McCONNELL & STONE,

Marion, Kentucky.

TWO GOOD VEINS OF LEAD STRUCK ON LEAD HILL.

Near Cave-in-Rock, Ill., Which is Nearly Equal to the Famous LaRue and Columbia Veins in Crittenden County, Kentucky.

The Yandell mines are working every day and doing well, with John Yandell at the wheel.

Mr. Drescher will ship another car load of lead from the Columbia mines next week.

We saw Messrs Whitehouse and Pierson going out last Saturday with a new set of tools to start up a new mine.

The Memphis mines are working a full force again, with a new crew. All the old hands got fired for fighting during working hours.

Ed. McFee and Joe Dollar have truck a fine vein of fire clay near Levas. Marion would be a good place for a jug and flower pot factory as there is plenty of clay in this district for that purpose.

New machinery has been purchased for the Senator mine near Princeton. The water was too strong for the old machinery, hence they had to close down until the new machinery got here, which is on the way.

Blue & Nunn have started two levels in their shaft at the "Nine Acres" on the Columbia vein. The levels are driven in back about 20 feet and are still in very rich ore on both sides of the shaft.

The Asbridge mine was closed down for two weeks on account of carbonic acid gas, better known to miners as "black damp," or "bad air." The company have a fan in at the mine now to keep the gas out and to furnish the men with pure air.

The Rosi Claire mines are working three eight hour shifts in the bottom of their shaft.

"Black Hawk" went through town last week with a new set of tools on his way to Gracey to prospect for lead and zinc. He said when he struck it in paying quantities he was going to wire Harry Watkins to come and take it out of his hands.

The big boiler was taken out to the Riley mines last week. It will be ready for steaming up in a few days, when the big mill will go into operation again. It was closed down some time ago on account of not having boiler power sufficient to run it.

Evansville parties will start a new shaft on the "Money Maker" place, near Mexico, for the purpose of mining lead and zinc. As soon as they strike the mineral in paying quantities it is understood that the I. C. Railroad company will put in a spur for them, as the mine is on the railroad.

The new tables at the Columbia mine are working very satisfactorily to the company. The tables clean about two tons of zinc per day. Mr. Drescher tells us he will start off some new levels in two weeks. He expects to run his mill and table day and night.

Our Sheridan correspondent sends the following items:

Mr. Noe has purchased a crusher and larger engine for his mine.

Ye correspondent was over at the Miller mines a few days ago and lo and behold! carbonate was sticking up like the Rocky Mountains!

Ross Givens has struck a new bed of spar on the Corn property.

The Chinn Mining company, with mines located on the Kentucky river near Harrodsburg, Ky., struck a fine body of spar and lead at a depth of 55 feet. They have a fine lot of machinery at this mine. They run all of their drills with compressed air. They have one of the best compressors at this mine that is in the State. Col Jack Chinn is president; Geo. P. Chinn secretary and Mr Thompson treasurer, all of Harrodsburg.

Our New Salem correspondent says:

The big 30,000 pound boiler for the Riley mines passed down the road Friday, drawn by fourteen head of horses and mules. Lawson Franklin was holding the reins over this long team. Every thing was moving o. k.

Our Carverville correspondent writes:

The large pump which President Schoolfield shipped from Cincinnati has been installed at the Schoolfield-Spees mine. The recent rains have tested its one hundred gallons per minute capacity and everything is in trim.

E. W. Smith, the capitalist and promoter, of Owensboro, was in this district last week and took options on many valuable mineral properties. The deal he has on foot is one of gigantic proportions and will amount to probably a million dollars. The company he represents has not only unlimited money, but great enterprise and if they come into this field they will build a Belt line of railroad which will reach all the prominent mines and will develop a territory much in need of transportation facilities. The county is ripe for this movement and we hope to see it realized.

Our Carverville correspondent writes us as follows:

Vigorous work continues at the Schoolfield-Spees mines. The rain last week caused much water to enter the shaft, but the large one hundred-gallon-a-minute pump proved equal to the emergency and so very little time was lost from drilling. The main shaft is now eighty odd feet and well timbered. The calo which disappeared some days ago has reappeared along one side but not so large a showing as formerly. Railroad talk is being revived and what with these and the other mines near here should there not be some inducement to a road.

Prof Wright of Louisville came into Marion Sunday evening from Cave-in-Rock. Mr. Wright tells us he is building a mill on two lead veins that he has found on Lead Hill, near Cave-in-Rock. His mill is one of his own type, and is said to be the finest in this section. Prof Wright will have hydraulic sizing machinery attached to his mill. He claims to have his mill in operation by the

15th of November, and expects to ship several carloads of lead before the first of next year. He will build his own pike to the river out of the tailings as he makes them from his mill. Prospecting has been going on for years on Lead Hill by different parties, but no vein had been discovered until Prof Wright went there. He had been prospecting just three weeks when he located these fine veins. If Prof Wright had come into our field earlier we would have been further advanced.

Bryan's Part in the Campaign.

Judge Parker voted for Bryan twice on a free silver platform although he believed the gold standard was irrevocably fixed. Mr. Bryan very logically says that he and his friends can not do less than support Judge Parker in return for his loyalty to the party, if there were not other excellent reasons for doing so. Mr. Bryan was a member of the Committee on Resolutions and the St. Louis platform was shaped in many instances to meet his views. He is defending it with all the vigor of his nature, saying to his followers everywhere that they will be relevant to Democratic principles if they fail to vote for Parker and Davis. Mr. Bryan would come to Kentucky to repeat that message to the thousands who followed him in two campaigns, and whose affection for him as a man and a leader have never changed, but he is acting under orders from the National committee in confining his speeches to doubtful States. He has never failed to answer a call from Kentucky Democrats, whose devotion has his full appreciation.

There is no more interesting development of this campaign

than what might be termed the revitalization of Mr. Bryan's popularity. For a time it seemed as if his defeats had wrested from him the right to command. Those who feared that free silver might again be made an issue were suspicious of his leadership. They were quick to accuse him of selfishness, of a desire to revenge himself on the Eastern Democrats who had refused to support him, thus disorganizing the party and eventually bolting the nominees.

But Mr. Bryan rose above these calamities, as he rose superior to the temptation that would have seized a small politician, whose mind was poisoned by defeat. He proved his right to the place he holds in the hearts of millions of his countrymen by standing on the broad platform of party loyalty, brushing aside the slanders that assailed him, forgetting the wrongs that have been heaped up on him, in the hope that through his example the Democracy would once more become a united party.

His self-sacrifice will all be in vain if his followers, not only in Kentucky but throughout the country, do not emulate his wise and patriotic course. The election of Parker and Davis will be a personal triumph for William Jennings Bryan, for without his assistance there is no possibility of defeating Roosevelt. But, win or lose, he will come out of the campaign with his old popularity unimpaired, the unrivaled orator and leader of his party.

Leavell Bros., the noted mule buyers of South Christian county, will be here next Saturday, Oct. 22, and want 100 mules and will pay best prices in cash.

the campaign. Roosevelt had something on every conceivable subject, the need of more babies to the continuous dry spell. Now he is as silent as the man the freight train ran over. You couldn't blow an opinion out of him with a shell of dynamite. There is only one key to the padlock which has closed Teddy's strenuous jaw and the National Committee has thrown that key away.

While Bill Bradley was lambasting the Democrats, during his Louisville speech, for their part during the Civil war, Basil Duke, one of the bravest men that ever wore a Confederate uniform, sat on the stage in the rear row, as if he was ashamed of the company in which he was caught. He is one of the few Democrats who are allying themselves with the Republicans, and he ought to get out of the muck into which he has floundered before he is submerged.

The Democratic party can not be held responsible for acting Governor Thorne's original blunder in the pardoning of the murderer Blucher. It was a mistake of the most serious character, but it was done in Thorne's personal capacity although clothed as an official act, and he has assumed the burden of it.

In Kentucky Tom Watson has been posing as the friend of the farmer and the working man. In New York State he is traveling on special trains, no doubt paid for by the Republican Campaign committee. There never was a more shameless political bargain than that between Watson and the Republicans. It is not possible that he can turn the Populists of this county, bound hand and foot, over to Roosevelt.

Bryan's speeches will turn the tide of battle in Indiana. If he were even less enthusiastic over the National ticket his interest in John Ford, the Democratic nominee for Governor, who is his personal friend, would inspire him to throw himself into the conflict with his usual energy. The balance of political power in that State is in the hands of Bryan's friends among the Populists and free silver men, and their devotion to him will cause them to support Parker and Davis.

The registration in Louisville shows a clear Democratic plurality of over 8,000. Giving the Republicans two-thirds of the independent vote—and they will not get one-third of them—and the Democrats would still have a safe margin of 2500 votes.

The young men who fight for Democratic success in this time of political conflict will in after years have the proud satisfaction of remembering that they fought for safe counsels in the administration of their Government, for the protection of our national mission against interruption and perversion, for the increased comfort of the people in their homes, and for the defense of their interests against the encroachments of organized selfishness and greed.

Nat Porter is showing the true Democratic spirit. He has spoken this week in Allen county and will address the voters of every county in the district in behalf of the candidacy of Jim Richardson, who defeated him for the congressional nomination. Although the contest for the nomination was of the most spirited character it has left no scars, and the Third district can be depended upon to contribute to the success of the entire ticket.

The basis of success in political contests is the efficiency and earnestness of the precinct organizations. When these faithful workers are enthusiastic the way is clear for victory. The Campaign committee is particularly gratified at the reports from the precinct chairmen and their sub-committees. There is an increase in interest throughout the State that gives assurance of an old-time majority for Parker and Davis.

Chances for Democratic Success

This review of the political situation will give every reader an opportunity to figure the result in the National contest for himself. There are 476 electoral votes and 239 are necessary to a choice. It seems certain that Parker and Davis will carry all the States that went for Bryan in 1900 and we start with that premise.

Here is one combination that is possible, if not probable:

| | |
|----------------------|-----|
| Bryan's vote in 1900 | 155 |
| New York | 36 |
| Maryland | 8 |
| Indiana | 15 |
| West Virginia | 6 |
| New Jersey | 10 |
| Connecticut | 6 |
| Delaware | 3 |
| Total | 219 |

Here is another that will bring victory and it is not as difficult as it may appear:

| | |
|----------------------|-----|
| Bryan's vote in 1900 | 155 |
| New York | 36 |
| Maryland | 8 |
| California | 9 |
| Nebraska | 8 |
| New Jersey | 10 |
| Indiana | 15 |
| Total | 241 |

The next combination includes a number of the Western States that went for Bryan in 1896, and that may be won over to the support of Parker and Davis:

| | |
|----------------------|-----|
| Bryan's vote in 1900 | 155 |
| New York | 36 |
| Maryland | 8 |
| South Dakota | 4 |
| Washington | 4 |
| Wyoming | 3 |
| Nebraska | 8 |
| West Virginia | 5 |
| Indiana | 15 |
| Total | 239 |

The concluding table proves that the Democratic ticket has a royal chance to win. If only three of the doubtful States in the west follow the example of New York and New Jersey and rally to the Democratic standard:

| | |
|----------------------|-----|
| Bryan's vote in 1900 | 155 |
| New York | 36 |
| New Jersey | 10 |
| Maryland | 8 |
| Total | 209 |

Necessary to an election, 239

The thirty needed votes are to come from the following States, in every one of which the Democrats have more than a fighting chance:

| | |
|---------------|----|
| Indiana | 15 |
| West Virginia | 6 |
| Wisconsin | 12 |
| Nebraska | 8 |
| South Dakota | 4 |
| Washington | 4 |
| Wyoming | 3 |
| Total | 52 |

FROM ELLA CHARLES.

DEAR PRESS: While sitting in my cozy room this very pleasant Sabbath evening, I thought of a promise I made to some friends in Illinois.

I have been in the state with my brother, W. E. Charles, laboring for lost souls. Some of my good friends asked me to write a description of my trip and work and the entire absence from home to some paper and send it to them, I said, "Oh, I shall write to the Press and send you the paper." So now, Mr. Editor, if you'll be kind enough to print my letter, I will describe my trip and work as best I can; also encourage the workers at dear old Bethel.

'Twas on Thursday night that I closed a series of meetings at Pinckneyville, Ky. It was my first attempt to conduct a series of meetings. My cup was filled to overflowing that night and I am sure it was not tilted. I saw and heard ten converts praise the Lord that night who had through my feeble efforts found the Holy One of Israel, since the meeting had begun. I came home oh, so happy, knowing that early the next morning I was to leave home and go to Illinois to help my brother in a series of meetings at a country church by the name of Bethel, "house of God."

At 6:30 o'clock next morning I bade my youngest sister and father goodbye and mother took me to Dycusburg ferry. There I joined my brother and we were soon on the road to Kuttawa.

How peculiar every one and everybody seemed. "Good bye!" "God bless you!" Why I could hear it in every direction. Oh, the very atmosphere seemed balmy than ever before. Everything appeared more beautiful than ever before; and though it was "good-bye from all my friends and loved ones they seemed peculiarly sad, and yet they were pleased at my going. P. L. L."

This is my dear friends: Before, always when I left home for a visit my friends and dear ones would say, "Goodbye, Ella; hope you'll have a high old time," for I was expecting such a time. But at this home leaving they knew I was going to bring lost wanderers back to Christ; and no wonder that tears rained from their eyes when they said: "Goodbye! God bless you; Be a good girl!"

Well, we were soon in Kuttawa, and out by the Lake, and when the hour came we ate our lunch and the trains being delayed two hours (being due at 3 o'clock) we took the fast train and were then on our way to Paducah. Then at 7:30 p. m. we left for Cairo Junction and changed cars for Ashley, Ill. We reached Ashley between 12 and 1 o'clock Saturday morning, and then at 6:15 we took the train for Beasport, Ill. The church was 4 miles west of there.

The meeting began that evening at 7 o'clock and continued for three weeks. The church was revived and some reclaimed. The results were not what we had hoped for, but we hope it is "Bread cast upon the waters and may be gathered many days hence."

Our home was with brother Joshua Lyon's family and words utterly fail to express the sincere thanks of our hearts to brother and sister Lyons for their hospitality. In fact every one was a real friend to us, and we feel sure the many ties of friendship made while there can not easily be broken. To each one in the community I extend my heartfelt thanks for their kindness shown to me when I labored with them.

Of course it was hard to leave them, our new made friends, but time was up and we must be coming homeward. Our trip home was very, very pleasant.

While we were driving from Kuttawa to Dycusburg brother and I were so happy that we spent most of the time in singing. Soon we were in the suburbs of Dycusburg and school had just dismissed for the day, and so many of the pupils whom I taught last fall

were passing us, waving their chubby hands and shouting, "hello, Miss Ella!"

I came on and crossed the Cutlerland and it was then nearly dark. I had some piece to walk, but met with an old friend, who offered his services for half the distance. Then with suit case, bundles and more bundles, I walked on to my sister's. Regardless of my heavy load and being alone I began to thank God for my home coming and my new friends and began to sing, "Help me to live like Thee."

By this time I was at sister's. Her husband met me down the road and helped me with the bundles and sister was at the gate. I missed the children and asked for them, soon to find that they were real sick. I wept when their weak arms were put around my neck and they said, "Aunt Ella we wanted to meet you." I sat up most of the night and kept watch over my sweet sister's babies.

My dear, good, sainted mother came up after me the next morning. Now I need not describe my home meeting save to say it was very pleasant, and the same afternoon was invited to visit the school and my friend Mrs. Miller, and the next day my friend Mrs. Thomas finding I was at home, came and took me home with her to dinner. Oh, how I love my good friends in Kentucky, Tennessee and Illinois.

"True friends are as diamonds. Precious and rare. Friends like autumn leaves. Found everywhere"

Now dear people of Bethel, God bless you every one. I'm glad I learned to love you as I did and no one knows how very much I appreciate your friendship. Years may pass and gray hairs adorn my temple but the kindness and hospitality received from you will be lasting. Links were formed in friendship's chain of gold and can never rust or wear out.

And to the League, Sabbath School and Prayer meeting work, let me say, God bless you, go on. May the Lord so teach us to know our days that we may apply our hearts unto wisdom.

Tonight was my sister's night to hold sessions and with all the praying for different meetings, I said, "Lord be with the League at Bethel!" Oh how very anxious I am for each worker in the church. May the choicest blessings of heaven rest on each member and may a star shine in their crown throughout eternity for each soul they bring to Christ.

Now your Kentucky friend is tired and sleepy and must need be at dreamland a few hours.

We all send love and best wishes to all.

Yours in His work,
ELLA CHARLES.

can You Eat?

J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles, I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. No Mandate to Congress.

Mr. Hornblower was perfectly justified in saying that "the American people have never as yet given a mandate to congress to pass a protective tariff nor have they ever approved such a tariff."

From a study of the issues in each presidential election for forty years it will be seen that it is literally true that the American people have voted but once in the last sixty years on protection and then condemned it.

Convincing Values For Fall Shoppers.

One of the most noticeable features of our splendid display for this season, is the fact that never before have we been enabled to offer so much for such a small outlay. We have been unusually careful and painstaking in selecting our stock, ever bearing in mind the all important truth that a person naturally buys where the most and best for the least money can be found. And when we say that we excel in giving the greatest values for the smallest outlay of cash, we say with equal certainty that we are prepared to demonstrate it. One single fact outweighs a thousand claims and we are anxious to prove to you who are particular about what you buy and the price you pay for it, that excellence of quality at most reasonable prices make our offerings the master bargains of the town, and that no where can you find such great returns for your money.

For us there is no may be; it is certain, and we want you to make us prove our claims. Any time will do—now is the accepted time.

Our Clothing--the Essence of Economy.

The purses of the people regulate our prices and in our Clothing Department you find unmatched prices on matchless goods. Style, service and fit guarantee satisfaction to particular buyers of high grade clothing and our prices keep us busy for quality and not price is the first consideration. We are anxious to prove that the economy of our clothing is their wearing quality and that great goodness and luxurious goods at necessity prices commend our stock to the public.

Richness in Fall Dress Goods.

In this department our showing is attractive and our prices irresistible. All that's latest and best is found—the beauty and richness of the season greet the eye, and value is measured by quality and price by necessity. For us there is no may be—we know our stock and are proud of it and can convince you that the biggest values hatched to the smallest prices are found in abundance in our fall display. A single fact outweighs a thousand claims—make us prove it.

Durable Beauty in Shoes.

The Queen Quality Shoes for women and the Walkover Shoe for men need no introduction; they are made well, they wear well and are not only good shoes for perfect feet, but perfect shoes for all feet. Style fit and wearing qualities guarantee satisfaction and you waste time in looking elsewhere for highest grade footwear at most satisfactory prices, because price will never satisfy until quality has set the mind at ease. For your foot's sake don't economize at your own expense.

DEMOCRATIC TICKET.

For President,
JUDGE ALTON B. PARKER,
Of New York.
For Vice-President,
HON. HENRY G. DAVIS,
Of West Virginia.
For Congress,
OLLIE M. JAMES.

To-night (Thursday) William Jennings Bryan speaks in Louisville and it goes without saying that his audience will be numbered by the thousands. If Judge Parker is elected President he can thank William Jennings Bryan more than any other man.

President Roosevelt does not believe that the Filipinos, 7,000,000 of whom are civilized Christians, will be ready to govern themselves for many, many years to come. And yet the Cubans were given independence in 24 months and Panama in 24 hours.

Should the Democrats elect a House this autumn, its duty will be to investigate the rottenness of the departments, and along with it, might well be instituted an investigation of some of Chairman Cortelyou's fat-frying operations with the trusts and other corporations.

With an independent Republican State ticket in the field in Wisconsin, and with that party torn and rent by the factional squabble of the Spooner and La Follette forces, we see no just cause to doubt that State going Democratic, and more especially as the National ticket appears to be ignored amid the fury of the fight for State supremacy.

One of the most extensive and sanguinary battles known to modern history has been raging for the past ten days near Mukden in Manchuria, between the Russian and Japanese armies, in which more than half a million of men and eighteen hundred big guns have been contending for the mastery. Thus far the Japs have had the best of it, but at a cost of tens of thousands of their brave men, who have fallen like forest leaves in autumn, and still the battle rages. It is estimated that fully 80,000 men have been either killed or put out of action up to date. The Russian loss being estimated at 48,000. Gen. Kuropatkin has been checked and foiled in his advance South for the relief of Port Arthur and his splendid army badly shattered. What the final outcome will be a few days will probably determine.

A BRILLIANT MARRIAGE.

Miss Alma Clark, of Princeton, Ind., daughter of Dr. Joseph Clark, was married last week to Lee J. Sturgis, a wealthy ranchman of Ventura, California. Miss Clark, who spent the summer on Catalina Island on the Pacific coast near Ventura, met Mr. Sturgis there, and a courtship soon resulted in a proposal. Miss Clark communicated to her parents in Indiana and the matter was left to her judgment, with the result that she accepted the ardent suitor. Mr. Sturgis is the owner of the famous "Santa Anna Valley estate," one of the finest in California, besides being a highly educated gentleman. He belongs to one of the wealthiest families in that section of the State. It is said he presented his bride with a Southern California plantation and an automobile as wedding gifts. The groom is to be congratulated on winning the fair Kentuckian, who has grown to be a beautiful and attractive young woman. She has visited Marion as a child a few times since they moved away.

Married in Paducah.

Last Friday morning at 9 o'clock Rev. G. W. Perryman, of the First Baptist church, married Mrs. Jennie Ross, of Sturgis, Ky., and Mr. W. W. Pogue, of Francis, Ky., in the parlors of the St. Nicholas hotel on South Third street. After the ceremony was performed the couple left for a bridal trip to the "World" fair.

The bride is a very attractive and prepossessing widow, while the groom is the traveling man well known to many Paducah people.

OLLIE JAMES AT MAYFIELD.

There was a big crowd here on Monday. It was county court day and they came from all parts of the county. Mr. James did a great work for democracy. His speech showed him to be a great campaigner, and able to defend the great principles of the democratic party against any and all republicans who may undertake to criticize them.—Mayfield Messenger.

GOES TO KUTTAWA.

Mr. Herman Parmenter, who was for several months an employee of the Press office, goes to Kuttawa this week to take charge of the Lyon County Times. Mr. Parmenter is a pleasant gentleman, both in his business relations and socially, and his friends here regret his departure.

RICHARD WHITE

Crushed to Death at Gilbertsville
Last Saturday Morning

"Dick" White, son of T. T. White, formerly of this city, but now of Uniontown, who was employed at the Tennessee river bridge at Gilbertsville, on the Louisville division of the Illinois Central railroad, met a horrible death Saturday morning at 11 o'clock. He was caught beneath the heavy shovel like affair used in dropping concrete and other material down into the big caisson used by the workmen.

The caisson is a cylindrical affair of iron that is dropped down into the river where one of the stone piers is to be placed for the new bridge. The water is then pumped out of the caisson and men go down into same and lay the concrete and stone for the pier that supports the structure. Beside the caisson is a barge, on which is a hoisting derrick. The concrete is mixed on the barge, picked up by the large shovel that closes like the mouth of an oyster shell, and which is hoisted to the top of the caisson and then lowered down inside, where the men knock out the pin which opens the shovel and lets out the concrete that the men then spread as the base of the stone pillar.

White and three others were inside working. The derrick was letting the shovel like affair down inside, loaded with a ton of concrete. It came down too quick and caught White underneath and crushed his life out. The on-lookers were powerless to help him as the affair was too heavy to move off the body, hence they had to wait for the engineer of the hoisting derrick outside to pull the shovel up. The body had been mashed to pulp so that it adhered to the bottom of the shovel, and had to be jerked off as it was being raised by the other workmen. The sight was a horrible one. Word was given to the outside of the caisson of the accident and the body was then placed on the hoisting apparatus and taken to the top, from whence it was lowered onto the barge alongside and carried to the bank.

White was about twenty-four years of age and resided in Grand Rivers, where he leaves a wife and two children. The mangled remains were fearful to look upon. The shovel caught him from the shoulders down to middle of the thighs and compressed the flesh and bones into a jelly.

The protracted meeting at the C. P. church under the guidance of Rev. J. F. Price is proving a great revival. Services were begun there Sunday week and continued on through last week and this. Services are held in the afternoon at 2:30 on week days and in the morning at 11 on Sunday's and every night. So far some ten or twelve have professed and the interest continues. Mr. Price is a zealous and painstaking minister and his sermons have the ring of honesty of purpose and old fashioned religion. The people should lend their aid by attending these services.

A beautiful bouquet was received by the editor from Mrs. Finley's flower garden this week for which we are especially thankful. The rarity of some of the varieties make them worthy of honorable mention. Some were of the old fashioned "pink daily" grown on a bush 60 years old, which was brought from Boone county to Union county and then to their Crittenden county home and afterward moved to Marion by Mrs. J. H. Walker in whose yard it bloomed for many years. After Mrs. Walker's death it was moved to Mrs. Finley's yard and seems to have taken new life and gone on to blooming with redoubled energy. A lover of flowers and one who is familiar with this grand old bush says of it. It was throwing forth its fragrance when the gun boats of the civil war were throwing shells at John Morgan over in Kentucky and a Union general who was killed at the battle of Peachtree, St. Atlanta Ga. has worn a bud from its bough. So I think it worthy of mention that a record of its history—be made and kept. It is doubtful if there is another rose bush in the state or the United States for that matter in the world which has stood trials of so many places and that has stood trials of so many movings and yet lives to brighten the home of its former owners, and their friends.

The city council met Tuesday night and passed an ordinance requiring the following parties to build side walks: Jas. W. Bigham, T. C. Jameson, M. T. Robinson, Masonic Hall, Mrs. Mattie Wheeler, Miss Cora Clark, Jonathan Jacobs, J. W. Custard, J. W. Lamb, John N. Clark, A. J. Bennett, J. W. Blue, G. C. Gray, J. F. Price, A. C. Melton, Wm. Fowler, S. H. Ramage, G. W. Perry, A. M. Hearin, Mrs. M. E. Reed, J. F. Dodge, G. E. Shireley, Hale Walker, J. Speer, A. C. Moore, J. W. McConnell, Bob Wilson, Rev. Oakley, Jeff Chandler, W. R. Gibbs, Sam Hurst, Mrs. Jas. Lemon, R. C. Lulan, Cury Travis, J. L. Rankin, S. H. Ramage, S. H. Cassidy, John Parris, Smart Bros.

Sleeping stones were ordered put in at the opening of the new street between John Wilsons and G. E. Speer's residence. The street commissioners were instructed to view the Finley Hill and advise ways and means for improving that and the side walks abutting. The council refused to take up the repeal of the "Cow ordinance" and deferred that to a future date. Many other side walks are to be looked after at next meeting it is said. The council apparently having it in their minds to improve in a general way the side walks all over the city, while the weather is good.

Cabbage Snakes.

On last Saturday Miss Annie Matthews of near View, cut out of her garden several heads of cabbage. In cutting the cabbage up she found 14 cabbage snakes in 3 heads. They were about the size of a No. 8 thread and the color of the cabbage. Miss Nellie Young also found 12 of the monsters in two heads of cabbage of the same size as the ones above.

TARIFF FOR TRUSTS.

The intellectual voter, before he casts his vote this fall, doubtless soliloquizes thus:

The additional average living expense per family in the United States is increased per annum by the Republican high protective tariff in the aggregate to \$94.48, of which the government derives for revenue the insignificant sum of \$16.52, which would be the amount under Democratic tariff the United States treasury would receive. The difference between \$94.48 minus \$16.52 would be the saving in the average family, under Democratic tariff, per annum of \$77.96, which is likewise the amount the trusts and monopolies make off each family in the United States today.

This is a thinking campaign, free of excitement, and quite problematic that the Republican party will hear something drop with a sudden thud by the idea of November.

cause of Lockjaw.

Lockjaw or tetanus is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails and when the air is excluded the germ is roused to activity and produces the most violent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. For sale by Woods & Orme, Druggists.

Press for Parker and Davis.

In the present campaign the Democratic Presidential ticket is supported by every Democratic and Independent newspaper in the city of New York, these papers having a combined circulation ten times greater than that of the few newspapers supporting the Republican ticket. It is a significant fact, too, that three great papers of large general circulation and which are prime favorites in the business world, namely, the Herald, Times, and Evening Post, are opposing the election of Roosevelt and Fairbanks, and advocating the election of Parker and Davis.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Guaranteed at Woods & Orme's drug store.

WHEELER & WILSON SEWING MACHINES

The Rotary Hook, a distinctive feature, originated with this machine, operates in one continuous revolving motion. Compared to a shuttle it works so exactly the same principle as the circular loom saw in contradistinction to the cross cut saw. The work that can be accomplished, the speed that can be made, and the ease and convenience of operation all are features that have combined to give this machine its present enviable prestige.

COLORADO VOTERS REVOLT.

The Republican machine in Indiana is making desperate efforts to embarrass the colored man who is running for Congress in the Indianapolis district as an independent Republican, but the colored man stands by his guns and declares that he will not be bulldozed off the track.

There are some five thousand colored voters in the district, but the Republican machine has never permitted them to get within smelling distance of the "doe dish," although it has always claimed their votes as by divine right.

It is the same way in Massachusetts, where an intelligent colored man, who had served his party well, had dared to aspire to congressional honors. He was one of three candidates at the Republican primaries, and was beaten out of sight. An analysis of the vote cast showed that every white Republican had voted against the colored brother. No wonder intelligent colored men are getting tired of this sort of treatment and are breaking away from the party which cares not for them but only for their votes. The Democrats could not treat them worse if they should try.

WOMEN AGAINST ROOSEVELT.

Lulu McClure Clark, of Edith, Colorado, in an open letter to women, published recently in the New York Times, takes the stand that women throughout the length and breadth of the country should oppose the election of President Roosevelt upon the ground that he is opposed to the higher education of womankind. She urges women to influence their husbands, brothers and fathers, as well as their sweethearts, to vote against Mr. Roosevelt. She says: "The past forty years have witnessed woman's bitter struggle to obtain an education for herself and the right to labor. Roosevelt would abolish both. He has no use for the higher education for women, nor is he pleased to see her developing her talents and earning her living in the world outside. Though a college man his daughters are not college bred. In the light of methods their educational endowment must be considered most meager."

In concluding the letter the writer says: "The pastor of the Dutch Reformed church, of which Roosevelt is a member, preaches openly in the pulpit the subservience of woman to a husband's rule, and Roosevelt heartily endorses him. His ultimatum on race suicide is well known. American woman, to whom motherhood means more than mere numbers, who are progressive in thought and ambition, to secure educational advantage and industrial equipment for their daughters will do well to ask themselves whether it is wise or right to support by their vote or influence the man who is strongly opposed to all that intelligent womanhood holds dear."

GRADUAL DECLINE

This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.

You begin to feel better at once when taking

FOLEY'S KIDNEY CURE

as it stimulates the heart, increases the circulation and invigorates the whole system. It strengthens the urinary organs and gives you new life and vigor.

Dragging Pains

2825 Keeley St.,
CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Maudie Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

Whole Family Exterminated

New York, Oct. 6.—Heart disease has exterminated in one week the family of Jacob Schroeder, who lived with his wife, Kate, and his niece, Mrs. Mary Breckenberg, in the basement of a five-story tenement in West Fifth street.

Jacob was an engine driver in his younger days, but a dozen years ago he met with an accident which made him a cripple. Last Thursday night he was found dead, bed by his wife, and on Saturday was buried.

On Monday morning Mrs. Breckenberg was found unconscious on the cellar floor and an hour later she died. Mrs. Schroeder was deeply affected by her double bereavement, and soon followed the others. There are no surviving relatives.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by Woods & Orme, Druggists.

BURNED TO DEATH.

Covington, Ky., Oct. 10.—Mrs. Sarah Whaley, aged fifty-nine, who recently moved here with her family from Southern Kentucky, was burned to death at noon today by the explosion of a can of coal oil. Mrs. Whaley was pouring the fluid into hot coals in the kitchen stove when the can exploded. Although in the throgs of death and suffering intense agony she recognized a minister who called and administered the last rites of the church.

WESTON.

Last Week's Letter.

Messrs Geo Nunn of Blackford and Geo Rush of Paducah were here Thursday looking after rail-road ties.

Grover and David Douglas of Lamb, Ill., were guests of their father, Dr G J Douglas of this place Thursday.

A R Hughes, our popular druggist, was called to the home of his mother, Mrs Nancy Hughes of Mattoon Wednesday who is dangerously ill with paralysis.

Capt. Sturgeon of Illinois was the guest of his son Dink of this place Tuesday and Wednesday.

Ben Hieronymus one of Caseyville's hustling business men lodged here a few hours Monday. He was speeding his new gasoline yacht and you may bet is a "pis-tol"—peach.

J W Gabagen attended presby-tery at Fredonia last week.

Messrs Harve Hearin and J W Duval of Forda Ferry shipped a nice lot of stock from this place Friday on board steamer Bob Dudley to Evansville markets.

W L Osborn of Evansville was here Thursday.

W L Staton formerly of Blackford was here Tuesday. He is now representing Messrs Bement & Seitz wholesale grocers of Evansville, and as he is quite popular in that line will no doubt make them a hustling salesman.

Miss Josie Smith one of Opossum Ridge's most popular young ladies was the guest of Miss Birdie Hughes of this place Saturday and Sunday.

Jeff Douglas is thinking of entering school at Opossum Ridge in the near future.

Miss Estella Burton of Blackford was the guest of friends and relatives here last week.

James Brantley, one of Webster county's most prosperous farmers and miners, was in this section prospecting Friday and Saturday. He speaks favorably of Webster's coal, but says nothing can compete with the "Iron" he located at this place.

J. L. Hughes and Miss Katharine Hill attended Presbytery at Fredonia last week.

Your correspondent had the pleasure of attending the professional game of base ball played by "Boston" and "New York" teams on Friday of last week on the Weston grounds. An enthusiastic crowd was present and the umpire is to be congratulated for her skillful work.

Wm Plew returned Thursday from Paducah where he has been looking after rail road ties.

Misses Birdie Hughes and Birdie Williams were guests of Arthur Avitts Sunday.

Misses Anna Daniel and Sallie Wood visited friends here Sunday

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peevish remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by Woods & Orme, Druggists.

Mrs Bell Taylor and daughter Amy are quite sick.

Felix Porter Spikard is sick.
We are going to have a rural mail route from Fredonia out the Wilson warehouse road to Bob Cliff's; from there to Cresswell and back to Fredonia by way of Enon. Mo Spikard wants to be mail carrier. Jim Spickard was over the route Friday selling boxes for mail. He sold a large number. We want a R. F. D. route from Marion to Enon; then east to the Flynn's Ferry road; thence down same as far as the people want it. We people of Caldwell want this route; we don't know whether Crittenden people want it or not.

Father Jim Chambliss, Bob and Dick Hackney and family all returned from Mo. Sunday morning.

Levy Lenoar and family visited Henry Swaney Saturday night.

Press Blackburn moved his saw mill to the Cave Spring on West Stenson's place, to saw hickory.

OBITUARY.

Mr. J. J. Dorroh the father of J. F. Dorroh, of Crayneville, died very suddenly at his home in Lyon county Oct. 2, 1904 of old age, going to bed at night as well as usual for one of his age the family finding him the next morning dead in bed, he had died during the night apparently without a struggle.

Mr. Dorroh was born Aug. 25, 1823, in Caldwell county and lived more than three quarters of a century being at his death 81 years 1 month and 23 days.

He professed faith in Christ at about 40 years old joined the United Baptist church at New Bethel, Lyon county, soon after his profession of religion, and lived a devoted christian life until death. He leaves four children to mourn his death, two boys and two girls, all being single except J. F. Dorroh of Crittenden county.

Mr. Dorroh leaves a host of relatives and friends who will miss him at church and socially. But when God calls for us, whether young or old, prepared or unprepared we must answer the call.

His Son.

One of Many.

H. A. Tidale, of Summerton, N. C., suffered for twenty years with Piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, exzema, tetter, ring-worm, skin diseases, etc. Sold by Woods and Orme, Druggists.

DISCIPLINE.

The underlying principle of discipline is self control. We do not send our children to school to be disciplined, but rather to learn to discipline themselves. It is better to have discipline to come within than to be enforced from without. It is the direction of a child's mental energy rather than the impression of a child's physical energy. The true conception of the discipline of a school room is that which keeps each pupil so busily employed that he has no inclination to infringe on his neighbor's rights. The earliest teaching should be purely negative; it consists not in teaching truth or virtue, but in shielding the heart from vice and the mind from error.

True education avoids all one sided culture. Children have too often fared as plants in the care of an unwise gardener. Given light in abundance from one direction only, they have grown and flourished on one side, to the neglect and consequent deformity of the other, scarcely less important, side. Until a few years ago they were trained in the classics, while the sciences, the things of Nature, were either entirely neglected or received but little attention. Most of their knowledge came the less direct way, through the memory rather than through the senses. Education has been too much a system of memorizing. Emerson complained, "We are students of words." What has been done by others in the past is hardly of greater importance than the learning "to do" in the present for the future.—Earlington Bee.

A life saved by FOERG'S REMEDY

the great blood purifier

Read this grateful letter from a prominent Kentuckian

Princeton, Ky., Feb. 4th, 1903.
I wish to state for the Foerg Remedy Co. of Evansville, Ind., that I believe their great Remedy, known as Foerg's Remedy, the great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and it seemed he could get no relief until he took Foerg's Remedy same as manufactured by this company. After taking five bottles he was entirely relieved of his trouble, and when he died five years ago he was entirely well of that disease. I also took two bottles as a blood purifier and was much benefited.

(Signed) G. H. LEWIS, Princeton, Ky.
(Attest) H. C. STONE, Princeton, Ky.
People do not become interested in these subjects until failing health or a distressing outbreak of the skin reminds them sharply of their ignorance. Is it any wonder then that so many become the easy prey of venders both inside and outside the medical fraternity, and too often find a tragically early grave, where a little common sense knowledge would have shown them the means of recovery and spared their lives. Know thyself!

AND HERE'S THE REMEDY
Forewarned is forearmed—let this warning sink deep in—obtain from us or from your druggist a trial quantity of the Remedy—test its efficiency the first time you have the opportunity, so that you may know for yourself and become an enthusiastic convert to the virtue and strength of our marvelous blood remedy—from then on you will refuse to be without it until your cure is effected. Why take chances? Why procrastinate a single day? Act now. Price \$1.00 per bottle, six bottles for \$5.00

THE I. C. STATEMENT.

It was an Athenian who reduced the philosophy of happiness to two rules of action: Take much from life, and give largely to the living. And in the centuries that have passed since Pericles exemplified his precepts in his own life the world has progressed but little beyond the ethical law upon which he insisted. The terms have changed, but reduced to its ultimate intention, the dogma of almost every school of moral science from his day until now is fairly stated in these words.

Judged by this standard of happiness, the year closing on June 30, 1904, was an exceptionally happy one for the Illinois Central Railroad, for during that year it increased materially both its gross receipts and its expenses. The fact that the current expenses. The road increased more than its gross receipts, ought not, to be argued by the pessimist. The road has, at least, felt the joy of disbursing munificently. It has been a medium of enlarged and wonderful activity, carrying more of the commerce and travel of the nation than ever before. It has, at the same time, cost the road more to carry its business than before, and the ratio of increase in the gross income.

Stated in the more exact language of the figures of the report of the directors of the road for the year referred to, it is shown that the increase in gross receipts from traffic amounts to \$1,645,059.04, while the increase in expenses of operation foot up \$2,957,357.96. The reasons assigned for this disproportionate increase in operating expenses are: The prolonged cold season of the past winter, the increase cost of fuel and the increased wage scale of operatives. In the latter item alone the increase is shown to have been \$2,400,490.25.

There is food for reflection in the latter statement. It is sometimes bitterly complained by the working force that there is an unfair division with them of the profits of the gigantic industrial enterprises which transact the business of this Twentieth Century world. If there is reasonable foundation for such a charge, it certainly is not to be found in the fact that the largest item of increase in the expenses of this road for the year is in the wages paid to its operatives.

One moral, however, is certainly pointed out by this condition of affairs. It is cumulative evidence of Republican prosperity, which consists in augmenting the earning power of an individual, or of a corporation, and at the same time increasing still more in proportion the essential expense account of the earner. That the Illinois Central Railroad should show such a result at the end of its year's business is not matter for wonder. It would be if the result were otherwise. The road is an integral part of the commercial and industrial development of the United States, and necessarily reflects prevailing conditions. The facts shown in the statement referred to indicate how closely identified are the best interests of the labor and capital, and how impossible it is for the one to prosper or suffer without involving the other.

As the great commercial artery along which pulses the interchange of business north and south, the Illinois Central is of special interest to both sections. As the chief of the many lines of railway centering in Memphis and discharging their swelling tides of commerce through her gates, the road is of special interest to Memphis. And hence it is with more than ordinary gratification that Memphis unites with the rest of the busy world of commerce, North and South, in felicitating this enterprising line upon the splendid showing made. The Illinois Central has been an enlarged distributor of wealth during the past year. So much is evidenced by the annual statement. And in that respect, at least, it is to be congratulated upon having fulfilled what Pericles denominated the law of happiness. It has taken with a larger grasp of the business of the world, and dispensed with broader palm the result of its winnings.

Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at Woods & Orme's Drug Store.

LEVIAS.

James Fritts, of Webb City, Mo., is visiting the friends and scenes of his childhood. He left here some fifteen years ago to try the West which seems to have smiled on him.

The meeting at Union closed last Thursday night. It was one of the best revivals here for years. There were sixteen additions to the church, twelve by baptism.

Robert Davidson, of Kansas, is among kindred and friends of his early youth. He left here some 25 years ago.

Mrs D F Fox and son of Shady Grove visited her son, the doctor, here Saturday and Sunday.

The Levias and Tolu baseball teams crossed bats here Saturday; unusual interest was manifested in this game and they were greeted with an "inspiring audience" from Marion, Salem, Sheridan, Elizabethtown and Evansville. The looks of the Tolu people told which way the game went. The score stood 7 to 26 in favor of Levias. Come again, Tolu. It was a pleasant game. Levias is glad to honor Tolu as fair, earnest and honest players, they only need practice.

Rev R A LaRue is assisting Rev Hughes in a meeting with Salem church, in Livingston county. Revs J B Lowrey and King are conducting a protracted meeting with New Salem church.

Ranges, cook stoves, both wood and coal; heaters of all descriptions.
Marion Hardware Co.

SHERIDAN.

Dr Gardner still wants to leave Sheridan but he can't sell his hogs.

J W Love expects to move to Illinois in a few weeks.

Henry Moore made a visit to Pinckneyville Sunday.

Press Davis was in this vicinity last week.

Strange that one Fox should inhabit such an open country as Sheridan.

A cheerful lot of Tolu boys passed through our village Saturday en route to Levias to play a game of baseball, but they came back rather blue as the game went 7 to 26 in favor of Levias. Hurrah!

Miss Agnes Watkins is proving herself very popular with her music pupils.

Hurrah for Mr. Dye! Fault must be found with our teacher. Trustees and patrons would not be doing their whole duty as officers of a school unless they found fault of some kind. Now it is something new. "Teacher is too strict!" we hear them cry. Well, that is a new and a good fault. Let the good work go on. Give the teacher encouragement and see the result.

Air-tight wood heaters of all descriptions.
Marion Hardware Co

FREDONIA AND KELSEY.

Several from this place were in St Louis last week.

A protracted meeting is in progress at New Bethel church, near this place.

Hal Paton and wife of Livingston county are visiting relatives here.

There will be a sale of farming implements at Caleb Stone farm Nov. 1st.

Mrs Bugg is dangerously sick with pneumonia at the residence of her son, T A Bugg, who lives just south of town.

G W Stone has purchased another lot in Marion.

Mr Vaughan, the timber man, who had a large amount of timber sawed near this place last summer was here Monday.

We have some special good things in Dress Goods, Waistings and Trimmings.

C. B. Loyd.

Saturday was the Democratic primary in this county; a large vote was polled.

Sam Howerton and wife visited their daughter Miss Isabell, at St Vincent Sunday.

We are doing business on a cash basis. If you have made an account before this don't think we don't need the money, and can do without it, but call and settle without further notice.

C. B. Loyd.

Al Swansey, of Kuttawa, was here Monday.

The colored Presbytery met here last week.

Tom Taylor, of Providence was here Monday.

We have just opened and have on display the best assorted stock of Dry Goods, Notions, Boots, Shoes, Hats, Caps and every thing pertaining to the Dry Goods business. We are in a position to meet any competition on the same quality of goods, and invite you to call and inspect our stock before buying.
C. B. Loyd.

CHAPEL HILL.

Sunday was our regular meeting day at Chapel Hill and Bro. Thompson was on hand with a nice congregation.

Sam Carriek from Oak Grove was at meeting Sunday.

James Long and wife of Lilly Dale was at church Sunday.

George Kinsolving of Sheridan was seen in this neighborhood last Sunday.

Miss Sallie Crider has returned from an extended trip to Missouri and while there visited the St. Louis Fair.

Charlie Clement will attend the Worlds Fair this week.

I want to sell a good milk cow and calf; also a year old steer.

W H Bigham.

Miss Emeline Hill from Crayneville was in this neighborhood last week.

BELLS MINE.

Health of this community is fairly good.

Hugh Harkin has returned from Kansas and will move to Rodney.

Thomas Black has sold his farm to John Croker and will move to Washington.

Miss Vernie Travis has returned from Missouri, where he has been visiting.

Miss Berta Hina is visiting her brother at Saline mine, Ill.

Miss Evert Sheeley who has had the typhoid fever is able to be out again.

Miss Lena Tudor spent Sunday in Sturgis.

Bud Shields makes regular trips to see his girl.

Miss Lottie Barnes was the guest of Miss Bettie Sheeley Sunday.

Miss Lillian Hina goes to Sturgis shopping quite often.

Ere the New Year's bells shall ring we are expecting a wedding near here.

Miss Maud Crowell, of Weston, is visiting her sister, Mrs. Harkin.

Mrs Margaret Hina and daughter Anna were the guests of their son and brother, C. B. Hina, of Marion last week, returning home Saturday.

Herman Word goes to see his girl at Sturgis every Sunday that he don't miss it.

Mrs Cora Travis Nesbit has returned from Evansville to her brother, Chas Travis.

Messames Louis Curry and Otis Quirey were the guests of J. D. Asher and family Sunday.

Sorghum making and corn cutting is all the go.

Wheat sowing in this section is about over.

American Field Fence, barbed wire, smooth wire nails, staples, etc. Marion Hardware Co.

VIEW.

Miss Nellie Young went to Cisco's Chapel to attend the baptizing.

The spelling at Whitehall Saturday night was greatly enjoyed.

Henry Durham and wife are visiting friends over the river this week.

Linford Kirk has not returned from Arkansas.

Mules Wanted.

From 3 to 8 years old, 14 to 16 hands high; for which we will pay the highest market price. Must be in good flesh. Will be at Blackford, Ky., Oct. 28, Marion, Ky., October 29.

NEW SALEM.

Andy Henley has a very sick child.

The 1905 wheat crop is sown. There is not over 25 per cent of a crop is sown. What has come over our people in regard to the raising of wheat? We do not know. Five years ago every farmer in this section raised sufficient wheat for home consumption and a few bushels to sell. Now they take up their time cussing the miller because flour is so high.

Bro Lowrey commenced a protracted meeting at New Salem Sunday night.

We are very glad to hear that our friend, Jake Kirk, who lives Emmaus church, and who has been sick with fever for the past six weeks, is slowly improving.

Mrs Jo Ward and daughter, Miss Nead, of Memphis, Tenn., are the guests of Mrs Ward's sister, Mrs R S Threlkeld.

Cade Gray and wife of Salem were the guests of relatives in this section last week.

John Capron and Dan Harpening arrived home Thursday safe and sound from the big St Louis show.

Our farmers have made good use of the past week. Pretty weather for making sorghum, sowing wheat, etc.

Our mining interest seems to be brightening up the past week and promises to get up and go from now on.

Some of our farmers are sowing a considerable crop of oats for pasture.

Mrs Mary Wring, widow of Samuel Wring, and daughter have moved to Marion.

Charley Wring's little boy happened to quite a painful accident last week. He fell striking his head against a brick cutting a gash in his head.

The Clay mines are working a full force of hands. There are about from 40 to 50 wagons now hauling to Marion.

What has got the matter with our farming people in this part of Crittenden county? It seems like something must have happened to them. Only a few years back every farmer in our part of the county raised his own wheat, sorghum and in fact everything used by his family. Now how different, not one in 20 raises any wheat and but very few raise sorghum for molasses to do them, and such things as potatoes cabbage and such things as we farmers can raise in abundance. We must come out of this or it will be only a few short years until something will happen. We have a county that will grow about anything used by the farmer and his family. Let us change our way of farming and we will soon be as we once were, the most happy and prosperous people on earth.

Mules Wanted.

From 3 to 8 years old, 14 to 16 hands high; for which we will pay the highest market price. Must be in good flesh. Will be at Blackford, Ky., Oct. 28, Marion, Ky., Oct. 29.
