You Must Sleep.

If you are like the average man, you are in an irritated or exhausted state at the present time, which will soon develop into permanent nervousness. Modern men and women, and it is important to know it, is a result of overwork and overthinking. The most obvious reason for this is the large amount of work that is required of everyone, and the amount of time that is required of everyone. The time you must sleep.

On account of the new mills going up here in the district there will be a great demand here for building lots in the spring. Every house in the city is now occupied and the new influx will demand more houses. Therefore a real estate investment in Marion is well worth your consideration. A $100 now for a short time will get a lot that will be worth $200 in a short time. For a short time only your choice of 12 of these most desirable lots may be had for $100. Don't delay.
