FOR ASSessor

Issa Demonic Davis Ake For Fiv Republican Nominee.

In another release in this issue we present a report of Joseph Anthony Davis, a Democrat from this county, who wants to be the next assessor of the county. His presentation for the claim for the Republican party will be filed by the several, what others the general election, what others will support him in his campaign.

Anthony Davis is a young man, 20 years of age, and resident under Mr. Davis, and he will be a good candidate for this office, and it is properly for the people of this county to support him, and he will be a good candidate for this office, and it is properly for the people of this county to support him, and he will be a fine addition to the Republican ticket.

WILLIAM S. HICKLIN

Enters the Race for Sheriff of Cullin County.

The announcement of William Hicklin’s candidacy for the office of sheriff of Cullin County is greatly appreciated by the voters of the county. Hicklin is a man of high character and energy, and is well known for his public spiritedness. He has always been a staunch supporter of the Republican party, and his candidacy for the office of sheriff is greatly appreciated by the voters of the county.

teachersuns Training Class of four men, six women.

The Teachers’ Training Class of four men, six women, received their final instruction on the 20th, and are now prepared to teach in the public schools of the county.

KENTUCKY

Surpassed Only by Illinois in Output of Distilled Spirits—Old Commonwealth Produced 21,079,741 Gallons

COMMISSIONER YERKE'S MAKES REPORT

Washington, Nov. 29.—Kentucky is first among the States of the Union in the production of distilled spirits, being surpassed only by Illinois. The first year which ended June 30, 1901, Kentucky produced 20,140,000 gallons, while Illinois’ record was 41,171,069 gallons. Illinois, which stood third, produced 20,959,608 gallons and Ohio, the fourth, lowered 18,173,347 gallons or the country’s supply. In Kentucky, third only was production of chewing and smoking tobacco, and also Kentucky is second in the production of tobacco seeds and Virginia seeds. Oil, the tobacco by-product, also ranked the highest quantity, 36,290,400 pounds, and sales of tobacco seeds and Virginia seeds (Lancashire) came second.

There and many other interesting facts are contained in a report which was made public today. The Governor has ordered a copy to be printed and sent to the Secretary of the Treasury, and contains several important recommendations which will be filed with the House of Representatives during the coming session.

One of the principal problems which must be solved in order to make the industry more profitable is the: determination of the best method of taxation. It is addressed to the Secretary of the Treasury, and contains several important recommendations which will be filed with the House of Representatives during the coming session.
