Will any one of the professors

name was applied to the action of the State against James P. Towery, for..." What were the "hot blooded fellows" who did the damage to the wall?"

DEAR EDITORS

James Towery has come from the scene of his first action, the case of Lum in the Circuit Court 1876, being three years ago when he carried it to the highest court of the State. Now the little fellow waited eight days before he was over there, but without the wall. To his credit be it said, he was over there, and he was over there, and he was over there.

Soh, and without futher, mother, brother, and step-sister, the wall came down and the wall came down, and the wall came down.

DEAR EDITORS

If you have read the Times-Register of your city, you may have...to know that the wall was invaded by a group of".

A young, promiscuous man...the wall. He carried the wall away. He carried the wall away. He carried the wall away.

DEAR EDITORS

The wall was never before in danger, as far as we know. It has been...but the wall had not been hit before. And the wall had not been hit before. And the wall had not been hit before.

INTERESTING SPEECH

By Dr. T. A. Frazer.

Made Recently at the Banquet of the Trines family.

Mr. Chairman, Ladies and Gentlemen:

I have been asked to address this gathering today on the interesting topic of the history of the Trines family. I am grateful for the opportunity to share with you some of the stories and traditions that have been passed down through generations.

The Trines family has its origins in the early 1800s, with the founding of the first Trine settler in what is now the United States. The family has grown and diversified, spreading across the country and beyond, but the core values of the Trines have remained steadfast.

Our family is known for our hard work and dedication to family and community. We have always been a family that values education and the pursuit of knowledge. This tradition has been passed down through generations, and we are proud to continue it today.

I want to take a moment to recognize the contributions of our ancestors, who laid the foundation for our family. Their stories are filled with challenges and triumphs, and we are grateful for their legacy.

On behalf of the Trines family, I would like to express our appreciation to all of you for taking the time to be here today. We hope that you will find our stories and traditions as interesting and inspiring as we do.

Thank you.

Neuralgia And Other Pain.

All pain is in some degree a matter of the mind. It is never a sign of the health of the body. It is simply a kind of nervous congestion, a jarring of the nerves, the muscles, the blood vessels, the glands, etc., and the irritation of the nerve centers. It is not a physical condition, but a mental one, and it is only relieved by the mind.

The Cough Remedy.

Chamberlain's Cough Remedy.

It is a sure and effective remedy for the most stubborn and long-lingering coughs, as well as for all other colds, gripes, and ailments of the respiratory organs. It is a tonic and a stimulant, and it is always used under the direction of a physician.

City Lots and Residences.

Have you seen the desirable building lots in Clark's Addition to the city of Marion, Ky., and the residences therein that are now being offered for sale by W. H. Clark?

If you have not it will certainly be to your interest to do so before purchasing real estate elsewhere.

These lots are especially adapted to building purposes and are the most desirable part of the city. They are at the straight and central location of the city. Just the place for a residence.

No part of Marion has grown so rapidly or as well as East Marion and you could certainly do no better than invest your money in the lots and residences shown in the above column. These lots are sold at a reasonable price, and terms of sale will be arranged to suit purchaser.

If you desire to purchase a residence or lot in Clark's addition to the city of Marion, you will call on W. H. Clark.
