### MINING NEWS.

#### Millions of Dollars Worth of Ore Already Developed in the LaRue Vein.

The mines opened some two years ago on the Ed Beard place is about three miles South of Fords Ferry, on the Ohio river, and is on the famous LaRue vein, and is owned by Julius Fohs of Marion and some capitalists of Cleveland, Ohio. Mr Fohs sunk two shafts on this property about 350 feet apart, and has a magnificent vein of lead and fluor spar in each shaft. The shaft farthest north of the two is sunk somewhere near one hundred feet deep, and has a 16 foot vein of lead and fluor spar, which can be mined at 50 to 75 cents per ton. The other shaft farther south is about 65 feet deep, and the vein is ten feet wide. This will make an average of a thirteen foot vein of lead and fluor spar on their property.

A level can be driven from one shaft to the other and one can act as an air shaft and the other as a hoisting shaft. By installing a small amount of machinery at these mines there can be a hundred tons of lead and fluor spar mined per day. The company also owns the mineral right under the adjoining farm. The LaRue vein has not been developed any further south than these mines, nor any further south than the "Big Four" or Noe mines, which are a distance of about five miles, with the Commodore Company's mines in the center. These three well developed mines, the Commodore, the Big Four and the Fohs, mines shows the LaRue vein to have many millions of dollars worth of mineral in the distance mentioned above.

A fourteen foot vein of lead and fluor spar out in the Yandell mine. The Kentucky fluor spar company sunk the old shaft at the Yandell mines some twenty or thirty feet deeper, through a rock fault or pinch, and came into a fourteen foot vein of lead and fluor spar, of which the company expects to take out from now on fifty tons per day. The Yandell mine is one of the oldest as well as one of the best spar mines in the district.

Last week Jap McBride uncovered a new vein of lead and fluor

spar on the Columbia Mining company's property, close to the Mary Belle. The vein is about seven feet wide and carries about fifteen per cent lead. This may be the Ada-Florence vein as it runs direct in that direction. If it is it will add thousands of dollars to the value of the Columbia Mining company's property.

The mill that is being built by Mr Guy H. Elmore near Elizabethtown, Ill., will be ready to go into operation the first of March. The company expects to haul their concentrates to Cave-in-Rock and barge it from that point up the Ohio river to Evansville; from this point it will go to market by rail.

Mr. Persons got back from Mineral Point last Saturday and expects to start up the famous Ada-Florence mines at once.

The Columbia mines is working night and day and is getting out enough high grade ore to run their mill every day.

### A GAY DECEIVER.

Paris, January 27.—Some where in America, probably at Ormonde, Florida, or some other fashionable winter resort, is Count Roger de Ressegner, Marquis de Miremont, a handsome young French nobleman. But if he is courting the daughter of some American millionaire it is just as well that it be made known that the Count whose title is genuine enough, can not return to France without being subject to immediate arrest, as he was sentenced in default the other day to three years imprisonment for obtaining money under false pretenses.

Alleging that he was engaged to marry the Russian Princess, Maria Marfa Feodorovna, he succeeded in borrowing large amounts of money, which he is probably now spending in America. From a rich old spinster, Mlle de Leuter, he borrowed fifteen thousand dollars, promising to procure her a position at last informed Mlle de Leuter that the Princess' husband who was supposed to be dead, had suddenly reappeared. After that the Count disappeared and the police have not been able to trace him. To a friend, who knew nothing of his criminal conduct, he said that he was going to America to find a rich wife.

### KUROPATKIN BLUFFING.

#### Had to Give Way Before the Japanese and Fall Back.

St Petersburg, Jan 30.—Instead of confirmation of Saturday night's report that Gen Kuropatkin had broken through the Japanese left there came Lieutenant General Sakharoff's official admission today that the Russians had been compelled to retire from Sandephass on account of their inability to carry a redoubt.

It is also significant that dispatches from Russian correspondents at the front have again suddenly ceased, which is regarded as an indication of the failure of the operations and strengthens the first impressions that it was a demonstration undertaken to distract the people at home from the internal situation.

A correspondent who has just arrived at this place from the front says:

"I do not regard the present offensive movement as likely to be prolonged. I believe General Kuropatkin does not contemplate a decisive movement before a couple of months. The weather conditions until then will be unfavorable. Kuropatkin is now merely preparing the way and sharpening the troops which have but recently arrived."

The Russian Slavo of Moscow publishes an interview with Prince Hukoff, the Minister of Communications, in which he states that the double tracking of the Siberian Railway is impossible for the purpose of the present war, but that minor improvements, especially the construction of sidings, will bring up the carrying capacity of the road to the equivalent of 22 trains a day. Prince Hukoff says he does not expect that the strike in the railroad shops will continue, but should it do so he may have to order cars and trucks from abroad.

### Dawson a Fifth Class Town.

Dawson has advanced from the town of the sixth class to that of the fifth class, by reason of increase in population. J. Ed Hayes, formerly from the Friendship neighborhood of Caldwell county, was elected the first mayor and another trustee has been added to the five already serving. A system of taxation and improvements will soon be started.

### Affairs at Santo Domingo.

New Orleans, Jan. 26.—According to a cablegram received this afternoon, from the staff correspondent of the Pieayune, who is now in Colon, a serious insurrection has broken out on the island of Santo Domingo, on the announcement of the fact that the United States had assumed a protectorate over the island and in the future would act of the adviser of the local government. The cablegram says that fighting is going on in the streets all over the city of Santo Domingo and that it may be some time before the insurrection can be quelled.

A cablegram was received by the naval officers at Colon late yesterday afternoon ordering 500 marines to be placed upon the Dixie at the earliest possible moment, and the Captain of the Dixie was ordered to proceed to Santo Domingo as soon as possible, and to place the forces on his ship at the disposal of the officer in command of the forces which are already on the island.

As soon as the order was received 500 men under the command of Col Wood, broke camp as rapidly as possible and embarked on the Dixie, which left Colon tonight. The 500 men who went to Santo Domingo are those who a short time ago relieved the six companies which have been on the island for the past year.

A special train was provided for the troops from Empire Camp to Camp to Colon, and the men with a number of pieces of heavy artillery, were transferred to the transport this afternoon.

The Dixie is expected to sail in the morning and will reach the island on Sunday morning. The departure of these troops leaves the Government works and the Quartermaster's stores on the Isthmus practically without a guard, and for this reason the naval officers at Colon believe that the trouble which has broken out in Santo Domingo must be serious, else the order removing almost all the troops from the Isthmus would not have been issued.

### Closed the Church and Died.

Evansville, Jan 30.—Granville Kelley, aged 60, Janitor of the First Baptist church, fell dead after closing the church last night, and his body was found in the aisle late this afternoon by searchers. It was frozen stiff.

### AFFAIRS IN RUSSIA.

#### Anarchy Rampant in Warsaw.—A Feeling of Uneasiness Generally Prevails.

St. Petersburg, Jan. 30.—Rioting and pillage are in progress in Warsaw in spite of the presence of large numbers of troops. British consular officers there are reported to have been assaulted by Hussars and the matter has been called to the attention of the St. Petersburg Government, by the British Ambassador.

A severe storm at Moscow aided the authorities there to avert disorder, which was thought to be impending. There were no disturbances in St. Petersburg. In Batoum Prince Guerilly an officer of police, was assassinated.

The influence of Grand Duke Sergius, the foremost of the reactionists, is said to have governed Emperor Nicholas ever since the strike trouble began, and that a member of the royal family is represented to be determined on the most drastic measures for the suppression of all agitation for economic or political reform.

Reports are rife that the terrorists are prepared to resume their activities.

London, January 30.—A troop of Hussars ran down Vice-Consul Moukain last night in Marshal Kovsky street. Two Hussars rushed at him with their swords, inflicting severe cuts across his face and lips. Dripping in blood Moukain was conveyed to the hospital, where he is now doing well. British Consul-General Murray had a narrow escape from being similarly run down in Weirzbova street. It appears that the incidents were due to a company of Hussars getting drunk and running amuck.

The same correspondent writes that Warsaw is in a state of complete anarchy.

Many have been killed or wounded in charges by troops, and the recklessness of swashbusting Hussars, adds the correspondent. The only conveyances moving in Warsaw today are military supply carts, ambulance wagons and tumbrils for the dead.

Many put chalk crosses on their doors or put ikons in their windows and thus secured their safety. The rioters paused before the sacred emblem. The hoarse murmur

of the mob drowned the church bells. In several cases soldiers fired on looting mobs and in one case they fired a cannon shot, hoping to disperse the crowd. Intermittent firing was proceeding here all day. Hundreds of shops were wrecked and several stores were burned. Probably a few scores were killed. The ambulances were busy. There are alarming rumors from the country districts. It is rumored that the town of Bresl-towsk is burning."

The Daily Mail's St. Petersburg correspondent reports that Sir Charles Hardinge, the British Ambassador, has asked the Russian Government to make inquiry into the outrages on the British Consul-General and Vice-Consul at Warsaw.

### Has Settled the Strike.

Berlin, January 29.—The crisis in the coal strike is over. The Government, or rather the Kaiser personally, for several of the Ministers were unwilling, has taken hold with firm hand and, although many mine owners are still obstinate, they will have to abide by the decision of the special commission appointed by the Kaiser.

It is due to the personal efforts of the Chancellor of the Empire, Count von Buelow, that the coal barons gave up their resistance to the Kaiser's plans. He told them in plain words that if they did not the Government might seize the mines and run them, a course which the Reichstag would undoubtedly sanction. Rather than see themselves forced to sell their property to the Government, the mine owners gave in.

Former Postmaster Henry Vanpel, of Morganfield, died last week of Bright's disease and liver trouble.

### Notice to Stockholders

Notice is hereby given that the annual meeting of the stockholders of the Marion Zinc Company will be held at the office of the Company, Room Twelve, Kent Block, Cheyenne, Wyoming, on the 7th day of February, A. D., 1905, at the hour of 2 p. m.

The meeting will be held for the purpose of electing a Board of Trustees and the consideration of other business properly brought before the meeting.

## GOOD ROADS TREATED BY A SPECIALIST

Mr. Temme Handles the Subject in a Masterly  
Manner, and Knows Whereof He Speaks.

HIS SUGGESTIONS ARE ALL PRACTICAL.

The saying of St Paul that "no man lives for himself and no man dies for himself", can be applied to the means of communication which tie two parts of a county together and make thereof a whole, prosperously if these means are equal to the requirements of the day.

From time immemorial it has been the aim of the progressive men to better the condition of these means of communication, and it certainly is to the credit of the Crittenden County Commercial Club that one of its Committees has assigned for its duties the betterment of the public high ways in the county.

It goes without saying that no citizen of the county exists who does not wish for better roads than we have today; and also that once the absolute assurance being given that any plan presented by said committee will have in view the general welfare, and not seek to advance private interests only, the great majority of our fellow-citizens will give heart and hand to said betterment.

It is further indisputable that all the legal machinery—county judge, fiscal court, road overseers road tax, etc., unite to put into practical effect any plan presented.

The question is simply the "where" and the "how". And there is where the rub comes in.

Of course each one of us would like to have a road from our door to the places we visit on business, pleasure or association; have that road in as direct a line as possible and in good condition for travel the year around. But the trouble is that each one by himself is not able to make this possible, and so we must combine with each other and agree between us upon a system whereby all are benefitted; and, while apparently a few are benefitted more than the majority the ultimate result will be of equal benefit to each and all.

In Crittenden county it is for tunately an easy matter to determine the question: where to begin our local road improvement; since Marion, it being the county seat, a thriving city, with men of pluck and push as citizens, with its ship ping, mail, telegraph and telephone facilities, its mills and its stores, is naturally the place of beginning for a general movement of road improvement.

And here it is well to suggest that the first step taken should

have for its aim a distance of two miles, from the corporate limits of Marion, on each one of the four main roads. It is, of course, necessary for the Commercial Club and the county authorities having jurisdiction, to pledge themselves that these two miles on the four roads being finished the work shall be continued in equal proportions on said roads to the county boundary.

The "where" being agreed upon let us look at the "how." This "how" has as usual, the \$ mark on its sign and symbol and upon it depends the extent of the work to be accomplished; not that necessarily much of the coined metal need be expended, but that which is equivalent thereto; brain, muscle and bone, transferred into labor must be employed to form the abundant road making material lying under our feet into macadamized highways which get better for travel the more it rains. Some men will naturally suggest that the county issue bonds for that purpose or set a day for an election for the purpose of voting upon a special road tax to be levied.

There is, however, a better way than this; for instance; let the county court set apart that part of the road revenue directly contributed by the taxable property within a radius of two miles from the city of Marion, that territory being directly benefitted, for the cash expense to be incurred by such improvement. Let the Commercial Club solicit subscriptions, through its members individually and the two excellent newspapers in Marion, the 'Press' and the 'Record', for the balance of cost necessary to be covered; subscriptions to be of cash, paid in monthly or quarterly rates; labor ten cents per hour for each man or team; honest, square work, of course, not play being understood, and labor being done by the subscriber himself or by men or teams employed by him; material and tools furnished; lime rock, sandstone, flint, dirt and gravel would all go into this class of subscription; in addition thereto old steam boilers, smokestacks, and flues of steel or iron would be serviceable as culverts under fills and crossways; sand, lime and hydraulic cement could also be used to advantage.

The organization recently formed in Louisville known as the Retail Merchants' Protective Association is certainly a good thing to protect the country merchants from debtors who are not good pay. The object of the association is to protect its members by information which will be furnished to one by the other. Every member is supposed to send in to the association the list of their delinquents, and the association supplies every member with a copy. Mr. J. O. Carter, the well-known shoe drummer, has secured seventy-five new members for them in Western Kentucky in the last month. Attention is called to clipping from the Courier-Journal, which will be found in another part of the Press. Merchants who are interested should communicate with J. O. Carter, 407 Keller building, Louisville.

### The Charm of Winter.

He who does not know the charm of winter loses half the year. It is easy to pretend to like nature and fresh air in the drowsy summer-time, when "toiling in town here is horrid" but the real outdoor woman knows that Winter has his wonders, too. To feel the sting of the winter wind; to see the sun glisten along the ice fields; to watch the slow dusk come in the heaven, and the far-off red-fire of evening color the western world; to stamp coldly home to the warm fire and supper—these are some of the pleasures which come with outdoor exercise.—February Woman's Home Companion.

MISS ADA HARRIS.

### BEAUTIFUL WEDDING

Mr. Charles Thos. Watkins, of Cleveland, Ohio, and Miss Jamie Morris, of Uniontown, Married.

The marriage of Mr. Charles Thomas Watkins and Miss Jamie Gabriella Morris was impressively solemnized at St. Agnes church Monday morning at 9 o'clock in the presence of a large and fashionable congregation. The ceremony was performed by Rev. Theophilus Killenaers, assisted by Rev. Oden Dahl, of Henshaw, and was rendered especially beautiful and impressive by the Nuptial mass, the music by the choir being very beautiful, as well as that rendered by the organist. The marriage ceremony was surrounded by all the solemn and impressive characteristics of the church, and was one of the most beautiful church weddings ever seen in Uniontown.

Promptly at the appointed hour the bridal party entered the beautiful edifice, the ushers, Messrs. Everett Mattingly, H. L. King, S. B. Lancaster and John Bingham leading the way, followed by the groom and his brother, Mr. Norbert Watkins, who preceded the bride, who advanced to the altar on the arm of her brother, Dr. R. J. Morris, of Marion. The entrance of the bridal party was accompanied by one of Bach's beautiful selections rendered by the organist, and at different intervals during the ceremony, its beauty and impressiveness was enhanced by the soft, sweet tones of the pipe organ, seeming to fall like a benediction on the bowed heads at the altar.

At the conclusion of the beautiful marriage ceremony the bridal party retired, the bride and groom leading the way, followed by the attendants. The bride was handsomely attired in blue velvet and carried a beautiful cluster of bride's roses. She indeed presented the true picture of a bride, the happiness of her bridal day seemed to cast an added charm about her. The groom and attendants were attired in the conventional black.

Immediately after the ceremony the bridal party was driven to the home of Mr. and Mrs. John J. Millet, the bride's parents, where at the noon hour a wedding dinner was served in their honor.

The social event of the day which had occasioned such pleasant anticipation, was the reception at the bride's home in the afternoon from one to three. Numerous invitations had been issued, for this occasion, and fully 175 guests responded. Every effort had been exerted toward making this occasion a happy one for all and it may be stated that the effort was not in vain.

The home had been tastefully decorated with cut flowers, and vari-colored ribbons, the combination rendered a scene of rare beauty.

The guests were received at the door by Misses Mary Millet and Mary Bowen, who cordially greeted all and ushered them into the presence of the bride and groom who stood beneath a huge bell of pink, and were assisted in receiving by Mrs. U. E. Biggs, Miss Elizabeth Green, Dr. R. J. Morris and Dr. Spalding Green. After greeting the bride and groom the guests were ushered into an adjoining chamber, where a dainty, one course lunch was served, being made welcome there by Mrs. W. C. Bland, of this city, and Mrs. Ellis Green, of Morganfield.

The beauty and attractiveness of the Millet home was heightened by the soft glow of numerous candles, the rooms being darkened.

Another pleasing point of observation for the guests was the room containing the numerous wedding presents received by Mr. and Mrs. Watkins. Three large tables were not sufficient to hold the presents, and in fact every available point in the room was used as a receptacle for the handsome tokens of friendship. The presents, several hundred in number, were exceedingly handsome, the list including costly articles of silverware, cutglass and a variety of other useful and valuable gifts. If one may judge the popularity of the bride and groom by the list of presents received, the conclusion should certainly be one extremely pleasing to them as well as to their numerous friends.

The reception given by Mr. and Mrs. Millet in honor of Mr. and Mrs. Watkins was indeed one of the crowning social successes of the season.

Mr. and Mrs. Watkins left on the 4:30 train for Henshaw, the home of the groom's mother, where a dining was given the following day in their honor. A large crowd of friends were at the depot to bid them farewell, on their departure from this city. They left Henshaw Wednesday for Cincinnati, and after short stay there will go on to Cleveland, Ohio, which city will be their future home.

The bride is one of Uniontown's most popular little ladies, possessing a personality that has endeared her to all. She is the daughter of Mr. and Mrs. J. J. Millet, and has spent her girlhood in Uniontown. Amid the pleasant associations of this marriage there is but one occasion for regret and that is the necessity of her departure from Uniontown. She carries with her, however, the love of a host of friends in her old home and their best wishes for her happiness amid new environments.

Mr. Watkins is a most worthy young man in every respect. He was for a

## AMERICAN WARSHIPS

Will Deal With the Warring Fac-  
tions in Santo Domingo.

Was'ington, Jan. 27.—If any of the warring factions of Santo Domingo attempt to thwart the wish of President Morales that the United States take charge of the fiscal affairs of that government they will have United States war ships to deal with. It has been decided to detail the entire Caribbean squadron to duty in Dominican waters, until the program de-  
cided upon is carried out. The cruiser Newark, flagship of Rear Admiral Sigbee, commanding the Caribbean squadron, is at San Domingo City, where also arrived this morning the torpedo boat de-  
stroyer Stewart. This ship will be used in carrying dispatches from Santo Domingo to Porto Rico, in case the cables should be cut during any disturbance.

The other ships in Dominican waters are the gunboat Castine, the cruiser Detroit, the collier Sterling, which joined Admiral Sigbee today. The Tacoma and the Denver, her sister cruiser, of the Caribbean squadron, will arrive in Dominican waters in a few days.

They will be distributed among the various ports, as the exigencies of the situation demand.

Rear Admiral Converse, Chief of the Bureau of Navigation, brought the entire Santo Domingo situation to the attention of the general board today and the movements of vessels referred to are in accordance with the ideas of that body. The subject was also considered at the Cabinet meeting at the White House today, although Secretary Hay, who is confined to his room with a severe cold, was unable to be present.

## A STORMY MONTH.

February to Be Marked by Much  
Snow and Many Cold Waves  
Says Hicks.

Hicks' weather forecasts for the  
month of February follow:

A progressive warm wave with falling barometer will appear first; cloudiness with rain, turning to snow, will follow, and these, attended with more or less storminess, will pass central to the eastern parts of the country from about the 3rd to the 5th. Meantime a high barometer with winter winds and change to much colder will be rushing on from western and northwestern sections in due time and regular order to displace the storm areas and spread to western extremes.

## A POSITIVE GUARANTEE

Signed by Wood's & Orme Who Agree  
To Return Your Money if Dr.  
Carstedt's German Liver  
Powder Fails to Cure

### GUARANTEE

I hereby agree to refund the money paid for Dr. Carstedt's German Liver Powder on the return of the empty bottles, the purchaser stating it failed to relieve and cure him of any of the diseases for which it is recommended. This guarantee covers the use of a \$1 bottle or four 25c bottles or two months' treatment.  
Signed Wood's & Orme.

Dr. Carstedt's German Liver Powder is a wonderful remedy, a prescription used for over fifty years by an eminent German physician in his practice both in Europe and in his country and sold by thousands of druggists all over the world. So mildly natural are the effects of this remedy that all Kidney and Liver troubles give way to perfect health. It cures the worst cases and many have been cured who had tried every known remedy.

Symptoms of Liver Complaint: Dyspepsia, indigestion, rheumatism, gout, skin eruptions, sallowiness, constipation, dizziness, vertigo, headache, piles, pain in the back, melancholy, bad breath, furry tongue, horrid taste, unpleasant dreams, insomnia, undue sleepiness, nausea, flatulence, swelling of the abdomen, colicky condition of the bowels, pain and soreness in the stomach, liver spots on the skin, loss of memory, impaired vitality, fire forebodings, lack of energy, indigestion, crankiness, blood poisoning, nervousness, falling hair—oh, there are lots of them and each one emphasizes the importance of having Dr. Carstedt's German Liver Powder constantly within reach. It is the right thing in the right time, sure and certain in effect, pleasant and perfect in action. For your own sake, don't neglect any of the symptoms of liver disorder or the complaint will become chronic and the ultimate, after untold suffering, is Death. Wood's & Orme can tell you all about Dr. Carstedt's German Liver Powder; it has cured many of their customers who are recommending it to their friends.

Better than testimonials in the guarantee under which Dr. Carstedt's German Liver Powder is sold. It does not relieve and cure you it will cost you nothing, so go at once and procure the remedy and take along this guarantee. 24-124

By the 8th and 9th all the foregoing phenomena of the first storm period will have nearly or quite disappeared, except in the cold eastern states.

Change to warmer and falling barometer, followed by a return to cloudiness and rain and snow will again be advancing from western parts. On and touching the 9th look for rains, with electrical storms probable, especially southward. As these conditions move out of the way to the eastward, high barometer, cold winds with squalls of snow and clearing weather will follow progressively to the eastward.

The next storm period is central on the 14th, extending from the 12th to the 16th. The passage of regular winter storm conditions from west to east is progressive order, may be counted on at this period. First, February rains, turning to snow and sleet squalls, winding up with rising barometer and cold wave.

The 19th, 20th and 21 will bring general and very active winter storms. The first stages of these storms will be warm and tropical—rains with lightning and thunder, on and touching the 21st. But in quick order look for change to blizzards visitations from west and north. Decided cold will spread eastward behind progressive storms.

The last storm period for February runs from the 25th into March. On and touching the 27th and 28th, growing change to falling barometer, warmer and cloudiness will result in widespread rains, fringed on the west and northwest tangents by snow, high winds and much colder.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby deriding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure, protection to you, is our name on the wrapper. Look for it, on all Dr. King's, or Bucklen's Remedies, as all others are mere imitations. H. E. BUCKLEN & Co., Chicago Ill., and Windsor, Canada.

### Shot His Wife.

London, Jan. 21.—One of the most remarkable cases of somnambulism ever recorded occurred early this morning at Stockwell, when John Lake, a Secret Service agent, rose from his bed and shot his wife twice with a revolver, without being conscious of what he had done. It was a minute or two before his wife succeeded in waking him. Then she took the revolver from his hand and threw it out of the room.

The man was overcome with surprise and horror when he realized what he had done. He dressed hurriedly and went out and brought a doctor, who found that his wife was wounded in two places near the knee. She was removed to the hospital, where the bullet was extracted. She is reported to be progressing satisfactorily.

Interviewed later, Lake gave a striking story of his experiences. "I think I must have been dreaming I was shooting someone," he said, "and that was why the report of the revolver did not awaken me."

"When I went to bed I left a loaded revolver lying on the dressing table. I always have had a revolver since I was in the Austrian Secret Service, having had to travel all over the world in that service watching anarchists and the like."

"My somnambulism started eight years ago. In my sleep I used to play silly pranks, on one occasion clearing the room of furniture. One night I walked in my sleep from Kennington road to Lamar street, and there began to walk in and out of doors until arrested. When I awoke my mother had no fewer than eight locks put on the door to keep me in."

### For Representative.

We are authorized to announce  
T. H. COCHRAN  
Of Marion, as a Candidate for Repre-  
sentative from the counties of Crittenden  
and Livingston, subject to the  
action of the Democratic party.

The arrest, last week, at their home in Jackson, of the Hargis Bros. and Sheriff Ed. Callahan, on warrants sworn out in the Fayette Circuit Court, charging them with being parties to the murder of Town Marshal James Cockrell, will have one good effect, even should the accused be pronounced not guilty. It will cow the lawless element of Breathitt county and teach them that the strong arm of the law can reach to high places as well as low, and that no man can be shielded from its penalties, no matter how strong the "backing" he imagines he may have behind him. A telegram from Jackson states that when the officer from Lexington went to Jackson to make the arrest the Hargis Brothers refused to leave the county, pleading that they were in the hands of the Breathitt county officers. The course they are pursuing is one calculated to prejudice their case in the outset, to use no harsher term.

The anniversary of Washington's Birthday will be celebrated this year by the Marion Graded School in a way that will as usual attract many visitors to our city. These contests are as good as are heard anywhere, and afford our boys and girls an opportunity to display their oratorical powers. Marion and the surrounding communities always look forward to this contest with pleasurable anticipation and they will not be disappointed.

It was expected that the Legislature would, by this time, have passed the bill selecting the Hunt property as the site for the new Capitol, and adjourned. But they are now at work on a bill creating a Capitol Commission, with no present adjournment in sight.

It is a remarkable fact that the United States never attempts to act the paternal to any other people but it surely incurs their suspicion and enmity. Look at Cuba; look at the Philippines and Porto Rico. And now having consented to take Santo Domingo under his fatherly care Uncle Sam finds himself confronted by a serious outbreak in that revolution cursed island and is hurrying all of his available ships and marines to quell it, leaving millions of dollars worth of Government property on the isthmus of Panama virtually unprotected. 'Tis a pity these heathenish Islanders cannot be made to appreciate the beauties of our free and enlightened institutions without having the knowledge shot into them from a Krag-Jorgensen rifle or blown through them by a 6-inch shell. Yet this appears to be the only remedy for their lack of appreciation.

In the Senate the other day, Senator Gorman stated that the question of the Philippines had been settled and we remain in the islands. The last Presidential contest settled that question. The American people are jealous of any slight to "Old Glory" and where once it is planted, there must it continue to wave. One cause of the intense unpopularity of President Cleveland was caused by his order to haul down the American flag at Honolulu. And yet, in that instance Mr. Cleveland was right.

That same old crowd from Lexington were down at Frankfort last week lobbying to have the State Capital removed to that ancient city. Lexington has been doing the same thing any time these past fifty years. Louisville tried it for a decade or too, even going to the expense of building that great big unwieldy court house of hers to offer to the State as a capitol, as an inducement for the seat of government, but finally gave up the struggle. Lexington is not so far-sighted.

Hon. William Jennings Bryan is greatly encouraged by the present political outlook and sees light ahead for the Democratic party four years hence. We trust he is correct; but be that as it may, the unfaltering trust of Mr. Bryan in the final triumph of his political star is a thing beautiful to behold.

Word comes from Washington City that ex-Senator W. J. Deboe would not refuse the U. S. Marshalship of the Owensboro district if the appointment was tendered him on a gold plate. The ex-Senator deserves well at the hands of his party and would prove a safe man for this position.

Prosecuting Attorney Allen, of the Fayette Circuit Court, will demand troops of the Governor to enforce the order of that court to bring the Hargis Brothers before it, unless the Court of Appeals should grant the Hargises a temporary writ. Evidently Prosecutor Allen will submit to no shuffling in this case.

The Press has made arrangements for a series of European Letters, the publication of which will be shortly commenced. These Letters will be descriptive of the people, their manners and customs, and the grand scenery of the Old World, and will no doubt prove intensely interesting to our readers.

A dispatch from Seattle, Wash., announces that Samuel H. Piles has been elected United States Senator from the State of Washington. Mr. Piles is a native of Livingston county, Ky., and well known to many of our citizens, who rejoice in his elevation.

At Madisonville suit was filed by County Judge R. B. Bradley against former County Judge C. C. Givens in the Hopkins circuit court to recover money in the sum of \$431, which he alleges Mr. Givens paid out for clerk hire while county judge, claiming he had no right to spend the county's money for such cause.

Rising water and drift caused about \$15,000 damage to the steel bridge across the Tennessee river at Gilbertsville by the Illinois Central. Four panels of false work and one hundred feet of iron material were knocked into the river. The latter can probably be recovered. The bridge was to have been completed in the spring, but the accident will cause a delay. Completed it will cost \$1,000,000.

### CROUCHING AND SHIVERING

Milford, Mich., Jan 30.—Crouching and shivering and praying, while above her a windmill creaked her requiem and the icy water crept higher and higher until it submerged her and brought death Mrs. Frank B. Ladd living three miles south of this village, committed suicide today. The young woman had been suffering from extreme nervousness and the supposition is that she became temporarily insane.

This morning her husband was called away on urgent business, and soon after he departed the wife went to the barn, which contained a large watering tank. Investigation shows that she chopped a hole in the ice large enough to admit her body. There was no water in the tank, it having been drawn off to prevent freezing, but there was a canopy of ice four or five inches thick remained.

Cutting through this she set the windmill in operation, crawled into the tank and awaited death. It is thought that she was chilled into unconsciousness long before the water reached her lungs, as there are no evidences of a struggle.

### Lost Balloon Found.

A rubber balloon about the size of a tobacco hogshead, has been found in the woods near Caseyville Ky., by a farmer. In a small basket attached to the airship was a card showing that it had been sent up at St. Louis Friday. A scientific instrument for registering air currents and temperature was also attached to the balloon.

Lawrence Rots, St. Louis, Mo., was the signature on the card. Eli Moss, a merchant of Caseyville, notified the St. Louis man of the find.

The rubber was full of bullet or shot holes, which told plainly how it came to land so soon. It is thought that the balloon was sailing low enough for some hunter or farmer to wing it.

### Sentenced One Year.

Ben Clay, a negro, was sentenced to one year in the penitentiary at Henderson for stealing four turkeys. Under the new law it is a felony to steal chickens or other kind of poultry. Clay upon being sentenced declared, that if "evah niggah what has stole a chicken or a duck or a turkey was sent to de pen de white folks couldn't make no crop dis year, dey could n't even find niggahs nuff to split de kindlin'."

### FEAR A NEW CRATER.

Mexico City, Jan 30.—Reports from Colima state that the volcano of Colima is again active. Streams of dark smoke are issuing from the volcano daily apparently from openings considerably below the crater. The danger, it is believed, lies in the formation of a new crater, at an altitude which would permit of the discharge from it of lava.

## REPORT OF EXPERT

The following letter has just been received by the Marion Electric Light & Ice Co., giving the report of the expert who has been here making an examination of the plant:

MARION ELECTRIC LIGHT & ICE COMPANY,  
Marion, Ky.,

GENTLEMEN:—

In compliance with your telegraphic request of the 21st inst, we sent our Mr. H. W. Driftmeyer to Marion, Ky., to investigate trouble you were having with your alternator. Under date of Jan. 26th, he reports as follows:

"The trouble at this plant was that Saturday and Sunday night their fuses would blow on their incandescent circuit about as fast as they could put them in. I arrived there Monday morning early and examined their dynamo, lightning arresters and switch-board, but could see no trouble. I had them start up the dynamo and throw on their circuits, and everything started off without any sign of trouble. I had them shut down the dynamo and tested out the fields, one of which had been grounded some time ago, but had been repaired and was O. K. I tested out the balance of the dynamo and it was O. K. I found the cable lugs on the commutator had been burnt, but this was not a new burn, as the rubber washers indicated that this was an old burn. The dynamo frame is grounded by all of the anchor bolts, there being no platform or wooden base under the dynamo; and I am inclined to believe that they had a ground somewhere on their incandescent line that caused the trouble. I advised them to put the machine on a platform so that it could not be grounded. I consider it very fortunate that the machine has not been burned out a dozen times in the last few years."

I trust that you will see that this dynamo is properly insulated from the ground and we believe you will have no further trouble.

Yours truly,

S. E. CRANE, Supt. Construction.

## Notice to Patrons.

On Thursday, February 2nd the lights will be turned off early in the morning to enable us to get to work putting the platform insulation under our dynamo. We hope to get it done in time to turn on lights promptly Thursday afternoon, but should we not do so the public will understand that the delay is necessary and unavoidable. Begging your kind consideration, we are,  
Respectfully,  
MARION ELECTRIC LIGHT & ICE CO.

### Washington Letter.

Washington, D. C., Jan. 30.—The question of an increase of the salaries of teachers in Washington came up in the House Tuesday and precipitated a lively discussion but other than offering opportunity to Bourke Cochran, Mr. Baker of New York and Champ Clarke to expand their lungs and deliver a few fully premeditated epigrams led to no beneficial results. Democrats and Republicans alike, it is positively stated are in favor of paying more to the teachers but like so many other measures where there is unanimity of all parties in its favor it was defeated. Many of those who spoke in favor of increasing the salaries had in earlier days been school teachers themselves and remembered the pinch of poor pay. Others who had been grocers' clerks had similar recollections but less enthusiasm for the teacher, and finally on a point of order the measure was defeated. Capable as some of the legislators doubtless are do not always rise to a plane of statesmanship. Personal interest with a weather eye on re-election makes a coward. Honorable Champ Clark who advocated an increase of salaries for teachers announced that he had been a teacher himself at the age of fifteen at a salary of thirty dollars a month. What bearing this could have on the question of paying the teachers in the district at the present time would be difficult to discover. Representative Burton Harrison of New York made objections to certain roadways in the National Park in the

district on the ground that some of the roads were covered with ice and that a member of his family had had a narrow escape from death on one of them. As an incident to be told in some "experience meeting" emphasizing the uncertainty of life, this might have been of interest but advanced as an argument to side tract legislation it is puerile.

Interest in the affairs of Santo Domingo the latest protégé of our government has resulted in the collection of a great amount of data concerning that Island and many persons to whom it has been merely a name are learning for the first time of the size and conditions of the country. Its area, it is said is about twice that of the state of New Jersey and its present population is about 600,000, chiefly negroes and mulattoes. It is claimed that it can support a population of 4,000,000 and immediately the suggestion presents itself that we send three million of our U. S. negroes there to populate the country. In Cuba and Porto Rico and the Philippines we have tried political, educational and sanitary experiments and it might be well if we should try a sociological experiment on Santo Domingo. There will be those to say that poor little Santo has never done us any harm to deserve even this suggestion but if there were really in sight an opportunity for us to unload our "negro question" on a weaker body it is doubtful if there would be any one unselfish enough to protest. Of course we can never deport the African. He is here to stay even though we ourselves must go, but it is a theme we all like to talk about and

Miss Nellie Thomas left Monday night for Memphis to remain some time.

John T. Franks is reported much better, which will please his friends here very much.

Miss Birdie Wiginton, of Kelsey, was in the city Tuesday, the guest of R. F. Dorr and family.

Mrs. George Roberts went to Kelsey to visit last week and returned Monday afternoon.

Dr. T. H. Comitt returned Tuesday from Blackford, where he had been for the past week.

Mrs. W. M. Hurley, of Tolu, is the guest of her sister, Mrs. Farmer, on Walker street.

J. P. McAfee, of Todd Co., is the guest of his son, Rev. J. R. McAfee, on Salem street.

G. W. Billart, of Chrisney, Ind., is here prospecting for a location in the confectionery business.

Mrs. Monroe Canada, of Crayneville, visited here Saturday and Sunday and returned home Monday.

Chas. Loyd carries the best selections and his trade in the Fredonia Valley is the cream of that section.

J. B. Kevil went to Princeton Tuesday night to attend the burial of his mother, who died Tuesday.

Mrs. Frank Wyatt, of Fredonia, was here Monday to call on her grand nephew, Reginald Wilson.

Rev. McAfee and his good wife are the proud parents of a beautiful daughter who arrived Sunday morning, Jan. 29th.

Miss Rosa Schwab did not go to Crayneville until Monday. The night train was three hours late Sunday night, hence her delay.

Metz & Woodridge have moved to the room in the Gill House building recently vacated by T. J. Wring, the Singer Sewing Machine man.

John E. Roberts, of the Mattoon neighborhood, who went to Missouri last fall, has been home on a visit. He will return in a few days to Pollard, Ark.

### Mrs. James Kevil Dead.

Judge J. B. Kevil received word Tuesday that his mother died at her home in Princeton at three o'clock in the afternoon and he left for Princeton on the night train. Mrs. Kevil was Miss Nancy Belle before her marriage. She was born in county Armagh, near Belfast, Ireland, and came to America sixty-five years ago, when she was fifteen years of age, she having been born Feb. 1, 1825. She was married to James Kevil, of Princeton, in 1843, and was the mother of twelve children, six of whom are living. Mrs. Kevil was consistent member of the Methodist church for many years. The funeral was held Wednesday afternoon, and was attended.

"Singing Skule" is Coming.  
The ladies of the M. E. church have arranged with Messrs. Bertram and Willard, of New York, for a production of their laughable entertainment, the "Singing Skule Begiment" which has been such a pronounced success in Henderson, Paducah, Mayfield, Fulton, Murray, Russellville, Bowling Green, Franklin, Cynthia, Nicholasville, Danville, Lebanon, Madisonville, Hopkinsville, and other Kentucky cities. Evansville, Nashville, Atlanta, Memphis, and other large cities. A large cast of local talent will participate, assisted by the authors, who will play two of the leading characters. The papers of our neighboring cities of Kentucky pronounce it one of the funniest entertainments ever seen in their respective towns. The exact date will soon be determined and announcement made.

I handle the best grades of clover and grass seed, and will sell them at small margins. Come in and examine my stock. Robert Boyd, Salem, Ky.

### At The Theater.

"Everyman," the superb moral play, was presented here last Wednesday evening, but owing to the inclement weather only a fair sized audience was present to witness the performance. The moral was everything that departs from a man but his good deeds. The play was a good one and it is to be hoped that more plays such as this one was, will be presented here before the season closes.

Edison's moving pictures was exhibited here last Friday evening and were witnessed by a small audience. They had trouble with their machine and as a consequence the pictures were not as good as they could have been.

"A Romance of Coon Hollow," a story of life, love and jealousy in the Tennessee Hills, was presented here Tuesday evening to a fair sized audience. The characters were good and the scenery which they carried greatly enhanced the magnificence of the production. The torpedo tableau and cotton press tragedy were well put on.

The Siegel-Meyer-Dainty Company of entertainers will be here Saturday evening, February 4th. Do not fail to see and hear Mr. Samuel Siegel, master of the mandolin; Mr. Lyman Meyer, the wit, mimic and musician, and the greatest fun-maker on the American stage. He has a marvelous voice and holds the audience spellbound during the part of his performance. Last but not least, Miss Louise Dainty, the delightful and entertaining reader. You may have heard readers but you should not fail to hear Miss Dainty, she will entertain and delight you. Don't forget the date.

Washington, Jan. 31.—The House Committee on Interstate and Foreign Commerce, today authorized a favorable report on the Mann bill, abolishing the Panama Canal Commission and placing the government of the canal zone and the work of constructing the canal, entirely in the hands of the

### IN SOCIETY.

One of the most pleasant affairs of the winter and elegant in all its details, was the luncheon given by Mrs. Carrie Maxwell at her beautiful home on Main street on Friday last. Covers were laid for twelve guests, and all responded and enjoyed beyond measure everything from the beautiful plate cards to the last dish of the menu. Those present were Mesdames E. H. James, C. S. Nunn, G. M. Crider, J. W. Blue, J. H. Orme, R. H. Woods, R. W. Wilson, S. T. Dupuy, T. H. Cochran, H. H. Snyder, Misses Nelle Walker and Della Barnes.

### WELL DONE.

Indianapolis, Ind., Jan. 30.—After learning that his wife was ill and without proper medical attention, Marshall Bates appeared in the Circuit Court today and asked that the divorce suit in which he is plaintiff be dismissed. His request was granted. Husband and wife are now reunited.

Mr. Bates recited to Judge Allen that he had just heard of his wife's illness, and that he felt that it was his duty to care for her.

"I forgot the unpleasant things, and the good deeds of her life came back to me. I will take her back into my home and make her happy," he said, as he left the court room.

### MORE TROUBLE.

Winchester, Ky., Jan. 31.—Steps were taken this morning by Circuit Judge Benton to investigate the charges of contempt of court by defendants in the big Maroon and Hargis damage suit recently tried here. It was charged that the defendants by bribery, threats and intimidation induced Samuel Fields, Most Feltner, Ruck Cottongame and other witnesses for plaintiff to leave the State. Seven charges in all are made, one each against James and Alex Hargis, three against Ed. Callahan, and two against B. E. French, the latter being arrested this morning and bound over in bonds of \$3,000 to answer the charge.

Lexington, Ky., Jan. 31.—The writ of prohibition against Fayette Circuit Court granted by the Court of Appeals, was rendered because the warrants for the arrest of the Hargis brothers, Callahan and Spicer were of no effect, and stops the officials of this court from further action. It is the intention of some of the defendants to come here Thursday to be in touch with their attorneys and convenient to Frankfort.

Commonwealth's Attorney Allen said tonight he would immediately make a motion before the Court of Appeals, to have produced the records of the Breathitt county court, on the grounds that they had been fabricated. He says

that two or more of the defendants were not in Breathitt county at the time the record shows they were arrested and admitted to bail.

### SENATE BLOCKS THE GAME.

Washington, Jan. 31.—It has become apparent that this Congress will not enact any legislation to regulate railroad rates, and will not do as President Roosevelt recommended in his message.

A majority of the Republicans in the House, all the Democrats, and particularly all the people are with Mr. Roosevelt, but there stands the Senate, and the millionaires, trust managers and railroad kings and they will see to it that the President's views are not carried out at this session.

### MUST BE IN PUBLIC.

St Paul, Minn., Jan. 30.—Representative Nolan, of Minneapolis, introduced into the Lower House of the Legislature today a bill establishing the whipping post as a means of punishment for wife beaters. The disgrace feature of the whipping post is not overlooked, and the bill provides that the whipping in every instance shall be public. Not more than sixty lashes are to be applied.

## WHOLE FAMILY BURNED.

### A Mother and Six Children Meet Death in a Cabin.

Lewisburg, West Va. Jan. 27.—In the destruction last night of the log hut owned and occupied by Aunt Venus Stram, aged 96, a negro mammy of ante-bellum days six children were burned to death and the aged mammy lost her life in a vain effort to save the children. Only one of the seven little ones managed to get out of the burning shack, but it is so horribly burned as to be unable to give any coherent account of the tragedy.

"Aunt Venus" hut was located a mile or so South of this city, and the officers who went to the city today to rescue the bodies report that the bodies are so badly charred as to render identification impossible. That the hopeless victims suffered untold tortures before death came to their relief, is evidenced by the distorted bodies found in the pile of smoldering ashes.

The theory is that all had retired and that a spark from the open fire place ignited the rag carpet on the floor and that the victims were overcome by smoke and so dazed that they could not find the way to the one door in the hut.

#### That Tickling in the Throat

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not in the stomach. Harmless—good for children. A. L. Spofford, postmaster at Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. Three doses of One Minute Cough Cure half an hour apart, speedily cured her. I cannot praise One Minute Cough Cure too much for what it has done in our family." It always gives relief. ## For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.

#### OBITUARY.

MRS. ELI FLANARY.

One more page of Heaven's Ledger has been squared by the death angel visiting our neighborhood and taking from us Mrs. Eli Flanary—born in Crittenden county, Kentucky, Sept. 11th, 1848 and died November 24th, 1904 and was buried at Mt. Zion.

She was the daughter of Uncle Jack and Aunt Martha Hill, was twice married; first to Alonzo Nunn and last to Eli Flanary, who still survives.

Professed faith in Christ at an early age and joined the Methodist church at Mt. Zion, where she lived till God saw fit to carry her to her Heavenly home.

She was the mother of only one child, who is the wife of Frank Daniels, now living in Missouri.

We are sometimes caused to stop and wonder why God calls his most useful servants away, when it seems to us that they are so much needed in his vineyard here.

Sister Flanary was not rich in the goods of this world, but she had great treasure in Heaven. She was a good neighbor, a kind and loving wife, an affectionate mother, and a devoted Christian. She will long be remembered and sadly missed in this neighborhood in which she lived and died.

Peace be to her name and memory while she sleeps the years away. God's blessings rest upon the bereaved ones.

A Friend.

#### Murdered His Kentucky Wife.

San Francisco, Jan. 26.—Ohas, Tidcomb, a college athlete and member of the Multnomah Club of Portland, Oregon, shot and killed Mrs. Georgis Mabry Nelson, and then killed himself.

Mrs. Nelson was the wife of F. D. Nelson a traveling salesman for the W. H. Martin Tobacco Co., of Louisville, Ky., and was with him in Honolulu when she met Tidcomb. Becoming enamored of the handsome athlete she deserted her husband and followed Tidcomb to this city. He was a fugitive, having embezzled money from his Portland employer, and was without funds. Dependence is supposed to have caused the double tragedy.

#### Grave Trouble Unforeseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee Woods & Orme, druggists, at 50c a bottle.

## WHEN YOU CATCH COLD

Do not take chances on it wearing away or experiment with some unknown preparation which will only half cure it at best, and leave the bronchial tubes and lungs weakened and susceptible to attack from the germs of Consumption.

## FOLEY'S HONEY AND TAR

not only stops the cough but heals and strengthens the lungs and prevents serious results from a cold.

It Saved His Life After the Doctor Said He Had Consumption.

W. R. Davis, Visalia, California, writes:—"There is no doubt but what FOLEY'S HONEY AND TAR saved my life. I had an awful cough on my lungs and the doctor told me I had consumption. I commenced taking FOLEY'S HONEY AND TAR and found relief from the first and three bottles cured me completely."

#### MAY HAVE FROZEN.

Owensboro, Ky., Jan. 26.—Edw. M. Bell, 50 years of age, formerly a local barber but now in the service of the Government, who has been ill at his home here for several months, this morning dressed himself and disappeared. At a late hour tonight nothing had been heard from him. It is supposed that his illness has unbalanced his mind, and that he has wandered away. His wife says he did not take any money away with him. As the temperature was below zero when he left home, it is feared that he may have perished in the cold.

#### Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all poisons due to undigested food—or money back. 25c at Wood & Orme's drug store. Try them.

#### CAUGHT ON A CABLE

Seattle, Wash., Jan. 26.—The break in the cable between this city and Valdez, Alaska, which has been out of commission for nearly three months, is now repaired and the work of forwarding messages has been resumed.

When the Sitka end of the cable was raised by the cableship Burnside it was found that a whale was attached. The animal's jaws were firmly entangled in the wire and rubber insulation and the condition of the body showed that it had been dead for a considerable time.

It is believed by the cable experts that the damage to the cable was caused by the whale.

## INDIGESTION

"I was troubled with stomach trouble. Theodor's Black-Draught did me more good in one week than all the doctor's medicine I took in a year."—MRS. SARAH E. SHIFFIELD, Ellettsville, Ind.

#### LEFT IN A HURRY.

Waco, Tex., Jan. 26.—Cliff Torrence, a Deputy United States Marshal, and Wm. Curry, a special city officer, discovered a counterfeiter's cave near the county club house, half a mile north of the city limits, this afternoon. The cave was formed by digging into the banks of the river. The opening was concealed with a screen of brush. Inside was a complete outfit for the manufacture of spurious coins of various denominations, from dimes to dollars.

A mass of white metal, a furnace, molds, dies and a lot of bogus coins were discovered and placed in the office of the United States Commissioner. Appraisers indicated that the counterfeiters abandoned some time ago in a great hurry.

### Give Your Stomach a Rest

Your food must be properly digested and assimilated to be of any value to you. If your stomach is weak or diseased take Kodol Dyspepsia Cure. It digests what you eat and gives the stomach a rest, enabling it to recuperate, take on new life and grow strong again. Kodol cures sour stomach, gas, bloating, heart palpitation and all digestive disorders. L. A. Soper, of Little Rock, Ky., writes us: "We feel that Kodol Dyspepsia Cure deserves all the commendation that be given it as it saved the life of our little girl when she was three years old. She is now six and we have kept it for constantly, but of course, she only takes it now when anything disagrees with her." Sold by Woods & Orme, druggists.

### SPRING AND DEATH.

BY O. G. W.

Under the ice and the snow on the ground,  
Spring lies there hidden from sight and from sound,  
Neither the piteous wails of the wind,  
Seeking the rest that he never can find,

Seem to arouse her or summon her forth  
Meanwhile the winter, great bride of the North,  
Shelters and guards her with mother like care.

Spreading his snow white wings over her.  
Nor will he hence 'till the mandate be given,  
"Rise up, O Spring, draw earth nigh" unto heaven!

Think not, oh man, that thy loved ones are dead,  
When in the cold and damp ground they are laid.  
Though thou art parted from them for awhile  
Yet they live, hallowed and blessed with God's smile.  
Shielded, protected, they dwell ever more  
Happier than ever they could be before,  
Were there no heaven there could be no love.  
Trust, then, the dear ones are resting above,  
And as the Spring greets the earth year by year,  
So will man meet those he sought and loved here.

**Another Case of Rheumatism Cured by Chamberlain's Pain Balm.**  
The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Gribbs, Va., gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by Woods & Orme, Druggists.

### STARR.

January 25th was the coldest day.  
Fat hogs are worth 5c, cattle 3c corn 40c, tobacco \$1.00 400' and 5.00.

Everything lovely and the goose honks high.

J M Andrew and family, J B Hunt and others talk of going to Washington.

Rev. J W Vaughn will fill his regular appointment at Piney the first Sunday.

School commences at Belmont Monday.

Much is being done towards a big tobacco crop this year. Now let us suggest that we plant fewer acres, cultivate well, handle well, from the hill to the factory and it will bring a good, round price but inferior grades will not be worth handling.

Farmers are all looking for tobacco seed.

Messrs Bradley & Paris are running their broom factory on full time.

W H Guess, one of the oldest men in the community, is out early and late, and there is no man in this bailiwick that does more work than he.

Leslie Bibb was calling here on Tuesday night.

There is some talk in this burg of getting up a petition and asking some one to make the race for Sheriff.

Quitting at Mrs Olie Andrews' Wednesday night.

Harris Hughes talks of going West.

James Paris closed his school at Midway Friday.

Smith Hamby made a flying trip to Blackford Monday.

MY OLD KENTUCKY HILLS.

Just now would be a good time for our people to read at least one verse of Gardner's poem, "Old Kentucky Hills":

The cow bells tinkle, tinkle,  
And the zephyrs whisper low,  
Some dear but fading story  
Of the sweet long, long ago;  
I sit beside the window  
And my heart with rapture thrills,  
When the summer sun has hidden  
In my old Kentucky hills.

## A life saved by FOERG'S REMEDY

the great blood purifier

Read this grateful letter from a prominent Kentuckian  
Princeton, Ky., Feb. 4th, 1908.

I wish to state for the Foerg Remedy Co., of Louisville, Ind., that I believe their great Remedy, known as Foerg's Remedy, the great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and he could get no relief until he took Foerg's Remedy same as manufactured by this company. After taking five bottles he was cured of his trouble, and when he died he took two bottles as a blood purifier and a tonic.

(Signed) C. H. LEWIS, Princeton, Ky.  
FOERG'S REMEDY is a medicine that does not become interested in these things until failing health or a distressing disease of the skin reminds them sharply of their existence. Is it any wonder then that they become the easy prey of vamps both inside and outside the medical profession? I feel that I find a tragical case where a little common sense would have shown them the way of recovery and spared their lives.

AND HERE'S THE REMEDY  
Foerg's Remedy—let this warning sink deep in—obtain from us or from a druggist a trial quantity of the Remedy—test its efficiency the first time you have the opportunity, so that you may be ready to buy and become an enthusiastic convert to the virtue and strength of this marvelous blood remedy—from then on you will refuse to be without it until your cure is effected. Why take chances? Why procrastinate a single day? Act now.  
\$5.00 per bottle, six bottles for \$5.00

## WHEELER & WILSON SEWING MACHINES

FIFTY YEARS

From a small beginning this firm has grown until our factories now cover many acres. Some of our machines sold fifty years ago are still giving faithful service.

**WHEELER & WILSON SEWING MACHINES**

The Rotary Hook, a distinctive feature, originated with this machine, operates in one continuous revolving motion. Compared to a shuttle it works on exactly the same principle as the circular buzz saw in contradistinction to the cross cut saw. The work that can be accomplished, the speed that can be made, and the ease and convenience of operation all are features that have combined to give this machine its present enviable prestige.

### FREDONIA AND KELSEY.

There was a graphophone and magic lantern show here Thursday night.

Albert Boaz is visiting relatives in Livingston county.

Mrs J B Ray spent several days in Marion last week.

Saturday was stock day here.

Rev Miller and family returned home Sunday.

Miss Della Berryman of Paducah was the guest of Mrs Cotner last week.

Rev Overby filled his appointment at the C P church Sunday night.

Mrs Lon Johnson and her little daughter of Marion visited her sister, Mrs R R Bransford, Sunday.

J B Ray of Marion were here

two or three days last week and went over to Kuttawa Friday.

Sunday, Jan 28, at high noon,

Rev Miller united Mr C H Mears and Miss Della Berryman in the

holy bonds of matrimony. It was

a quiet home wedding. The bride

was visiting Mrs Cotner and the

groom came over from Paducah Sunday and the wedding took

place in the rooms of Mr and Mrs Cotner at the Ordway house; they

returned to Paducah Monday and received the congratulations of their many friends there. May happiness ever be their lot.

Mrs W E Cox is sick this week. We learn that our town is going to have three butcher shops; we all ought to get fat.

### ODESSA.

I scarcely ever see Odessa mentioned in your paper; we do not get our mails regularly.

School closed here Jan 27th.

There was a good attendance of home folks and a number from abroad. The Odessa band furnished the music and the Repton Plowboy Minstrels honored our accomplished teacher, Leonard

Woody of Mattoon with a fine dinner, which was served by the ladies. Speaking by the teacher closed the exercises, which were highly enjoyed.

Mrs Myrtle Birchfield is better; there is some hope of her restoration to health.

Dear Editor, though I am not old I have never yet contributed personally to your paper in money yet I am your devoted well wisher and will give the Press my support as long as it is what it now is and has ever been to me, the most instructive and interesting of papers.

I would like to continue writing to your valuable paper, but so many are serving you who can write better than I deem it sacrilege to ask you for space in your columns.

I wish you and all of the Press correspondents a happy new year.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by Woods & Orme, druggists.

### RODNEY.

Our school closed. The teacher, Miss Edith Davis, will spend a few weeks with her parents in Sturgis before taking a course in Marion.

Gus Brantley and Lacey Nunn took a load of tobacco to Marion Monday.

There has been a big harvest of ice during the past few days.

Doo Truitt has returned from an extended visit to Missouri.

Will Bicklin of Marion was in our town last week.

H L Sullivan had a steer to die a day or two ago.

Will Fowler, the veteran miller of Mattoon vicinity, reports a singular phenomenon in the way of

water. Some time ago he dug a

well 40 feet deep but failed to get any water. He then bored 60 ft.

deeper, and struck an abundance of water but can't raise a pound

of steam in his boiler with this

water. C M Clift and son were in the

Tolu neighborhood Friday.

It is rumored that the telephone men really intend to put up the line from Mattoon via Rodney to Sturgis as soon as the weather

will permit.

### DYCUSBURG.

Died. On Tuesday night, January 24th, 1905, the death angel came and claimed from the home of Mr and Mrs Henry Wells, Frank, their infant son, aged 6 months.

The burial occurred the 25th at Grove Chapel cemetery. Much sympathy is felt for the parents, who are bereaved of their first born and only child.

Lafe Lindsey and Miss Vernon Daughtrey eloped and were married last week.

Mrs J S Campbell is dangerously ill of typhoid fever.

Dr W T Graves, of Paducah, spent several days in Dycusburg last week.

Messrs. Robt. and Fred Wells and P. K. Cooksey went to Smithland on business Monday.

Mrs. Cora Charles left Dycusburg the 28th for Brazil, Tenn., to join her husband, who holds the position of bank cashier at that place.

The Salem lodge was ably represented by several of its members at the last meeting of the Dycusburg Masonic lodge.

The ice on the Ohio has occasioned the suspension of navigation on the lower Cumberland.

John Charles, of Livingston, visited Dycusburg Sunday.

Mr. Henry Bannister is quite ill.

H B. Bennett went to Henderson last week.

Prospects for the location of a canning factory at this place are encouraging.

Miss Minnie Mayes, of Caldwell Springs, was the guest of the Misses Richards last week.

The most recent and one of the delightful social entertainments of the season was given at the home of Mr. and Mrs. P. K. Cooksey a few evenings since in honor of their daughter, Miss Rhea.
