**DEMOCRATIC LAW KNOCKED OUT**

To be Certified Necessary to Show Registration.

**Marxville**, Ky., Sept. 20.—In an application to the Court of Common Pleas to be certified necessary to show registration, Judge Maker has declared unsupported. He said the election law was passed by the last Legislature, and that the present courts should not be called upon to interfere with the decisions of that body. He further said that the question of registration was one to be decided by the legislature, and not by the courts. Judge Maker, by his action, has thus placed the issue before the country for a decision by the people. The action of the courts is in line with the decision of the Court of Appeals of Kentucky, which held that the question of registration is one for the people to decide, and not for the courts to decide.

This law applies to the New York City area.

THE GHOST'S LEGACY

If you have worn the ghost to the form you have before you. The spirit of the spectral is he. For the voice comes from the depths of the darkness as you have not heard. He is here to warn you of the dangers to come. He is here to show you the way. He is here to take you to the other side. He is here to save you. Have you seen him? Have you heard him? Have you felt his presence? Have you been touched by his hand? Have you been guided by his voice? Have you been directed by his wish? Have you been saved by his love?

The ghost's legacy is a warning to all who have seen him. He is here to show you the way. He is here to take you to the other side. He is here to save you. Have you seen him? Have you heard him? Have you felt his presence? Have you been touched by his hand? Have you been guided by his voice? Have you been directed by his wish? Have you been saved by his love?
