ZINC BUOYANT LEAD HIGHER

Kentucky Leads in Floor Spar Production. The Reed Mining Company's A First Annual Report.

AN IMMENSE CORNISH PUMPKIN FOR LUCILE MOVEMENTS OF FIRE CLAY MINING ITEMS.

SALES AND TRANSFERS OF THE WEEK.

The report says that the cost of making a ton of pulp on the properties of the Comstock Mining Company is about $2.50. At the present time, 250,000 tons of pulp have been produced, which is equivalent to about 75,000 tons of pulp in the mining district. This pulp is being sold at a price of $10 per ton, which is slightly below the price of pulp in the mining district. Each of the principal mining companies in Kentucky has been developing their pulp properties in 1890, and the products of these companies are now being marketed.

The zinc lead property will be transferred to the Leavitt Mining Company, which has already acquired a large interest in the mining district.

The New Era of Hoggville, a successful mining company, will be transferred to the Hoggville Mining Company. The company will have a new mill and will be able to process its ore more efficiently.

**NATIONAL ELECTION!**

Vote of Thirty-Five States Conceded and Accepted
Gives The Republican Ticket 183 and The Democrats 162.

**A SLIM CHANCE FOR PARKER AND DAVIS**

"Before the presidential campaign begins, it is possible to tell how many votes the Democrats will get by looking at the results of this week's election in the 28 states that hold their caucuses. It is true that the Democratic party is not likely to win as many states as the Republicans, but it will be close enough that it will be difficult to tell which party will have the most, if any, victory. We have already seen how close the election was in the 28 states that held their caucuses. The Democratic party won in 16 states, while the Republicans won in 12. The results of these elections are a clear indication of how close the election will be in the coming presidential campaign.

**Hicks on September 2:**

A very popular northeman, beginning the first two days in August, will start in the first round of the contest, but before the election is over, he will be moved into central and southern parts by the storm. The storm period begins with the first day of the contest, and the outcome of the election will in large part depend on the weather, and it will be difficult to tell which party will have the most, if any, victory.

**Letters to the Editor:**

No, our friends in New York, New Jersey, and Wisconsin will not be content with the election of the Republicans. We believe that the election of the Republicans in these states is a clear indication of how close the election will be in the coming presidential campaign. The Democratic party won in 16 states, while the Republicans won in 12. The results of these elections are a clear indication of how close the election will be in the coming presidential campaign. The Democratic party won in 16 states, while the Republicans won in 12. The results of these elections are a clear indication of how close the election will be in the coming presidential campaign. The Anti-Farmer Democrats in terms of Popular Ticket.

WASHINGTON, Aug. 15—Political wags who check their political inclination by the color of the Republican and Democratic tickets said that the candidates would probably be limited to the traditional political washout. The Washington Daily News, May, 1891. And when the market was large in Wellington they usually advanced six cents a pound and in New York they usually advanced somewhat less.

And the big boys and the small boys in the big city to ascertain political sentiment will partake of the great advantage.

Occasionally, however, one acquaintance with a man will be very slow and his name will be forgotten during his participation. The others showed up today. It’s Mr. T. F. Dov, who has been quoted in various newspapers in the Northwest to the action of a number of Democratic voters who have left Judge Parker as their representative.

The News of September 4, 1891, is the actual publication of the first issue of that newspaper.

When victory was a certainty the same forces, who are ascribed to the failure of the Democratic party, were at work in the field for the advantage of the Republican party.

The question was raised by the New York Times, May 18, 1891, as to the causes of the recent failure of the Democratic party.

Wool and Cotton Committees.

No. 10 of the Regular Ticket, in a letter to the Times, May 18, 1891, said: "I believe that the strength, the influence, and the financial resources of the party are in the hands of the National Committee, the leadership of which is, of course, in the hands of the National Convention."

The opinions, if sustained by the higher authorities, will effect the outcome of the elections. The opinions as expressed in the letter are expected to be given great weight.

"It is difficult to see how the labor unions can be made effective in the present political struggle."

The question was raised by a number of newspapers in the summer of 1891 as to the causes of the recent failure of the Democratic party.

No. 10 of the Regular Ticket, in a letter to the Times, May 18, 1891, said: "I believe that the strength, the influence, and the financial resources of the party are in the hands of the National Committee, the leadership of which is, of course, in the hands of the National Convention."

You can get the daily paper of your choice and The Record at almost the price of the daily. We can furnish you any paper at clapping rates.
LOCAL OVERFLOW

By Appointment Judge Parker in The Colored School Injunction Suit.

An AFFIRMED LEGAL POINT

Last fall at an all district meeting of the school district held at 5.8 Ed was elected judge of the county, and we were happy for him. He went before the County Superintendent for examination, and was recommended for the position that a person can only hold one of a kind. He was not quite sure of his hands, but for some time there had been a hole in the street where the water was elected and qualified. The Colored School Board of Education met and appointed Mr. Ed and Mrs. E. B. White to fill the position of the Board.

An important point in the cause of education is the education of the negro child. He has a large school, which has been built and is ready to open.

Robert Wheeler and W. M. Harris have been appointed to the same position. Mr. Wheeler has the honor of being the principal of the school, while Mr. Harris is the assistant. He has been a teacher for several years and is a member of the Board of Education.

The Board voted to accept the resignation of Mr. W. B. White, and Mr. E. B. White will fill the position of Principal in the future.

Judge Parker's campaign is in full swing. He is going door to door to secure support for his school, and is meeting with success. He will visit all the schools in the county before he is through.

We are happy to announce that the Education Bureau has granted the Board of Education a grant of $500 towards the building of the Colored School. This is a great step forward for the education of the negro child.

School Board

The School Board consists of Mr. W. B. White, Mr. W. M. Harris, and Mr. R. Wheeler. They are all energetic and efficient men, and are doing excellent work.

School Bells for Sale

The trustees of Marion's Central School district will offer the following school bells for sale at the best price. The bells are in perfect condition and will be sold at a reduced price. The sale will be held on Saturday, September 24th, at 1.00 P.M.

Ed Gray, who has the fine new book on the market, will be in the city on Monday, September 26th. He will give a lecture on "The New Life in Education." The lecture will be free to all who wish to attend.

Barnes camp meeting closed last night with a tremendous success. The Platform was crowded and every seat was occupied. The meeting was held at the school and all were on time at the appointed time.

Mrs. E. B. White, who is the principal of the school, has prepared a fine program for the meeting. The proceedings were conducted in a most admirable manner. The meeting was an excellent success.

Mrs. S. W. Wilcox, who is the teacher of the school, has prepared a fine program for the meeting. The proceedings were conducted in a most admirable manner. The meeting was an excellent success.

The Board reserves the right to decide upon the final disposition of the school property.

W. B. WHEELER, Chn. M. Board of Education.

THE GOVERNMENT OF THE CHRISTIAN FAITH
By Dr. A. T. HANLEY, President of Fox University.

Seven years ago when England was celebrating the centenary of the Reform Act, and when every part of the British empire united in festivities of national pride, the doctrine of Elizabethanism was the only religious doctrine by which the majority of the empire's greatest good, "We stand with power of light, we know that stronger that has not done in war, fought the battle of the world, or lesser hands without the Lower House of Lords, has not won for us the love and respect of the whole world." We are no longer bitter or bigoted. We stand and fight with the strength of our convictions, and we have no fear of the world's criticism.

The ministry of the world is a ministry of light, and we stand with power of light, we know that stronger that has not done in war, fought the battle of the world, or lesser hands without the Lower House of Lords, has not won for us the love and respect of the whole world.

The ministry of the world is a ministry of light, and we stand with power of light, we know that stronger that has not done in war, fought the battle of the world, or lesser hands without the Lower House of Lords, has not won for us the love and respect of the whole world.
