RESOLUTION OF THANKS.

The pupils of J. S. Pilant's term of the Dycusburg school, to extend to him an expression of appreciation for the very great interest he has manifested in the progress of his pupils, and the very kind manner in which he has conducted his school.

Ancient Philosopher once said, "The pupils who desired their teacher easy, 'There is no Royal Learning,' but our teacher has made our path in search of knowledge pleasant, if not royal. He is not the real recompense of a good teacher. The reward is in the realization that he has aspirations for excellence in the hearts of his pupils, and that his efforts will extend beyond

time. Such, we believe, is our teacher; therefore.

Be it resolved, That we thank our teacher for his instruction, patience, and forbearance with our faults in the school room, and the hospitality he has extended to us on various occasions at his pleasant country home.

All of these things will linger as garlands of pleasure in our memories wafting their fragrance down the diverging paths of our lives. We hope to carry the essence and the purity of these memories with us until our paths converge at the Father's throne where we will present them as offerings of beauty for our beloved teacher.

Ramage, Ida L. Ramage, Nona Cothran, Mallie Dycus, Ollie Duncan, Roy Burks, Jimmie Burks.

Notice to Bathers.

No one is allowed to bathe in the lake of this company. It makes the water muddy and stirs up the sediments. Soap used in it causes water to foam in boilers, and gives us trouble at the power house. Please comply with above rule and save trouble for yourselves and us.

MARION ELECTRIC LIGHT & ICE CO.

June 19th, 1905.

Taken to Wickliffe.

Louis Leigh, a negro, was arrested at Mayfield by Chief Chas. McNutt, on a charge of stealing clothing at Fulton. The negro answered in every particular to the man that shot and badly wounded Timekeeper Taylor, of the Oliver Construction company at Wickliffe. Chief McNutt has taken the prisoner to that place for identification.

TOLU.

Old Fashion Barbecue.

In honor of the Good Roads Convention which will meet in the city of Marion on Saturday, June 24, 1905, the Crittenden County Commercial Club have arranged for them an Old Fashion Barbecue in one of the beautiful groves near our city. Good speeches will be made by prominent men, well informed on the subject of road making. The overseers of all county roads in Crittenden county are invited to come out on that day.

Mining News.

Mr. J. E. Crider will put in an electric light plant in the creamery and supply the town if he meets with the proper encouragement from the town and citizens.—Blade.

Mr. Irving H. Wheatcroft has made arrangements to give the employees of his mines a steamboat excursion to Nashville, Tenn., and the party will leave Henderson tomorrow. There will be about 80 people in the crowd, and they will be gone several days.—Enterprise.

Our Levasier correspondent writes: "Your correspondent visited the Keystone mines recently. He found Superintendent Hopewell all smiles and no wonder. On the dump there was to be seen some of the finest lead and spar yet hoisted in the district. This company are to be congratulated on their success of so long and patient search."

According to the civil engineers who have been surveying the hills around Cedar Bluff, Ky., for several weeks, there is an aggregate of 21,000,000 square yards of rock in the hills. The surveying was done for the Katterjohn Construction company, to ascertain the amount required for the enlargement of the plant if there was enough rock to justify the increase of facilities. It is probable that the plant will be enlarged.—Paducah News-Democrat.

Coy Weeks, the one-armed son of Wm. Weeks, of "Scayfat," while working at the Senator mines Wednesday fell in the shaft a distance of about seventy feet into about nine feet of water. He was rescued and returned to his home, about two hundred yards, assisted by two men. Dr. J. W. Fletcher of Farmersville attended him. His escape from instant death is a little less than miraculous. It is reported that he is considerably bruised and probably internally injured, but not fatally.

We have a very meager account of his injury but trust that he will recover without any serious permanent effects.—Leader.

Elizabethtown is not the least among the towns in the way of minerals, along the Ohio river but may be considered rich in the abundance of mineral beneath its surface. E. G. Rose and A. H. Fisher in the last two days have uncovered a fine vein of lead on the farm belonging to Mr. Rose, which joins the city limits. At first they went down with Mr. Fisher's drill to the depth of 35 feet and considered it good enough to dig after, which they did and to the surprise of every one they have found and uncovered a fine vein of lead. Samples of the lead can be seen at this office, or at the Anderson Hotel. It seems to be of the very best quality and by experts it is claimed to be as good if not better than any ever found in Hardin county.—Era.

Summer Commercial School.

The Bowling Green Business University is in session the entire year. No vacation is offered. A student can enter at any time and get perfect classification. A beautiful catalog and College Journal will be sent on application. Mention course wanted. Address H. H. Cherry, President, Bowling Green, Ky.

Purchases Material.

Panama, June 16.—John F. Wallace, chief engineer of the Panama canal, leaves Panama today to confer with Secretary Taft on canal matters and also to purchase materials.

Some big orders are likely to be placed, among which will be one for 7,000,000 vitrified bricks. Rock crushers and rollers for use in paving Panama will also be purchased.

Rev. J. W. Bigham in Paducah.

Last evening three conversions were made at the Trimble Street Methodist church protracted meeting, while ten were at the altar for prayer. Rev. J. W. Bigham, of Trinity church, Tallahassee, Fla., filled the pulpit, he being in the city for a visit to his daughter on South Fourth street. His theme of discourse was "The Conversion of Zachaeus," and it was an able effort. He was formerly of the Louisville conference.—Sunday's Paducah Register.

To the Voters of Crittenden County.

On account of the health of my father, which prevents him attending to my business at Frances, I have decided to not make the race for sheriff. In order to canvass the county it would be necessary for me to be away from home, which I cannot do for reasons above stated. I have received much encouragement from all parties and thank all my friends for it. Respectfully,

C. O. POGGIE.

Sale! Sale!! Sale!!!

Most desirable residence lots in best part of Marion to be sold at your own price. Having decided to remove from Marion we have concluded to sell the family residence, known as the Blue home place, also the ground adjacent thereto will be cut up into desirable residence lots and sold upon such liberal terms that you can buy one of the best lots in Marion and build a house according to your own notions. Also two new cottage residences. The sale will be by public auction, unless sold privately before, held on the ground, beginning at the old homestead, at 1:30 p. m., of Wednesday, the 2nd day of August, 1905. The property will be sold to the highest and best bidder for one fourth cash and balance to be paid in one, two and three years, with six per cent interest from date of sale, with lien reserved upon the property. It being expressly understood that we reserve the right to reject any or all bids upon any lot that may be sold.

If you want a bargain in a lot, or house, do not fail to be on hand and buy your lot. We have so laid off the lots that each one is accessible. A plot showing the lots to be sold can be seen at the hardware store of Cochran & Pickens. Come to the sale or call upon

MR. AND MRS. CHAS. EVANS.

City Council Proceedings.

The city council met in an adjourned session Tuesday night in the court house. The question of putting in additional street lights was brought up but was defeated.

The Cumberland Telephone company asked by letter that a franchise be sold but this also was defeated for lack of motion.

Building permits were granted to the following parties: Masonic Temple, 3-story brick, 26x80 feet.

Orme & Yandell, brick hotel, 40x105 feet.

Crittenden & Whitehouse, concrete building, 25x65.

Mrs. Frisby, 2 brick store rooms, 2 stories high, 42x100.

Claim of \$200 was allowed P. S. Maxwell, for the opening of new streets in the Maxwell addition to the city of Marion.

Brick sidewalks were ordered to be put in west side of South Main st., in front of the property of Levi Cook, John Clark, Phil Johnson and others; also on Wilson avenue, in front of the A. M. Hearin property, Mrs. Reed's and Mrs. Robinson's property. Plank walks were ordered to be put in front of a good many of the suburban homes.

Richard J. Morris, dentist, Carnahan building, Marion, Ky.

Japanese Mission.

Tokio, June 20.—The discussion of the meeting of the peace plenipotentiaries continues, through Washington, with indications of an early completion of the details. There has been a series of conferences between the elder statesmen and the cabinet to consider conditions and to discuss the selection of plenipotentiaries. It is thought it will be possible to complete the details, appoint the plenipotentiaries and organize the staff of assistants in time for them to sail on the steamer Empress of India June 30, from Yokohama for Vancouver, a voyage of about two weeks.

In the meantime the military activity continues. Important developments in various directions are expected speedily.

Gen. Gomez Dead.

Havana, Cuba, June 17.—General Maximo Gomez, idol of Cuban patriots, died this evening. Gen. Gomez commanded the Cuban forces during the insurrection which broke out in 1896 and ended in the complete independence of the island on May 20, 1902.

He was born at Santo Domingo in 1836, and came from an old Spanish family. He began life as a cavalry officer in the Spanish army. He joined the patriots in the insurrection of 1868 and fought ten years being the Cuban Commander-in-chief from 1873 to 1878.

IRON HILL.

Most of the farmers report their wheat crop very light.

Dee Crowell started for Anniston, Mo., Friday.

The usual large crowd attended church and Sunday school at Sugar Grove Sunday.

E. T. Dean and family have moved to near Please landing on Trade-water, to work up a large body of timber he bought from Delmer Babb.

Hamp Fox has returned home after spending "a year" in Mo.

E. H. Sheeks and wife of Memphis have been visiting relatives in this community.

Will Fox, of Providence visited his father's family here Sunday.

Geo. Sutton and children, of Starr vicinity visited relatives here Saturday and Sunday.

A little child of Clark Quertes, mous died last Friday.

Mrs. Tim Woodsides visited relatives in Webster county last week.

James Horning and wife of near Blackford, attended church at Sugar Grove Sunday.

Uncle Washington Kemp, an aged and well known citizen near here has figured out that if you were to place one grain of corn on the first square of a checker board, two grains on the second, and continue to double on every square until you have grains for the entire sixty-four squares you would have enough corn to bring over eight hundred and thirty-seven million dollars at the present price of 50 cents per bushel.

Blames the Editor.

A friend of the Bonham, Texas, News sends in the following pithy paragraph which has as much truth as poetry in it: If you toot your little tooter and then lay aside your little horn, there's not a soul in ten short days will know that you were born. The man who gathers pumpkins is the man who plows all day, and the man who keeps a bumping, is the man who makes it pay. The man who advertises with short and sudden jerks, is the man who blames the editor because it never works. The man who gets the business has a long and steady pull, and keeps his trade and paper from year to year quite full. He plans his advertisements in thoughtful, honest way, and keeps forever at it until he makes it pay. He has faith in all the future, can withstand a bankrupt shock, and like a man of Scripture has his business on a rock.

Paris Green Kills Boy.

Cadiz, Ky., June 16.—As a result of eating apples without washing his hands after having been sprinkling paris green on tobacco plants, a little son of Berry Hester, of this county, is dead. He was taken suddenly ill soon after eating the apples and was dead before medical assistance could reach him.

All kinds of binder twine at the lowest prices at R. Boyd's Salem.

CLAY WINS.

Route of the Morganfield and Atlanta Railroad Settled.

It is a settled fact that Webster county is to get two new railroads. One, the Morganfield and Atlanta, running from Morganfield, by way of Clay, to Providence, with traffic relations with the L. and N., the other the Midland, running from Wheatcroft to Providence, is to be operated by the Illinois Central. The promoters of the Morganfield and Atlanta met at the court house here the first of last week and plans were perfected by which the road will be run by Clay, thus giving us a road that will no doubt become a trunk line. The value of this road to this vicinity is estimated when we consider the fertile soil and the fact that we have a fine field of both No. 9 and No 11 coal.

No one factor had more to do with helping to settle the contest between Wheatcroft and Clay for the proposed Morganfield and Atlanta railroad than the striking of No. 9 coal by the Thomas Blackwell Coal and Mining Company, and the Times stated last week that this find alone was reason enough for locating the road through Clay.

As soon as the chief surveyor was shown the lay of the coal, which was done as soon as our business men could get in shape to do so the route was settled and Clay got the road. As the saying is, "Clay got the ham and Wheatcroft the midlin'."

This is quite another strike for Clay and insures us a good growth for the immediate future. Even now electric lights and water-works are being talked of and their realization is not far distant. Our future greatness is being hummed upon the lips of citizens everywhere. Life and vigor is being felt in every line of business. The construction of the new roads will bring a large amount of money into the county, and progress will be seen in every quarter as our natural resources are being developed.

Let the railroads come.—Webster Times.

SHADY GROVE.

Dr. McConnell and wife returned home from their visit to New Madrid Mo., on Tuesday of last week. They report very favorably of our many Kentucky friends now living in Missouri.

Rev. Grant Hughes and Ab. Henry of Marion were in our town last week on business.

Sheep killing dogs have been putting in some of their off hours in a telling way with some of our neighbors' mutton flocks.

Singing at Mr. Boyd's Tuesday night of last week.

Miss Ona Yarboro, of Nebo, spent last week with her sisters, Mrs. Robt Adams and Miss Pearl Boyd.

Allen Roland is at home to see parents and friends. He is worsted some by a few months confinement in a business house at Fordyce, Ark. Allen is not only glad to get home again but is very glad that he was so fortunate as to escape with his life from the railroad wreck at Golden Gate, Ill., 13th inst.

If any of our people fail to order a supply of nursery stock this season it will not be for lack of opportunity. Agents, agents; sometimes one alone and sometimes in droves.

A social at Charley Ramsey's Wednesday night of last week.

Light, light is the general report on the wheat crop here.

Tobacco crop is cut a little short here for want of sufficient seasons for setting.

Corn crop uneven and growth not up to what farmers would like.

Meadow-reports are very unfavorable.

S. S. Teachers' Training Class.

At the beginning of the quarter each teacher should plan for the review. Let the essential points of each lesson fit into this plan. Then will the review be interesting and easy.

OLD TESTAMENT.

The next six months we turn to the Old Testament. The period included in the lessons for the last half of 1905 embraces the great prophetic period of Jewish history. Many thrilling scenes and stirring events are to be studied. These lessons are replete with historical, prophetic and practical facts. About one-half of the lessons for this period are taken from the last historical books—II Chron. to Ezra, and from the prophetic books—Isa. to Mal., beginning with the great Assyrian invasion of Sennacherib, we study the vicissitudes through which the kingdom of Judah passed, closing with the prophetic character of Christ and the preparation for his coming.

M. O. ESKEW,
JACK STEMBRIDGE.

Lost His Temper.

An English firm recently engaged a raw country youth as office boy, says the Chicago Journal. In the discharge of one of his duties—that of attending to the telephone—he was anything but a success. In reply to the usual query, "Are you there?" he nodded assent. Again the question came, and still again, and each time the boy gave the answering nod. At the fourth time the boy lost his temper and roared through the telephone, "Man, are ye blind? I've been noddin' my head off for 't last ten minutes."

Died With a Sneeze.

Peoria, June 16.—Otis Botts, 21 years of age, was hanged here today for the murder of his wife in January last. Botts spent the night laughing and joking and telling stories. He invited everybody to attend his funeral. His mother wanted to attend the execution but he said:

"Don't do it. You will make me lose my nerve."

He died with a sneeze on his lips. Botts strangled his girl wife with her hair ribbon.

Found a Cure for Dyspepsia.

Mrs. S. Lindsey, of Fort William, Ontario, Canada, who has suffered

quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's stomach and liver tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by Woods & Orme, druggists.

Beginning next Sunday and on each Sunday afterward, the I. C. train which leaves Evansville for Marion will leave there at 6:15 instead of 4:40, arriving here at 9:15, Sunday only.

TRAFALGAR

is Recalled by The Korean Con-
flict.—Considered the Great-
est in History.

The fight in Korea Straits was
probably the greatest naval battle
since that day in October, just a hun-
dred years ago, that Nelson defeated
the French and Spanish at Trafalgar.
Indeed, says the St. Louis Globe
Democrat, the battle of Korea Straits
may be considered the greatest in all
history, but however that may be,
Trafalgar has up to June 1st, ranked
as the chief naval victory of modern
times, and for this reason a brief re-
view of that engagement is just now
of interest.

There were twenty-seven ships of
the line on the British side and
thirty-three under Admiral Ville-
neuve, the French officer who com-
manded the Franco-Spanish fleet that
day. The British fleet advanced in
two columns, one led by Nelson and
the other by Collingwood in his flag-
ship, the Royal Sovereign.

It was just about midday of Octo-
ber 21, 1805, that the Victory, Nel-
son's flagship, began to come within
long-range gunshot of the enemy,
approaching at an obtuse angle to
the long-drawn-out array of ships
with which Villeneuve awaited Nel-
son's attack. Collingwood's column,
in strict accordance with Nelson's
previously stated plan of battle, be-
gan the fighting exactly on the stroke
of midday. He attacked at about the
twelfth ship from the rear, cutting
the enemy in two at that point,

Value of an Education.

The average educated man gets a
salary of \$1,000 a year. He works
40 years, making a total of \$40,000
in a lifetime. The average day lab-
orer gets \$1.50 a day, 300 days in a
year or \$450 in a year. In 40 years
he earns \$18,000. The difference or
\$22,000 equal the value of an educa-
tion. To acquire this earning capacity
requires twelve years at school of
180 days each or 2,160 days. Divide
\$22,000 by 2,160 and it is found
that each day at school is worth a
little more than \$10 to the pupil.—

Mrs. T. J. Latham.

The Times of June 13th has this
to say of a lady well known here:

"Mrs. T. J. Latham of Memphis,
Tenn., arrived in Louisville last night
with Gen. Stephen D. Lee's party,
and will visit Mrs. Richard Morgan,
of 1248 First street during the reun-
ion.

"Mrs. Latham is one of the most
prominent members of the United
Daughters of the Confederacy, and is
known and loved throughout the
length and breadth of the Southland.
By her tireless energy and splendid
executive ability she has achieved
merited distinction in her chosen
work—the advancement of the inter-
ests of the Daughters of the Confed-
eracy. In this work she has thrown
her whole heart and soul, having lost
three brothers and many relatives in
the Southern army.

She is honorary member of two
Chapters, one of which bears her
name. She was President of the
Tennessee Daughters of the Confed-
eracy organization for three years,
and vice president of the general or-
ganization two years. She was one
of the most active workers for the
Gen. N. B. Forrest monument which
was recently unveiled at Memphis,
and cost over \$30,000.

Mrs. Latham is the official chape-
rone for the N. B. Forrest Camp.
Sons of Confederate Veterans, to the
Louisville Reunion, and their spon-
sor Miss Mary B. Pepper, of Mem-
phis, and her Maid of Honor Miss
Charlisse Alexander, of Somerville,
Tenn.

Mrs. Latham is also prominently
identified with the Daughters of the
American Revolution, being Regent
of the oldest chapter in Tennessee.
She is a lady of broad culture and of
charming personality, though very
modest and unassuming. She is ac-
tive in all charitable work.

Mrs. Latham is a native of Louisi-
ana, being a daughter of Egbert
Woodbridge, a prominent citizen of
Louisville in ante-bellum days. Judge
Latham, who accompanied her, is ac-
tively identified with many of the en-
terprises of Memphis, and has con-
tributed much to the growth and pros-
perity of the Bluff City."

Many Marion people know Mrs.
Latham as she is a cousin of Mrs.
J. Randolph Finley of North Main
street and has visited her often.

In a Box Car, Sick.

Wheeling, West Va., June 14.—
James Gordon, for many years at-
tached to various shows in a business
capacity, was taken from a box car in
the B. and O. yards here this after-
noon in a dying condition. He got
in the car in the Cleveland yards a
week ago, and typhoid fever, com-
bined with consumption, so weaken-
ed him that he could not call for
help. He was shifted through sev-
eral states. Not until this afternoon
when the car was opened was the pa-
tient found. He cannot live. His
rough bed of old newspapers was fill-
ed with blood from repeated hemor-
rhages and his condition was pitiful.
He was trying to make his way east,
and he had not been in good health
for some time.

The famous little pills early risers
cure constipation, sick headache,
biliousness, etc. They never gripe

energy. Good for either children or
adults. Bob Moore, LaFayette, Ind.,

Helps the Town.

John Wannamaker, the well known
Philadelphia and New York merchant
who knows what he is talking about,
says:

"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in at-
tracting attention to building up a
town than any other agency that can
be employed. People go where there
is business. Capital and labor go
where there is an enterprising com-
munity.

No power on earth is so strong to
build up a town as a paper well pat-
ronized. The man who overlooks his
town paper injures himself by injur-
ing his town and townsmen."

CALIFORNIA

Do you want to live where the climate is mild the year round—
where labor is never oppressed by stress of weather, and where
animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more
varied than in any other equal area in the world, where the division
of great ranches affords a fine opportunity to get a small farm that
will assure you a competence?

Do you want to live where, with a minimum of labor, you can
grow profitable crops of grapes and small fruit, oranges, lemons,
olives, prunes and almonds, alfalfa and grain, where crops are sure,
business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await
your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two
fast through trains daily via this line, over the famous double-
track railway between Chicago and the Missouri River.

Special low round-trip rates are in effect via this line
throughout the summer to various Pacific Coast points, and
colonist low rate one-way tickets will be on sale during Sep-
tember and October, which give an unusual chance for settlers
to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San
Francisco, Los Angeles, and Portland without change, on which a double
berth in a Pullman tourist sleeping car from Chicago costs only \$7.00, via the

Chas. Oscar Pogue has withdrawn from the race for sheriff on account of his father's health, which necessitates him remaining at home instead of making a canvass of the county for the office he aspired to. Mr. Pogue has many friends who will regret his decision as they were anxious to vote for him.
J. Marion Dixon, an old Marion boy writes us as follows: "I wish you every success possible as I feel you justly deserve. I have been successful and have hope and bright prospects for the future in my new home." This gratifies us very much. All his friends will be glad to hear of his success.
Ninety years ago, June 18th, was on Sunday just as it was this year, and on that day Napoleon was overwhelmed on the field of Waterloo, by the combined armies of England and Germany under Wellington and Blucher. Waterloo has gone down in history as one of the decisive battles of the world. June 18th is a memorable day in all England and France as well as the rest of the world.

Wire doors and window screens.—Nunn & Tucker.
Richard J. Morris, dentist, Carnahan building, Marion, Ky.
Harvey Hunt, a young man em-ployed at Frank Conger's saw-mill, east of Marion, had the misfortune to lose one of his fingers last Tuesday morning by coming in contact with the circular saw. He also had three other fingers on his left hand very badly lacerated. Drs. Dixon & Shively amputated his third finger and dressed his other wounds at their office in the city, and they do not apprehend any further serious apprehension.
Mayor Blue has received a letter from Hubert Vreeland, Commissioner of Agriculture of Kentucky, in which he says that he will visit Marion on a special train in the near future to organize a Farmers institute, and to educate our farmers as to the culture of alfalfa and other farm products with which they are not familiar. Mr. Vreeland will be welcomed to Marion and he will find in this county as progressive farmers as are found in the state.
M. M. Worley, an old citizen of this place has moved to Mena, Ark. He formerly lived at Guthrie, Ky. He writes us an interesting letter as follows:
MENA, ARK., June 19.—Dear Old Press: Have not seen you for a long time; have been on the go since last March. Have been in the Indian and Oklahoma Territories, on the plains of Texas and New Mexico, among the Rockies of Colorado and the Ozarks of Arkansas. In all I have traveled over five thousand miles since March, and not a word from you.
I am sorry to learn of your misfor-tune in the great Marion fire. Hope you will soon be on your feet again and better equipped to serve your friends than ever. You can come to see me at Mena, Ark. I enclose check to pay your fare.
With best wishes for your future success and a pleasant journey.
I am, yours truly,
M. M. WORLEY.

IN SOCIETY.
On the evening of June 19th, Miss Della Barnes entertained at her beautiful home on Salem street, in honor of her cousin, Miss Mary Flannery, of Dallas, Tex. The guests were received in the handsome illuminated parlor where they met Miss Flannery. Afterwards they repaired to the lawn where early in the evening punch was served and later ices and cakes. Among those present were Misses Bessie Trisler, Elba Pickens, Frances Gray, Leaffa Wilborn, Kittie Gray, Jessie Smith, of St. Louis; Elizabeth Johnson, Anna Liza Johnson, Mabel Guess, Susie Gilbert, Lillie Doss, Agnes Watkins, Nellie Thomas, of Memphis, Tenn., Neil Cossitt, Eva Farris, Rosa Kevil, Inez Price, Mayme Hubbard, Gustava Haynes, Bernice and Maud Driskill; Mr. and Mrs. Wm. Oliver Tucker; Messrs. Dr. Morris, R. D. Dresher, Dave Kevil, Ira Pierce, Creed Taylor, Rob Cook, John Cochran, Chastain Haynes, Lottie Gilbert, Henry Haynes and Maurice Sutherland.
Last Saturday afternoon Mrs. Ellen Croft delightfully entertained a few friends in honor of her sister, Mrs. J. D. Farris, of Salem. The hours were from five to seven in the cool of the evening, which added much to the comfort of those who attended. Mrs. Croft was assisted in receiving her guests by Mrs. G. M. Crider. Mrs. G. C. Gray served the punch. Delicious refreshments were served during the evening and those who were fortunate enough to be invited spent a most delightful evening. Besides the hostess and her guest of honor there were present: Mesdames Chas. Evans, G. C. Gray, Will Vandell, Geo. Crider, Henry Woods, John Blue, Houston Orme, Tom Cochran, Marshall Jenkins, Mary Flannery, of Salem, and Misses Lena and Ina Woods, and Miss No-nie Blue, of St. Louis.
The friends of Miss Inez Pripe spent a very pleasant evening at her home Saturday at a party in honor of her visitors, Misses Amy and Fenwick Wathen, who are well known to Marion's young people, having been pupils of Marion Graded School for several years. Those present were besides Misses Amy and Fenwick Wathen, Misses Mayme Hubbard, Tennie Davis, Mildred Haynes and Cora Melton and Messrs. Leslie Melton, W. E. Potter, A. U. Davidson, Lottie E. Gilbert, Trice Bennett and Alfred Martin. Punch was served in the hall during the evening and several lively games were indulged in. Delicious refreshments in the way of ices were offered later in the evening.
A GUEST.
Mrs. J. I. Clements and Mrs. Chas. Evans have issued invitations for a reception to be given at the residence of Mrs. Evans, on Thursday, June 22. The cards read as follows: "Mrs. J. I. Clement and Mrs. Charles Evans at home Thursday, June 22, from three-thirty to five-thirty, at Mrs. Evans residence. Goose party."

New Train.

From a source which we consider quite reliable, we learn that the I. C. railroad will soon put on a new train on this branch. It will make the round trip and will give us two more trains each day. Three each way would make it quite convenient for the traveling public.
One north at 7 a. m., 1 p. m., and 8 p. m. One south at 8 a. m., 1 p. m., and 8 p. m., and we hope soon to see them installed that way.

Notice.

Sunday school county convention to be held at the Old Piney Fork church, on Tuesday, July 18, 1905. Everybody is most earnestly asked to attend this convention. Sunday schools please come and let us all sing, talk and plan for better work in the future. Bring all of the family, your preacher and bring your basket full up to the handle. Don't forget the date. Yours for a good convention.

World's Tallest Man.
St. Paul Pioneer Press: Ivan Machnow is the tallest man that has ever lived, for he stands 9 feet 2 1/2 inches in his stocking feet and weighs 280 pounds, although he is only 23 years of age.
This extraordinary man was born in Charkoff, Russia.
When he was seven years old he was as big as an ordinary man. At twelve years of age he was 6 feet 6 inches, and at fourteen he was 8 feet 1 inch. When at Warsaw Machnow was drafted as a recruit but he quietly slipped over the frontier to avoid serving.
His journeys are not a source of pleasure to him, for both in the train and on the boat he has to spend the most of his time in a recumbent position. He was met in London by a van comfortably upholstered, and fitted with a huge couch for the giant, to recline on and he will be drawn by four horses.

Quality vs. Quantity.
Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol dyspepsia cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures indigestion, dyspepsia, belching, sour stomach, weak heart, etc. Kodol dyspepsia cure for what is sometimes called America's national disease—dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by Woods & Orme.

Shot the Baby.
Sandusky, O., June 16.—Lester Hunter, the two-year-old son of Albert Hunter, of Berlin Heights, was shot and probably fatally wounded by Willie Mozier, aged 9, a brother of the tot's mother.
When Mrs. Hunter left her home to go shopping she tied her son to a chair so that he could not crawl outside. Young Mozier was playing in the yard and when Mrs. Hunter left the house he went inside and pulled a revolver out of a bureau drawer. He shot the child in the left eye; the bullet found a lodging place in the brain and death will ensue.
When she returned home Mrs. Hunter found her son in an unconscious condition. The Mozier boy at first denied doing the shooting but later admitted it.
Several weeks ago, it is claimed, while playing Indian with his little nephew, Mozier came near seriously injuring him with a big butcher knife.

Shot His Playmate.
Hammond, Ind., June 16.—Two families in Whiting have been thrown into the throes of uncontrollable grief by two boys who played with a gun last week.
Ollie Haynes, 8 years old, showed his father's gun to a playmate, and while toying with the weapon it was accidentally discharged, the ball passing through his playmate's abdomen. When he saw his little companion fall to the ground Ollie fled. This was five days ago and despite the fact that the police, relatives and friends have scoured the adjoining woods and farms for him no trace can be found.
It is feared that the little fellow has drowned himself.
His companion was so seriously wounded that no hopes for his recovery were entertained.

A Fearful Fate.
It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson, of Masonville, La., "that for blind, bleeding, itching and protruding piles, Backlen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at Woods & Orme, druggists.

Caught in Machinery.
George F. Koch, chief engineer of the court house, was killed by machinery while working in the elevator shaft shortly before 6 o'clock last evening. He was repacking the cylinder of one of the hydraulic elevators when his head was caught by the governing weight of the other elevator, which was in operation. He was well acquainted with the work, having made the same repairs several times before.
C. F. Schumacher, chief engineer of the Louisville Trust Company, Walter Haldeman and E. J. McBride who were assisting him in the work, heard his cries and notified the elevator man to stop the car. As soon as possible the car was lifted and Mr. Koch was removed, but death ensued before he was taken from the pit. The body was removed to Gram W. Smith's Sons undertaking establishment where it was prepared for burial.

Koch was forty-three years of age and leaves a wife and seven children, the oldest of whom is sixteen years of age. His mother, Mrs. Frederick Schindler, and a sister survive him. He had been chief engineer at the court house five years, and was a valuable employee.—Louisville Times.

In Mad Chase.
Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble. 25c at Woods & Orme's drug store; guaranteed.

The Glasgow Times very pertinently inquires: Is the sweet girl-graduate of yesterday helping her mother in the kitchen to-day? Or is she sitting in the twilight listening for the footsteps of some dude not worth a dollar a dozen and wondering why her father, who has wasted his money on her and has a crook in his back from working for her, hasn't more style about him? The sweet girl-graduate can make an angel, or an idiot, of herself, just as she chooses.

The Hargis Case.
Jackson, Ky., June 15.—The examining trial of Judge James Hargis, Alex Hargis, and B. F. French charged with complicity in the murder of J. B. Marcum was begun today. Magistrate Brock Combs, before whom the warrants were returned, declined to preside because of his relations with the Hargises, and the case was transferred to the court of Magistrate Butch Burton, brother-in-law of County Attorney Blanton.
The Commonwealth moved to dismiss the prosecution and the defendants objected, claiming they were entitled to an investigation. County Attorney Blanton said that he made the motion to dismiss at the request of Dan Hurst, father-in-law of the murdered man. Judge Burton overruled the motion to dismiss and continued the case until today.
Mose Feltner, Sam Fields and other witnesses for the prosecution arrived from Winchester last night; the town is quiet.

Elephant Fell Over Cliff.
Buffalo, June 15.—Pirate, a very wicked elephant belonging to the herd of Ringling's circus was killed Saturday afternoon in the Jamerthal quarry in Fillmore avenue, at the spot where Arthur R. Pennell, the lawyer, and his wife, who obtained so much notoriety in the Burdick murder case, went to their death when their automobile took a sheer and went over the cliff.

For a month the elephant had been ugly and his death was decreed by the circus folks, who intended to kill the animal. The big brute, which weighed more than four tons, was shunted into a car to the spot near the Jamerthal quarry, which is only a short distance from the driving park where the circus showed.
When ten o'clock came the executioners, a band of circus employees, had blocks and tackle ready to choke the animal to death. In the midst of the preparations Pirate, with fierce trumpeting, tore loose from his chains and down the street a block he trumpeted. At the edge of the Jamerthal quarry he turned and the huge body, galloping, fell over the cliff to the bottom, forty feet below, with a terrible impact. He was dead when the pursuing circus folks reached the quarry.

Was So Little.

Weston, W. Va., June 16.—An entire passenger train passed over two-year-old Sterling Tenny today and he still lives but will be maimed for life. The child was playing on the railroad track near the home of his father, Homer Tenny, at Alton, when the passenger train came along. The little fellow's body was so small that it escaped the pilot, fire box, and all the trucks, but his right arm fell upon the rail and was cut off at the elbow. He did not receive another scratch. The doctor says the injured boy will live, though maimed for life.

Save 1-2 Your Paint Bills
By using Weir's Bavarian White Lead, the most durable and therefore the most economical lead or paint made. It has zinc in it. The zinc gives the paint a beautiful gloss and prevents the lead from destroying the LINSEED OIL WHICH IS THE LIFE OF ALL PAINT. "Pure Lead" by itself will eat and destroy the linseed oil, thus causing the paint to become porous or open and dust off. Weir's Bavarian White Lead is better and cheaper than mixed paints because one-half of every gallon of mixed paint is linseed oil for which you pay \$1.50 per gallon and get an old, stale, unsound linseed oil. Buy fresh oil from your dealer's barrel at its true value. 4 1-2 gallons linseed oil and 100 pounds of Weir's Lead will make 6 1-2 gallons best paint ready to use, that will cost you no more than other standard brands of lead and much less than mixed paint and will last twice as long as either. Write D. T. Weir White Lead Co., St. Louis, Mo., for their booklet "Facts About White Lead." Weir's Bavarian White Lead is for sale by Cochran & Pickens, Marion, Ky.

Paris, June 16.—The strained relations between France and Germany over Morocco continues to give rise to serious apprehensions, but while openly admitting that there are real difficulties involved, the officials protest against this being made the basis of exaggerated reports.

Letter from Ex-Gov. Leslie.

Charley Webb, of Smithland, has received the following characteristic letter from former Governor Preston H. Leslie:

"HELENA, MONT., April 10, 1905.—Charles H. Webb, Esq., Smithland, Ky.—Dear Sir: Please accept my thanks for a copy of your town paper, The Livingston Banner, of date 30th of March, and containing a complimentary notice of myself copied from the Helena Record and Glasgow Times. I appreciate most gratefully the kind friendship prompting its insertion in a number of the papers in that grandest and best of all the States of this American Confederacy, and none more than to see it in a Livingston county paper.

I have never tried to conceal my age and with eighty-six years behind me I rejoice in the same freshness of vigorous love and warm thankfulness which filled my heart in younger days to fullest capacity, for shelving up and holding, till life's latest breath, the keenest and most grateful memory of Kentucky's millions of sons and daughters.

I am in fine health and fully on my feet, measuring arms with any who provoke the necessity and not the first to fall every time.

If at any time I can be of help to you, or any other Kentuckian, as to matters in these mountains, shall be glad to answer the call. Very truly and respectfully,

PRESTON H. LESLIE.

P. S. I still hold fast to the democratic faith and believe our day will come.

Standard Time Rules.

Frankfort, Ky., June 16.—The Court of Appeals in the case of a fire insurance company against the Peaslee-Gaulbert company, upholds "standard" over "sun" time in defining "noon." The plant of the appellant company was destroyed at 11:59 o'clock, a. m., and the policy expired at "noon." The lower court held the company liable for the loss and this is upheld.

"Don't fear too much the enemy you make by saying 'No,'" observes a modern philosopher, "nor trust too much the friend you make by saying 'Yes.'" The young man or woman who wants to please all the influential people possible, and desires to agree with everybody, is not the one who comes out with the most friends or the most success in the end.

Distrust.

BY ELLA WHEELER WILSON.

Distrust that man who tells you to distrust;

He takes the measure of his own small soul,

And thinks the world no larger. He who prates

Of human nature's baseness and deceit

Looks in the mirror of his heart and sees

His kind therein reflected. Or perchance

The honeyed wine of life was turned to gall

By sorrow's hand, which brimmed his cup with tears.

And made all things seem bitter to his taste.

Give him compassion! Be ye not afraid

Of nectared Love, or Friendship's strengthening draught.

Nor think a poison underlies their sweets.

Look through true eyes—you will discover truth;

Suspect suspicion, and doubt only doubt.

ARTISTIC MONUMENTS.

Cost no more than plain ones. Marble is expensive and granite soon gets moss-grown and eventually crumbles to mother earth. WHITE BRONZE is everlasting, moss-growth is an impossibility. It is more artistic than stone.

It has been adopted for hundreds of public monuments, and by thousands of delighted customers in all parts of the world. On the market thirty years. An established success. We have designs from \$4 to \$4,000. Write for information.

A Terrible Accident.

Brandenburg, Ky., June 15.—As a result of one of the most lamentable accidents ever known in this part of the State, the family of Dr Grant Booth, one of the prominent men of Meade county, was practically wiped out.

While bathing in the river at Creedmas, fifteen miles below Brandenburg, his three daughters, Misses Hallie, aged 25; Fanny, aged 20, and Anna Belle, were drowned.

The deaths of two of the young women were caused by their heroism and sisterly love. All three had gone into the Ohio, as was their custom, for the afternoon plunge, and Miss Anna Belle, the youngest, was the only one of the trio who was not an expert swimmer.

They had been enjoying themselves in this manner for probably an hour when Miss Annie Belle, in spite of a warning of her elder sisters, ventured out beyond her depth. She recklessly plucky and usually one of the elder sisters kept near her.

At night, however, she swam rapidly away from them, leaving them in shore as she looked back at her as if in jest. Suddenly the young woman went down, and on being called for help. The older sisters instantly realized that she was exhausted, and started toward her. Had they been able to control the current they would have been well, but in

her frenzy of fear she threw her arms about the arms of her sisters, preventing them from swimming and all three drowned.

The young women sank only about twenty yards from the bank, and although scores of men began the search for the bodies as soon as the alarm was given it was not until this morning that two of them—those of Misses Hallie and Miss Fanny—were found far out in the stream, where they had been carried by the swift current. The body of Miss Annie Belle has not been recovered, though the river was dragged all night for a mile below the scene of the accident.

"The Booth girls," as they were affectionately known, were among the most estimable young women in Meade county. Brilliantly educated and girls of the "home" type, they were beloved by all who knew them for their beautiful traits and for their goodness and purity. Miss Hallie was probably the most popular teacher in the county.

Old Folks Meeting.

The Old Folks' meeting at Mt. Zion was a day of great joy and gladness to many hearts. The hearty handshakes, and the good old songs brought to memory things of the past; we were reminded of the days of Peter Clinton and others.

The services began at 10 a. m. by singing "How tedious and tasteless the hours." Opening address by W. J. Hill, at the close of which Rev. T. F. Roland preached an interesting sermon, his subject being, "The Gospel and its Mission," how easy it was for a man to be saved if he only wanted to be.

At the close of his sermon the good people with their baskets filled to the handle and boxes of "grub" secured a shady place where all might be made comfortable and said, come and eat.

All seemed to feel at home for the next thirty minutes; when the noon hour had passed the house was called to order by W. J. Hill who read for a lesson the 34th Psalm, after which Uncle John Hogard talked a short time from 1 John 3:2. His subject being, "What a privilege to be the Sons of God"; after which the services closed with prayer by Bro. Tom Henry.

Then it was the "goodbyes" began to be heard about the sacred old spot and the songs, prayers and testimonies

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develop into nervous prostration. Nature demands sleep, and as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nerve brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and restores energy in all the organs. Nothing will give strength and vitality as surely and as quickly as Dr. Miles' Nerve.

During the past winter I had two attacks of Louprie which left me very weak, and in bad condition. I was unable to sleep. I tried many different remedies, but they did not help. A neighbor recommended Dr. Miles' Nerve, and after taking a few doses of Nerve, I had not slept for some time. I had terrible pains in my head. I was not so severe, and I am now taking the second bottle. I feel much improved. M. SMITH, Underhill, Vt.

Dr. Miles' Nerve is sold by your druggist, or by mail. It will benefit you, if it fails, he will refund your money.
