THE WEALTH OF CROESUS

Lies Hidden in the Hills of Southern Illinois and Western Kentucky.

ENORMOUS FISSURE VEINS OF LEAD AND ZINC ORES AND FLUOR SPAR TRAVERSE THE COUNTRY—OHIO VALLEY MINING COMPANY IS UNCOVERING THE FAMOUS ROSI CLARE VEIN.

The Past Year Has Shown the Immense Money Making Capacity of This Wonderful Mining Section.

EVERYBODY INCREASING THEIR BANK ACCOUNT.

In a comparatively small area, comprising the counties of Pope, Union and Hardin, in the State of Illinois; Crittenden, Livingston and Caldwell, across the Ohio river in Kentucky, there exist the greatest fissure veins of Lead and Zinc ores and Fluor Spar known in America.

The absence of all railroad facilities in the past has simply kept dormant these great money producers. The steel rails and the steam engines of the Illinois Central road have, during the past twelve months, penetrated into this section of Illinois, known as many years as Egypt. Mining plants, steam hoists, steam pumps and great reduction works, are dotting the hills of Hardin county, the only county in Illinois without a railroad.

The oldest inhabitants will tell you that they remember when oil

Today this seems a strange statement, but when it is remembered that the shining metallic looking particles of "Jack," or zinc sulphide, could not be melted, as was the case with every other metal found, but would volatilize under strong heat, and pass away as smoke in the atmosphere, leaving no trace of a metallic nature behind, it was no wonder that the miners for lead and silver ores considered it so much waste, and acted accordingly; hence it was used for road making, and the residue always passed to the waste dump.

Today these shining metallic particles are worth \$37.00 per ton, and our smelters can not buy sufficient tonnage to supply the great and ever increasing demand for this white metal.

Great bodies of carbonate of zinc, a heavy, earthy looking rock, of a brownish yellow color, are also

The ores of lead occur in masses and also disseminated through that wonderful mineral, fluor spar, which at times shows solid veins 100 feet in width, with disseminated lead ore throughout. This lead ore brings a money value at the present writing of \$54.50 on board cars. Nowhere else in America can fluor spar be obtained in quantities. Isolated examples of this mineral are found in various parts of the country, but in quantities so small as to be of no real value to the miners. Here, fluor spar is a veritable king; and it is, indeed, a strange product of nature. Crush a little of this beautifully white mineral composed of lime and fluorine, add a little sulphuric acid to it and it evolves a hydrofluoric acid, the fumes of which will etch glass, steel or almost anything else.

The demand for fluor spar by the open hearth steel plants, the glass and acid manufacturers, has increased in a marvelous degree; where pounds were wanted a few months ago tons are demanded today, and that, too, at prices that pay the company handling or mining it remarkable profit.

The Ohio Valley Mining company was especially fortunate in securing land adjoining the famous Rosi Clare mine through which the famous Rosi Clare fluor spar vein passes, from the southwest to the northeast, giving more than one-half mile of this remarkably productive vein of lead and fluor spar.

The original Rosi Clare Mine has been in active operation since the Seventies. The working shaft is now nearly 300 feet deep. This mine has been all these years a notable producer of lead and fluor spar shipping their product all over the United States, from Butte, Montana, to Florence, Alabama, and from New York city to San Francisco.

John R. McLean, Editor of the Cincinnati Enquirer, and his sister, Mrs Geo. Dewey, the wife of Admiral Dewey, are now the owners, it having been willed to them by their father, Washington McLean, before his death.

The Ohio Valley Mining company is uncovering this famous Rosi Clare vein, and is mining precisely the same fluor spar that is being sold from the original shaft. As greater depth is gained at this point, the same class of copper will be found that is now mined in the Rosi Clare. Captain Thomas, the Mine Superintendent for Col. McLean, has reached a depth where the copper ground is very similar to the famous Montana mines, at a depth of 3200 feet. Fine specimens of these copper nuggets, some weighing as much as sixty-five pounds, have been taken out and will be placed on exhibit at the St. Louis Exposition.

The Rosi Clare property has been a splendid dividend payer for a great many years, and will, in all probability, remain so for many generations to come. Indeed, there is no investment that will at all equal one of these great fissure veins that is filled with a marketable product. What in other sections is a complete waste, is here a mineral that has a good, strong money value, and is in active demand all over the country. An estimate made by a mining engineer on an 8 foot vein carrying 5 per cent lead and 10 per cent zinc on a block of ground 100 feet long on the vein, gave the following results at current prices. There would be in this block 6000 tons of mineral, of which

| | |
|----------------------------------|----------|
| 300 tons lead at \$54.50..... | \$16,350 |
| 600 tons zinc at \$37.00..... | 22,200 |
| 5000 tons fluor spar at \$6..... | 30,000 |
| | \$68,550 |

From which should be deducted the cost of mining, \$12,000; the cost of milling, \$4,500, and the interest, wear, and depreciation of machinery, amounting in all to \$18,555, besides a waste of 100 tons, net balance for dividends of \$50,195, or fully fifty per cent on the par value of the Ohio Mining company's capitalization, which is \$100,000.

This amount may look large, but when one considers that in the same mining section an investment of something over a thousand dollars has already returned and that within two years nearly \$80,000 profit, the capabilities of this wonderful section will, in some degree, be realized. It is, of course, owing to the large fissure veins filled from wall to wall with a marketable product. That the estimate of 8 feet is not large, is evidenced by one property where solid zinc ore is 65 feet wide, without a break of any kind.

The Ohio Valley Mining company has, beside their Rosi Clare vein in Illinois, across the Ohio river in Kentucky another opening on the famous Rosi Clare vein, and, day before yesterday they had reached their ore.

In various sections of the Kentucky district, notably in Crittenden and Livingston counties, this company has added mining property that will unquestionably be great producers.

The directors and officers of the Ohio Valley Mining company are: B. H. Poindexter, President; Ed. L. Williams, Director, of Owensboro; Judge J. P. Pierce, Vice President; Pierce & Son, Directors; Geo. M. Crider, Treasurer; Jas. E. Crittenden, Secretary; Joel A. Farmer, Director, all of Marion, Ky. They all reside in or near the district, and are all prominent business men, their chief aim being to make a new record on dividend earning and paying property. With the mines they have already opened, they will undoubtedly do this, and it seems to us that with the varied holding of the Ohio Valley Mining company the prospect looks fair for them to rival the enormous dividends of the Anaconda Mines of Montana.

Actually Lynch-Negro in Illinois.

Such an example of mob violence as that displayed at Belleville Saturday night brings up for serious consideration the question whether or not the people of Illinois are now to vindicate their claim to a higher respect for law than that prevailing in the South. Belleville is not a cross-roads hamlet isolated from the rest of the world. It is a city with a population of 18,000 or more. It is within a short distance of St. Louis, and it has railways to keep it in touch with civilization. Yet a Belleville mob, "principally business and professional men," took a negro from the jail, beat him until he was half dead, hanged him to a telephone pole in the public square and completed the horror by burning his body. The crime with which the negro was charged, a cold-blooded and murderous assault upon a county superintendent of schools, was undoubtedly atrocious, but southern communities will be quick to point out that it was not the kind of crime which in the case of most southern lynchings is alleged to be an excuse and extenuation for mob murder.

According to the dispatches from Belleville, "every negro in the city has been warned to leave town or suffer the consequences." In other words, the people of this northern city are engaged in just the same kind of business as that which the north has so often condemned in southern communities.

HON. MARION F. POGUE,

Candidate For Assistant Clerk of the House of Representatives.

HON. M. F. POGUE.

Hon. Marion F. Pogue, the present able and popular representative of Crittenden and Livingston counties, will be a candidate for Assistant Clerk of the next House, and there is not one of his constituency but who hopes that he will win the place. He was faithful, alert and able as our representative and but for the time honored custom of alternating between the two counties, his party would give him a unanimous endorsement. He possesses all of the qualifications necessary for an efficient assistant clerk, and as such his work would be eminently satisfactory to the House. It affords the Press pleasure to testify to the moral worth, clerical skill and straight unswerving Democracy of such a man.

Charles Earl Currie & Co

SPAR GRINDERS

Louisville, Kentucky.

We offer the unexcelled facilities of our extensive milling plant at Louisville, Ky. to those desiring to have their Spar ground for the market. Are prepared to grind to any degree of fineness desired. Shipments received, ground and forwarded promptly. Any business entrusted to our care will be held strictly confidential. Prices on application.

NEWS DISPATCHES

Forest fires and drouth have caused losses in Maine estimated at \$4,000,000.

P. Watt Hardin, of Kentucky has purchased "Sabot Hall," containing 1,000 acres, and one of the historic plantations of Virginia.

The fact that Refugee W. S. Taylor was late for his Sunday dinner gave rise to a rumor that he had been kidnapped from Indianapolis.

The Breathitt county grand jury adjourned last Saturday until Monday; it returned 124 indictments, but the majority of them were for violations of the county prohibition law.

A destructive torrent overwhelmed the Pacolet, Clifton and Glendale cotton mills near Spartanburg, South Carolina resulting in the drowning of twenty-five or thirty persons, and a property loss to the Pacolet mills alone of over \$1,000,000.

Louisville Republicans have written to Commissioner John W. Yerkes, at Washington, requesting him to urge Mr. A. E. Wilson to withdraw from the race for the Republican nomination for Governor, in the interest of Col. Belknap. Mr. Yerkes is expected to decline.

No exact figures can be obtained on the property losses by Western floods, but the total will reach many millions. In addition to great damage to many cities and towns, railroads and industrial and agricultural interests are heavy losers. The Burlington system estimates its loss at \$4,000,000, while several other roads have lost quite as heavily. The crop damage in Kansas will reach \$5,000,000.

dren of the Mississippi Valley Indians made periodical visits to many places in this county to replenish their stock of lead for casting bullets. It was an easy matter to do this, for even now great masses of pure galena (the ore of lead) is found at the surface of the ground, the grass roots, so to speak, and these masses of pure ore weigh fifty, one hundred, five hundred pounds.

In those days the value of the ore of zinc, both sulphide, or as it is termed in Joplin, "Jack," and the Carbonates, was unknown to our American miners. Great dumps, containing thousands of tons of zinc ore, which was considered then so much waste, can now be utilized.

found in Hardin county. This carbonate is used to produce the well known pigment zinc white, or the oxide of zinc, and readily brings \$20 per ton on board cars at the place of shipment.

Tales innumerable are told of the making of practically pure silver dollars in the caves and hollows of Hardin county, from the ores obtained in the immediate vicinity. Indeed, the counterfeiters of those days seemed at no loss to find the material for a silver dollar that compared most favorably with those of Uncle Sam's Mints, in the make up and general appearance of a real dollar. Unquestionably veins of silver exist in this county, as well as those of the less valuable metals.

LOCAL HISTORY.

The Chronicles of a Kentucky Settlement—A Splendid Work.

I have just finished reading "Chronicles of a Kentucky Settlement," by W. C. Watts; read it at three sittings. It was splendid employment for leisure moments. I enjoyed it very much. It is evident it was intended for a novel. It betrays that style by each character coming to us under the cover of assumed names. The author hath truly wrought a good work.

These pioneers deserve more than a fireside talk or a street comment; they are worthy a place in the annals of history. The men were unique characters, the stamp of honesty upon many of their faces; the countenance an index to the soul, but bad habits, early in life formed, had left its impress upon some of their faces.

The women were heroines of the first water, and the lives of all coming back to us in prose is like many voices speaking to us from the dead, and teaches us that we can make our lives sublime, or a perturbation in the social realm. My enjoyment would reach its superlative excellence to sit at the feet of the author and hear him recite these reminiscences in connection with the real names. But the facts and the location in connection with some character gives me their real names, but I want to know others. Many things and many characters I would like to mention, but time and space will grant the mention of only a few.

Jim Wilson, how rough, grim, and uncouth, and dreaded at one time, and yet, now gentle and docile in the evening of life, yet it is to be hoped that the service at the "old log meeting house" under the supervision of the Methodists, lighted him from the logs and ruts of his reckless life to the higher and nobler aspirations.

But George Duncan's physical breakdown near the home of of Jim Wilson was more than a streak of good luck or a fiat of fate. It was certainly providential; it just put him on the road to success in more ways than one.

The old Father had hidden a way in the rear; the would be "Angel of his Covenant," who came soon after he fell, not among thieves, but among the rocks, a cripple, who acted the part of a good Samaritan, dismounted and with a loving heart and cold hands assisted him on her own beast and carried him to her own "inn," bound up his wounds, cared for him, and after two nights by faithful old "Mingo" of diligent search for Duncan's brother, she proffered him money, but the brave and noble Duncan expresses his profound

CARE OF ROSES.

To be successful with roses, attention must be paid to insect enemies. The slug is probably the worst in most localities; being small and green, it is likely to do serious damage before discovered. It is found on the leaves, where it feeds on the green part, leaving the skeleton, which soon turns brown and shrivelled. On the first appearance of the worms, sprinkle the leaves, either with a whisk broom or through the nose of a watering-pot, with the following mixture: A level teaspoonful of white hellebore powder stirred into a gallon of water. This is a sovereign remedy, and seldom requires more than one application; it should be used in the shady part of the day—morning or evening, and when rain is not imminent. Hellebore is a deadly poison, when taken inwardly, and should be labelled and handled carefully.

May we never have false friends who, like shadows, keep close to us in the sunshine only to desert us on a cloudy day or in the night.

dest gratitude and thanks in a few well chosen words and went on his journey without it.

One of those young men that married into the Howard (?) family, methinks, rests under marble stone in the Smithland cemetery. He was a great man, a great Methodist. My father regarded him as one of the best men he ever knew. His philanthropic spirit touched the life of many a poor man, and especially the poor preacher.

When the conference met in Smithland in 1857, he entertained in his generous way, in his palatial home one half mile from town, thirty preachers. Dr. Henderson gone, and Dr. G. H. Hayes, now living, were among the number, and when conference adjourned he gave each a ten dollar gold piece. He so endeared himself to Dr. Henderson that Henry Given Henderson, now of the St. Louis conference, bears his name in full.

Some five years afterward the writer saw the light, and has the honor of wearing this good man's name in full.

Colonel Lovell's prayers in the humble home were not in vain. He has a son in the regular or itinerant ministry; of this son, one little incident and then I am through.

He had been in conference some four years. At the end of this long absence he went home; many of his friends were anxious to hear him and he was quite anxious to be heard. He was announced to preach in Smithland on a certain night. The people rallied in force to hear their county boy. He took his text, got out into the midst of the deep, struck a boulder, went down and made a most glorious failure. His old black "mammy" was also anxious to hear, her boy preached, and at her solicitation an appointment was made, time fixed the house crowded. When the hour came he was anxious to have some white person accompany him. He sought the clerk's office, but the clerk added fuel to the fire by poking fun at him.

But the clerk was anxious to have the boy redeem himself, so he consented to go. He selected the 23d Psalm and for twenty-five minutes he preached like one of the prophets. The old black mammy got so full "her cup run over," and she ran to her boy, brought him into the altar, and the whole business covered him. On their return the blacks exclaimed, "Joe you missed your calling." "No, I think I am called to preach." "Yes, to colored people instead of white people."

Hiram Caddi Skinfint.

BOOTH STORY A FAKE.

Baltimore, Md., June 3.—In connection with the report from Enid, Okla., that John Wilkes Booth, assassin of President Lincoln, died there January 14, under the name of David E. George, it is declared by persons familiar with the case that there is no doubt whatever that Booth's body is buried here in Greenmount cemetery.

The remains were brought to this city after the exhumation in Washington. When the coffin was opened here the dead actor was recognized by persons who had known him intimately in his life. Among them were members of his family. The identification was absolute.

The body now lies buried in the Booth lot, but without any headstone or mark over the grave.

Here's to the white man's wife—the white man's aid, but not his burden.

Our Country—May she always be in the right, but right or wrong, our country.

INGERSOLL'S ELOQUENCE.

The following are striking quotations from Ingersoll's lectures:

IMMORTALITY.
"The future holds the fruit of joy; the present keeps us from the feast and so with hurrying feet we climb the heights and upwards look with eager eyes. In the gathering gloom the fires slowly die, while memory dreams of youth and hope sometimes mistakes the glow of ashes for the coming of another morn."

SUICIDE.
"Suicide is justifiable—to escape death by torture; to avoid being devoured by a cancer; to prevent being a burden to those you love; when you can be of no use to others or yourself; when life is unbearable; when in all the horizon of the future there is no star of hope."

HEAVEN.
"There may be a place called heaven, the home of God, where angels float and fly and play on harps and hear with joy the groans and shrieks of the lost in hell. But of this there is no evidence. It all rests in the dreams and visions of the insane."

THE STAGE.
"The children of the stage with fancy's wand rebuild the past. The dead are brought to life and made to act again the parts they played. Who are the friends of the human race? They who hide with flowers the cruel rocks of fate, the children of genius, the sons and daughters of mirth and laughter, of imagination; those whose thoughts, like moths with painted wings, fill the heaven of mind."

DEATH.
"If the grave ends all; if all that was our friend is dead, the world is better for the life he lived. Beyond the tomb we cannot see. We listen, but from the lips of mystery there comes no word, darkness and silence brooding over all. And yet because we live we hope. Farewell! And yet again farewell."

CHARITY.
"I have no great confidence in organized charity. The organized charity becomes rich, and the richer and meaner and harder of heart and the closer of fist."

TOASTS.
Woman—She needs no eulogy, she speaks for herself.

May we have the unspeakable good fortune to win a true heart and the merit to keep it.

May we never murmur without cause and never have cause to murmur.

Woman—The fairest work of the Great Author; the edition is so large that no man should be without a copy.

Happy are we met; happy have we been; happy may we part and happy meet again.

May the sunshine of comfort dispel the clouds of despair.

May the hinges of friendship never grow rusty.

Here's to the American eagle—the liberty bird that permits no liberties.

Here's to American valor, may no war require it, but may it ever be ready for every foe.

Home—The father's kingdom; the child's paradise; the mother's world.

ENDURANCE TEST AT PIANO.

Prof. J. M. Waterbury, of St. Louis, and Prof. Paul Schneider, of Milwaukee, will meet at St. Louis this summer to test their endurance at piano playing and decide the championship of the world. Waterbury has a record of twenty-five hours. His opponent claims to have played continuously for twenty-eight hours. There is to be a stake of \$300 and a side bet on the match.

The man who holds the ladder at the bottom is often of more benefit to the world than the one who climbs to the top.

THE EGG—A GREAT FOOD.

The hen egg is a popular and a nutritious food of high value and according to the National Provisioner, the American hen is very busy now. She has on hand what is called the "egg season."

That is the period of the hen's highest activity and productiveness. This season runs from April 1 to July. Then the farmer's barn is a lively locality. During that period the fresh meat man is heard to constantly complain that "the meat business is rotten." The eggs are, however, fresh, and the most numerous. The dalliance in the fresh meat line is the result of the egg and meat competition for the table.

The poultry product wins and gives sympathetic tone to the ham and bacon market, as ham or bacon and eggs travel together or in omelette form as a breakfast food. The extent of the spring competition of eggs with fresh meats may be gauged by the fact that from about the middle of March until June 15, there are about 750,000,000 eggs. The egg season furnishes an overproduction for consumption. The price is then low. The surplus find their way into cold storage, for fall and winter use.

The Lenten season gives fresh meat its hardest forty day pull. Meats could forgive prices a lot of Fridays for the slightness of their blow as compared with the egg competition of Lent. Cold storage has been responsible for the all the year competition which meats feel from Eggs. The incubators also help poultry by relieving the setting hen.

ON A STRIKE.

All the steamboat companies are having trouble securing roasts to work for them. At Evansville the Green river packets offer \$80 a month and board for deck hands and were unable to get a sufficient number at that price, and the Evansville and Paducah packets even tried to hire men at \$75 per month, but none came at that price. They have all been paying \$35 for roasts and the officials say that they know no reason for the men refusing to work except that they have enough money ahead to keep them going until they take a rest.

A PUZZLE THAT PUZZLES.

Take the number of your living brothers.
Double this amount.
Add it to three.
Multiply the result by five.
Add it to the number of living sisters.
Multiply the result by ten.
Add number of deaths of brothers and sisters.
Subtract 150 from the result.
The right hand figure will be the number of deaths; the middle figure the number of living sisters and the left figure will show the number of living brothers.

Leaps from a Church Spire.

The town of Rotten boasts of one of the most terrible tragedies in France's recent history.

About 7 o'clock one evening, when the streets were alive with people, a dark object was observed hurtling through the air from the great spire of the Gothic Cathedral.

Almost before the terrified on-lookers had realized that it was a human body, and that of a young woman, it had reached the earth, and was literally broken into pieces.

Who the suicide was is still a mystery.

Disease takes no summer vacation.
If you need flesh and strength use
Scott's Emulsion
summer as in winter.

BY SPECIAL REQUEST

Dr. Goldstein Returns June 15th and Will Remain a Few Days Only.

LOCATED AT NEW MARION HOTEL.

Remember the eye is the most sensitive organ we have. In its normal condition we can see at all distances alike; we can admire the beauties of nature and everything that is beautiful in life. The eye is often abused and neglected, the sight becomes impaired and requires artificial aid, and as medical attention is of no consequence there is one method to restore the sight to its normal condition, and that is the use of proper glasses. Dr. Goldstein will be the city Monday, June 15, for a few days stay. This is the opportunity of your life to get glasses fitted to your eyes to make you see properly and to rest and strengthen them. Dr. Goldstein are well known to some of our citizens and are highly recommended. Dr. Goldstein charge you nothing for examination and consultation, and will give you proper advice. The value of perfect fitting glasses with reference to health can not be over estimated. Their effect upon the nervous system is direct, and, through this directly upon the entire organization.

A few of the troubles which result directly from neglect in this particular neuralgia, sick headache and nervous prostration. In addition to the general diseases I have enumerated the following local affections often result from uncorrected errors of refraction: conjunctivitis (granulated lids) keratitis, with ulcers of cornea, paralysis of the nerves, astropathy of nerves. A sad mistake is made by most people in putting off spectacles too long. The old advice, "Don't begin specs until you have to," has done a world of harm. Anyone can, by squinting and straining and looking sharp along time without spectacles, but he is sowing seeds of destruction to his eyes. Consultation and examination free. At the New Marion Hotel.

Don't put your foot in it unless it is a

Douglas Shoe,

You can always tell if a shoe is good by wearing it, but there's a sure way of telling before hand if you want to. If you find the name, W. L. Douglas on the sole and strap, it's a good shoe; you can be sure of it; the money's worth is in it.

Look at a picture in the best possible light, and be as courteous to your fellow man as you are to a picture.

In Chopin's "Etude" in E minor it is necessary to read 3,350 signs in two minutes and a half, which is equivalent to about 25 notes per second.

To ordinary eyes a man 1,000 yards away—say on a rifle range—appears as a dot. He could not be known as a man except as being a smaller dot than a mouse.

The English post office gives 20 per cent better speed in delivering parcels than the private carriers and at a cost of 6 cents for one pound, 8 cents for two pounds, 24 cents for eleven pounds.

In the election of 1892 there were in England and Wales 46,169 illiterates; in Scotland, 4,577; in Ireland 89,913. At the 1895 election the figures were: Illiterates in England, 28,521; Scotland 4,062; Ireland 40,257.

That the low lying territory of the Mississippi should at times be overflowed is not surprising if one considers that the "Father of Waters" draws supplies from twenty-eight states, draining one third of the area of the United States.

According to Lord Rayleigh a film of oil on water may be so thin that its thickness is not more than one twenty-five millionth of an inch, which is computed to be, in all probability, the size of a molecule of the oil.

LOCAL HISTORY.

The Chronicles of a Kentucky Settlement—A Splendid Work.

I have just finished reading "Chronicles of a Kentucky Settlement," by W. C. Watts; read it at three sittings. It was splendid employment for leisure moments. I enjoyed it very much. It is evident it was intended for a novel. It betrays that style by each character coming to us under the cover of assumed names. The author hath truly wrought a good work.

These pioneers deserve more than a fireside talk or a street comment; they are worthy a place in the annals of history. The men were unique characters, the stamp of honesty upon many of their faces; the countenance an index to the soul, but bad habits, early in life formed, had left its impress upon some of their faces.

The women were heroines of the first water, and the lives of all coming back to us in prose is like many voices speaking to us from the dead, and teaches us that we can make our lives sublime, or a perturbation in the social realm. My enjoyment would reach its superlative excellence to sit at the feet of the author and hear him recite these reminiscences in connection with the real names. But the facts and the location in connection with some character gives me their real names, but I want to know others. Many things and many characters I would like to mention, but time and space will grant the mention of only a few.

Jim Wilson, bow rough, grim, and uncouth, and dreaded at one time, and yet, how gentle and docile in the evening of life, yet it is to be hoped that the service at the "old log meeting house" under the supervision of the Methodists, lighted him from the logs and ruts of his reckless life to the higher and nobler aspirations.

But George Duncan's physical breakdown near the home of of Jim Wilson was more than a streak of good luck or a fiat of fate. It was certainly providential; it just put him on the road to success in more ways than one.

The all Father had hidden a way in the rear; the would be "Angel of his Covenant," who came soon after he fell, not among thieves, but among the rocks, a cripple, who acted the part of a good Samaritan, dismounted and with a loving heart and cold hands assisted him on her own beast and carried him to her own "inn," bound up his wounds, cared for him, and after two nights by faithful old "Mingo" of diligent search for Duncan's brother, she proffered him money, but the brave and noble Duncan expresses his profound

dest gratitude and thanks in a few well chosen words and went on his journey without it.

One of those young men that married into the Howard (?) family, methinks, rests under marble stone in the Smithland cemetery. He was a great man, a great Methodist. My father regarded him as one of the best men he ever knew. His philanthropic spirit touched the life of many a poor man, and especially the poor preacher.

When the conference met in Smithland in 1857, he entertained in his generous way, in his palatial home one half mile from town, thirty preachers. Dr. Henderson gone, and Dr. G. H. Hayes, now living, were among the number, and when conference adjourned he gave each a ten dollar gold piece. He so endeared himself to Dr. Henderson that Henry Given Henderson, now of the St. Louis conference, bears his name in full.

Some five years afterward the writer saw the light, and has the honor of wearing this good man's name in full.

Colonel Lovell's prayers in the humble home were not in vain. He has a son in the regular or itinerant ministry; of this son, one little incident and then I am through.

He had been in conference some four years. At the end of this long absence he went home; many of his friends were anxious to hear him and he was quite anxious to be heard. He was announced to preach in Smithland on a certain night. The people rallied in force to hear their county boy. He took his text, got out into the midst of the deep, struck a boulder, went down and made a most glorious failure. His old black "mammy" was also anxious to hear, her boy preach, and at her solicitation an appointment was made, time fixed the house crowded. When the hour came he was anxious to have some white person accompany him. He sought the clerk's office, but the clerk added fuel to the fire by poking fun at him.

But the clerk was anxious to have the boy redeem himself, so he consented to go. He selected the 23d Psalm and for twenty-five minutes he preached like one of the prophets. The old black mammy got so full "her cup ran over," and she ran to her boy, brought him into the altar, and the whole business covered him. On their return the blacks exclaimed, "Joe you missed your calling." "No, I think I am called to preach." "Yes, to colored people instead of white people."

Hiram Caddi Skinfint.

CARE OF ROSES.

To be successful with roses, attention must be paid to insect enemies. The slug is probably the worst in most localities; being small and green, it is likely to do serious damage before discovered. It is found on the leaves, where it feeds on the green part, leaving the skeleton, which soon turns brown and shrivelled. On the first appearance of the worms, sprinkle the leaves, either with a whisk broom or through the nose of a watering-pot, with the following mixture: A level teaspoonful of white hellebore powder stirred into a gallon of water. This is a sovereign remedy, and seldom requires more than one application; it should be used in the shady part of the day—morning or evening, and when rain is not imminent. Hellebore is a deadly poison, when taken inwardly, and should be labelled and handled carefully.

May we never have false friends who, like shadows, keep close to us in the sunshine only to desert us on a cloudy day or in the night.

BOOTH STORY A FAKE.

Baltimore, Md., June 3.—In connection with the report from Enid, Okla., that John Wilkes Booth, assassin of President Lincoln, died there January 14, under the name of David E. George, it is declared by persons familiar with the case that there is no doubt whatever that Booth's body is buried here in Greenmount cemetery.

The remains were brought to this city after the exhumation in Washington. When the coffin was opened here the dead actor was recognized by persons who had known him intimately in his life. Among them were members of his family. The identification was absolute.

The body now lies buried in the Booth lot, but without any headstone or mark over the grave.

Here's to the white man's wife—the white man's aid, but not his burden.

Our Country—May she always be in the right, but right or wrong, our country.

INGERSOLL'S ELOQUENCE.

The following are striking quotations from Ingersoll's lectures:

IMMORTALITY.

"The future holds the fruit of joy; the present keeps us from the feast and so with hurrying feet we climb the heights and upwards look with eager eyes. In the gathering gloom the fires slowly die, while memory dreams of youth and hope sometimes mistakes the glow of ashes for the coming of another morn."

SUICIDE.

"Suicide is justifiable—to escape death by torture; to avoid being devoured by a cancer; to prevent being a burden to those you love; when you can be of no use to others or yourself; when life is unbearable; when in all the horizon of the future there is no star of hope."

HEAVEN.

"There may be a place called heaven, the home of God, where angels float and fly and play on harps and hear with joy the groans and shrieks of the lost in hell. But of this there is no evidence. It all rests in the dreams and visions of the insane."

THE STAGE.

"The children of the stage with fancy's wand rebuild the past. The dead are brought to life and made to act again the parts they played. Who are the friends of the human race? They who hide with flowers the cruel rocks of fate, the children of genius, the sons and daughters of mirth and laughter, of imagination; those whose thoughts, like moths with painted wings, fill the heaven of mind."

DEATH.

"If the grave ends all; if all that was our friend is dead, the world is better for the life he lived. Beyond the tomb we cannot see. We listen, but from the lips of mystery there comes no word, darkness and silence brooding over all. And yet because we live we hope. Farewell! And yet again farewell."

CHARITY.

"I have no great confidence in organized charity. The organized charity becomes rich, and the richer and meaner and harder of heart and the closer of fist."

TOASTS.

Woman—She needs no eulogy, she speaks for herself.

May we have the unspeakable good fortune to win a true heart and the merit to keep it.

May we never murmur without cause and never have cause to murmur.

Woman—The fairest work of the Great Author; the edition is so large that no man should be without a copy.

Happy are we met; happy have we been; happy may we part and happy meet again.

May the sunshine of comfort dispel the clouds of despair.

May the hinges of friendship never grow rusty.

Here's to the American eagle—the liberty bird that permits no liberties.

Here's to American valor, may no war require it, but may it ever be ready for every foe.

Home—The father's kingdom; the child's paradise; the mother's world.

FRISCO SYSTEM

Full information as to route and rates cheerfully furnished upon application to any local representative, or to ALEX. HILTON, BRYAN SYDER, Gen'l Passenger Agent, Passenger Traffic Manager, ST. LOUIS, MO.

The question of economy or storage room is entirely in favor of silage, writes a correspondent of American Cultivator. Less room is required for storing the product from a certain number of acres in the silo than in a barn in cured condition. Hay placed in the mow will take up more than three times as much room as the same quantity of food materials put into the silo. In the case of field cured fodder corn the comparison comes out still more favorably to the silo on account of the greater difficulty in preventing the thick cornstalks from spoiling when placed under shelter.

Another reason why the silo has been adopted generally is that an acre of corn can be placed in it at less than it can be put up as cured fodder. To derive full benefit from the food materials in the field cured corn fodder it must be run through a feed cutter in small proportions at a time; the corn must in most cases be hunked, cribbed and either ground cob and all or shelled and ground. In siloing corn the whole plant is now as a rule run through the cutter and filled into the silo at once, thus doing away with the separate handling of ear corn. Careful experiments with milk cows conducted by several of our experiment stations have shown that silage thus made from corn cut "ears and all" has produced somewhat more milk and butter than dry fodder and ear corn handled and fed separately, the product from the same area of land being compared in both cases.

Extra Pasture Land.

As animal industry becomes a permanent industry more of the farm must be converted into pasture. But if the fertility of the farm is to be increased, if a good profit is to be realized from the new system, two blades of grass must grow in the place of one; twice as much stock must be kept on the same number of acres. It will draw very greatly upon the intelligence of the man to handle his pasture land so that the yield of forage it produces becomes even better every year. The pasture must have periods of rest. It cannot be continually nipped into the ground. It must not be overstocked. Forage crops must help it out in a hot, dry spell and in early fall. It will need a top dressing of manure or some good commercial fertilizer. Kentucky blue grass, a native of our state, with a mixture of orchard grass, is probably the best variety of our grasses suited to permanent pasture. Indianapolis News.

Range as Forage Crop.

Throughout the northern portion of the United States farmers and stock raisers could advantageously grow more of the succulent forage crops for feeding stock during the summer and autumn months, when the supply of grass and clovers is often limited, says A. S. Hitchcock of the bureau of plant industry. Such crops may usually be grown on land that has already produced an early maturing crop of some sort, such as oats, rye or winter wheat. One of the best of these succulent crops is rape (Brassica napus Linn.), a plant closely related to cabbage, turnips, mustard and rutabaga.

Married men live longer than bachelors. In other words conjugal life seems a necessary condition to longevity. An authority cites the cases of fifty centenarians not one of whom is a bachelor. A curious fact, too, is that these centenarians were all widowers.

Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibers; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows:

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

When a hat, a good dress, or other garment is a little faded and old in fashion it need not be thrown away. Color it with **DIAMOND DYES**.

We have a special department of advice, and will answer free any questions about dyeing. Send sample of goods when possible. Direction book and 45 dried samples free. **DIAMOND DYES**, Burlington, Vt.

Ladies and Children Invited

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a dose will not gripe, weaken or sick; many people call them the easy pill. W. H. Howell, Houston, Texas, says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken; while DeWitt's Little Early Risers do their work well and easy. Sold by R. F. Haynes.

The cereal food in a carton costs 2 1/3 cents, the package 1 1/3 cts. The price to the grocer is 11 1/3 cents, and the consumer pays 15 cents.

Do You Enjoy What You Eat?

If you don't your food does not do you much good. Kodol Dyspepsia Cure is the remedy that everyone should take when there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, riftings, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by R. F. Haynes.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box. 25c.

During the nineteenth century 200 ships, numerous lives and over \$30,000,000 were lost in futile efforts to reach the North Pole.

Investments in Southern Lands.

Such investments are not speculative. The South is not a new country. Market and shipping facilities are adequate and first-class. The climate is mild and favorable. Notwithstanding these and other advantages, southern lands are selling for prices far below their real value, and at present prices not large returns on the investment. For a free set of circulars, Nos. 1 to 10, inclusive, concerning the possibilities of lands in Kentucky, West Tennessee, Mississippi and Louisiana, on and near the Illinois Central Railroad, for home seekers and investors, address the undersigned.

F. R. WHEELER,
136 Main St., Evansville, Ind.

A mountain of granite two miles long and half a mile wide has recently been discovered in Oklahoma.

Chamberlain's Colic, Cholera

and Diarrhoea Remedy is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by Woods & Co.

The fence around the St. Louis exposition grounds will be six miles long.

In a letter from Caseyville, Ky., W. E. Millikan, said: Hill's Specific cured me of diarrhoea and dysentery and my little girl of summer complaint; at this season of the year we hear this on all sides, as there is nothing relieves bowel complaints as quickly as will Hill's Specific. It contains nothing injurious to the most delicate; will cure the most obstinate cases summer complaint, diarrhoea from teething, and all complaints peculiar to children during the summer months. 25 cents at dealers.

Riding the Goat.

Whence comes the phrase "riding the goat"? Presumably from Egypt and old Nile. Capricornus, the goat of the zodiac, was the patron of the hierophants in the Egyptian mysteries. Knowledge, especially occult and occult knowledge, was under his protection. The goat of earth may be despised on earth, but the celestial goat is or was a mighty and mysterious power. It may be a long way from the astrological and astronomical goat to the comic "goat" of modern intelllections, but that is not the goat's fault.

Judge Hall, eight years county judge of Hardin county, Ill., in a recent letter said: After trying numerous remedies Hill's Headache Tablets cured me after all others had failed; these tablets have proven to be an infallible cure in hundreds of cases just like Judge's. They will cure any case of nervous headache, neuralgia or reduce fever in a few minutes. These claims are backed by positive guarantee. Price 25c at all patent medicine dealers in the country.

Low One-Way Colonist Rates

On the first and third Tuesday in each month, from May 19th to Sept. 15th inclusive the Illinois Central Railroad will sell one-way tickets to points in the southeast, also to points in Arkansas, Indian Territory, Oklahoma, Texas, New Mexico, Kansas, Colorado, at very low rates—about half fare. For full particulars and rates to any point desired, call upon or address
Leon Johnson, Agt., Marion, Ky.
A. H. Janson, G. P. A., Chicago, Ill.

Platinum Pin cushion.

One of the latest of kitchen utensils to take its place on the dressing table is the satinet, which has been converted into a thing of ornament as well as use. Its use in the bedroom is that of a pin cushion, and it is stood face outward in the position in which good housewives put away this kitchen brace. Of course it is only a satinet in shape, for it is made of stout cardboard cut the shape of a small satinet face. This is padded with cotton and covered smoothly with satin. A handle of heavy wire is added and wound with narrow ribbon, which is tied in bows where the handle joins the cushion part.

Spring Ailments.

There is an aching and tired feeling, the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything and a feeling that the whole body and mind needs toning up. The trouble is that during the winter there has been an accumulation of waste matter in the system. Herbine will relieve it, secure the secretions a right exit and by its tonic effect fully restore the wasted tissue and give you strength instead of weakness; 50 cents at Woods & Co's.

In No Hurry.

Filbert—Your rich uncle says he wants to be cremated.
Gangleigh—Yes, but he is in no hurry about it.—Boston Transcript.

The price paid to quiet conscience keeps mighty few people poor.—Chicago News.

A Serious Mistake.

E. C. DeWitt & Co., is the name of the firm who make the genuine Witch Hazel Salve. DeWitt's is the Witch Hazel Salve that heals without leaving a scar. It is a serious mistake to use any other. DeWitt's Witch Hazel Salve cures blind, bleeding, itching and protruding piles, burns, bruises, eczema and all skin diseases. Sold by R. F. Haynes.

Still Useful.

"Yes, poor old sport, when he had money he had a good time, but he went broke."

"Then starved?"
"I should say not. He secured a splendid position in a swell boarding house."

"What doing?"
"Just has to sit around in the boarding house parlor peering at the star boarder, meanwhile complaining loudly before prospective boarders about the bad case of gout contracted there."—Baltimore Herald.

Kodol Gives Strength

by enabling the digestive organs to digest, assimilate and transform all of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cure cures indigestion, dyspepsia, catarrh of the stomach and all stomach disorders. Sold by R. F. Haynes.

The Question.

"I have a perfect horror of marrying a poor man and living in a small way."
"But, darling, I shall grow."
"Ah, but will you develop financially as fast as I develop in social ambition?"—Life.

Cuts, Bruises and Burns

Quickly healed. Chamberlain's Pain Balm is an antiseptic liniment, and when applied to cuts, bruises and burns causes them to heal without maturation and much more quickly than by the usual treatment. For sale by Woods & Co.

Billie Banks, of Karbers Ridge, Ill., who has served his country as an official in several different capacities in a letter says: "I can without hesitancy recommend Hill's Specific, as I was cured almost instantly of bowel complaint by its use." As summer has come with its usual quota of summer complaints, it would be best to fortify against their dangerous attacks, by keeping a bottle of Hill's Specific in your home; you can find it for sale at any store where patent medicines are sold.

Men are like sandwiches—there's nothing in some of them, and the more there is in others the worse they are.—Chicago News.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by Woods & Co.

THOUSANDS SAVED BY DR. KING'S NEW DISCOVERY

This wonderful medicine positively cures Consumption, Coughs, Colds, Bronchitis, Asthma, Pneumonia, Hay Fever, Pleurisy, La-Grippe, Hoarseness, Sore Throat, Croup and Whooping Cough. Every bottle guaranteed. No Cure, No Pay. Price 50c. & \$1. Trial bottle free.

The question of economy or storage room is entirely in favor of silage, writes a correspondent of American Cultivator. Less room is required for storing the product from a certain number of acres in the silo than in a barn in cured condition. Hay placed in the mow will take up more than three times as much room as the same quantity of food materials put into the silo. In the case of field cured fodder corn the comparison comes out still more favorably to the silo on account of the greater difficulty in preventing the thick cornstalks from spoiling when placed under shelter.

Another reason why the silo has been adopted generally is that an acre of corn can be placed in it at less than it can be put up as cured fodder. To derive full benefit from the food materials in the field cured corn fodder it must be run through a feed cutter in small proportions at a time; the corn must in most cases be hunked, cribbed and either ground and all or shelled and ground. In silaging corn the whole plant is now as a rule run through the cutter and filled into the silo at once, thus doing away with the separate handling of ear corn. Careful experiments with milk cows conducted by several of our experiment stations have shown that silage thus made from corn cut "ears and all" has produced somewhat more milk and butter than dry fodder and ear corn handled and fed separately, the product from the same area of land being compared in both cases.

Extra Pasture Land.

As animal industry becomes a permanent industry more of the farm must be converted into pasture. But if the fertility of the farm is to be increased, if a good profit is to be realized from the new system, two blades of grass must grow in the place of one; twice as much stock must be kept on the same number of acres. It will draw very greatly upon the intelligence of the man to handle his pasture land so that the yield of forage it produces becomes even better every year. The pasture must have periods of rest. It cannot be continually nipped into the ground. It must not be overstocked. Forage crops must help it out in a hot, dry spell and in early fall. It will need a top dressing of manure or some good commercial fertilizer. Kentucky blue grass, a native of our state, with a mixture of orchard grass, is probably the best variety of our grasses suited to permanent pasture. —Indianapolis News.

Rape as Forage Crop.

Throughout the northern portion of the United States farmers and stock raisers could, advantageously grow more of the succulent forage crops for feeding stock during the summer and autumn months, when the supply of grasses and clovers is often limited, says A. S. Hitchcock of the bureau of plant industry. Such crops may usually be grown on land that has already produced an early maturing crop of some sort, such as oats, rye or winter wheat. One of the best of these succulent crops is rape (*Brassica napus* Linn.), a plant closely related to cabbage, turnips, mustard and rutabagas.

Married men live longer than bachelors. In other words conjugal life seems a necessary condition to longevity. An authority cites the cases of fifty centenarians not one of whom is a bachelor. A curious fact, too, is that these centenarians were all widowers.

Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibre; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Koss, Clarendon, Iowa, briefly writes about his happy experience with Paine's Celery Compound as follows:—

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

How Sweet!

The homeliest woman would look if dressed in one of our Beautiful "Primrose" Batistes.

We have always been regarded as headquarters on Dress Goods and for this season, at least, we have made secure that position. For never before have we shown such a large and beautiful line of Wash Goods of all kinds, and all bought this season, not a last season or season before last piece in the lot.

We can show you almost 50 different patterns in the celebrated Primrose Batiste alone, and when

you buy a Primrose you are assured that you are getting the Swellest Patterns of the season. The price is only 20 cents, the quality is better and the styles much prettier than can be found in any other 25 or 30 cent goods.

Big line of 7 1-2 and 10 cent lawns
Fancy Swisses, lace striped dimities, lawns, etc.
Biggest line of white goods in town.

The Clothing with a name and a reputation is the kind we handle. The Kirschbaum hand made Clothing is sold all over America. They are the largest manufacturers in the world. They are always

RIGHT IN STYLE
RIGHT IN FIT
RIGHT IN PRICE

Not because we sell them, but we sell them because they are the best and look more like and are made more like tailor-made clothing.

Six years ago we began handling the "Put-on-hoff" Ladies High Shoes and we are still selling them. During all of these years we cannot recall a single instance where they have failed to give entire satisfaction. Those who bought them six years ago are still our customers—once a customer always a customer. Do you wonder why we sell more ladies fine shoes than any other store in town? If you have never tried a pair buy one this season and you'll understand why we do.

The only line of Ladies High Grade Footwear Sold in Marion.

No difference what price or kind of Men's Fine Shoes you want, from \$1.25 to \$5.00 we've got it, and we'll give you 100 cents in Shoes for every dollar you pay us.

The Largest, Completest and Best Stock of Shoes —IN MARION—

We are always first to get the new stuff. The latest things in belts waist sets, hair pins, combs and many little things notions that are hard to find. You can always get them here.

You can't afford to buy Embroideries, Laces, Ribbons and Dress Trimmings before seeing our stock.

The Florsheim mens fine shoes may be a few cents higher in price than any other shoe in Marion, but it has a few dollars more shoemaking in it than any other shoe in town. The only line of high-class made-to-order shoes sold in Marion.

OBITUARIES:—Not exceeding 10 lines will be published free of charge. All over 10 lines at 5 cents per line.
RESOLUTIONS OF RESPECT:—\$1.00

The Breathitt county grand jury returned 124 indictments, but its conviction in the courts that spells the real thing.

There seems to be two Democratic committees over in the Third judicial district with a job but for one. This condition of affairs has produced a patch on many a fellow's pants.

The city council can not ignore the pressing demand for an extension of all streets—the proposition must be extended, the health of the cows, horses and hogs calls for immediate action along this line.

Crittenden and Livingston counties ought to get together and hold a commercial convention of their own. A good thing will move along without pushing, but it will move the faster and better, if properly pushed.

Crittenden is a well rounded county; while her mineral resources are developing rapidly, adding to her bank account, the churches and schools are enjoying a vigorous growth, adding to her moral worth and broadening her mental capabilities.

There promises to be a sharp rivalry between Marion and Princeton for the location of the district parsonage. The Methodist of the Princeton district have never owned a home for their Presiding Elder; they have \$700 and will raise some \$1,500 more for the purchase of one, and it will be located either at Marion or Princeton. Keep your eye on Marion.

Eight times annually the school board has elected Charles Evans principal of the city school, and without a dissenting vote or a discordant voice. This year he was as unanimously voted an increase in salary. The peaceful, pleasant relations between the principal and patrons, and the prosperous condition of the school, speaks well for the little city, and shows an era of good feelings that augers well for Marion.

The lynching in Illinois shows that the impulses and emotions of the human soul are not altogether colored or shaped by local surroundings.

The southern portion of East St. Louis is flooded by the Mississippi; thirty lives have been lost and thousands are homeless.

Augustus E. Willson opened his campaign for the Republican nomination for Governor with a speech at Louisville Tuesday. Former Governor W. O. Bradley was the chief speaker and urged all Republicans to support Mr. Willson.

John Jones, Elisor in the Jett and White cases, says he was attacked by an unknown man in the wilds of Magoffin county Monday night, while engaged in summing up venemen. Jones says the man seized his bridle and accosted him; that he fired on him after asking him twice what he wanted, and the man fled. The jury in the case charging Jett and White with the Marcum murder was completed shortly after 9 o'clock on Tuesday night.

THEY APPRECIATE IT.

The County Sunday School Convention unanimously adopted the following resolution:

"Resolved that this Convention acknowledge by a rising vote the indebtedness of the Association to THE CRITTENDEN PRESS and hereby tender our thanks and express our highest appreciation to the editor, Mr. R. C. Walker, for the many kind favors shown in presenting the Association work to public."

BIG EDITION THIS WEEK.

Twelve hundred extra copies of the Press are issued this week, making the edition run over three thousand for the week.

MRS. R. T. MCCONNELL DEAD.

News reached here that the wife of Rev. R. T. McConnell died yesterday at Lewisburg. The remains will be brought here today for burial. The deceased is well known and has many friends in this section and her death will be deeply regretted. The bereaved husband is a Methodist minister, well known and universally loved. The interment will take place at the new cemetery this afternoon.

SUIT FOR \$25,000.

Filed Against the I. C. Railroad By Miss Ada Robinson.

FOR DEATH OF HER BROTHER.

Miss Ada Robinson, of this place, has, as administratrix, of the late Robert J. Robinson, filed a petition in the Crittenden Circuit Court praying for a judgment against the I. C. railroad for damages in the sum of \$25,000 for the death of her brother, who was killed on the road near Princeton, May 2.

The petition states that the agents and servants of the railroad company operated, with gross negligence, a train without air-brakes, with defective couplings; the car had an unfastened door, and a heavy stove, insecurely fastened, was in the car. That the train, being so negligently operated and with reckless speed, broke into two sections—the locomotive with part of the train ran off from the sections of cars in which the deceased was traveling, and, after getting some distance away, the conductor who was in charge of the train, with gross negligence, gave a signal to the engineer in charge of the locomotive to stop the same, and by reason of this signal the locomotive was stopped, and the car in which the deceased was riding thereby collided with the same, with such force, being on down grade, that deceased was caught by the loose door against the facing of the doorway of the car, and his head so crushed and injured that he fell to the floor and was caught beneath the stove, and from these injuries he died within an hour or so thereafter.

SUNDAY SCHOOL CONVENTION

The County Sunday School Convention was held at Crooked Creek church Tuesday. The day was an ideal one and an immense crowd was present. A splendid and highly instructive program was carried out. Addresses were made by Revs. Flynn, Joiner, Price, Bigham, Thompson, Prof. Evans, Prof. Gabauer, and others. The singing by the various classes was highly enjoyed.

NOTICE.

I will receive bids for contract to paint the school house iron fence; contractor to furnish everything and complete the job,
J. W. Blue.

TEACHERS CHOSEN.

The Board of Trustees Re-organize and Arrange for Next Term.

Tuesday the school board convened and elected A. C. Moore to fill the vacancy occasioned by the removal of J. M. Freeman from the district. The board organized by electing R. C. Walker president and H. A. Haynes secretary and treasurer.

The following teachers were chosen by a unanimous vote:

Charles Evans, Principal; Miss Alice Browning First Assistant; Miss Maggie Moore, Mrs. Joseph H. Walker, Miss Lena Woods, Miss Kitty Moore and Miss Fannie Gray.

The salary of the principal was fixed at \$100 per month and 50 percent of the tuition from outside patronage; first assistant \$50 per month; other teachers \$35 per month each.

The treasurer presented two of the bonds which he had just paid, and the entire board joined in the ceremony of burning those bonds. The treasurer stated that he hoped to pay another bond in December.

DONT WANT IT.

People at Repton Opposed to Granting Whisky License.

A few days ago Mr. T. J. Woody, of Repton, applied to county judge Towery for merchant's license to retail whiskey by the quart at Repton. He presented a petition signed by thirty-four men requesting that Mr. Woody be granted license, but the opposition had not been asleep, and a petition signed by sixty men was presented to the Judge, and county attorney Henderson received the following petition, signed by fifty-five well known ladies of the neighborhood:

Hon. A. Towery, Judge of Crittenden County, Kentucky:

We, the undersigned, wives, mothers, and sisters earnestly request your refusal to issue license to any one to sell intoxicating liquors in any form or quantity at the town of Repton, State of Kentucky and county of Crittenden. We make this appeal in the name of morality, religion, home and every other safeguard of good government. The recognition of this appeal by you, will be gratefully remembered and appreciated by us.

As it is necessary to have the consent of two-thirds of the voters, it is very probable that no whisky will be sold at Repton.

Big Mortgage Recorded Here.

The biggest mortgage ever recorded in Crittenden county was filed last week with county clerk Ed. Weldon by the United States Coal company, of Stariga. Over fifty pages in the mortgage book are filled with the items. The big mortgage calls for a million and a half of dollars.

Paints Wall Paper

Window Shades, Screen Wire at the Furniture Store.

Mr. J. F. Dodge has charge of the house for R. C. Walker and both will be glad to have their friends and the public generally call. Prices right, goods right and dealings right.

We carry a complete stock of Coffins, Caskets, Burial Robes and Slippers. Have a good hearse and give prompt attention to this department.

TENT MEETING.

Will Begin Friday Night—All Denominations to Participate.

On Friday evening the tent meeting will begin. The big tent has arrived and will be erected today on the lot southwest of court house. It will be a union meeting, all denominations are invited to participate in the services. The pastors of the various churches of the city will do the preaching, and Mr. Wm. Yates will have charge of the choir. The ministers are hopeful of great good from the revival.

S. T. A. R. Club Entertain.

A few weeks ago fifteen young ladies of the city organized a social and literary club called the S. T. A. R. Club. Wednesday evening a lawn party was given by the young ladies at the home of Dr. and Mrs. J. W. Trisler on Depot street. Some fifty guests were present. The pretty yard presented a most attractive appearance. Many Japanese lanterns added to the loveliness of the scene. A contest in which each guest was required to draw or sketch a picture of some guest designated by the hostess, afforded much amusement. Then a number of photographs, supposed to be the "likenesses" of the young ladies of the club at very young and tender ages, were displayed,

and the guests attempted to recognize in each of these photographs one of the charming members of the club; of course this was a most amusing as well as quite a difficult task.

Tea and fruit punch were served at tables under the trees. The young ladies left nothing undone towards making the evening very pleasant for all present, and they succeeded admirably. The entertainment was one of the most delightful and one of the prettiest of the year; it could not have been otherwise with fifteen charming young hostesses, assisted by Mrs. J. W. Trisler, whose ability as an entertainer is well known to the young people.

BIG EDUCATIONAL MEETING.

The County Superintendents' Conference and Institute Instructors' Convention will be held at Lexington, June 25-27. Prof. Evans, of this place, is on the program for a discussion of the subject, "The Night Programs of the Institute," and Superintendent Bennett, of Livingston, is down for a speech on "Common School Graduation." It goes without the saying that both of these subjects will be ably handled.

BUILDING MATERIAL.

Having purchased the interest of Messrs. Walker & Ledbetter in the building lumber business, I will continue the business at the planing mill. Thanking the public for past favors, I solicit a continuance of the same, promising low prices and fair treatment.

THE BAPTIST

Ministers and Members Meeting Of Ohio River Association.

THE MINUTES IN FULL!

Minutes of the Ministers and Members meeting of the Ohio River Association of Baptist held with Sulphur Spring church May 29, 30 and 31, 1903.

On account of the heavy rains no services were held Friday morning.

FRIDAY AFTERNOON.

Still raining and only a few out. After song and prayer by Rev. F. L. Atwood, Rev. U. G. Hughes preached the introductory sermon from the text: For Jesus' sake, 2 Cor. 4:5. Subject, christian living.

There were so few present that the organization was deferred until Saturday morning.

Adjourned to meet at 8:30 Saturday morning. Benediction by W. R. Gibbs.

SATURDAY MORNING.

Meeting called to order by former moderator, W. R. Gibbs, and after prayer by F. L. Atwood, proceeded to organize.

1. W. R. Gibbs was re-elected moderator by acclamation and U. G. Hughes re-elected clerk.

2. Essay: What steps shall be taken with members who habitually absent themselves from religious worship? Read by W. R. Gibbs; after discussion by brethren the essay was passed.

3. Elders Summers and Eaton being absent M. E. Miller was appointed to preach the sermon for criticism and time deferred until 2 p. m.

4. The future condition of the wicked, read by R. A. LaRue, and after discussion passed.

On motion of W. A. Woodall, adjourned to meet at 1 p. m. Benediction by Rev. Miller.

SATURDAY AFTERNOON.

After singing, T. A. Conway led in prayer.

Sermon for criticism by M. E. Miller, text: The wages of sin is death, but the gift of God is eternal life. Rom. 6:23.

The sermon was excellent and received much commendation.

Essay: Regeneration; read by T. A. Conway; the production was very fine but rather lengthy.

On motion he was requested to have essay published in tract form.

On motion of J. S. Henry, adjourned to meet at 8:30 a. m. Sunday.

Committee on divine service announced that F. L. Atwood would preach in the grove Sunday at 10 a. m., and J. S. Henry at 11, and at the same hour (11) T. A. Conway would preach in the house and R. P. Chenault of Marion, Ill., would preach in the grove at 3 p. m. Benediction by F. L. Atwood.

SUNDAY MORNING.

After song service and prayer by J. S. Henry, the moderator appointed R. A. LaRue, F. L. Atwood and P. A. Clark committee on program for next year.

On motion, clerk was requested to have proceedings of the meeting published in the Crittenden Press, Livingston Banner and Western Recorder.

Essay: Should ministers of the gospel perform marriage ceremonies for divorced persons? read by J. S. Henry.

This topic brought out much discussion; the essay was fine and

full of "thus sayeth the Lord" against it.

The essay was passed with its criticisms.

At 10 o'clock, according to previous arrangements, F. L. Atwood preached in school house, instead of the grove.

J. S. Henry preached in school house at 11 and T. A. Conway in church at same hour.

Bro Conway preached from the text: For God so loved the world, etc. John 3:16.

The sermon was full of gospel and after a hearty hand shaking of the christians four unconverted came forward for prayer.

Adjourned to 1 p. m.

Prayer by R. P. Chenault.

Abundance of dinner on the ground both Saturday and Sunday.

SUNDAY AFTERNOON.

After song U. G. Hughes led in prayer.

J. J. Franks, essayist, being absent, R. P. Chenault of Marion, Ill., was asked to lead in the discussion of topic No. 10, The Importance of doctrinal teaching, which he did ably.

After a discussion by the brethren of some length and much profit, the subject was passed.

R. P. Chenault preached in school house at 3 o'clock.

Having time for only one more topic, and E. B. Blackburn essayist on topic No. 10, J. S. Henry offered a motion to substitute No. 10 for No. 9, and the motion prevailed.

Essay No. 10, Importance of the Sunday School to the Church, read by P. A. Clark.

On motion of R. A. LaRue speeches were limited to five minutes.

The essay was received for criticism, and after several good talks the essay was passed with its criticisms.

Special attention was paid to Miss Ida Bebout's talk. She makes as much or more preparation on the lesson for her primary class as she would for an advanced class. She prays often for her class. God send us more such Sunday School teachers.

The following resolution was offered by J. S. Henry and adopted by the body.

Be it resolved, That we extend our heartfelt thanks to the brethren and sisters of Sulphur Spring church and people of the community, for the kind and hospitable manner in which they have entertained us during the sitting of our body.

While singing Amazing Grace the parting hand was given.

Prayer by M. E. Miller.

Notwithstanding the heavy rains we had one of the finest meetings we have ever had.

W. R. Gibbs, Moderator. U. G. Hughes, Clerk.

WEAR STRIPES NOW.

The Illinois Central passenger conductors now wear gold bands on their coat sleeves, and many questions are asked as to the reason thereof. They tell how many years the conductor has been in the company's employ, each band representing a year, and for the old men a star is occasionally added, which means five years for each star. In this way the public can tell how long a man has been in the service.

LIVINGSTON COUNTY

Farmers' Club Held an Interesting Meeting—The Minutes.

The Livingston County Farmers' Club met at Love's Chapel May 30, and was called to order by President G. N. McGraw at 11 a. m. Song, "More About Jesus" was sung; prayer offered by Eld. J. B. Lowery; President G. N. McGraw spoke of the purpose and importance of the farmers coming together in their club meetings.

First subject: Should we not use commercial fertilizer?

The discussion was quite lively by W. D. Bishop, John Rhodes and others; some thought judicious use of it beneficial, but Mr. Rhodes believes it will impoverish the soil.

Paper by James Bennett: How should we improve on the present methods of keeping up the public highways, was freely discussed by most all the members and not one of them, but what was in favor of taxation, notwithstanding some of them are road trees under the present system. On motion of C. O. Lasher and second by Jno. Rhodes the president appointed as committee to investigate the road law for the purpose of getting it before the people and report at the next meeting, C. O. Lasher, W. D. Bishop and J. W. Joiner.

Several other subjects were discussed but did not seem to be of so much importance to the farmers as the fertilizer and road subjects.

The chair appointed F. M. Dodge, J. W. Joiner, W. D. Bishop, John H. Rhodes and L. T. Worton committee on program.

The secretary was instructed to confer with Commissioner I. B. Nall in regard to time of holding our next institute. Time and place of our next meeting will be published later.

Resolved, that we as members of Livingston County Farmers' Club return unto the good people of Love's Chapel and vicinity, our thanks for their kindness during the meeting.

On motion and second we adjourned.

J. W. HUDSON, Sec'y.

7000 Hhds. Kentucky Tobacco.

Word has been received here that the French tobacco contracts have been awarded to G. Reussens, and M. Abenheim for 7,000 hogheads of light Kentucky dark leaf says the Louisville Courier-Journal. Mr. Reussens gets three fifths of the contract and Mr. Abenheim the remainder.

Mr. Stanislaus de Ridder is the representative of Reussens in this market, and Mr. Henry Andresson is the buyer for Abenheim. Another contract for 500 hogheads of heavy dark was awarded to the former contractor, and will be filled probably in the Clarksville market.

No contract for Burley was awarded, though usually about 7,000 hogheads are taken. It is believed this will be bought on the open breaks. The quality desired usually sells for about \$7 per 100 pounds, but is now very scarce, and substitutes are very hard to use. Mr. E. J. O'Brien has been the buyer of the French Burley heretofore, and it is presumed will continue to do that work. He is a tobacco broker with a large trade.

FERRIS WHEEL SOLD.

The Ferris wheel, that massive structure which was one of the main attractions to visitors on the Midway during the World's fair in 1893, was sold at public auction to a junk dealer, who bid in the big wheel and the sum paid for the engine, buildings, boilers, etc., was \$1,800. The wheel cost originally \$362,000. Outstanding against it are bonds amounting to \$300,000 and a floating debt of \$100,000.

FARMERS URGED

Not to Sell Their Wheat For Less Than One Dollar.

The American society of equity has issued a bulletin to the farmers of the United States demanding an increase in the price of wheat, giving arguments that the minimum price of wheat should be \$1 and urging the farmers of the United States not to sell for less than \$1. The society has been organized with Indianapolis as national headquarters, for the purpose of maintaining at higher prices for farm products by co-operation of the farmers of the country and this is the first formal demand for increase in prices as the result of the combination.

The bulletin sets out the claim that this is an era of unequalled prosperity demand for commodities in unprecedented, labor receiving higher wages than ever before and the demand for and consumption of wheat is greater than ever before with low visible supply. The bulletin then says:

"It is evident that the American farmers cannot produce over about twelve bushels per acre on an average, which, at 88 cents per bushel, represents \$10.56 per acre, to cover all the work, seed, twine, threshing, marketing, etc., an amount that scarcely equals the simplest machine that the farmer buys, yet which only represents a small fraction of the factory investments, capital and labor employed.

"Who dare say, in the face of these evidences, and considering the present higher range of values for nearly every other commodity produced in the country, that wheat at this time and for the next crop, is not equitably worth \$1 per bushel on the basis of the Chicago market, and other farm crops should be on a correspondingly basis?

"Farmers, keep this matter in mind, keep \$1 wheat (\$1 at Chicago) before you, and you will get it as sure as the sun rises in the east and sets in the west.

"We implore you, don't be fools. When you get the equitable price let it go. Sell on the basis of \$1 and no less, but don't hold for more or you may run up an awfully surplus which must eventually compel lower prices."

ROLL OF HONOR.

The following have paid their subscriptions since our last report:

Lee McDowell, Shady Grove. Charles Clement, Marion. Julia Dollins, " J. A. Wilson, " James A. Fowler, " H. S. Driver, " J. H. Robinson, " Rev. T. C. Carter, " S. L. Rutter, " J. L. Bradburn, " Joe A. Hinn, Rodney. J. H. Wilson, Salem. J. C. Barnett, Carverville. Annie E. Farley, Morgansfield. J. H. Walker, Fordville. J. N. Todd, Fredonia. F. M. Brightman, Blackford. Yancey Bros., Dycusburg. THE BAPTIST

Ministers and Members Meeting Of Ohio River Association.

THE MINUTES IN FULL!

Minutes of the Ministers and Members meeting of the Ohio River Association of Baptist held with Sulphur Spring church May 29, 30 and 31, 1903.

On account of the heavy rains no services were held Friday morning.

FRIDAY AFTERNOON.

Still raining and only a few out. After song and prayer by Rev. F. L. Atwood, Rev. U. G. Hughes preached the introductory sermon from the text: For Jesus' sake, 2 Cor. 4:5. Subject, christian living.

There were so few present that the organization was deferred until Saturday morning.

Adjourned to meet at 8:30 Saturday morning. Benediction by W. R. Gibbs.

SATURDAY MORNING.

Meeting called to order by former moderator, W. R. Gibbs, and after prayer by F. L. Atwood, proceeded to organize.

1. W. R. Gibbs was re-elected moderator by acclamation and U. G. Hughes re-elected clerk.

2. Essay: What steps shall be taken with members who habitually absent themselves from religious worship? Read by W. R. Gibbs; after discussion by brethren the essay was passed.

3. Elders Summers and Eaton being absent M. E. Miller was appointed to preach the sermon for criticism and time deferred until 2 p. m.

4. The future condition of the wicked, read by R. A. LaRue, and after discussion passed.

On motion of W. A. Woodall, adjourned to meet at 1 p. m. Benediction by Rev. Miller.

SATURDAY AFTERNOON.

After singing, T. A. Conway led in prayer.

Sermon for criticism by M. E. Miller, text: The wages of sin is death, but the gift of God is eternal life. Rom. 6:23.

The sermon was excellent and received much commendation.

Essay: Regeneration; read by T. A. Conway; the production was very fine but rather lengthy.

On motion he was requested to have essay published in tract form.

On motion of J. S. Henry, adjourned to meet at 8:30 a. m. Sunday.

Committee on divine service announced that F. L. Atwood would preach in the grove Sunday at 10 a. m., and J. S. Henry at 11, and at the same hour (11) T. A. Conway would preach in the house and R. P. Chenault of Marion, Ill., would preach in the grove at 3 p. m. Benediction by F. L. Atwood.

SUNDAY MORNING.

After song service and prayer by J. S. Henry, the moderator appointed R. A. LaRue, F. L. Atwood and P. A. Clark committee on program for next year.

On motion, clerk was requested to have proceedings of the meeting published in the Crittenden Press, Livingston Banner and Western Recorder.

Essay: Should ministers of the gospel perform marriage ceremonies for divorced persons? read by J. S. Henry.

This topic brought out much discussion; the essay was fine and

THE COUNTRY OVER.

The Story of Current Events Told in Brief Paragraphs.

NEWS FROM EVERY SECTION.

Venezuelan revolutionists will ask the United States to recognize them as belligerents.

During the term just closed, the United States Supreme court disposed of 423 cases.

The building trades strike in New York, involving one hundred thousand men, has finally been settled.

The Court of Appeals overruled the petition for rehearing in the Meacham primary injunction case and the Beckham eligibility case.

Secretary of the Navy Moody has determined to retire from the Cabinet at the end of President Roosevelt's present term.

John G. Carlisle as a Democratic presidential candidate is suggested editorially by a Washington newspaper.

In Wolfe county James Lacey and Will Hobbs, half brothers, became involved in a quarrel and Hobbs killed Lacey with a rock.

The village of Somersdab, south of Lake Presba, was destroyed and every one of its 200 inhabitants massacred by Bashi-Bazouks.

Plans are being laid by Louisville business men to organize an insurance company to indemnify manufacturers against any loss by strikes.

Clara Morris denied the report that she recently identified the body of David E. George, who died in Oklahoma recently, as John Wilkes Booth.

Bids were opened in Washington last week for the construction of the battleships Minneapolis, Vermont and Kansas, which are to be the most powerful vessels of the United States navy.

The Right Rev. Edmund Obrecht, abbot of Gethsemani, is in New York to make arrangements to bring to the abbey 200 monks, who have been expelled from France.

Rear Admiral Robley D. Evans, better known as "Fighting Bob," has made a report to the Navy Department in which he says he regards a crisis in China as imminent and would not be surprised to see it followed by territorial disintegration. He even intimates that the conditions are such as may plunge all Europe into war. Admiral Evans is now commander of the Asiatic Squadron, and as he is on the ground considerable respect is paid to his view of the situation. If the trouble comes, according to the Admiral, it will be very soon.

WOMAN A PAPERHANGER.

Henderson now has a woman paperhanger in the person of Mrs. Ida Beverly, the young widow of the late Cabell Beverly, who was shot to death some months ago by a tobaccoist, W. E. Gatlin. At the death of her husband Mrs. Beverly was left in almost destitute circumstances. Her husband was a paperhanger, and had taught his wife the art, and now to keep the wolf from the door and to support and educate her two little ones, Mrs. Beverly is following her husband's avocation.

Daily she can be seen going to her work, draped in mourning, bearing a bucket of paste which she makes at home, and other tools for paperhanging. She finds all of this class of work she can do and gives general satisfaction.

PARKER'S HAIR BALM
Cleanses and beautifies the hair. Promotes a luxuriant growth. Restores falling hair. Makes the hair shine. Sold by all druggists. Price 25c. and 50c. bottles.

The White Mills Distillery, of Louisville, was seized by order of Joseph A. Craft, Collector of Internal Revenue, because of alleged violation of the revenue laws. "Equalizing" is the specific charge made against the employees of the distillery. About one million dollars worth of whiskey is involved.

The Ohio State Republican Convention at Columbus adjourned after adopting a platform in which Senator Foraker's plank endorsing President Roosevelt for the nomination in 1904 played a conspicuous part. Myron F. Herick, of Cleveland, was nominated for Governor without opposition.

Seventy-one persons are now known to have lost their lives in the flood at Topeka. The full extent of the damage is being ascertained as the receding waters slowly uncover the business houses and homes in North Topeka, and it is probable that previous estimates of the financial loss were not excessive. At Kansas City the damage is not as extensive as predicted.

Hon. John K. Hendrick has again been retained by the Goebel heirs to assist in the prosecution of the third trial of Caleb Powers for the murder of Gov. Goebel. The trial, which will be conducted by Judge Joe Robbins, of Mayfield, is probably to be held at a special session of the Scott county circuit court in July. It is expected the trial will be as long as the other two.

Sheriff Edward Callahan, through his attorney, Judge French, insisted on the right to act in the selection of a jury to try Curtis Jett and Tom White, at Jackson, Commonwealth's Attorney Byrd filed an affidavit in support of a motion to remove Callahan. The affidavit set in the prosecution's objections to Callahan and all his deputies except John Jones, and Judge Redwine appointed Jones as elisor.

In the Breathitt circuit court Judge Redwine set aside the order transferring the cases of Curtis Jett and Tom White to Morgan county for trial. The order was made after hearing a statement from Commonwealth's Attorney Byrd, who briefly stated the reason why the prosecution opposed the transfer. The prisoners were then arraigned in court and the Commonwealth announced ready for trial. Upon the filing of an affidavit by Judge French, of the defense, setting forth the absence of his co-counsel, Mr. O'Neal, and the absence of an important witness, the cases were postponed until Monday.

TWO-HEADED PIG.

Walter Wilhite, near Owensboro is the owner of a pig which has two well developed heads. The heads are double from the ears forward and are exact counterparts. The freak is five days old and the indications are that it will live to become a hog. It attempts to take its food in the natural way, but can utilize only one mouth at a time, and the milk escapes by way of the other mouth. Mr. Wilhite is feeding it from bottles, placing one to each. Hundreds of people have been to see the pig and large prices have been offered for it.

Oregon spends for the education of children \$12 a year per capita; Colorado \$11; California \$10; while Kentucky expends only \$8.32; South Carolina \$1.39; Mississippi \$2.06. The northern states, on an average, expend nearly five times as much for education, with out counting the universities, as the southern states.

AT THE DINING TABLE.

One may begin to eat as soon as those near one have been served. The oysters are eaten with the smallest fork. Soup is taken noiselessly from the side of the spoon, and to tip the plate to either side betrays too good an appetite. Olives may be taken in the fingers if no better means is provided.

Bread is broken, not cut, and conveyed to the mouth in small pieces. Fish is eaten with the fork held in the right hand, with the aid only of a bit of bread, unless silver fish knives are provided.

Entrees are eaten with the fork only, and when, for the roast or game a knife is used, the fork is held in the left hand, tines downward—and the right relaxes its grasp of the knife as the fork is raised to the lips.

Salad is always eaten with a fork even with lettuce, the leaves may be folded into convenient size. Loos are eaten with a fork or a spoon. These should never be auxiliaries. Fruit is cut into small pieces and eaten from the hand, or with a fork, never bitten. Bonbons are taken in the fingers and are served when the finger-bowls are accessible.

When one passes one's plate the knife and fork should be left upon it, side by side.

A fork is always preferred to a spoon where the character of the food permits its use.

In spreading bread, it should be rested on the plate, supported by the fingers of the left hand. One may drink bullion from the cup or use a spoon. Cheese is cut with a knife—preferably a silver one, and a morsel placed on a cracker or a piece of bread to be conveyed to the mouth.

Asparagus may be taken up in the fingers when the stalks are large and hardy, dipped in the sauce and bitten off—otherwise, the points should be cut off, eaten separately and the butts held by a fork to the mouth. When drinking from a cup the spoon is removed and the cup held directly over the saucer.

To sop up gravy or sauce with a bit of bread, to pile up one thing upon another on the fork so as to eat meat and vegetables at the same moment, to crumble bread into one's soup are breaches of the prevailing rules of table etiquette. One should endeavor to keep one's plate in as orderly a condition as circumstance will allow.—Ladies' Home Journal.

BOB TAYLOR ON POLITICS.

Ex-Governor Bob Taylor, of Tennessee, made use of the characteristic remarks in one of his lectures:

"While I believe the good in politics outweighs the bad, yet how thorny is the path, how unhappy the pilgrimage to him who dares to do his duty. There are no flowers except a few bouquets snatched from the graves of fallen heroes; there is no happiness except in the transient thrill of cruel triumph, which passes like a shadow across the heart.

"Every honest man who runs for office is a candidate for trouble, for the fruits of political victory turn to ashes on the lips. To me there is nothing in this world so pathetic as a candidate. He is like a mariner without a compass, drifting in the tempest tossed waves of uncertainty between the smiling cliffs of hope and the frowning crags of fear. He is a walking petition and a living prayer: he is a pack horse of public sentiment; he is the dromedary of politics. And even if he reaches the goal of his ambition, he will soon feel the beak of the vulture in his heart and the fangs of the serpent in his soul."

BIDS FOR SCHOOL HOUSE.

We will receive bids for the contract for the erection of a frame school building near Levas, District No. 12, until Monday, June 15th. Parties making bids will be required to give bond. For specifications call on or address J. B. Carter, G. B. Belt, J. L. LaRue, Levas, Ky., Trustees, or G. E. Boston, Marion, Ky.

J. B. Carter, Ch'n.

FROM THE COMMONER.

The indications are that Mr. Hanna's White house bed has not been slept in for several consecutive weeks.

Mr. Hanna's great feat of marching up the hill and then marching down again, is another feature added to some already spectacular political history.

The president's pugilistic spirit seems to crop out on all occasions; it permeates his thoughts on every subject. We have never had any other president who seemed to be so in love with power. Even the presidents who have known long military service have been less infatuated with the exercise of authority.

Owing to circumstances over which he has no control, the justice loving executive of Indiana will be unable to extend to certain Hoosier patriots the protection given to Mr. Taylor of Kentucky.

When a man follows his convictions and does what he thinks he ought to do, nothing that comes afterward can make him regret his action. When a man does anything from improper motives, he generally lays up a store of remorse, because things seldom turn out as he calculates.

A reader of The Commoner asks how the newspapers that run guessing contests can afford to give away prizes amounting to forty or fifty thousand dollars. The answer is easy. They appeal to the gambling spirit and take in a great deal more than they pay out. One paper is said to have cleared \$200,000 out of one contest and nearly a million out of another. But what a sad commentary upon the country.

TYPOGRAPHICAL ERRORS.

Some humorous mistakes often result from typographical errors: Here are a few recently read at a Press Association:

The romantic reporter told of some one kissing his sweetheart under the "silent stars," and the wicked type relegated such a performance to the "cellar stairs." Mentioning distinguished guests for the horse fair a Cincinnati paper said for "among recent arrivals," "among recent animals."

A disappointed candidate telling that for him there were no "stings in defeat" could hardly have meant what appeared in print—"no stings to the depot."

Mr. "Dowie," the reformer, appeared in print not long ago as "The Devil," and an ultra respectable Massachusetts paper closed an extended eulogistic obituary notice of a deceased lawyer with the startling information that the body was taken to "Hell for interment, where repose the remains of the other members of the family." The trouble that followed was but little tempered by the explanation that "Hell" was the word intended.

A clever book reviewer who suffered much from this trouble in her articles wrote a criticism of a beautiful descriptive poem which was entirely ruined and moved her to tears when the "Russian Count" the hero, was changed into a "rag-time coon." And throughout an article on Edmund Gosse, the eminent man was called "Goose."

Battle-scarred veterans had the calibre of their mettle changed entirely when the losing of an "r" made the gallant soldiers "battle-scare."

It was a Scotch newspaper that in reporting the likelihood of a serious damage that had threatened an express train when a cow was suddenly discovered standing across the track, said, "As the safest way, the engineer put on full steam, dashed up against the cow and literally cut her into calves."

A "u" disappeared not long ago from a sentence describing a party and the reporter was made to say that "the hostess' hose was decorated with green vines and a variety of flowers." The C. & O. was made to run "rough" cars in a notice intended to mention the running of its "through" trains because a th was lost.

Absolutely Free!

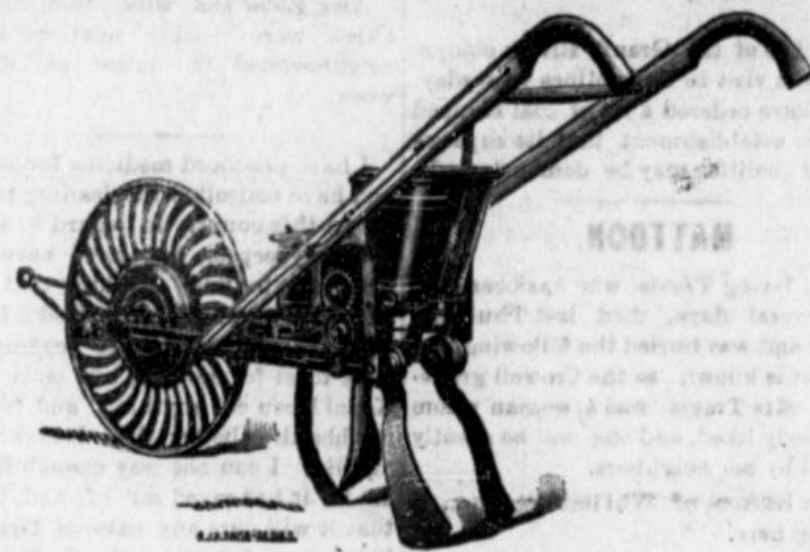

This fine Organ will be Given Away by Chittenden & Chittenden.

With every \$100 purchase made at their Grocery you will be given a chance in the Organ Contest. Everybody has equal showing. The contest will be conducted in a fair and impartial manner.

Local News.

Gossipy Letters From all Sections of the County.

RODNEY.

Lint Sullivan and wife of Mattoon, visited here Sunday.

Mr. Chas Summers, of Morganfield, is visiting here.

R. A. Moore, of Marion, was here Tuesday.

The family of Field Crider, of Repton have been visiting here this week.

A most delightful supper was given at H. B. Tudor's Saturday night. An excellent band furnished music for the occasion and a large number of guests were present.

Will Hughes, of Marion, was with us Sunday.

Eld Walsh will preach at Greens Chapel, the fourth Saturday and Sunday.

Jesse Phelps visited in Union Saturday.

H. L. Sullivan has been painting his residence this week. "Uncle Sam" is showing considerable skill as an amateur wielder of the brush.

W. S. Hicklin, of Marion, was here Wednesday.

Mr. Phelps, of Baker, had the misfortune to lose a fine cow and horse by accident last week.

Finnie Moore of Repton was here last Sunday.

W. R. Sullivan and family, of Sturgis visited in this neighborhood Sunday.

The little child of A. L. Sullivan is very sick.

Lacy Truitt was in Weston Sunday. There must be a good attraction for he now wears a bright smile that is not easy to designate.

The closing exercises of the school at Hood's creek were held Saturday night. There were four addresses made by the young ladies of the school. They were brilliant examples of juvenile oratory.

Officials of the Grand Rivers company paid a visit to Belle Mines yesterday. They have ordered a lot of coal shipped to their establishment that its superior coking qualities may be demonstrated.

MATTOON.

Mrs. Irving Travis, who has been sick for several days, died last Thursday night, and was buried the following day in what is known as the Crowell graveyard. Mrs. Travis was a woman whom everybody liked, and she will be greatly missed by her neighbors.

Sam Burton, of Whitesburg, Mo., is visiting here.

Mrs. Wilcox visited her son Liston on Saturday.

John Brantley of Nunns left here Saturday for Mo.

Jim and Frank Summerville have returned from Tenn.

Frank Hughes, road supervisor, is putting his section of the road in fine shape.

Leonard Brantley, of Repton, visited at Rodney Sunday.

Jim and John Burton were in Marion Saturday.

Geo Samuels, of Repton, has a position now on the Illinois Central as flagman.

K. W. Vanhooser, of Blackburn, was here Saturday.

Bill Stewart, of Iron Hill, was here Saturday.

Miss Melia Merritt, was the guest of Misses Vienna and Elva Roberts Sunday.

Mr. Lee McConnell, of Shady Grove, passed through en route to Rosebud Sunday morning.

Sam Brown spent Sunday with Alex Woody.

Several attended the exhibition at Nunns Saturday night.

John Travis and Miss Nannie Scott attended singing at Mr. Hillyard's, near Tribune Saturday night.

IRMA.

Mrs. Callie Raglin, who has been confined to her bed for some 12 years, with rheumatism, died Saturday.

Grant Stokes, of Berry Ferry, visited this community last Sunday; what is the attraction, Mr. Stokes?

Mack Hughes and family visited relatives in Marion last week.

Miss Mattie Champion and brother were the guests of Macy McMaster and brother Saturday and Sunday.

Bartley Sullenger and Miss Rina Martin, and Myrtle Hardesty, made a flying trip to Lola Sunday to buy them some candy.

Sunday School at Oakland every Sunday evening at 3 o'clock.

W. A. Tackwell has been confined to his room some time with the rheumatism.

Mrs. Bell Compton is also on the sick list.

Alex Younger, of Lola, was the guest of W. A. Tackwell and family Sunday last.

Mr. Sarah C. Jackson has a 2-year old mule for sale.

Jim Champion, of Salem, and Miss Ada Lange, attended church at Oakland Sunday.

CHAPEL HILL.

All fairly well in our precinct considering the bad weather.

Ford McMurtry and wife, of Sturgis, are visiting his sister, Mrs. Charlie Clement, of this vicinity.

The shingles are on the ground to put a new roof on our school house, which is badly needed.

Our trustees tax day was Saturday, June 6th, which resulted in a good turnout of the tax-payers; about half of our number were not present.

Died, June 7th, Mrs. James A. Hill, after a lingering illness of nine weeks. She has been called home where trials and troubles are no more. She was a devoted christian woman and a good wife and was beloved by all who knew her. She was a daughter of H. S. and Jennie Hill, and was just in the bloom of life, but the Lord saw proper to take her home. She leaves a husband and a sweet little girl, 4 years old, to mourn her death. The father, mother and surviving relatives have our deepest sympathy.

P. M. Ward, who has been in Louisiana teaching school for 4 months, has returned home.

T. M. Hill is getting along fine with his leg; he has made some tobacco hills.

Our wire fence was completed Saturday, June 6th, around our cemetery; it is a nice job; our genial W. L. Adams ought to be congratulated for the job; it all o. k.; the next movement will be to clean off the ground and get it in grass, and we will have a very nice burying ground.

Ike Hunt and wife from Pleasant Hill neighborhood, were visiting Mrs. J. C. Long, Saturday and Sunday.

Alex Elder and wife, from Crooked Creek were visiting relatives in this neighborhood the latter part of this week.

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for dyspepsia, but have never been able to find anything that would effect a cure until I used Kodol Dyspepsia Cure. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything, and feel that my health is better than it ever was in my life. I can not say enough for Kodol for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky.

TOLU.

Mrs. Will James is ill.

Rev John Hunt preached at Forest Grove Sunday, to a good sized congregation.

Our folks want to vote on local option again. It's like trying to kill a snake by cutting off the tip end of its tail; whack its head off.

Dr. Clement is having a new fence built around his residence.

Aunt Drue Bebout is ill.

Foster Threlkeld bought a McCormick harvester of L. A. Weldon.

Wheat will be ready to harvest in a few days. It already shows a golden color.

Miss Minna Weldon and her sister, Mrs. Lou Marley, entertained the young folks with a poundsupper recently, and it was heartily enjoyed.

Mrs. C. W. Stope and daughter, Miss Etta, accompanied county clerk Weldon's children home Saturday, and will remain with them through the absence of Mrs. Beard, who is at Springfield, Ill., visiting her brother.

J. W. Ames attended quarterly meeting at Hebron Sunday.

Simp Weldon says if any one else goes to church that he will, even if it is raining.

Rev John Hunt preached in the M. E. church in Tolu Sunday night.

Mr. Moore, of Caldwell county, is visiting his son, Dr. Jesse Moore, of this place.

Rev. Lowery, col., filled his appointment at the colored church near here Sunday.

Jasper Walker, of Livingston county, shipped some hogs from this place Friday.

Mr. Sam Hunt and wife attended at Forest Grove church Sunday.

Mr. Parish and family, of the Shady Grove neighborhood, are visiting W. L. Funkhouser's family.

Job Postlethwait, Esq. P. C. Moore and Surveyor Sullenger were in Tolu Thursday, surveying a proposed road to the Ohio river.

Frank James and his best girl attended church at Forest Grove Sunday.

B. C. Peris of Memphis mines visited relatives at Tolu Sunday.

OLD JIM MINE.

Rain and mud, rain and mud up the ditch.

The boys have lost a good deal of time because of the rain.

The prospects are still flourishing at this place for fine gray Jack. It would pay any one to visit the Old Jim mine and see the finest lot of gray Jack ever shipped from Marion.

Ed. Farmer is prospecting on the Old Jim property for zinc. Ladies, he is a hard worker, a good man and stacks his money.

Tom Graves is going to get married just as soon as he can make the match. Tom is stacking the gold away.

We are very sorry indeed to say that we had to give up one of our friends last Tuesday, W. D. Humphrey, who had to go to the farm on account of the absence of his brother, W. D. Humphrey. He has been here about 15 months and has been a faithful hand, and I am satisfied that at any time he wants back that there is an opening for him.

Saturday was pay day for the boys, and most of them were present.

FREDONIA AND KELSEY.

A large crew of hands is at work now at this place putting up a telephone exchange.

W. T. Bennett, of Kuttawa, visited friends here Sunday.

The new cottage house of W. S. Rice, on Cassidy avenue, is about completed, and adds to the appearance of that part of town.

This good clothing we keep can not be found at other stores at anything near the same price, as we turn it loose for men's all wool suits \$3.75 and up.

Sam Howerton.

The steel bridge for Dry Fork creek is now being hauled to the site and will be put in place this week.

Mrs. Sallie Deboe went to Pinckneyville Sunday.

Fred Ramage brought up a load of fish from Dycusburg Saturday.

Wheat harvest will commence in this section this week, and the quality is very good.

Ira Bennett and wife attended church at Caldwell Springs Sunday.

Some of our citizens were jurors at Princeton last week.

The train killed a fine cow for J. W. Dobson last week.

A. Boaz is building a large stock barn for Rice Bros. on the Butler place near town.

Several from here attended the children's exercises at Crayneville Sunday.

Miss Georgie Boaz is visiting relatives at Dycusburg.

DYCUSBURG.

The Dick Fowler carried a large excursion up the river to Eddyville Sunday.

A fine of \$25 and costs was assessed in police court Saturday.

Dr. Phillips is absent on a trip to Oklahoma.

Mr. and Mrs. W. B. Grove are driving a fine family carriage.

Ed Hill, of Paducah, was visiting old friends here last week.

Messrs. Pate Wells and S. H. Cassidy are the building committee for the erection of the new bank building that will shortly go up here. An efficient board of directors have been selected, with Chas. Smith president and Mr. Lock cashier.

The ground will in a short time be broken for the new city hall and Masonic building.

Miss Rene Johnson is the guest of Miss Nina Bennett.

CRAYNEVILLE

Crops are looking very grassy, but the gardens are looking well; Mr. Morgan, "Bill Bailey," says he will have rag weeds to let when his garden gets its growth.

H. C. Glenn of Texas is visiting his father and friends at this place.

The Hodge boys and Brown girls were out Sunday visiting Miss Tommie Searcy, and Miss Grace Holman visited Miss May Cook.

Miss Ruby Cook went home with Mr. Mont Davenport and wife Sunday.

Miss Galoway, Lula Hodges and Mrs. Giff are on the sick list.

Mr. Pullman is some better.

P. M. Ward has returned from Louisiana where he has been for some time. Prof Evans was here Sunday.

Dr. O. C. Cook is having his house painted. The parson thinks he will get it done by Christmas if he keeps on digging, so I think the widow Cook will be highly pleased.

We are having a fine Sunday school; come out and see for yourself.

Don't fail to see our line of Deiker and Ames Buggies and Surries before you buy. Cochran & Baker.

LUDA HILL.

Sister Luda Hill, was born July 20th, 1875, joined the church at Chapel Hill in July, 1897, was married to James A. Hill June 3d, 1894, died June 7th, 1903. She would have been 28 years old her next birthday, July 20, 1903.

Sister Luda spent her entire life in Chapel Hill neighborhood. No one in all the neighborhood was better known or better liked than she.

Her life is her best eulogy. She professed religion when about 12 years old, and gave herself wholly to the Lord; from her childhood she has been an earnest, consecrated christian. One of the most faithful members of her church. She loved her church work and her pastor, and gave him always a cordial welcome to her home. She was faithful in all her relations in life—a loving and dutiful daughter, an affectionate sister, a faithful wife and mother, a kind and helpful friend, and a sweet and faithful christian.

It seems sad that a young life so full of promise, should come to such an early end. But God knows best, "He doeth all things well."

We bow in submission to His will. God bless her husband and little daughter Ruth.

THANKS THE PEOPLE.

PROVIDENCE, KY., June 8, 1903.—R. C. WALKER, Esq., Crittenden Press.—Dear Sir: I have recently noticed an official statement of vote cast at the Democratic primary, showing that my son-in-law, N. B. Hays, candidate for Attorney General received over 7,000 majority over his opponents, and in behalf of Mr. Hays I want to extend to you, and through you my sincere thanks for the very liberal patronage the voters of your county, and in fact all the counties in this end of the state, gave Mr. Hays; and I want to thank the voters of your county in advance for what I believe they will do for him in November. If at any time I can be of service to your people, don't hesitate to command me.

Truly yours,

John Montgomery.

NOTICE.

To all persons knowing themselves indebted to me by note or account or for seasons of colts, you will please see Mr. I. M. Wood and settle at once and some trouble and cost, for as I am in Missouri I shall expect a prompt settlement, and all who fail to settle by August the 1st, will find their accounts in the hands of an officer. So thanking you for past favors and expecting a prompt settlement of you I remain yours as ever.

F. M. DANIEL,

Anniston, Mo.

52-4w

Why Shakespeare Endures.

What interests us in Shakespeare's plays is not the plays themselves, but the (strictly irrelevant) truth and beauty that he poured into them. We love them for their matchless poetry and their matchless insight into the human soul. "Hamlet" is for us nothing but the study of a contemplative man distracted by the necessity to be up and doing. "Macbeth" the study of a noble mind degraded by ambition. "The Merchant of Venice" the study of racial strength against contempt and persecution. Nothing to us now the actual framework of these studies; everything the studies themselves and the language in which they are set forth. Our pleasure in the production of a Shakespearean play is according solely to the illuminative rightness of the conception of the chief character or characters and to the sonorous beauty with which the verse is declaimed by all.—Saturday Review.

The Spanish Schoolteacher.

The teacher of any land may be overworked. He may suffer from the parsimonious policy of the powers and be underpaid even in our own enlightened country, but in few countries, certainly not in the United States, could such a story as the one which follows be truthfully told:

In the streets of a Spanish city, says the author of "The Land of the Don," a police officer stumbled on the corpse of a ragged and emaciated pauper. In making out his report he asked what he should enter as the dead man's profession.

"What did he die of?" asked the magistrate.

"Starvation," replied the policeman.

"Put him down as a schoolmaster," replied the magistrate.

Tonsillitis.

An attack of tonsillitis can usually be warded off by painting the inflamed tonsils with tincture of iodine. If you are unsuccessful in the attempt and the tonsils ulcerate, swab them at once with gualacum and repeat in five or six hours. This I learned from a well known throat specialist of St. Louis, and I find it can almost always recover without the services of my physician.

—Good Housekeeping.

Pigeon's Milk Not a Joke.

The joke about pigeon's milk has a foundation in fact. After the incubation of the young has been completed, the crops of the parent bird become thicker and secrete a sort of curd, with which the young are fed. This description of nourishment is necessary for them, for if the young pigeons are deprived of it during the first week or two after hatching they are sure to die.

An infallible sign of the good times in the horse market is the frequency with which orders are being placed for greater or smaller numbers of horses all of one color. Breeder's Gazette says: We recently drew attention to the fact that the Heins firm in Pittsburgh had begun to fill an order for a score of black drafters and that an eastern firm had also placed one for grays of the same kind, the lowest limit of weight to be 1,800 pounds. Some little time ago the Heins firm bought sixty black horses of the lighter sorts.

A circus proprietor a few months ago appeared on the scene at Dexter Park announcing that he was in quest of spotted skewball or piebald horses, white color ground, bay, brown, black or chestnut spots, and after a time he got them. An emissary of the Pawnee Bill Wild West show is now striving to purchase a score or so of dun or claybank horses with well defined black marks on top line, shoulder and leg. Still another seeker for something out of the common laid in a supply (small in his case) of light cream or buckskin geldings with white manes and tails, and one of the best known of the professional dealers at these yards at present has on hand an order at a very long price for a pair of lady's cobs light sorrel in color with flaxen manes and tails. It is said that this is one of the hardest orders to fill ever placed, for the reason that the breeds of horses which supply the high step ornaments of the flaxen hue. Another order on hand at the yards is from England and calls for a gelding 16.2 hands, bright golden chestnut in color, big blaze face, four legs white to knees and hocks and if possible a white splash on belly, flank or side. It is related that this order comes from a fancier who buys without limit of price and has been unable to fill his bill in either the English or French market.

Range Raised Cavalry Horses. Major S. L. Woodward of the United States army, who recently accepted 700 range horses at Fort Meade, S. D., for the cavalry service from Wyoming, Dakota and Montana ranges, pronounces them the best animals that can be secured for the purpose and deprecates the prejudice existing in army circles against the range horse. He says, a this prejudice was bred by inferior equine stock of the cayuse variety from Texas and Arizona, bred for quantity and cheapness more than quality, and that time will be needed to eradicate it. Of the horses raised on the northwestern range he has this to say:

"They are of good size and form, hardy, free from disease, especially of the eyes, throat and lungs; tractable and very amenable to discipline and training."

Major Woodward compares these northwestern range horses with mounts bought in other sections to the great advantage of the range animal. Officers report that there has never been serious sickness among them and that they are tractable and easily trained.—Livestock World.

Thoroughbreds in Germany. According to the German Racing Calendar, a government publication, there are only 800 thoroughbred mares registered in the German empire for breeding purposes, and of these more than 25 per cent proved barren last spring. These figures, while they do not indicate any great measure of thrift in the breeding of thoroughbreds in Germany, are a vast improvement on those of former years and show that the impetus given to the breeding of thoroughbreds by Count Lehndorf is gaining headway to the end that more real blood may be injected into the horses of the Teutonic land.

Farm Horses Scarce.

From the markets come reports of a great demand from farmers for work horses. A great many, largely mares, are being shipped to the country to do the spring work. Any one who has observed farm horses knows that they average higher in age than ever before, says Stockman and Farmer. Our veterinary inquiries show a surprising number of horses ten years old or over in use on farms. These veterans are going out of service, and others must be bought to take their places, as they were not bred during the times when prices were so low. Our correspondents everywhere report a scarcity of horses ready to go to work and prices considerably higher than they were last fall. Probably we are now in the worst of the scarcity, as by another year or two some of the produce of the new era in horse breeding should be coming into use.

Range Horses on the Farm.

"Last season and the season before several droves of western horses were driven through this part of the country and peddled out to this or that farmer, to any one indeed that would pay the price for them," writes an Iowa correspondent of Breeder's Gazette. "For the most part they brought from \$25 for the poorest up to \$75 or \$80 for the best draft bred animals, and these latter have generally given good satisfaction. I bought three of them out of a large band and paid \$180 for the three. They are broken and pulled the binder all last summer in harvest time, the three making up to weigh about 3,900 pounds. The others that had no draft blood in them did not break so satisfactorily and, being lighter, have not proved of as much account at farm work. I think the range horse, if with two or three crosses of draft blood, can be used on the farms of the corn belt all right, though for my own part I would prefer native bred horses if I could get them at the same price."

BY SPECIAL REQUEST

Dr. Goldstein Returns June 15th and Will Remain a Few Days Only

LOCATED AT NEW MARION HOTEL

Remember the eye is the most sensitive organ we have. In its normal condition we can see at all distance alike; we can admire the beauties of nature and everything that is beautiful in life. The eye is often abused and neglected, the sight becomes impaired and requires artificial aid, and as medical attention is of no consequence there is one method to restore the sight to its normal condition, and that is the use of proper glasses. Drs. Goldstein will be the city Monday, June 15, for a few days. This is the opportunity of your life to get glasses fitted to your eyes to make you see properly and to rest and strengthen them. Drs. Goldstein are well known to some of our citizens and are highly recommended. Dr. Goldstein charge you nothing for examination and consultation and will give you proper advice. The value of perfect fitting glasses with reference to health can not be over estimated. Their effect upon the nervous system is direct, and, through this directly upon the entire organization.

A few of the troubles which result directly from neglect in this particular: neuralgia, sick headache and nervous prostration. In addition to the general diseases I have enumerated the following local affections often result from uncorrected errors of refraction; conjunctivitis (granulated lids) keratitis, with ulcers of cornea, paralysis of the nerves, astropthy of nerves. A sad mistake is made by most people in putting off spectacles too long. The old advice, "Don't begin specs until you have to," has done a world of harm. Anyone can, by squinting and straining and looking sharp go along time without spectacles, but he is sowing seeds of destruction to his eyes.

Consultation and examination free. At the New Marion Hotel.

We're Always in the Lead!

For we handle nothing but the best of goods.

We have a nice place fixed up for summer drinks and handle

Orange Phosphate
Grape Phosphate
Orab Cider
Cream Ale
Cream Soda
Ginger Ale
Pale Ale
Blackberry Juice
Pop of every kind
Lemonade, hand shake

Ping Pong

Soap is just out. We have 10 boxes to sell at 5c per box and a 50 piece dinner set to give to the one who buys the largest number of bars. Take a look at the dinner set in our show window. It is a beauty.

We still have the nicest line of groceries to select from and we do not allow any one to under sell us.

We handle everything in the Grocery line.

Queensware
Glassware
Tinware
And Gasoline

Our ice wagon makes the town every morning. Will be glad to have your ice trade. We will do all we can to please you.

Don't forget us when you have anything to sell we buy all kinds of Country Produce and pay the highest market prices.

Thanking you for past favors and hoping to see you every day. We remain,

Yours to please

HEARIN & SON.

Local News.

Gossipy Letters From all Sections of the County.

RODNEY.

Lint Sullivan and wife of Mattoon, visited here Sunday.

Mr. Chas Summers, of Morganfield, is visiting here.

R. A. Moore, of Marion, was here Tuesday.

The family of Field Crider, of Ellettsburg, have been visiting here this week.

A most delightful supper was given at H. B. Tudor's Saturday night. An excellent band furnished music for the occasion and a large number of guests were present.

Will Hughes, of Marion, was with us Sunday.

Eld Walsh will preach at Greens Chapel, the fourth Saturday and Sunday.

Jesse Phelps visited in Union Saturday.

H. L. Sullivan has been painting his residence this week. "Uncle Sam" is showing considerable skill as an amateur welder of the brush.

W. S. Hicklin, of Marion, was here Wednesday.

Mr. Phelps, of Baker, had the pleasure to lose a fine cow and horse by accident last week.

Finnie Moore of Repton was here last Sunday.

W. R. Sullivan and family, of Sturgis, visited in this neighborhood Sunday.

The little child of A. L. Sullivan is very sick.

Lacy Truitt was in Weston Sunday. There must be a good attraction for he now wears a bright smile that is not easy to designate.

The closing exercises of the school at Hood's creek were held Saturday night. There were four addresses made by the young ladies of the school. They were brilliant examples of juvenile oratory.

Officials of the Grand Rivers company paid a visit to Belle Mines yesterday. They have ordered a lot of coal shipped to their establishment that its superior cooking qualities may be demonstrated.

MATTOON.

Mrs. Irving Travis, who has been sick for several days, died last Thursday night, and was buried the following day in what is known as the Crowell graveyard. Mrs. Travis was a woman whom everybody liked, and she will be greatly missed by her neighbors.

Sam Burton, of Whitesburg, Mo., is visiting here.

Mrs. Wilcox visited her son Liston on Saturday.

John Brantley of Nunn left here Saturday for Mo.

Jim and Frank Summerville have returned from Tenn.

Frank Hughes, or road supervisor, is putting his section of the road in fine shape.

Leonard Brantley, of Repton, visited at Rodney Sunday.

Jim and John Burton were in Marion Saturday.

Geo Samuels, of Repton, has a position now on the Illinois Central as bagman.

R. W. Vanhooker, of Blackburn, was here Saturday.

Bill Stewart, of Iron Hill, was here Saturday.

Miss Melia Merritt, was the guest of Misses Vienna and Elva Roberts Sunday.

Mr. Lee McConnell, of Shady Grove, passed through en route to Rosebud Sunday morning.

Sam Brown spent Sunday with Alex Woody.

Several attended the exhibition at Nunn Saturday night.

John Travis and Miss Nannie Scott attended singing at Mr. Hillyard's, near Tribune Saturday night.

IRMA.

Mrs. Eallie Reglin, who has been confined to her bed for some 12 years, with rheumatism, died Saturday.

Grant Stokes, of Berry Ferry, visited this community last Sunday; what is the attraction, Mr. Stokes?

Mack Hughes and family visited relatives in Marion last week.

Miss Mattie Champion and brother were the guests of Macy McMaster and brother Saturday and Sunday.

Bartley Sullenger and Miss Rina Martin, and Myrtle Hardesty, made a flying trip to Lola Sunday to buy them some candy.

Sunday School at Oakland every Sunday evening at 3 o'clock.

W. A. Tackwell has been confined to his room some time with the rheumatism.

Mrs. Bell Compton is also on the sick list.

Alex Younger, of Lola, was the guest of W. A. Tackwell and family Sunday last.

Mr. Sarah C. Jackson has a 2-year old mule for sale.

Jim Champion, of Salem, and Miss Ada Large, attended church at Oakland Sunday.

CHAPEL HILL.

All fairly well in our precinct considering the bad weather.

Ford McMurry and wife, of Sturgis, are visiting his sister, Mrs. Charlie Clement, of this vicinity.

The shingles are on the ground to put a new roof on our school house, which is badly needed.

Our trustees tax day was Saturday, June 6th, which resulted in a good turnout of the tax-payers; about half of our number were not present.

Died, June 7th, Mrs. James A. Hill, after a lingering illness of nine weeks. She has been called home where trials and troubles are no more. She was a devoted christian woman and a good wife and was beloved by all who knew her. She was a daughter of H. S. and Jennie Hill, and was just in the bloom of life, but the Lord saw proper to take her home. She leaves a husband and a sweet little girl, 4 years old, to mourn her death. The father, mother and surviving relatives have our deepest sympathy.

P. M. Ward, who has been in Louisiana teaching school for 4 months, has returned home.

T. M. Hill is getting along fine with his leg; he has made some tobacco hills.

Our wire fence was completed Saturday, June 6th, around our cemetery; it is a nice job; our genial W. L. Adams ought to be congratulated for the job; it all o. k.; the next movement will be to clean off the ground and get it in grass, and we will have a very nice burying ground.

Ike Hunt and wife from Pleasant Hill neighborhood, were visiting Mrs. J. C. Long, Saturday and Sunday.

Alex Elder and wife, from Crooked Creek were visiting relatives in this neighborhood the latter part of this week.

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for dyspepsia, but have never been able to find anything that would effect a cure until I used Kodol Dyspepsia Cure. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything, and feel that my health is better than it ever was in my life. I can not say enough for Kodol for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky.

TOLU.

Mrs. Will James is ill.

Rev John Hunt preached at Forest Grove Sunday, to a good sized congregation.

Our folks want to vote on local option again. It's like trying to kill a snake by cutting off the tip end of its tail; whack its head off.

Dr. Clement is having a new fence built around his residence.

Aunt Drue Bebout is ill.

Foster Threlkeld bought a McCormick harvester of L. A. Weldon.

Wheat will be ready to harvest in a few days. It already shows a golden color.

Miss Minna Weldon and her sister, Mrs. Lou Marley, entertained the young folks with a pound supper recently, and it was heartily enjoyed.

Mrs. C. W. Stone and daughter, Miss Etta, accompanied county clerk Weldon's children home Saturday, and will remain with them through the absence of Mrs. Beard, who is at Springfield, Ill., visiting her brother.

J. W. Ames attended quarterly meeting at Hebron Sunday.

Simp Weldon says if any one else goes to church that he will, even if it is raining.

Rev John Hunt preached in the M. E. church in Tolu Sunday night.

Mr. Moore, of Caldwell county, is visiting his son, Dr. Jesse Moore, of this place.

Rev. Lowery, col., filled his appointment at the colored church near here Sunday.

Jasper Walker, of Livingston county, shipped some hogs from this place Friday.

Mr. Sam Hunt and wife attended at Forest Grove church Sunday.

Mr. Parish and family, of the Shady Grove neighborhood, are visiting W. L. Funkhouser's family.

Job Postlethwait, Esq. P. C. Moore and Surveyor Sullenger were in Tolu Thursday, surveying a proposed road to the Ohio river.

Frank James and his best girl attended church at Forest Grove Sunday.

B. C. Paris of Memphis mines visited relatives at Tolu Sunday.

CREX

Grass Carpet.

Sold only by Taylor & Cannon.

OLD JIM MINE.

Rain and mud, rain and mud up the ditch.

The boys have lost a good deal of time because of the rain.

The prospects are still flourishing at this place for fine gray Jack. It would pay any one to visit the Old Jim mine and see the finest lot of gray Jack ever shipped from Marion.

Ed. Farmer is prospecting on the Old Jim property for zinc. Ladies, he is a hard worker, a good man and stacks his money.

Tom Graves is going to get married just as soon as he can make the match. Tom is stacking the gold away.

We are very sorry indeed to say that we had to give up one of our friends last Tuesday, W. D. Humphrey, who had to go to the farm on account of the absence of his brother, W. D. Humphrey. He has been here about 15 months and has been a faithful hand, and I am satisfied that at any time he wants back that there is an opening for him.

Saturday was pay day for the boys, and most of them were present.

FREDONIA AND KELSEY.

A large crew of hands is at work now at this place putting up a telephone exchange.

W. T. Bennett, of Kuttawa, visited friends here Sunday.

The new cottage house of W. S. Rice, on Cassidy avenue, is about completed, and adds to the appearance of that part of town.

This good clothing we keep can not be found at other stores at anything near the same price, as we turn it loose for men's all wool suits \$3.75 and up.

Sam Howerton.

The steel bridge for Dry Fork creek is now being hauled to the site and will be put in place this week.

Mrs. Sallie Deboe went to Pockneyville Sunday.

Fred Ramage brought up a load of fish from Dycusburg Saturday.

Wheat harvest will commence in this section this week, and the quality is very good.

Ira Bennett and wife attended church at Caldwell Springs Sunday.

Some of our citizens were jurors at Princeton last week.

The train killed a fine cow for J. W. Deboe last week.

A. Boaz is building a large stock barn for Rice Bros. on the Butler place near town.

Several from here attended the children's exercises at Crayneville Sunday.

Miss Georgie Boka is visiting relatives at Dycusburg.

DYCUSBURG.

The Dick Fowler carried a large excursion up the river to Eddyville Sunday.

A fine of \$25 and costs was assessed in police court Saturday.

Dr. Phillips is absent on a trip to Oklahoma.

Mr. and Mrs. W. B. Grove are driving a fine family carriage.

Ed Hill, of Paducah, was visiting old friends here last week.

Meers Pate, Wells and S. H. Cassidy are the building committee for the erection of the new bank building that will shortly go up here. An efficient board of directors have been selected, with Chas. Smith president and Mr. Lock cashier.

The ground will in a short time be broken for the new city hall and Masonic building.

Miss "Kate" Johnson is the guest of Miss Nina Bennett.

CRAYNEVILLE.

Crops are looking very grassy, but the gardens are looking well; Mr. Morgan, "Bill Bailey," says he will have rag weeds to let when his garden gets its growth.

H. C. Glenn of Texas is visiting his father and friends at this place.

The Hodge boys and Brown girls were out Sunday visiting Miss Tommie Seay, and Miss Grace Holman visited Miss May Cook.

Miss Ruby Cook went home with Mr. Mont Davenport and wife Sunday.

Miss Galloway, Lula Hodges and Mrs. Giff are on the sick list.

Mr. Pullman is some better.

P. M. Ward has returned from Louisiana where he has been for some time. Prof. Evans was here Sunday.

Dr. O. C. Cook is having his house painted. The person thinks he will get it done by Christmas if he keeps on digging, so I think the widow Cook will be highly pleased.

We are having a fine Sunday school; come out and see for yourself.

Don't fail to see our line of Deiker and Ames Buggies and Surries before you buy.

Cochran & Baker.

LUDA HILL.

Sister Luda Hill, was born July 30th, 1875, joined the church at Chapel Hill in July, 1887, was married to James A. Hill June 3d, 1894, died June 7th, 1903.

She would have been 28 years old her next birthday, July 30, 1903.

Sister Luda spent her entire life in Chapel Hill neighborhood. No one in all the neighborhood was better known or better liked than she.

Her life is her best eulogy. She professed religion when about 12 years old, and gave herself wholly to the Lord; from her childhood she has been an earnest, consecrated christian. One of the most faithful members of her church. She loved her church work and her pastor, and gave him always a cordial welcome to her home. She was faithful in all her relations in life—a loving and dutiful daughter, an affectionate sister, a faithful wife and mother, a kind and helpful friend, and a sweet and faithful christian.

It seems sad that a young life so full of promise, should come to such an early end. But God knows best, "He doeth all things well."

We bow in submission to His will. God bless her husband and little daughter Ruth.

THANKS THE PEOPLE.

PROVIDENCE, Ky., June 8, 1903.—R. C. WALKER, Esq., Crittenden Press.

Dear Sir: I have recently noticed an official statement of vote cast at the Democratic primary, showing that my son-in-law, N. B. Hays, candidate for Attorney General received over 7,000 majority over his opponents; and in behalf of Mr. Hays I want to extend to you, and through you my sincere thanks for the very liberal patronage the voters of your county, and in fact all the counties in this end of the state, gave Mr. Hays; and I want to thank the voters of your county in advance for what I believe they will do for him in November. If at any time I can be of service to your people, don't hesitate to command me.

Truly yours,

John Montgomery.

NOTICE.

To all persons knowing themselves indebted to me by note or account or for seasons of colts, you will please see Mr. I. M. Wood and settle at once and some trouble and cost, for as I am in Missouri I shall expect a prompt settlement, and all who fail to settle by August the 1st, will find their accounts in the hands of an officer. So thanking you for past favors and expecting a prompt settlement of you I remain yours as ever.

F. M. DANIEL,
Annisson, Mo.

Why Shakespeare Endures.
What interests us in Shakespeare's plays is not the plays themselves, but the (strictly irrelevant) truth and beauty that he poured into them. We love them for their matchless poetry and their matchless insight into the human soul. "Hamlet" is for us nothing but the study of a contemplative man distracted by the necessity to be up and doing. "Macbeth" the study of a noble mind degraded by ambition. "The Merchant of Venice" the study of racial strength against contempt and persecution. Nothing to us now the actual framework of these studies; everything the studies themselves and the language in which they are set forth. Our pleasure in the production of a Shakespearean play is according solely to the illuminative rightness of the conception of the chief character or characters and to the sonorous beauty with which the verse is declaimed by all—Saturday Review.

The Spanish Schoolteacher.
The teacher of any land may be overworked. He may suffer from the parsimonious policy of the powers and be underpaid even in our own enlightened country, but in few countries, certainly not in the United States, could such a story as the one which follows be truthfully told.
In the streets of a Spanish city, says the author of "The Land of the Don," a police officer stumbled on the corpse of a ragged and emaciated pauper. In making out his report he asked what he should enter as the dead man's profession.
"What did he die of?" asked the magistrate.
"Starvation," replied the policeman.
"Put him down as a schoolmaster," replied the magistrate.

Tonsillitis.
An attack of tonsillitis can usually be ward off by painting the inflamed tonsils with tincture of iodine. If you are unsuccessful in the attempt and the tonsils ulcerate, swab them at once with gualacum and repeat in five or six hours. This I learned from a well known throat specialist of St. Louis, and I find it can almost always recover without the services of a physician.

Good Housekeeping.

Pigeon's Milk Not a Joke.

The joke about pigeon's milk has a foundation in fact. After the incubation of the young has been completed, the crops of the parent bird become thicker and secrete a sort of curd, with which the young are fed. This description of nourishment is necessary for them, for if the young pigeons are deprived of it during the first week or two after hatching they are sure to die.

An infallible sign of the good times in the horse market is the frequency with which orders are being placed for greater or smaller numbers of horses all of one color. Breeder's Gazette says: We recently drew attention to the fact that the Heins firm in Pittsburgh had begun to fill an order for a score of black drafters and that an eastern firm had also placed one for grays of the same kind, the lowest limit of weight to be 1,800 pounds. Some little time ago the Heins firm bought sixty black horses of the lighter sorts. A circus proprietor a few months ago appeared on the scene at Dexter Park announcing that he was in quest of spotted skewbald or piebald horses, white color ground, bay, brown, black or chestnut spots, and after a time he got them. An emissary of the Pawnee Bill Wild West show is now striving to purchase a score or so of dun or claybank horses with well defined black marks on top line, shoulder and leg. Still another seeker for something out of the common laid in a supply (small in his case) of light cream or buckskin geldings with white manes and tails, and one of the best known of the professional dealers at these yards at present has on hand an order at a very long price for a pair of lady's coats light sorrel in color with faxen manes and tails. It is said that this is one of the hardest orders to fill ever placed, for the reason that the breeds of horses which supply the high stepping cox do not run to hirsute adornments of the faxen hue. Another order on hand at the yards is from England and calls for a gelding 16.2 hands, bright golden chestnut in color, big blaze face, four legs white to knees and hocks and if possible a white splash on belly, flank or side. It is related that this order comes from a fancier who buys without limit of price and has been unable to fill his bill in either the English or French market.

Range Raised Cavalry Horses.
Major S. L. Woodward of the United States army, who recently accepted 700 range horses at Fort Meade, S. D., for the cavalry service from Wyoming, Dakota and Montana ranges, pronounces them the best animals that can be secured for the purpose and deprecates the prejudice existing in army circles against the range horse. He says, "this prejudice was bred by inferior equine stock of the cayuse variety from Texas and Arizona, bred for quantity and cheapness more than quality, and that time will be needed to eradicate it. Of the horses raised on the northwestern range he has this to say:

"They are of good size and form, hardy, free from disease, especially of the eyes, throat and lungs; tractable and very amenable to discipline and training."

Major Woodward compares these northwestern range horses with mounts bought in other sections to the great advantage of the range animal. Officers report that there has never been serious sickness among them and that they are tractable and easily trained.—Livestock World.

Thoroughbreds in Germany.
According to the German Racing Calendar, a government publication, there are only 800 thoroughbred mares registered in the German empire for breeding purposes, and of these more than 25 per cent proved barren last spring. These figures, while they do not indicate any great measure of thrift in the breeding of thoroughbreds in Germany, are a vast improvement on those of former years and show that the impetus given to the breeding of thoroughbreds by Count Lehndorf is gaining headway to the end that more real blood may be injected into the horses of the Teutonic fatherland.

Farm Horses Scarce.
From the markets come reports of a great demand from farmers for work horses. A great many, largely mares, are being shipped to the country to do the spring work. Any one who has observed farm horses knows that they average higher in age than ever before, says Stockman and Farmer. Our veterinary inquiries show a surprising number of horses ten years old or over in use on farms. These veterans are going out of service, and others must be bought to take their places, as they were not bred during the times when prices were so low. Our correspondents everywhere report a scarcity of horses ready to go to work and prices considerably higher than they were last fall. Probably we are now in the worst of the scarcity, as by another year or two some of the produce of the new era in horse breeding should be coming into use.

Range Horses on the Farm.
"Last season and the season before several droves of western horses were driven through this part of the country and peddled out to this or that farmer, to any one indeed that would pay the price for them," writes an Iowa correspondent of Breeder's Gazette. "For the most part they brought from \$25 for the poorest up to \$75 or \$80 for the best draft bred animals, and these latter have generally given good satisfaction. I bought three of them out of a large band and paid \$180 for the three. They are broken and pulled the binder all last summer in harvest time, the three making up to weight about 3,900 pounds. The others that had no draft blood in them did not break so satisfactorily and, being lighter, have not proved of as much account at farm work. I think the range horse, if with two or three crosses of draft blood, can be used on the farms of our own part all right, though for my own part I would prefer native bred horses if I could get them at the same price, which I cannot."

BY SPECIAL REQUEST

Dr. Goldstein Returns June 15th and Will Remain a Few Days Only

LOCATED AT NEW MARION HOTEL

Remember the eye is the most sensitive organ we have. In its normal condition we can see at all distances alike; we can admire the beauties of nature and everything that is beautiful in life. The eye is often abused and neglected, the sight becomes impaired and requires artificial aid, and as medical attention is of no consequence there is one method to restore the sight to its normal condition, and that is the use of proper glasses. Dr. Goldstein will be the city Monday, June 15, for a few days stay. This is the opportunity of your life to get glasses fitted to your eyes to make you see properly and to rest and strengthen them. Dr. Goldstein are well known to some of our citizens and are highly recommended. Dr. Goldstein charge you nothing for examination and consultation and will give you proper advice. The value of perfect fitting glasses with reference to health can not be over estimated. Their effect upon the nervous system is direct, and, through this directly upon the entire organization.

A few of the troubles which result directly from neglect in this particular neuralgia, sick headache and nervous prostration. In addition to the general diseases I have enumerated the following local affections often result from uncorrected errors of refraction; conjunctivitis (granulated lids) keratitis, with ulcers of cornea, paralysis of the nerves, atrophy of nerves. A sad mistake is made by most people in putting off spectacles too long. The old advice, "Don't begin spectacles until you have to," has done a world of harm. Anyone can, by squinting and straining and looking sharp go along time without spectacles, but he is sowing seeds of destruction to his eyes. Consultation and examination free. At the New Marion Hotel.

We're Always in the Lead!

For we handle nothing but the best of goods.

We have a nice place fixed up for summer drinks and handle

- Orange Phosphate
- Grape Phosphate
- Crab Cider
- Cream Ale
- Cream Soda
- Ginger Ale
- Pale Ale
- Blackberry Juice
- Pop of every kind
- Lemonade, hand shake

Ping Pong

Soap is just out. We have 10 boxes to sell at 50 per box and a 50 piece dinner set to give to the one who buys the largest number of bars. Take a look at the dinner set in our show window. It is a beauty.

We still have the nicest line of groceries to select from and we do not allow any one to under sell us.

We handle everything in the Grocery line.

- Queensware
- Glassware
- Tinware
- And Gasoline

Our ice wagon makes the town every morning. Will be glad to have your ice trade. We will do all we can to please you.

Don't forget us when you have anything to sell we buy all kinds of Country Produce and pay the highest market prices.

Thanking you for past favors and hoping to see you every day. We remain,

Yours to please

HEARIN & SON.
