'HONESTLY WEIGHED'

Attacks Livingston Banner's Report

OF RECENT LIBEL SUITS.

Gross Misrepresentation of Facts is Shown and the Reason Why It Was Done.

WAS ANOTHER RANK POLITICAL FARCE.

Smithland, Ky. —The Livingston Banner seems much agitated over the fines assessed in the Livingston circuit court against the editor of the Crittenden Record, Jas. E. Crittenden, and H. C. McCord, of Hampton. Messrs. Crittenden and McCord while here on the first day of court denied that they were guilty as charged by a recent democratic jury in this county. They stated however that because of the partisan methods pursued by the courts here in having only "their own kind," democrats, to serve on juries forced them to submit to an agreed settlement of the cases, which agreement was entered into before the day on which the cases were to be tried. It was an outrage but they of necessity had to submit to it rather than be tried by a partisan jury selected in a partisan manner. They were charged with a political offence and of course their friends and attorney knew the almost inevitable result of what under the above conditions must needs be a partisan trial, and so therefore advised them to submit to the agreed fines without a plea of guilty rather than be tried by a partisan jury which of course already had its mind made up on the political cases. Neither Crittenden nor McCord was or are guilty of libel and no honest court sufficiently advised could so hold them, and they both denied that they were or are guilty of libel. If these gentlemen had been given a fair trial there is not a jury in the district that would have found them guilty. The methods pursued by certain gang politicians in this county as well as in the state, at Music Hall and other places, were the same kind that these men had to meet in Livingston county.

There is not an honest man in the county but knows the history of these cases and knows that these men were indicted because they were republicans. Democrats in this county can say whatever they please against a republican and are held immune by the "gang" against any responsibility. The "gang" democrats have conducted campaigns of lies and slanders against other democrats, not members of the gang, and against republicans and have never been held in jeopardy for an offence. The Banner is now conducting such a campaign against the present county administration. Sore, it is so sore that an application Ma-le-na or Witch Hazel would be a welcome bane. Just last week it held the administration up to ridicule and characterized its members as "pinks of purity" and consigned the administration's economy to hell. But when will the owner or the editor of the Banner ever be held guilty of slander by the gang and of all the consignments for hell would they care to see a detailed list. No, Mr. Banner, Bannerman or Banner-men, Messrs. Crittenden and McCord are not guilty of libel and never were, but had to submit to your partisan idea of justice in the absence of a flush pocket book that would be necessary to take the cases where they could get justice.

Now Mr. Banner you can boast all you want to about the court record, or order as entered "in order book E. E. page 497 of the Commonwealth Orders of the Livingston circuit court," but just ask yourself if a strong democrat did not enter that order, ask yourself if the very clerk of that court did not mix himself up in the circular affair by giving an affidavit concerning same, ask yourself if the very court itself is not and has not been charged all over his district, almost, with having partisan jury commissions, ask yourself if one of the Smithland members of the jury commission were not defeated last fall together with Thos. Evans, al-

so ask yourself if another member of that commission is not the same man that Hon. Jno. K. Hendrick placed before the public with reference to appointments at the Eddyville penitentiary, ask yourself whether you ascertained whether the accused did not protest to such an order being made, and lastly ask yourself if you had a case in court would you want a partisan judge, commonwealth attorney and a partisan jury, all republicans, to try your case.

Yours Truly,
HONESTLY WEIGHED.

The San Francisco Earth Quake.

Investigation reveals the fact that the loss of life and destruction is even greater than first estimated.

Mechanics pavilion has been turned into a temporary hospital and already seven hundred bodies have been recovered from the ruins. It is thought that the loss of life will reach up into the thousands.

There was not a single building escaped the fury of the earthquake and the large buildings are being blown up to prevent if possible the spread of the fire which is raging in several different parts of the city. The gas and electric light plant have both been destroyed leaving the city in total darkness and thieves are sacking the city. Troops have been sent for to take charge and protect the city as far as possible. The people are panic stricken. Aid of all kinds is being daily volunteered.

GOOD WORK DONE ON COURT HOUSE.

Presents the Appearance of a New Building Both on the Inside and Out.

The repair work on the court house has been completed and in its new attire one would hardly recognize it as the old court house of less than a month ago.

The cupola, which was considered unsafe, was removed and a new one built. The outside of the building was repaired and repainted.

On the outside the entire building, offices and court room, have been made to look like new rooms. The court room has a dressing of new wall paper, the wood work has been re-varnished and the handsome metal furniture ceiling appropriately painted. The furnishings were not omitted, new chairs being put in and a new carpet put down along the aisles and around the judge's seat.

The walls of the upper hall were kalsomined and painted in light blue. The lower hall has been papered in handsome green flowered wall paper. The county judge's and sheriff's office have both been newly papered and painted.

Hodge Fritts, the contractor, deserves much credit and praise for the excellent work he has done in repairing this building. He has done an excellent piece of work and it stands as a monument to his workmanship.

County Judge Blackburn's tastes were brought into play in the repainting and varnishing of the building and compliments are also due him. The work that has been done under his direction, including the office furnishings added, will use up only about half of the \$1,000 appropriation made by the fiscal court for the purpose.

Mrs. Sue Chittenden Dead.

Mrs. Sue Chittenden, wife of A. J. Chittenden, died Friday afternoon at her home on Salem street.

To her many friends this was no surprise, as she had been in poor health for several months and for the last two weeks had been very low.

Mrs. Chittenden was a devout christian, being a member of the Christian church. She was a faithful wife throughout her married life and a devoted and loving mother. She leaves a husband and two sorrowing children, and a host of friends.

Funeral services were held at the home Saturday afternoon conducted by E. J. Shelby Rowe and the remains laid to rest in Old Cemetery.

Farmers, Attention!

I am here representing the Spencer Davis Sickle Self-Sharpener and desire to have an opportunity to put it before the farmers of the county. I have the long looked for sickle sharpener that every farmer has often felt the need. You must not fail to see it demonstrated. Jno. W. Wright, General Agent, 40-3mo.

WAS IT BURIED TREASURES?

Strange Reports From Nebo, Hopkins County.

IS WRAPPED IN MYSTERY.

People of the Village Excited Over Finding a Hole in the Ground.

THE FINDER IS UNKNOWN THERE.

Madisonville, Ky., April 16.—Has a hidden treasure lain for years under the very noses of the people of Nebo to at last be mysteriously claimed by its lawful or unlawful owners as the case may be? There is great excitement in the little city just now on account of indications that point to the fact that a box of money has been dug up on the property belonging to Mrs. Augusta L. Armstrong.

Last Wednesday night some unknown party went to the Armstrong premises and dug up what is supposed to have been a box containing gold and silver. Thursday morning Mrs. Armstrong discovered a pile of fresh earth under a peach tree in the back part of the lot. An investigation developed the fact that the hole contained a decayed box. In this box appeared to be the remains of a cigar box, which also showed signs of having been buried for a long time.

On the pieces both of the outside box and the cigar box were prints of coins, some of them resembling in size large denominations of gold coins. From the impressions left in the decaying wood it appeared as though the boxes had been tightly packed with the money.

An old hoe without a handle was the instrument used in digging the hole.

The people of Nebo are in a fever of excitement and conjectures as to when the treasure was buried, by whom and who at least came to claim it, are on every tongue.

Accident at Memphis Mine.

Ben Gilbert, foreman at the Memphis mine while superintending removal of some loose rock from the hanging wall of the mine on Monday last sustained a very severe accident. A loose boulder weighing 100 pounds fell a distance of five feet from the hanging wall to the foot wall upon which Mr. Gilbert was resting his right hand. The boulder struck and crushed the third finger on that hand. He came to town immediately, the finger was dressed and there is every indication that his finger will be saved and that no complications will arise.

APPOINTED PUBLIC ADMINISTRATOR.

Grant Hughes Gives Bond and Qual- ifies For the Position.

In the county court Rev. Grant Hughes has been appointed public administrator and guardian for the county as provided by the Kentucky Statute. He has given bond and qualified for the position and will be ready to officiate when his services are demanded.

He may be called in the settlement of any estate and especially those belonging to orphan children where complications sometimes arise.

Come Very High.

Not enamored of public ownership is the Maysville Ledger, Col. Tom Davis gives good reason, too, for the faith that is in him:

"The Government printing office at Washington is a splendid example of 'Government ownership.' What is done there cost people about \$7,000,000 a year. It could be done by private printing plants for half that sum."

That "Wise Old City."

Montgomery, Ala., was delighted with the performance of the Schubert Symphony Club and Lady Quartette on

February 16th, '97, and from the collection of testimonials from the most excellent of people we clip the following from that sterling gentleman and scholar, Rev. Dr. W. Dudley Powers, Rector of St. John's Chapel: "Your entertainment was very satisfactory to all who saw it, and has received warm compliments from all to whom I have spoken. I regard it as a refined, artistic and pleasant entertainment. To me your company gave exceptional pleasure, and I shall always be glad to give any word of commendation that may be of service to you." The best people are always the best pleased with the Schubert's. Your last chance to hear them here is at the Opera House on May 9.

Fix Date of Meeting.

Louisville, Ky.—The place where the Kentucky editors who are members of the Kentucky Press Association will meet this year will be fixed at a meeting of the Executive Committee, which is to be held next Saturday morning at 10 o'clock at the Old Inn. The date for the convention will also be fixed, and various other details of the program will be arranged.

College Opens in September.

Sturgis, Ky., April 18.—The Ohio Valley university will open its fall term here Sept. 17 and the outlook for a successful year is bright. The college building will undergo several repairs.

JUDGE BLACKBURN GOES AFTER ROAD OVERSEERS.

Has Protected Them Through Bad Weather But Must Come up With Right Thing Now.

To Road Overseers: The long winter we have had was unusually hard on our roads, and as a consequence, they are left in a bad condition. All through the winter season I have tried to protect the overseers as far as possible as I thought they could not work roads to any advantage then: now the time has come when you can do good and lasting work, and I must insist that you give immediate attention to your respective roads.

All overseers should at once go over their roads, work the bad places, fill up the holes and open up the ditches. I suggest that each overseer have his hands work at least two days now and more if necessary, and a little later, give your road a good working. We want to do more work and improve our roads more this year than we have ever done.

With the hearty co-operation of overseers and road hands we can put our roads in such condition as to make it impossible for a repetition of the experiences we have gone through with last winter and this spring.

It is not necessary to argue the advantage of good roads; all agree that we need them and that we ought to have them.

The Fiscal Court has fixed the price of \$1.50 per day for plow and team necessarily used this year between the 1st day of April and the 15th of September. At that price you should be able to get good teams and then you should see to it that they do good work and put in full eight hours' work each day as the law requires.

Respectfully,
W. A. BLACKBURN, Judge,
Crittenden County Court.

Protect Proprietary Medicines.

Did it ever occur to you that proprietary medicines are a blessing to mankind generally? The good ones have long continued sale; the poor ones have short life and soon leave the market.

If we had to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Boschee's German Syrup has been used in many families, and thousands of lives of adults and children have been saved by its use, when it was impossible to reach a physician. German Syrup is the best household remedy for coughs, colds, throat and lung trouble. It quickly relieves the hacking cough, loosens the phlegm, and brings sound and refreshing sleep. Twenty-five and seventy-five cents. For sale by Woods & Orme.

The Louisville Daily Herald and THE RECORD both one year for \$2.00.

TOUCHED BY HOWARD'S PLEA

Lum Simons Will Educate Eldest Son.

A MOST GENEROUS ACT

Young Howard Will be Sent to School the Next Two Years at London, Ky.

WILL RECEIVE BEST OF TRAINING.

Earl Howard, of Manchester, Clay county, aged ten years and son of Jas. Howard, who is undergoing life imprisonment at Frankfort for the assassination of Gov. William Goebel, will be educated by Col. Lum Simons. Col. Simons has already educated five other children whose parents encountered misfortune.

Young Howard will be sent to London, Ky., where, for the next two years, he will attend school at the expense of Col. Simons. Until he attains the age of twenty-one years he will be under the direction of Col. Simons and will receive the best scholastic training that it is possible to give him. The lad is bright and ambitious and is more than pleased over the deep interest manifested in him by his benefactor. The generosity of Col. Simons touched the heart of the boy's mother, as well as the father, who was himself a teacher.

When Col. Simons read the statement in an interview made by Howard that he was resigned to his fate, but that the welfare of his wife and children was the kind of grief that he was unable to withstand Col. Simons indicated to Mrs. Howard that it was needless for her or her husband to longer worry about the future of their son.

Commenting upon Mr. Simons' charitable deeds the Louisville Herald says:

Lum Simons has set an example that may well be followed by those who speak unkindly of him. He has devoted a considerable portion of his life to doing good for the poor and friendless. He has already educated five unfortunate children, four of whom are "happily married," and has now agreed to educate another, the son of Jim Howard.

Confined to his room with a painful affliction, instead of spending his time in useless repining and grumbling, he has been thinking of what he might do for the relief of suffering humanity. No kinder heart ever beat in the breast of any man, and he will certainly receive a reward.

The canting hypocrite, who lifts his hands in holy horror, thanking God that he is not like other men; the dispenser of charity, who notes with care every dollar expended, looking to self-emulation or other selfish motive; the rich, who build worthy monuments to themselves, hoping to perpetuate themselves in brick and stone; the professed christian, who lives within the narrow limitation of self-advancement, forgetful of the suffering and want that surrounds him, should, seeing the example of Lum Simons, "go and do likewise."

The good wife, who has assisted him in his charitable undertakings, should not be forgotten. She has, in truth, "laid up a crown in glory."

MADISONVILLE MAN GIVEN LIFE SENTENCE

Narrowly Escapes Lynching after the Verdict Was Made Known.

Roswell, N. M. April 14.—E. L. Price, of Madisonville, Ky., slayer of Conductor Frank Curtis, narrowly escaped a lynching at Portales last night, after it was learned that he had been convicted only of murder in the second degree, which carries a life sentence. He shot Curtis for reprimanding him for insulting two women passengers on a Pullman car. The people wanted a hanging. Only the strength of the jail, which is new, prevented. Then the mob started for the jurors who rendered

ed the verdict, but they were warned, and escaped. It was learned that Mrs. Curtis wanted Price to live and suffer. Price's brothers, E. M. and C. L. Price, of Madisonville, Ky., say they will spend their fortune of \$150,000 to release him.

April Fool.

A fat purse lay on the sidewalk. Pedestrians looked at it askance and passed on.

At last a boy picked the purse up. He took from it a plump roll so yellow that people across the street caught the gleam and quit grinning.

Hastily the boy thrust the find into his pocket.

"You ought to see 'em rubber," he said to his chum a little later on, as they were planting the purse again. "Say, dem peach-can labels is great ain't dey?"

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: Twenty years ago I had several hemorrhages of the lungs, and was near death when I began taking Dr. King New Discovery. It completely cured me and I have remained well every since. It cures Hemorrhages Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for weak Lungs. Every bottle guaranteed by Haynes & Taylor, Druggist. 50c and \$1.00. Trial bottle free.

IT PROVED TO BE PRIVATE PROPERTY.

Skull Found Near Central City Came From a Medical College

Central City, Ky., April 17.—It was developed at a Coroner's inquest that the human skull found by five small boys on a vacant lot a few days ago was the property of Dr. W. E. Cobb. In a statement made by Dr. Cobb to Coroner Brown, the former said he had secured the skull while attending a Louisville medical college, and that on the day it was found by the boys he had brought it from his home in Mark for the purpose of taking it to his boarding house in this place. He had deposited the package where it was found by the boys, intending to go back for it. The discovery and sensation followed.

Have You Dyspepsia, Indigestion?

If today you suffer from impaired digestion, sluggish liver or impure blood, and you were told of a preparation which would cure you at small cost, would you try the remedy? There is a medicine—Green's August Flower. Go to your druggists and buy a test bottle for 25 cents, or the regular size for 75 cents. If you have used all other dyspepsia remedies without satisfaction, or if you have never used any preparation for these distressing affections; if you have headache, biliousness, loss of appetite, sleeplessness, nervousness, or any disorder of the stomach or liver, cure yourself quickly by using the infallible August Flower. It is not an alcoholic stimulant, but quite harmless for general use. Get a copy of Green's Prize Almanac. For sale by Wood's & Orme.

The Union Meeting.

The union protracted meeting which is being held at the Cumberland Presbyterian church is growing steadily in interest and attendance. The capacity of the church was insufficient to seat the immense crowds that came both Sunday morning and evening. The local preachers relieve each other from service to service and by their hearty co-operation and earnest religious zeal much good is bound to result. There have been many conversions and will be many more before the close of the meeting.

The singing is an especially beautiful feature of the meeting. The choir is made up of the choirs from the various churches of the city and is composed of the best singers in town.

This meeting is elevating and uplifting to all and the public is cordially invited to attend. Services will continue the remainder of the week and until further announced.

The Crittenden Record.

ISSUED WEEKLY.

JAS. E. CHITTENDEN,
Editor and Publisher.

SUBSCRIPTION ONE DOLLAR PER YEAR.

Entered as second-class matter July 15, 1904, at the postoffice at Marion, Ky., under Act of Congress of March 3, 1879.

FRIDAY, APRIL 20, 1906.

The various pastors will now tell the joke about the women who enjoyed their sermons while looking at their neighbors' hats.

The business men of Marion suffer enormously from bad roads in the county. They are deprived of hundreds of good customers.

Within ten years the hills of Kentucky will make many millionaires. Only the surface, and not much of that, has been scratched.

Singular, but true, that every utterance of Alton Brooks Parker since his nomination for the Presidency makes him smaller in public estimation.

Capitalists and citizens of Central City, Ky., in general are making large appropriations and a strong pull on the fiscal court of Muhlenburg county to induce it to remove the county seat from Greenville to Central City.

A Wrong Statement.

Under the headlines "Plead Guilty To Criminal Libel" the Crittenden Press states:

"Editor J. E. Chittenden, of the Crittenden Record, and Postmaster H. C. McCord, of Hampton, who were indicted for libel by the Livingston county grand jury for their connection with the circular which was printed and circulated during the campaign of 1905, in which the character of Judge Thos. Evans was assailed, appeared in court Monday at Smithland and plead guilty to the charge and were each fined \$200 and costs.

"Editor Chittenden was accompanied to Smithland by his attorney, Carl Henderson. They returned Tuesday."

The statement that the editor of this publication appeared in court and plead guilty to the charge of assailing the character of Ex-County Judge Thos. Evans is false. He was not guilty of the charge and did not plead guilty of it. He did go to Smithland with attorney Carl Henderson on Monday to further plans for fighting the case in the court. After arriving in Smithland in the afternoon some of the best citizens of the county informed the editor and his attorney that in their opinion the court had prejudged the cases in his instructions to the grand jury. They stated that they believed it was for a partisan purpose preparing the bystanders to receive the cases that were already before the court for trial. Investigation also revealed the fact that the list of petit jurors which had been drawn contained only the names of Democrats, some of whom were active politicians, and it was also revealed that said names had been deposited in the jury wheel by a commission the majority of which show up as follows. One member, Democrat, was defeated in the late election by the mule ticket and as we suppose Judge Gordon sought to appease his soreness by appointing him jury commissioner,

and another commissioner, Democrat, appointed by Judge Gordon, is well-known to our readers for the way he maligned the good character of J. Frank Conger, of this county, when the latter ran for the legislature a few years ago, and also by the notoriety given him by Hon. John K. Hendrick concerning appointments at the Eddyville penitentiary. The other commissioner might have been Thos. Evans, but the latter had suits pending for trial and that would not do, so the other commissioner happened to be a good honorable man, a Democrat, but who says that his will predominated in jury selections. Therefore seeing such an adverse state of circumstances and adding the cost of trial the editor of this paper through his attorney asked the Commonwealth Atty. to name the least possible amount of money for which his case would be stricken from the docket. Thereupon \$200 was agreed in the case of the editor of this paper, and Mr. H. C. McCord also as for that matter, and the attorney for the editor of this publication was instructed to say and did say to the commonwealth's attorney that under no circumstances whatever would said Jas. E. Chittenden plead guilty, and he did not plead guilty as charged.

Now we do not feel the necessity of criticizing the editor of the Press particularly in this matter, but he should not be in a hurry next time to have some one reported guilty just because some member of the partisan gang in Livingston county advised him that that particular party had entered a plea of guilty when the true facts were as stated above.

Easter.

Easter, the festival of immortality, no longer belongs to any church or religion. All men to whom the hope of immortality is an inspiration and an impulse to good living have the right without reserve to join in the Easter rejoicings.

At Easter tide, with rare delight,
We find in quiet places
Wild violets, shy, sweet, blue and white,
Those whom our memories hold.
With upturned, fairy faces;
And as their dainty chins they lift,
Content amid green mosses,
The lesson is this Heaven-sent gift,
Rise Ye above earth's crosses.

A Prayer.

O Providence that careth
For us, thy countless fold,
In peace preserve, from harm defend,
Those whom our memories hold.
O Wisdom that designeth
What our best meed shall be,
Dispose our minds, incline our hearts,
To heed thy Majesty.
O Sovereign Love that blesteth
The world and all mankind,
Twixt souls akin let naught descend
To loose the ties that bind.
O Father, God who beareth
With wayward heart and will,
Thy grace, which strength and peace
imparts,
Continue to us still.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nerve was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nerve has completed her entire cure."

1021 Cherry St., Evansville, Ind.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Beware of Ointments for Catarrh that Contains Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c a bottle. Take Hall's Family Pills for constipation.

SALEM ST., MARION, KY.

HOSPITAL PHYSICIANS SAID:

"IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."

Mrs. E. W. Rose, St. Louis, Mo. RICHMOND, IND., Nov. 20, 1906.
DEAR SIR: The charity patient in whom I am so much interested was seventy-five years old at the time that she began the use of "Zemo," and her weight was 120 lbs. Her health has been poor for some time past, suffering mainly from spinal trouble, according to the diagnosis of the doctors in attendance. She has been a hard worker all her life, having made the living for her family keeping boarders. Somewhat over a year ago ennema began to trouble her. It gradually grew worse and worse until her entire body was affected, the legs being a mass of sores constantly separating. The itching and burning sensations were so dreadful at times that it was impossible for her to sleep day or night. The doctors (two of our best) pronounced the case incurable, and when I asked permission to use "Zemo," promptly said, "It would delight us to find something to cure the dear old sufferer." "Zemo" was first used on the upper part of the body and soon relieved the patient of the terrible distress caused by the itching and burning. The doctors had been dressing the legs every day, but as soon as they saw the wonderful change in the skin where "Zemo" had been used, they gave consent to have it used on the legs. Gradually they began to improve and are now almost as strong as the first. It was probably about a month before much relief was experienced in this part of the body, then skin scaled off, itching, burning and aching gradually ceased. It seems now as if a tremendous burden had been removed from her shoulders. She is now a few weeks longer before saying that she is cured. However, she is very grateful to all who have been instrumental in securing your wonderful remedy and thinks that it has a great future before it. Respectfully,
(MRS.) MARY PERRY BELLIS, Nurse in Hospital, No. 208 N. 8th St.

Disease Worse Than Leprosy.

Washington, March 29—Gangra, a tropical disease more repulsive than leprosy, has become so prevalent upon the island of Guam that Lieut. McNamee, U. S. N., the acting Governor of the island, has recommended the establishment of a hospital for the isolation of the disease which is believed to be highly contagious.

Admiral Rixey, the Surgeon General Navy, has approved the recommendation and it is likely a \$5,000 hospital for cases of the new disease will be erected immediately near the leper hospital on the island. Lieut. McNamee says the disease destroys the upper part of the face by slow ulceration and is worse, both to the victim and his companions, than leprosy. As 400 cases have already developed Lieut. McNamee says its isolation is imperative.

of reading and what he had read. The man encouraged Lincoln to persevere. In February, 1831, a Mr. Denton Offutt wanted to engage John Hanks to take a flatboat to New Orleans. John was not well disposed to the business, but Offutt came to the house and would take no denial; made much of John's fame as a river man and at length persuaded him to present the

WHERE THOMAS LINCOLN DIED.

matter to Abe and John Johnston. He did so. The three friends discussed the question with great earnestness. It was no slight affair to them, for they were all young and poor. At length they agreed to Offutt's proposition, and that agreement was the turning point in Abe's career. They were each to receive 50 cents a day and the round sum of \$500 divided among them for making the trip. These were wages such as Abe had never received before and might have tempted him to a much more difficult enterprise. When he went with Gentry the pay was only \$8 a month, and no such company and assistance as he was to have now. But Offutt was lavish with his money, and generous bargains like this ruined him a little while after.
