COUNTY VISITED BY ANGEL OF DEATH

Laid Several of Our Citizens To Their Rest.

WILLIAM R. WOLF,
William Wolf, aged 48 years, a prominent officer of the county, and one of the most esteemed citizens of this district. Mr. Wolf was born in Crittenden County, Kentucky, and was educated in this county. He was a man of many fine qualities and was universally respected by all who knew him. He was married to Mrs. Wolf, who survives him, and leaves five children. Mr. Wolf was a member of the Masonic and Odd Fellows lodges, and was also a member of the Republican party. He was a successful farmer and was well respected by all who knew him.

WILLIAM H. MILLER,
William Miller, aged 53 years, a prominent farmer of this district, was also killed in the same accident. He was married to Mrs. Miller, who survives him. Mr. Miller was a member of the Masonic and Odd Fellows lodges, and was also a member of the Republican party. He was a successful farmer and was well respected by all who knew him.

VICTOR G. KEE,
Principal Marion Grade School.

CATHOLIC SCHOOL TEACHERS.

School and Mining Industries Have feminine teachers in the City.

The new edition of the Marion Grade School has been issued and contains some new features and other improvements over previous editions. There is no better place to begin a study of any question of efficiency in public schools than the Marion Grade School. The school is particularly notable as it has been operated under the management of the Marion Grade School Association, and the school is under the direction of Mrs. Victor Lee, the principal teacher of the Marion Grade School.

PROFESSIONAL ADVERTISING.

The school is the chief factor in the growth and development of the community; and, as such, it must be given proper recognition. The Marion Grade School is the foremost school in the county, and is the model for all other schools in the county. At present there are two principal factors operating to make the city of Marion the educational center of the county. These two factors are the Marion Grade School and the training institution of the city. All other commercial interests and industries are dependent upon and subservient to these two prime factors. The people of Marion and Crittenden county and even the people of adjoining counties fully realize the fact, but in any case, will probably become more so.

Why are teacher and student not interested in the Marion Grade School? The Marion Grade School has been established for the purpose of training teachers, and is the model for all other schools in the county. It is a model school, and the people of Marion and Crittenden county and even the people of adjoining counties fully realize the fact. DROPPED DEAD!

You pick up a paper today and the headline reads: "Dropping Dead!" It is an unusual thing, to be sure, but it happens occasionally. The paper is a very good one, and the headline is correct; for the person who died is deceased, and there is no better way of expressing it. The headline is correct, and the paper is a good one.
