the North Arkansas field, of which so much

has been printed during the past few years. The road will not be in operation over its entire length before the fall or possibly the close of the coming year, but reports from the Arkansas field indicate that development work is being pushed on a number of properties in anticipation of the time when railroad transportation will be furnished.

In the lead production of the country Missouri, Kansas, Wisconsin and Iowa last year furnished their quota of 67,200 tons, net, out of a total of 270,700 tons, net, as shown by the United States Geological surveys figures. The remainder, or 203,500 tons, has been drawn from the mines of the west, principally from the silver-lead producers.

The two Overstrom Sludge tables for concentrating the finer zinc carbonate sands of the Old Jim mine has arrived at the depot, several thousand tons of this sand averaging about 20 per cent zinc, has been saved from the "tailings" of the log washer, and will be enriched to 30 to 35 per cent by these tables, possibly more than that, depending somewhat on the amount of sand that is delivered to the tables per hour. A mill building is now being erected to house the tables and power used in running them.

Mr C. R. Montgomery says that he is working on three or four prospects across the river in Illinois, notwithstanding the very unpleasant atmospheric conditions that prevail. He is very confident that he will uncover zinc in paying quantities in at least three out of the four, as the surface showing is more than good.

Mr. Montgomery's suggestion that a water jacket lead smelter be erected near the railroad track in Marion should receive careful attention from our business people. In a few months from this time such a smelter would undoubtedly prove a money making investment.

The scope and financial resources of the approaching St. Louis World's Fair are much larger than those of any preceding great exposition, and they are much larger than those of any other exposition likely to be held in this country during the next few decades. St. Louis in 1904 will be a real World's Fair, with exhibits and visitors from every known country.

The Mine Buildings at the exposition will cover nearly nine acres and it is so well arranged that practically the entire space, except that occupied by walls, is easily available for exhibits. It promises to be the most beautiful building on the grounds, and its location is in every way satisfactory. On one side of it for a considerable portion of its length, the ground rises gently to a height of forty feet above its floor, and into this hill can be run underground tunnels, to illustrate methods of tunneling, timbering and the underground transportation and handling of ores in the most satisfactory manner. On the ground adjacent to the building is an additional area of ten acres for such out-of-door exhibits as will illustrate the drilling of oil wells, the operation of stamp mills, the hydraulic lifting of places deposits, etc.

In brief, as far as this may be possible of attainment, these exhibits are all planned and will be installed with a view of having them tell the whole story as to our mineral resources; how they are mined and brought to the surface; how they are transformed by the metallurgist and manufacturer and thus made ready for use by the people.

### KENTUCKY.

The U. S. Civil Service Commission report that for the year ending June 30, 1902, there were 14,983 persons appointed from its registers. This was 4,392 more than was ever before appointed in a single year. Anyone wishing information about these positions can secure it free by writing for the Civil Service announcement of the Columbian Correspondence College, Washington, D. C. The commission will hold examinations to secure young men and women for these places during March and April, at Covington, Danville, Owensboro, Louisville and Lexington.

## VICTORY FOR LIVINGSTON COUNTY!

Miss Sallie Summers Wins the Prize in the Press Voting Contest.

MRS. DUVAL SECOND—MISS FRANKS THIRD.

MISS SALLIE SUMMERS.

Miss Sallie Summers, of Livingston county, was the winner in the voting contest inaugurated by the Press to determine the most popular lady in Crittenden and Livingston counties.

The contest closed Wednesday afternoon, December 24th, and the ballots cast during the last week of the friendly struggle were counted by a committee composed of Messrs C. E. Weldon, P. S. Maxwell, J. P. Pierce, T. A. Frazer and R. L. Flanary, Miss Summers was declared the winner. Her majority over her nearest opponent, Mrs. E. M. Duval of Repton, was 376.

The total vote of each of the three leading contestants was as follows:

Miss Sallie Summers, 771.  
Mrs. E. M. Duval, 395.  
Miss Maggie Franks, 339.  
The friends of Mrs. Duval and Miss Maggie Franks worked valiantly, but the friends of Miss Summers worked harder and won the victory.

Nearly one thousand votes were cast during the last week and the interest was great.

The prize won by Miss Summers was a beautiful set of dining room furniture, composed of a sideboard, table, and six chairs. There is not a prettier set of furniture in the two counties.

Miss Sallie Summers is the daughter of ex-Representative James R. Summers, of Livingston county. She is twenty years of age and is very beautiful and talented. Her amiable disposition and lovable ways account for her great popularity. She has frequently visited in Marion and has many friends in this city and county.

Mrs. E. M. Duval and Miss Maggie Franks divided the vote in Crittenden, while Miss Summers had a clear field in Livingston county during the closing weeks of the contest.

Everybody seemed satisfied with the way the Press conducted the contest.

The standing of the three leading contestants on Dec. 19th, one week before the close, was as follows:

Miss Summers, 214.  
Miss Franks, 171.  
Mrs. Duval 130.  
During the last week Mrs. Lil-

lie Flanary received 12 votes and Mrs. Fred Casner 22 votes. Over two thousand votes were cast in the contest. Many new subscribers were added to our mailing list, our circulation in Livingston county, which has always been large, was very greatly strengthened. We have seven hundred subscribers in Livingston county.

MISS SUMMERS THANKS HER FRIENDS

To The Crittenden Press: I desire to thank you for offering the beautiful dining room furniture which I, through the influence and support of my friends in Crittenden and Livingston counties was fortunate enough to secure.

Now, I desire to thank my friends for their kindness, and will say that there is not now and will never be, anything too good for them in our dining room.

And to the others ladies in the contest will say, while I am very proud of the furniture, and the compliment paid me, I know that my securing the prize by no means lessens your popularity and doubtless all of you deserve it as much or more than I do.

Ever grateful to my friends and with best wishes for all, I am,

Very respectfully,  
SALLIE B. SUMMERS.

CARD FROM MISS FRANKS.

TOLU, Ky., Dec. 27, 1903—Dear Editor: May I have a small space in your paper to thank my friends for the interest they manifested for me in the contest which has recently closed.

Though I was not the lucky one I appreciate my friends just the same.

I was very much surprised to find my name in the ranks of contestants. I appreciate it more from the fact that I had no money to put in for it and no especial one that I'd have to work for me.

I realize that every vote cast for me was by people that deemed me worthy of the honor and the prize. I did not wish any one to put in a vote if they did not receive the value of their money in return.

I wish to congratulate the young lady that won the prize.

Most sincerely,  
MAGGIE FRANKS

### HARPER WHISKY

Famous at home for Generations past;  
Famous now all over the World.

FOR SALE BY  
WM. HARRIGAN.

# THE YEAR 1902 IN LOCAL HISTORY.

Events That Have Transpired in Crittenden and Livingston Counties During the Past Twelve Months.

GATHERED FROM THE FILES OF THE PRESS.

## JANUARY.

Jan. 4th, court of claims allowed large claims for smallpox physicians.

July 6th, death of Miss Ora Orange, daughter of R. Orange, the barber.

July 8th, "Aunt Laura" Big ham, a highly respected colored woman, died.

July 10th, The Illustrated Mining and Industrial Edition of the Press issued. The midsummer Ball at Crittenden Springs.

July 12th, Drunken rowdies shoot into a boat on the Ohio river near Cave-in-Rock, and wound Mrs Sam Sturgis of Caseyville. Articles of incorporation of Salem Bank filed. Newt Brasher, a farmer of the Berry Ferry neighborhood, met a horrible death by falling on a pitchfork.

July 15th, Frank Moore arrested on charge of malicious shooting. He was with the party that fired into Capt Sturgis' boat at Cave-in-Rock.

July 20th, Crittenden county teachers institute convenes.

July 21st, Salem mining company organized, with capital stock of \$8,000. P. J. Massey, the lumberman, dies in this city.

July 24th, church reunion at Crooked creek, largely attended. Loving Dunlap and Miss Julia Croce, prominent young people, married at Hillville.

July 26th, Harry Porter, aged and well known, died at his home near Piney.

July 30, Judge Thos J. Nunn nominated for Appellate Judge by the Democrats. Mrs. Bud Brantley died.

## AUGUST.

August 1st, Spencer Dorr, formerly of this city, fell from electric light pole in St. Louis and was dangerously injured.

Aug 3d, little May Murphy, of Tolu neighborhood, killed. A pitchfork thrown from a stable loft pierced her brain.

Aug 4th, little son of Rev T. V. Joiner died. Henry Ledbetter of Elizabethtown, Ill., purchased an interest in Bond and Walker's furniture house and mills.

Aug 6th, County Sunday school convention held at this place.

August 7th Hampton camp meeting begins.

Aug 14th, death of Miss Nettie Burklow, of Livingston county. Effort made to break Smithland jail by men chained with the Lola safe robbery unsuccessful.

Aug 16th, Mr C. E. Weldon, wife of county clerk Weldon, died.

Aug. 20th, Ohio River Baptist Association convenes in this city for three days session; over two hundred ministers and delegates present.

Aug 21st, Hurricane camp meeting begun.

Aug 25th, Col W. J. Ham, the noted humorist, lectured at the opera house. Special train of eleven cars of zinc ore from the "Old Jim" mine to Joplin.

Spencer L. Dorr in St. Louis from injuries received in falling from electric light pole. W. B. Yandell and P. S. A. well appointed election commissioners for this county. C. C. Asham and C. M. King for Livingston.

Aug 30, Albert Hannan and Miss Omega Towery, daughter of her home north of town.

the county Judge, were married. Aug 31st, "Aunt" Sarah Simpson found dead in her lonely home near Piney.

## SEPTEMBER.

Sept 1st, Hurricane camp meeting closed; the most successful in years. Protracted meeting begins at Christian church. The beautiful new Baptist church at Dyers Hill dedicated; the Rev Conway preached the sermon. Hundreds of people present.

Sept 8th, James Crowder kills White Martin at Crowder's home near Crittenden Springs. Martin attacked Crowder in his home.

Sept 10th, T. Everett Butler, of Smithland, announces his candidacy for the legislature.

Sept 11th, Paducah Presbytery convenes in Presbyterian church in this city. Mrs Charles Evans entertains in honor of Miss Nora Blue.

Sept 12th, James Crowder, who killed White Martin, was dismissed by county judge.

Sept 13th, reunion of the Kemp family at W. S. Kemp's residence near Shady Grove.

Sept 16th, a party of Marion people start on overland trip to Mammoth cave.

Sept 22d, death of Homer Butler, popular young man of Livingston county.

Sept 26th, Mrs Sherman Franklin dies in this city.

## OCTOBER.

Oct 1st, C. J. Pierce and Wm Baird take charge of the Franklin hotel. Franklin moves to Salem.

Oct 2d, Eugene V. Debs lectured at the opera house. Rev Joiner returns from Methodist conference to serve as pastor of the Marion church another year. Next Annual conference will be held in this city.

Oct 3d, Mrs J. C. Kinsolving of New Salem, dies.

Oct 7th, 8th, 9th, the Princeton Presbytery of C. P. church held at Caseyville. Fiscal court convened in this city.

Oct 12th, fiscal court fixed county levy for 1903 at \$1.50 poll and 40c on every \$100 of taxable property. \$5,000 appropriated by fiscal court for the erection of a new jail. Appropriation afterwards increased to \$7,500. Hugh Givens died near this city.

Oct 13th, Miss Mary Maxwell entertains in honor of Miss Spencer, of Louisville. W. T. Carlos, a respected citizen of this place, dies.

Oct 22d, Jas H. Moore and Mrs Annie Cook, of the country, united in marriage. Miss Bertha E. Williamson, daughter of Horace Williamson, murdered in cold blood by a hidden assassin, while returning from church at Chapel Hill.

Oct 23d, Geo M. Sisoo, a farmer of the Chapel Hill neighborhood, arrested, charged with the murder of Miss Williamson.

Oct 24, Sisoo taken to Henderson for safe keeping. L. H. Paris, a widely known and highly respected citizen of this county, died at his home east of the city. Alexander telephone exchange sold to the Independent company at Paducah.

Oct 25, "Kentucky Miner," a new paper, started at Smithland. Phillip Grassham died at Salem; a well known man. Bob Watson shot Rat Shenell at Piney church.

Oct 29th, Norman Farris of Salem and Miss Ada Franks of this county were married.

Oct 30th, Jeff Asher's residence in eastern portion of the county burns. Thos J. Daniel died at his home near Fords Ferry. O' Bryan auction sale of lots.

Oct 31st, the Hallowe'en Party by ladies of M. E. church at R. C. Walker's residence a big success.

## NOVEMBER.

Nov 2d, protracted meeting begins at the Cumberland Presbyterian church.

Nov 3d, Mrs Jana Crider dies at her home north of town.

Nov 3, Ollie James elected to Congress. He carried Crittenden county by a majority of 36, Livingston county by a majority of 612. Geo D. Hughes, democrat elected magistrate in Fords Ferry precinct. C. R. Eddings, democrat, elected constable in Belle Mines precinct. Darby, republican candidate for court of Appeals carried county over Nunn by 26 majority. ## GENERAL NEWS.

San Francisco and Honolulu are now connected by cable. The wires are working perfectly.

The fire loss of the United States and Canada for the year 1902, is placed at \$149,260,850, as compared with \$164,347,450 in 1901.

The Twentieth century thank offering, exclusive of collections in the churches last Sunday and at the watch services on Wednesday amounted to \$20,634,960.

President Castro's acceptance of The Hague tribunal for arbitrating the Venezuelan difficulty, has been received in Washington. At the same time, a dispatch from Caracas quotes the President as saying he will give the Powers no satisfaction for alleged insults, but in turn demands it.

Sheriff Dudley, of Sullivan county, Indiana, whose office was declared vacant by Gov. Durbine, has refused to surrender the office to the coroner of the county. The Governor's action was based on the lynching of a negro while the latter was in Dudley's charge. The mother of the negro will sue Dudley and his bondsmen for damages.

The New Year's reception at the White House was one of the most brilliant events in Washington's recent social history. Nearly 7,000 people attended and President Roosevelt gave a cordial handshake to all callers, prolonging the reception more than half an hour beyond the fixed limit in order that all might be received.

Senator Gorman, Judge Parker, of New York, and Mr. Olney, former Secretary of State, are mentioned by Representative Richardson as the three men from whom the next Presidential candidate will be chosen. The Tennesseean declares that the tariff will form the issue.

Notice has been given that China will pay the second installment of the international indemnity for the Boxer outrages in silver. The Powers, with the exception of the United States, will protest. China is unable to pay the indemnity in gold, and doubt is expressed as to whether the country's treasury will ultimately meet the full demands. Investigation of missionary claims are still in progress, and some of them have been found to be excessive.

With the opening of the new year United States Senators will be chosen by a number of State Legislatures, including those of Illinois, Delaware, Kansas, Idaho, Michigan, Wisconsin, Colorado and Washington.

The full text of Senator Hoar's bill to regulate trusts has been made public. The measure provides for the greatest possible publicity, and gives the Attorney General the right to inspect the books of corporations. Corporations are forbidden to crush competition by selling below cost. Penalties of fine and imprisonment are provided for the first two violations of this act. A corporation twice convicted and which persists in violating the law may, on the third conviction be dissolved by injunction from a Federal court.

Some advance figures furnished by the Treasury Department afford a gratifying indication of the remarkable prosperity of the United States. While no definite statistics have been issued showing the present wealth of the country, it is conservatively estimated that it will aggregate \$102,000,000,000, making a per capita wealth of \$1,186. The total wealth has increased during the year by \$4,600,000,000. The earliest published statistics on this subject are for 1880 when the total wealth of the country was \$7,135,780,000, and the per capita wealth but \$307.69. The total exports of the past year are estimated at \$1,340,000,000, the figures for the first eleven months being now available, and the total imports at \$950,000,000. The imports are greater by \$70,000,000 than those for any previous year, the manufacturers of this country having been unable to supply the demand for manufactured goods, notwithstanding the fact that the facilities of production in every industry have been increased to an extraordinary extent. There is an additional reason, however, which is found in the immense demand for raw materials, the increased importation of which is represented by \$55,000,000 of the total \$70,000,000. There has been some falling off of exports from the two previous years, but that is accounted for by the fact that the drought of a year ago resulted in a greatly reduced production of breadstuffs.

## STATE NEWS.

Mr. George Warren, for forty-three years editor and owner of the Hickman Courier, died a few days ago.

Frank Pennabaker, one of the elders and managers of the Slaker Society at Pleasant Hill, Mercer county, is dead.

In the beginning of the New Year the State of Kentucky has \$1,114,591.51 in the Treasury and Auditor Coulter says the miscellaneous claims are more nearly paid up than at any time in recent years.

At a conference held in Washington several days ago between United States Commissioner Yerkes, Senator Deboe, Leslie Combs and Marshal James, it was made plain to Yerkes that he would have no opposition if he desired to seek the Republican nomination for Governor. The announcement of his candidacy is expected shortly.

Conductor Keen has identified

a photograph of Gus Hyatt, the escaped convict, as that of the man who attempted to hold up a Louisville and Nashville train in the city of Louisville one night last week.

A gusher has been brought in at Cloyd's landing in Cumberland county, and the well is flowing, but is now under control.

A derrick was blown away when the gusher opened and one man was fatally injured. It is considered the best oil well yet found in Kentucky.

Articles of incorporation for Kevil, a new town to be located on the Cairo branch of the Illinois Central, were filed recently. The capital stock is \$16,000, and the principal stockholders are J. F. Wallace of Chicago, general manager of the Illinois Central, R. U. Kevil, Princeton; Z. C. Graham, Paducah, and J. R. Nuckolls, Paducah. It will be the main town between Paducah and Cairo.

## Everybody Don't Use the Same Kind of Glasses

It's a pity too, at times. It's more of a pity just now when such remarkable opportunities are presenting themselves right in our front yards. It's so much easier and it makes a man step so much higher when he invests a fifty-dollar note and receives a thousand dollars for it six months afterward. A thousand dollars that by ordinary work would require three years plugging away driving a team or striking a drill, or planting corn, or worming tobacco. It's what makes the difference between capital and labor, that \$50 investment.

We all know that right here in the city of Marion there isn't a vacant store or an office, or a house of any kind, except the jail, that can be had for love or money.

Prosperity has come upon us in big chunks and we are not yet prepared to receive it properly, though we are doing a whole lot towards it.

You remember two years ago when that thousand dollars was invested in the Geo. Rice farm, five miles west of here. Perhaps you don't know that that thousand dollars has brought back over ninety-five thousand dollars in cash. Well it has.

That \$95,000 was dug up from a little space thirty feet deep and possibly two hundred yards long, and the money for it was sent to Marion. Now put on your own glasses and look over in that same hole and you will see a hundred times more of that zinc ore, which means a hundred times more of those dollars that keep coming here.

Last year, 1902, we shipped from this Marion district over (50,000,000) fifty million pounds of ore, and it was discovered hardly two years ago.

Some of us know its the richest lead, zinc and fluor spar district in all America, but some of us will wear the kind of glasses that can't see it until the nice easy things are all gone and then say we aimed to do it but didn't get around in time.

There is the same chance to do things today that there were last year and a good many of us are accepting that chance. The greatest surface showing for lead and zinc ores in the district are on the Reed farm says Mr. Uren, Superintendent of the Old Jim mine; Lawrence Cruce says the same. Clem Nunn says after looking it over "its big." Fifty dollars for a lot and 1000 shares of nonassessable stock is buying gold dollars for a nickel apiece and keeping the nickel.

More Marion people have made application for these lots and shares than from any other location. They have seen the land and the ore veins.

Fifty dollars for a warrant deed of a 50x150 lot with broad streets in front and alleys in the rear and 1000 shares of stock, nonassessable, with a 20 acre reservation for the mining plant and \$5,000 in cash to do the work will all belong to the lot owners.

You can find application blanks at the Sun office, Morganfield; the Gleaner office, Henderson; E. M. Johnson, Circuit Clerk, Princeton; Democrat office, Mineral Point, Wis., and of Mr. D. C. Roberts at Marion.

### A HOME WEDDING.

On the 24th day of Dec., 1902, the rites of matrimony were solemnized between Mr. John J. Koon and Miss Daisy Guess, at the residence of the bride's parents, Mr and Mrs John Guess.

The bride and groom are prominent young people of the Caldwell Springs neighborhood, in Crittenden county.

Mr. Koon is the oldest son of Mr. Fanny Koon and is a devoted member of the Caldwell Springs church, and possesses many of those rare gifts of character that are commendable in any young man.

The bride is the daughter of Mr. John Guess, a well known farmer of the neighborhood, and is well known in the community as one of its brightest and best young ladies.

Many of their friends were present to witness the ceremony, which legally bound two hearts together, who, with the writer, wish them a happy, prosperous voyage through life.

Chas. Gregston.

### Wonderful Nerve.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at Woods & Co.

## Will Furnish You a Home!

Either in Marion or in the County.

### JUST READ OUR LIST:

#### City Property.

A two-story frame house of 7 rooms, two lots, in the city of Marion. Two good wells and outbuildings. Offered. Will sell at a low price on easy terms.

House of 5 rooms, pantry, double veranda, two wells, good stable, buggy house and smoke house; nearly 3 acres of ground, 155 feet front; ground lays well; good fences and property in splendid repair; situated just outside of the corporate limits of Marion. Price low. Terms one-third cash, balance one, two and three years, at 6 per cent. interest.

House and lot on Belleville street, in East Marion. Lot 50x200 feet. House of five rooms, good well, cistern, large stable, smoke house and everything convenient. This is desirable property and is located in the growing part of Marion. Price reasonable.

#### Farming Lands.

171 acres, lying on the waters of Crooked creek; 35 acres in timber, 136 acres in good state of cultivation. Frame house of four rooms, plenty of stock water, good orchard and stables. This is a desirable farm, 1 1/2 miles from Marion, close to school house and church. Price low; terms easy.

200 acres, more or less, in Marion precinct No. 3, six miles from Marion, 11-14 miles from Mattoon. Two-story house of 4 rooms; good stables and barn; 130 acres cleared; all in good state of cultivation; 70 acres in timber; good well and stock water; two small tenant houses. This can be made one of the best farms in Crittenden county. Price exceeding low; easy terms.

About 200 acres about one-half mile below mouth of Tradewater river, on the Ohio river, 100 acres in good state of cultivation (twenty acres good river bottom) remainder in timber. Three room frame house, orchard, good pecan orchard. Price \$1500; 1-4 cash, balance in 1, 2, 3 and 4 years, at 6 per cent interest.

373 acres near Baker, about ten miles from Marion on Weston and Marion road, 1 1/2 miles from Mattoon; 200 acres in cultivation, balance in timber; most of land in creek bottom; an everlasting spring and good well; house of 4 rooms. Will sell at a low price on easy terms. Fine mineral prospects.

400 acres near Rodney, in two tracts, of 200 acres each, will sell single or together; 250 acres in cultivation, 150 in timber; 12 miles from Marion; mail route; near school house and churches, well watered, good fences, 4 big barns; one 6 room house, one 3 room house; land is rich. Will sell for \$3,900 for all, or 1 tract \$1600, one \$2,300. Easy terms.

About 300 acres, 200 acres in a good state of cultivation, balance in timber. Two story frame house of seven rooms, two orchards, two tenement houses, three barns, one 79x46 ft; good stable. On Bells Mines and Weston road, 1 1/2 miles from Weston, land lying on Camp creek, about 50 acres fine creek bottom. This is one of the best farms in Crittenden county. \$5,000; easy terms.

227 acres of fine farming land on the Tradewater river in Crittenden county, near Rodney, and 1 1/2 miles from Sullivan; 100 acres cleared, balance in fine timber; 60 to 80 bushels of corn to the acre raised on this land. Two splendid, everlasting springs; three comfortable tenant houses; will sell on easy terms. Persons desiring a fine farm at a low price will do well to see this land. For further particulars call on Bourland & Walker.

250 acres, 1 mile south of Sheridan, on Wallace Ferry road. Will be sold as a whole or divided into two farms; 140 acres on West side of Wallace Ferry road and 110 acres on East side of road. The West side has two-story log house of 6 rooms, everlasting water; 7 acres timber, remainder in good state of cultivation; 2 springs and cistern. East side 3 room house, stable, cistern, 80 acres tillable, 30 acres timber. This farm is located in the mineral belt, only 1 1/2 miles from the "Old Jim" zinc mine. It is worth the price for agricultural purposes.

For further particulars write to us or call at Press Office  
If you have property for sale, we will sell it for you.

## EVERETT BUTLER

Declared the Nominee For Legislature By Democratic Committee.

Whereas, the Democratic chairman of Livingston and Crittenden counties, on the 11th day of October, 1902, issued a call for a primary election to be held throughout this Legislative District, to nominate a democratic candidate to represent this Legislative District in the coming General Assembly, which primary was to be held on January 3, 1903, and it was provided in the call aforesaid that all candidates before said primary for said office, should report their candidacy to the chairman of said committee not later than 15 days before said primary, which was to be held January 3, 1903; and, in case of only one candidate having reported his candidacy to said committee, within the time prescribed by the call, to declare said candidate the nominee of said Democratic party and abate said primary.

Whereas, there is but one candidate, the Hon. T. E. Butler, of Livingston county, who has announced his candidacy to the democracy of this district, and reported same to the chairman, as prescribed by the call, and he having no opposition and being, therefore, the unanimous choice of his party, we, the undersigned chairman therefore call said primary off, and declare Hon. T. E. Butler to be the nominee of the Democratic party of Livingston and Crittenden counties for representative in the Lower House of the General Assembly of Kentucky, to be voted for at the November election, 1903.

In witness whereof, we hereunto subscribe our names.

This Dec. 24, 1902.

P. S. MAXWELL,  
Chairman of Crittenden County Democratic Committee.

RID REED,  
Chairman of Livingston County Democratic Committee.

### BEST LINIMENT ON EARTH.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00 bottle at H. K. Woods & Co.

Forgery is all right in the iron business.

The crowned heads of every nation, the rich men, poor men and misers all join in paying tribute to De Witt's Little Early Riser.

H. Williams, San Antonio, Tex., writes: "Little Early Riser Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick Headache, Torpid Liver, Jaundice, Rheumatism and all other liver troubles."—R. F. Haynes.

Speaking of clothes, a judge says that lawsuits become attorneys.

PROF. EDWARD E. PHELPS, M. D., LL. D.

Greatest of All Physicians.

Eminent Discoverer of  
**PAINE'S CELERY COMPOUND**

Prof. Edward E. Phelps, M. D., LL. D., was born in Connecticut and graduated at Yale.

His unusual talent soon brought him reputation and prominence. First he was elected to the professorship of anatomy and surgery in the Vermont University. Next he was appointed lecturer in Dartmouth College. The following year he was chosen to the most important professorship in the country, a place that he occupied when he made his world-famous discovery of Paine's Celery Compound.

This infallible cure for those fearful ills that result from an impaired nervous system and impure blood, has endeared the great doctor to the world.

**DIAMOND DYES**  
COLOR ANYTHING ANY COLOR.

Dresses, cloaks, suits, ribbons, coats, hosiery, stockings, everything wearable. Diamond Dyes make to look like new. We have a special department of advice, and will answer free any questions about dyeing. Send sample of goods when possible.

## GOLDEST WEATHER,

In Many Years Predicted For January.

### WHAT HICKS AND MARSH SAY.

Marsh says: January will be one of the worst storm months, and at the same time some of the coldest weather experienced in many years will prevail; storms of heavy snow, high gales and blizzards, will cover the greater portion of the country. Between 1st and 3d snowstorms and blockades will cover the greater portion of the country, followed by a cold wave.

Between 4th and 8th severe cold wave, covering the entire country. Between 11th and 16th rain, followed by snow and extremely cold weather.

Between 16th and 19th more rain and snow, followed by a cold wave.

Between 20th and 24th extreme cold wave, covering the entire country, with blizzards, sleet and snow delaying traffic.

Between 25th and 31st, cold waves and heavy sleet, snowstorms and blizzards.

### WHAT HICKS SAYS.

During 4th to about 8th, heavy winter storms of rain, snow and sleet will pass in regular order from western to eastern portion of the country. Very general and damaging sleet storms will be a marked characteristic of these storms, followed from the west and north by driving blizzards and snow, rising barometer and very cold. Severe and general cold over most of the country from the 7th to 11th.

Another short and decided cold wave on the heels of the storm, central on 12th and 13th.

High temperature for the season about the 17th, and winter lightning and thunder southward. General winter storms turning to blizzards in many sections, will quickly follow.

About 22d to 24th some moderation from prevailing cold, with rain and snow in wide sections.

The last storm period in January extends from the 27th to the 31st. Hard and general winter storms are probable during this period. Sudden and extreme cold waves will follow, extending into February.

We feel that it will be a timely service to warn our readers especially against storm and weather in February also. Strong astronomical reasons exist, leading us to apprehend many severe disturbances, and much disagreeable, wintry weather during the month of February.

### A BACHELOR GIRL'S REFLECTIONS.

Man was made from dust so that woman might sweep all before her.

#### Unconscious From Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood.—R. F. Haynes.

The brilliancy of many a society leader depends largely upon her jewel box.

#### One Hundred Dollars a Box.

Is the value H. A. Tisdale, Summertown, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures: blind, bleeding, itching and protruding piles, sore cuts, bruises, eczema, rheum and all skin diseases.—R. F. Haynes.

## MASONIC LODGES

In the County Elect Officers For the Coming Year.

At the regular meeting of Bigham Lodge, No. 250, F. & A. M., held on December 27, the following officers were elected for the ensuing year:

J. G. Gilbert, W. M.  
W. H. Clark, S. W.  
G. E. Grissom, J. W.  
J. B. Kevill, Secretary.  
D. Woods, Treasurer.  
Eld. J. S. Henry, Chaplain.  
J. C. Bourland, S. D.  
A. H. Travis, J. D.  
E. L. Doles, Tyler.  
Levi Cook and W. H. Potter were appointed stewards.

The following officers of Hurricane Lodge, No. 571, were elected:

A. J. Bebout, M.  
R. E. Flannery, S. W.  
P. C. Moore, J. W.  
J. F. Flannery, Secretary.  
J. F. Snyder, Treas.  
C. E. Donakey, S. D.  
J. W. McConnell, J. D.  
C. W. Love, Tyler.  
E. B. Franklin, Chaplain.  
T. J. Hamilton and H. D. Wolford Stewards.

Officers elected for Zion Hill Lodge, No. 371, F. & A. M., were:

J. L. Rankin, M.  
Steve Nations, S. W.  
W. B. Wilborn, J. W.  
T. N. Wofford, Treasurer.  
C. E. C. Travis, Secretary.  
J. S. Heath, Tyler.  
T. E. Williams, Chaplain.  
C. G. Moreland, S. D.  
Alex. Woody, J. D.

The following officers were elected for Kelsey Lodge, No. 650, F. & A. M., Sturgis, Ky.

G. H. Whitcotton, M.  
W. C. Hieronymous, S. W.  
W. A. Hicks, J. W.  
Ruben Reaser, Treas.  
Otho Quirey, Secy.  
Dave Wallace, S. D.  
Jno. W. Hughes, J. D.  
A. M. Benedict, Tyler.  
Rev. W. H. Archie, Chaplain.

Nervousness, neuralgia, nervous head, ache, too strong pulse, high fever, slight spells, rush of blood to the head are all complaints of which a great many are more or less subjected to, there is nothing that will control these spells so sure and certain, and as quickly as Hill's Headache Tablets. For sale by all dealers in patent medicines in the county.

Many a man reserves the kind words his wife is entitled to for her tombstone.

### SIMPLE COLDS.

Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1.00 bottle at H. K. Woods & Co.

True charity begins at home, but it doesn't end there.

## Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the wrapper of every bottle of Emulsion you buy.

## A DOG STORY.

Some years ago I had a gentleman, a large, muscular fellow, collecting for me in Illinois. He stopped at a farm house when the family were all away. When in the yard near the house he was suddenly attacked by a large and vicious dog. The brute was so close that retreat was impossible, and the man was armed with nothing but the weapons nature gave him. While defending himself as best he could with his bare fists, and the dog was trying to seize his legs, he stepped upon some corn cobs which rolled under his feet, throwing him suddenly. He fell with his whole weight squarely on the dog, bearing him forcibly to the ground. The beast appeared to think he had been caught in a trap, forgot his anger, and with many yells of alarm began a frantic effort to escape. The gentleman, who was thoroughly alarmed, was not anxious to hold him, and the dog was soon going around the house like a shot from a gun, while he, fearing the dog might return to his fray, lost no time in mounting his horse and riding away.

This scene would certainly have been very funny to an eye witness had there been one, although I much doubt that either the man or the dog enjoyed it much at the time of its occurrence.

## BRYANISMS.

How would it do to sentence those coal operators to live a year on the average wages paid to the miners?

The Mad Mullah death report has gone to join the republican promise to revise the tariff and curb the trusts.

Yesterday was "Jacksons Day." Andrew Jackson was a president who did not confine his strenuousness to the vocal department.

Having accomplished bloodless surgery perhaps we may yet see the day when there will be corporationless politics and bootless campaigns.

Most of the Christmas toys are broken by this time, but if the Christmas spirit is retained throughout the year it will be a joyous span of three hundred and sixty-five days.

It is estimated that the Salvation Army fed over two hundred thousand poor people on Christmas day. This organization of devoted christian men and women deserves the sympathy and hearty support of all right thinking people.

Venezuela is in trouble because she owes so much to so many and can not pay, while Turkey is on Easy street because she owes so much to so many and does not have to pay. International relations develop some queer situations.

The bachelor who was elected governor of Kansas promised to get married if he won the governorship. He won, and now he refuses to keep his promise. This thing of breaking ante-election promises made to the people is a fixed habit among republican politicians.

## KENTUCKY.

The U. S. Civil Service Commission report that for the year ending June 30, 1902, there were 14,983 persons appointed from its registers. This was 4,092 more than was ever before appointed in a single year. Anyone wishing information about these positions can secure it free by writing for the Civil Service announcement of the Columbian Correspondence College, Washington, D. C. The commission will hold examinations to secure young men and women for these places during March and April, at Covington, Danville, Owensboro, Louisville and Lexington. Many people do not know that these appointments are made without political influence and that a large share of them are filled by those having only a common school education, but such is now the case.

**CASTORIA.**  
Bears the Signature of *Chas. H. Fletcher*

## THE COMMONER IN 1903.

The Commoner. Mr. Bryan's paper, will be especially interesting and instructive during the present session of congress. The action of this congress will probably determine the issues upon which the next presidential campaign will be fought. The Commoner proposes to carry on a campaign of education and organization to the end that democratic principles may triumph.

In addition to the editorial department, which receives Mr. Bryan's personal attention, The Commoner contains a Current Topic department, wherein a non-partisan discussion of topics of timely interest and other valuable information will be found. The Home Department is conducted by an experienced woman who is widely known as a writer of household topics and who is an authority on the art of cooking in all that the term implies. This department alone is worth the subscription price. The other departments of the paper are all interesting and ably conducted, among which is a summary of the world's news told in a narrative style, and Mr. Maupin's department—Whether Common or Not—contains original anecdotes and wit, moral lessons in homely phrase and verse, and appeals to old and young alike.

The Commoner as a whole is clean, entertaining and instructive and its rapid increase in circulation—now amounting to 140,000—is proof of the paper's strength and influence.

Arrangements have been made with Mr. Bryan whereby The Commoner can be supplied at a very low rate with the Press; both papers for one year for \$1.75. This offer applies to both new and renewal subscriptions, and should be taken advantage of without delay. All orders should be sent to the Press, Marion, Ky.

## MANAGER WANTED.

We desire to employ a trustworthy lady or gentleman to manage our business in this county and adjoining territory. Our house is well and favorably known.

\$20 straight cash salary and all expenses paid each week by check from headquarters. Experience unnecessary; position permanent. Address Thomas J. Cooper, Manager, 1040 Calton building, Chicago, Ill.

## Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures, occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. See at H. K. Woods & Co's drugstore.

## A PROMINENT CHEMIST

Of Louisville, Ky.  
Has succeeded in perfecting a combination of Camphor with Essential Oils so as to form a perfect and remarkable relieving and curing agent for all external injuries and pains. The peculiar feature of this new remedy and that which is attracting the attention of the medical profession and public is its remarkable power of inducing copious perspiration, thereby opening the pores of the skin and allowing the camphor and cooling, soothing, antiseptic oils to penetrate to the source of the ailment removing the congestion by drawing out all fever and inflammation quickly. This new remedy does not heat by drying, scabbing and deadening the nerve centers around the source of the injury, but on the contrary creates activity, stimulates the circulation, soothes and cools the injured nerves, allowing the wound or pain to be relieved and cured quickly without any depressing or bad after effects.

This remedy is so far superior to the old fashioned ointments, salves and liniments that it is rapidly replacing these old time remedies in every household. It is just what the mother, father and children need every day in their homes, office or shop because of its remarkable quick relieving and healing powers. This new product is manufactured by The Paracamp Company, of Louisville, Ky., and is known as PARACAMP, and we are pleased to inform our readers that our enterprising druggists H. K. Woods & Co., have made arrangements to handle Paracamp in our city.

## FARMING IN THE SOUTH.

The Passenger Department of the Illinois Central Railroad Company is issuing monthly circulars concerning fruit growing, vegetable gardening, stock raising, dairying, etc., in the States of Kentucky, West Tennessee, Mississippi and Louisiana. Every farmer or homemaker, who will forward his name and address to the undersigned will be mailed free, Circulars Nos. 1, 2, 3, 4 and 5, and others as they are published from month to month.

F. R. WHEELER, G. P. & T. A.  
126 Main St., Evansville, Ind.

## IMPORTANT NEWSPAPER CHANGE.

Henry Watterson's Courier-Journal Announces a New Policy.

During Three Decades the Louisville Courier-Journal has stood unshakably and conspicuously before the public as the representative of the great commonality of the people against both the Robber Baron, the bandit politician, misquoting as a Statesman and a patriot the better to serve the ends of his master. In fulfilling the high function it has sometimes had to go fast and sometimes to go slow, sometimes to cry "onward" and sometimes to cry "halt," sometimes to drive at the root of things, and sometimes to drive ahead; but never changing the direction of its movement and always true to the underlying principle of its being, expressed by the simple demand for "The Greatest Good to the Greatest Number."

With the advent of the New Year, that is on the first of January, 1903, the Courier-Journal begins a campaign from which it looks for commanding results, and the better to reach the objects it has before it, the twice-a-week edition was changed to a once-a-week edition returning to the old Weekly Courier-Journal, which for a quarter of a Century was literally a political bible to millions of Americans who knew they could trust both its precedence and its interest.

The new Weekly Courier-Journal is modern in every respect, and is a paper for the home. It is issued every Wednesday, and its ten or twelve eight-column pages are filled with the best work of the best writers. The price of the paper is \$1 a year, in advance, and it is well worth it.

By a special arrangement with the publishers of the Courier-Journal you can get that paper and the Press for one year for only \$1.50.

## Tried to Conceal It.

It's the old story of "murder will out" only in this case there's no crime. A woman feels run down, has headache or dyspepsia and thinks it's nothing and tries to hide it until she finally breaks down. Don't deceive yourself. Take Electric Bitters at once. It has a reputation for curing Stomach, Liver and Kidney troubles and will revitalize your whole system. The worst forms of those maladies will quickly yield to the curative power of Electric Bitters. Only 50c and guaranteed by H. K. Woods & Co.

# LOCAL NEWS OF MANY DISTRICTS.

## NEW SALEM.

W. S. Lowery is on the sick list. Charley Brown has moved near Lola.

Dan Riley and family of Marion visited W. C. Tyner and family last week.

Harry Harpending, of Marion, spent the holidays with his father's family.

Tobacco in this section is all sold. This is one of the years that the farmer had nothing to do with the price; the dealer set that.

Uncle Tom Binkley and family have moved to Pinckneyville.

We had one of the dullest Christmas we ever saw. No parties or gatherings of any kind for the young folks.

Mrs. Blanche Harris and Miss Mira Stevens of Salem, were guests of W. C. Tyner's family Sunday.

Geo. Kinsolving had quite an exciting experience while attempting to ford the creek near New Salem. The creek proved to be swimming and by some means the mules became detached from the wagon, leaving Mr. K. in the wagon which went floating down the creek. He finally succeeded in swimming to the bank, and securing help saved what of the wagon that was left.

Harry Harpending has gone to Florida.

Bunk Baker and Henry Bruster had valuable cattle to die last week.

Will Conyers, of New Salem and Miss Irene LaRue, of Sheridan, were married in Paducah last week. They have gone to house-keeping on the farm of Henry Bruster.

The charivari in honor of the newly married couple, beat any thing for noise we ever heard.

Leander Childress, of Texas, is visiting his aged mother. He was born and raised in this county but has been making his home in Texas for many years.

I have a good milch cow for sale with young calf at a reasonable price.—Tom Harpending.

We believe in doing things that are needed, but to do a thing simply because one has the power is not right. The above has reference to the building of a new school house at New Salem. We have in the first place, one of the smallest districts in the county, so far as the number of pupils are concerned. We venture the assertion, that for the past 10 years the daily average attendance will not exceed ten. In the second place we have a good, comfortable house; plenty large to accommodate ten times the number of pupils that attend. While it is true the house may need some repairs which the district will gladly do, without putting a heavy tax on the people that already have more than they can pay. We hope those in power will look before they leap. If we had a big district and no house sufficient to accommodate the pupils we would say amen to it.

The young people were given an entertainment at the home of Mr. and Mrs. Lish McWhirter last week.

Miss Sallie McWhirter has returned home from a visit to her brother at Paducah.

Bro. Lowery filled his regular appointment at New Salem the last fourth Sunday.

## A Marvelous Invention.

Wonder never ceases. A machine has been invented that will cut, paste and hang wall paper. The field of inventions and discoveries seems to be unlimited. Notable among great discoveries is Dr. King's New Discovery for consumption. It has done a world of good for weak lungs and saved many a life. Thousands have used it and conquered Grip, Bronchitis, Pneumonia and Consumption. Their general verdict is, "It's the best and most reliable medicine for throat and lung troubles. Every 50c and \$1 bottle is guaranteed by H. K. Woods & Co., druggists. Trial bottles free.

## FREDONIA AND KELSEY.

The health of the people in this community is very good at present, and all our residences are occupied and several want to rent houses but they are all in use.

There has been a great deal of moving around here recently.

The pastor of the Baptist church, Rev. Miller and his estimable wife, have moved from Corydon, Ky., to this place.

Herbert Young has moved from Crittenden back to his farm in Lyon county.

W. M. Green has sold his house and lot in Kelsey to James Ray, of Fredonia. Mr. Green has moved the Geo Foster farm near Marion.

Mrs. Reiter has moved from Kelsey to Fredonia.

On Wednesday evening at the residence of Mr. T. M. Butler, Mr. Milton Maxwell and Miss Linnie Loyd were united in marriage, Rev. Halsell officiating. They immediately started on a bridal tour and will be gone several days. The groom is one of our best citizens and the bride is well and favorably known. They have a wide circle of friends who wish them much joy and happiness through life.

Ice houses in this section are all filled and the quality is said to be very good.

John and Reginald Rice, and their sister, Miss Ruby, spent the holidays here.

The bridge across Dry Fork creek on the Dycusburg and Fredonia road has been repaired; so boys, come to town, we haven't seen you since the flood.

A great many of our farmers have sold their tobacco to a Clarks ville firm, and will hand-pick it in the hogsheds and ship to that city.

Miss Mamie Henry visited relatives here last week.

Miss Georgia Boaz is visiting friends in Marion.

The young people were given a watch party at the home of John Bettis Wednesday night, and report a grand time.

A. M. Wigginton, our popular landlord has a large eagle which was captured near town a short time ago.

Misses Nar and Virginia Nunn, of Madisonville, are guests of Mrs. H. C. Rice.

L. L. Hill, formerly of Sturgis, but now of Indianapolis, Ind., visited his parents, Mr. and Mrs. J. B. Hill.

Edward Rice and wife started Monday night for the South to be gone several days.

## A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood.

## CHAPEL HILL.

Health of our community is good.

C. A. Walker went to see his brother last week, Rev. Henry Walker, of Fordsville.

Quite a nice time at W. H. Big-ham's Christmas night with the young people of Chapel Hill.

Cal Adams sold to T. M. Hill, a fine lot of young cattle, Christmas week.

It is suggested that the board at Chapel Hill have another meeting to transact some business.

Nathan Ward who left this country two years ago has returned home.

Miss Ruth Hill has been visiting her grandmother, Mrs. S. H. Hill.

J. T. Bigbam sold to John Reed a fine steer last week.

Mr. Holt and wife of Marion, are visiting Mrs. J. C. Long.

Miss Mary Sue Wilborn, of Marion, was the guest of H. S. Hill's family last week.

Geo. Thomas and wife, of Marion, are visiting Mrs. J. C. Long.

Our genial friend, Geo. H. Crider, has moved from Sullivan to Crayneville. He will have charge of the depot at that place.

George Moneymaker, of Mexico, was through here Sunday enroute to Marion.

## CURED OF BOWEL CONSUMPTION.

In a recent letter Rufus Wright, of Cave-in-Rock, Ill., said: In the fall of 1898 I was attacked with bowel consumption. I was rapidly reduced to a mere skeleton. I tried a number of remedies without relief; then I tried Hill's Specific and before one bottle was taken I was entirely well and feel that I owe my life to Hill's Specific. Price 25 cents at all stores in the county.

## DYCUSBURG.

Hon Eugene Graves, of Paducah, spent Christmas holidays at home in Dycusburg.

Carl Glenn and wife have removed to Paducah. Our citizens wish these excellent people success in their new home.

Misses Lillie Graves and Evangeline Scott were at home with their aunt Miss Cora Graves during Christmas. They returned to St. Vincent for the winter term on Jan 5th.

The Misses Boofter, of Kuttawa, were the guests of Miss Ada Dycusburg Christmas.

The police court ran a right lively business last week.

Miss Ilene Graves is in Paducah.

Several residences are for rent in Dycusburg.

Dan Jeffords and family have removed to Paducah.

The family of Oscar Scott will remove to Hopkinsville for their future home.

J. G. Griffin has been on the sick list a few days.

G. W. Jones and wife paid a visit to Princeton last week.

A dance was given at the Mitchell House Thursday night.

The Baptist church have called Rev. Ramey, of Lyon county, for their pastor for the year 1903.

Tobacco is coming to our market hourly.

Mrs. Lula Banton and children have moved to their farm below town.

## CALOMEL AND QUININE FAILED.

In a letter recently written from Wm. Barnett, of Crider, Ky., he said: My wife had chills for eleven months and after trying calomel and quinine, and chill tonics of various kinds, I concluded to try Hill's Anti-Malarial Tablets, they cured my wife immediately; its a medicine worthy of more praise than I can give it. For sale at all stores in the county.

## LOLA.

Bad colds and lagrippe are very common now.

Wheat is looking reasonably well for January.

But few in this neighborhood have finished gathering their corn on account of the crop being late and so much wet weather.

A six months old child of Tom Rankin was buried on Christmas day.

Charlie Dyer has been quite low with pneumonia, but we are glad to report him improving.

Business seems to be good in our little town and all seemed to go off nicely during Christmas.

The mines are running right along now.

The Burns shaft has a day and night shift.

There is still some flying railroad news that pleases our ear at times; but we had rather see it.

Leonard Champion will erect a new residence in Lola as soon as the weather will permit.

Born to the wife of W. L. Kennedy, Dec 26th, a 9 lb girl.

Hog killing is about over and this neighborhood had some nice hogs.

J. R. Tolley sold a Poland China hog two years old to Wm Jamison whose net weight was 506 lbs and it brought \$32.90. This looks like proof enough to quit raising your razorbacks and get a good breed of hogs.

Dr. A. A. Casper passed through here last week en route to Louisville, where he will attend the medical school again. This is his last term. We predict for him success.

Virginus Frayer, City Atty, for the city of Cave-in-Rock, Ill., in a conversation said: In the spring of '98 I was attacked with the chills and after trying about half a box of Hill's Anti-Malarial Tablets I was entirely cured. This would be the case in many instances if only you would give them a trial. Price 25c at all the stores in the county.

## STARR.

Our Christmas tree was a success.

Misses L. Almer Crayne, Emma McDowell and Pearl McNealey were the managers of our Christmas tree.

Several crops of tobacco in this section not sold.

Geo Bibb and daughter of Mexico visited in this section during Christmas.

Dick Butler, of the United States army was calling on his friends during the holidays. His headquarters is at Baltimore.

John Glass has moved into this community.

Mr. Payne and son, of Mississippi is visiting relatives in this community.

Henry Murry, Sexton, Mo., visited relatives in this section Christmas.

Geo Hoorin is very low at this writing.

School opened here again Dec. 29th.

Hogs are going at 5 and 6c and the demand is not supplied. Farmers had better raise corn and hogs instead of tobacco. That is until the tobacco ring is broke, and that will not be as our influential citizens give their aid and support to the combine.

B. F. Rushing cut his foot very badly.

Geo. Hoorin died this morning, Jan 5th.

Died, Dec. 31st, Miss Bettie Cluck, and was buried here New Year's day. She was an estimable and kind lady and was highly esteemed.

Died, at the residence of her father, Rev John A. Heat, Miss Ellen Hunt, and was buried on new year's day at the Paris cemetery.

Mrs. Crowder and daughters, of Marion, visited here Christmas.

Married, at the residence of Geo W. Newhall, R. C. Thompson and Miss Mattie Newhall.

## HEBRON.

W. D. Williams is very ill with typhoid fever.

Miss Virgie Clement, daughter of W. L. Clement, has been sick several months, and there is no hope for her recovery. She has consumption.

D. B. Moore will move to the Carl Flannery farm for next year.

T. E. Griffith has rented the R. E. Flannery river bottom farm.

John Farmer will move to the old Walker residence. He is arranging for a big crop of tobacco on that farm.

Dan Green has returned to his country chateau for next spring and summer pastimes.

## CROOKED CREEK.

Listen to the wind as it sings its last song of the old year. Of what does it sing? It sings of wishes, ambition, happiness dying as it dies. It sings of newly made graves, of wrecks on the lone ocean, vacant chairs by the fireside of widows' tears and orphans' sighs. For how many lost hopes of yours, dear reader, does it sing? The new year has come. The joy bells tell another story; they sing of new hopes, new lives, new plans renewed vigor, happiness and prosperity.

Rev. R. E. LaRue preached an interesting sermon at this place the 4th Sunday.

Rev E. B. Blackburn has been called as pastor of this church the coming year. The records show that during his ministry he has served this church 16 years, during which time he has accomplished much good.

Rev W. R. Gibbs will preach at this place the 2d Sunday in this month at 11 a. m.

Prayer meeting every Sunday at 2 o'clock.

The young folks of this section had a pleasant singing and musical at M. V. Ford's during the holidays.

Moving is now the order of the day.

Joe Hurst came in from Oklahoma last week, and reports a fine country. He and family intend leaving shortly to make that their future home.

U. G. Graves and wife were visiting in this vicinity Sunday.

Miss Effie Fritts, of Fredonia, visited John A. Clark's Sunday.

## CRAYNEVILLE.

I come again with the news from this beat.

Little Annie Russell is on the sick list.

Mr. Blue is the guest of D. P. Glenn's family this week.

W. R. Cruce is spending the

holidays with his mother, Mrs. Ford.

Bro Price filled his regular appointment the 4th Sunday.

J. A. Ordway was the first to deliver his tobacco. Joe is a hustler.

Presley Jacobs of Paducah has been visiting his parents, of this place, the past week.

W. R. Cruce gave the young folks a nice supper Dec. 21 which was enjoyed by all present.

J. M. Freeman has moved to Crayneville.

Geo Crider of Sullivan has moved to this place to act as railroad agent.

Hays Jacobs has gone to Louisville to clerk in a hardware store.

Sunday morning, Dec 28, 1902, at the residence of the bride's parents, the pretty daughter of Mr. and Mrs. W. H. Ordway of Crayneville, was married to Thos Jones, who is one of the most prosperous young farmers of the county. May life's richest joys be theirs.
