

Experiences of Wesley Stope

By KENNETH HARRIS

"What was she chawin' on them samples for, Rufe?" asked Newt Robins as the woman who had been "doin' her tradin'" departed with her bundles.

"To see if the dye 'ud run," replied the storekeeper. "Some of 'em always does that. They'll stand alongside of the counter an' chew on turkey red an' gingham an' calico for the best part of an afternoon as fast as I can snip off samples. It makes my jaws ache to look at 'em. She only chewed on six pieces before she got a piece to suit her."

"She's hard to please," observed Marvin Parsons.

"Most women are," said Sol Baker, with a tinge of bitterness.

"I don't know so much about that," objected Washington Hancock, who was trying the effect of a broad-brimmed straw hat before the mirror in the back of the showcase. "'S far as my experience goes wimmen ain't hard to please."

Just give 'em their own way an' do the way they want you to do an' don't contradict 'em 'an you can get along fast rate with most of 'em," said Hancock, ignoring the thrust. "Once in a while there's exceptions, but I ain't never seen many of 'em. The trouble is we don't try to please 'em enough. I never seen but one man that tried right along an' that was Wesley Stope."

"Don't he try now?" asked Baker.

"He does it 'thout tryin'," said Hancock. "That's the best way, after all. When Wes started out he didn't know enough to keep from pesterin' the pestered woman inter marryin' him in the first place. She'd have been willin' enough to marry him anyway, but he didn't know enough to know that, an' the consequence was she alius could tell how she give him the milties three times afore she took him. Well, Wes didn't care for that. He told her that if she only take him he'd put in the best of his days tryin' to please her an' he started in ten minutes after the preacher said no man was to try to put 'em asunder."

"I remember soon after the settled down she said one time that the barn ought to be painted an' we went to town 'thout sayin' anything to her about it an' brought Jud Harper an' five gallons of yaller paint back with him, an' while she was over to her mother's they painted that barn roof an' all as yaller as a punkin. I could've thought that would have pleased her, but it didn't. She said she didn't mean it ought to be painted right away, an' there was things needed paintin' a sight more than the barn. If he'd painted it anythin' why didn't he paint it red an' what was the use o' payin' Jud Harper three dollars, when he could have done the job just as well himself an' save the money?"

"Well, Wes plugged along an' after that he put his money in the bank an' when the woman began to hint around she'd like somethin' or another he didn't pay no 'tention to it, an' then she 'lowed he didn't care a row of pins what she got along with. That put Wes back where he started an' the next time he went to town to come back with a washin' machine, a mangle an' a blue plush album, a settin' o' brown leghorn eggs."

"No, there wasn't nothin' Wes could do, seemed like, that satisfied her, though she was a right pleasant sort o' woman to most everybody, except Wes. But Wes couldn't please her. We done right well with the farm. He was a worker from away back an' a good trader an' he made money where anybody else would have starved to death. He still kept up tryin' to please his wife an' he had just about the same old luck."

"Well, one time Miss Stope went to town an' she seen a settin' o' folks playin' this yer croquet on the grass out in front o' Paul Nobody's residence, an' she come home an' 'lowed that it would be right nice if they had a croquet. That was enough for Wes, o' course. He hitched up the next day an' went to town an' come back with a ball 'mains an' balls an' wire hoops, an' he made her look at 'em an' then she looked at Wes, 'es Stope, she says, 'I sh'd think a time you'd get a little sense. Now, that set it with all them stumps she was in the way of the arches?"

"That made Wes a little mad, because him not bein' able to satisfy her had been workin' on him a right smart spell, though he was one o' these fellows 'I never lets on. He shrugged his shoulders an' sighed an' went out to the barn an' got a two-inch auger an' began borin' holes in them stumps. The woman didn't notice what he was a-doin', bein' round on the shady side of the house hangin' out a wash, until all of a sudden them blasts went off simultaneous."

"When Wes come in the first thing he noticed was a hole in the side o' the house as big as a doobie barn door, where the biggest half of an ellum stump had busted through an' brought up against the parlor organ, cav'n' in the front, an' a chunk of rotten butter an' some misshapen hickory an' beech had followed after an' played hob with things generally."

"It ain't no manner o' use," he says, groanin'. "I want to please her, but whenever I do I try, it alius turns out in some such blamed way."

"Well, after that Wes and his wife fixed it up that he was to be satisfied with everything that come along on condition that Wes would stop tryin' to please her. I reckon it works fine rate, as I hain't heard no complaints."

—Chicago Daily News.

His Bitter Regret.
The pretty girl with the auburn hair had refused him.
"I never dreamed, Mr. Smykins," she said, "that your attentions to me were anything more than those of a friend."

"Oh, you didn't!" growled the young man. "You thought I had been coming here regularly once a week during the last six months merely for the pleasure of seeing you eat a half-crown box of chocolates, did you?"

—Tit-Bits.

One Case That e Knew Of.
"Have you ever known a man who had greatness thrust upon him?"

"Well," replied the rising young statesman, "I might mention by father-in-law. I had the hardest kind of work with him when I went to get his consent."—Chicago Record-Herald.

A Monologue.
Yeast—Does your wife argue with you often?

Crimsonbeak—No, indeed! How can you call it arguing when all the talking is done on one side?—Yonkers Statesman.

TO BE EXACT.

"What do you think of that cigar?"

Better than the one I gave you the other day, eh?"

"No, I don't think I should say it's better."

"No?"

"No, I should say it's not as bad."

—Philadelphia Press.

The Vain Guest.
I sought for a woman of thirty—
In vain, it is plain to me
That all the women under fifty
Are not over twenty-three!

—Cleveland Leader.

Facts in the Case.
She had all kinds of money and he had just as many kinds of nerve.

"But," she protested, "I don't see why you are in such a hurry about our marriage. I prefer a long engagement."

"Oh, I'm in no hurry," he replied, "but my creditors are. See?"

—Chicago Daily News.

An Unkind Explanation.
"Why does Wyndham Long insist on dictating all his letters?" asked a member of congress.

"He wasn't able to make any speeches this session," answered the stenographer, "and this enables him to hear the sound of his own voice."

—Washington Star.

Hard Luck.
"Henpeck arrived home the other night and surprised his wife preparing to elope with another man."

"Geel that was hard luck."

"Indeed, yes; if he'd been half an hour later she would have got off all right."

—Houston Post.

Escaped.
"They tell me you were run over by an automobile in town?"

"Yep."

"How'd ye come out?"

"All right, but th' judge told me not to let it happen again."

—Houston Post.

A Small Sherlock.
Bobby—I guess sister's engaged.

Dottie—Oo! What makes you think so?

Bobby—She don't make me go to the four no more when the postman comes. She goes herself.

—Cleveland Leader.

With the Window Open.
"I've got to practice on the piano five hours a day," said the disconsolate small girl.

"What for?"

"Cause mother and father don't like our new neighbors."

—Washington Star.

When He Remains at Home.
"Every night while I am at home you go to the club, and yet you write me when I am away that you spend every evening at home. How is that?"

"That's how it is, my dear."

—Houston Post.

Always the Same.
"Did your daughter sing in good form last evening?"

"Bless you, I should say so," replied Mrs. Goldrox. "She always does. Her finger never varies at all."

—Milwaukee Sentinel.

Was Familiar.
Redd—Are you familiar with yachting terms?

Greene—Oh, yes; I tried to hire one, once!—Yonkers Statesman.

A Good Thing.
"Here's an account of two men fighting over the wording of the Lord's Prayer."

"Well, a prayer is a good thing to fight about."

—Houston Post.

At the Ball.
The Bashful Man—What makes you think I learned dancing by mail?

The Girl—I can tell by the way you step on my foot.—Detroit Free Press.

Lazy Liver

Suffering the misery and agony that come from your liver being out of order—trying to bear up in the belief that you will be all right in a day or two—are you deliberately neglecting the warning of outraged Nature—committing the blunder of believing that you don't need medicine?

If you are, the sooner you commence the use of

Dr. Caldwell's Syrup Pepsin

the better it will be for you.

You can't afford to fool with your liver, and you certainly can't afford to be without this great remedy if your liver is out of order. Don't delay.

Both you and your liver will be better "livers" than ever.

DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes from all druggists.

Your money will be refunded if it does not benefit you.

Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S BOOK OF WONDERS," and free sample to those who have never tried this wonderful remedy. Send today.

PEPSIN SYRUP CO.
Mentellico, Illinois
Sold by Haynes & Taylor.

Diagnosed His Case.
"Woman," said he, in agonized tones, "you have broken my heart."

She laid her ear to his many bosom.

"No," said she, after listening intently, "there is not the slightest evidence of organic lesion. There is a slight palpitation, due, perhaps, to cigarettes. That is all."

And now the young man swears that hereafter when he makes love to a girl he will be sure she is not a medical student!—Tit-Bits.

In His Own Net.
"Yes, he's a cigar manufacturer and yet he never smokes."

"O' yes he does."

"Why, he told me some time ago that he never smoked in his life."

"That was before he began to advertise. He found his own advertisement so alluring that he just started in."—Philadelphia Press.

Silent Love.
They sat beneath the almond moon.
This seaside maid and summer chappy.
No word or whisper broke the charm;
They were unspeakably happy.

—Judge.

LIVING ON THE SAMPLES.
A hat who was arrested for breaking into a house in Berlin explained that he only wished a pair of shoes belonging to a celebrated Russian pianist who was staying in the house. A collection of women's shoes, all docketed and catalogued, was found in his room.

"Say, you seem to be living on the fat of the land?"

"O, that's easy! I advertised in the papers that a gentleman in comfortable circumstances wanted a wife; that property and personal attractiveness were immaterial, but that skill in cooking was of chief importance. Now I am living on samples!"—Meggendorfer Blaetter.

Labor and Love.
He labors early, labors late,
And needs no other spur,
Than the thought that she makes money fly.
Or, failing money, fur.

—Puck.

The New Girl.
"And have you any alarm clocks in the house, ma'am?" inquired the new girl.

"No, one," replied the mistress of the house; "we don't need them. Both my husband and myself are early risers."

"Then I suppose, ma'am, one or the other of you will knock on my door?"

—Yonkers Statesman.

Helpless.
"Mr. and Mrs. Blank had a falling out last night. I wonder if they are speaking to-day."

"Sure thing. Blank had to apologize before leaving for his office. He can't tie his own necktie to save his life!"

—Detroit Free Press.

Fitted Her.
"My wife tells me that at the Woman's club the other afternoon your wife displayed a marvelous knowledge of parliamentary law."

"Well, great Scott! Why shouldn't she? She's been speaker of our house for 15 years."

—Milwaukee Sentinel.

Helping It Along.
Oldham—I have decided to lay my fortune at Miss Dimpleton's feet.

Youngun—Well, that ought to make it a trifle easier for her.

Oldham—Easier for her?

Youngun—Yes; to run through it.—Chicago Daily News.

On one of his expeditions to central Africa, Dr. Drummond lost himself among cannibals, who cast longing eyes on his person. It became necessary to make an impression, so Drummond produced a powerful magnifying glass, and after an eloquent oration called down "fire from heaven" by setting fire to some grass by concentrating the rays of the sun through the glass. After this the natives had no appetite for a white magicle and Drummond went on his way rejoicing, laden with native offerings.

Name of Beef Cut.
"Porterhouse steak," says Dr. Ephraim Cutter in the Dietetic and Hygienic Gazette, "is the sirloin and tenderloin combined. Porterhouse steak is a term arising, according to the Standard dictionary, from a New York eating house; but I believe the name was derived from the owner who kept Porter's tavern, which is still extant in North Cambridge, Mass. This tavern was famous in its day for its steaks, and a favorite resort for roadsters."

Dude in Town.
Wonder what George Marson is doing here riding muleback, says the Sequatchie (Tenn.) News. He passed by here Sunday with his two-story collar on and with both hands in his pockets up to his elbows, with his feet lying between the mule's ears. He had his shoes shined, and he didn't want them soiled. His mule was so small that his feet would drag.

Weather Forecasts for Farmers.
The German government is making preparations for the issue shortly of weather forecasts for agriculturists. The forecasts will be sent free or at a nominal charge, and the success of the undertaking will be judged from returns of the subsequent weather supplied by the recipients of the information.

Scandalous Impudence.
At the art exhibition indignation husband points out to wife a study of a picturesque beggar. "This is shameful, my dear. What are we coming to? Here's a man to whom I'd give a coin if I saw him in the street, and yet he can afford to have his portrait done in oils!"—La Rive.

His System.
"How do you dispose of your garbage here?" asked the stranger, who was gathering data for purposes of publication.

"We always throw ours in the garbage can, said the man with the chin beard, "but I don't know, of course, about the neighbors."

Queer Mania.
A hat who was arrested for breaking into a house in Berlin explained that he only wished a pair of shoes belonging to a celebrated Russian pianist who was staying in the house. A collection of women's shoes, all docketed and catalogued, was found in his room.

About the Tongue.
Pungent and acid tastes are perceived by the tip of the tongue; the middle portion tastes sweets and bitters, while the back, or lower portion, concerns itself with fatty substances, such as butter.

Rub-a-Dub Fish.
A fish that drums is found in the waters of Mauritius. When caught and held in the hand, a vibration of the skin behind the gills is to be seen and a delicate rub-a-dub, as of a distant tenor drum, is heard.

Here Is an Optimist.
Moris Young said he was glad they got him to play at the dance. He got to see all the pretty girls, if he didn't get to dance with them.—Sequatchie (Tenn.) News.

One Apology Not Made.
When a woman has company, says Maj. Conway, she will apologize for everything about the table except the man she picked out to sit at its head.

—Kansas City Journal.

Double Words.
Forty-eight words in the English language have two distinct pronunciations. "Bow," "fear," "invalid" are the best examples.

Becomes Infallible.
If a woman accidentally makes a prediction that comes true, what remarkable things she can feel in her bones ever after!

British Africa.
England is to-day the virtual ruler of 3,000,000 square miles of African territory.

Tigers in Burma.
Tigers are greatly on the increase in Burma, owing to recent legal restrictions on the carrying of arms.

Titled Directors Dropped.
London Truth notes that the titled directors are being dropped by company promoters.

Something Smell.
A Washington woman uses perfumed gasoline in her motor car.—Chicago Daily News.

Japan's Museums.
Japan has 40 commercial museums and the government labors steadily to improve them.

Bowel Complaint in Children

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels, whether it be in a child or an adult. For sale by Aaynes & Taylor, the enterprising druggists of Marion.

CHEAPER FARM LANDS.

Southwest Offers Best Opportunities
For Securing Homes.

Many farmers in the Northern and Eastern states are selling their high priced lands and locating in the Southwest. Many who have been unable to own their homes in the older country are buying land in the new country.

Unusual opportunities exist along the lines of the Missouri Pacific-Iron Mountain Route. The rich, alluvial, delta lands and river bottom lands of Southeast Missouri, Eastern Arkansas, Louisiana and Texas, capable of producing 60 bushels of corn, a bale of cotton, 4 to 6 tons of alfalfa, 150 bushels of potatoes, and other grains, vegetables and hay crops, can be bought for \$7.50 to \$15.00 per acre. When cleared and slightly improved will rent for \$4.00 to \$6.00 per acre cash.

Uplands more rolling, lighter soil, adapted to fruit growing—peaches, pears, plums, grapes, berries, also melons, tomatoes and other vegetables, can be bought for \$5 to \$10 per acre in unimproved state. Many places with small clearings and some improvements can be bought very cheap.

This is a fine stock country. No long winter feeding. Free range, pure water, mild climate. A healthy growing country, with a great future.

Write for map and descriptive literature on Missouri, Arkansas, Louisiana, Texas, Kansas and Indian Territory. Very cheap rates on first and third Tuesdays of each month.

Address,
R. T. G. MATTHEWS, J. P. A.
one of the most
students of the Bible that the
English public have among their promi-
nent in the rank, next men.

Postoffice at Marion, Ky., under Act of Congress of March 3, 1879.

FRIDAY, JULY 13, 1906.

Dog days will soon be here.

Even the date on the can, will give us no information as to the age of the chicken.

The Zionites are urging Restorer Dowie to restore that \$200,000 he got out of their bank.

Hardly any of us would begrudge thirty cents to have the snow shoveled off our sidewalk just now.

This paper is entirely printed by its own machinery and no part or parcel of it is printed elsewhere.

As rain prevented the celebration of King Edward's birthday, he will probably have another next week.

It is to be hoped that the weather bureau is not keeping that cool wave in cold storage in order to save it.

After a while, at the present rate of progress, it will be next to impossible for anybody to make money dishonestly.

With labor entering politics, the future begins to look dark, instead, for the man who took to politics to avoid labor.

Philadelphia has decided that only sacred music shall be played at the sacred concerts on Sunday. Looks like a scheme to abolish the sacred concert.

Senator Beveridge has been presented with the pen with which the President signed the Meat Inspection bill. That is the pen that made a noise like a muck-rake.

We hope the example set by the Masonic fraternity in civic decoration will be emulated by our board of school trustees. Trees need trimming and weeds out.

As evidence that the Indian Territory has reached a stage of civilization that entitles her to statehood, the druggist is advertising house paint and nose paint.

There are some political bosses who will not be intimidated this year. Will they remember that he lacks a few votes to get a majority of the voters.

Bryan's boom is working his party to such a pinch of enthusiasm that many Democrats who have been consistently voting for Andrew Jackson all these years, are tempted to shift.

One listens in vain for any pertinent comments from the corporation magnates, who were prophesying last December that a railway rate bill would never be permitted to become a law.

The abolishment by the Kentucky Legislature of the whipping post law was a bad thing for the State. If the town council will enact a hitching post law it will be a good thing for the town.

The next Democratic platform, we are informed, will ignore the money question. The men who have been "yielding up" in the past, will be pleased if the campaign committee will follow suit.

It is announced that great care will be exercised in selecting the civil service men who will serve as meat inspectors, under the new Federal law. None but those with the sense of smell acutely developed need apply.

If Mr. Armour is so sure that there is no need for reform in the packing plants, why did he and his associates install new plumbing and post new regulations for their workmen, in such furious haste a few weeks ago?

It develops now that "Farmer" C. Co., who refused the appointment as senator from Kansas, does not drink, smoke, chew nor swear. Now we know why he refused the appointment. A man like that would be worse than lonesome in the Senate.

Our correspondent who corresponds from the dizzy heights of Silver Heights has developed a fierce mania for finding things. Elsewhere in these columns he publishes a list of his discoveries that ought to appeal to the losers. We trust the mania will not extend to hams in the smokehouse or corn in the crib.

Of course our Hon. Mayor and the city attorney endeavor to keep the town council within the limits of the law but if the council had ordered a good concrete walk from the corner of the Crittenden hotel to the corner of the Crittenden hotel, the city attorney would have been forced to order it.

The news that comes from Jackson is such as to make the head of every Kentuckian hang in shame. It is a quite usual spectacle to see a man accused of conspiracy to have men shot down like dogs, allowed to go free on comparatively light bail and then immediately go on the bond of some of his alleged accomplices.

This is the famous chapter of Kentucky History that was written by Jackson the other day.

The Democratic party of Kentucky has had a great deal to say in the past seven or eight years concerning the Republicans as a party of assassination. They have held up their hands in horror, and righteously so, at the infamous killing of William Goebel. They have pointed out other assassinations in which the alleged conspirators were Republicans and they have made this one of the main topics of their speeches.

If in the face of the sworn statements of witnesses for commonwealth anyone were to propose bail for Caleb Powers, indignation of the Democrats of this state would know no bounds.

Now let's see what we have at Jackson. Just as Powers was accused of being accessory before the fact to the murder of Goebel so we have Jim Hargis and his clan accused of being accessory before the fact to the murder of not one man, but several. Just as the confession of Youtsey, a life convict, has been considered a star card against Powers, so the confession of Curt Jett, another life convict, has been considered a star card against the Hargis clan.

In the case of Powers we have him confined in jail without bail. That is absolutely right. The State cannot afford to allow any man accused of the infamous crime of conspiracy to murder to have any vestige of freedom unless a jury acquits him.

In the case of Jim Hargis, do we have confinement? No, Hargis the once powerful leader of Brethitt Democracy; the man who has not enough sense of the fitness of things to resign from the Democratic State Central Committee is allowed to go free with a comparatively insignificant bond. Not only that he was allowed to go on the bond of other alleged conspirators.

Until the State Administration undoes wrong against the commonwealth, all Democratic judges recognize no party line in this kind of case it will behoove them to go mighty slow.

What is the righteous sauce for the Powers goods should have been equally righteous sauce for the Hargis gander. —Kentucky Post.

DISTURB IT NOT.

(By Rustie)
Where'er a heart with love o'erflows,
Disturb it not, but let it be;
The spark divine cannot be quenched.
In earth it were not well with thee.
If e'er upon the wide earth's round
An unpolluted spot be found,
It is a youth's fresh, ardent heart
In loves's first raptures deeply bound.
Oh, grant to him the sweet spring-dream
That blooms with rosy flowers bright.
Thou know'st not that a Paradise
Is lost, when this dream takes its flight.

For many a stout heart has been broken
When love was rudely torn away;
And long endurance oft has turned
To hatred and despair for aye.

And many a lonely, aching soul
In direst need has loudly cried,
And thrown him down into the dust—
The lovely god in him had died.

In vain, then, dost thou weep and grieve;
For no repentance on thy part
Can make a withered rose revive
Or re-awake a deadened heart.

An Open Letter.

Editor RECORD: In your issue of 22nd ult. you had an article on "Home-Coming" that puts me in a reminiscent mood. Will you give me space for just a few lines?

I was well acquainted with Mr. John A. Wallace's father, Riley Wallace, and his grandfather, Jack Wallace, lived a near neighbor to both of them. I attended the sale or auction made by Riley Wallace when he was preparing to leave Crittenden county for Texas in 1875. I remember the day as if it had been only last week. One of the most perfectly lovely October days that I have ever experienced. Mr. Wallace is slightly mixed in regard to some of the county officers at the time of his father's departure for Texas, and I must ask you to pardon me for saying a few words along that line.

In 1866 the candidates for county clerk were Berry S. Young, (at that time the incumbent of the office,) James C. Jones, Hiram Witherspoon and Samuel Patterson. On the face of the returns Jones was elected, but he was not qualified and the certificate of election was awarded him, but he resigned and was appointed to fill the office till the next regular election which occurred on the first Monday in August, 1867. At that election the candidates were Berry S. Young and R. W. Wilson. The latter was elected to fill out the unexpired portion of the term, which ran to August 1870. At that election Mr. Young was again a candidate and his opponent was James C. Jones, who was elected. Mr. Wilson was not a candidate in that race. Mr. Jones was re-elected in 1874 and was county clerk when the Wallace family left the county in 1875.

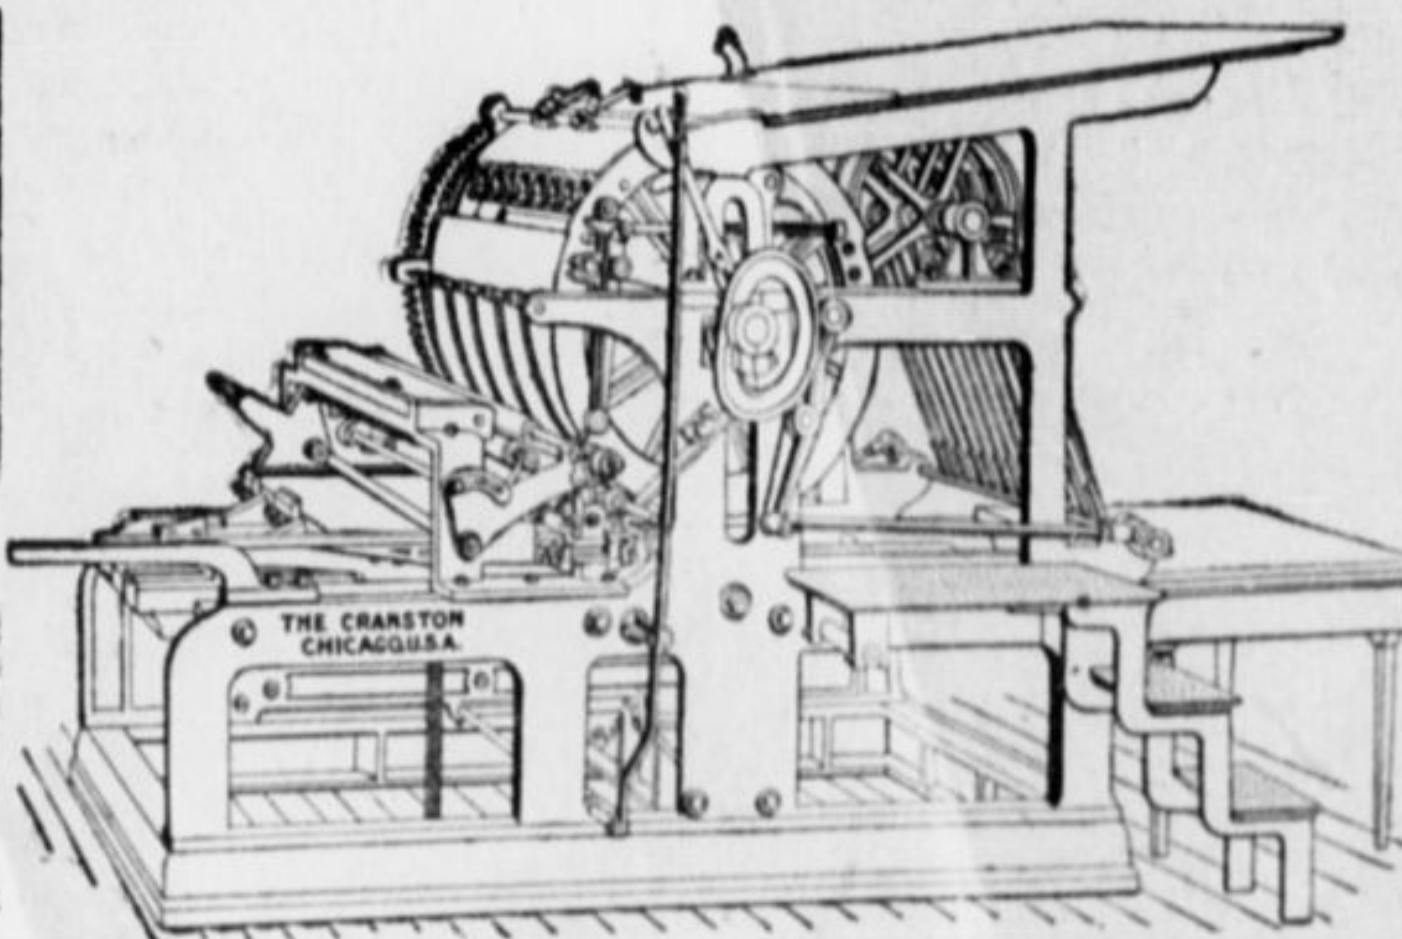

TWO YEARS OLD TODAY

New Modern Printing Machinery Installed and Office Better Equipped than Ever.

THE CRITTENDEN RECORD has been in existence two years. With this number it starts the third year. Part of the voyage has been tempestuous and part has been bright.

Below is a cut of the new Cranston press just installed. We have all the machinery necessary for a first-class newspaper and job office. All our machinery is new and the office is better equipped than it was before the fire of March, 1905, which destroyed the greater part of Marion.

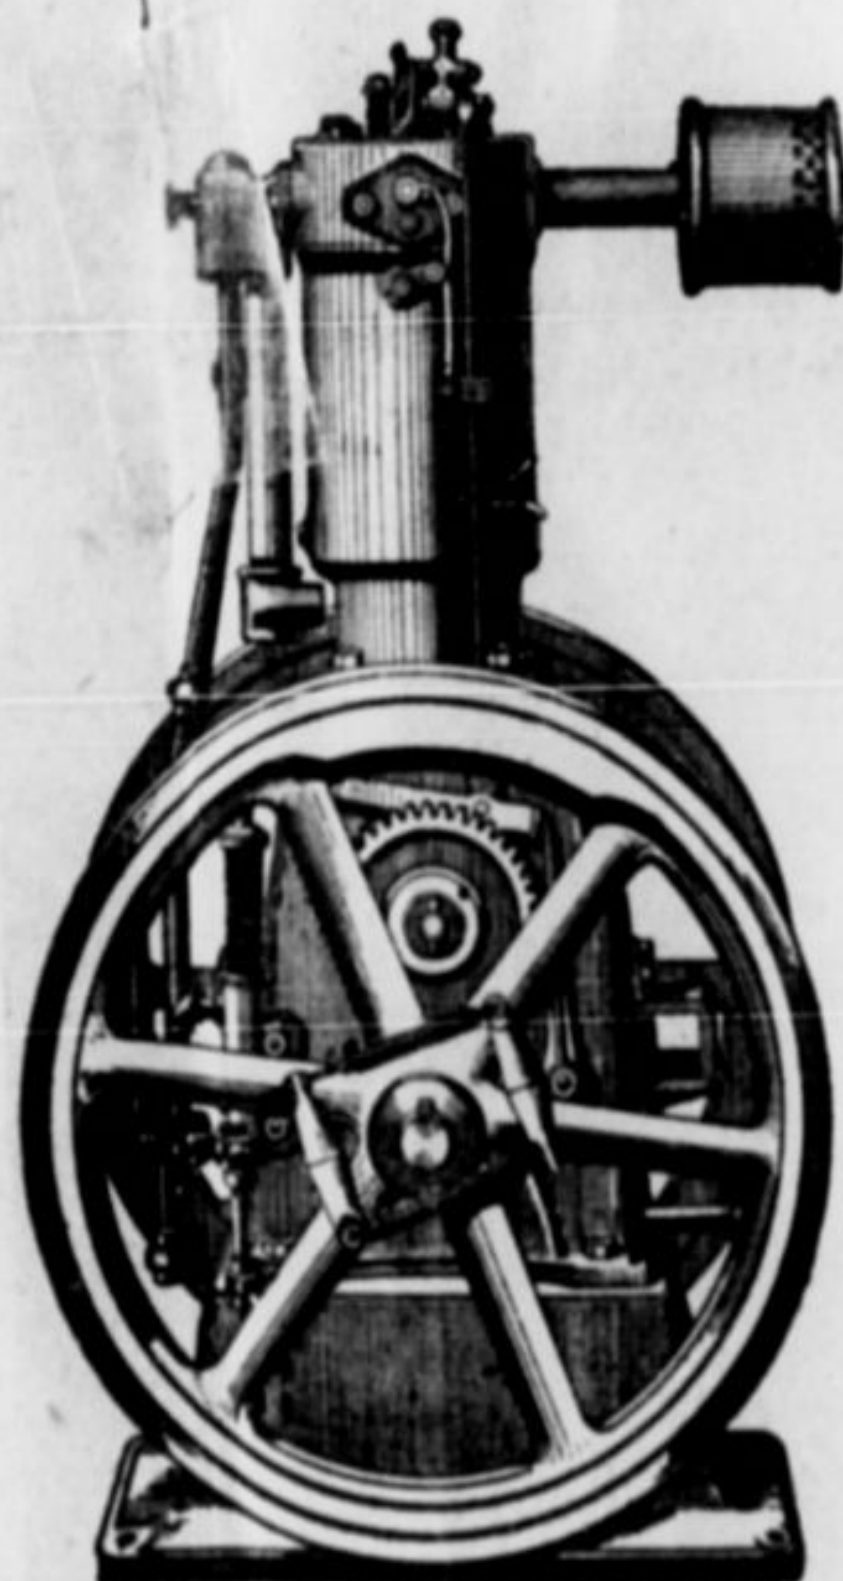

In these two years the circulation of THE RECORD has grown beyond all expectations and now exceeds that of many much older county papers, in fact few reach as many homes.

THE BIG CRANSTON PRESS THAT PRINTS THE RECORD.

A special effort is being made this week, and will be continued for some time, to still enlarge the number of papers that go out from this office. It is our intention to make THE RECORD a paper of enterprise, industry and education, and be of interest to every member of the family.

The management will spare no time or means to make THE RECORD better than ever before both as a newspaper and advertising medium, and we want to thank our friends for their liberal patronage and to assure them that we shall endeavor to merit same.

THE ENGINE THAT DRIVES ALL THE RECORD MACHINERY.

cate of election was awarded him, but he resigned and was appointed to fill the office till the next regular election which occurred on the first Monday in August, 1867. At that election the candidates were Berry S. Young and R. W. Wilson. The latter was elected to fill out the unexpired portion of the term, which ran to August 1870. At that election Mr. Young was again a candidate and his opponent was James C. Jones, who was elected. Mr. Wilson was not a candidate in that race. Mr. Jones was re-elected in 1874 and was county clerk when the Wallace family left the county in 1875.

By referring to your obituary article on J. H. Walker in the same issue, you will see that he was elected sheriff in 1854 and re-elected in 1856. He was never sheriff after this second term, hence he was not sheriff in 1875 as stated by Mr. Wallace. R. A. Dowell was sheriff at that time, having been elected in 1874. He was also re-elected in 1876.

J. G. Hoover never owned the old White Tavern. W. C. Carnahan owned it in 1875 and had owned it for at least fifteen or twenty years and continued to own it till it was burned in March, 1876, and I suppose his heirs or some one of them still own the ground upon which it stood.

Very Respectfully,
W. J. L. HUGHES.

Chamberlain's Cough Remedy
IS UNEQUALLED FOR
Coughs, Colds and Croup.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

On January 1st, 1902, I took to bed with weakness and dropsy. My family physician, who was a very good one, gave me up to die. My body was swollen to one and a half times normal size, and I was unable to get out of bed. I collected around my heart, and at three months I had to sit up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for years, and I am able to do any kind of work on my farm. My physician told me that if it had not been for Dr. Miles' Heart Cure I would have been in my grave.

W. J. CURD, Wilmore, Ky.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that it will benefit you. If it fails he will refund your money.
Manufactured by Dr. J. C. Miles & Co., Elkhart, Ind.

That invention.
"The chap who invented wireless telegraph, certainly a genius," remarked the man from Ohio.

"A genius," said the man from the Kentucky board, "but he ain't in with the winner in our state who invented snakeless liquor, sah." —Chicago Daily News.

South and Girls.
John A. commanded the sun to stand still.

"How lovely!" cried the summer port girls, "we will have a vacation year more showing trucks in our day."

Herewith they promptly hustled to change. —N. Y. Sun.

Starting the Bore.
"Don't you know that when you ask your little girl to recite it makes everybody feel like going home?"
"Yes."
"Then why do you do it?"
"That's why." —Washington Star.

A SURE WAY.

The Bride—Let's act so that no one will know we have just been married.

The Groom—All right. Then you carry the suit case.—Rochester Democrat and Chronicle.

In the Present Emergency.
The optimistic thing to do is to philosophize.
For every man must at his peak of dirt before he dies.
—Chicago Tribune.

Exactly.
Teacher—Now, Robert, do you know what an isosceles triangle is?
Boy—Yes'm.

Teacher—Well, what is it?
Boy—It's one uv dem things I gets lost'er not knowin' what it is.—Joke.

Taking Issue.
You will live to regret talking that way to me!" tearfully spoke Miss Peasley.

"Gingerly hope not," replied Miss Peasley. "I should be awfully sorry to have the world comes to an end." —Chicago Tribune.

Grammatical Prisoner.
When he said skiddoo what did he mean the judge.
"I mean your honor," said the prisoner.

ALL MAIL ORDERS PROMPTLY FILLED. THE RETAIL MERCHANTS ASSN.

THE TWIN Bargain Months

July and August has always marked the opening of the flood gates of prices and values in our store, and in the past, they remain open until the stock is drained to the lowest level. Special inducements are always to be found in our department. These inducements are always merited, as, in as much as the reductions are substantial, the goods are of the highest quality and strictly first-class. They are what is termed the market as "getting on the ground floor" advantage. With this single exception—that we play no favorites in our store and the rich share alike in the prestige we have gained in our thirty-seven years of experience, in knowing how to make summer clothing both how to sell it to the best advantage as well as our best advantage. On all purchases of \$5.00 or more we rebate a single round-trip fare with us to the nearest city or town. We have also a proportionate rebate on our other attractions, at the same time remember this is the best time to buy for Men and Boys' Summer Clothes, Hats, Caps, Shoes and Suits, at Factory prices.

ESTABLISHED 1869. IT PAYS TO TRADE HERE. ESTABLISHED 1869.

Shouse & Bly

EVANSVILLE, IND.

Postoffice at Marion, Ky., under Act of Congress of March 3, 1879.

FRIDAY, JULY 13, 1906.

Dog days will soon be here.

Even the date on the can, will give us no information as to the age of the chicken.

The Zionites are urging Restorer Dowie to restore that \$200,000 he got out of their bank.

Hardly any of us would begrudge thirty cents to have the snow shoveled off our sidewalk just now.

This paper is entirely printed by its own machinery and no part or parcel of it is printed elsewhere.

As rain prevented the celebration of King Edward's birthday, he will probably have another next week.

It is to be hoped that the weather bureau is not keeping that cool wave in cold storage in order to save it.

After a while, at the present rate of progress, it will be next to impossible for anybody to make money dishonestly.

With labor entering politics, the future begins to look dark, instead, for the man who took to politics to avoid labor.

Philadelphia has decided that only sacred music shall be played at the sacred concert on Sunday. Looks like a scheme to abolish the sacred concert.

Senator Beveridge has been presented with the pen with which the President signed the Meat Inspection bill. That is the pen that made a noise like a muck-rake.

We hope the example set by the Masonic fraternity in civic decoration will be emulated by our board of school trustees. Trees need trimming and weeds cut.

As evidence that the Indian Territory has reached a stage of civilization that entitles her to statehood, a druggist is advertising house paint and one paint.

There are some political candidates this year, will November that lacks a few weeks, being a majority of the voters.

Bryan's boom is working his party to such a pinch of enthusiasm that many Democrats who have been consistently voting for Andrew Jackson all these years, are tempted to shift.

One listens in vain for any pertinent comments from the corporation magazines, who were prophesying last December that a railway rate bill would never be permitted to become a law.

The abolishment by the Kentucky Legislature of the whipping post law was a bad thing for the State. If the town council will enact a hitching post law it will be a good thing for the town.

The next Democratic platform, we are informed, will ignore the money question. The men who have been "yielding up" in the past, will be pleased if the campaign committee will follow suit.

It is announced that great care will be exercised in selecting the civil service men who will serve as meat inspectors, under the new Federal law. None but those with the sense of smell acutely developed need apply.

If Mr. Armour is so sure that there is no need for reform in the packing plants, why did he and his associates install new plumbing and post new regulations for their workmen, in such furious haste a few weeks ago?

It develops now that "Farmer" Couburn, who refused the appointment as senator from Kansas, does not drink, smoke, chew nor swear. Now we know why he refused the appointment. A man like that would be worse than a lame in the Senate.

Our correspondent who corresponds with the dizzy heights of Silver has developed a fierce mania for finding things. Elsewhere in these columns he publishes a list of his discoveries that ought to appeal to the losers. We trust the mania will not extend to hams in the smokehouse or corn in the crib.

Of course our Hon. Mayor and the city Attorney endeavor to keep the town council within the limits of the law but if the council had ordered a road concrete walk from the corner of the Crittenden Hotel to the corner of the Crittenden Hotel, the city Attorney would have no objection.

The news that comes from Jackson is such as to make the head of every Kentuckian hang in shame. It is a quite usual spectacle to see a man accused of conspiracy to have men shot down like dogs, allowed to go free on comparatively light bail and then immediately go on the bond of some of his alleged accomplices.

This is the famous chapter of Kentucky History that was written by Jackson the other day.

The Democratic party of Kentucky has had a great deal to say in the past seven or eight years concerning the Republicans as a party of assassination. They have held up their hands in horror, and righteously so, at the infamous killing of William Goebel. They have pointed out other assassinations in which the alleged conspirators were Republicans and they have made this one of the main topics of their speeches.

If in the face of the sworn statements of witnesses for commonwealth anyone were to propose bail for Caleb Powers, indignation of the Democrats of this state would know no bounds.

Now let's see what we have at Jackson. Just as Powers was accused of being accessory before the fact to the murder of Goebel so we have Jim Hargis and his clan accused of being accessory before the fact to the murder of not one man, but several. Just as the confession of Youtsey, a life convict, has been considered a star card against Powers, so the confession of Curt Jett, another life convict, has been considered a star card against the Hargis clan.

In the case of Powers we have him confined in jail without bail. That is absolutely right. The State cannot afford to allow any man accused of the infamous crime of conspiracy to murder to have any vestige of freedom unless a jury acquits him.

In the case of Jim Hargis, do we have confinement? No, Hargis the once powerful leader of Breckitt Democracy; the man who has not enough sense of the fitness of things to resign from the Democratic State Central Committee is allowed to go free with a comparatively significant bond. Not only that he was allowed to go on the bond of other alleged conspirators.

Until the State Administration undertakes to go against the commonwealth; until Democratic judges recognize no party line in this kind of case it will behoove them to go righty slow.

What is the rightest sauce for the Powers goods should have been equally righteously sauce for the Hargis gander. — Kentucky Post.

DISTURB IT NOT.

(By Rustie)
Where'er a heart with love o'erflows,
Disturb it not, but let it be;
The spark divine cannot be quenched,
In earth it were not well with thee.

If e'er upon the wide earth's round
An unpolluted spot be found,
It is a youth's fresh, ardent heart
In loves' first raptures deeply bound.

Oh, grant to him the sweet spring-dream
That blooms with rosy flowers bright.
Thou know'st not that a Paradise
Is lost, when this dream takes its flight.

For many a stout heart has been broken
When love was rudely torn away;
And long endurance oft has turned
To hatred and despair for aye.

And many a lonely, aching soul
In direct need has loudly cried,
And thrown him down into the dust—
The lovely god in him had died.

In vain, then, dost thou weep and grieve;
For no repentance on thy part
Can make a withered rose revive
Or re-awake a deadened heart.

An Open Letter.

Editor RECORD: In your issue of 22nd ult. you had an article on "Home-Coming" that puts me in a reminiscent mood. Will you give me space for just a few lines?

I was well acquainted with Mr. John A. Wallace's father, Riley Wallace, and his grandfather, Jack Wallace, lived a near neighbor to both of them. I attended the sale or auction made by Riley Wallace when he was preparing to leave Crittenden county for Texas in 1875. I remember the day as if it had been only last week. One of the most perfectly lovely October days that I have ever experienced. Mr. Wallace is slightly mixed in regard to some of the county officers at the time of his father's departure for Texas, and I must ask you to pardon me for saying a few words along that line.

In 1896 the candidates for county clerk were Berry S. Young, (at that time the incumbent of the office,) James C. Jones, Hiram Witherspoon and Samuel Patterson. On the face of the evidence, Jones was elected, but the voters, who were not so easily misled, elected the certifi-

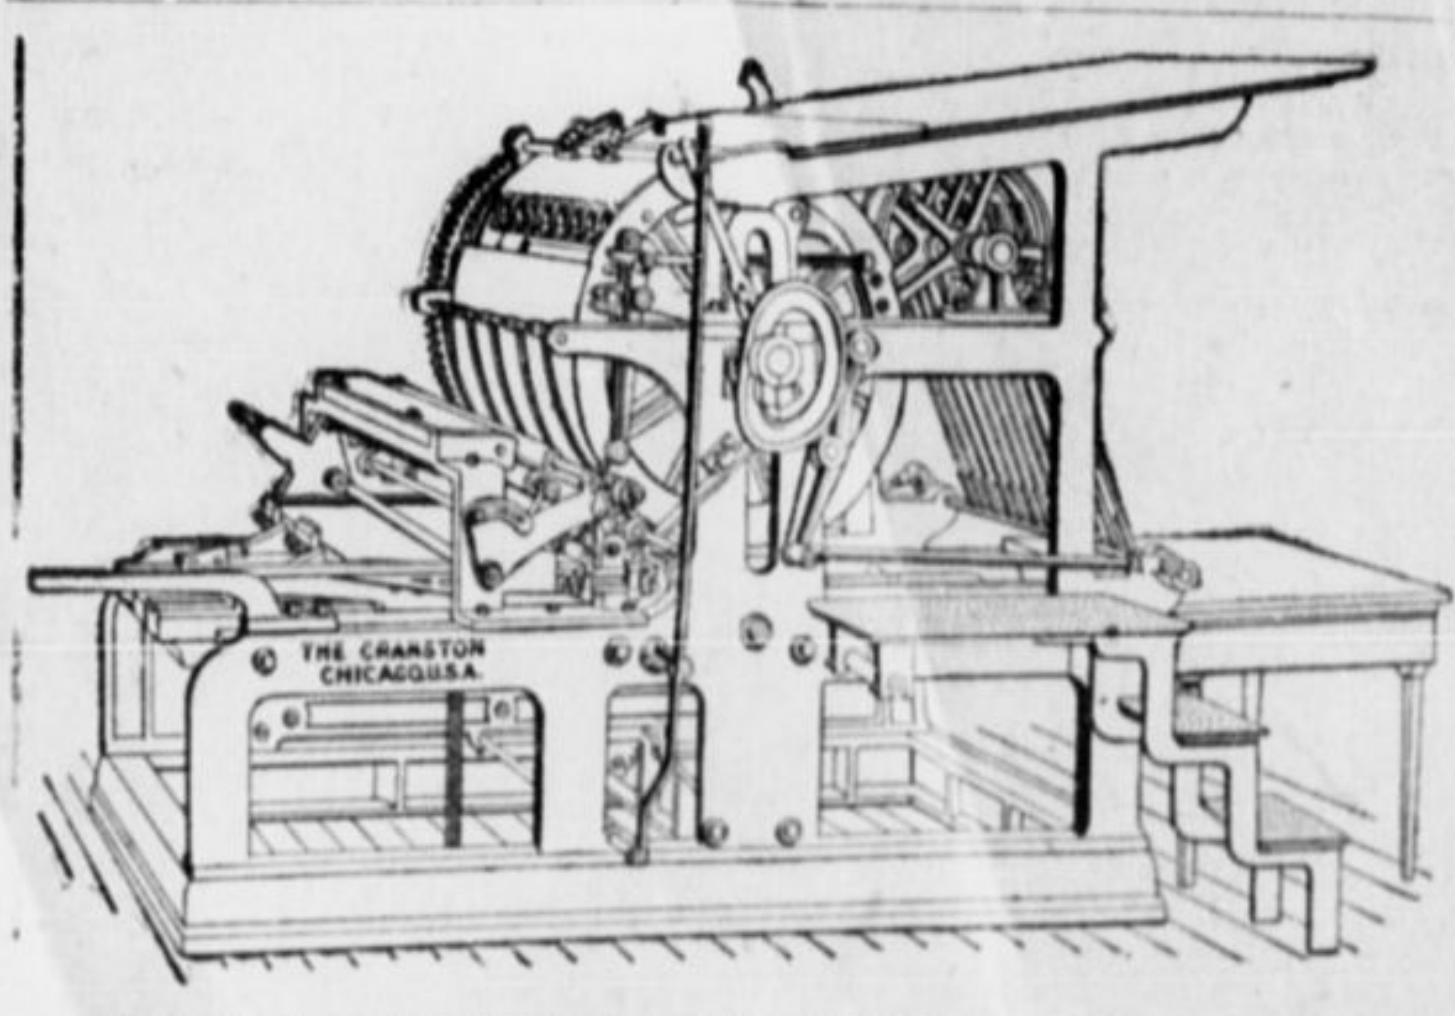

TWO YEARS OLD TODAY!

New Modern Printing Machinery Installed and Office Better Equipped than Ever.

THE CRITTENDEN RECORD has been in existence two years. With this number it starts the third year. Part of the voyage has been tempestuous and part has been bright.

Below is a cut of the new Cranston press just installed. We have all the machinery necessary for a first-class newspaper and job office. All our machinery is new and the office is better equipped than it was before the fire of March, 1905, which destroyed the greater part of Marion.

MARION, KY.

AMONG THE CHURCHES.

Rev. J. H. Butler filled the pulpit at the Baptist church Sunday and preached from the following text: Psalm 121, first verse. Subject: Help from the Hills.

There will be no preaching at the Christian church Sunday, as the pastor, Eld. Rowe will be absent.
There will be Sunday school at the usual hour.

Rev. J. R. McAfee is engaged in a protracted meeting at Eddyville this week.

There will be services at the C. P. church next Sunday at 11 o'clock.

The union services will be held at the Baptist church next Sunday night at 8 o'clock.

At the Methodist church last Sunday morning Rev. J. R. McAfee preached from Deut. 5-6, 6 and 7. Subject: Love the Lord and Teach Your Children Right. 1st, By prayerful authority. 2nd, By power of Godly example. 3rd, By full benefit of alter worship at home. A large audience listened to a good sermon and also to good music. This is nearly always the case these days under the McAfee pastorate.
Rev. J. R. McAfee will preach at the Methodist church Sunday, July 15, 1906. His subject will be The Son and Daughter's Part in Maintaining a Christian Home.

RANDOM SHOTS.

(By Mr. A. SHOOTER.)
Some folks cry so much about nothing that when they have something to cry for they find they have gone dry.

When a man's wife packs his trunk for him it is easy to get the things out, but he can never get them in again.

If the "Jungle" is dramatized J. Ogden Armour should be stage manager.

The Chicago packers will not have to put the date on the label of their canned meats, but if they will mark it since June 4, 1906 they will find a more ready market.

Politics makes strange bedfellows think of Cleveland and Bryan in the same bed with Henry Watterson sleeping at the foot.

Roosevelt is both doctor and nurse, he prescribed for the beef trust and then gave them their medicine.

Some people are so contrary that if they should get drowned they would float up stream for contrariness.

We should not live for ourselves alone, but should add our mite to make the world better, for life is but a journey and whether we are traveling up the eastern grade or down the western slope, we should strive to leave upon the sands of time the footprints of honesty, kindness and charity.

The Crusader, edited by Col. Noel Gaines, of Frankfort, has made its bow to the public and it will fill a long felt need in Ky. It is truly a reformer and its rake will find plenty of muck to keep it busy.

From the hard lines on some faces you can read: "From here generosity departed years ago."

If I was the iceman I would not want to drive Jim Given's horse.

County court is a great day in Crittenden's capital. You can see horses worth from fifty cents up to two hundred dollars.

Matrimony may be a leap in the dark,

but most folks are willing to take a second or even a third leap.

Marion has more pretty girls to the square acre than any town on the face of the earth. This assertion may sound broad but I can sight you.

Dudley Wallingford says when he gets a brick wall around his lot on Belville street he will be proof against the health officer. Don't be fooled, Dudley, health officers don't regard brick walls.

Some traveling men were sitting in front of a hotel in a neighboring town one evening when a stray dog chanced to pass along the street howling like a wolf. One of the aforesaid gentlemen hurled a stone at the poor dog at the same time he indignantly said to the aforesaid dog, "You have nothing to howl about; you do not have to eat here."

Some dirty rags may clothe a heart fit for the mansions in the skies. So don't judge a man by his clothes.

Public office is a "public" trust, but the public does not always know when to trust the person who occupies the office.

Be sure your watch is right, and then go to the station early so you will not miss your train.

BITS OF BY-PLAY.

One of the bright young men of Marion listened to a piano player for quite a while. He was asked how he liked it and he replied that it was too machine-like.

One of Crittenden's star corn raisers reports that the crop this year will equal that good old year when there were three ears to each stalk and a pint of shelled corn in the tassel.

It seems that there is something of a rivalry between the two hardware stores besides the selling of goods and the clank of the coin in the till.

Upon the advent of young Virgil Cox into the field he immediately turned his attention to window dressing and evolved what he called the Daniel Boone block fort. It attracted so much notice and comment that he next constructed a rail road locomotive. This showed considerable skill and ingenuity.

The clerks at the other store will not be downed so this week they have a large window dressed with a wagon and team of horses driving at full speed and a farmer on the seat holding the ribbons. The scene also shows a rail fence with appropriate signs tacked thereon, such as go to Cochran & Pickens for hardware.

For this window picture we think credit should be given to Mr. James T. Travis.

Not many days ago two men climbed to the roof of Bob Haynes's residence with pans, buckets, soap and rags. Mrs. Haynes came out in the yard and inquired what they were going to do. They replied that Bob had employed them to wash off the roof. Bob Haynes is a firm believer in that passage of Scripture, "Cleanliness is next to Godliness."

A wireless word of criticism has been received, anent the writings in last week's RECORD by Mr. A. Shooter. It is confidently asserted that the Reed mining land was the site of the Garden of Eden and produces everything under the sun, except guava jelly.

Earl Cromer is one of the most thorough students of the Bible that the English public have among their prominent men.

LITTLE RECORDS.

Be sure your watch is right, and then go to the station early so you will not miss your train.
BITS OF BY-PLAY.
One of the bright young men of Marion listened to a piano player for quite a while. He was asked how he liked it and he replied that it was too machine-like.
One of Crittenden's star corn raisers reports that the crop this year will equal that good old year when there were three ears to each stalk and a pint of shelled corn in the tassel.
It seems that there is something of a rivalry between the two hardware stores besides the selling of goods and the clank of the coin in the till.
Upon the advent of young Virgil Cox into the field he immediately turned his attention to window dressing and evolved what he called the Daniel Boone block fort. It attracted so much notice and comment that he next constructed a rail road locomotive. This showed considerable skill and ingenuity.
The clerks at the other store will not be downed so this week they have a large window dressed with a wagon and team of horses driving at full speed and a farmer on the seat holding the ribbons.
The scene also shows a rail fence with appropriate signs tacked thereon, such as go to Cochran & Pickens for hardware.
For this window picture we think credit should be given to Mr. James T. Travis.
Not many days ago two men climbed to the roof of Bob Haynes's residence with pans, buckets, soap and rags. Mrs. Haynes came out in the yard and inquired what they were going to do. They replied that Bob had employed them to wash off the roof. Bob Haynes is a firm believer in that passage of Scripture, "Cleanliness is next to Godliness."
A wireless word of criticism has been received, anent the writings in last week's RECORD by Mr. A. Shooter.
It is confidently asserted that the Reed mining land was the site of the Garden of Eden and produces everything under the sun, except guava jelly.
Earl Cromer is one of the most thorough students of the Bible that the English public have among their prominent men.

FARM AND GARDEN

MARKETING LIMA BEANS.

Some of the Things to Remember in Order to Best Dispose of the Crop.

August is the month for heavy production of lima beans. They continue to bear, however, till the first hard killing frost. The amount and length of profitable bearing depends largely upon keeping the vines picked clean and not allowing pods to get dead ripe, for the ripened seed of any kind takes most vital substance out of the plant and causes it to die. Besides the beans when not quite ripe bring the highest prices. The time to pick the pods is when they show faint traces of light green to yellow. After the pod be-

TRAY OF LIMA BEANS READY FOR MARKET.

comes yellow, the beans inside are ripe, turn white and are then considered "dry" beans. White ones mixed with the green damage the selling price from a few cents to half their value per quart.

On the market lima beans are sold by the quart, hence the best pack is the ordinary 16 or 24 quart berry crate. Real early beans often sell better in pint boxes, as the price is so high that customers of the retail stores do not want as many as a full quart. The peck market basket is another package used, six to ten quarts being put in each basket with a covering of green netting to enhance the greenness of the beans.

Many beans cannot be shipped in bulk, because they heat the easiest of all vegetables, and heating results in souring, sprouting, mildew, spotting and decay. Although itself green and full of water, the lima bean must be absolutely free from outside moisture when packed for shipment, says Farm, Field and Home. Nor must the package in any way get wet, or a total loss of the beans is sure to follow. No voice in the business often blames the express company or commission merchant for the spoiling of his goods and consequent bad returns, when it is his own fault in allowing the beans to be packed in a damp condition.

Shelling, as well as picking, must be done by hand. Shelling is the more tedious process. A good sheller can shell eight to 12 quarts per hour. One and a half to two cents per quart is usually the price for shelling, children most often doing the work, although the supervision of a competent grown person is necessary at all times.

If for any reason the beans after being shelled are damp, they should be placed for an hour or more before packing on a clean cloth, or some other clean, absorbing substance. In the open air—but not in the sun. This is to dry the outer surfaces. They should be spread not more than an inch deep and rolled from side to side every few minutes to secure even drying. The cloth will absorb a part of the moisture and the air the rest. Usually, however, no such drying process is necessary.

SEEDING PASTURES.

How One Man Handled His Land After Prairie Grasses Had Been Fed Out.

My experience is not very extensive, but I will say that I seeded a prairie pasture after the prairie grasses had been fed out, with one part timothy, one part red top and one part blue grass. I found that the timothy and blue grass took good on the high ground and the red top took best on the low ground. I found, too, that after about three years the blue grass had crowded everything else out, even the weeds to a certain extent. It takes blue grass about two years to get a good start. But the red top did fine on low ground the first year. If I were going to seed a pasture for cattle, horses and sheep, especially if the land had been under cultivation, I should sow two parts red clover, one part timothy and one part blue grass, and on low lands I would put one part timothy and one part red top, for the reason red top does best on low ground. I find in my pastures on the high, dry knolls that in June and July, when the weather is dry and the sun is hot, these knolls dry out and give little or no feed, hence my reason for sowing red top on the for stock during the driest part of the season; and, too, there is always a heavy growth around the sloughs or low places that make fine grazing during the winter months when it is not covered with snow. Now, continues the correspondent of Farmers' Review, my reason for sowing timothy and clover is that the clover helps to shade the timothy and blue grass after the harvest has been taken off, and it also helps to fill out the stand until the timothy and blue grass get a good start.

GRAIN FOR COWS ON GRASS

In Opinion of Prof. Thomas Shaw It Pays to Use the Grain Bait in Summer.

Several experiments have been conducted to test the advantage of feeding grain thus. The conclusions reached were, that the grain fed when grass was plentiful and while it was yet succulent, did not bring any profit over and above the cost of the grain. In some instances, as when grain was fed in large quantities, it was said that the increase in milk and butter fat did not pay for the cost of the grain. The conclusion has gone extensively abroad, therefore, that it does not pay to feed cows grain or meal on grass, when the supply of the grass is abundant.

I am not prepared to accept such a view, Prof. Shaw goes on to declare in presenting his views in the Orange Judd Farmer. It seems to me it is a conclusion reached without considering every phase of the question. If the increased return in milk or butter fat pays for the cost of the grain, and no more, my contention is, that in the end, such feeding is attended with profit.

If the grain is thus paid for, one item of profit is found in the pasture saved. It is only reasonable to suppose that for every pound of dry matter consumed in the grain, an equal amount of dry matter will remain unconsumed in the pasture. This would mean that the carrying power of a pasture is increased to the extent of the saving effected by feeding grain.

A second item of profit will probably be found in what is termed the residual effect of the grain feeding. This has been well brought out by Prof. Roberts, of Cornell. Six cows were selected that had been given a liberal allowance of grain on pasture the previous season, and six were also selected that had been grazed in the same field but without grain. All were put upon pasture without grain. The lot granted the preceding summer produced 16 per cent. more milk than the other lot. The heifers in this lot in milk, also, made a better development than the heifers in the other. This result is in accord with the view of many practical men on this question.

A third item of profit would arise from the fertilizer obtained from the grain. Where wheat, bran and cottonseed meal were fed, the advantage would be considerable from this source. Putting these three items together, they should represent a satisfactory profit, even when the increase in milk production and butterfat did not more than pay the cost of the grain.

OUTDOOR ROUGHAGE RACK

One Devised by Nebraska Experiment Station Which Will Give Good Service.

In the accompanying illustration is shown a roughage feeding rack that is used with considerable success upon

ROUGHAGE RACK FOR SHEEP.

The Nebraska experiment station farm. The corners of the rack stand between seven and eight feet high, with a plank-sided bottom. The width is about four feet, and length can be whatever may be desired. The general plan of the work is brought out in the accompanying illustration.

ANIMAL POINTS.

Poor care degenerates good stock. Hogs are frequently made sick by soap in the kitchen slop.

Hog feeds from restaurants and hotels should be carefully looked over for soap, glass and other dangerous things.

We used to think we would not have a separator as there was so much to wash, but would not have cows without one now.

Keep the colts in a pasture by themselves. They will run more flesh off cows and sheep than you can put on with the best of feed.

There should be a good stallion in every locality. Often he would have to be purchased by a horse breeder's association of local breeders.

The heavily padded collar is all right for heavy drawing in cool or cold weather, but not the thing for a hot summer's day.

Keep a big lump of rock salt where the cows can get at it every day. If salted only once a week they eat too much at a time causing looseness of the bowels. It also retards digestion.

Good Cattle Feeds.

For feeding cattle for the general market, I find clover and timothy give the best results. This, of course, is supplemented by pasturage. The grains I feed are corn and some oats. During the usual fattening period I give to each steer from 30 to 60 bushels of corn. I give oil meal the last six weeks, one to two pounds per day per steer. I grind all corn, cob and corn together. I have my own grinder and a 12-horsepower steam engine. I can grind enough corn in one day to supply a load of cattle three weeks.

Trick in Leading Horses.

When leading several horses to and from the pasture if one lags behind I tie him quite close to another. I often tie them in pairs and teach them to go without leading.

PLANS FOR INSTITUTES

Farmers' Meetings to Be Held This Fall.

Frankfort, Ky., July 7.—Commissioner of Agriculture Hubert Vreeland is sending out the following letter to farmers of the State apprising them of the preparation of schedules for the Farmers' Institutes, which will be held this year and of plans. He says in his letter:

"I am now engaged in preparing a schedule for the farmers' institutes to be held in Kentucky during the coming institute season, which will open not later than September 1. This department will hold at least one institute in every county in the state this year and as soon as the schedule is completed it will be published so that every county will know just when its annual institute will be held. These dates will be made to conform to the wishes of the various clubs as nearly as possible, but as the holding of 119 institutes is such a tremendous undertaking it will be necessary to proceed with system and to take the counties consecutively from the starting points.

"There will be two lecture forces, one for the eastern section and one for the central and western.

These forces will be going constantly until the entire State has been covered. You will readily realize that this will entail considerable hard work, and hearty co-operation of the farmers will aid the department greatly in carrying out the project. The best lecturers to be found will be employed, and with the aid of the farmers I have no hesitancy in saying that this movement will be fruitful with more practical results than any movement ever set on foot in the State.

"I therefore respectfully urge every farmer to lend helping hand and assist in making institute work in Kentucky what it is in Ohio, Illinois, Iowa and other progressive agricultural States. Kentucky has the soil and the climatic conditions that should make her take front rank in the line of agricultural States, and it is my earnest desire that she should take the place that is rightfully hers.

"As you are probably aware, the Legislature increased the appropriation of this department \$20,000, making the total appropriation for institute work and the general conduct of the office \$33,000 annually instead of \$13,000. Without co-operation of the farmers I could not have brought this appropriation to such prominence as to cause the legislative body of our State to increase the appropriation to such an extent when only a short while before it was regarded as a mere drain on the public funds. It is therefore my earnest desire to bring this department as close to the people as possible, and in that way do I hope to make it of practical value to each and every farmer in the State of Kentucky.

"Feeling assured that you will help me to give the results I pledged you when I was entrusted with the management of this office, and assuring you that this department stands ready at all times to aid the farmers of your county and of the State in a practical way, I beg to remain, very sincerely yours, HUBERT VREELAND, Commissioner."

Tobacco Association.

Nashville, Tenn., July 7.—The charter of the Planter's Protective association of Kentucky, Tennessee and Virginia was filed with the secretary of state. The association is capitalized at \$200,000, and its principal place of business is at Guthrie, Ky. This is an organization of tobacco planters.

Stemming Tobacco Association

This association embraces the counties of Hopkins, Webster, Union, and Henderson. Three other counties namely Crittenden, Caldwell and Christian, have been invited to contribute strip tobacco to the association and assurances have been received that much tobacco will be pledged from the counties named, to a co-operative sale.

The Stemming District Association was formed by delegates who represent the local membership in the counties named of the American Society of Equity. There are in the counties of Hopkins, Webster, Henderson and Union right at four thousand tobacco growers who belong to the Society of Equity.

Silver Heights.

Some time ago we found stretched out in the road near J. J. Hughes a three snap hitch rein. Later on we found near T. C. Guess' in Mario's a one-snap rein made of the same material. We also found near by about twenty feet of rope. Not a great ways from that we found a short plow line. Near Bud Hughes' (col.) we found another short rope. Not a great ways from W. S. Hughes' we found in the road a silver quarter—the owner can have the quarter by describing and paying thirty cents. We also found near Oak Grove school house, lying in the road, a good raw hide whip—the own-

er can have same by describing. A somewhat similar story closed by finding a suit of clothes and the fellow was locked up in solitude for fear he would find the Tree of Life or something else, and live forever or somewhere else. We have heard that it hath been said give a fellow plenty of rope and he will hang himself. It may yet happen. We would like to see a wet drouth just now as we have had a dry one for so long.

We have corn waist high, corn down low which has not yet sprouted that has been planted six weeks. We also have corn to buy or do without.

We also have a con that is said to be over fifty years old. He has no teeth, ann has not had for a number of years. R. M. F.

Six Distinct Benefits to Be Derived When Dealing with Clayey Soils.

The benefits of tile drainage, or tiling, as it is commonly called, are most pronounced in clay or clay loam soils, and especially so when these lands are nearly level, although clay lands if rolling enough to quickly run off all water falling on them, are nevertheless greatly helped by tiling.

Let us confine our thoughts to these rolling clay soils. If there are six distinct benefits in tiling these, there cannot be less on level lands.

First—If these rolling lands are well tilled they may be worked quickly after a hard rain, much time saved and better crops secured. The land will never bake, but will be pliable and easily tilled.

Second—In seasons of drought the crops do not suffer when properly cultivated, as the moisture rising from the lowered water table is sufficient.

Third—In seasons of excessive rain the fertility is not washed off the land, but enters at once into the loose, open soil, where the fertility is left while all surplus water descends to the tile.

Fourth—As the water finds a quick way to the tile anywhere on properly drained land, the air will follow, and this means that various elements in the soil will be oxygenized and fitted for plant food. In other words, it fertilizes the soil and puts the fertility where we can so well put it, just where the roots of the plant can best find it.

Fifth—Tiled soil is much warmer and the surface is some ten degrees warmer during the growing season. This lengthens the season at both ends and makes intensive farming easy.

Sixth—The fertility you put on tiled land is more productive. "You never need fall in setting a good seed-line of corn on such land, and we all know what this means."

These are positive benefits, and I have not named all.

German Women Domestic.

Germany is one of the countries where cycling is taken up least by women. German women seldom go in for much outdoor exercise; they are distinctly domestic in their habits.

Material at Hand.

The gawkwar of Baroda intends to have a baseball nine or two when he gets home. There are some players he can have cheap, without making any references to allusions.

Everlasting Blotter.

The Austrians use a stone blotting-pad that never wears out. A little scraping with a knife cleans it effectually.—Philadelphia Bulletin.

Good Thing.

Mrs. Poppy—I couldn't live a day without you. Mr. Poppy—That'll save life insurance.—Los Angeles Herald.

Women Burden Bearers.

The women of Scotland carry heavy loads on their backs in baskets, which are strapped around their waists and over their shoulders.

Then an Auto.

The first thing that a girl baby learns to ask for is candy and the second is money.—Chicago Daily News.

Unwilling Service.

There is nothing so easy but that it becomes difficult when you do it with reluctance.—Terence.

Money with Immigrants.

Our million immigrants a year are bringing with them \$25,000,000 a year, besides their labor.

His Spring Togs.

"Pretty swell outfit you have on," observed Galley as they met on the avenue. "Yes," admitted his friend. "I bought this with the money I got from suing a man. I call it my law-suit."—Detroit Free Press.

Not Yearning.

Don't you wish you were a careless, happy boy back on the farm?" "No," answered the prosaic person. "I never dared be careless while I was on the farm, and I fall to see the happiness in stone bruises and prickly heat."—Washington Star.

The Hint Courteous.

Old Friend of Family (after the usual preliminary examination as to little Bobbie's age)—And now, my bright little fellow, how many dollars have you got in that bank of yours? Little Bobbie—Five, goin' on six.—Puck.

of Current Events

Hampton.

Dr. J. F. Crawford attended the show at Carrsville Monday night.

C. S. Crass, of the Blue Grass store, made a business trip to Carrsville Monday.

Mr. W. C. Baget, of Atlanta, Ga., arrived here Saturday to accompany his wife home, who had been visiting friends and relatives of this place.

The ball game here July 4th between Levias and others and the Hampton first nine resulted in favor of the visiting team, the score being 17 to 22. Hurrah for Hampton! She leads yet played three games and lost one.

Rev. W. T. Oakley and Jas. F. Price, of Marion, spent Thursday night in this city the guest of Rev. J. B. Lowery.

Miss Emma Butler, of Good Hope, was in town Saturday shopping.

H. E. Worten, manager of the second ball team, says he is ready for Lola next.

C. R. Hodge says he would like to go to Paducah and attend the Catholic school. He wears his collar backwards, now. I think he intends making a priest.

Chapel Hill.

Mrs. Ida Ward and Mrs. Bettie Adams are on the sick list.

Mrs. Margaret Minner has returned home after quite a visit to relatives in Marion.

Mrs. Florence Steel, of Missouri, who is visiting H. S. Hill's family, has a sick child.

M. G. Jacobs and family expect to go to Kansas this week.

The school will begin at this place on Aug. 13th with Miss Ada Hill as teacher.

Will Adams has a new girl baby at his house.

Mrs. Ona Persons was visiting her mother last week.

Crops are all looking well since the rains.

Ed Young was visiting his brother Ross Sunday.

Carrsville.

J. O. Boyd and family and Mrs. Mary Hodge and daughter, Miss Emma, and Mrs. W. A. Boyd were here Saturday and Sunday.

Mr. Joe Seerist, of Somerset, but who is helping in the Schoolfield mines, visited M. C. Wright Sunday.

Mrs. Joe Harman's mother, Mrs. Irby and brother, Rominey, are visiting her at this writing.

The Nellie B. has been licensed, life preservers and a new bell has been added to her equipment this week. She gave a grand excursion to Golconda July 4th.

Mrs. Lee Rodgers and daughter, Miss Pearl, of Brookport, Ill., are visiting the family of Mr. Charles Daniels.

Charles Foster and wife, of Hampton, visited here Sunday evening.

John Hensley and family, of Joy, visited Mr. Forest Snow's family Sunday.

Fred Faulkner and family, of Berry Ferry, visited Mr. and Mrs. Ollie Barnes Saturday.

John Grimes, of Levias, and Cleve Fuller, of New Salem, visited Mr. Harve Threlkeld last week.

Mr. James Vick Sr., of Good Hope, was in town last week.

Ragon Rutter and wife, of Evansville, are visiting Mr. and Mrs. J. H. Rutter and Mr. and Mrs. Will Holoman this week.

Mrs. B. L. Johnson and children, of Marion, are visiting friends and relatives here and at Eli. Her brother, Dock Terry, of Rosebud, Ill., came up to spend a few days with her. Mrs. Johnson and children are to start for Johnson City, Tenn., soon where she expects to make her future home. Her husband, B. L. Johnson is at that place in the sewing machine business.

Russel Chittenden, of the Oak Grove neighborhood, and Jim Chittenden, of Joy, were here Saturday.

W. H. Wayland and son Clark were here Saturday morning.

J. M. Gardner spent several days last week visiting his son, Dr. Will Gardner, of Sheridan.

Our old friends J. M. Truesdell and wife, after a visit of some two weeks, left Saturday for their home in Bardstow, Ark.

Mr. Dee Threlkeld, of Fredonia, was here Saturday visiting Mr. C. P. Threlkeld and others.

Leonard Brewster, of Joy, was in town Saturday.

Mrs. Will Glass and little daughter, of Golconda, are here visiting her son-in-law, Mr. George Lewis.

Mr. Robert Threlkeld, who bought

the Rev. Bowen farm, was on our streets Saturday.

James and Rome Myrick and Tobe Skelton, of Joy, were here Saturday evening.

Mr. Albert Likens went to Fredonia Sunday after his wife who has been visiting friends there for some days.

Misses Hopewell and O'Nan, of Sturgis, who have been visiting Miss Jessie Shouse for some time, left for home last week.

L. E. (Nick) Bridges left for Morehouse, Mo., Saturday to see the country and visit relatives.

Messrs. Tucker and Lantree, of Covington, Ky., are at the Schoolfield and Speed mines.

Cotton Ramage, of Hampton, was here last Saturday.

Mint Barnett (col.) has been quite sick for some days, but is better at this writing.

Our Citizens Bank, under the skillful management of our cashier, Mr. O. S. Denny, has been forged to the second place in the county. It is only a matter of a little time until it will stand at the head.

A Hard Lot.

of troubles to contend with, spring from a torpid liver and blocked bowels, unless you awaken them to their proper action with King's New Life Pills; the pleasantest and most effective cure for Constipation. They prevent Appendicitis and tone up the system. 25c at Haynes & Taylor's drug store.

Shady Grove.

C. C. Ramsey went to Marion Monday.

Reuben Wood went to Providence Monday.

George D. Kemp, a prominent farmer of Iron Hill neighborhood, and son, William G. Kemp, a graduate from the Kentucky Hospital of medicine, lately returned from Louisville, were here Monday.

John C. Gardner, of Piney, was in this section Monday.

Joseph Cardwell was the guest of Wellington Jones, of Crayneville, Monday night.

G. N. Fox was in this vicinity Wednesday.

George B. Lamb went to Marion Tuesday.

Dr. Venters, of Colson, was the guest of Dr. W. C. Kemp, of Iron Hill, this week.

Willis M. Towery, general merchant and druggist, of Tribune, made a flying business trip through this community Thursday.

Willie Davis went to Providence Tuesday.

S. C. Towery and son, Garrett, went to Providence Wednesday.

Our druggist, Jeff Elder, and hustling merchant, Dennie Hubbard, went to Providence Thursday.

William Wilborn, of Fords Ferry, was in this section Thursday.

W. H. Towery and wife were in Providence Friday.

Thomas Cantrill passed through here on his way to Chimney Rock Spring, where he intends doing a lot of sawing. Mr. Cantrill is a hard worker and a good fellow.

Charley Walker passed through on his way to Caldwell county, where he will be the guest of friends Friday and Saturday.

Frank J. Travis, a well to do farmer of Tribune, was here buying stock Friday.

Frank Atwood, of Dexter, Missouri, reached here Friday. He will spend several days with friends here. He formerly resided at this place.

Con McDowell returned from Rockville, Indiana, this week.

We had a fine shower Thursday.

Mr. Edward Watson and wife visited relatives and friends in Webster county this week.

James Marvel went to Marion Saturday.

Rev. C. T. Stewart, of Quinn, was here Saturday.

Hamilton Vinson, of Tradewater, was here Saturday.

Uncle Henry Sisk and R. T. Kemp, of Creswell, were here Saturday.

Several from this place attended services at Enon Sunday.

Free Railroad Fares

EVERY DAY IN THE YEAR TO

EVANSVILLE AND RETURN

By the Evansville Merchants' Rebate Association THE PLAN

1. On and after March 15th, 1906, one round-trip railroad fare from any town within a radius of forty miles from Evansville, Ind., will be refunded to each individual purchaser of \$25 or more from any or all the members of the Merchants' Rebate Association. In case the purchases are less than \$25 the Merchants' Rebate Association will refund the round-trip fare of one mile for each \$1 purchase, but no refund will be made for less than \$5 purchases.
2. Persons living at a greater distance than forty miles may have their fares rebated. To illustrate: If you live sixty miles, away, you pay only twenty miles, and the Association pays for forty miles both ways.
3. No member shall refund fares or parts of fares direct.
4. When a rebate book is applied for, before it is issued, the customer must show his or her return trip ticket or a receipt from the ticket agent.
5. The total amount of each purchase must be entered on the books.
6. No rebate will be allowed unless application for the same is made at time of purchase.
7. The purchaser of the required amount of goods shall apply to the Merchants' Rebate Association, 226 Main street for

FARES WILL BE REFUNDED BY THE FOLLOWING MEMBERS OF THE MERCHANTS' REBATE ASSOCIATION ONLY

LINCOLN NATIONAL PARK.

Kentucky Should Lead the Way to Large Membership.

Kentucky is to lead the way in rolling up a membership for the Lincoln Farm Association.

The old farm on which Abraham Lincoln was born, and where he spent the early years of his boyhood, at Hodgenville, this State, is to be made into a great Lincoln National Park.

It is a great work of the whole people. Every man, woman and child in Kentucky is asked to join the Association and help make up the fund needed.

Send in any amount, from 25 cents to \$25, and you will be made an honorary member without further dues or assessments whatever. The Association will send you a large, handsomely engraved certificate, and your name will be put in the Permanent Catalogue to be kept in a place of honor at the Park forever. Send your subscription to this office. Let every loyal Kentuckian join now and show the nation that Kentucky still leads in patriotism and loyalty to her great men.

The Louisville Daily Herald and THE RECORD both one year for \$2.00.

A Happy Home.

To have a happy home you should have children. They are great happy-home makers. If a weak woman, you can be made strong enough to bear healthy children, with little pain or discomfort to yourself, by taking

WINE OF CARDUI

A Tonic for Women

It will ease all your pain, reduce inflammation, cure leucorrhea, (whites), falling womb, ovarian trouble, disordered menses, backache, headache, etc., and make childbirth natural and easy. Try it. At all dealers in medicines, in \$1.00 bottles.

"DUE TO CARDUI"

Is my baby girl, now two weeks old," writes Mrs. J. Priest, of Webster City, Iowa. "She is a fine healthy babe and we are both doing nicely. I am still taking Cardui, and would not be without it in the house."

For sale by Haynes & Taylor, Marion.
