Shoes that Fit well and Wear well, The Brown. They are the best and we have the low Cash Price on every pair

Yours for Bargains,

**McConnell & Stone,**

Marion, Kentucky.

### JOINT MEETING

City Council and Commercial Club Thursday Evening, March 9, 8 P. M.

There will be a joint meeting of the members of City Council and Commercial Club at the Club room, postoffice building, Thursday evening, March 9, at 8 o'clock for an informal consideration of the water works report.

J. W. BLUE, JR., Mayor.  
JAS. E. CRITTENDEN, Sec.

### Factories for Kentucky.

Mr. L. D. Sampson, a well known Kentucky newspaper man, formerly proprietor of the Barbourville News and for some years engaged in the Newspaper Syndicate business in Chicago, is endeavoring to locate some large manufacturing concerns in Kentucky.

Through its newly organized Commercial Club, Georgetown has secured the large Asphalt concern with which Secretary Paul Morton and other Chicago men are con-

nected. Mr. Sampson has just opened an office at 140 Dearborn street, Chicago, and has been commissioned by several large and well established concerns to find locations for new or branch factories. He desires to hear from Kentucky towns which offer natural advantages in the way of fuel, raw material, transportation facilities and equitable labor conditions.

### MINING NOTES.

The Ky. Fluor Spar company have moved the machinery from the Asbridge mines to the Matthews mines and have it nearly all installed. They will soon be ready for operation.

Our correspondent at Vio says: "The new building at the Pogue mines is completed and part of the machinery is ready for operation."

The Caney Fork Coal Company commenced loading on the cars last week. This is the new mine just developed by F. M. Baker, and is a vein of extra fine coal.

The Rock Spring Coal Mine, which has been shut down for some time, will resume operations at once. Its manager, J. L. Tonkin, is a clever, agreeable gentleman, a business man of ability, and is well liked by the men here who have worked for him. He moved his family here Monday. He has two splendid veins of coal and many here predict much success for him.—Wheatcroft Special.

J. M. Hardesty, of Irms, was in the city this week with some fine specimens of carbonate of zinc taken from his land. He is on what is known as the Deer Creek break where it crosses the Sullenger vein, above Milford and Deer Creek, and near the Livingston county line.

He has also some fine indications of cobalt and manganese, and on every hand is evidence of mineral of value. He contemplates doing considerable prospecting in the spring.

Many favorable reports are received from the various mines of the district, and numerous legitimate reasons for belief in business expansion in the coming season. The consumption of spar is on the increase, all the furnaces in the Pittsburgh and Birmingham districts are behind on orders, each one reports brisk demand; a great deal of new machinery is being installed and in all the camps there is great activity since the weather has opened up.

In Marion a great demand exists for houses, and much building is in progress or contemplation. It is freely predicted that this year will outstrip all others by far in the extent of building and improvements made in Marion.

The market for lead, carbonate of zinc and fluor spar has been strong and shipments heavy and therefore stocks on hand are in good shape to prevent any decline in prices for some weeks to come at least.

### Russia Weighed in the Balance and Found Wanting.

Oration Delivered by J. H. Yates in the Oratorical Contest at the Opera House, February 22, 1905.

I have stood by the broad water's edge in the night time and have seen the full orb moon rise from the waters, and as it rose higher and higher cast across the waves a gleaming, glittering, magnificent pathway of light, narrow where it began, but broadening out in glory and beauty as it stretched away toward me. Such a pathway, so splendid, so ever broadening in purpose and achievement, has been that trodden by man since the Christ of Calvary

performance of duty. Yet not withstanding this beautiful light of the twentieth century, whose radiance seems to penetrate the remotest lands of all the earth, there lingers yet upon the horizon one dark shadow which is a thorn in our flesh, a festering sore on civilization. Downtrodden by its rulers, abhorred by the rest of the world, it stands a monument to the corruption and decay of the medieval ages, that disgrace to liberty-living humanity—Russia.

Marching host, and when the king Belshazzar sat feasting in his Babylonian palace with his lords and ladies, eating and drinking out of the golden vessels that had been sacred to our Lord, a hand was seen moving upon the wall, and an inscription, in scrolls of blood, such as the wise men of the court could not interpret, was written there.

The king's countenance changed and his knees smote together, his mind was troubled. As a last

shazzar, hast not humbled thy heart, though thou knowest all this, and this is the writing that is written, "Tekel Upharsin," thou art weighed in the balance and found wanting."

My friends, such is the story of an unworthy nation, and history only repeats itself. Russia is the Assyria of modern times; despotism in the Russian Government, as there was in Assyria; the common people of Russia are being oppressed and trodden under foot as those of Assyria were. It is a nation where caste is the rule and serf are abundant as Assyria was. Surely this warrants the comparison. Nicholas, the Czar, is but the Belshazzar of today. That king, frightened from the banquet table by the handwriting upon the wall presented much the same spectacle as the Czar, cowering and crouching beneath the protecting shadow of his palace walls fearing the assassin's bullet which he feels he deserves.

He, too, sees a handwriting upon the wall, and like Belshazzar, his countenance changes and his mind is troubled. Ah! Nicholas, though the Czar of all the Russias well may your knees beat together well may your mind be troubled, well may your countenance change for the handwriting your eyes see is the principle of free government; the wall upon which it is written is the free country of America, and the Daniel inspired by the Almighty God is the common people which you have so long cast down. Yes, the time has come for your imperial robe to fall, for truly thou art "weighed in the balance and found wanting."

Unhappy Czar! The judgment of God rests hard upon you; your sufferings would deserve an angel's pity if angel's tears could wash away your crimes. But you knew God's law and obeyed it not; you heard his voice pleading for peace but turned a cold, deaf ear. You sent your armies away from their homes, away from their native land to wage war upon an honest people. You met them at Mukden, at Meter Hill, at Port Arthur and everywhere your armies have been defeated and your soldiers driven from the field. You have met them upon the high seas and your navy melted away like mist before the morning sun. Ah! yes, your proud boast has been your strength in war, but you have met the little Jap, an enemy you thought weak, and he has annihilated your navy, destroyed your armies, and made captives of your soldiers. Again you have been "weighed in the balance and found wanting."

This war is, indeed a horrible picture to look upon, but it is only a dim shadow in a cloud so

Continued on 8th Page.

## HEALTH is the Most Important

The manufacturers of Royal Baking Powder have had 40 years of scientific experience.

Every method of bread-and-cake raising has been exhaustively studied in this country and abroad.

The result is a perfect product in Royal Baking Powder. There is no substitute for it. The purity and efficiency of Royal Baking Powder have been commended by the highest authorities of the world.

These facts mean two important things to all housekeepers:

First: that Royal Baking Powder is healthful and makes wholesome food.

Second: that Royal Baking Powder makes food good to taste.

**ROYAL BAKING POWDER**

**ABSOLUTELY PURE**

J. H. YATES.

gave up his life that the world might be saved from its deluge of sin. And we should thank the Creator of all things that we live in the twentieth century when the spirit of the world is at its highest.

With the proud possession of virtue and wisdom, with powers matured, with principles settled, with habits formed the world passes, as it were, from preparatory growth to responsible development of character and a speedy

Something more than four thousand years ago there was a nation known as Assyria. For centuries that nation was the ruling power of all civilization; but, alas, it like many others grew to believe there was but one road to prosperity and that road led over fields wet with human gore, along a path where the orphan's cry and the widow's wail made music for their

## FEARFUL COLLISION.

### Of Festival Trains with Hundreds On Board for Washington.

Pittsburg, Pa., March 4.—At 1 o'clock this morning, it was reported that at least 30 were killed in the collision and that 50 or more were injured.

Pittsburg, Pa., March 3.—From 12 to 20 lives were lost and from 30 to 40 were injured about 7 o'clock tonight at Clifton Station, half a mile west of Emsworth, on the Pittsburg, Ft Wayne and Chicago railway, as a result of a rear-end collision between two special trains from Cleveland, Ohio.

One train, the first, carried the First Battalion of Engineers of the Ohio National Guard and the second carried the Tippecanoe Club, both organizations being en route to Washington to take part in the inauguration ceremonies.

The disaster was caused by an overheated bearing on the first train. There was a stoppage of only a few minutes, while the box was being cooled, and the second section came tearing around a curve at full speed and smashed into the first section.

Nearly every one of the twelve coaches of the leading train, were demolished. The engine of the second train and its leading coaches were also badly smashed, but the remaining cars did not suffer much damage.

The fatalities were nearly all in the first train. The crash occurred at 7:15.

Shortly after the collision several of the wrecked cars took fire and this added to the horror of the scene and increased the list of the dead.

Many of the dead will never be identified so crushed and burned were the bodies. Only a few of the victims were recognized up to midnight.

Within a few minutes after the accident relief trains were hurrying to the assistance of the sufferers.

### A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if Pazo Ointment fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

### Stricken in Court.

Muskegon, Mich., March 4.—Arraigned on a charge of using profane language, Julius David, an aged veteran of the civil war, on the stand today called upon God to witness the charge as false. As he lifted his eyes and hands in the supplication he was suddenly stricken down and is likely to die in the course of a few hours. The paralysis not only extended to all his muscles but has deprived him of the power of speech and apparently of hearing, also.

### FOR SALE.

One Fine Red Poll Bull, 18 months old, fine color and a good calf every way; with good treatment will make a bull weighing 2000 or 2500 pounds. His parents were very large. Sire Oberon weighing 2200 pounds, Dam Ruby 1700 pounds. He is registered and a guarantee goes with him that he is O. K. every way. Don't forget we have the very best Bronze Turkeys and Barred Plymouth Chickens that money can buy and we offer them at farmers prices.

W. L. KENNEDY,  
Lola, Kentucky.

### STEAMER BURNED.

Memphis, March 3.—Advises from Lake Providence, La., states that the steamer Delta, owned by the Arkansas River Packet Company burned to the water's edge at Hayward Island today. All the passengers were rescued. The boat was valued at \$75,000. It is not known what amount of cargo the boat carried.

**CASTORIA.**

Beware the Imitation  
of *Castoria*

## LETTERS FROM OUR FRIENDS.

STURGIS, Ky., Feb 28.—EDITOR PRESS: Please will you kindly inform me who wrote you in regard to the article in the Press last week which said an estate of \$40,000 in Germany had been left to Mrs Sidney Yates and brother by an uncle in Germany. We have been expecting money from Germany. If you hear anything let me know and oblige,  
Mrs Sidney Yates.

[Any one acquainted with the above matter will please communicate with Mrs Yates or the Press office—ED.]

HARRISON, ARK., Mar 2, 1905.—ED. PRESS: Enclosed please find one dollar for 1905. I am not just sure when my time expires but I can't afford to miss a single copy. Wife and I have to "draw straws" to see who shall read it first.

Wishing you continued success I remain,  
Yours truly,  
A. Dewey.

KELSEY, Ky., March 2 1905.—ED. PRESS: Orry Thomas Hayden who enlisted in the U. S. Army five years ago, returned to Kelsey Feb 19th, 1905. He spent principal part of the time in the Philippine Islands and a short time in Cuba. After he was discharged he visited Hong Kong, Port Said, Egypt, Singapore, Gibraltar, Algeria and various places in Japan, returning by way of San Francisco.

### TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

### STARR.

Fine weather this week.  
Tobacco beds are being set.

Jesse Guess is just up from a short attack of pneumonia.

All our sick are improving.

March 14th is the time fixed to start to Washington.

Several from this section have joined the crowd for Washington on the 14th.

Sherman Crayne has moved to Grant Travis' place.

Charley Hunt goes to Champ Crayne place and Champ Crayne goes to the Henry Wheeler farm, and Ed Thomason has moved to the Mrs Andrews place.

C. T. Boucher has a very severe wound caused by his splitting his thumb nail.

### REPTON.

Spring has opened and we can see the smoke and hear the whack of the ax by the farmer making plant beds.

Since our last writing Mr S M Jenkins, editor of the Press, passed through our city, and as the cars stopped he managed to get one foot on our platform but kept one on the step, and held on to the handle. Don't be frightened in passing through our city. This is not Breathitt.

Richard Lewis, who has been confined to his room several days with pneumonia, is up and going again.

H J Hardesty, an Evansville commercial man, was in our town Thursday.

Ben Davall is all grins now, a daughter has made its appearance at his house.

Dr A J Driskill of Marion is attending Mrs J H Smith, who has been in bad health for several months.

Miss Willie Clement, of Marion visited J S McMurry's family Saturday and Sunday.

Mrs J H Shuttlesworth of Evansville is a guest of friends and relatives here.

George and John Samuel tumbled over to Marion last week and had their teeth worked on.

Will Thurman is just back from Louisiana, like the dove of Noahs Ark instead of an olive leaf, he has brought back banana leaves,

oranges and a flowery spear of the South. He has already purchased some real estate and will leave again Tuesday, accompanied by a number of citizens of this section.

Judge Pierce of Marion, has purchased half interest in Hodge & McCheesney's saw mill. The Judge is a hustler and expects to do a great deal of work in the county this spring.

J F Dalton tramped over to Blackford last week and so did the Harmon section crew,

### HAS STOOD THE TEST 25 YEARS.

The old, original GROVE'S Tasteless Chill Tonic. You know what you are taking. It is iron and quinine in a tasteless form. No cure, no pay. 50c.

### CARRSVILLE.

For sometime we have looked in vain expecting to see items from this place, and for fear that we shall be forgotten we wish to say that we love representation and love to see ourselves in print.

The river is nearly clear of ice and we are expecting to hear the welcome voices of the Fowler and Hopkins at any time.

C D Davis is building fencing and improving his home generally.

Misses Addie Pope and Lou Humes visited Mrs Frank Hamby Saturday.

Prof Cavander, of Rosi-Claire Ill., attended the school entertainment Saturday night.

Among our visitors last week we noticed: L A Worton, of Good Hope; Bruce Babb, of Marion; Robert Guess, of Salem; Jake Love, of Love's Chapel; Fred Faulkner and family, of Berry Ferry, and others.

One of the best school entertainments ever had at this place was given by Prof R F Babb and pupils Saturday night. Many of the comic and witty sayings and the clever acts of the actors brought the house down throughout the play. Prof Babb has given us two entertainments which have netted the school \$75, and has been the means of adding 125 volumes to the school library. He has given us the best school of years and is to begin a normal March 13. As he is the democratic nominee for school superintendent, we feel sure that the schools will rise to a higher plain under his magnetic influence.

### SALE NOTICE.

On county court day, Monday, March 13, 1905, will expose to public sale to the highest bidder, at the late home of Rev R. Y. Thomas, all the household and kitchen furniture, garden tools, horse and buggy, and the numerous articles usually found in a well equipped home.

All sums under \$5 cash in hand. Over that amount 6 months credit with approved security.

R. Y. Thomas, Jr.

## FIFTY YEARS

From a small beginning this firm has grown until our factories now cover many acres. Some of our machines sold fifty years ago are still giving faithful service.

## WHEELER & WILSON SEWING MACHINES

The Rotary Hook, a distinctive feature, originated with this machine, operates in one continuous revolving motion. Compared to a shuttle it works on exactly the same principle as the circular buzz saw in contradistinction to the cross cut saw. The work that can be accomplished, the speed that can be made, and the ease and convenience of operation all are features that have combined to give this machine its present enviable prestige.

THREE MILLION HAVE STOOD THE TEST OF TIME

## NEW SALEM.

The robins have come, John Harpending is able to be out again after a weeks illness.

Lan Harpending was the first to start a plow in this section.

Our farmers made things move the last few pretty days.

Hubert Austin has reached his home after a six weeks stay in Illinois. He was blockaded by the ice.

There is still some complaint from grip in this section, but with a few exceptions our people are getting around again.

Our young friend John Pace, who lives on the Kirk Bluff, had quite an exciting encounter with an old ram that he owns in which the ram came out victor. John went into the fight with his best moleskin pants on, and he came out of it with enough of the pants left to tell what kind of goods they were made of and bruises enough to take a pint of arnica for one basting. Many years ago we discovered it best to give such a wide berth.

The candidates the past week have given our section a rest for which they have our most sincere thanks.

Harris Austin has gone to Illinois.

Our farmers are building a great deal of wire fence this spring. Keep up the farm and it will keep you up.

Road working will soon be on hand. The public road from Salem to Marion needs some work now in a few places. We are in hopes the present summer will see a great improvement in our road working.

Our people generally are attending the big meeting at Salem; they report a fine meeting.

E Champion is selling off his property and will leave in a short time for the west and will spend a while looking over the country to see if he can't find a better poor man's country than this is.

Wallace Davidson moved this week from the Brouster farm to the Geo Barnes place.

A great many burnt tobacco beds the past week.

Are we going to have an early spring is the question asked by every one. With so late an Easter we are fearful of lots of bad weather yet.

John Harpending talks of leaving for the west in a few days.

How is the fruit crop over the county; we would like to hear from the Press correspondents.

James Perigan from Mississippi is working for his uncle, Bob Mahan.

How quick some people forget a good turn done them; it is better to remember these acts of kindness. One does not know how soon they may need a friend.

From present indications the tobacco acreage in this part of the county will be 49 per cent larger than last year.

It seems like the prolonged cold weather has starved and frozen out the quails, as I have not seen a single bird since the good weather set in.

THURSDAY, MARCH 9, 1905.

**For Representative.**  
We are authorized to announce  
**T. H. COCHRAN**  
Of Marion, as a Candidate for Representative from the counties of Crittenden and Livingston, subject to the action of the Democratic party.

"A country is known by the roads it keeps."

The President's Texas trip has been postponed. He will probably pass through Louisville early in April.

New York is laboring with another serious strike. This time it is the employees of the Interborough Transit Co., 5000 of whom are out.

The Coal Miners Convention now in session in Louisville, will ask for an increase in wages. In the election of officers President Wells, of Central City, will be opposed by Kit Barmby, of Sturgis. The attendance at the convention is unusually large.

Yesterday was Ash Wednesday, which marks the beginning of Lent and was observed by the Roman Catholic and Episcopal churches. The season of Lent continues forty days and ends with Easter; during the entire time the whole interior of the Roman Catholic churches will wear a solemn and penitential appearance. All bright colors are removed and violet takes the place of them. There are but few, either Catholics or Episcopalians, in our community.

Hon John H. Reagan, the last surviving member of the Confederate Cabinet, died at his home at Palestine, Texas, of pneumonia, March 6, in the eighty-sixth year of his age. Judge Reagan occupied the responsible position of Postmaster-General in the Cabinet of President Davis, and was accounted one of the bravest among the brave in those troublous days that forced men to show their metal. Judge Reagan was born in Sevier county, Tenn., in 1818. Peace to his ashes.

The earth seems a hovel when we sit down in idleness and seek only to satisfy personal wants. We must think of others. When we keep at work, singing as we go, the whole world seems a palace and all things are bright and full of hope.

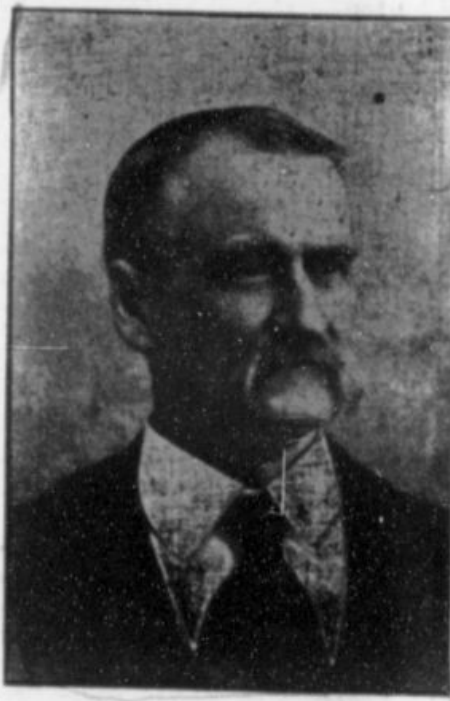

"Whatever tends to build up these bodies of ours, to make the brain more active and the hand more skillful, is one boon to mankind. One of the strongest agents in accomplishing this is, regular and temperate outdoor exercises by both old and young.

The latest dispatches from St. Petersburg admit that in the series of battles fought within the last ten days Gen. Kuropatkin has been signally defeated at all points, that his army is now almost completely enveloped that his line of retreat through Tie Pass is being threatened and that he will be lucky to escape with any portion of his army from the net which now entangles him.

The Washington correspondents tell us that everything pertaining to the Presidential inauguration last Saturday was on a regal scale. And why not? The United States is a regal country in everything but the name. It is regal in resources, regal in influence, regal in population, regal in past achievements and future possibilities. Don't bring up that old chestnut about Thomas Jefferson riding alone down Pennsylvania Avenue, hitching his horse in front of the Capitol, going in and taking the oath of office. If Thomas ever did that it was because at that time Washington City was a forest and Pennsylvania Avenue a hog path. No, sir; let the eagle flap his wings and scream. In this connection a Washington correspondent writes:

"It was the first National inauguration since the Civil War. The South sent up its warriors and its State officials. Men who fought each other for years under different flags; men who fought together in the war with Spain under one flag; executive officers of the States which upheld the stars and bars and of those which stood for the stars and stripes marched together in review before their common President as soldiers of the Republic. With these, to illustrate our new nationality, comes marching representatives from the Philippines and Porto Rico, Islands where the sunset fading from the flag in the far Pacific rises on its folds along the Atlantic horizon."

**Trice Bennett's Record.**  
The Courier-Journal of Sunday the 26th contained the following telegram from Marion, Ky.: "A record breaking score at bowling was made here today by Trice Bennett, a student of the high school. It being a total pinning of 738 in three games, average 246."

**W. D. WALLINGFORD**

The old reliable liverman, has moved into his new stable thus verifying the old saying: "You can't keep a good man down." Dudley counts his friends by the score and all are glad to see him "rise phoenix-like from the ashes." His new stable is a daisy and a valuable acquisition to the appearance of Marion.

### THE 100th ANNIVERSARY.

The fifth Sunday in April will mark the 100th anniversary of the 'Missionary Baptist Church' at Old Salem, and on that day services celebrating the centennial of the organization of that church will be held there.

The church was organized at the home of Jeremiah Fulkerson in 1805, and at that time the deed to the first church lot was sent by some of the charter members to old Centerville, (near where Mexico station on the I C railroad now stands) to be recorded as the county seat was then located there. The ministers and deacons of the Ohio River Association will convene at the church on the 5th Sunday in April and appropriate services, commemorating the formation of the church, will be held.

The best medicine is cheerfulness and temperance. The best coffee is Chase & Sanborn's roast—peaking. Morris & Hubbard.

### BELLE WATSON IN MARION.

Belle Watson, the woman charged by the Moore boys with the burning of Clem Davenport's residence near Salem was in Marion Tuesday afternoon. She was driven here in a buggy and stopped at first at H. F. Foster's barber shop and had her black looks removed. Her hair was shingled very closely and she then repaired to the Gill House where she took supper.

When the 7:30 train passed Tuesday night parties who claim to know her say she took the train and went South, and that she was dressed in male attire and told those who questioned her that she was going to Paducah.

We have Heinz Keystone brand canned goods in endless variety. A trial is all we ask.

Morris & Hubbard.

### HEMMED IN.

#### Gen. Kuropatkin Surrounded by the Japanese Army.

It appears from the fragmentary dispatches that the tide of the greatest battle fought in modern times has been turned against Gen. Kuropatkin and that Marshal Oyama's bold scheme to surround the immense Russian army has been successful.

It is reported at New Chwang that the scouts of the army of Gen. Nogi and Gen. Kuraki are in touch behind the Russian forces at Tie Pass.

St Petersburg hears late this afternoon that the day has again gone against the Russian arms.

Marshal Oyama's stupendous plan to surround an army which has a front of nearly ninety miles is the most daring in the history of warfare, and it now seems to be successful.

St Petersburg March 8.—All hope that Gen Kuropatkin will be able to turn defeat into victory is rapidly vanishing.

The position of the Russian army has been growing increasingly desperate during the last 24 hours.

The gravest danger is from the Japanese left which has been pushed northward on the Simintin road to a point eight miles northwest of Mukden, where he has joined the flanking column from the west.

The battle raged with terrible bitterness throughout yesterday, with all the reserves hurried to the scene to block the stroke at the Russian line of communication.

During the night both armies brought up additional forces and projectiles filled the air.

London, March 8.—The Daily Telegraph's correspondent at Tokio says: Reports are current here that the Russians are in retreat, and preparing to destroy the railroad north of Mukden.

General Kuropatkin is said to have gone to Fushan after holding a council of war.

His left rear guard consisting of 20,000 picked troops, is retreating.

Chinese report that Mukden has been completely evacuated and that its great magazine were set on fire by the Japanese shells.

Beyond the fact that the casualties exceed those of Liao Yang, there is little known as to the number killed or wounded.

### Caldwell Circuit Court.

The March term of the Caldwell Circuit Court convened Monday and is now down to business, with Judge J. Flem Gordon on the bench.

There are several important criminal cases on the docket that if tried this court will take up a great portion of the term. The civil docket is also larger than usual and several important cases will likely be tried.—Leader

**RICHARD J. MORRIS**

In a great bowling contest in this city last Friday, Dr. Richard J. Morris, the well known dentist, made a perfect score—a total pinning of 300. This record has not been made many times before in this state. Dr. Morris is an amateur bowler and is quite fond of athletics. He is a native of Union county and was educated at St. Mary's College near Lebanon, and graduated with honors shortly before he located here and began the practice of dentistry. His friends are congratulating him on his performance and feel proud that Marion has a bowler who can equal the best.

### The Ideal Entertainers.

The Ideal Entertainers appeared at the Cookeville opera house last night and played to an appreciative audience. They have been coming for the past four years and gave a varied program, but this was pronounced by all the best ever given. Mr. Nelson as an impersonator was exceptionally fine and Mr. Holden gave great pleasure in the artistic way in which he handled so many different instruments. Mrs. Holden's Serpentine Dance was new to a Cookeville audience and greatly appreciated. It is hoped that they will be booked for a return engagement although only by chance they stopped in a town of our size this season.—Cookeville Press.

English walnuts, almonds, filberts and pecans.

Morris & Hubbard.

### Julius Fohs Honored.

Julius Fohs has been signally complimented by being selected as assistant state geologist. He will assume his new duties early this spring and will receive as superintendent of the Marion Zinc Co., Mr. Fohs is a painstaking, deserving young man and has risen to the top in his profession solely by his own energy, industry and mental ability. The Press is proud of him. His article on "Concentration," read before the Commercial Club at its banquet Dec. 31st, 1904, was highly spoken of and was copied from extensively.

### MUSTERED OUT.

To Brit Mead, deceased, Co. C. 11th Infantry.

Wreath his coffin round with flowers  
And play the dirge with care;  
The final "taps" sounds clear and true.  
My comrade slumbers there;  
Bring the stars and stripes, laid,  
And fold it round about,  
A soldier lies beneath that lid,  
My comrade, "mustered out."

Fire the volley o'er his grave,  
A soldier's last farewell,  
And place the white stone at his head,  
And see you place it well;  
And carve his name in letters plain,  
That there may be no doubt  
A soldier lies beneath this mound,  
A soldier "mustered out."

At war's alarm he proudly came,  
No quailing and no fear;  
And when the call for courage came,  
He promptly answered "Here."  
But now his journey lies beyond,  
He's on a different route;  
No trouble more will fret his mind,  
My comrade, "mustered out."

Farewell old comrade, brother, friend,  
God rest you there in peace,  
Until the final "reveille"  
Shall give us all release.  
And on that glorious judgment day,  
A crown I have no doubt  
Will grace your brow, O comrade mine  
Our comrade, "mustered out."  
B. E. Woody.

Corporal Co. C. 11th Infantry, U. S. Army, Calbayog, Samar, Philippine Is.

"Oh, come with me where the wind blows free,  
And the merry sun rides high!  
Together we'll spin where the tides flow in,  
And the beach is hard and dry.  
In my bounding race forever I feel  
Triumphant and free from care.  
As on I go with my cheeks aglow,  
The joyous Queen of the Air!"

# Morris & Hubbard

## GOOD ROADS TREATED BY A SPECIALIST.

Mr. Temme Handles the Subject in a Masterly  
Manner and Knows Whereof He Speaks.

Taking for granted that our fiscal court, knowing that public opinion demands a betterment of our public highways, and will support the members of the court in every legitimate effort toward such betterment; taking also for granted that the members of the Crittenden County Commercial Club as well as every citizen of the county interested in the welfare of the county will help by contributions of work, material or cash, (gab fest orations are not very inductive to road improvement and can be safely dispensed with); taking all these things for granted—but can they be?

May it not be possible, as well as probable, that while everybody is at the present more or less mud bound, and therefore in favor of immediate and permanent betterment of the public roads, when the next session of our fiscal court convenes a spell of fair weather has dried up the otherwise unfathomable mud and made travel on horseback possible, and besides its healthful exercise, a pleasure, and since dad, and grand dad and great grand dad, back to the days of early Virginia and the Carolinas, traveled that way and were proud of having but one horse, and lived hale and hearty to a good old age, and all were stalwart people withal and since there is enough of hog and hominy in the smoke house, till the weather gets settled, and it is nice enough to drive to mill with say three hundred pounds and making a day of it, why is it necessary to stir up all this both-eration about good roads? It would only mean a lot of money and work spent foolishly, a lot of new notions brought into our midst, and, therefore, "let her slide!"

And slide it is, and has been and whether it is to remain so rests with us of today. It is so easy to slide and there has been a general slide all along the line. First to slide was the wild game of the glo-

rious woods, which to furnish meat and pelt was made to slide off the face of the earth. Naturally, the timber came next. Fortunes were sent up in smoke and down the streams. Then the very soil was made to slide, slide down from the deforested hillsides into the branches and creeks filling them up and causing overflow of the bottom lands, as well as destroying breeding places for fish, bringing, by the branches and creeks the silt into the river, and forming shoals and banks, bars and islands almost making an end of river navigation.

When the game disappeared, hogs and cattle gradually took its place, and would follow the old trail to feeding ground and salt lick, water and ford. And these old trails, Indian or game, are the general courses of most of our public roads today; worn down of course, with the main water channel in the center, ready to tumble across the road lining the banks, and narrow enough to give a good excuse for a half hour talk when garties teaming meet each other there. "It is so nice."

And so it is possible that the members of our Fiscal Court, seeing which way the wind blows, feel disinclined to take any official action.

And what sensible person would blame them? Under our form of government in the United States the citizen who is elected to manage the public business is holding his office by reason of a majority of votes given him—and counted for him by the returning board. His actions, therefore, in most cases are a true reflex of the character of the people he represents and like a barometer, show either "Fair Weather," "Stormy," or "Changeable," as the case may be.

Should it be the case now that cold water is thrown onto the good roads movement, (uncharitably disposed persons call these cold water throwers "knockers," or "kickers," while the parties themselves imagine they are "conservative.") it would follow that the end of the year 1905 sees the roads of Crittenden county in the same forlorn and hopeless condition that its beginning found them and, very likely, about the same virtuous and progressive resolves about road improvement will be formulated January 1, Anno Domini 1905, that were let off upon a listening public at the beginning of the present year.

But suppose now that the foregoing philippic is a wrong conception of the true feeling of the members of our Fiscal Court and their constituents; suppose that a fair majority of officials and citizens of this county sees the great benefit accruing to them by a systematic betterment of roads; suppose it is merely a hesitancy as to manner and ways and means of such improvement that still keeps so many silent as to the matter; suppose, again, that men of affairs and grit and push are entrusted with the management thereof; suppose, with other words, that the Rip van Winkle sleep is ended and action takes the place of oratory and buttonholing; suppose the Fiscal Court takes action as suggested in a previous article at its next session, then indeed will a new era begin for Crittenden county; and for one the writer of this will do as much therefor in proportion as any other man in the county; helping thereby to really make of this end of the State of Kentucky that what it proudly calls itself—"a Commonwealth."

Of course every undertaking should be based upon a systematic

plan: while it is impossible to prevent some waste and apparently unnecessary expense, without system the waste will often equal the total amount put into profitable use; while, under a systematic plan, the apparent waste of one section or department is the material used in another.

In road building, a branch of civil engineering which has received careful attention in Europe for two thousand years, while in the United States it has slumbered from the time of President Thomas Jefferson, who built the great National Road from the Ohio at Wheeling, W. Va., to the Mississippi at St. Louis (Venice, Ill.) to about twenty-five years ago, the surveyor always does the technical field work. And here I would say that, as I said in my previous article, that Crittenden county is fortunate in having two live papers, edited by gentlemen of broad mental capacity, so Crittenden county is equally fortunate in having surveyors like Messrs. Hon. Towery, Hon. Kevil, J. E. Sullen and Kevil Jr. No doubt there are other gentlemen learned and versed in the art of calls, courses, corners and bearings, whose acquaintance to make would be a pleasure to me; but owing to lack of opportunity I have not met them up to the time of this writing and hence are unable to name them.

[CONTINUED NEXT WEEK.]

**CASTORIA.**

Mary Burley, the oldest resident of Grant county, died at her home in Williamstown last week. It is claimed that at the time of her death she was 106 years.

## Dragging Pains

2825 Keeley St.,  
CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

*Maudie Bush*

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

**WINE OF CARDUI**

## COLDS THAT HANG ON

So frequently settle on the lungs and result in Pneumonia or Consumption. Do not take chances on a cold wearing away or take something that only half cures it, leaving the seeds of serious throat and lung trouble.

## FOLEY'S HONEY AND TAR

Cures Coughs and Colds quickly and prevents

### Pneumonia and Consumption

#### CONSUMPTION THREATENED

C. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of FOLEY'S HONEY AND TAR. It cured me, and I have not been troubled since."

#### HAD BRONCHITIS FOR TWENTY YEARS AND THOUGHT HE WAS INCURABLE

Henry Livingstone, Babylon, N. Y., writes: "I had been a sufferer with Bronchitis for twenty years and tried a great many with poor results until I used FOLEY'S HONEY AND TAR which cured me of my Bronchitis which I supposed was incurable."

THREE SIZES, 25c, 50c and \$1.00—Refuse Substitutes

SOLD AND RECOMMENDED BY

WOODS & ORME, LEADING DRUGGISTS, MARION, KY

### Free to Sufferers of Throat and Lung Troubles

## Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

## SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. **SCOTT & BOWNE** Chemists 409 Pearl St., N. Y. 50 cents and \$1.00 All druggists

Enclosed with every bottle is a Ten Cent package of Grove's Black Root Liver Pills.

### Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

### Agreed with Both,

Horace Greeley was the author of a style in editorial writing which has been often imitated but never probably equaled. During his editorship two newspapers, neither of which was friendly to Mr. Greeley, became engaged in a violent altercation. The argument grew warmer until each paper openly called the other a liar. It

was the opportunity Greeley had been waiting for. He announced in his paper that "he had the honor to agree with both of his distinguished contemporaries."

### The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my tried dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to Cure, Dyspepsia, Biliousness and Kidney Disease, by Woods & Orme, druggists, at 50c a bottle.

After using a few bottles of Dr. Fletcher's Kidney and Backache Cure I passed a gravel half as large as a marble. The medicine prevented further formations. I was cured." **W. T. OAKES, Orris, Va.** Druggists, 50c. Ask for Cook Book—Free. **ST. VITUS' DANCE** Sure Cure, Circular, Dr. FLETCHER, Fredonia, N. Y.

## THE EASTERN WAR,

**Dispatch Says the Russians Are Surrounded and Are Being Cut to Pieces.**

St. Petersburg, March 4.—Two lengthy dispatches received from General Kuropatkin, dated March 3 and 3 detail the movements of troops in various directions. One dispatch says:

"The Japanese vigorously attacked the Gouta pass position and we abandoned it.

Field Marshal Oyama has shifted the weight of his left seeking to envelope the Russian right 8 miles southwest of Mukden. But the most serious news is that the Japanese flanking column are at Sin Min Tan, about 30 miles west of Mukden, and is making forced marches north to cut the Russian line of communication at Tie Pass and close Gen Kuropatkin's line of retreat.

Berlin, March 4.—A dispatch to the Tagblatt from St. Petersburg says:

"General Kuropatkin in a telegram which arrived here at 7 o'clock last evening, said 200,000 Japanese had broken through the Russian left wing and that it was cut off from the remainder of the army.

At ten o'clock came another dispatch from Gen Kuropatkin, as follows:

"The Japanese are marching on Mukden. My position is extremely dangerous."

In Government circles here today there is a conviction that Gen Kuropatkin has been badly beaten and that the railroad at Mukden will probably be cut.

**CASTORIA.**  
The Kind You Have Always Bought  
Bears the Signature of *Dr. J. C. Ayer*  
**STRYCHNINE FOUND.**

San Francisco, March 4.—The Call today says:

"At a late hour this morning comes the startling information that during a search of Mrs. Sandford's residence on Nob Hill by detectives yesterday a bottle containing strychnine was found. This, it is believed brings the perpetrator of the murder close to home. Whether this bottle is the one which the murderer took the poison that was placed in the Poland water that Mrs. Sandford drank, and later in the bicarbonate of soda which caused her death, is a secret the police will not divulge."

## S. S. Teachers' Training class.

SCRIPTURE READINGS.  
Thursday, March 9, Finding out the Sinners, John 8: 1-11.  
Friday, March 10, Christ the Light of the world, John 8: 12-16.  
Saturday, March 11, Witnesses to Christ, John 8: 17-20.  
Sunday, March 12, Dying in Sin, John 8: 21-29.  
Monday, March 13, True Disciples, John 8: 30-32.  
Tuesday, March 14, Abraham's Seed, John 8: 33-56.

### THE SLAVERY OF SIN.

Sin is a master. "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye are to obey: whether of sin unto death, or of obedience (this is Christ) unto righteousness," Rom. 6: 16. Sin is not only master, but a tyrannical master. Sinners are his victims, his serfs, his slaves. The sinner may boast as did these Jews, "We were never in bondage to any man," and yet they are manacled and hand cuffed and bound in the stocks of sin. The sinner is bound by the inward tendency to sin. He is then impelled toward a sinful life. Any one who indulges in any sinful habit, is bound by that habit. How important then that we form right habits. The youth of our land is now in a plastic state, but their repeated acts, forming habits, are fast crystallizing into character. How important that their acts be pure instead of sinful. The occasional oath, the occasional drink, the occasional obscene word, the game of cards just for pastime, the night spent in the giddy dance, crystallizes into the profane swearer, the foul-mouthed corrupter of youth, the drunkard, and gambler, the debauchee.

### THE GLORIOUS LIBERTY.

True discipleship is the only true road to liberty from the thralldom of sin. "If ye continue in my word, then are ye my disciples indeed, and ye shall know the truth, and the truth shall make you free. We must abide in his words; that is, study his word, love his work, and obey his word,—and his word must abide in us—be the nourishment and joy of our lives.

### LIVING THE LESSON.

1 Have I any sinful habits? If so, to what extent, I am the slave of sin. I will try, by God's help, to divest myself of every sinful habit—quit at once and forever.  
2 Have I any doubtful and questionable habit? Any habit that occasionally gives me a twinge of conscience? (Let your conscience have full play and turn the light of truth in upon your life). If so, will I endeavor to give up this habit? "If meat make my brother to offend, I will eat no flesh while the world standeth." "Abstain from all appearance of evil." Paul.

### SEARCH QUESTIONS.

1 In what way did the Jews seek to entrap Christ by presenting the woman taken in adultery?  
2 How did he meet their snare?  
3 In what sense is Jesus the "light of the world"?  
4 What witnesses testified to Christ?  
5 By what authority did Christ teach?  
6 What is the difference between real discipleship and mere profession?  
7 Was the claim of the Jews that they were never in bondage to any man true?  
8 How can the truth make one free?  
9 In what respect did the Jews in Christ's day differ from Abraham?  
10 Who was the real father of the Jews judged by their actions?

## FROM R. B. DORR.

Los Angeles Cal., 223, 1905.  
Editor Press:—I feel very much like writing and telling you and my old friends of Marion and Crittenden county of my joys and sorrows, my ups and downs since leaving old Kentucky. I have met a great many friends of former years since coming west. Among them Mrs. Julia Moore, widow of our lamented friend and pastor, W. T. Moore, remembered by a great many of your readers; another who long years ago left Marion and is almost forgotten by many of his friends, but who I have no doubt will be overjoyed to hear of him again, is Harry McKinney. I have lived in five or six blocks of him for over two years and just run up on him last week. I was delighted to meet him and his wife, a most excellent lady. He carried me back over the flight of years to mine and Marion's younger days when Charlie Gregory, Charlie Stinson, Calvin Elder, Press Woods and a host of other good fellows made life joyous and happy. Quite a number of Crittenden people are living in Los Angeles. I have met Frank Orr and his wife, Mrs. Addie Briggs, Charley Love. All are happy and contented in this beautiful land of sunshine and flowers. We have had some very refreshing rains since Christmas and the grass is knee high and growing fine. The farmers are delighted with a bright prospect of an abundant harvest. Peach trees are in bloom and an abundant crop of oranges and lemons and grape fruit are being gathered and shipped to all quarters of the earth. I will say this is the coming country. With its genial climate, rich soil, and mountains of mineral, gold, silver and copper; its fertile valleys teeming with fruits of variety, and unlimited crops of every description, it will not take a clairvoyant to tell what is in store for the future. I will predict here that it will be the most densely populated part of the union in time and perhaps a very short time, for at the rate of the present influx of emigrants it cannot take a very long time for the country to be thickly settled; so if any of your readers want to get in on the ground floor they had better get a move on themselves and take up their abode in or near the Garden of Eden.

Mrs. J. B. Kevil, wife of your city judge, Miss Rosa and Jammie, are enjoying life here, and by the way, Mrs. Kevil is looking well and enjoying better health than she has for many years. She is looking fine, I am happy to say. I think the judge would do the best thing he ever did in his life, were he to locate in this city and become like his better half —20 years younger. I am really glad to see Mrs. Kevil with the bloom of health on her cheeks and elasticity of youth in her steps. I feel ten years younger than I did ten years ago, and that is the experience of every one who resides here any length of time—that's no joke either. We can see old cripples throw away their crutches, the deaf hear again and the blind are restored to sight. The air is filled with the perfume of sweetest flowers and the melodious song of rarest birds. It is a land where any one with a soul within them would be happy and contented to live over their allotted three score and ten years, and on and on; the longer they lived they longer they would want to live. Surely it is a land flowing

**A life saved by FOERG'S REMEDY**  
the great blood purifier

Read this grateful letter from a prominent Kentuckian  
Princeton, Ky., Feb. 4th, 1908.  
I wish to state for the Foerg Remedy Co. of Evansville, Ind., that I believe their great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and it seemed he could get no relief until he took Foerg's Remedy same as manufactured by this company. After taking five bottles he was entirely relieved of his trouble, and when he died five years ago he was entirely well of that disease. I also took two bottles as a blood purifier and was much benefited.  
(Signed) C. H. LEWIS, Princeton, Ky.

(Attest) H. C. STONE, Princeton, Ky.  
People do not become interested in these subjects until failing health or a distressing outbreak of the skin reminds them sharply of their ignorance. Is it any wonder then that so many become the easy prey of quack remedies both inside and outside the medical fraternity, and too often, find a tragically early grave, where a little common sense knowledge would have shown them the means of recovery and spared their lives. Know thyself!

**AND HERE'S THE REMEDY**  
Forewarned is forearmed—let this warning sink deep in—obtain from us or from your druggist a trial quantity of the Remedy—test its efficiency the first time you have the opportunity, so that you may know for yourself and become an enthusiastic convert to the virtue and strength of our marvelous blood remedy—from then on you will refuse to be without it until your cure is effected. Why take chances? Why procrastinate a single day? Act now. Price \$1.00 per bottle, six bottles for \$5.00.

## LUMBER and TIMBER

**FOR SALE.**

A few mineral properties. Phone 1.

**W. A. DAVIDSON,**  
Levias, Ky.

**FOLEY'S HONEY AND TAR**  
Cures Colds: Prevents Pneumonia

### LEVIAS.

Eld J S Henry was in the pulpit at Union Sunday as usual. Many of the congregation however were absent on account of prevailing la grippe.

Miss Lelia Carter is visiting friends in Salem and attending the meeting.

Carson Franklin and family of Marion, attended church here Sunday.

D F Fox, of Shady Grove, visited his son here Saturday and Sunday.

James B Franklin, depot agent from Mississippi is visiting friends and relatives here for a few days.

L A LaRue and family, of Sheridan, attended church and visited here Saturday and Sunday.

Ulie Threlkeld, of Tolu, attended church and visited relatives here Saturday and Sunday.

Mining work continues with unabated zeal. Lowery and Hopewell are pushing on to abundant success and expect to have mineral to ship when the roads will do to haul. Mr Haury, of Marion, was here last week and has made arrangements to renew prospect work on the Beard place and other properties he holds in this district.

J W Carter and Henry Farmer, of near Repton, attended the wedding and visited friends here last week.

Harve Vinson and wife, of Ench visited relatives here last week. They expect to take the emigrant train soon for Washington.

### FARMER GILLES.

Union church was the scene of a happy wedding Wednesday evening. Kay Farmer and Miss Udle Gilles, two of our most popular young people, attended by Rush Hughes and Miss Zetta Price, presented themselves at the altar beneath a lovely arch before Eld E M Eaton where they took upon themselves the vows of matrimony. The wedding march was played by Miss Ethel Price. Many friends witnessed the happy event and join in wishing them a prosperous voyage. They will reside on their farm near Repton.
