SHOES.

We are pleased to say that this store has always had the reputation of being the leader in Shoes and we assure you that we are proud to carry on this reputation in still further superior fashion. There is nothing in the line of Shoes that exceeds the quality and lines that we carry. In fact, we believe that you will find our Shoes the best that we have seen in any other store.

We have Courts, Dress Shoes, Walking Shoes, Oxford Shoes, Moccasins, and many others to suit the requirements of both men and women.

STAPLE DRY GOODS.

We are glad to tell you that Colton has quite climbed upward in price and that you no longer have to pay as much a piece on your colton goods. EVERYTHING BACK TO OLD PRICES AND SOME THINGS EVEN LESS.

This season, hereafter, we are showing the best line of Dry Goods, Coatings, Dainties, etc., that we have ever had. We have a full line of Canton Flannels, Shirtings, Best Tidings, outing Cloths, Persecos, Gingham's, etc., that the market offers.

Maintaining the high quality of these goods (we won't handle trash, no difference how tempting the price) we shall at same time make prices very interesting to those looking for bargains.

No difference what prices other may put on paper, REMEMBER we own these goods in the law, we own these goods in the courts, and we will take all goods that are not worth looking at any price. Offer a regular $5.00 for 2c, a regular $8.00 for 5c. As we are at 2c, all goods are at the best in town.

DRESS GOODS.

We have made the next season with the newest advances in style and fashion. We have a full line of Dress Goods, including many new styles, from the most expensive to the most economical. We are sure to have something for every taste and budget.

There seems to be a great deal of common practice among the Dress Goods manufacturers of this city. As a matter of fact, our Dress Goods manufacturers do not pay much attention to the average customer. They are used to seeing a customer, give him a sample of the goods, and when he is satisfied, they make out a note and sell the goods. This is the way the goods are sold in this city.
