THE MINERAL BOOM IS STILL TO THE FORE.

Capitalists Are Coming in and Mining Property Changing Hands.

The Ky Fluor Spar Co struck a 7 foot vein of fluor spar at the Wheeler mines last week.

John Yandell is still keeping up a good output at the Yandell mine; about 25 tons of fluor spar per day.

Last Saturday was pay day for the Kentucky Fluor Spar company and a big lot of miners were in town and they all looked happy.

Mr Brooks, Supt. of the Fairview, Ill. spar mines, resigned his position last week and Mr. Jackson, of Resi Claire, took the position.

It is surprising to see the amount of lead and zinc that the Columbia mill is turning out for Blue & Nunn from the ore that comes from the Little Jim or "Aces."

H. C. Howard was in town last week and tells us the vein of carbonate struck at the Ebba Hodge mines by the Pittsburg Mining company is 6 ft wide. This is on the Marion break.

The new Yandell, near the old Yandell, is well. They have a shaft down 100 feet deep, with a six foot vein of No 1 fluor spar. Their shaft is being pushed down rapidly under the supervision of Mr. Reed, with Mr. Yandell as foreman.

A young mineralogist from Pittsburg, Pa., was in our mining field last week. He acknowledged that he was surprised to find such rich deposits of lead and zinc in this district. He also says the Columbia and LaRue veins were the two richest fissure veins he had ever seen for lead and zinc.

The machinery has come in for the Ada-Florence. It will be taken to the mines this week. It will be erected at once and immediately put in operation. Supt. Person says as soon as the machinery is in operation they will get out ten to fifteen tons of lead and zinc per day more than they have been getting out.

Supt. Reed tells us the new machinery will be hauled out to the old Brown and Ward shaft next week at the Tabb mines and will be put in operation at once. Mr. Reed expects to raise 50 tons of fluor spar per day from this mine, as soon as the water is pumped out of the shaft. The property is owned by the Ky Fluor Spar company.

The Marion Mineral company's mines at the Miller are working six days per week and showing up richly with carbonate. They are also working their spar property at the Pogue.

Messrs A. D. Noe, Harry Watkins and some parties from Union county sold a magnificent piece of mineral property a few days ago to Messrs. Haurey, Orider and other mining capitalists of Marion. The property is now known as the Marion Beard place. Mining has been going on on this property for some time. The mine shows up very rich in lead and zinc. There are five distinct veins on this property. Three of them are breaks branching from the LaRue, with two cross veins which are known as the famous Holly vein and the Jones lead. When all these veins are opened up this will be without a doubt one of the richest pieces of mineral property in Western Kentucky.

The daily Courier-Journal of Saturday, Dec. 10th, says editorially:

"A mineral resource of Kentucky which gives promise of profitable development, but which has hitherto escaped the attention it deserves, is fluor spar, known chemically as fluorine of calcium. It is valuable as a flux, as indicated by its name, for the reduction of lead and zinc, in connection with which it is found, as also for other purposes. Its presence in various localities of the State has been known for a number of years, but it is only recently that it has been successfully mined. It is found in the crevices or dikes of limestone in a number of counties in Southwest Kentucky and also in the bluegrass region. At the St. Louis Exposition the first prize was awarded to specimens from mines in the former section of the State. It is similar to the famous Derbyshire spar of England, and until a comparatively recent date the material used in this country was obtained from abroad but for several years Kentucky has furnished the greater part of it.

The statistics of the United States Geological Bureau show that the total output of domestic fluor spar for 1903 was 42,323 tons, valued at \$213,617. This was a decrease 5,495 tons as compared with 1902, there being also a decrease in the price of the article, the average for which per ton in

1903 being \$4.28 as against \$5.19 in 1902. The decrease in the demand for the home product is ascribed to the increased importation of the foreign article.

Kentucky in 1903 showed the highest output, 27,499 tons of lump fluor spar valued at \$120,000 and 3,333 tons of ground spar, valued at \$33,360, a total production of 30,835 tons valued at \$153,960. In 1902 Kentucky produced twice as much as all the other States, and 1903 three times as much. The report further shows that in 1903 there were twelve producers in the entire country, of which six were in Kentucky, one in Illinois, and one in Arizona. Besides these it is officially stated that there were four companies in Kentucky and one in Illinois developing fluor spar properties, the products of which will appear in the statistics for that year.

The principal mines producing fluor spar in Kentucky are in Crittenden county, and to these as well as to other parts of the State where the mineral has been found the State Geological Bureau is giving special attention with a view to forthcoming report. In addition to this material are also found dikes of lead and zinc, which give promise of valuable commercial production. At the St. Louis Exposition medals were also awarded to zinc ore, both carbonate and blende, from the same county.

In consequence of this development enterprising citizens of Marion, the county seat of Crittenden county, have organized a county Commercial Club and are making known through judicious circulars and other forms of advertising its valuable mineral and other resources. Besides being agriculturally rich, it has, in addition to the mineral substances named, valuable fire and other clay sand suitable for making glass, and coal of superior quality. A railroad passes through the county, which also has the Ohio river on its northern border for twenty miles. The example of the citizens in developing and making known the resources of their county as well as in rendering aid to the Geological Survey in its explorations is commended to other counties in the State, quite all of which have resources of some kind which would attract capital, if brought to the attention of investors.

MINING PERSONALS.

H. J. Krebs, of Wilmington, Del., a mining capitalist, was here last week, the guest of D. C. Porter.

Johnson Orider of the Marion Mineral company, went to Fredonia Saturday night.

J. M. Persons was in Evansville Saturday.

HAULING CONTRACT:

The Kentucky Fluor Spar Co. will receive bids between this date and Dec. 20th, for hauling spar from and coal and supplies to the following groups of mines during the year 1895:

- Group 1—Yandell-Matthews.
" 2—Asbridge-Taber.
" 3—Wheeler-Tabb-Blue & Marble.

Parties will submit bids for groups separately, and also for the whole job of hauling fluor spar, to be delivered to, and weighed by Kentucky Fluor Spar Co. at Mexico, Ky., and unloaded by hauler on the Kentucky Fluor Spar Co.'s yards, or in railroad cars if same are in waiting, all as directed by Kentucky Fluor Spar Co. Parties shall load spar as directed by foreman at respective mines. Hauling to be on basis of 2000 lbs to the ton.

MINERAL LANDS FOR SALE.

I have about 4,000 acres of mineral land in Hardin and Pope counties, Ill., and claim to have 50 miles of fissure vein mineral in this holding, with 35 cross veins with about 100 open cuts and shafts down, with mineral showing in all of these.

I have the following mineral: Zinc, lead, fluor-spar, oxide of cobalt, manganese, nickel, copper, silver and barytes.

The railroad company are now securing the right-of-way for a railroad through the heart of this mineral belt and say they are ready to begin building the road.

I know every vein of mineral in these two counties, and what they are and where the largest deposits are and am ready to serve all comers, and can sell you first-class mineral so cheap it will surprise you.

WASHINGTON LETTER.

Both Houses listened to the message of the President—or might have listened if they had chosen. If the President is fond of making a sensation and of doing unconventional things, he must have gratified himself on this occasion. He has distinguished himself by treating of more different and diverse subjects than any predecessor. It is a bold and outspoken utterance, and it omits mention of some things of world wide interest it certainly makes mention of a good many not heretofore alluded to in a President's message. Whatever may be thought of it or said of it, nobody will say that it was a perfunctory affair, or that its author has imitated in the smallest degree any previous occupant of the White House.

It is hoped that nothing will occur this session to disturb the good feeling exhibited on the first day. The appropriation bills will not contain any matter of serious contention, and the Republican majority will do little else than pass them. Hemenway is on hand and expresses the hope of getting at least one of them through the house before the resolution is passed to squander a fortnight of most valuable by adjournment over the holidays. The session will be short and serene. The minority was hammered into silent acquiescence on November 8 and is in no spirit to filibuster, even if the majority were to propose legislation inviting opposition. There should be no emotional tumult of any kind before the tranquil dissolution of March 4.

It is not to be denied that many members of both the Senate and House are commonplace men and coarse fibre, surpassed in the qualities that make for statesmanship by many of their neighbors in the districts they came from. Some of the "big head" with their certificates of election, and on arriving here act as if they owned the house. A little while ago a leading member of the House demanded the removal of an Assistant Secretary who had refused to appoint a woman to office in direct violation of the civil service law. A Senator fiercely resented the "familiarity" of a car driver who helped him mount a car and went and secured his removal; and another Senator, a few years ago, drew a pocket knife on a conductor who insisted on his paying his fare. Just now another instance of the kind has occurred.

During the summer a little dinky engine has been drawing a train of cars to and fro across the east plaza of the capitol, bearing earth from the south side to the north, to raise the center of the square where the great central depot is to rise. The other day Senator Hale, who has a millionaire wife, was driving to the Capitol when his horse shied near the entrance and the Senator jumped out of his carriage. Nobody was hurt and nothing was injured, but he drove immediately to the Commissioner's office and had the useful track torn up and removed, entailing greatly increased expense to the contractor, in the transfer of the earth by carts and increased annoyance to thousands of citizens.

The President in his message devotes a very large share of it to Secretary Wilson and his great work the Department of Agriculture is doing for the people, especially in the new orange and the new fertilizer, and the promotion of prosperity. It is a budget of astonishing totals which the Secretary gives to the country showing that the earth never before yielded such crops as it did last year in the United States. Everything is greater than ever before, especially corn and cotton, notwithstanding the boll weevil and the drouth cotton managed to pull through with over 12,000,000 bales, worth unnumbered millions of dollars. The problem is now to the spinners to dispose of so much cotton. The corn crop

MISSOURI LETTER.

McMULLEN, Mo.—ED. PRESS.—I have seen several letters from Missouri saying so much about Missouri, and some give it a hard name, but it don't deserve it in this section.

Missouri is a fine farming country. We raise corn, wheat, cotton, potatoes, peas, with big yield and excellent quality. We have a friend here from Kentucky who thinks Missouri is a tough place, but where he lives the country is not up to date, for it was under water four years ago and has not had much time to improve. He says they don't have any churches to go to, but five miles from his home are plenty of churches and several good schools from one to three miles. Some would kick if they were dying. I think our brother would have liked Missouri better if it had gone for Parker.

I was here this time and guess that was the cause of the trouble, although the Democrats got Governor Folk, who is a fine man and has done much good for his country.

I will try and tell something about McMullen. It is a railroad town; has one store and three warehouses, used for grain; each house holds 40,000 bushels of any kind of grain. They were built by the Scott county Milling company, for the benefit of the farmers.

We don't have ponds here and no creeks and don't have much stagnant water; what water there is here runs in the ditches which drain this country.

Soil runs from twelve inches to four feet deep, but plenty of poor land in this, Scott county. Health is reasonably good here; but little sickness.

But I will ring off. Best wishes to the Press and readers.

CASE POSTPONED.

Winchester, Ky., Dec. 9.—On account of the illness of Judge James Hargis, one of the defendants, the Maroon damage suit has been postponed until Monday. A jury composed mainly of representative farmers has been empaneled. Nothing has been heard of the witnesses whom Mrs. Maroon in an affidavit accused the defendants of having bribed and sent away.

NEW PRISON COMMISSIONER.

Franklin, Ky., Dec. 10.—While it is not known that Congressman elect James M. Richardson has written his resignation or considered the date of his retirement as a member of the State Board of Prison Commissioners, it is announced here that Gov. Beckham has already made his selection of a successor and that the fortunate gentleman will be the Hon. Harry S. McCutchen of Russellville.

It is assumed that the resignation of Mr. Richardson will be made contingent upon whether or not President Roosevelt calls an extra session.

Harvey McCutchen is one of the ablest and most popular young Democrats in this section of the State and the Governor's selection will be eminently pleasing.

Darkness Reigned.

Chicago, Ill., Dec. 12.—Christmas shoppers were enveloped in darkness, laborers stood idle by the side of their machines, and thousands of persons homeward bound on the Elevated Railroad, were delayed for an hour this afternoon, because of a breakdown at the great Chicago Edison Company. For fully fifty minutes the tens of thousands of persons who were shopping in Marshall Field's store stood in semi-darkness. For ten minutes there was not a ray of light save the occasional gleam of a candle. The power that drives the elevators was cut off and hundreds of women spent the time in cages between the floors.

In the big office buildings all was darkness. Even the Lake street elevated service was affected. Trains stood between stations all over the line.

The most wonderful part of it was that not a man or a woman was injured as far as known. Women in the big stores became panic-stricken when the lights went out. There was a rush for exits and terrified screams were heard in the darkness, but there many cool heads and a stampede was prevented. There were also many temptations and many chances to steal, but no loss was reported by any of the stores.

BANK OFFICERS ARRESTED.

Cincinnati, O., Dec. 7.—As the result of the extended conference between the United States District attorney and bank examiners who have been looking into the affairs of the failed Citizens' bank at Oberlin and their counsel, President C. T. Beckwith and Cashier Spear of the bank were placed under arrest late last night by United States marshal Chandler, of Cleveland at their home in Oberlin.

The arrests of Beckwith and Spear are the first that have been made in the Chadwick case. The Citizens National bank, with which they are connected, is creditor to the extent of \$240,000 to Mrs. Cassie L. Chadwick, whose financial affairs during the past two weeks have been the cause of a great deal of publicity.

The bank is capitalized at some \$60,000. Since the disclosure of the bank's dealings with Mrs. Chadwick, the president, cashier and directors have held conferences and meetings frequently.

All the time there has been expressed by president Beckwith at least a hope of the reimbursement of the bank's loan to Mrs. Chadwick, but so far as known no remittances have been received on her account.

President Beckwith has been in a state bordering on physical collapse for nearly a week, and for the past three or four days has been confined to his bed. He has expressed the most regret over the outcome of the bank's dealings with Mrs. Chadwick, but has given no intimation as to why such a great sum of money has been loaned from the bank to Mrs. Chadwick.

Head About to Burst From Severe Bilious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr. J. W. Smith, of Julliff, Texas. Biliousness, stomach troubles and constipation these tablets have no equal. Price 25 cents. For sale by Woods & Orme druggists.

Mother knows a little girl— Don't you wish you knew Which it is who helps her so? Mother won't tell who.

LAST PUZZLE.

Why is a worn out shoe like ancient Greece? Because it once had a Solon sole out. No answer received.

THIS WEEK'S PUZZLE.

Why is a Damascus blade like a good natured man?

Two Honest Children.

Once there lived in Germany a poor man who had a wife and two children. They were very poor but their mother taught them never to take anything that did not belong to them.

They went to school, and on the roadside was an orchard which belonged to Farmer Brown. Carl and Johanna were the little children's names and as they were going past, they looked up at the apples and longed to have some of them.

"You must never go into the orchard," said their mother, "but if any of the apples should fall into the road, it would not be wrong for you to pick them up."

There was one tree nearer the roadside wall and had bright red apples on it. The children called this their tree and every time they went by it, they would day to the apples, "Please fall into the road."

Several weeks passed, and the apples grew larger and redder; but they did not fall into the road. Some of them dropped off; but fell into the orchard.

One day Farmer Brown was in the orchard when they were going by. He heard them say, "Pretty apples, fall down to us." So when they were looking the other way, he threw a number of them over the wall. The children were delighted and when they ran to

pick them up they said, "Thank you, good tree."

After this the farmer was often in the orchard gathering the apples and when he would see Carl and Johanna coming he would always toss some apples over the wall to them.

At last he spoke to them, and told them they might come into the orchard on Saturdays and pick up as many apples as they could carry home. Carl and Johanna went many times, and worked as busily as two bees till they got a barrel full for the winter.

Farmer Brown liked the children because they were so honest and so willing to work.

Don't Go Near the Fire Little Ones

Owingsville, Ky., Dec. 12.—Near Mt. Springs, Wayne county, a small child of William Mercer was left in a room while its mother stepped out. When returned the child had overturned a chair and fallen into the fire, it being literally cooked on its body. It died as the mother was dragging it from the flames.

A TEXAS VOLCANO.

A Texas City Wrecked With Rain of Stone and Mud.

Houston, Texas, Dec. 13.—The Humble old field, seventeen miles from this city, appears a total wreck tonight, due to subterranean convulsions which have turned the deep wells into veritable volcanoes.

Destruction to property has been almost total. People fled from the field when the outbreak began and sought shelter as best they could from the rain of stone and mud lava. Clouds of phosphorescent vapors enveloped the field, giving the appearance of a well wrapped in flames. The intonations were like the roar of cannon and could be heard ten miles away. Derivatives were torn to atoms and machinery bursted to fragments. Great fissures were opened in the earth and from them mud, lava and vapor issued.

Work was in progress in five of the wells early this morning when the upheaval came. The earth vibrated and all the holes seemed to turn themselves inside out, the deep well becoming veritable volcanoes. Pipes one thousand feet in the earth were hurled from the ground and twisted into fragments.

The earth was ripped open surrounding the wells, in yawning chasms, and mud lava poured from them, running into the creeks. In spots the earth puffed up in small mounds.

Trains tonight are carrying hundreds of people to the field to see the destruction wrought.

KILLED HIS FATHER.

Cynthiana, Ky., Dec. 12.—The coroner's jury in the case of Joseph Jewett, in jail here, returned a verdict today charging him with the wilful murder of his father. Evidence was introduced tending to show that after a quarrel with his father Jewett mounted to the roof of the house, and behind a gable waited for his father to come out of a barn, when he shot him dead.

Miss Lilly McGoodwin.

New York, Dec. 9.—Miss Margaret Sayre, of Princeton, is the happiest Kentucky girl in all the land tonight. At midnight she went to her hotel fairly smothered in flowers, and her ears tingling with applause and praise of friends and strangers.

For three months she had been singing the part "The Dove," in "Woodland." When the company opened here three weeks ago she made the hit of the night with the audience, but for some reason not explained, she was dropped from the cast after the second performance.

Late last night the management decided to correct its mistake, and as a result Miss Sayre reappeared in the play to night. Kentucky friends heard of the very gratifying compliment such a recall meant and were out in force to give her a warm welcome. Every time she came on the stage the Kentuckians let loose their loyalty and succeeded in rousing the audience to real enthusiasm. Curtain calls followed each other fast, and the young woman fairly sang herself into joyous hysteria.

A cab full of flowers were received at her dressing-room during the performance.

BUCCY GUESSING CONTEST DECIDED.

J. A. Crayne, of Marion, Winner
of the Beautiful Gift.

Here is the decision of the Judges who canvassed the guesses, Cashier T. J. Yandell and Asst. Cashier D. Woods, of the Marion Bank:

MARION, KY., Dec. 14.—We the undersigned have carefully examined the guesses at the instance of S M Jenkins, Editor of the Crittenden Press, and find that Jos A. Crayne, of Marion, had made the nearest guess to the vote, being 7,624,387 for Roosevelt. Next nearest guess was that of T. A. Harris, Meigs, Ark.
D. Woods.

THE MARCUM SUIT.

Slow progress is being made in the Marcum damage suit at Winchester. Mrs Marcum was the first witness called, testifying her husband had told her of threats against his life. Capt B J Ewen related the killing of Marcum and saying he saw Curt Jett with a smoking revolver in his hand after the fatal shot had been fired. John E Patrick and J. J. C. Bach of Jackson also testified in the case. Cottingham, one of Mrs. Marcum's witnesses, also gave some sensational and damaging evidence against the defence.

The Commercial Club Banquet.

At a called meeting Tuesday night the directors of the Crittenden County Commercial Club decided to have a banquet New Year's eve night, which many prominent men are expected to attend. The details will be arranged by H. H. Sayre and his committee on entertainment. The affair will be pleasant from many standpoints, particularly that of bringing together the business men of the county and state.

Other matters discussed was the waterworks proposition and the committee having that in charge is wide awake.

Walker-Wheeler.

Just as we went to press Wednesday afternoon we heard of the marriage at the residence of Joe Parr, in the Lilly Dale neighborhood, of Albert Walker, the tobaccoist, and Mrs. Wheeler, the widow daughter of the late Frank Hillyard, who is a woman of many noble traits of character. Mr. Walker is well and favorably known in Marion, where he is the agent of the Magnet laundry.

Go to Nunn & Tucker's
at once and see the fine
piano. Then go to work
to win it. How can you
win \$300 as easily otherwise?

New Idea in Wire Fencing.

For some time we have been investigating a New Idea in Fencing. After a most careful examination we have been convinced that we have found the best fence made. Below we give some of the points of advantage which we claim for it.

IF YOU ARE LOOKING FOR A FENCE

That will stand HARD USAGE.
That will not SAG DOWN or CURL OVER on the top.
That has stays that WILL NOT SLIP.
That will CONFORM TO UNEVEN GROUND.
That has no SLACK WIRES.
That does not require an EXPERT to ERECT.
That is LOW IN PRICE.

THEN READ WHAT WE GUARANTEE!

1. The stays are ELECTRICALLY WELDED to strands, forming a perfect union and an amalgamation with the strands not found in any other fence.
2. No wraps to get loose, or hold moisture and cause rust.
3. No projections to injure stock or tear wool from sheep.
4. Stronger at the joints than any other fence, welded together by electricity.
5. Guaranteed that the wire is not injured at the joints.
6. Guaranteed adjustable to uneven ground.
7. Guaranteed that stays will not separate from strands.
8. Guaranteed all right in every particular.
9. Made by the most modern process and on the latest machinery.
10. Most of the weak points in other fences are on account of the way the stays are fastened. Our stays are amalgamated with the strands by means of electricity and the strength of the fence increased a hundred fold over the strength of a fence where the stays are wrapped or clamped on the strands.

Don't fail to see us before buying your fencing. Don't put it off until you are ready to use it, but place your order in advance.

Don't Be Misled.

We have just received a car load of Pittsburg Perfect Wire Fence--every rod guaranteed, also car of wire and nails. The prices on these goods have advanced, but if you will come in now we can sell you at old prices.

COCHRAN & PICKENS.

SMALL-POX.

Over Five Thousand People Vaccinated 200 Cases of The Disease.

Hopkinsville, Ky., Dec. 7.—Vaccination in this city is about finished. Dr Woodard has a record of 5,346 vaccinations in the past two weeks. Many had been vaccinated before. Dr Woodard himself vaccinated over twelve hundred.

In spite of all reports to the contrary the smallpox situation is steadily improving. There have been but few cases reported since Friday.

Three new cases in the city are attracting attention. These are in prominent families and are in a mild form. There are now five cases in residences, two or three in the white hospital ninety-four negroes at Concord, forty-six at Gracely, and four or five at Empire mines. These few are not in the hospital and it is claimed they are the only ones now out.

Twenty negroes were discharged at Concord Saturday, and many others are convalescent and waiting for a favorable change of weather to be turned out. The dismissals will now except the admissions.

Mrs Ledford and Miss Hall have been released in the city as cured.

Five cases have developed in Grigg county below Gracely; four at James H. Gaines' and one at C S Coleman's.

KENTUCKY'S VOTE.

Frankfort, Ky., Dec. 7.—The official count in the State by the election commissioners shows that the total vote cast was 435,765, divided as follows:
Democrats 217,170.
Republicans 205,277.
Populists 2,511.
Prohibitionists 6,609.
Socialists, 3,062.
Social Labor 536.

One of the surprises brought out by the announcement of the official vote was the showing of the Socialists, who polled 100 more than the Populists. The Prohibition vote was surprisingly strong, while the claim of the Populists, who before the election expected to make an unusually large showing, appear to have been founded on sand.

The vote shows the plurality of the Democrats over the Republicans to be 11,893, but they failed by 1,425 votes of securing a majority of all the votes cast.

A Pleasant Pill.

No pill is as pleasant and positive as DeWitt's Little Early Risers. DeWitt's Little Early Risers are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best pills sold. Sold by Woods & Orme.

Oldest Man in America.

Owingsville, Ky., Dec. 7.—The news comes from Carter county today of the death of Mr David Wade, who claimed to be 117 years of age and the oldest man in America. He was born in Tennessee in 1787 and was in comparatively good health up to a short time ago.

Longest Road in the World.

In 1901 the great Siberian railway was thrown open to the public. There was then in operation a total of 1,444 miles in Manchuria and 3,559 miles in Siberia, a continuous Russian line from Moscow to Port Arthur of 5,429 miles and the new trains de luxe, which will begin running next summer, will give virtually a through service from Paris to Port Arthur, a distance of 7,299 miles, 6,600 of which is over Russian lines.—The Century.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr King's New Life Pills for dyspepsia, dizziness, headache, liver or bowel troubles. They are gentle yet thorough. 25c, at Woods & Orme's drug store.

INITIALS.

Frankfort, Dec 7.—Mr. Charles Sipes of this city was aroused by some one in his poultry house; as Mr Sipes approached two men dashed out and escaped. Today a daughter of Mr. Sipes found in the hen house a fine gold watch, with a diamond setting, and part of a gold chain, worth more than \$100.

One of the thieves had evidently caught his watch on something and jerked it out of his pocket. Mr Sipes offers to return the watch on proof of ownership.

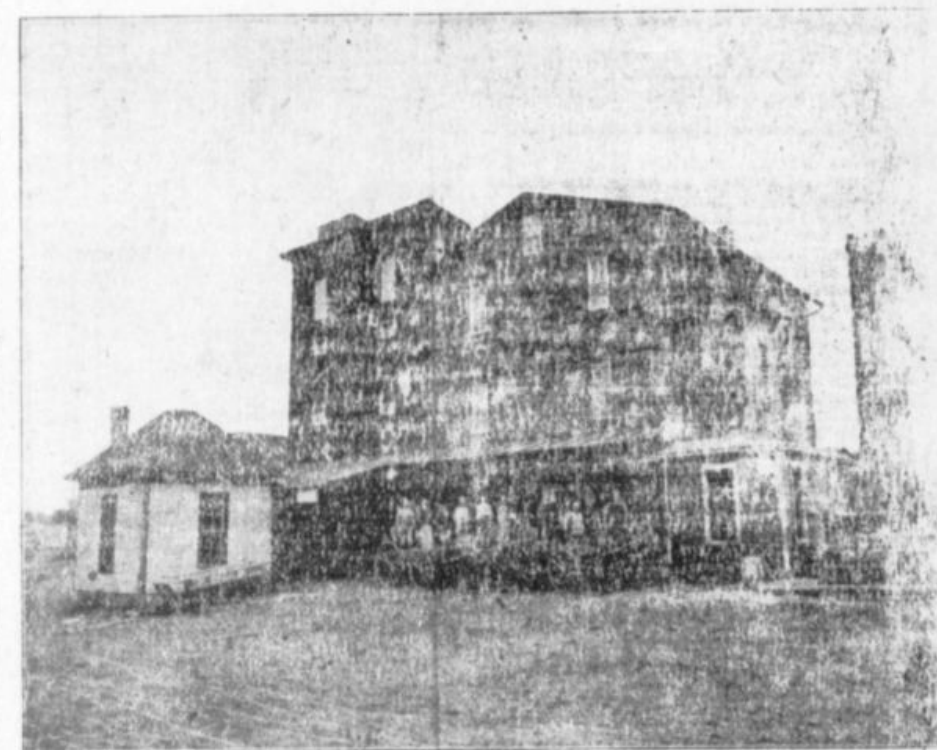

It is hinted that the watch bears an inscription which if made public will create a sensation of vast proportions.

BETTER CITIZENSHIP.

Versailles, Ky., Dec 8.—Rev S. B. Jones, pastor of St. Paul's M. E church, col., is seeking to improve the morals of the young colored people of this city through an organization that he calls "The Young People's Forum," which meets every Sunday afternoon. He gathers large audiences of colored young men and women and has them addressed by some prominent white or colored citizens, the purpose of the addresses being to inspire a better citizenship and a higher life. The speakers so far have been J L Azaron, president of the bank of J Amsden & Co.; Hon D L Thornton; and Prof W S Blanton, colored. Mr. Geo B Menary is the next speaker announced.

Marion and Crittenden County.

Marion is the Gateway and Crittenden County
the location of wonderfully rich deposits of
lead, zinc and fluor-spar. True fissure forma-
tion, wide deep permanent veins.
Greatest fluor-spar producing district in the
world, and also promises, with development,
to become the greatest mining field in the world
for lead and zinc.
Mineral awards at the St. Louis Exposition,
Kentucky Fluor Spar Co. Silver Medal, First
Prize on fluor-spar. Blue & Nunn Silver Medal
Second Prize on zinc ore, both carbonate and
blende. Columbia Mining Co. Bronze Medal
Third Prize on zinc blende ore.
County abundantly watered with fine, ever-
flowing streams and springs, and land is expec-
tably adapted to fruit culture and stock raising.
Clays the equal of any in America for mak-
ing a furnace brick.
Very fine quality of glass sand. Clean, white,
and easily mined, within half a mile of railroad.
Abundant supply of coal within ten miles of
Marion.
Marion's school facilities excel any in Western
Kentucky.
Marion has all the advantages of a thriving
County-seat as well as being the center of a
most promising mining district.
Marion is situated on a high swell giving it a
healthful site, and has macadamized streets and
paved sidewalks, excellent electric lighting and
telephone systems.
Marion has doubled in population within the
past five years.
Marion has two thriving banks and two splen-
did newspapers, issued weekly.
Marion has, above all, a refined, thrifty citi-
zenry, and a hearty welcome ready for desir-
able new citizens and investors.
Crittenden County has one railroad, passing
through Marion, and is bounded by over sev-
enty miles of navigable waterway.
Marion has a Commercial Club of over fifty
charter members, earnestly working for the
prosperity of the city and district.

Congress will adjourn for the
holidays on or about Dec. 21

Marion and Crittenden county
are reaching out. As an instance
read the editorial from the Cour-
ier-Journal, published today in
our mining columns.

The liberal patronage of our
business men again forces the
PRESS to issue four extra pages to
accommodate them. This is the
way to build up their business,
and to assist in building up the
town at the same time.

The Ohio river is frozen over
solid at Point Pleasant, West Va.
This is the earliest period at which
the river was ever known to have
been frozen over at that point.
Dangerous ice gorges have formed
between Wheeling and Pitts-
burg, which are being anxiously
watched by river men.

It would seem that some women
are smarter than some men. By
means of a worthless note for \$1-
000,000, with the magic name of
Andrew Carnegie signed to it,
Mrs. Cassie L. Chadwick borrow-
ed all the money in an Oberlin,
Ohio, bank, buncoed a multi-mil-
lionaire of Pittsburg, Pa., out of
\$800,000, and made a number of
large hauls from Cleveland, O.,
and New York City parties. She
is now behind the bars, but emi-
nent lawyers are doubtful as to
whether she can be successfully
prosecuted provided she only of-
fered the note as collateral.

On Monday last a serious riot,
headed by prominent Socialists,
occurred in the city of St. Peters-
burg, Russia, and it was of such
large dimensions as to take the en-
tire police force and a large num-
ber of soldiers to quell it. The
statement is made on seemingly
good authority, that the whole of
Russia is a seething volcano of re-
volt, ready at any moment to burst
forth. The cry of the rioters was
"Down with the War! Down with
Autocracy!" This riot at the Rus-
sian capital, taken in connection
with the recent bloody riots in
Warsaw, will doubtless admonish
the Emperor that it would be a
good idea to keep a large supply
of soldiers at home.

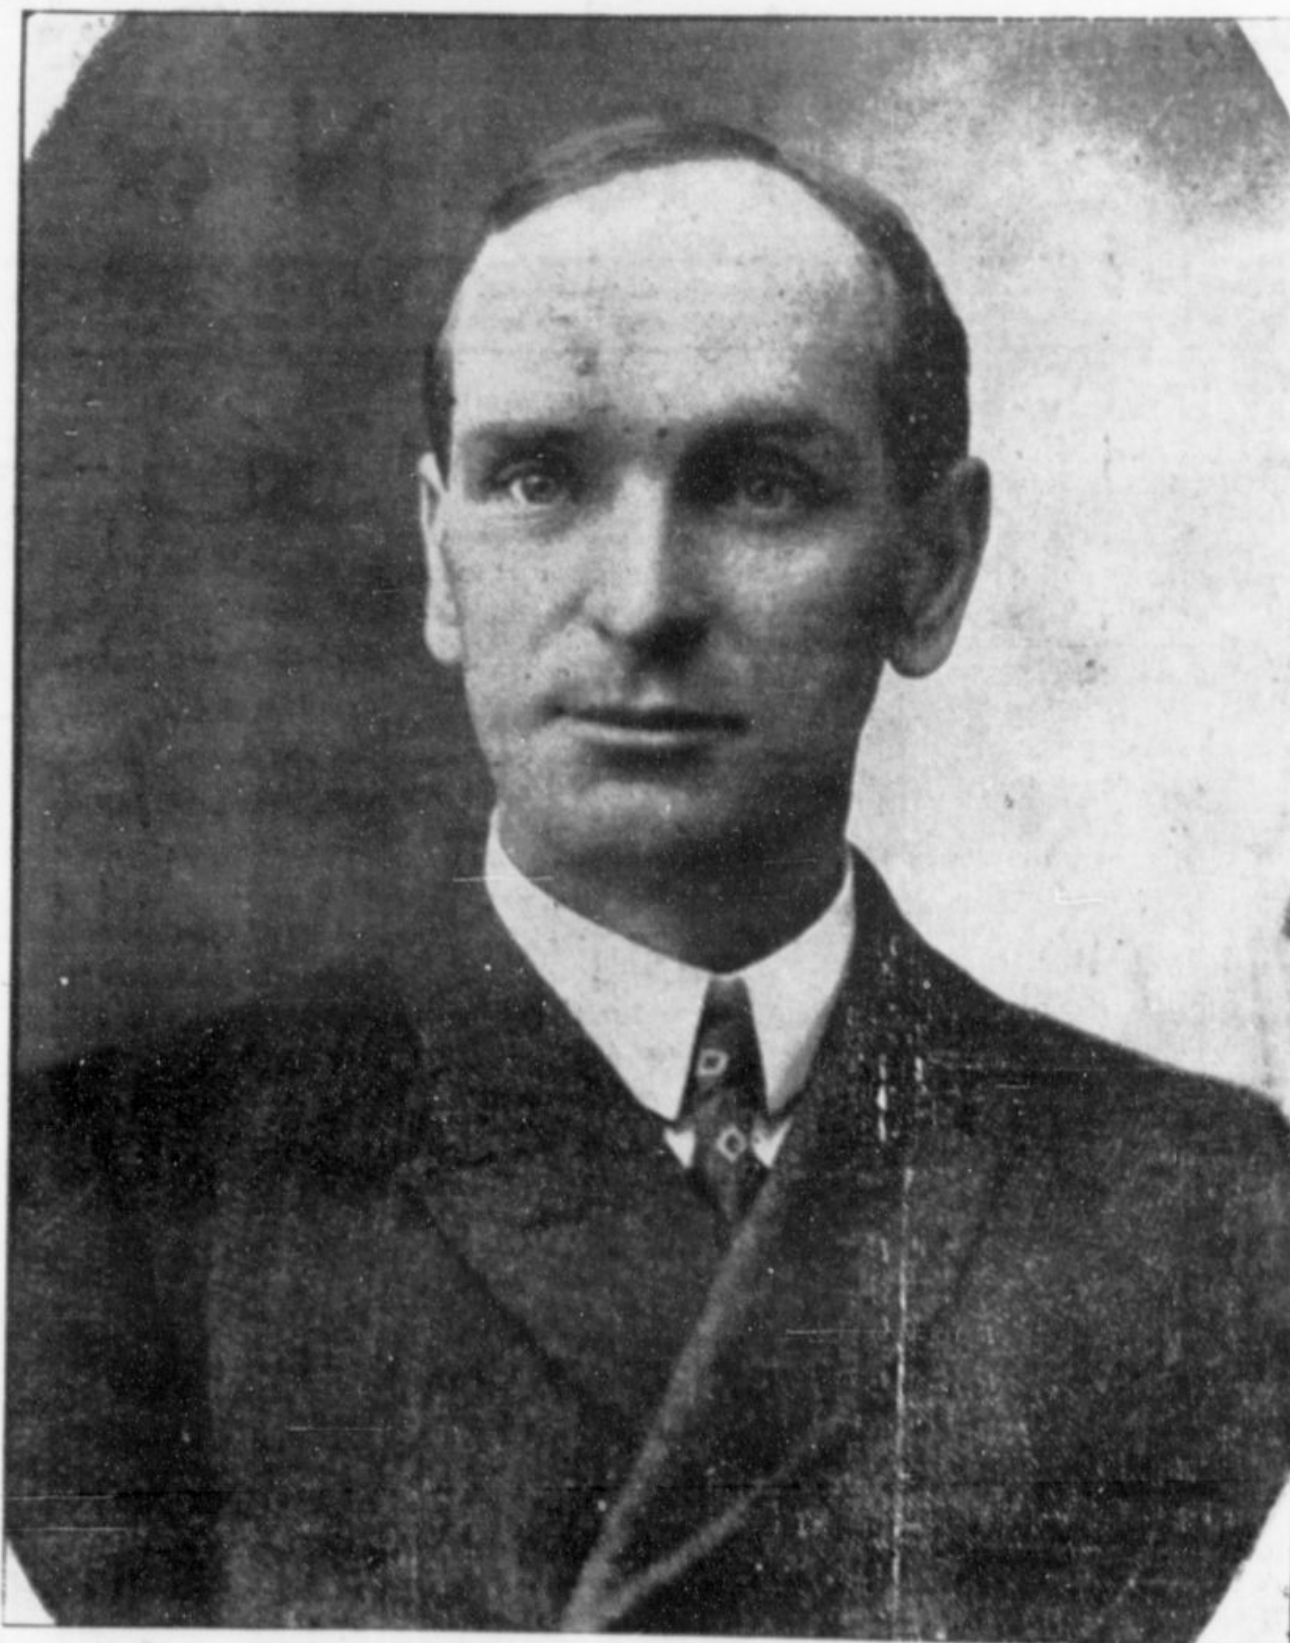

The Commodore Mining Com-
pany, the youngest in the district,
is sustaining its status of being
the most vigorous. We under-
stand they have struck the LaRue
vein in their new shaft at a depth
of ten or twelve feet. They have
also cleared ground for a consid-
erable space around their new
shaft, and have erected a commodi-
ous shaft house. The very at-
mosphere around their works has
a "business air," proportionate
with the large and valuable hold-
ings of this company. We also
understand Mr. Whitehouse has
traced out the Dike vein, another
of the numerous valuable leads
crossing this property, and that it
will also be opened up soon either
at its intersection with the famous
LaRue lead or at one of the num-
erous outcroppings where this
vein shows on the surface.

THOMAS H. COCHRAN

Crittenden's Favorite, the Man Who Will be Named to Represent Us in
the Next Kentucky House of Representatives.

From all sources the inquiry has been coming, "Whom do you want for the next Representative?" "Who is Crittenden's candidate?" "What kind of a man are you going to run up there?" is what Livingston county wants to know. The Press has canvassed the situation and finds the universal choice of the people is the gentlemen whom we represent above, Thomas H. Cochran. He is ours by adoption only, and is a son of Livingston by birth, having been born near Smithland about 35 years ago, but has lived here more than half his life. Crittenden county will rally to him to the man, and Livingston county will make the old Gibraltar district proud of her by the majority she will roll up for him.

A christian gentleman a fine and fair business man, an honorable competitor in business or politics he will win laurels in Kentucky's next lower house, and the people want him there to guard their inter-
ests. Is there a man either county who will say nay?

A NEW CORPORATION.

Frankfort, Ky., Dec 10.—The
Commodore Mining company,
with \$200,000 capital stock, orga-
nized to develop mines in Critte-
den county, filed articles of incor-
poration in the department of the
Secretary of State today. Wm.
Miller and John Sheas of Louis-
ville are among the incorporators.

ENCOURAGING PROSPECTS

J. N. Riley, our bustling min-
eralogist who developed the Rye
mine in Crittenden county, a
which has been erected within
thousand dollar mining plant and
which has become one of the lead-
ing lead and fluor spar mines in
the State, is interested in develop-
ing some lithographic stone in the
county. Mr. Riley thinks he
has found what will prove to be
one of the finest lithographic stone
mines in the country, and is sure
the true mine will pay him
some profits. A number of sam-
ples have been sent out and let
so interested those who receive
them that a number of lithograph-
ic experts are expected to visit
Lyon county in a few days to
examine prospects. Lyon county
may yet rival Crittenden county
with such men as J. N. Riley
"boost" her.—Lyon Co. Times.

A Hopkinsville Man Fined.

Hopkinsville, Ky., Dec 9.—Jas
L. Griffin was tried in the city
court this afternoon charged with
failing and refusing to comply
with the order of the Board of
Health notifying him to remove
his child, two and one half years
old, to the eruptive hospital. The
child has smallpox. Numerous
witnesses were introduced on both
sides and the case was argued at
length by city attorney Hamberg
for the prosecution and John B.
Russell for the defense. The trial
was by jury. A verdict was return-
ed at 8 o'clock tonight finding
Mr. Griffin guilty and fining him
ten dollars, the lowest penalty in
the case.

No new cases of smallpox have
developed for three days in the
county, and the scare has about
subsided. All patients at the hos-
pitals are reported to be doing
well, and a majority of cases will
be dismissed early next week.

THE CASTORIA COMPANY, 27 MURRAY STREET, NEW YORK CITY.

FORFEITS BOND OF \$10,000.

Frankfort, Ky., Dec. 7.—In an opinion by Judge O'Rear the court affirmed with damages the judgment of the Mason Circuit court in the case of the American Book Company against C. D. Wells, county superintendent, in which it was held that the appellant company should forfeit to the State for the use of the common school fund of the State the sum of \$10,000, a bond furnished. The whole court considered the appeal and unites in the affirmation of the lower court judgment.

This action was instituted by the superintendent of common school of Mason county to recover of the American Book Company on a bond given to the State Board of Education, conditioned that the company would, if its school books be adopted, sell them to patrons of the common schools of the several counties at prices

not greater than it at the same time sold the same books to the patrons of schools in the other States.

It was shown to the lower court that the appellant company sold the same books in two townships in Ohio at less prices, and thus violating the provisions of the bond given.

Beware of Counterfeits.

"DeWitt's is the only genuine witch hazel salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by Woods & Orme.

WITNESSES MISSING.

The Times-Star special from Winchester, Ky., says Buck Cottingham, Sam Fields, and Moses Feltner, witnesses for the prosecution in the \$100,000 damage suit of Mrs. J. B. Marcum against Hargis, French and Callahan, in which she alleges a conspiracy on the part of defendants to procure the assassination of her husband in Jackson last summer were missing today. It is said that they received a warning that they would be killed if they testified.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: "Have had dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it." Sold by Woods & Orme.

A RACE WITH THE DEAD.

Chicago, Dec. 8.—A thrilling ride on a switch engine with death was the unusual means taken to preserve the life of Garry Jones, an electrician employed at the Illinois Steel company's plant at Bufington.

His hand caught in a switch he was repairing the man received the full force of the electric shock and was hurled to the ground unconscious. Placing the body of their suffering companion on a Lake Shore switch engine friends of Jones opened the throttle valve in the attempt to reach the hospital in South Chicago before his death came.

Their efforts were in vain, however, as the man died just as the engine dashed up to the station and the body was being taken to the hospital.

BADLY BURNED.

Glenn's Graphic: Mrs. Ella Clark, of near Madisonville, is suffering from severe burns on her hands, received in trying to put out the fire that had caught her mother's dress. Mrs. Joe Slaton, who is making her home with James B. Slaton, came too near the fire and her clothes were accidentally ignited by the flames. Mrs. Clark, her daughter, undertook to put out the fire and in so doing burned her hands.

A bucket of water that was handy was thrown on the woman whose dress was on fire and thus it was put out. Mrs. Slaton, although having her dress almost burned off, her was not even scorched by the flames. Mrs. Clark has suffered considerably from the burns.

Gus A. Terry Dies Suddenly

Last Wednesday night at 8 o'clock Gus Terry, one of our best known citizens, dropped dead at his home near Crittenden Springs. He was in Marion that day and left here late in afternoon to go to his home. He arrived there in good health apparently and ate a hearty supper with his family. After supper he went to see about some stock at the barn and returned to the house and complained of great pain in the region of the heart. Before the bed could be prepared he fell to the floor and died there almost instantly. Mr. Terry had long been a sufferer from heart trouble but such a sudden summons was unexpected to him and his family.

He was 65 years of age and leaves besides his wife, who was Miss Margaret Perry, a daughter of Rev. J. B. Perry, six children to mourn his death. They are: Markham, of Los Angeles, Cal.; John B. and Henry, of this county; Mrs. Newton Stallions, of Dixon; and Misses Ada and Maggie Terry who are at home. Also one brother, Jas., and four half brothers, Messrs. Zack, Lewis, Wm. and Blake Terry. None of his sisters are living, all six having preceded him to the grave. They were: Mesdames Sallie Fuller, Rebecca Guess, Jennie Burras, Ella Roberts, Elizabeth-Toy and Mary Taylor.

Mr. Terry was a member of the Hurricane Methodist Episcopal church and was an honest, upright christian gentleman, a man who will be much missed in the community where he lived. He was an affectionate father and a kind and indulgent husband. All his children were greatly distressed at the taking away of the beloved and honored parent. Mrs. Stallion it is said was so overcome when she arrived at the old home where her father had always met her, that she could not get out of the carriage for some time.

Mrs. Asher at Rest.

Tuesday morning, December 13th, 1903, after many weary months of suffering, the spirit of Margaret M. Asher, was wafted back to God, who gave it. Mrs. Asher had been a patient sufferer for eight years. Her first weakness dating from a spell of measles, with which she was attacked in 1896, and which settled on her lungs and resulted in consumption, from which she died.

Mrs. Asher was a Miss Brown, daughter of W. K. and Elizabeth Brown, of the Shady Grove section of this county. She was born March 10, 1853, and was therefore in the 47 year of her life. She became the bride of J. G. Asher, November 28, 1876, and for nearly thirty years they lived happily together. She was an affectionate wife and mother and leaves besides her husband, six children to mourn her loss, of these Curtis, Alma, Willie, Ivy and Sanford, are at home, the oldest daughter being the wife of F. A. Casner, of Providence.

Mr. and Mrs. Asher have been peculiarly unfortunate with their children, having lost in 1902 and 1903, Jas., who was 19 years, and Myrtle 23, both dying in 1902, and Susie, the wife of Hal Turner now of Paducah, dying in 1903 when only 18 years of age.

Mrs. Asher was a sister of Messrs. Sanford, Joseph M., John C., and Daniel J. Brown and of Mrs. R. W. Wood all of this county. She also has two half brothers, Sam and Fred Brown, and five half sisters, Mesdames Sheek Coleman, Thos. Travis, Frank Travis, J. A. East and Miss Effie Brown.

Mrs. Asher was a christian since early life and joined the Baptist church at Shady Grove in 1886 and lived a consistent life. The family and friends left Marion early Wednesday morning for Shady Grove, where the funeral took place that afternoon at 1 o'clock, Rev. T. A. Conway, officiating.

WALKER FLANARY

Accidentally Shoots Himself While Out Hunting.

The many friends of Mrs. Ida North ern Flanary, of Smithland, but formerly of this city, will sympathize with her greatly in the sorrow which has come to her in the shocking death of her son, Walker, last Saturday.

He was out hunting with some young friends and accidentally shot himself while dragging his gun over a log. Some of the shots took effect in his brain and killed him instantly. When his companions heard the gun discharged they ran back to see what the trouble was and found him in a dying condition. He never spoke after being shot. Tenderly and sorrowfully they placed the youthful form—the picture of health—in the boat to carry back to his home and mother all that was left of her boy.

For the mother the shock was almost too much and she was in a critical condition for a long time, but kind and sympathizing neighbors alleviated her sorrow as best they could.

Walker Coleman Pierce Flanary was born in Marion, September 1880, and was therefore in his 10th year and just on the eve of promising manhood. He was the son of the late Eb. C. Flanary, former sheriff of this county and representative from Crittenden and Livingston, the session of 1890. He was a boy of unusual brightness of mind and was idolized by his mother. He and his mother lived with his grandfather, Capt. R. Y. Northern, in Smithland, and the funeral was held at his house and interment in the Smithland cemetery Sunday afternoon. The services were conducted by Rev. W. C. Hayes of the Methodist church. The funeral and burial were largely attended, the Smithland school attending in a body.

One of the saddest things in connection with the untimely taking away of her son, was the fact not generally known that Mrs. Flanary was soon to marry a prominent southerner. She has not yet decided whether the wedding will take place at the date intended or be postponed. Mrs. Flanary's aunt, Mrs. Edmonds Daniel, of New York City, is with her and will remain for a while to console her in her affliction.

Resolutions of Respect.

Whereas, God in His mysterious providence has removed from us our brother, R. W. Wood, who was a member of this quarterly conference, therefore resolved, That we bow in submission to His will, not questioning His wisdom and justice.

That we tender our sympathy and condolence to the bereaved family and pray God's blessings on them in this hour of need.

That a copy of these resolutions be given the family and a copy spread on the minutes of this quarterly conference.

COME AND SEE US.

John Nunn has moved to the Rev. J. W. Bowen residence on North Main.

Mrs. W. B. Yandell attended the burial of Mrs. J. D. Asher at Shady Grove, Wednesday.

W. H. Temme returned from Evansville, Tuesday, en route to his headquarters at Tolt.

Mrs. Docia Morgan went to Shady Grove, Wednesday, with the remains of Mrs. J. D. Asher.

Mrs. Joe Guess returned from Kelsey and Fredonia Tuesday afternoon, where she visited relatives.

J. W. Wallace, a former citizen of Marion, has been dangerously ill at his home in Sturgis for several days.

Mrs. Carl Henderson accompanied the family of J. D. Asher to Shady Grove to attend the funeral of Mrs. Asher.

W. Dee Crowell arrived Wednesday morning from Aniston, Mo., and went at once to his old home near Iron Hill.

T. S. Threlkeld, of Lutesville, Mo., is visiting his father, L. O. Threlkeld, of the Tolu vicinity. He is a noted song evangelist of his state and is well known in this and Livingston counties.

Mrs. Mary Spencer, of Cincinnati, Ohio, is visiting her brothers John and Felix, and her sisters, Kate and Rose Duffy, of the Crayneville vicinity. This is her first visit since she left home to seek employment in 1891. She has been a widow for 26 years. Having married soon after she went to Cincinnati. Her relatives were delighted to see her and were much surprised, as she had not written to them for several years; she claims that her letters were never answered and they do not remember of getting any from her. Her decision to visit her old home was made a reality soon after she decided on it, which was when she heard through the post office that her brothers and sisters were still in the Crayneville neighborhood. She expects to remain several weeks to visit her relatives.

Baraca New Year's Treat.

Mr. Gossam, county secretary of Y. M. C. A. for Union county, will conduct the Baraca service Sunday, January 1st. A clean bright young man with a message for boys and men. Hear him.

Card of Thanks.

In the dark hour of my affliction when the messenger of death has taken my companion it is but becoming in me to speak in grateful terms of my neighbors and friends, who have ministered so willingly and untiringly to my dear wife during her long illness. We will never forget these tokens of friendship and christian fidelity, and we pray God's richest blessings on each and every one
JNO. G. ASHER.

In Honor of Miss Davis.

Tuesday night the young people gave a delightful bowling party in honor of Miss Martha Davis, of Russellville, the charming guest of Mrs. J. R. McAfee, her sister. Refreshments were served and an exciting contest bowed. The highest score, 155, was made by Miss Ruby James for the ladies and 174, by Ollie Tucker for the gentlemen, and the prize a box of Gunthers delicious sweets was won by them on a joint score of 289. Those present were: Misses Ruby James, Nellie Thomas, Leafa Wilborn and Mattie Davis. Messrs. Ollie Tucker, Alvis Stephens, Henry Haynes, K. K. Kevil and Ira Pierce.

To the Bright Girls of the Country.

The expenses for one year at a leading Southern college will be paid for a bright, worthy girl of Crittenden county, Kentucky, who will secure for me one hundred and fifteen subscribers to my book, "Lee and Longstreet at High Tide." The college expenses include board, books, tuition, laundry and incidentals.

For the double purpose of giving the truth of our civil war history, and of extending a helping hand to the struggling ambitious girls of the country. I am pleased to place a year at college within reach of a girl of this county who desires an education enough to exert herself a little. Should the girl availing herself this opportunity prove particularly deserving, I pledge myself to the endeavor to open the way for her to complete the college course.

The girl who is interested in this offer should communicate with me at once, and her communication should be accompanied by the endorsement of her county School Commissioner, the editor of this paper and the teacher of the last school she attended.

I would be glad to communicate with every ambitious girl in the county who is struggling to educate herself.

SCHOOL SUIT.

Special Judge Hendrick Tries an Important Suit.

Paducah News-Democrat: Special Judge John K. Hendrick returned Saturday night from Murray, Ky., where he went to act as judge in an important case.

The case was the tax payers of school district 38 of Murray vs. the trustees of the Murray Male and Female Institute in an injunction suit to prevent the collection of taxes. Judge Hendrick dismissed the suit.

The Murray Institute was built in 1871 the late E. H. Wear being one of the promoters. Certificate of stock were issued and although it maintains a free school by taxation and receives the public money, no one but the holders of a stock certificate are entitled to vote for school trustees, which has caused some dissatisfaction, since many certificates have been lost or destroyed and just a few men control the election of trustees and consequently the election of teachers. This caused the suit; the certificates are worthless except that they give the holder the privilege of voting for trustees. The school is in fine condition, however, and is a noted institution of learning.

Among the able principals who have conducted the school are Professors Brannock, Nold, Hamlin, Neville, Peniston, Burr, Stewart, Throop and Barnes. Prof Brown is now in charge.

Notice.

Notice is hereby given that there will be a Congregational meeting in the 1st Presbyterian church, Marion, Ky., on the third Sunday, Dec. 18, 1904, at 11 a. m., for the purpose of electing two Ruling Elders for said congregation. All the members are earnestly requested to be present. By order of Session. S. J. MARTIN, Moderator.

HAS STOOD THE TEST 25 YEARS

The old original Grove's Tasteless Chili Tonic. You know what you are taking. It is tonic and quinine in tasteless form. No cure, no pay, 50c.

DROUTH FIFTY YEARS AGO.

The great majority of the people now living never saw in their time a drouth which was more severe than the one which has visited Kentucky and the adjoining states this season, October and November were so nearly rainless that what little fell really did no good in the way of recruiting the ponds, creeks and springs.

The year 1854 was in some respects like the present except that the drouth commenced earlier. The last rain of any importance was in May, and there was no rain of consequence until late in November, and this was receded by a snow which fell on the dust; the corn crop that year was almost a failure. There were fields of corn that did not yield a half bushel to the acre. The corn was frequently gathered in baskets, that is, what there was to gather. Corn did not grow more than two to three feet high, while the nobbings were not longer than a man's thumb.

The winter of 1854 was hard on stock of all kinds. Feed was very scarce, and as a result cows, hogs, and sometimes horses were starved to death.

Crops were made next spring with horses that were scarcely able to pull the plow. It was however an early spring and horses ran on the pasture at night, were plowed awhile in the morning, let graze again in the afternoon and when night came turned out to graze. It was a difficult matter to obtain corn for bread.

But this all had its good effect on the people. The year following that is 1855 was one of bountiful harvest. The corn crop was one of the finest and largest that was ever known in Kentucky. We look for and predict that the corn crop of 1895 will be the best we have had for many years. Drouth may sometimes be a blessing in disguise.—Glenn's Graphic.

FOERG'S REMEDY

READ THIS

This is to certify that I bought one bottle of Foerg's Remedy, December 10th, 1904, for bad blood, which caused me a great deal of trouble. I was not able to hardly work, suffering from fever continually for six weeks, every time I would skin my hands it seems they would not cure up. After taking only one bottle of Foerg's Remedy I am well from this trouble and am enjoying now good health. I take pleasure in recommending this wonderful Foerg's Remedy to anyone needing a good blood purifier. My address is Princeton, Caldwell Co., Ky.

(Signed) J. E. NALL, Princeton, Ky.
Now don't delay if you have Scrofula, Eczema, Rheumatic pains, stiff or swollen joints, eruptions or copper-colored spots on the face or body, little ulcers in the mouth or on the tongue, sore throat, swollen tonsils, falling out of the hair or eyebrows and finally a leprosy-like decay of the flesh and bones, but go to your druggist and get a bottle of

FOERG'S REMEDY

the great blood purifier.

All druggists guarantee it. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, and absolute guarantee. All packages sent in plain wrappers. All correspondence strictly confidential.

(Delayed Letter).

As I have seen nothing from this place for some time, will drop you a few lines.

The health of our community is very good.

There was an excellent crop of corn harvested between the rivers this year.

Wheat and grass are not very promising.

There are some fine crops of tobacco in this section.

The river is lower at the present time than it has been in many years. The ferryman is hauling water so he can run his boat.

Our school is getting along very nicely with Mr. Orman Vick as teacher.

Pressley Cruce, Will Mayhugh and Prof Vaughan went to see their girls Sunday.

Several of our citizens attended court at Smithland.

Mrs George W Cruce and son Claud have been visiting relatives at this place and returned home last week near Crayneville.

Bunk Cruce and brother went to Marion Friday and called on Geo Cruce Saturday night.

Quite a number of young folks of Pinckneyville attended the literary society at Tiline Friday night.

Press Cruce went to Kelsey on Thursday on business.

Pierce Smith went out to Hoppar's Sunday on business.

Thou, my friend, would like to know why fair twin roses blush and blow in baby's cheeks? I'll tell thee. They're nourished by "TEETHINA."

See! "TEETHINA" (Teething powder) overcomes and counteracts the effects of the summer's heat, aids digestion, regulates the bowels and relieves much suffering and dread.
