THE MAN ON HORSEBACK GALLOPS IN!

THE GREATEST LANDSLIDE IN THE HISTORY OF PRESIDENTIAL ELECTIONS!

President Roosevell Wins by a Greater Plurality Than Was Ever Cast For a Nominee Every State That Stood Among The Doubtfuls Carried by Republicans.

KENTUCKY DEMOCRATIC BY SMALL MAJORITY

o'clock it was evident the great empire state had given the Republican candidate a majority beyond the predictions of the party mana

So convincing was the story of the bulletins at half past seven that August Belmont, at Democratic headquarters conceded Roosevelt's election by an overwhelming majority and half an hour later the Democratic leaders who had managed the campaign freely admitted that the Republicans had carried every doubtful state.

There was no disposition to hope against hope. As state after state sent in its Republican majority and the wires told the tale of the ballots bringing even from those commonwealths upon which they had based their figures of Democratic success reports of unprecedented Republican majorities they frankly conceded their defeat and offered no explanation.

Soon after Belmont's admission Parker acknowledged the situation by telegraphing Roosevelt his congratulations.

The perfect weather conditions which prevailed over practically the entire country, brought out a vote which experienced politicians predict will be a record breaker and in this increase of ballots the Republicans gained more than their share.

It is not only a year of phenomenal votes but of phenomenal majorities as well.

Beginning with the state of New York, which gives a Republican plurality of approximately 185,000 the rate runs practically throughout the country, Kentucky alone showing a Democratic gain. Indiana is credited with at least 75,000 plurality, Iowa 140,000. Pennsylvania heads the list as the banner Republican state with the magnificent plurality of 390,000.

Even in the Southern states the vote has been light, Georgia's Democratic majority being only between 40,000 and 50,000. Texas will probably not exceed 100,000. Nevada which was carried by Bryan four years ago, is Republican and results are that Montana, Idaho and Colorado, also Democratic Total electoral vote Republican column. Democratic successes are confined to once solid South in which Kentucky is included, and Parker has not carried a single state which did THE "BIG STICK" not give its vote to Mr. Bryan four years ago. And Uncle Gassaway saw a great light. Oh, those dollars!

And now that the smoke of battle has cleared away, in the light of common sense and reason it is very easy for the layman to see the trend of political events.

We suppose, of course, that Tom- tips its hat. mie Taggart, August Belmont, W. F. Sheehan and dear old Uncle INTERCEPTED WIRE-Gassaway will claim that the Republicans bought the election with the dollars of the wicked trusts.

There is a spirit of fair play in this country of ours. It pervades all classes of society. In his desperate search for an issue Judge Parker was lead to make charges which he could not sustain, and did not sustain.

A recent news item heads off with "Pauline Astor to be Married Saturday, October 29th, in London to Captain Spender Clay." If the high rolling Captain keeps up his record he will soon be dubbed "Captain Spender Dough."

The mock purity of Judge Parker and his charges against President Roosevelt were certainly the two Alton B. Parker, most potent factors in his overwhelming defeat. The accusation of Parker against Roosevelt, without any proof to back it up, was the greatest blunder of the campaign.

will never be another candidate for 000 worth of ship building stock the high office of president, be he from Odell? Democrat or Republican, that will have the hardihood to slander the Ollie M. James, occupant of the white house. This election has proved conclusively that it will not work. The sober How is Kentucky? sense of this country will not stand for it.

President Roosevelt's defiance, issued last week to candidate Parker and all who were in the way, after any more Republicans. is conceded to be the most magnificent and splendid document ever issued by any president. It fairly burns with fire, and withered the opposition like a Kansas hot wind bowling party Monday night. on small potatoes. It is short, concise and to the point-spades are given to the young lady making the called spades, and like a two.edged highest score. Nothing of the sensational sort appeared in its columns during the campaign, and we made no statements except those that were based on facts. Our illustrations and conclusions were drawn from history as well known to our readers as ourselves.

Hon, Ollie M. James, who was re-elected to congress from the First district, should feel proud of the avorable showing he has made grocery.

when the almost unanimous results to the contrary so conspicuous all over the country are considered. In this, his home county, he runs ahead of the Democratic ticket, while his opponent, Hon. J. C. Speight, runs behind the Replican ticket. While the results of his race in this county may not be all he might have hoped for, yet viewing the matter from every standpoint, we feel sure that he could not have cause to and will not represent Crittenden county least of all in congress.

With another paper in old Crittenden of the same stripe and caliber as the Crittenden Press, the Republican majority in this county could not be much less than 1,000. That grand old war ship seems to be advancing backward with prodigious strides. It might be proper to remark in passing that the old pilot is no longer at the wheel, and the frantic plunges and deep dives Be sure you are right before you and erstwhile heavy floundering at times of the now penderous ship of Democracy in this good county of Parker's plea of political purity Crittenden attest that fact in a marked degree. Not to refer to unpleasant things, except in a pleasant way, we note that one of the hardest rubs that the old vessel has ever received since the new regime was a certain Henderson-Gordon whirlpool at the city of Dycusburg not many moons ago. But let that pass. Our memory of that product of Marion, Col. R. C. Walker, is ever green. THE RECORD

The Bolivian and Peruvian newspapers announce that, after a search extending over five centuries, the great buried treasure of the Incas, upon which countless romances have been founded, has been discovered buried in Bolivia. The treasure, which is valued at \$20,-000,000 was discovered by a party of British and American engineers at Chayaltaya. The natives are in a state of great excitement, for they believe that there is treasure to the value of \$28,000,000 still to be discovered.

Strange as it may seem, a lot of money is made out of policemen's east-off uniforms. Quantities are bought by African traders and exported to various parts of the "Dark Continent," where they are exchanged for palm-oil, ivory, skins and other merchandise. One of the marine curiosities fished some time ago from the bottom of the Indian Ocean, was a mammoth sea crab which continually emitted a bright white light, similar to that seen in the spasmodic flashes of phosphorescent luminosity emitted by the common glow worm. The crab was captured in the day time and placed in a large tank containing specimens of fish, nothing peculiar except its immense size being noticeable in the broad glare of the tropical sun. At night however, when all was pitchy darkness, the crab lit up the tank so that the other creatures in it could be plainly seen.

Comparing Scripture with Scripture. I. A Temple to Be Repaired .- Under the six years' reign of Athaliah the priests of Baal had despoiled the temple and made breaches in its walls. In such condition it was unsightly and dishonoring to God. There is another temple that needs repairing. The temple of the body, 1 Cor. 3:16-17. how sin has made breaches in the walls and despoiled it of its treasure and destroyed its beauty. Read some of the ugly conditions found in the temple of the body as enumerated in Gal. 5:19-21. The condition of the temple is known. There are some marks of the despoiler upon our lives. Man is conscious of the fact of sin in his life and heart. And to the extent that sin is there, to that ex-

tent is the body temple defiled. (1) The Repairs Ordered, vs. 4, 5.-"Let the priests repair the breaches of the house, wheresoever any breach shall be found." The king had a right to order the temple repaired, nay, it was his duty to so do. God as the Creator and Ruler of man has a right, nay. He must demand that the temple scarred and marred by

And this after week, month after month, year after year roiled by and still nothing was done. The intentions of the priests obey the king's orders, but kept putting it off. The devil wins more victories through that one plea of to-morrow than in any other way. Not many want the disfigured temples. Joash was not willing to let the matter rest where it was, man to account. He brings him face to face with his utter failure. But the priests failed the king takes hold and pushes the work to completion, and where man has failed God is ready to What has become of the old-fash- supervise and accomplish the repairing of this temple of the body.

Specialization marked this second effort at repairing the temple. A special fund with a specific purpose was The people were glad and eager to give when they understood that their gifts would be applied directly to the temple anywhere or does anything and consequently does not win the confidence or favor of the people. The king had a will work is God's plan. Man's plans have always failed. We need to adopt God's plan, Eph. 2:10, and then let God work the plan: Phil. 2:13.

The Golden Text.

"We will not forsake the house of our God." What is involved in this pledge? (1) Identification with God. The old Jewish temple was God's dwelling place upon earth. It stands then for God's presence. To forsake not God's presence means identification with Him. (2) Consecration to God. "Present your bodies a living sacrifice unto God," (3) Obligation to God. "Bring all the tithes into the storehouse. For "ye are not your own, ye are bought with a price," (4) Fellowship with God. "Where two or three are gathered together in My name, there am I in the midst of them."
