VOLUME 1.

MARION, CRITTENDEN COUNTY, KENTUCKY, FRIDAY, DECEMBER 9, 1904.

NUMBER 22.

## COMMERCIAL CLUB CHRONICLE

C. H. WHITEHOUSE, Chairman Press Committee

Within a month from the time the subject was first broached of organizing a Commercial Club for Marion and outlying district it can be chronicled that a strong, healthy, energetic and enthusiastic Club has been effected. This is not said in a spirit of boastfulness, but it is certainly worthy of pride if viewed in that light by its present or prospective membership.

### GOVERNMENT

The Constitution and By-Laws, as adopted by the organization, have been largely copied from those of the Louisville Commercial Club, and deserve a careful perusal by those who contemplate becoming a member of the Club, and in fact all those who feel interested in its welfare and growth.

### PERSONNEL

It should be noted from the Club's personnel published elsewhere in this issue, that eight committees have been formed, making in scope and effect eight separate and distinct organizations working in the interest of this community, but all committees are subject to the direction and control of the Club, its President, and Board of Directors respectively. Each committee is subject, within certain prescribed limits, to the call and direction of its chairman, that is its aim and efforts are directed by him.

### MEMBERSHIP

The present make-up of the Club comprises over fifty members from among Marion's best citizenship, which should and must be supplemented by the same or a greater number of residents and property owners in the county. Then its organization can be truly considered a great achievement, and the Crittenden County Commercial Club will be a history-making body, and great power for improvement over present conditions will be easily within its grasp.

Comrades in the county, you must hasten to offer your endorsement and co-operation. An application blank and full information concerning the Club will be cheerfully furnished upon application to any of the officers or directors of the Club.

### COUNTY ROADS

The first, and for the present at least, the chief aim of the Club will be to secure better roads and roadways.

This purpose can perhaps be endorsed by a greater number of residents of Marion and outlying districts than any other one object which the Commercial Club has in view, or might attempt to accomplish, and it is therefore highly probable that a larger number of people will be willing to assist in this effort than would be the case in any other or several other movements combined.

After the announcement was made that a "Good Roads Movement" would be inaugurated, the question above all others in the minds of every one was "How?" This question has been answered by the perfecting of an effective organization, without which very little, if any, progress could be made.

The question still exists, "How, or in what manner shall the roads be improved?" This question should and must be subordinated to that of agitation and education. Get every progressive and aggressive resident in the county to endorse the movement, after they see their own interest and benefit as the incentive or motive power, and

this question will also be answered, or removed.

### HANDICAPS

In every movement inaugurated there are those who will "lift" and those who will "lean." Therefore it should be expected, and indeed it is quite natural that there should be some handicaps to our movement, some discouragements to be met and overcome, even some opposition due to misunderstandings of the Club's intent and purpose, or to counter-interests, but the least said of these probably the better.

### ENCOURAGEMENT VS. DISCOURAGEMENT

To the timid and faint-hearted should be brought home at the very outset the fact that within their own recollection greater deeds have been many times accomplished and are to-day being accomplished.

Emerson is quoted as having said in 1858 that it would be three generations before slavery was abolished in the United States—it happened in five years.

John Howard went out alone to reform the prisons of England, and met with ridicule and derision—he did it.

Wesley, trying almost single-handed to reform the Church of England, was the laughing-stock of his time—the Methodist church is his monument.

### PROOF OF THE PUDDING

It was said by some a month ago that it would be very difficult, if not impossible, to organize a business men's club for Marion. This criticism has been refuted.

It is possible that the improvements which the Crittenden County Commercial Club aims to accomplish may be declared impracticable, or not feasible, if not impossible, by some in our midst. If so, those who are willing and able to "lift" will likewise refute the argument and confound the wisdom of the small percentage who are ever ready to "lean."

### PROSPECTS

We should have a membership of 200 by spring, and with a clear record behind us of "push" and energy, and an effective educational propaganda in connection with the "Good Roads" proposition, there should be no opposition to our efforts in any direction, but quite to the contrary, there should be a united people working as with a single aim and purpose to attain and maintain better roads the year round, as well as many other needed and desirable advantages.

What one man can not hope to accomplish alone, many persons united together and presenting a solid front may achieve with the greatest ease and the most desirable effect.

### Mineral Right Transfer.

The transfer of the mineral right on the Della Flanary place from Harry Watkins to the Commodore Mining Co. has been put to record in the county clerk's office. The consideration paid was \$8,000. Messrs. Miller and Schease, of Louisville, are members of the Commodore Mining Co. For this property and the Dave Franks place these gentlemen paid \$28,000.

### Mrs. Burke Dead.

Mrs. Emeline Burke, the mother of Ed Burke who resides at Carrsville, died Saturday at that place, aged 74. She was a much respected lady, and was a sister of ex-Congressman H. S. Irwin, of Louisville.

Complete line of lamps and all kinds of vases, dolls, etc., selling cheap at Black's grocery.

## FOR ASSESSOR

J. Anthony Davidson Asks For the Republican Nomination.

In another column in this issue we present to our readers the announcement of Joseph Anthony Davidson, of Union precinct, who wants to be the next assessor of Crittenden county. He presents his claim to the Republican party and will abide by its action, whatever that may be.

Anthony Davidson is a young man, 30 years of age, and was born and reared in this county. He attended our school here in Marion and, we are glad to note to his credit. He has been deputy assessor under Mr. Canada, and also under Mr. Geo. Belt, the present assessor. His experience no doubt would aid him greatly in the performance of his duties if he should be successful in the final race.

Four years ago Mr. Davidson was defeated for this same nomination by one vote.

Anthony has had a hard struggle in getting an education and preparing himself for a life calling.

THE RECORD asks for him careful consideration and will support him if nominated.

## WILLIAM S. HICKLIN

Enters the Race For Sheriff of Crittenden County.

The announcement of William Sherman Hicklin appears elsewhere in this paper, setting forth his claims upon the Republican party as a candidate for the office of sheriff. Mr. Hicklin is from Bell's mines precinct, and is 39 years of age. He has been a Republican all his life, as was his father before him, who served over three years with the 20th Kentucky Infantry during the civil war. Will has been deputy sheriff under J. Watts Lamb, but has never held an office. He has served fifteen years on the Republican county committee and has always been quite active in party work. He is married. Will Hicklin is a splendid gentleman and a fine man. His word is as good as a bond and THE RECORD is to set forth that should the Republican party make him the standard bearer and he be successful in the final trial, his experience in the sheriff's office would aid him greatly in the conduct of the office. At the hands of the Republicans of this county we ask for him careful consideration, and should he receive the nomination we will do all in our power to help elect him.

## Hauling Contract

Kentucky Fluor Spar Company will receive bids between this date and December 20th for hauling spar from, and coal and supplies to the three following groups of mines during the year 1905:

Group No. 1—Yandell-Matthews.  
Group No. 2—Asbridge-Tabor.  
Group No. 3—Wheeler-Tabb-Blue & Marble.

Parties will submit bids for groups separately, and also for the whole job of hauling. Fluor spar to be delivered to and weighed by Kentucky Fluor Spar Co. at Mexico, Ky., and unloaded on said company's yard, or in railroad cars if same are in waiting, all as directed by Kentucky Fluor Spar Co. Parties shall load spar as directed by foreman at respective mines. Hauling to be on basis of 2,000 pounds to ton.

KENTUCKY FLUOR SPAR CO.

## Teachers' Training Class

BY REV. JAS. F. PRICE

The Sunday school lessons for the first six months of 1905 will be taken from the Gospel of John. In order to familiarize the Sunday school teachers with the Gospel of John and to correlate it with the general life of Christ, they are asked to keep up the following daily readings, which give the life of Christ in chronological order. Observe carefully the topics and their relation to each other as well as to read the Scriptures.

Wednesday, Dec. 7—Luke's Preface; Luke 1:1-4.

Thursday, Dec. 8—Annunciation to Zacharias; Luke 1:5-22.

Friday, Dec. 9—Zacharias' return home; Luke 5:23-25.

Saturday, Dec. 10—Mary's Espousal to Joseph; Matt. 1:18; Luke 1:27.

Sunday, Dec. 11—Annunciation to Mary; Luke 1:26-38.

Monday, Dec. 12—Mary's visit to Elizabeth; Luke 1:39-56.

### TOPICS FOR STUDY

1. What are the Synoptic Gospels, and why so called?
2. In what does the Gospel of John differ from them?
3. Parentage and early life of John.
4. Error in the date of the birth of Christ, and how corrected?
5. How the New Testament authors got the material for their Gospels.
6. The courses of priests and their service.
7. Supernatural elements prior to the birth of Christ.
8. Poetic elements of the first chapter of Luke.
9. Who was Herod the Great?
10. Character of Herod the Great.
11. How did he get his kingdom?

## KENTUCKY

**Surpassed Only by Illinois in  
Output of Distilled Spirits—  
Old Commonwealth Produced  
23,070,162 Gallons.**

### COMMISSIONER YERKES MAKES REPORT

Washington, Nov. 30.—Kentucky ranks second among the States of the Union in the production of distilled spirits, being surpassed only by Illinois. The fiscal year which ended June 30, 1904, Kentucky produced 23,070,162 gallons, while Illinois' record was 41,785,899. Indiana, which stood third, produced 20,838,868 gallons and Ohio, the fourth, furnished 13,173,537 or the country's supply. Kentucky ranks third as a producer of chewing and smoking tobacco, Missouri being first, North Carolina second and Virginia fourth. Of all the revenue districts in the United States, the First Missouri produced the largest quantity, 80,763,096 pounds, and the Fifth Kentucky (Louisville,) came second with 36,549,353 pounds.

These and many other interesting statistics appear in the annual report of John W. Yerkes, Commissioner of Internal Revenue, which was made public tonight. The Commissioner took unusual pains in the preparation of the document, and it is one of the most readable reports ever issued by the Revenue Bureau. It is addressed to the Secretary of the Treasury, and contains several important recommendations, which unite probably will form the basis of legislation by Congress during the coming session.

#### GRAPE BRANDY.

Of these recommendations the one which doubtless will attract the wide attention is that a tax should be imposed upon grape brandy withdrawn to fortify sweet wines.

On this subject Mr. Yerkes says that at the present time and under existing laws, spirits paying a tax of \$1.10 per proof gallon contain 50 per cent of absolute alcohol. Under the provisions of the statute allowing fortified sweet wine to contain after fortification 24 per cent of alcohol, if the tax were levied upon the same basis as it is now levied upon the alcoholic strength of proof spirits, the tax would be fifty-three cents per gallon on all wine containing 24 per cent of alcohol. In the fiscal year 1904 there were produced 14,264,000 gallons of wine after fortification, for which were used 3,473,000 gallons of brandy. Most of the American for-

tified wines are produced in California and in the grape belt which extends across Northern Ohio and New York, and these localities will be heard from whenever the Commissioner's proposal reaches Congress.

#### WOOD ALCOHOL TAX.

Another recommendation that will cause comment is that a tax be imposed upon wood alcohol, and that the Internal Revenue Bureau regulate its manufacture in much the same way it does ethyl alcohol and whisky. The recent death in New York of several men caused by the drinking of a liquor sold as whisky, which, in fact, was composed largely of wood alcohol, is used as a text by Mr. Yerkes for an able argument in favor of Government supervision of the manufacture of that article.

#### FISCAL YEAR'S REVIEW.

In the fiscal year 1904 the production of distilled spirits in the United States was 139,505,214 gallons; in 1903 it was 148,206,875. The amount withdrawn in 1904 was 117,000,000 gallons; in 1903 it was 114,000,000. There was a small decrease in the amount of tobacco manufactured and an increase in manufactured snuff. The production of beer also increased. The revenues collected aggregated \$232,904,004.63 of which Kentucky paid \$21,757,733.52, the several districts of the State contributing as follows: Second, E. T. Franks, collector, \$1,789,379; Fifth, Joseph A. Craft, \$12,018,646.98; Sixth, George W. Lierlth, \$3,127,094.12; Seventh, Samuel J. Roberts, \$2,645,328.73; Eighth, James Denton, \$2,177,284.59.

#### FIGHT ON FRAUDS.

The sum of \$3,813.75 was expended in Kentucky in the pursuit and investigation of fraud cases. Five registered distilleries were seized, forty illicit distilleries were seized and destroyed, and 1,178 gallons of spirits taken. The taxes and penalties reported for assessment from the State amounted to \$20,652.21.

#### PRODUCTION OF TOBACCO.

Kentucky produced 40,928,265 pounds of tobacco in the calendar year 1903, final figures for the fiscal year not being in. There are 250 tobacco factories in the State, and they turned out 68,770,332 cigars weighing not more than three pounds per 1,000. There were produced in the State 32,409,683 pounds of plug tobacco; 523,450 pounds of twist; 155,916 pounds of fine cut; 7,838,216 pounds of smoking, and 5,371 pounds of snuff. There were 5,342 persons in the State who paid revenue taxes. Of those eighty-one were rectifiers, 4,070 retail liquor dealers, twenty-three brewers, 333 dealers in malt liquors, 596 dealers in oleomargarine and four manufacturers of stills.

#### FERMENTED LIQUOR OUTPUT.

The total production of beer and other fermented liquor in the United States in 1904 was 48,208,133 barrels, of which Kentucky's share was 703,835. During the year 3,016,729 gallons of spirits were lost in Kentucky by leakage or evaporation from distilleries and bonded warehouses.

#### Knight's of Pythias.

At the regular meeting of the Knight's of Pythias lodge Friday night, the degree of Page was given to Supt. A. H. Reed, of the Kentucky Flour Spar Co., and it was arranged for him to receive the second degree at the regular meeting tonight.

New officers were elected as follows:

Jas. E. Chittenden, C. C.; Chas. Moore, V. C.; Chas. Evans, Prelate; S. R. Adams, K. R. S.; W. B. Butler, M. F.; Gus Taylor, M. E.; Jno. W. Wilson, M. A.

Trustees—J. W. Blue, 6 months; D. B. Kevil, 12 months; Frank Dodge, 18 months.

After the installation of the above officers, Rob't Cook, A. H. Reed and R. F. Haynes will be appointed as the Finance Committee, Dr. F. W. Nunn, Outer Guard, and J. A. Hurley, Inner Guard.

Supreme Chancellor Shively has approved the action of the Supreme body in fixing eighteen years as the minimum age limit and the amendment will go to the grand lodges for ratifications.

#### Hon. Fenton Sims Dead.

Cadiz, Ky., Dec. 3.—The Hon. Fenton Sims, one of the best-known lawyers and politicians in Western Kentucky, died of paralysis at his home in Cadiz yesterday morning. He was stricken while making a speech in a murder case nearly three months ago.

#### For Livingston Court.

Frankfort, Ky., Dec. 7.—Gov. Beckham appointed Attorney W. A. Berry, of Paducah, special Judge of the Livingston Circuit Court for the regular term which began Monday. J. F. Gordon, the regular Judge of the district, is too ill to preside.

#### Fight Will be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her." Guaranteed by R. F. Haynes, druggist. Price 50c, and \$1.00. Trial bottles free.

### ANTITHIRD TERM RULE

Not For Postmasters—Each Appointment To Be Decided On Merits.

Washington, December 3.—From a statement made by Postmaster General Wynne it is evident that the President's no-third-term rule is not to be applied to postmasters. Mr. Wynne said: "It has been reported that all postmasters who have served two terms of four years each will be removed. There is no foundation for this report. The practice will continue as at present. Each case will be taken up on its merits when the time comes for the appointment."

This statement was made by Mr. Wynne when his attention was directed to the recent publication to the effect that the administration believed that two terms were enough for any postmaster, and that as fast as commissions expired new appointments would be made. Early in the present administration, at the suggestion of President Roosevelt, an order was issued by Postmaster General Payne which practically provides a continuance tenure for fourth-class postmasters, or those not in the President's class, during good behavior. Exceptions have rarely been made to this rule, and congressmen no longer oppose it. As far as presidential postmasters are concerned, their appointments are for terms of four years and are made on the recommendation of senators and representatives. The President has repeatedly informed congressmen that where a postmaster's administration had been satisfactory to the patrons of the office it would be good public policy if the services of the postmaster were retained. But he had not insisted on this point and has always invariably accepted the congressmen's indorsement, whether or not it meant a change of office. The same policy, it was declared to-day, will be followed during the remainder of the President's administration.

## OUR CURIOSITY SHOP

RELICS WORTHY OF NOTICE

M. W. LaRue, timber buyer for Hiram Blow & Co., of Paducah, last Saturday brought to this office one of the most remarkable specimens of prehistoric handiwork that we have ever seen. It was an Indian tanning tool or fleshing knife, with which the dusky squaws scraped the flesh from the hides before tanning, was made of stone and was ornamented with the pictures of a fish, a canoe, a canoe paddle, or oar, and another design resembling a target, which were put there by some process now classed among the dead arts. The designs were neither painted nor carved, but were plainly discernable, being of a darker color than the stone proper. They looked as if they had, by some unknown method, been burned into the stone, and are indelible, an effort to efface them with sand-paper being of no avail, and it is supposed that they were of a curiologial nature and conveyed some meaning to the unlettered savage.

The objects are perfect in delineation, and it is needless to say the work was executed by an artist in that line.

This extraordinary relic was found in a salt-peter cave near the mouth of Piney creek on Tradewater river, eleven or twelve miles from this city, and Mr. LaRue informs us that persons going there never fail to find some sort of Indian curio, notwithstanding the fact that relic hunters have been carrying these things away for the past fifty years. It is supposed that this cave was at one time a rendezvous of the Red man.

The stone was 7 1-2 inches in length by 7 1-2 inches in circumference, weighing 1 1-2 pounds, and was sent by Mr. LaRue to the Don Gilberto museum at Paducah.

We have in our office a part of an Indian tomahawk which was presented, while in all its glory as a weapon of savage warfare, to George Washington by an old Indian as a token of friendship. In appreciation of faithful services rendered the country as a spy, Washington presented it to Arthur Travis, who entered the Continental service at the age of sixteen years. The old relic has been handed down through the Travis family from father to son, and has gradually lost its old-time glory, having been broken and destroyed until nothing now remains but that part in which the handle was fastened, commonly known as the pole. It is doubtless of British manufacture, as it is made of brass, and was probably given the Indian in exchange for furs or other products of the American wilderness. At the top is a knob, or ball, which is hollow and may have held a spear or spike, while at the bottom is a threaded hole which is significant of the fact that a blade was once held there by means of a screw, and in its day the weapon was no doubt a magnificent one. It is now the property of Grant Travis, of this county.

### Vote in Maryland.

Baltimore, Md., Nov. 30.—The State Board of Canvassers met today and canvassed the total vote of Maryland at the late Presidential election, and upon its report Gov. Warfield certified to the election of seven Democratic and one Republican elector. The largest vote was for Charles J. Bonaparte, Republican, who received 109,497 votes, and the largest Democratic vote was for Frank Brown, who received 109,446, a majority of fifty-one for the Republican elector.

The total prohibition vote in the State was 3,034, and the socialist vote 2,247.

In Howard county one vote was cast for Watson and Tibbles, Populist candidates for President and Vice President. The Canvassing Board declared the election of three Republican and three Democratic Representatives in Congress.

## KEHOE LOSES

Court of Appeals Decides in Favor of Republicans for Congress.

Frankfort, Ky., Dec. 1.—A certificate of election has been given to Bennett, Republican, who was opposed by Kehoe, Democrat, in the ninth Congressional district by decision of the Court of Appeals.

With the two precincts in Fleming and Harrison counties unreported, Mr. Kehoe had a majority of 71 votes.

With them reported and counted according to Mr. Kehoe, his opponent, Mr. Bennett, has a majority in the district on the face of the returns of forty-three votes, and is entitled to a certificate from the State Election Commission.

This gives the Republicans two Congressmen from this State and there is the possibility of a third.

In the third district the State Commissioners issued certificates of election to Richardson, Democrat, but Jones, Republican, may contest Richardson's seat on the ground that his plurality was illegally secured. However, the Republican State Central Committee has ordered that unless frauds can be established, that the contest should not be entered, therefore, if the contest is made it will likely be won.

### Beware of Ointments for Catarrh That Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

Weather is fine and roads are dry and dusty.

### Will Cruce (Col.) Hurt.

Will Cruce, of color, with the I. C. work crew here this week, lost part of his foot in a hand car accident Wednesday, by the car jumping the track and his foot catching in the cogs. Dr. John Wynns amputated several toes, and the injured man was sent to his home at Marion.—Sturgis News-Democrat, December 3rd.

### Revolution Imminent

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c. and that is returned if it don't give perfect satisfaction. Guaranteed by R. F. Haynes, druggist.

### ANNOUNCEMENTS

#### FOR SHERIFF

DUVALL—We are authorized to announce Alonzo J. Duvall a candidate for the office of Sheriff of Crittenden county, subject to the action of the Republican party. Election 1905.

FLANARY—We are authorized to announce J. F. Flanary a candidate for the office of Sheriff of Crittenden county, subject to the action of the Republican party. Election 1905.

HICKLIN—We are authorized to announce William Sherman Hicklin a candidate for the office of sheriff of Crittenden county, subject to the action of the Republican party. Election 1905.

#### FOR ASSESSOR

DAVIDSON—We are authorized to announce Joseph Anthony Davidson a candidate for the office of assessor of Crittenden county, subject to the action of the Republican party. Election 1905.

The organization of a Commercial Club here has evoked favorable comment from the leading papers of the State. Marion is the gateway to one of the greatest lead, zinc and fluor spar districts in the world. Both in quality and quantity it is already the greatest fluor spar producer in the world, and in addition to this it bids fair to rival the leading lead and zinc fields of the world. Development is all that is necessary. It is of interest to every citizen of this county, surrounding counties, and the State at large that this development be carried to the fullest.

The possibilities for this town and county are many and opportunities are great. The complete development of our mineral resources on one hand and agricultural resources on the other, together with good pikes and roads leading to a modern progressive city are all possibilities but yet conceived. By a steady pull and push astride with the time the Commercial Club can transform possibilities into probabilities and probabilities into realities. We are most sanguine for the favorable outcome of the club's efforts and in line with the mineral development of this district, we point with pride to the following medals awarded at the St. Louis exposition:

Kentucky Fluor Spar Co., Silver Medal First Prize on fluor spar; Blue & Nunn Silver Medal Second Prize on zinc ore, both carbonate and blende; Columbia Mining Co., Bronze Medal Third Prize on zinc blende ore.

The Marion citizen must now take his red-eye right in plain view of the rest of the thirsty populace, the Council having abolished the blinds, screens and partitions.—Sturgis News-Democrat.

An effort is being made to organize a local choral club to be composed of persons who sing in the choirs at the various churches here or any who will join. The object in view is to have better music at church services. This is a laudable undertaking and should meet with general approval. If the club is organized Prof. Von Tobel, of Henderson, will be the instructor.

There have been persistent rumors to the effect that new capital and new management would take hold of our telephone system and radical changes for the better would be inaugurated not later than January 1st. Our city council has stood by the Independent telephone system very loyally, and if there is anything good now in sight for the town of Marion on that line we think it will be appreciated. While these rumors are merely in the air as yet, the persistency with which they have been circulated leads us to believe there must be something in them. There can hardly be so much smoke and no fire. And furthermore the name of one of our foremost mineral men is connected therewith, and while The Record is not at liberty to give his name, we are safe in saying that the name will make it a go and our telephone facilities will be largely increased.

A clipping found elsewhere in this issue of the Record taken from last Sunday's issue of the St. Louis Globe Democrat purports to be an interview given out by Post Master General Wynne and will doubtless interest a good many office holders in the counties of Crittenden and Livingston.

There are 23 post offices in Crittenden county and 18 in Livingston which makes 41 offices in the two counties. Out of this number there is only one office higher than a fourth class and that is the one here in Marion. There are 40 fourth class offices in the two counties and from the tenor of this interview it appears that all of these post masters will hold their positions indefinitely or rather during good behavior which almost places them under civil service rules.

Third, second and first class post masters will be appointed as formerly as their terms expire.

#### THE MESSAGE.

The President's message to Congress is thoroughly characteristic of its author. It is from first to last Rooseveltian in its curt directness, in its blunt earnestness, its dogmatic cocksureness, its platitudinous moralizing, its didactic complaisance and in the multitude of the minor topics treated, many of them with convincing good sense—which would have occurred to no other President.—Courier Journal.

## CALEB POWERS GETS NEW TRIAL

Four of Seven Justices of Court of Appeals Concur in Verdict.

Frankfort, Ky., Dec. 6.—Caleb Powers, former secretary of state, was today granted a new trial by the Kentucky appellate court. Each of the seven judges of the appellate court wrote an opinion in the case. Four concurred in ordering the new trial. They were Judges Barker, Settle, Burnam and Orear. The three who dissented were Judges Paynter, Nunn and Hobson.

Powers was charged with complicity in the assassination of Governor Goebel. On the first trial he was convicted and given a life sentence. The second trial resulted in a conviction and sentence of death.

The principal grounds assigned by Judge Barker in the main opinion granting a new trial were: Because of improper remarks made by the attorney for the commonwealth, T. C. Campbell; because sentence was passed within two days after the jury returned its verdict and because the court refused to grant further time to the defendant's attorneys to file reasons for a new trial.

#### Goes With Simmons.

That the product of our good city of Marion and county of Crittenden generally speaking, is not below the ordinary and commonplace, we think, will not be disputed by even sister counties. That a young man of Marion on a trip to the World's Fair at St. Louis, can casually drop into one of the biggest wholesale houses of that city and be immediately whisked to the top floor and into the august presence of Mr. Simmons, president of the company and prevailed upon to accept a position with the company at a handsome salary certainly speaks well both for the young man and also for the place of his birth and rearing. We refer to C. J. Pierce, son of Judge James P. Pierce, of this place. While at the World's Fair last week he accepted a position with the Simon's Hardware Company at a salary to begin with of \$1200 per year.

Mr. Pierce was not hunting a job and merely stopped in the house because he had been their customer for a number of years when in the hardware business here. The Record wishes him success of the most pronounced type.

#### Bowling Alley Prizes.

The Bowling Alley prizes to be awarded December 24th for the highest score, are \$8.00 first prize, \$5.00 second prize and \$2.00 third prize. The highest score to date 247 by Charles Moore.

#### Dropped Dead.

The entire community was shocked Thursday morning to learn that Gus Terry, of near Sheridan, dropped dead Wednesday evening about nine o'clock at his residence. Mr. Terry was a good citizen and about 67 years of age. He reared a good family and besides a wife, is survived by six children, Henry, John, Ada and Maggie, who resided at home, Markum, of California, and Mrs. A. N. Stallions, of Dixon. Markum was here on a visit and when death came to the father he was in Dixon, visiting his sister.

The deceased always led an upright, christian life and was a member of the Methodist church. His body was interred this morning at the Hurricane cemetery under the auspices of the Methodist church in the presence of loving relatives and friends.

#### Elder-Belt.

Tuesday evening, at the home of the bride near Pleasant Hill church, Wm. Elder and Miss Lillie Belt were united in marriage, Rev. T. A. Conway officiating.

The bride is the daughter of Hewlett Belt, a leading farmer and citizen of the county. She is pretty and attractive, and has many splendid qualities that are admired by all who know her.

The groom is a hustling young farmer who resided with his mother, Mrs. Sallie Elder, near the city. He is well known and has scores of friends that wish him well. A sumptuous dinner was served at the home of the groom to a few immediate relatives and friends.

Dec. 5: Richard Hill to Miss Susie Daniel.  
Dec. 7: L. B. Paris, age 22, to Miss Alma Homing, age 17.

Philip Finklestein, from Uniontown, will open a tailoring establishment on the second floor of the Carnahan building next Monday.

#### Daniel-Hill.

Richard Hill, son of Frate Hill, of Arkansas, formerly of this county and Miss Susie Daniel, daughter of the late Thomas Daniel, were united in marriage Wednesday by Rev. W. T. Oakley at his residence on Belleville street. As soon as the ceremony was performed the happy couple left on the noon train for Arkansas where they will reside.

The bride and groom grew up together in the Mt. Zion neighborhood and are young people of excellent character and standing.

The groom is upright, honest and a hard worker and will make a good husband in every respect.

The bride possesses many admirable qualities. She is well known and has friends by the score.

That life's path to this couple may be long and smooth and that their blessings may be many, is the wish of the writer.

#### Cupid's Capers.

Tuesday, Nov. 29th, Thomas Cook, of Marion, and Miss Clay Bennett, of Kelsey, were united in marriage at Princeton.

The matrimonial wave which has swept over some of the people of this and adjoining counties did not miss this happy pair.

Miss Bennett is the daughter of Mr. and Mrs. Pate Bennett and grand daughter of Bill Bennett, a prosperous farmer of near Kelsey.

Mr. Tom Cook is son of Mr. and Mrs. Henry Cook, of this city, and has been identified with the insurance business for a number of years. He is at present with the Geo. M. Crider & Co. agency in this city.

The Record extends congratulations.

Santa Claus has just arrived at Black's grocery, and there you will find the cheapest line of Chinaware, Dolls and all kinds of toys ever shown in Marion.

Mr. and Mrs. S. R. Boyd, of Fredonia, were in town Friday. Their sons, Leonard and Sidney, are attending the Marion Graded School and will remain here while their parents will spend the winter in California on account of Mrs. Boyd's health. Mr. Boyd recently sold his merchandise business at Kelsey to Geo. Bennett.

Carl Flanbary is travelling in the West for a portrait company, and for this reason his mail containing the news of the late sickness and death of his wife was delayed in reaching him. He did not arrive here until Friday, and returned Tuesday to Rlytheville, Ark., from which place he will travel for the Chicago Portrait Co. Later he will probably make Poplar Bluff his headquarters.

Don't forget it's next Saturday, December 10th. We cordially invite you to drop into our store and enjoy a sample cup of Lion Coffee and reception flakes.  
C. J. Black & Son.

Sunday was a very busy day for Depot Agent Lon Johnson. Nearly every day besides the thirteen regular scheduled trains he has from six to eight extras. Sunday afternoon when north bound passenger No. 302 was about due the extras came in from both directions until there were six trains here. When the passenger train arrived it was a considerable problem to manage the switching to let the passenger pass. There is so much freight handled here that the switches should be extended.

## UNCLE SAM

### Will Give Away Largest Distribution of Seeds Ever Made.

The largest annual congressional seed distribution ever made by Uncle Sam was begun last week, says the Washington Star. Within the next three or four months over 1,000 tons of garden, flower and field seeds will be distributed among the people of every state and territory in the Union, at a cost of \$200,000—the amount appropriated by congress at its last session for this purpose. The total distribution this year will amount to about fifty thousand packages.

Some important changes in the plan of conducting this distribution have been established by the Department of Agriculture. With a view of handling the seed to better advantage the country has been divided into six districts and seeds and plants particularly adapted to each district will be distributed therein at an earlier time than heretofore.

In past years much complaint has been received by people receiving seed too late in the season to be of particular good. The department has not been responsible for this condition, it is said, but the fault lay with the congressmen, who, to a large extent, were tardy in making out their lists for their quota. It is expected to overcome this condition by beginning the distribution earlier than has been the custom in the past.

There will be as usual, a distribution of miscellaneous vegetable seed, put up with five packets in a package and senator, representative and delegate in congress will have 14,500 such packages to his credit.

The number of flower seeds allotted to each congressman has been increased to 500 packages and arrangements have been made whereby representatives having city constituents may exchange vegetable seeds for flower seeds if they so desire. A special collection of flower seeds will be prepared for those having strictly city constituents, the varieties chosen being suitable for window boxes, lots and small dooryards.

Each Senator and representative will have to his credit thirty packages of lawn grass seed. The foreign crop seed allotment has not been made, but will likely be larger than heretofore. Sorghum and beet sugar seeds will be allotted in good quantities.

## In Memoriam.

The death angel has again visited our community and another home is made sad and lonely.

Maggie, daughter of Lewis Daughtrey and wife, was born Nov. 11, 1876, and died Nov. 28, 1904, making her 28 years of age. She had been confined to her bed the greater part of the time for the past two years, having that dread disease, consumption.

Although suffering greatly, she never complained, but was always patient and cheerful, with a kind word and a smile for all. She professed religion early in life and joined the Methodist church, having her membership at Hebron, and was a useful and active member until she was called home.

She was married about eight years ago to R. C. Flanary. The husband and two children survive her.

The last few years were spent in the home of her parents and all that love and money could do, was done for her but to no avail, for Jesus wanted her to live with him. It was the privilege of the writer to be present when the summons came and hers was a most glorious and triumphant death. She clasped her little wasted hands and shouted for joy and said, "Oh, I am so glad I am going home to be with Jesus and the angels. She requested them to have prayers and as the family and friends knelt around the bed her father led the prayer. While others were weeping most bitterly, she was shouting praises to her Savior. She then called for a song, and, as we sang "Jesus, Lover of My Soul," she joined her feeble voice at the words "All my trust is on thee staid; All my help from thee I bring," and continued to praise the Lord to the end.

She was laid to rest in the Love grave yard there to await the resurrection morn.

Funeral services were conducted by her pastor, Bro. McConnell.

Dear parents, brothers and sister, weep not for your darling for she is now living in a country where there are no heart aches, and the dear eyes that watched so anxiously for the coming of her loved one, will watch for you in the glory land.

Asleep in Jesus,  
Blessed sleep  
From which none  
Ever wake to weep.

HER FRIEND.

Your presence at Black's grocery next Saturday, December 10th, will entitle you to a sample cup of Lion Coffee.

#### Family Reunion.

Jas. H. Travis, who is the father of Jailer Travis, and resides near Repton, celebrated his eighty-eighth birthday on Monday, December 5th. There were about fifty children, grandchildren and other relatives present. A sumptuous dinner was served and a royal time enjoyed by all. "Uncle Harvey," as he is familiarly known, is hale and hearty, and rides and drives about at his pleasure. The poem published in this paper last week entitled "To Uncle Harvey Travis," by O. G. W., was a tribute to him.

#### To Serve One Year.

## Captivity of the Ten Tribes

Sunday School Lesson for Dec. 11, 1904

Prepared by the "Highway and Byway" Preacher.

(Copyright, 1904, by J. M. Edson.)

LESSON TEXT.—2 Kings 17:36-18; Memory verses, 16-18. Read all of the chapter. GOLDEN TEXT.—"The face of the Lord is against them that do evil."—1 Pet. 3:12. TIME.—It is quite generally agreed by all authorities that the fall of Samaria occurred in 722, or early in 721 B. C. It was about six years after the last lesson. PLACE.—Samaria, the capital of Israel.

### Introductory Note.

Following the brilliant, but corrupt, reign of Jeroboam II., the history of Israel is one rapid and desperate plunge towards final destruction at the hands of Assyria. In spite of God's warnings sent by His prophets, the nation forsook not its wicked and idolatrous practices, and the judgments and prophecies of God were finally fulfilled. The time from the reign of Jeroboam II. and to-day's lesson was scarcely 40 years, and in that time six kings ruled, four of whom were usurpers, gaining the throne by intrigue and murder. For list of Israel's kings from Jeroboam II. to Hoshea, see introductory note to Lesson for November 20, or, better still, use your Bible and make out your own list.

### The Lesson Outline.

THEME.—Sin and Its Punishment.  
I.—Judgment fallen, vs. 6, 18.  
(1) The Human Agency, v. 6.  
(2) The Lord's Overruling Providence, vs. 16-18.  
II.—God's Faithfulness, v. 12.  
(1) Sent His Messengers.  
(2) The Message.

III.—Seven Stages of Sin, vs. 7-12; 14-17.

First Step.—Unbelief. "Feared Oth-er Gods," v. 7.

Second Step.—Worldly Conformity.

"Walked in the statutes of the heathen," vs. 8.

Third Step.—Secret Idol Worship.

"Did secretly those things that were not right against the Lord," vs. 9-12.

Fourth Step.—Stubbornness. "They would not hear, but hardened their necks," vs. 13.

Fifth Step.—Open Idol Worship.—"They left all the commandments of the Lord, their God, and made them molten images," vs. 14-17.

Sixth Step.—Spiritualism. "They used divinations and enchantments," vs. 17.

Seventh Step.—Utter Corruption. "Sold themselves to do evil," v. 17.

Comparing Scripture with Scripture.

I.—Judgment Fallen.—Sin has run its course. "sin, when it is finished, bringeth forth death." James 1:15.

"The Lord is merciful and gracious, slow to anger and plenteous in mercy," vs. 16-18.

"But as surely as night closes in on the longest day, so sin unrepent of and persisted in at last feels the crushing force of God's judgments. For 'he will not always chide, neither will he keep His anger forever.' Ps. 103:9.

The sixth verse states explicitly that "the king of Assyria took Samaria and carried Israel away," and vs. 18 declares that "the Lord removed them out of His sight." This double declaration emphasizes two things: (1) the human agency; (2) the Divine providence. Ps. 76:10.

II.—God's Faithfulness. Vs. 12.—In the midst of the long enumeration of Israel's sins vs. 7-17 is injected this testimony of God's faithfulness. The sinner, if lost, perishes in spite of God's efforts to save him. Ezek. 33:11.

III.—Seven Stages of Sin.—First Step.—Unbelief.—"Feared other Gods" (vs. 7). This may mean anything which usurps the place of God. Unbelief turns the heart from God.

Second Step.—Worldly Conformity. "Walked in the statutes of the heathen" (vs. 8). God calls His children to-day to separation from the world. 2 Cor. 6:17; Jas. 4:4; 1 John 2:15.

Third Step.—Secret Idol Worship.—"Did secretly those things that were not right against the Lord" (vs. 9-12). Ah, how many secret sins there are that are festering within, ultimately to break out in the open sore.

Fourth Step.—Stubbornness.—"They would not hear, but hardened their necks." "They rejected His statutes" (vs. 13-15). We had unbelief as the first step away from God, then worldly conformity, then secret indulgence in the wicked practices of the world, and now stubbornness. Notice how the thirteenth verse, telling of God's faithfulness, follows the first three steps downward in the progress of sin, and that the fourth step marks the way in which they received God's messengers and His message. Stubbornness bars the gate to repentance and plunges the soul onward to certain destruction. Hear God's opinion of this sin. 1 Sam. 15:23.

Fifth Step.—Open Idol Worship.—"They left all the commandments of the Lord, their God, and made them molten images." "They worshipped all the hosts of Heaven and served Baal" (vs. 16). Stubborn refusal to hear God's warning voice cuts the soul loose from all restraint. Rom. 1:24.

Sixth Step.—Spiritualism.—"They used divinations and enchantments" (vs. 17). All the dark mysteries of the devil's devices are included here. It is the last step towards utter abandonment to evil. Paul speaks of "seducing spirits and doctrines of devils." 1 Tim. 4:1.

Seventh Step.—Utter Corruption.—"Sold themselves to do evil" (vs. 17). Study Rom. 1:21-22 in connection with these seven steps in sin.

"The face of the Lord is against them that do evil." "God is a Spirit," and yet the Holy Spirit, in speaking of God to men, uses terms that are comprehensive and intelligent to the human mind. "The face . . . against" one means opposition, censure, condemnation. Evil cannot abide in God's presence any more than darkness in the pure light of the sun. The evil doer, the self-lover instead of the lover of God, is a rebel against God and the Lord's face is against him (Rom. 2:4, 5). But Jesus' blood cleanses from all sin, and turns the face of God in mercy towards the sinner. Read all of 1 Peter 2:12.

## Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness.

First, hardly to sleep a wink all night.

Second, to be awake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.

They mean that somewhere in the nerve fibres, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To right it, take Dr. Miles' Nerve.

Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Irritability, Melancholy, Lack of Ambition.

They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity.

Nothing will give such quick and lasting relief as Dr. Miles' Nerve.

"My husband had been sick for weeks, could not sit up to have his bed made. With all the medical help we could get he could not get to sleep. He could neither sleep or eat. Our baby girl was sent away, and all efforts to feed, because he could not stand a bit of talking. I read of a case of nervous prostration cured by Dr. Miles' Restorative Nerve. We began giving it to him, and in a few days he was able to be dressed. From that time he steadily improved. Nerve said: 'I'm a life'."
