WHY NOT PATRONIZE HOME INDUSTRIES

EVERY DOLLAR YOU SPEND IN MARION IS RETURNED TO YOU

Pertinent Questions for Those Who Knock on Home Industry

Why not patronize home industry? Some people think that everything good comes from away from home, and consequently they are "knockers" on their own town. When misfortunes overtakes one where does he look for help? Does he appeal to strangers or does be appeal to those that know him best and tell his tale woe? Would you hie yourself away to Evansville if you wanted to borrow a little money, or get a week's on on a gredit? Who do you for a job that you may earn up its abode in your home where do you look for comfort and help? When the wolfe begins to how! around your door who will keep it away for you!

These are peritent questions and should be considered well by all who look to their home town for employ-

A town that is not good enough for you to spend your money in, should not be good enough for you to rear your children in. Marion is the best town to live in this side of the "golden gates." She is inhabited by the best people on earth. "Major" Dead.

There is not a person living in Marion who will not learn with egret of the death of "Major," the pretty pet brown spaniel, the property of John Lilson. Every child in the city knew and loved him. He was so docile and friendly with everybody. Major was born at Crittenden springs about twelve years ago, while Thurman & Cook were running Tillman Thompson Shot By R. B. Crabthe hotel there, his mother having been brought from Danville, Ky. Mr. Thurman gave him to Mrs. Jno W. Wilson, who prized him very much as a household pet, and he was her inseparable companion while she lived. During her illness he would lie in a chair by her bedside, where she could reach her hand out and earess him. About a week ago he was taken sick and died Monday morning. Robert Jenkins prepared a coffin and buried him and there were several moist eyes at the funeral.

Mayfield, Ky., July 31 .- The hanging of Allen Mathis, the negro who assaulted Miss Ethel McClain, last Wednesday took place at eight o'clock in a legal manner, in the yard of the county jail. Fully 10,-000 people were on the scene but only a few hundreds saw the execution. although the entire fence surrounding the scaffold had been torn down by the people.

It was only fifty minutes from the time the jury was empanneled until the negro was pronounced dead.

Mathis reached here at 6:40 o'clock from Louisville, in the charge of officers Elmore and Galloway, and the Hopkinsville military company.

The local military company and the Hopkinsville company met the train and escorted the prisoner to the court house. Several attempts were made to seecure the negro and he was seized by the infuriated mob, and several members of the Hopkinsville company drew their guns to keep back the mob. The crowd finally decided to let the law take its

Press reports from New York reroport that the Secretary of the Treasury when in that city a few days ago authorized the statement that he would promptly deposit money in the banks, if money rates hardened, and that he would immediately return to the banks in the shape of public deposits the money received from the sale of Papama canal bonds. So the banks under this arranvicuent arear have their cake ar advantagoo. buy the canal ction, seand draw the interest and aln a and and devoted friend of the ber porations, the Secretary of the Treasury, will hand them back the money, "if money rates harden," and who can doubt the rates will not "harden" under such an incentive. If the rates "harden" to 8 per cent. the banks would be able to loan the \$30,000,000 at the rate of \$2,400,000 a year, and at the same time be drawing the regular interest of 2 per cent. on the bonds, or \$600,000.

The question naturally arises, why did the Administration sell Panama bonds when the money was not needed in the Treasury? Respectfully referred to the President and his Secretary of the Treasury.

Pertinent Questions for Those Who Knock on Home Industry

Why not patronize home industry? Some people think that everything good comes from away from home, and consequently they are "knockers" on their own town. When misfortunes overtakes one where does he look for help? Does he appeal to strangers or does he appeal to those that know him best and tell his tale Would you bie yourself sway to Evansville if you wanted to borrow a little money, or get a week's provision on a credit? Who do you apply to for a job that you may earn your bread by the "sweat of your face? When sickness or death takes up its abode in your home where do you look for comfort and help? When the wolfe begins to howl around your door who will keep it away for you

SMALL GARDEN FARM TRACTS

More than a year ago Mr. Maxwell conceived the idea that the highest and best use to which the lands under this great government irrigation system could be devoted was that they should be subdivided into small tracts for garden farming, berry culture and the growing of small fruits, melons, and other products of intensive cultivation. The raising of poultry in all its branches would of course be one of the most profitable adjuncts of these In the past this character of land cul-Salt River Valley because of the fact that at the season of the year when the water was most needed, there be-Some 70 miles above Phoenix, and ing no reservoir, the river was at its

in the making of such homes as it has been planned should be made on this tract, Mr. Maxwell went still beyond the assurance even of water from the river and the government reservoir, and there has been put down on the property a group of wells, on which a pumping plant will be constructed. These wells have an inexhaustible supply of underground water which will furnish more water than can be used for the irrigation of the lands in question. The pumping plant will be organized as a co-operative water company so that each home owner in the tract will have his proportion of ownership in it, and the furnishing of pumped water to adjoining land may be made a source of substantial profit to those who are so fortunate as to be co-owners in the plant. OF KENTUCKY BAPTISTS For that Dandruff

There is one thing that will cure it - Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you-healthy hair, no dandruff, no pimples, no eruptions. The best kind of a testimonial -"Sold for over sixty years."

THROWN HIGH IN AIR BY PASSING TRAIN

Two Boys Came Near Being Killed at Morganfield Monday.

Two Oakley Boys, of the Boxville neighborhood, came very near being killed at Morganfield Monday morning by the Southbound mail train. Their escape is considered next to miraculous by those who witnessed the thrilling wreck.

The boys had came in from the country after a load of merchandise, for a country store and were unaccustomed to the time of train arrivals. They were driving a rather slow team and when they had just gotten on the track the train dashed upon them unawares, and came near hurling them into eternity without warning. The wagon was struck center by the On February 5th, 1906, Alta Moss fast moving train, and was literally ter-parliamentary Union, with the filed suit against her husband, Will torn into splinters. Nervous Worn-Out

If you are in this condition, your nerve force is weak-the power is giving out, the organs of your body have 'slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease, Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves: it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 nounds." healthy, and now weigh 170 pounds H. C. CUNNINGHAM,

Gen. Hays' Complaint

"My opponent, Mr. Hays, in his opening speech at New Castle, drew a general indictment against the Democratic administration, which in excess of irony he terms a machine. There are only two charges in his indictment that the statute of limitation has not run against. Every charge except the one termed 'Architects fees' and the one termed 'Salary rebates' is made against the administration whose term closed on the first Monday in January, 1904, when the present administration, of which Mr. Hays is a member, assumed control of the affairs of the tate. In 1963 the nominations for state difficers were made in a primary election, no principles or policies being enunciated in a platform.
