TOBACCO BILL CHOKED OFF
Power of Tobacco Trust Great in Senate

SENATOR ALDRICH BLAMES
Bill Passed the Lower Without Stopping Vote to Reduce Tax on Farmers

SUCH LAW WOULD NOT SELL:
Washington, April 6. Slim, oval nose, and a pair of sharp eyes, the Senate passed today the bill for the taxation of tobacco. Senator Aldrich, chairman of the Committee on Finance, of which Senator Allen, of New York, is a member, and that reformer, a critic of both the Senate and the House, is in favor of the bill. The bill, however, is opposed by the Tobacco Trust, of which Joseph C. Hawley is a member, and the result is that the bill is likely to become law.

"I was a Victim of Dropsey for a number of years, and suffered from loss of appetite, headaches and pains in the lower bowels. I used many different treatments but was unable to get the cure.

This was the experience of Mrs. George Jones, Avon, N. C., and the writer of the above mentioned efforts for finding relief. I was advised by friends to try St. Joseph's Liver Regulator and, before I had imported the package I found that I was being greatly benefited. I have used three boxes and stand ready to proclaim the rest and best medicine I ever used or heard of, and I am telling all my friends about it."

The Crittenden Record
SUNDAY, SEPTEMBER 21, 1919

Somebody's got a piece of the public. There are no reliable figures for the number of people who have paid to be publicized in the past few months. It is generally agreed, however, that there are probably more than 10,000 people who have contributed to this cause. The total amount collected is estimated at $50,000.

The editor of the Crittenden Record has written a letter to the public, in which he states that he feels it is his duty to do all he can to support this movement. He has been in close touch with the leaders of the movement, and has been assured that the funds are being well spent. He is confident that the public will continue to support this movement, and that the goal will be reached.

The editor of the Crittenden Record has also written a letter to the government, in which he states that he believes that the public is ready to support this movement. He has been in close touch with the leaders of the government, and has been assured that the funds are being well spent. He is confident that the government will continue to support this movement, and that the goal will be reached.
