HEAVY VOTE CAST

IN REPUBLICAN PRIMARY ON APRIL FIRST.

Considering Circumstances Deboe and Conger Made a Good Race.—Morgan Not a Bad Runner.

MAGISTRATES BE NAMED BY MASS CONVENTION

Greater interest was manifested in the primary called off Saturday than was anticipated it being at the very busiest season of the year for the farmers. Considering the fact that the full Republican vote of the county is a little less than 1900 the total vote polled Saturday, which was 1513, was a heavy one.

In the Marion precincts numbers of citizens were very much concerned about the havoc done by the recent fire and apparently were not interested in the primary at all, but when the result of the days voting was announced it was learned that almost the entire quota of votes for the five precincts had been polled.

In the race for county judge a total vote of 1493 was polled. Walter A. Blackburn, winning the fight over his opponents, A. A. Deboe and A. Towery. Blackburn's plurality was 462.

In the race for county attorney Carl Henderson was named for re-election by a majority of 225 over his opponent Jas. A. Moore.

The greatest interest of all was manifested in the race for the nomination of sheriff. There were five candidates each of whom received a fairly good vote from the standpoint of the manner in which their strength was divided. The total vote polled in this race was 1513. The fight was won by J. F. Flannery by a plurality of 113. Frank Conger ran second and W. S. Hicklin was third in the fight.

Albert H. Travis was nominated for re-election to the office of jailor by a plurality over his opponents, Gilbert and Morgan, being 164. In this race Morgan made a good fight, receiving a vote of 633 out of a total vote of 1472.

In the race for the nomination of assessor the fight did not warm up as it otherwise might have done had the leading candidate, J. Anthony Davidson, been able to make an active personal canvas. He suffered with rheumatism and was confined to his bed nearly throughout the campaign. Mr. Davidson lacked but one vote, being named for the place four years ago when the nomination was made by forty committeemen of the county. For this reason Mr. Davidson held the prestige in the campaign.

paigned, but his opponents won considerable strength. The total vote cast was 1452.

Charles Walker, and present coroner W. F. Holcomb, got in the race for the nomination for coroner just in time to get on the official ballot. They interested 1104 persons but Walker won the fight by a majority of 156.

The total vote received by Paris and LaRue for superintendent of county schools was 1396. Paris was nominated for re-election by a majority of 466.

On Monday the official count of the ballots was made by the county committee and the declaration of the people at the polls was confirmed by that body. The committee also called mass conventions for the purpose of nominating candidates for magistrates. These conventions will be held sometime in May.

The report as adopted by the committee Monday follows:

Pursuant to adjournment, the

Crittenden county Republican committee met at the court house in Marion, Ky., on the above date, to count the vote received by all the candidates, in the Republican primary election, held in said county on April the 1st, 1905, and having performed said duty find that the following named candidates received the following number of votes to wit:

MINING.

Compressed Air Plant.

FOR COMMODIOUS MINING COMPANY.

The First Plant Of the Kind
(To Be Installed In
This District.

The Commodore Mining Company, of which William Miller and John Scheas, capitalists of Louisville, are president and vice-president respectively, has recently closed a contract with the Ingersoll-Sargent Drill Co., for a complete compressed air drilling plant, consisting of the latest improved machinery.

The compressor is of the simple, straight line type, and has a capacity of six drills.

The drills are of the percussion type, and are known as the "Little Jap," having a capacity of from 60 to 70 feet of lineal feet of hole per day, and are dressed especially for block-holing in lead, zinc and fluor spar work.

These drills, operated by compressed air, together with the hoisting plant which the Commodore Company has also ordered, will give a capacity of 3 to 4 feet depth of shaft per day, or equal to a week's sinking with the ordinary methods now used in the district.

It is the expectation to sink the Commodore shaft at least 500 feet before stopping, which means much in the development of this district, as the Columbia shaft, which is less than 200 feet, is now the deepest shaft in the district.

This machinery is expected here in the course of the next week or two, at which time Messrs. Miller and Scheas will spend several days in the district, accompanied by the

drill company's representative, Mr. V. R. Evans, who negotiated the sale, and who is also an experienced engineer, having been a mine superintendent for several years.

The Commodore company owns the Dave Franks 100 acre tract in fee and mineral right on the Della Flannery and Simon Station tracts each consisting of about 85 acres, all located near Glendale.

With the showing of lead and zinc ore already made in the Commodore shaft, the company does not feel that any risk is incurred in installing the compressed air plant, and they are very anxious to develop their properties in the quickest possible manner.

JOPLIN LEAD IN GOOD DEMAND.

Top Price Reported for Zinc
During the Week was
\$45 Per Ton.

Joplin, Mo., April 2.—The highest price reported paid for zinc ore in the Joplin district during the past week was \$45 per ton for 63 per cent zinc. The assay price was most generally on a \$42 basis, with a few bids said to have been sold higher, but no definite report was made and some very low grade ore sold as low as a \$39 basis.

Several large mills have been closed down for repairs and doing dead work in the ground, and others will likely be closed down this week and others next week. It is conceded a splendid opportunity just now to prepare for a steady summer run. Lead continued in extra good demand at \$58 per ton, and the sale of this mineral were unusually heavy, one of the largest shipments ever made in one week.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to the tonic, laxative properties. 25c at L. L. Elgin,

LOUISVILLE MANUAL

At the April First Meet Our
Home Boy Wins Prize.

Lossie E. Gilbert, son of James Gilbert of this city, won a prize in the Louisville Manual, Saturday, April 1st. In the relay race between the University of Louisville and the Dental college he won the gold cup for the university. He was second in the fifty yard dash to break the world record, his time being 51-5 seconds.

Lossie entered the race with a sprained ankle, and we have been informed that without this handicap he would have outstripped all other contestants. It will be remembered that Lossie has won a number of local foot races, the most important of which was the winning of a lot in the Obyrian subdivision of the city. In this race his father was a contestant and ran a close second.

Lossie is in Louisville taking a medical and surgical course at the University of Louisville, and being very young and agile he enters the foot races for the benefit of his physical training.

THE TICKET.

At the polls Saturday the Republicans named one of the strongest tickets ever put in the field in the county. Every man nominated is honest, upright, competent and will be elected in November.

The defeated candidates are showing the proper spirit and asserting true manhood in that there is no kicking or dissatisfaction in the ranks of the party.

There were none but good men asking for office; no man was defeated because he was not a good man, but because there was not an office for all.

While nearly every voter in the county lost one or more of his choice we have a ticket that would be hard to improve upon.

If any man would refuse to support the ticket thus nominated, he would not be deserving of countenance at the hands of the Republican party, nor could we claim for him any degree of loyalty to the party of Lincoln, nor the tenets of popular government.

That the ticket is all right is the consensus of opinion, and proud we are to herald the fact that there is no dissatisfaction now, nor will there be any in November among the Republicans of old Crittenden county.

It is reported that Senator Albert Beveridge, boy orator of Indiana, is to marry Miss Alice Roosevelt, daughter of the President.

It is a pleasure to view the reconstruction work now in progress in our little city.

It's a good ticket, and everybody is now satisfied.

ROOSEVELT'S TRIP.

WASHINGTON, April 3.—President Roosevelt is looking forward with keen interest to his trip to the Southwest. It means a month or more of relief from the restrictions of official life. He is going to meet people of the sort he likes, and he is going to enjoy again simple life in the wilderness.

His admiration for the people with whom he will mingle has been often expressed and is known to be genuine, sincere. They are Confederate veterans, Texans and Rough Riders. To attend the reunion of the latter at San Antonio, April 7, is the primary object of the trip.

The presidential party includes besides Roosevelt, Attorney General Moody, Private Secretary Loeb, several White House stenographers and representatives of the press associations.

Leaving Washington at 9 o'clock this morning the president will spend tomorrow in Louisville, Ky., where he will be the guest of a Confederate veteran camp. He will go via Cincinnati, but his train will be in the Queen City for only a few moments very early in the morning of the 4th.

From Louisville the president will strike out for the Southwest. There will, however, be stops along the way. The first of these will be at St. Louis. The most notable will be at Muscogee and South McAlester in the Indian Territory.

Thankful to Voters.

WALTER A. BLACKBURN.

I take this method of thanking each and every one of my friends for the support given me in the primary held April 1st. Words are not at my command to express the gratitude in my heart to those who so nobly stood by me.

You have placed your banner in my hands, and I promise to faithfully try to carry it to victory in November; and I believe with the united efforts of the Republicans of our county that we will win a splendid victory in the final election.

I have now, as in the beginning of the contest, the kindest feeling for my opponents—Judge Towery and Mr. Deboe. I tried to treat each of them fairly all the way through. Had either of them been the choice of the party I would have cheerfully and loyally given him my support, and I am confident that each one of them is as true a Republican as I am and so expressed myself often before the primary.

If elected County Judge I shall earnestly endeavor to do my duty and do the utmost work for the upbuilding of our county.

Very truly yours,
WALTER A. BLACKBURN.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra live that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

'RAH FOR THE KITTY

The Kitty league is rated as a minor organization and the article of ball is supposed not to be as fast as in the major circuits but at Paducah Monday the Kitty league team took the Cincinnati National league team into camp to the tune of 5 to 0. The visitors were never dangerous and Paducah had everything her way. Blackburn for Paducah drew a home run. Wiley Platt, who was formerly a star in the National league, was on the slab for Paducah and had the Reds completely at his mercy. Charlie Street caught for Cincinnati. He was at bat four times got two hits, and had one passed ball.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which enters the life from the roots of human hair. Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

THE SUNDAY SCHOOL.

LESSON II, SECOND QUARTER, INTERNATIONAL SERIES, APRIL 9.

Text of the Lesson, John xi, 32-45. Memory Verses, 33-36—Golden Text, John xi, 25—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1905, by American Press Association.]

This is one of the saddest, but ultimately the most glorious, of all the events in the ministry of our Lord. Back of it all stands the glorious truth, "Jesus loved Martha, and her sister, and Lazarus" (verse 5). And the great truth that "God is love" is at the foundation of and all through the whole purpose of God as revealed in all Scripture (1 John iv, 8, 16). We must ever keep it before us and rest firmly upon it, remembering always that "as for God, His way is perfect" (Ps. xviii, 30).

His great desire for us at present is to conform us to His image and use us to make Him known. Hereafter He will share with us all the glory which the Father has given Him (Rom. viii, 28, 29; John xvii, 22). As in the case of the man born blind, so in the lesson story of today all was for the glory of God, that the Son of God might be glorified thereby (verse 4 and ix, 3). Notice in verses 11-14 that Jesus calls death a sleep, but it is always the body and never the soul that is said to sleep. Consider the consciousness of those in Rev. vi, 9-11, whose bodies had been slain, and see also Phil. i, 21, 23, and Luke xvi, 22-24, which is not called a parable.

After two days Jesus, knowing that Lazarus was then dead and buried, started for Bethany, and when Martha heard that He was coming she went out to meet Him and greeted Him with the words, "Lord, if Thou hadst been here my brother had not died" (verse 21). Just what she meant by verse 22 in view of verse 24 does not seem very clear, though this may have been her thought. "Although I know that my brother shall surely rise again at the last day, God can raise him now if Thou wilt ask him." Yet verse 29 seems against this. Jesus knew her thoughts and just what she meant, and He revealed Himself to her as the resurrection and the life, assuring her that the dead would rise and the living be changed without dying at the appointed time (verses 24-26). Her grand testimony, "I believe that Thou art the Christ, the Son of God," must be placed beside Peter's in Matt. xvi, 16; John vi, 69.

Martha returned to the house and secretly conveyed to Mary the message, "The Master is come and calleth for thee," after which Mary hurried to Him and greeted Him with the very words which Martha had used, but there may have been a difference in the way they were said and the thought back of them. We like to see Mary at Jesus' feet. She had often been there (Luke x, 39), but never before under similar circumstances, for truly she had not passed this way heretofore (John iii, 4). See others at Jesus' feet in Luke viii, 35, 41; vii, 38.

When Jesus saw Mary and her friends weeping He groaned in the spirit and was troubled (verses 33, 38). We, too, groan within ourselves waiting for the redemption of the body (Rom. viii, 23; 1 Cor. v, 2, 4), and the Spirit Himself pleads for us with groanings. But this word in our lesson is a wholly different word, and is only used three times elsewhere (Matt. ix, 30; Mark i, 43; xiv, 5). In the first two it is translated "straitly charged" and in the last "murmured against." It might indicate His indignation against sin and death, as in Hos. xiii, 14, where He says, "O death, I will be thy plague; O grave, I will be thy destruction—looking onward to the time when the last enemy, death, shall be destroyed. Not only did Jesus groan, but this shortest verse in the whole Bible says, "Jesus wept" (verse 35). When He saw the rebelliousness of Jerusalem and the woe that would surely overtake them He wept over the city.

Coming to the tomb, He orders the stone removed, but Martha objects, thinking the case hopeless. Jesus gently rebukes her unbelief with the words, "Said I not unto thee that if thou wouldst believe thou shouldst see the glory of God?" (verse 40, reminding us that the great thing is to believe in spite of everything, in spite of sight or feeling or circumstances. "Be not afraid, only believe" (Mark v, 36). The stone being removed, He talked with His Father in the presence of them all, that they might have another strong evidence that the Father sent Him, for He always glorified the Father. Then He cried with a loud voice, "Lazarus, come forth," and instantly Lazarus was alive and well and standing at the grave's mouth, but he was still bound hand and foot with grave clothes and the napkin was about his face.

Some one has said that unless He had mentioned Lazarus by name all the dead had come forth at the sound of that voice and by the power of His word (John v, 28, 29). How suggestive the next word, "Loose him and let him go!" Standing at the grave's mouth, bound hand and foot, he had life and health, but he could neither walk nor act. He had life, but not life abundantly (John x, 10), just like so many believers today. They have heard His voice and received Him and live (John i, 12; v, 24), but are hindered by tradition and unbelief and doubts and fears and the face of man and many things which the adversary is always ready to suggest, but the same word that gave life will give liberty, and in this you may have a part, for those who were free set him free.

Losses Will Aggregate 20,000 With \$6,000 Insurance.

Cadiz, Ky., April 4. A fire suffered last night its second fire of the year, half a block of new buildings in the heart of the city being destroyed at a loss of \$20,000, with \$6,000 insurance. A fire originated in Hancock's grocery, south of court house square, origin being unknown. That being the postoffice and contents, Dickerson's meat shop, all the buildings being owned by C. H. Hawley and valued at \$3,500 with no insurance, were first consumed. Hagan's hotel owned by Dr. J. Cunningham went next. This building was valued at \$3,500 with \$1,000 insurance. Mitchell's saloon, F. F. McBride's residence were also burned.

Of the buildings were of frame framed by a stiff breeze, burned by a splendid work was accomplished by the volunteer fire department, which saved the entire block from destruction. The fire, which started in the rear end of Hancock's grocery, had gained considerable headway before it was discovered. Mr. Hancock saved a large quantity of his stock, his loss being about \$5,000. Everything in the postoffice burned. Ed Dickerson, col., lost his shop and grocery, the loss \$2,000. W. L. Hillman saved a portion of the furniture from his loss, his loss amounting to several hundred dollars being covered by insurance. Mitchell's saloon, next Hancock's grocery, was injured and burned down. His loss is \$10,000 insurance. Mr. Mc-

Bride's loss on his residence is \$400, covered by insurance. The court house was slightly damaged.

Cadiz has been particularly unfortunate in the way of fires. In July, 1902, the business heart of the town was burned at an immense loss, and early this year there was a \$15,000 fire in the business district.

ANNUAL REPORT

Of K. of P. Lodges Throughout the Country.

The annual reports of the various Knights of Pythias lodges throughout the country have been received by Supreme Keeper of Records and Seals R. L. C. White, at Nashville, and they show the order in substantial condition. The total membership Jan. 1 was 622,353, an increase for the year of 27,583. The largest gain was made in Indiana, a net increase of 4,36 being shown.

Tennessee, Kentucky and Georgia each gained one addition Supreme Lodge representative, their increase in membership entitling them to this.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished: but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and \$1.00.

APPEALS FOR AID JUROR'S WIFE DEAD

Touching appeals from Christian workers in the Far East have come to prominent citizens of the United States, imploring aid for the sick and wounded soldiers of both armies and the multitude of destitute widows and orphans of soldiers killed in the war.

Rev. Y. Honda, principal of the Aoyama Theological School of Tokio, Japan, in a recent letter says: "How long this distressing condition of things will last we cannot say. The people are doing their best and every charitable agency is taxed to the utmost, but so numerous have the impoverished families become that our means of immediate relief are utterly inadequate. Could some general fund be raised for the noble purpose, and missionaries on the ground be furnished with the means of distributing and alleviating the distress of these families, it would indeed be a precious gift, and I assure you never be forgotten."

We may not help beligerents, but we may help the suffering and distressed. The Red Cross of Pity is neutral in every clime, and the claims of helpless children are a challenge to Christian love and beneficence the world over.

In response to the moving appeals thus coming from Christian workers in Japan, the Japanese Relief Fund has been organized to obtain the help needed, and all funds contributed will be distributed through the Evangelical Alliance of Japan, under the oversight of Bishop Harris, who is now in this country.

The Executive committee composed of Hon. Seth Low, Bishop Greer, Bishop Harris, Chas. Cutbert Hall, D. D.; W. R. Huntington, D. D.; Dr. Newell Dwight Hillis, Geo. H. Southard, Dr. Wm. Elliott Griffin, and R. F. Buck, Secretary, request contributions, large or small, be sent to the Franklin Trust Company, Treasurer, No. 140 Broadway, New York City.

About \$18,000.00 has already been contributed for this purpose, \$10,000.00 of which has been forwarded to Japan for distribution.

Mitchell Murder Case at Clarksville Continued.

CLARKSVILLE, Tenn., April 6.—Criminal court was adjourned one day on account of the death of the wife of T. J. Power, one of the jurors in the Mitchell murder case, which is on trial. The case will probably go to the jury late Thursday afternoon.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong—Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee, and shout to the druggist: "Please give it to me!"
Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.
It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.
Two sizes, 25c and 75c. All druggists.

We are still in business. We were not in the fire and our goods were not damaged.

Denman & Love.

The Marion Bank has purchased the lot on which the Goodlow grocery building stood and the institu-

tion is preparing to build a modern structure.

E. J. Hayward has purchased ten feet off the lot on which the Jas. H. Orme drug store stood. Mr. Hayward will thus have ample room to build for Vandell-Cugenheim Co., a handsome and commodious store building. Mr. Orme will take in the lot on which the Eberle Hardin saloon building stood and will build for Wood & Orme a modern drug store building.

It has been reported that we have advanced the prices on our goods since the fire. This statement is untrue and without foundation, and we invite the public to call and examine our goods and get our prices before making their spring purchases.

THE PALACE,

J. B. Ray, Propr.

After visiting his old Kentucky friends several days, George Cannon left here Tuesday for his home in Kansas. Died of Congestions.

Rodney, Ky., April 4.—W. T. Drury died very suddenly Monday morning at 6:45 o'clock of congestion of the stomach. He had done his morning chores and had just eaten his breakfast when he was seized with a violent cramping spell that resulted in death.

Mr. Drury moved into this vicinity from Blackford last January. He built the Blackford flouring mill and operated it until he exchanged it for the C. E. Nunn farm here. Mr. Drury had many likable qualities and numbers of friends.

However, it is learned that on account of his unprofitable business ventures at Blackford he had taken to drink.

He was formally regarded as one of the brightest intellectual lights of Webster county. He was superintendent of schools there ten or twelve years ago.

He leaves a wife and two small children. His wife was formerly Miss Mayme Parker, daughter of one of the leading citizens of Poole. She has the sympathy of all in her bereavement.

The burial took place at Rose Bud Tuesday afternoon. The funeral services were conducted by Rev. John King, of Blackford.

Mrs. Johnnie James Dead.

Mrs. J. L. James died Monday of consumption at her home in East Marion, after long suffering, continuing through six weeks or more. Mrs. James was a young Christian lady about twenty-three years of age. Besides a husband she leaves a little son about two years of age. Mrs. James was the sister of Wm. Morgan and Mrs. A. J. Baker, of this city.

The funeral services were conducted from the Cumberland Presbyterian church Tuesday afternoon at three o'clock, Eld. W. L. Paris, officiating. The interment took place in the new cemetery.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." L. L. Elgin.

A Tried and True Friend.

One Minute Cough Cure contains not an atom of any harmful drug, and it has been curing coughs, colds, croup and whooping cough so long that it has proven itself to be a tried and true friend to the many who use by R. C. Hardwick.

We Risk It.

Druggists Who Sell Dr. Miles' Nervine Agree, if it Fails, to Refund Cost.

Of course we reimburse the druggist.

You know him and trust him. Dr. Miles' Nervine is medicine for your nerves.

It cures disease of the internal organs by giving tone to the nerves which make these organs work.

It is a novel theory—not of anatomy, but of treatment; first discovered by Dr. Miles, and since made use of by many wide-awake physicians, who appreciate its value in treating the sick.

If you are sick we offer you a way to be made well—Dr. Miles' Nervine.

This medicine is a scientific cure for nerve disorders, such as Neuralgia, Headache, Loss of Memory, Sleeplessness, Spasms, Backache, St. Vitus Dance, Epilepsy or Fits, Nervous Prostration, etc.

By toning up the nerves, Dr. Miles' Restorative Nervine will also cure those diseases of the internal organs due to a disordered nervous system.
