STRICKEN SUDDENLY.

Joseph W. Guess Passes Away at His Home in Tolu.

The entire county was shocked and grieved last Friday morning at the announcement that "Joe" Guess had passed away suddenly at his home in Tolu. Mr. Guess had not even been ill, was up and about his home before breakfast and when the meal was announced he was ready and ate as heartily as any member of the family. But almost immediately after finishing breakfast he was seized with violent cramps and pains and a physician was hastily summoned. Dr. I. H. Clement being close at hand soon reached the patient and found him suffering intensely with congestion of the stomach and nothing could be done to relieve him. He died before members of the family could all be summoned. All of his children however were in Tolu excepting Eugene who is at some point in Tennessee, where the family could not communicate with him.

Joe W. Guess was born in Caldwell county near Bethlehem, July 11, 1845, and was a son of John and Nancy (Warren) Guess. He moved to Crittenden county and settled at Tolu about 40 years ago. He was married three times; first to Miss Wyatt Love, mother of his son, Taylor Guess. His second wife was Miss Rebecca Terry, a sister of Gus Zach, Jas. Lewis and Wm. Terry, of this county.

His third wife who survives him was Miss Sarah Shanks, a sister of Mrs. Mary Hibbs of this city. Four of their 5 children survive him also, Bell the second, having died when 12 years of age. Those

surviving are Eugene, Learner, John and Ruth.

On Saturday, Oct. 8th, 1904, the day following his death a memorial service was held at the Methodist church at Tolu of which he was a charter member. Mr. Guess had been professor for nearly a half century having accepted Christ as his Savior at the age of 12. The burial was at Hurricane church, 4 miles from Tolu. Rev. R. T. McConnell the pastor, officiating. It was one of the largest funerals ever seen here. Mr. Guess was a universally loved and respected man and the family have the sympathy of every one who knew "Joe" Guess.

DAMAGE BY FIRE.

At 6:30 o'clock Friday morning fire broke out at the residence of G. C. Gray, on Main street. The fire originated in an attic and the blaze had gained considerable headway when discovered, a room in the second story being in flames. The fire alarm was given and a large crowd of people were soon gathered around the scene. They succeeded in tearing a hole in the tin roof and by hard work, and with the aid of the fire extinguishers the flames were smothered and the building saved. The building was damaged to the extent of about \$500 and the furniture to about \$400. Two wardrobes of clothing were also destroyed by the fire. The entire damage is estimated at about \$1,000 and is fully covered by insurance.

The fire is supposed to have been caused by a defective flue.

GRAHAM SPEAKS.

The Populist Elector Opens Campaign Here.

The political campaign opened up here in good style Monday when Hon. J. W. Graham, Populist elector for the First congressional district, addressed the people at the court house on the political issues of the day. This was the long expected advent of the first political speaker and a good sized crowd gathered at the court house to hear the issues of the campaign discussed from a Populist standpoint, Democrats, Republicans and Populists being present in about equal numbers. Mr. Graham is an interesting speaker and was listened to attentively without any demonstrations of applause. He spoke for an hour, giving the rise and the objects of the Populist party. No party, he said, ever came into existence without there was good reason for its coming. The Populist party came into power, he said, because the eternal principles of Jefferson and Jackson were no longer held by the Democrats who had gone over with the Republicans to the centralization principles of Hamilton. Without these principles of Jefferson no republic can long exist. The Populist is the only party advocating these principles. Roosevelt and Parker are political twin brothers and both under the domination of Wall street and the trusts. The money power cares not a continental which one is elected. With them it is only a matter of who will get the spoils of office—it is "dog eat dog and both eat nigger." The speaker paid a glowing tribute to Wm. J. Bryan and the campaign of 1896. It took the Republican party, the gold-bug Democrats, Wall street money and brimstone from the lower region to defeat him. If the Democrats had been as faithful to him as the Populists he would have been elected and the country saved from the domination of the trusts. The speaker denied the imputation that they were working in the interest of the Republicans. He hated Republican principles. He was not after Republicans. He might swipe up the entire Republican vote of the First district and still be in minority. He wanted the majority. He closed by advising the people to vote for Thomas E. Watson, a true son of the South, as against those twin brothers of the east—Roosevelt and Parker.

Taken as a whole the speech was a very good one from the Populist standpoint and a fair specimen of the Populist spell-binder.

Later on Dr. Lackey, of Cadiz, candidate for Congress in the First district on the Populist ticket, mounted a box on Main street and made an address in behalf of himself and Thomas E. Watson. The Doctor spoke an hour and went over about the same grounds as the former speaker. He paid a tribute to Ollie James. Ollie, he said was all right in 1896 but had gotten into bad company and had gone over to the gold-bugs. But the Crittenden county Democrats, as well as those elsewhere, are two well posted as to the position taken by Ollie James at the St. Louis convention to believe he has "gone over to the gold-bugs."

BOB DUDLEY SINKS.

The steamer Bob Dudley, running in the Paducah and Evansville trade, sank at 4:30 o'clock Tuesday morning at the foot of Cumberland island, two miles below Smithland. She is lying in an easy position and will no doubt be raised without trouble. No lives were lost, nobody hurt, and little, if any, of the freight was damaged.

The Dudley left Paducah shortly after 2 o'clock Tuesday morning for Evansville. At about 4:30 o'clock, as she was nearing Smithland, she ran onto the wreck of the "Emma," a boat owned by Captain Allen Duncan, which sunk 30 years ago. A hole was knocked in the Dudley's side and she went down at once in shallow water. Her main deck is clear and dry from the middle to the stern, and from the middle to the stern is under four feet of water. When the boat struck the wreck and began to settle, the crew did not get excited, but held everything in hand.

Fined for Breach of the Peace.

The examining trial of John Armstrong, Jack Armstrong and Wm Lynn, charged with conspiring and confederating to do injury to the person or life of Odey Harness, came up before Judge Aaron Towery on Tuesday. The evidence not being sufficient to hold them for the action of the grand jury on the above charge, they were tried for a breach of the peace. John Armstrong was given a fine of \$20, Jack Armstrong a fine of \$15, and Wm Lynn a fine of \$5.

THROWN FROM A BRONCO.

Forest Heirges, a young man who lives a few miles out in the country, met with a painful accident Monday morning. He had started to town riding a young Texas bronco, for which he had traded a short time before, and while on the road it became frightened at some object by the road side and began bucking—as only a Texas bronco can buck—and the rider was thrown to the ground. In falling his foot hung in the stirrup and the animal started in a run, dragging him over the rough road. After he had gone thus for about three hundred yards he succeeded in grasping the stirrup with his hands and extricating his foot, but not before he was very much bruised up. He had a sprained wrist, a severe wound on his face, another on the back of his head, bruises on other parts of his body and his clothing gave unimpeachable testimony as to what had taken place.

Later on Mr. Heirges came to town and had his wounds attended to by Dr. Dixon, who pronounced them not of a serious nature. When Heirges got to town the bronco, which had arrived considerably in advance, had taken his accustomed place at the hitching rack, to all appearances anxiously awaiting the time for his rider to make the return trip.

DECKER-BROWN.

Mr. Newman Decker, of Dycusburg, and Miss Lillie Brown, of Frances, came to this city Monday morning and were united in marriage in the parlors of the Gill House. Rev. J. R. McAfee, pastor of the M. E. church South, officiating. The ceremony took place at high noon and was witnessed by only a few immediate friends of the contracting parties and the hotel guests.

The bride is the pretty daughter of Mr. John Brown, of Frances, Ky., and the groom is a popular young business man, of Dycusburg, and a host of friends join with the Press in extending congratulations.

They were accompanied to this city by Mr. Henry Pogue and Miss Fannie Mathews and Mr. and Mrs. Sam Matthews, all of Frances.

FAR-AWAY PHILIPPINES.

Plucky Hookinsville Girl Will Make The Trip Alone.

Miss Sadie Petrie, of this city left yesterday on a long journey to the other side of the earth. Her destination is Manila, Philippine Islands, where she has a brother who is employed in the Custom House. She will sail in about a week from San Francisco. She is quite a pretty young lady, a sister of Mr. F. O. Petrie, of this city. It will take her about two months to reach Manila. She will remain indefinitely.—Kentuckian.

PRESIDENT COMMERCIAL CLUB, OF LOUISIANA, SAYS:

"THERE IS NO FINER MEDICINE THAN PE-RU-NA."

Suffered With Kidney and Liver Trouble for Twelve Years—Peruna Cured Him—Feels Better Than for Twenty Years.

Hon. William Watson Washburn, President of the Louisiana Commercial Club, and a very well known man of New Orleans, La., writes from 637 Canal street:

"I am satisfied that there is no finer medicine placed before the public to-day than Peruna. I have been troubled for nearly twelve years with kidney and liver trouble, and at times I have been a pretty sick man, unable to attend to my duties. I had about made up my mind that no medicine could help me, when one of your booklets was brought to my office which I read in a leisure hour. I then decided to give Peruna a trial and found that I had at last secured the

right medicine for me. For two months I used it faithfully and then felt so well I was like a young man once more. This was over a year ago and I have not had any trouble since. Although I am in the seventies I feel better and more active than I did thirty years ago."—W. W. Washburn.

Most derangements of the kidneys are due to catarrh of the kidneys. Peruna is a catarrh remedy. This explains why it is that Peruna cures a great number of kidney diseases in which the usual remedies fail.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

SERMON ON DIVORCE.

New Haven, Conn. Oct. 6.—The Right Rev. Cleland C. Nelson, D. D., Bishop of Georgia, while delivering the charge to the Daughters of the King, in annual convention here, spoke strongly on the subject of the divorce evil.

He closed with a solemn admonition to the Daughters of the King as women to direct their finest efforts in the direction of an added reverence for human nature.

"Two hundred thousand divorces a year means work for women of reverence, heart and sympathy to do," he said. "My great trust is in the character and determination of American woman, rather than legislation of American men to stem this tumultuous tide rising against the sacredness of motherhood."

"Two hundred thousand divorces a year means that a multitude of children grow to maturity without the control of the father, without the guidance of their mothers."

"Divorce is burning out the hope of the beautiful American home life, and must be met with powerful weapons. I charge you, my sisters, to unite in a vigorous and determined opposition to marriage for the purpose of reforming drunkards, for position, for wealth for homes, against so-called marriages of convenience, which lie back of so vast a number of divorces."

"In public and private protests, in a marked difference in social relations with divorcees, through the training of sons and daughters, and an unswerving reverence can women accomplish the sincerely longed for result of eradicating this terrible evil."

BOOZE OR NO BOOZE

Elizabethtown, Ky., Oct. 5.—Elizabethtown is in the throes of the hottest local option elections in its history. The political mercury has been at fever heat for several weeks. Father Joseph Haggarty, of Lebanon, spoke last night to perhaps the largest audience ever assembled in the courthouse. The women had to retire in order to give room for the voters. Bryan's Hall was also filled with an overwhelming audience of colored persons who were addressed by several well-known colored ministers, and Dr. Young, the president of the Kentucky Anti-saloon League. The election takes place to-morrow and there will be big rallies to-night at the courthouse and at Bryan's Hall. Both the wets and the dries claim the election by majorities ranging from 30 to 60 votes.

HIS LEVEL BEST.

New York, Oct. 5.—Ex-Senator James K. Jones, of Arkansas, former chairman of the Democratic National Committee, saw Judge Parker to-day, and after the Conference announced that he will give his undivided time to Judge Parker in any way he can be of any service. Mr. Jones ridiculed stories started a week ago, that he had withdrawn his support from the national ticket. He said Nevada and Montana are Democratic, and that reports are favorable from Colorado, Idaho, Wyoming and Washington. So far as these States are concerned, he said, a great deal of hard work on the part of the Campaign Committee will be necessary. He said he was not hopeful of carrying Washington for the national ticket, but that he believed former Senator Turner the Democratic candidate for Governor, will be elected.

Representative Van Duser, of Nevada, talked with Judge Parker concerning the campaign in his State and told the Judge he would start at once for Nevada, where he will make speeches daily until election day. Other members of Congress, who called to-day were Representatives Burgess, Cramer and Burleson, of Texas.

Judge Parker Will Win

In a speech made before Tammany Hall in New York recently Representative Wm. Sulzer said in part: "Judge Parker will win. In my opinion we will easily carry the State of New York. Everywhere I go I find public sentiment in favor of the brilliant New York jurist. He is popular with all classes of people, and I have no doubt he will be the next President. The Democrats are united and enthusiastic this year. They are alive to the task before them to wrest control of the country from the Republicans, and are working with vim, confidence and determination for a sweeping Democratic victory."

"The Empire State is safe for Democracy, and we will carry all the other doubtful States. The people know Judge Parker is an honest, an upright, an able and fearless man, a great jurist—and a Democrat through and through. The more the people know about Judge Parker the more they like him. He is growing stronger with the voters every day."

Warts on her fingers, corns on her toes, she will be miserable wherever she goes, unless she uses Dr. Mendenhall's Corn Cure. 15 cents at druggists or sent by mail on receipt of price by C. Mendenhall, Evansville, Ind.

Rough Rider Government.

On the occasion of the opening of the campaign by Tammany Hall in New York recently Mr. Warley Platzek spoke of the prospects of the ticket saying:

"General Jackson propounded the question: 'shall the people rule?' But the new doctrine seems to be 'Shall the Government be administered solely by the Rough Rider, Theodore Roosevelt?' Gladstone said that the American Constitution is the greatest document ever written, but Mr. Roosevelt is of the opinion that it is a worthless document, to be used or abused by him as he chooses."

"No one can deny that the President is intellectually well equipped, honest and brave, but there is moral courage and physical courage, and in moral courage he is lacking. Lincoln would never agree with the President's policy of 'speak softly and carry a big stick'."

"All the money panics which have occurred since the birth of the nation were the result of Republican inflation, legislation on the money question and the tariff."

MINISTER-MURDERER PRAYER IN OPEN COURT

Armer Broke Down When he Saw His New Born Babe

Rev. W. W. Armer, charged with killing his son, went on trial Thursday at Calhoun. His attorneys are making efforts to have the trial continued and it may be that the trial will be postponed for several days.

Armer was taken into the court room Wednesday. When he entered one of the most pitiful scenes ever enacted in the McLean county court took place. The prisoner had just arrived, haggard from his long confinement in the Owensboro jail, worn, tired and covered with dust from the long journey. He was still handcuffed when he walked into the room where his wife and three children, the youngest a babe in arms, were sitting. A sob from the wife attracted the attention of the minister prisoner to his family. He had never seen his youngest child before, it having been born a few days after he was taken to the Owensboro jail in order to protect him from a mob.

Armer walked across to where his wife was sitting and after kissing her and the two older children, took the infant in his arms and knelt down to pray. As he called for the blessing of the Almighty upon his family, himself and the people of the court, every one in the room was affected. Staid men who would gladly see the minister hanged bowed their heads and wept. Judge Birkhead left the bench and walked slowly back and forth along the room while the minister prayed. The prayer finished, Armer walked into the prisoner's dock and waited until his attorneys had gained their point of having the trial postponed until Thursday.

It was the first time Armer had ever broken down since he was arrested. A great deal of interest is being taken in the trial and it is probable that several days will be required to finish it. Insanity will be his defence.—Hustler.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25c a bottle by Woods & Orme, Druggists.

It is equally good for the boy or girl who is thin and pale and not well nourished by their food; also for the anemic or consumptive adult that is losing flesh and strength.

Marriage of a Couple Whose Love Cost Three Lives

Hodgenville, Ky., October 1.—Miss Ella Skaggs, of Pike View, Hart county, the girl behind the double assassination for which Curtis Gardner paid the extreme penalty July 28 at Munfordsville, was married here today to John Bennett, the young man whose attentions caused Gardner's act of maddened jealousy.

Rev. P. T. Hardison, of this place, performed the ceremony, but the couple were not united until after much difficulty had been experienced in securing the marriage license.

Twenty miles the lovers drove from Pike's View to Hodgenville, only to find when they arrived here that on account of the girl's youth—she is twenty years old—the license could not be obtained without her parents' consent. So Bennett drove back to Pike's View secured the written consent and returned to Hodgenville. Then the wedding took place and the final chapter was written in one of Kentucky's grimmest tragedies.

Curtis Gardner shot to death his uncle, 'Squire S. D. Osborne, and his cousin, Dave Osborne, in December, 1903. The double murder was the outcome of a quarrel one Sunday afternoon between Gardner and Bennett, who were roaming over the country side with young Osborne and two other companions.

Bennett taunted Gardner with assertions concerning Miss Skaggs, to whom the latter had been attentive. A struggle followed in which Gardner was whipped. Apparently the trouble was patched over, the young men shook hands and the party walked back to the Osborne home.

At the gate Gardner left his companions, walked three-quarters of a mile to a cross-roads store, and borrowed a shotgun. Then he walked back to the log farm house.

Around the broad hearth old 'Squire Osborne and his family, with the other young men were sitting. Young Osborne was picking a guitar. The firelight played on their faces, but did not clearly light the room.

Curtis Gardner thrust his rifle through a chink in the logs and opened a murderous fire. He had no intention, it is believed, of killing anyone but Bennett, his hated rival. But after the first shot had gone wild he seemed possessed with a very demon of destruction.

Eight times Gardner fired the shotgun. 'Squire Osborne and his son were almost instantly killed, and Bennett and another young man were dangerously wounded before the terrible fusillade of bullets ended.

Gardner's arrest, trial and sentence to death followed. Efforts to secure a pardon were fruitless.

Then, after the young farmer whose jealous love had cost two lives had paid for his deed with his own life, the girl whom he had loved married his rival.

Shoots His Wife

Mobile, Ala., Oct. 5.—At 2 o'clock this morning Benjamin Baron formerly of New York city, now residing at Oakdale, a suburb of Mobile, mistook his wife for a burglar and shot her through the left lung with a .41-caliber Colt's pistol. The couple were asleep when they were aroused by a noise. Baron told his wife to get a match in the dining-room, but, instead, she went into the parlor, adjoining, for the match. In the darkness Baron could not see that she had gone in that direction, and, hearing a noise, fired, with the above result. Baron is head clerk in a big dry goods house in this city and the family is prominent. The woman is not dead, but there are slight hopes of recovery.

Many Mothers of Like Opinion.

It Brought Result

St. Louis, Mo., Oct. 1.—Colonel J. S. Raine, of Georgia, a member of the staff of Governor J. W. Terrell, knocked down a camel driver on the Streets of Jerusalem out at the World's fair today because the driver refused to permit Mrs. Terrell to dismount when she had seen, after starting on her novel voyage that she did not like it. Mrs. Terrell and party were sight-seeing. The camel driver urged Mrs. Terrell to try a ride on the ship of the desert. She decided she would.

But when the ungainly beast began his lurching, shambling progress she became nauseated and cried to be permitted to dismount. The camel driver pretended to be unable to understand her and urged the beast to accelerated speed. This made Mrs. Terrell cry out in fright and discomfort, and the Georgia colonel, after ordering the driver to stop the beast and being ignored, landed his Georgia fist on the Oriental jaw. This brought results. The camel was stopped and forced to kneel, while the trembling governor's lady dismounted.

Bloody Work of Crazy Man.

Youngstown, O., Oct. 7.—In an attempt to wipe out his entire family today John Dolowich, Slav, aged forty-five years, hacked his wife with an axe and cut his son with the same weapon in attempting to kill his children, and finished the bloody work by sticking a bread knife into his own throat, dying instantly. The man was crazed with drink and fought with his wife over their domestic affairs. The woman is probably fatally injured.

The call for the meeting states its purpose to be "To take some action upon the popular desire, to wit: the giving of our sincere support and sympathy to the American Committee on Philippine Independence in its efforts to attain the end we desire. It would be inexplicable and highly improper for the Filipinos to fold their arms and remain passive at a time when the best elements of American society are working ardently in order that our native land may attain its ambition."

Fiery orators will speak the principal one being Sandico, a former member of Aguinaldo's Cabinet, and who in 1899 signed the order for the massacre of all Americans and other foreigners in Manila. The Government will not interfere.

MRS. CECILIA STOWE
Orestor, Entre Nous Club.

136 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.
For nearly four years I suffered
from ovarian troubles. The doc-
tor insisted on an operation as the
only way to get well. I, however,
strongly objected to an operation.
My husband felt disheartened as
well as I, for home with a sick
woman is a disconsolate place at
best. A friendly druggist advised
him to get a bottle of Wine of
Cardui for me to try, and he did so.
I began to improve in a few days and
my recovery was very rapid. With-
in eighteen weeks I was another
being.

Cecelia Stowe

Mrs. Stowe's letter shows every
woman how a home is saddened by
female weakness and how completely
Wine of Cardui cures that sick-
ness and brings health and happi-
ness again. Do not go on suffer-
ing. Go to your druggist today

WINE OF CARDUI

MY WESTERN TRIP.

Continued from 2nd. page.

Like John Clark, they were in the
land where milk and honey flows.

No prouder people can be found
than the Kansas farmers. For
the last few years they have had
favorable seasons and their crops
have been abundant. If one man
can raise from 250 to 300 acres of
wheat and from 100 to 125 acres of
corn, yielding much more per acre
than our land, then why should
they not be proud? You ask why
they cultivate more land in
than the farmers can in the prai-
ries of Missouri, Indiana or Illi-
nois. The answer is this: experi-
ence has taught the Western Kan-
sas farmer to break his ground on-
ce every third year; breaking ev-
ery year makes the ground too
tired, and as grass and weeds do
not grow there as much as in
other countries they find every
third year breaking the most suc-
cessful; so a farmer arranges to
break one third of his ground each
year, and by having plenty of
manure and using large farm ma-
chinery is why he can cultivate
so large crops.

Now some of the worst objec-
tions are, when you go to build a
new building you will dream of
what was going on before you
through paying for your mar-
ket. Fuel is also high; coal is
at 30 cts a bushel. A sod house
the best house to build. You
get them plastered and paper-
ed inside all complete for
\$10 a room. They are warm in
winter and cold in summer.
Taking everything into consid-
eration, I believe Sheridan coun-
ty, Kansas, is a splendid place to
invest money in land.

I mounted my wheel again, run-
ning through Sheridan, Thomas,
and Sherman counties, into Colo-
rado, I found eastern Colorado
unsafe farming country and I
wheeled back to Sheridan county,
Kansas, and bought 320 acres of
low, level land. Then continuing
my journey east to Kansas City,
and then to the World's Fair at
St. Louis.

Now I wish to say I was not as
unfortunate as the Arkansas weat-
her farmer, who took his family to
St. Louis to attend the World's
Fair he had heard so much about.
After taking his family to a cer-
tain Park in St. Louis four days,
thinking he was attending the
fair, he started home happy over
the great sights they had seen,
and knew no better until talking
to a gentleman on the train, who
informed him he had only been
attending a Park.

For fear my letter will be too
long I will close, with best wishes
to all.

OSSIFIED WOMAN DEAD.

Rome, N. Y., Oct. 6.—Mrs Er-
ma Ewing Palmer, the last of the
two "ossified" sisters, died today
at Sherburne, aged fifty. Owing
to a disease of a rheumatic nature
which had baffled the skill of ma-
ny physicians throughout the
country, Miss Palmer had lain
perfectly motionless upon her
back totally blind and with every
muscle rigid, for the past twenty-
seven years. The disease mani-
fested itself within a few days af-
ter marriage at the age of twenty-
three. Her sister, Miss Stella
Ewing, who died here two years
ago, was afflicted in precisely the
same way.

Accept No Substitute.

There is nothing just as good for Ma-
ria, Chills and Fever as Dr. Menden-
hall's Chill and Fever Cure. Take it as
a general tonic and at all times in place
of quinine. If it fails to give satisfac-
tion mail the front of the cartoon to J.
C. Mendenhall, Evansville, Ind., and

Old Chief Dies.

San Francisco, Oct. 6.—The
schooner Neptune arrived from the
Marshall islands, in mid-Pacifi-
c, and brought news of the death
of Muriel, grand chief of a dis-
trict comprising most of the is-
lands of the group. The old ruler
was eighty years of age and when
he died, after a lingering illness,
his sad death and the subsequent
obsequies were the occasion of a
great display on the part of the
natives. For weeks prior to his
death the natives began assemb-
ling at his island home. When
he died all the Marshall islands
went into mourning and gave
vent to their grief in a weird and
old fashioned manner. The cere-
mony continued several days.

A Great Sensation.

There was a big sensation in Lee-
ville, Ind., when W. H. Brown of that
place, who was expected to die, had
his life saved by Dr. King's New Dis-
covery for Consumption. He writes: "I
endured insufferable agonies from Asthma
but your New Discovery gave me
immediate relief and soon thereafter
effected a complete cure. Similar
cures of Consumption, Pneumonia,
Bronchitis and Grip are numerous.
It's the peevish remedy for all throat
and lung troubles. Price 75c and \$1.00.

quarters will be established. But
while I am here I will give every
help that I can to Mr. O'Brien,
the State chairman, and Mr. Clark
county chairman."

Hooked By a Steer.

Mary Price, the little daughter
of Glen Price, of Arandia, was
hooked by a mad steer late Friday
afternoon, near Parrish's wagon
yard, opposite Wallace Park. The
little girl was thrown some dis-
tance against a pile of brick and
was considerably bruised and
frightened, but not seriously
hurt.

She was returning home from
school and encountered a drove of
cattle being taken from the
Thompson stockyards to Beyer's
brick yard. A steer, becoming in-
furiated from some cause, gather-
ed the child under the arms and
threw her against the pile of brick
with great violence.

Several men who were nearby
picked her up and she was carried
home. The steer attempted to
hook several other people and
great excitement prevailed for
some time.—News-Democrat.

Robbed The Grave.

A startling incident is narrated by
John Oliver of Philadelphia, as follows:
"I was in an awful condition. My skin
was almost yellow, eyes sunken, tongue
coated, pain continually in back and
sides, no appetite, growing weaker
day by day. Three physicians had
given me up. Then I was advised to
use Electric Bitters; to my great joy,
the first bottle made a decided improve-
ment. I continued their use for three
weeks, and am now a well man. I
know they robbed the grave of another
victim." No one should fail to try
them. Guaranteed at Woods & Orme's
drug store.

ACTIVITY AMONG BOXERS.

Shanghai, Oct. 7.—Numerous
reports received from the interior,
telling of the activity of secret
societies at points widely apart are
causing serious uneasiness.

It is known that the officials ev-
erywhere are displaying a great
anxiety, and are procuring the
most modern arms and munitions
of war for the purpose of equip-
ping the soldiery. There is no
certainty as to whether the anxie-
ty of the officials is directed
against anticipated risings or as to
whether it is a precautionary move-
ment in view of possible danger
from a successful Japan.

Sugar Rate War

Chicago, Oct. 7.—A renewal of
the sugar rate war recently declar-
ed off by the reinstatement of the
old rate is imminent through the
action of the Savannah line of
steamers, running from New York
to Gulf ports. A thirty-two cent
rate has been put in force in place
of the former rate of fifty-two
cents. The new rate is made in
connection with the Frisco rail-
way to Missouri river points.

The Illinois Central, to offset
this out and for the purpose of
handling the products of the
New Orleans plants has put in a
rate of twenty cents, which is a
cut of twelve cents under the pre-
scent rate from New Orleans to
Missouri river points. Chicago
roads threaten to put in a rate of
ten cents to Missouri river points.
