CROP CONDITIONS

Rain Likely Not Damaged as Much as Was at First Supposed.

After the visit of the damage by flood and freezing weather, new reports are more favorable. It is certain that neither flood nor frost suffered, but in the case that the damage as was reported as much as 75 per cent. The greatest damage was suffered near in and about the town of Marion and the surrounding area, and although a great deal has been lost, it is believed that a good future crop can be produced. What is done is fine, but not enough has been done, as the pansies and mums are suffering.

GREAT SENSATION

CAUSED BY BANK PRESIDENT’S DEFEAT.

MILWAUKEE, April 14.—One hundred and fifty thousand dollars in gold were lost last week in Milwaukee. The Bank President was defeated in his re-election. The bank is now under the control of the bondholders.

It is feared that the banks may be in great distress because of the panic and depression in the city. The banks have suffered a heavy loss of $100,000,000 in the last few weeks. The panic has spread to other parts of the country and the depression continues to grow.

The National Association of Banks met in Milwaukee last week and passed resolutions opposing the re-election of the President of the Bank. The President was defeated in his re-election and the bank is now under the control of the bondholders.

Some banks have already suspended specie payments and others are expected to follow. The banks are in great distress and the people are asking for relief.

The National Association of Banks will meet in Chicago next week to consider the situation. The banks are expected to ask for federal aid and the government is expected to provide relief.

The people are in great distress and the banks are in great trouble. The government must take immediate action to prevent a panic and depression which would spread to other parts of the country.

The story of an inglorious beggar and an anointed king.

One of the most interesting theologies ever written was by a Jew named Christ. The reception of this theology has been the subject of some dispute. It is interesting to think that the theology of Jesus was received by the world in the lifetime of Jesus, and that the theology of Jesus was received by the world in the lifetime of Jesus. The theology of Jesus was received by the world in the lifetime of Jesus, and it is interesting to think that the theology of Jesus was received by the world in the lifetime of Jesus.
