IS IT NOT YOUR INTEREST TO TRADE WITH Schwab?

Are you not satisfied to have a house that stays open the year around? You are fully aware that all others have got to close down. You never don’t care to sell five months in the year and not one month in the year. Surround seven months in the year. For twenty years I have had this experience. Stay with those that stay with you.

R. SCHWAB.
Tired Nervous

You may feel tired, nervous and irritable, your stability is crumbling before your very eyes. Perhaps you feel on the verge of nervous exhaustion, and your physician has told you to get some rest. The doctors are right - you need rest.

The organs of the body are working overtime - your mind and you are not getting the necessary sleep. But, besides feeling tired, unwell, and downhearted, your body is suffering. What can be done to help you feel better?

First, try a rest cure. This means getting plenty of rest and sleep. You can't keep going on without rest. You need it to give your body a chance to recover.

Second, eat a balanced diet. This means eating plenty of fruits and vegetables, and avoiding too much sugar and caffeine. You need a healthy diet to give your body the energy it needs.

Third, exercise regularly. This means walking, swimming, or any other form of exercise that you enjoy. You need exercise to keep your body healthy and strong.

Fourth, get some fresh air. This means spending time outside, even if it's just a walk in the park. You need fresh air to help you feel better.

In summary, you need rest, sleep, a balanced diet, exercise, and fresh air. Follow these suggestions and you should feel better in no time.

A RUOUSUS POLICY.

In 1923, a group of women in Kansas City formed the Women's Christian Temperance Union (WCTU) with the aim of promoting sobriety and religious values. The organization was primarily focused on discouraging the sale of alcoholic beverages and educating the public about the dangers of alcohol consumption. WCTU members engaged in various activities, such as public meetings, home visits, and the distribution of literature to promote their cause. The union was influential in the years before Prohibition and helped to establish a network of support for dry laws in states such as Kansas. Their efforts contributed to the eventual nationwide prohibition of alcohol, which was enacted in 1920 with the passage of the 18th Amendment to the U.S. Constitution.
