

# The Crittenden Record.

VOLUME 3.

MARION, CRITTENDEN COUNTY, KY., NOV. 16, 1906.

NUMBER 19.

## HON. J. C. HODGE CAPT. J. W. BUSH

### TWO PROMINENT SMITHLAND ATTORNEYS EXPIRE SUDDENLY

Mr. Hodge Had Just Returned from Paducah and Was in Best of Health

#### ENTIRE CITY BOWED IN GRIEF

Our neighboring city, Smithland, is sadder today than it has been for many years, on account of the sudden deaths of two of its most prominent citizens, Hon. Jas. C. Hodge and Capt. J. W. Bush, both attorneys of that place, which occurred Wednesday evening, November 14, 1906.

Mr. Hodge went to Paducah Wednesday and on his return trip met his friend, Mr. John L. Gray, on the boat.

He was talking of his excellent health, and said he had always taken good care of himself and could see no reason why a man should not live to be one hundred years old.

When the boat arrived at Smithland Mr. Hodge left it and went to his home, but returned to it on business a few minutes later. While talking, he sank to the floor of the boat and in a few minutes passed away. The death occurred about six thirty in the evening and was caused from apoplexy.

Capt. Bush was at home when he was told of the death of his old time friend and colleague in law. He went to bed and brooded over the loss of his friend so, that he gradually sank and died at eight o'clock the same evening.

The funeral services of both were held at the Methodist church in Smithland at three o'clock Thursday afternoon, conducted by Rev. J. O. Smithson, and the interment took place at the Oak Hill cemetery.

These two men had been the closest of friends during all their natural lives and the tie that held these two hearts together seemed so closely bound that when one passed from this life to the great beyond, the other felt the cord too strongly knitted to be broken, so gave way and went with his life long friend to eternity.

#### A TALLY HO! HO!

### A Merry Crowd Take a Ride to Crittenden Springs.

Geo. Foster is about the article as a driver. So thinks some of Marion's fair sex. In bringing this about Mr. Foster harnessed up four of the best horses he had and with the 'bus from Will Hicklin's hostelry took a trolley party to Crittenden Springs last Saturday. Those in the party were:

Mrs. Geo. M. Crider, Mrs. W. B. Vandell, Mrs. Fannie Walker, Misses Lena Woods, Ina Woods, Sallie Woods, Maggie Moore, Lillie Cook, Florence Harris, Carolyn Harris and Nell Walker—eleven in all. There was a chaparrone for the widow and one for the eight bachelor maids.

This was a merry crowd. The day was delightful. The slight shower did not mar a thing but afforded amusement for those who did not go mining. Two of the young ladies went mining. When the shower came up they hastily sought shelter in one of the miners' shaft houses. All of a sudden they burst forth in the rain with shrieks and sought other shelter. It was afterward explained that they saw a mouse and their hearts failed.

The party staid at the Springs about two hours and returned to Marion. On the back step of the 'bus little Joe Walker blew his tin horn.

At the conclusion of the trip it was noticed that the whole party in turn bowed slightly, smiled and said a few words to Miss Nell Walker.

#### Fruit Trees Delivered

J. R. Clark delivered a lot of fruit trees in Marion last Monday. The delivery amounted to \$200 and every order was taken and paid for. We feel safe in saying that this is the first fruit tree order delivered here where all the orders were satisfactory and all the deliveries made on the day of delivery.

Mr. Clark represents a good nursery.

#### Serious Accident

On last Sunday, near Pleasant Hill Church, Mr. George Swansey and Miss Vera Jones happened to a very serious accident.

A procession had formed going from the church to the baptizing place, when a horse balked and ran backwards and frightened the horse that Mr. Swansey was driving and turned the buggy over throwing them into a ditch.

No one was hurt very seriously however.

#### W. H. Mayes' Sale

James F. Flannery and C. E. Doss attended the sale at the residence of the late W. H. Mayes on Tuesday of this week. It was very cold and not many attended. Mr. Doss sold the property. There were fourteen head of horses and other property proportion.

Mr. Mayes lived on the Ed Dalton place, and dying leaves an estate of some \$6,000 or \$7,000, consisting of a farm, saw mill, stock and about \$1,000 in Marion Bank.

Mr. Mayes was a brother-in-law of Sheriff Flannery.

#### T. J. Ainsworth Sells Out

T. J. Ainsworth has sold his interest in the Marion Coal & Transfer Company to his partner, J. S. Ainsworth.

Mr. Ainsworth will continue business at the old stand, his office and stables are near the depot.

This company has always enjoyed a nice patronage and have always been very courteous to the public.

Mr. T. J. Ainsworth has not decided what he will do.

#### LIGHT PLANT BROKE DOWN

### And Darkness Covered The Face Of Marion

The Marion Electric Light Plant broke down last week and Marion was dark Friday and Saturday night of last week, also Sunday and Monday night of this week.

The trouble was located at the bearing of the Dynamo Shaft. It seems that these bearings are made of copper or brass and possibly both. By constant wearing particles of these bearings are worn off and are ground into the shaft. This causes the trouble. These fine particles cause the friction and the bearing immediately gets hot and of course things have to stop.

This same trouble came up once before under the management of Mr. John W. Wilson and he did exactly what was done in this case.

Mr. J. L. Shrode and Gillie Dollar worked faithfully until midnight Saturday night last and then regretfully announced to Mr. Jenkins that they gave it up. He then telephoned for an expert from Evansville who came Sunday.

This expert worked until 3:30 o'clock Sunday afternoon and then he flew up and announced that he could do no more.

The shafting was thereupon taken off and expressed to Evansville Sunday night to The Heilman Machine Works.

The expressage both ways on this piece of machinery was \$55.00, adding to this the cost of the expert we have a total of close to \$100.00 loss.

The shaft was returned on the 7:35 train, Monday night and the lights came on as usual Tuesday night.

#### CRITTENDEN COUNTY FAIR

### Will Be Given at the Opera House in Marion Nov. 22

A County Fair will be given at the Opera House Tuesday Nov. 22nd, for the benefit of the Presbyterian Church.

The furniture dealers Nunn & Tucker have offered a plush parlor suit to any couple in Crittenden county willing to have the knot tied at the annual county fair.

So far there have been no volunteers but it is hoped some luxon couple will take courage when the time comes.

It has been rumored that our strenuous president and other members of Washington's diplomacy will be there, but this may be an exaggeration, but at any rate we are sure from what we have heard of the fair that it will be simply great.

#### Thanksgiving Service

Thanksgiving services will be held at Seminary School House, instead of Mt. Zion church, as announced last week. Everybody invited.

## HAPPENINGS IN THE MINING DISTRICT

### A RICH STRIKE MADE BY THE RED HILL MINING COMPANY

John Harpending Has Uncovered a Fine Vein of Spar on the Flannery Tract

#### OTHER NEWS OF THE DISTRICT

The Red Hill Mining Company, near Lola, in Livingston county, made a rich strike in shaft No. 1 last week. No. 1 shaft is an old shaft sunk some three years ago in what is known as the Mann Dike to a depth of 63 feet, finding some carbonate of zinc but not in paying quantities. It was abandoned until some two weeks ago, when Mr. Horace Overby, the Superintendent, pumped out the water and started levels, one northeast at 42 feet, and one southwest at 37 feet, at nine feet the northeast drift cut a rich vein of zinc carbonate, width not determined at present, and it only took four feet in the southwest drift to strike a rich vein of calc and zinc blend "Jack" three and one-half feet wide assaying thirty seven per cent. zinc. Mr. Overby deserves great praise for his good judgement. He informs us he will at once begin mining and shipping the carbonate and will start another level at sixty feet to test the "jack" vein at that depth. Besides the shaft work Mr. Overby has something over two hundred feet of tunnel work completed and has on the dump over two hundred and fifty tons of rich zinc dirt and has just completed a set of three log washers with about one hundred and sixty feet of sluice boxes and six setting tanks, in which he will save the very finest slimes. The Red Hill Mining Co. should take of their hats to Mr. Overby, and public, to this company.

The Edwards Mining Company, having finished washing their output of spar for the last three months, have resumed sinking their permanent shaft. This is one of the best timbered shafts in the district and is located between two veins. This mine is under the supervision of Mr. Radcliffe, and to see this shaft, you would say, he is the proper man for the place. Mr. Radcliffe informs us that his shaft is now some sixty feet deep and prospects are good for soon cutting vein number two. His intention is to continue sinking to a depth of eighty feet and then cross out to a depth of fifteen feet, that will then give him a sixty foot stope. Now take this example: 100 feet each way from shaft—six foot vein—sixty feet of stoping ground—200 pounds of spar to the cubic foot. What's the answer? \$ \$

The Great Northern Mining and Milling Co's mine, the Ada Florence has put on her proper suit of clothes and put them on to stay, says, Mr. John R. Steinman. He says, he likes the color, it has a back ground of lead, with white spots of fluor spar dotted in, very fashionable in this district at present. His shaft is six by eight and 127 feet deep, has both walls bent just about a foot too wide for the shaft, and filled with lead and spar, with eight inches of solid lead, assaying high in silver. Mr. Steinman tells us he is sinking his shaft deeper every day and running a drift at the 100 foot level.

John L. Harpending, at the 39 acre tract four miles west of town on the Marion and Salem road, has opened the Stevens fire clay fault and Evening Star fault, has four feet of vein matter on the Evening Star fault between true walls, the walls coming within six feet of the surface and is now sinking a shaft with prospects good for a large body of ore. This tract is located on two of the best known veins in the district and should be producers and shippers by early spring.

John L. Harpending has opened the Larue and Hurricane vein on the R. E. Flannery 75 acre tract between the Commodore and Crittenden Mining Co's mines. It has seventeen feet of vein matter with four feet of spar on the Larue vein at ten feet, this is the same

vein that J. M. Persons is mining so much lead and fluor spar from the Glendale and Sullenger properties.

\*\*\*

The Keystone Mining Co. have their new shaft forty feet and are erecting the finest sinking plant in the country, preparatory to sinking their shaft 200 feet, where they have twelve feet and nine inches of lead and fluor spar in the old Number one shaft they lost last winter.

#### "Chap" Blackwell

Tuesday of this week Mr. C. T. Blackwell, of Henderson, a traveling salesman for the large wholesale hardware house of W. W. Blackwell & Co., of that city, visited the trade in Marion.

Mr. Blackwell has been coming to Marion for years in the interest of this house. He is one of the best known traveling men on the road. Mr. Blackwell is regarded in Henderson as one of the best vocalists in that city. In conversation with him he stated that he had been singing in the choir of St. Paul's Episcopal church, of Henderson, for twenty-seven years. This is the church whose choir came to Marion and held services twice in the last few years. They will be remembered by many as will also the singing of Mrs. Taylor in "A Sinner Went up in the Temple to Pray."

For years the choir of this church consisted of four voices and the church enjoyed an enviable reputation for good music.

#### MONDAY MULE DAY

### Layne & Leavell, of Hopkinsville, Again the Buyers

Messrs. Layne & Leavell, of Hopkinsville, came to town again last Monday to buy mules. When they left home there was nothing the matter with their bank account. They were perfectly willing and anxious to buy mules and would have been glad to have bought several car loads. Yet notwithstanding all this they only bought three mules. They bought of J. H. Martin one mule for \$100 and Sam Leneave two mules for \$400.

There were a lot of people in town Monday, but none that had or cared to sell mules.

#### AMERICAN SOCIETY OF EQUITY

### Represented in Marion Monday by T. T. Barrett

The American Society of Equity is an association of tobacco growers of the stemming district. This society has been organized for the purpose of protecting the producers of stemming or export tobacco. They were represented in Marion Monday by Mr. T. T. Barrett, of Henderson, Ky., who is a successful farmer and Vice President and General Manager for Henderson county for the organization.

Mr. Barrett made a speech in the court house to quite a crowd of tobacco growers and was introduced by R. L. Moore in a very pleasant speech in which he complimented the speaker and spoke very highly of the workings of the association. Mr. Barrett is a fine speaker and was listened to with great interest by those present and at the close of his speech was warmly applauded.

It seems that none of the other associations have been able to handle the tobacco in this district known as the stemming or export tobacco and the purpose of this branch of the American Society of Equity is to handle the export or stemming tobacco alone.

#### Hon. A. H. Cardin

Hon. A. H. Cardin, of View, was in town Monday. Mr. Cardin is one of the oldest tobacco men in this part of the state. His reminiscences along this line are very interesting and a day spent at his fine home at View seven miles south of here is well spent and profitable.

#### Marriage License

Dellar Woodall to Miss Grace Chenault.  
G. H. King to M. E. Artlack.  
R. L. Perrin to Iva Lee Hamby.  
E. V. Carleton to Miss Addie Neal Cositt.

#### Woodall-Chenault

Mr. Dellar Woodall and Miss Grace Chenault were married Wednesday, November 14th, at the home of Mrs. Emeline Turk, Rev. J. W. Vaughn officiating.

Mr. Woodall is the son of Mr. W. A. Woodall, of Piney Creek neighborhood, and is an entergetic young farmer.

Miss Chenault is the daughter of Rev. R. P. Chenault, of Marion, Ill., but has been making her home with Mrs. Turk for the past year. She is attractive and a splendid christian girl.

Immediately after the ceremony they went to Piney Creek to church, there being a protracted meeting in progress. They will make their home at Mr. W. A. Woodall's.

The Record joins their many friends in wishing them much happiness.

#### A Pair of Buster Browns.

Mr. and Mrs. James Lowery, of Fredonia, were in Marion last Monday. Mrs. Lowery was formerly Miss Clara Goodloe, and is known to all of the Marion people. She has been happily married for a number of years and is the mother of three fine children. One of her boys is an exact likeness of the cartoon boy, Buster Brown.

We know of another Buster Brown boy. Mr. and Mrs. Lawson have entertained this summer their married daughter, Mrs. McAdams. She had with her a young son whose general makeup and complexion, as well as dress, called to mind Outcault's famous cartoon—Buster Brown.

These two boys, Lowery and McAdams, are very beautiful children. The Buster Brown resemblance has been noticed by many.

#### Has Sold His Insurance Business

Mr. Zed Bennett has sold his fire insurance business to Mr. R. L. Flannery and will leave Marion in a few days. He has one of the best positions of any traveling man out of Marion. The Ault Manufacturing Company is a very large concern and employs none but first class men and pays good salaries.

Mr. Bennett thinks he will not be able to get home but twice a year. That being the case he will be missed very much and especially by the members of the Baptist church. Mr. Bennett has been with us only a short time. He is a first class man, good citizen, and a conscientious christian gentleman and the Record wishes him well in his new field of labor.

### THE COMMERCIAL CLUB TO BE REORGANIZED

### Will Meet Next Friday Night To Complete The Organization

The Crittenden County Commercial Club met at the court house pursuant to a call of Mr. T. H. Cochran the former president of the organization. Mr. Cochran called the house to order and asked for nominations for temporary chairman and Judge Walter A. Blackburn was elected and Zed Bennett was elected temporary secretary. Mr. T. H. Cochran then outlined some plans for the future good of the club.

Messrs. T. H. Cochran, Ed Weldon, John Moore and Ed Hayward were then appointed by the chairman as a committee to arrange the by-laws as well as a name for the future business men's club.

Mr. Noble Boston then addressed the meeting, suggesting that each man consider himself a committee of one to try to induce capital to invest money in our town.

The meeting was then addressed by Mr. Jesse Olive suggesting that we are allowing our timber to go out of the county when it might be worked at home.

The meeting adjourned to meet at the court house on Friday night Nov. 16th to complete the organization of the Commercial Club.

#### A PECULIAR AFFLICTION

### Man Loses Sight—Now Being Restored

Mr. Bird Ashley one of our substantial farmers of the eastern part of the county has undergone a very severe affliction. About two weeks ago his eyesight left him and he was then totally blind. In the last few days his sight is being gradually restored and his many friends hope he will fully recover.

## TOBACCO FACTORIES BURN SUNDAY NIGHT

### THE LARGE STEMMERY OF W. C. RICE & SON DESTROYED

The Factory at Eddyville Also Dynamited By Parties Unknown Sunday Night

#### THE LOSS REACHES OVER \$15,000

The large tobacco stemmery of W. C. Rice & Son, located at Kelsey, Ky., was burned to the ground on Sunday night, November 11th, and the loss reaches over \$15,000. The building was insured with Dave Gardner, of Princeton, for \$9,000.

This was one of the best stemmeries in this end of the state and Mr. Rice had the machinery on the ground to attach a steam casing and drying outfit and would have soon had it up-to-date in every respect.

The loss of this building is a severe one to the community. Tobacco had been put up in this building for quite a number of years.

On this same night, a tobacco factory property of Mrs. Alice Bradshaw at Eddyville, was partially destroyed by dynamite by parties unknown. The damage amounted to \$900. Insurance unknown. This factory was a four story structure and was being managed by Mr. Bradshaw.

It is reported that blood hounds were secured from the branch penitentiary and tracked the dynamiters about ten miles into Caldwell county where they lost the trail.

#### A LETTER FROM IRELAND

### The Crowe Family Of This County Are Interested

The following letter has been received in Marion in the last few days. It is self explanatory.

Ashbrook Terrace, Leeson Park  
Dublin, Ireland.  
October 30th, 1906.

Dear Sir:—I am the son of the late Rev. Charles Crowe deceased who was formerly for many years a professor in one of the colleges in your state. The deceased left by will a landed property here to me, with an interest in same to a half brother who was sent to America in the year 1881. My father thought this man to be dead, but in order if he were alive that he should not be altogether overlooked my father provided for him should he turn up within ten years in person to claim the money.

In 1905 an Irish Land Bill came into force whereby land owners benefited by disposing of their farms to the tenants. I have tried to sell my land under this bill also, but owing to the uncertainty of my half brother being now alive the negotiations are hanging fire, especially as a claim for the money has been made by a man calling himself Joe H. Williams in the year 1904. My lawyers requested his (through whom the claim was made) to produce their man for inspection many times since, a thing they seem unable to do.

So long as this man's identity is not cleared up I am unable to transact my business.

This is my only reason for writing or troubling you. He describes himself as Joe H. Williams, Columbia Mines, Marion, Ky.

I may add that Joseph W. Crowe was disowned many years ago by his relatives in Kentucky for his evil ways.

On the man Joe H. Williams being requested by his own lawyer to furnish an outline of his life since he left home as support of his claim to the money, he did so and it altogether differs from the evidence in letters from Joseph W. Crowe to my father. This further confirms our views over here that Joseph W. Crowe is not the person who has made the claim. I remain,

Yours very faithfully,  
JAS. F. CROWE.

#### Moved To Madisonville

Mr. A. M. Hearin came over from Madisonville Sunday to get things ready for moving to that place. He sold his grocery here about a month ago and he, with his son, T. E. Hearin, has gone into business in that little city.

## SENATOR BEVERIDGE

### MORAL COWARDICE HATEFUL TO AMERICANISM

#### Defeat For Those Who To Seek Deceive

"But tolerance of opinion does not mean tolerance of crime. There should be peace between an honest man and another honest man who believes each other to be in error. But between honest men and dishonest men there should be no peace. That is what the Savior meant when he said, 'I come not to bring peace but a sword.' That is what he meant when he overturned the tables of the money-changers and with whip in hand scourged them from the Temple. There are three fundamental crimes—falsehood, theft and murder. And as we have the church for the religious, the state for the citizen, and the school for the building up of both, so we have the penitentiary for the preservation of both.

"All tolerance for opinion, no tolerance for crime. The free and open forum for honest thinkers; the prison bars and lockstep for plunderers of the people. Honor and praise for him who bravely maintains his opinion on any question and seeks to move the truth of those opinions to the people. Defeat and disgrace for those who cravenly hide their opinions and seek to deceive the people; utter oblivion for the crafty who have no opinions at all until questions have been decided and then seek the support of the people by championing whichever opinion has prevailed.

"Honesty is the salvation of free institutions. Make your public men tell you what they stand for when questions are in doubt—you do not care what they stand for after questions have been settled. Moral cowardice is as hateful to Americanism as intolerance. It is no discredit to be wrong—all men are human, and no mere human being that ever lived ever has been right on every question. But it is a disgrace to be a coward. Every great leader of the people, every apostle of righteousness, every man that has blessed the race has first of all told the people what he believed, fought for he believed, and, whether the people agreed with him or not, in the end accepted the people's judgment; aye, and the people's blessings, too—for the judgment of mankind's heroes of thought and conscience."

#### Mixed Principles

Two Ladies living in this county raise turkeys. One of them is a Baptist and the other a member of the Christian church. The Baptist lady says her success with turkeys is due to the fact that as soon as the young turkeys emerge from the shell she dips it hastily into cold water and dries it carefully. The other lady agreed to try the method. Her husband, hearing the conference and its conclusion was highly amused. "Beats anything I ever saw," he said. "Here's an old school Baptist and a Campbellite getting together and gone to practicing infant baptism."

## Announcement

If any of my work has proven unsatisfactory during the past three years please call at my office at once

Very respectfully,

#### A Money Maker and A Money Saver

D. Moses Boyd is a local colored man of unusual ability in the line of making and saving money.

As soon as the smoke had cleared away from the ruins of Marion after the great fire of March 1905 Moses gathered up his insurance policies and cashed in.

He met Mr. James E. Crittenden and Mr. C. H. Whitehouse who wished to invest in some inside property. Losing sight of his conscience for the time being he turned his lot situated on the south side of Carlisle street, over to these two investors for the sum of \$2,100.00. The lot cost him about \$700 dollars. With an eye single to the outcome and the money that would change hands in that outcome he went to Princeton and bought a plot of ground 40x106 for \$650.00. This ground is located in the same block as the new Cumberland Presbyterian church. There is a building on the ground that rents for \$200.00 per year. Not long ago Moses sold a part of this ground for \$500.00 cash. The part he sold is a square 40x40. He still has a lot 40x66 and last Saturday morning refused an offer of \$1,000.00 for it.

Boyd has succeeded in getting his income to \$35.00 per month consisting of interest and rents. This ought to be an object lesson to the colored race. Sobriety and frugality will win out for them as well as the whites.

To our mind the colored problem will be solved when the colored men and women raise their children to be sober, industrious and frugal. The destiny of both races depends largely on the hand that rocks the cradle.

#### The Teachers Soliloquy

To teach, or not to teach, that is the question: Whether 'tis nobler in the mind to suffer

The constant kicks and cuffs of heartless school boards, The abuses and taunts of outraged parents,

Or to turn merchant, farmer, printer or tramp, And by so doing, to quit, to starve, to beg,

To reflect, perchance to dreams of softer jobs

And better. Ah! there's the rub. For with such dreams and visions come the blues

A thing devoutly not to be wished for. Thus salaries make such cowards of us all.

That we prefer the slavish work we have Than fly to other fields we know not of

So we, poor teachers, work and wait and hope,

When reason plainly says, There is no hope,

Why longer then endure the strain of mind,

The unrequited toil, the money loss,

The misspent prime of life whose energies

In right conditions rich returns would yield.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means sickness with a dog. And so with the human lips. Dry cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box at our store and be convinced. Large nickel capped glass jars, 25c at Haynes & Taylor's.

## MEMBER WANTS ACCOUNTING

### In The Dark Tobacco Growers' Association

At the regular meeting of the Dark Tobacco Growers' Association in Clarksville, Tenn., on October 23rd, Carrott Brockmann, a member, caused a sensation by stating that the Association members did not get justice from the fact that "hill-billy" Tobacco sold for much higher prices than Association tobacco. Mr. Brockman charged the management of the Association with not conducting affairs so as to bring about the best results to the members. He said it was misleading to publish prices of Tobacco sold, when it was not sold at that price, as for instance the late Regie sale to average \$10.35, when it is stated on reliable authority that the price was about \$8.95.

Mr. Brockman requested that the Association publish how much money it got from the one per cent. commission, its scales of samples, and from all other sources, wages paid James H. Smith and J. Edwards, who are prominently identified with the Association, and all other expenses.

Chairman Prince said it would never do to publish such a statement, amid much confusion, but that a member of good standing could obtain such information from the Executive Committee.

—Tobacco Journal.

#### "The Aristocratic Tramp"

"An Aristocratic Tramp," Kilroy and Britton's new metropolitan comedy drama success to be seen at the Opera House in Marion Nov. 16, on Friday evening promises to prove one of the very best theatrical offerings of the local season. The production is complete in every respect, the scenic equipment and acting company far surpassing anything ever offered local theatre patrons. One of the features, an automobile race ending in an apparently terrific and death dealing explosion, is said to be by far the most sensational effect yet produced by stage mechanism. While the play contains plenty of pathos and enough broad comedy for a laugh every minute, there are also seven big specialties introduced which serve to make "An Aristocratic Tramp" what every one wants to see, the best show of the season.

#### The Rev. Irl R. Hicks 1907 Almanac

The Rev. Irl R. Hicks has been compelled by the popular demand to resume the publication of his well known and popular Almanac for 1907. This splendid Almanac is now ready. For sale by newsdealers, or sent postpaid for 25 cents, by Word and Works Publishing Company, 2201 Locust Street, St. Louis, Mo., publishers Word and Works one of the best dollar monthly magazines in America. One Almanac goes with every subscription.

The new Pure Food and Drug Law will mark it on the label of every Cough Care containing Opium, Chloroform or any other stupifying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years; entirely free. Dr. Shoop's all along has bitterly opposed opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it, Haynes & Taylor.

History of the Dime.  
That neat and lovable little coin, the dime, has had a most useful history. As far as we are aware it is unique among the world's coins, having no nearer equivalent than the English six pence, which is worth two cents more. It is one of the handiest of coins, being about as small as a silver piece can conveniently be. Being less in size and weight than the nickel, which is worth only half as much, it is vastly more convenient to keep and hoard, and that is one reason why it is becoming extraordinarily scarce in spite of the fact that more dimes are now turned out of the mints than ever before in the country's history. There is a large race for "dime banks," and some of these mechanical contrivances are so pretty, so ingenious and so alluring that they force people to save dimes who have no earthly occasion to do so.

#### Singular Austrian Law.

A few days ago the murderer of Mr. Reid, the Paisley man who mysteriously disappeared from Heidelberg last July, having been arrested in Austria, was tried at Feldkirch and was convicted and sentenced to 20 years imprisonment.

The case illustrates a singularity of the Austrian criminal law. Generally speaking, a premeditated murder is punishable by death in Austria, but in cases where between the time of the murder and the arrest the prisoner has been punished for some other crime a sentence of capital punishment cannot be passed upon him.

In this case the murderer had served a week's imprisonment for petty theft about January of this year, and to this circumstance alone he is indebted for his life.

#### Bird in the Hand.

On a cabbage patch owned by a negro in a southern community oil was found. Speculators offered the negro \$20,000, which was accepted without waiting to consider another proposition, said to be worth \$40,000.

"What is this about your cabbage patch?" inquired a neighbor of the negro. "I understand you have sold it for \$20,000."

"Yes, that's true, boss," replied the negro. "You see, men come picking round my place, an' dey say dar's oil heah. Dey say: 'We gib yo' \$20,000.' I say: 'All right.'"

"I am told if you had waited a day or two you might have sold it for \$40,000."

"Yas, dat mebbe so; but a bird is the han's th' nobles' wok of God!"

#### Cotton Long Known.

The manufacture of cotton in India dates back to its earliest history. There are allusions to it connected with India in the Bible. In old Sanscrit records mention is made of its being used in India nearly 3,000 years ago. At the time of Alexander's invasion of India the dress of the Hindoos was described as consisting largely of calico, pure white or having figures. Among the imports into Europe during the first century, enumerated from India are described as of superior quality.

#### On Tact.

Chancellor James R. Day was once advising a young undergraduate of Syracuse university to cultivate tact. "But, alas," he said, "I fear that advice on such a subject must always be wasted. On tact the last word was spoken by Barbey d'Aubreville when he said:

"If tact could be bought, only those already possessed of it would want to buy it."

#### New Extension Is Completed.

The Burlington-Great Northern extension to Ashland, Wis., has been completed, and a mixed service is now being maintained. Full operations will not be started for at least a month. This extension opens the Burlington's connection with Lake Superior, and opens a new route for Nebraska grain to the Atlantic seaboard.

#### The Idea.

"Pop."

"Yes, my son."

"When a fellow goes to a circus and gets red lemonade and peanuts, doesn't he have to give money for 'em?"

"Certainly he does, my boy."

"Well, this paper says here that money won't buy happiness."

#### When the Damage Happens.

If a cut bleeds profusely it should be held under a stream of cold water. Compress the wound and apply clean lint. If an artery has been severed tie the lint tight above the cut and by introducing a stick under the handkerchief and twisting it round check the bleeding until surgical assistance can be obtained.

#### Significant Facts.

There remain the facts, however, that more passengers are killed in collisions and derailments than in any other way, and that about two-thirds of the collisions occur on railroads not block-signaled and by reason of errors which do not occur in block signaling.—N. Y. Press.

#### Good Reason.

Jones—Why did you give that woman on the car your seat and leave your wife standing?

Brown—Great Scott, man! that was our cook!—Judge.

#### A Certainty.

You cannot conquer the world for good by winning over its wickedness. —Cassell's Journal.

### MINER GETS MEDAL.

Carnegie Reward of \$1,000 Will Pay Mortgage on His Home.

Whitebarre, Pa.—William Watkins, a young mine worker of 23 and a half, has here, in the first annual contest, won the Carnegie medal for his heroism. This is in recognition of his act of heroism on September 3, 1914, when he saved the lives of three men at the imminent risk of death. He was greatly surprised by the news that the medal was to be given him.

There had been an explosion in the No. 4 colliery of the Kingston Coal company. As the workers rushed out of the mine Watkins realized that three men who were at the bottom of the slope where the explosion occurred might be alive. He turned back and calling to his comrades to stand by to help, he rushed down the slope.

"The explosion had knocked out the props," he said, "and the roof was falling. The black damp was gathering, and I knew I had to work quick. Brinder Davis was burned bad, so was Joe Winchell, while Reese Williams was caught under a car which had been blown on top of him. I could not pull him out. The only way was to lift the car. I tried three times before I could get it up a bit and he managed to wriggle out. Davis and Winchell were wild with joy. They all recovered and are working in the mines now."

C. T. Mathews, of 93 Water street, New York city, a wealthy Welshman who takes a great interest in his countrymen, heard of Watkins' heroism through friends, and was so impressed that he gave Watkins a handsome gold medal himself, and later brought the case to the notice of the Carnegie hero fund commission.

The \$1,000 which Watkins will get will just pay off the mortgage on his house.

### PLAN COLONY IN TEXAS.

Big Tract to Be Settled by Farmers from Europe.

Chicago.—A tract of land comprising 25,000 acres has been purchased near Raymondville, Tex., on the Gulf Coast railroad, for the colonization of farmers from France, Belgium, Switzerland and Holland. The land was purchased by A. M. Davidson, of Chicago, and the colonists are being found by his eminence, Mr. J. R. Villatte, right reverend archbishop and primate of the Old Roman Catholic Church in the United States.

The plan of the archbishop, who makes his headquarters in Chicago, is to colonize the tract with people of his own religious faith. Ninety acres have been set aside in the center of the tract, and upon this will be erected a monastery and a cloister for the education of priests and for the preparation of young men for the ministry. The archbishop will be at the head of the monastery.

It is the purpose of those who are carrying on the project to allot the land to the immigrants in 40-acre tracts, which is the largest farm one man can handle in that section of the country. From France grape growers are to be taken to secure experienced agriculturists or horticulturists. The archbishop will superintend the selection of the colonists and see to it that no undesirable immigrants are brought in.

### NO BAN ON SMALL SOLDIERS.

Government Lowers the Standard to Admit Porto Ricans.

Washington.—Concession to the slight stature of the Porto Ricans is made in a general order just issued by the general staff of the army providing that five feet two inches shall be the minimum height of men admitted to the Porto Rican provisional regiment. Heretofore the minimum height for the infantry regiment has been five feet five inches, which is the height required for admission to the regular army in the United States. The new order does not extend to officers of the Porto Rican regiments, who will still be required to come up to American standards.

Other minimum measurements are also reduced by the general order in proportion to the height. Recruits five feet two inches tall are required to have a chest measurement of 32 inches at expiration and mobility of the chest amounting to two inches. One hundred and twenty-four pounds is fixed as the minimum weight for this height.

### INFANT IN ARMS AT NINE.

Child's Development Ends When He is Eighteen Months Old.

Harrisburg, Pa.—A nine-year-old boy, whose development was arrested when 18 months old, just as he was beginning to walk and talk, was a "case" at the Harrisburg hospital. The boy's name is Ivan Imier and he resides in Middletown with his grandmother, who brought him to the hospital for treatment.

She carried him in her arms, for he is no bigger than an infant. She said that for the first 18 months of his life he was bright and growing like other infants, but suddenly his growth, physical and mental, ceased, and he has remained as he was ever since.

Hospital surgeons say it is one of the strangest cases ever called to their attention, although a 45-year-old "baby" died in England recently. The grandmother treated the boy as if he were the veriest infant.

### Striking Clocks and Billiard Players.

The salesman in the jewelry store was talking of the merits of various wall clocks to a patron and finally pointed out one as a great bargain. "Not for me," interrupted the customer, "that clock strikes and I wouldn't have it as a gift." You're different from the usual run of purchasers; they prefer striking clocks," commented the salesman.

"Yes, but they don't keep pool-rooms," explained the customer. "I want the clock for my establishment and a striking clock would lose me money. Pool and billiards are fascinating games and players get so absorbed they forget all about time, which they wouldn't do if there was a clock striking regularly. A clock striking every hour in my place would make a big hole in the receipts, and I guess a clock that struck half hours would put me out of business. No, sir, you don't find a wise poolroom keeper hanging a striking clock in his place." —Philadelphia Record.

### Largest Chain Cables.

What are said to be the largest chain cables ever made for ship's use have been turned out in South Wales. The iron bar used in making the links is three and three-quarters inches in diameter at the smallest part. Each link is about 22½ inches long and weighs about 160 pounds.

When tested for strength the breaking stress of 265.7 tons required by law, instead of fracturing these gigantic links, simply elongated them about one inch. With the highest stress that the testing machine could give, about 370 tons, the links showed no signs of cracks or fracture.—Export Importer Age.

### Robespierre's Change of Heart.

Robespierre, of the French revolution, the man who was destined to deluge France with blood, was, not long before his frightful career of power began, one of the most strenuous opponents of capital punishment. While he was still an obscure advocate at his native Arras he threw up an appointment because of his opposition to this form of penalty. And just when his star was in the ascendant he boldly harangued the national assembly to prove "that the punishment of death is essentially unjust, that it has no tendency to repress crimes, and that it multiplies offenses much more than it diminishes them."

### Clever Trick of Press Gang.

Desperate means were sometimes resorted to in order to get men for British warships. A chronicler writes that in the year 1738 "a fleet of ships being required immediately to be manned, the press gangs placed a live turkey on the top of the monument, which, drawing together a great number of idle people, they had the opportunity of selecting as many men as answered the purpose of their intended scheme." The scene so enraged a citizen that he fired a shot at the bird "which occasioned it to fly away." But the mischief had been done.

### English Officials in India.

Britain uses only a handful of Englishmen in its India civil service to govern the hordes of natives in India. Says an authority, "including military officers in civil employ and others, about 1,200 Englishmen are employed in the civil government of 232,000,000 of people and in the partial control of 62,000,000 more. On the average there are only four members of the ruling race for every million of its subjects. India is a government of Indians under British direction."

### New Water Scoop Tried.

If the experiments that are now being made with a new water scoop are successful it will be possible for trains running at the high speed of 75 miles an hour to take water without slackening. The initial experiment made a few days ago was highly successful, and it was shown that it was possible for engines on the fast through trains to be equipped with the device.

### For Posterity's Sake.

"Weary, why don't you ever do no work?" "I'm tinkin' o' my descendants, Raggy." "Wot d'yer mean?" "For he it from me to do any act that'll keep 'em from boastin' that the founder of their family wuz a gent of leisure."

### A Wonder?

"I always read your poems by the fireside," wrote the Young Person to the Bard. "I wonder," he mused, "if she really likes them, or if she does that so that she can chuck 'em in the fire as soon as she's looked 'em over." —Cleveland Leader.

### Persistent, Indeed.

Bacon.—And you say he is a patient and persistent fisherman? Egbert.—Well, I should say so! I saw him trying for two hours, once, to get an eel off his hook! —Yonkers Statesman.

### That Settled It.

"On what grounds do you claim that your client is insane?" "Didn't he choose me as his lawyer?" triumphantly replied counsel. Even the prosecution was nonplused at this.

### Stated Agentially.

Snicker.—What do you do when a sucker won't take your bait. Knecker.—Why, rebate.—Indianapolis News.

correspondents will please give their names—not  
necessarily for publication, but as an evidence of  
good faith.

TELEPHONE 136

FRIDAY, NOV. 16, 1906.

### HON. E. T. FRANKS

THE CRITTENDEN RECORD re-  
spectfully refers the Republican  
party of Kentucky to Hon. E. T.  
Franks, of Crittenden county and  
Owensboro, as a logical candidate  
for the office of Governor.

A man of splendid business  
ability, a tireless worker, a fine  
speaker, a harmonizer of factions  
and a Republican ever, Ed Franks  
would walk Auditor S. W. Hager  
down the gang plank in Novem-  
ber, 1907, and treat the Demo-  
cratic standard bearer to a cold  
plunge.

Ed Franks was born on a farm  
and received his early training in  
the school of adversity. He has  
made the most of his opportuni-  
ties and not only enjoys distinc-  
tion in his native state, but is  
known all over the United States  
and stands high in the councils of  
his party.

Crittenden county Republicans  
would be for him first, last and  
all the time, and THE CRIT-  
TENDEN RECORD too. That would be  
some start.

Great trees from little acorns  
grow.

We nominate for Governor of  
Kentucky, Hon. E. T. Franks, of  
Owensboro, Ky., subject to the  
action of the Republican party.

Oyster lovers will be out of joint this  
season. News has been flashed from  
the Atlantic coast that the price of  
oysters will be sky high this season,  
owing to the very limited supply. It  
is claimed there is not enough to supply  
the demand. Large oyster packers  
declare oyster supply was never so  
short before.

A new Commercial Club or Business  
Men's Organization has started from  
the meeting in the court house last  
Friday night. If we all push we will  
push something our way.

Who knows Joe H. Williams? Read  
letter in this issue from brother in Ire-  
land.

Don't forget to register.

### BITS OF BYPLAY.

Our ideas of value are only relative.  
All have heard the story of the dutch-  
man that hurried to the bank to with-  
draw his money upon hearing that it  
was insolvent, and when the cashier  
pushed the money through the window  
shoved it back with the explanation  
that they thought they did not have it;  
if they did not have it he wanted it and  
if they did have it he did not want it.  
Judge Pierce owns 32 acres of land in  
Illinois. Sometime in the past he had  
been offered \$250 for it. The other day  
he decided to make the sale and went  
over the river for that purpose and  
nothing else. On arrival he was  
very much astonished to meet a fellow  
who offered him \$320. He further dis-  
covered that the rent on it this year  
would amount to \$125, so he decided  
not to sell and came back home still the  
possessor of 32 acres of Illinois soil.  
If we can sell we won't sell. If we  
can't sell we want to sell.

Colorado Colonel Robert Clement  
Walker used to edit the "Crittenden  
Press." That he was the best ever,  
no one denies. As he has removed to  
the logging, and mining camps of the  
Mesa hills in far Western Colorado his  
chances to see this paper are very slim  
and we will tell one on him. During  
some of Bob Walker's days (say about  
1893 in panicky times) the fortunes of  
the Press and its editor were some-  
times up and sometimes down, the  
times down predominating largely. Ye  
editor fit financial battles with a her-  
ism born of a love for a houseful of  
children and a hopeful and helpful wife.  
The printers attached to this paper—  
sometimes went home Saturday nights  
with money and sometimes without  
money. The Press was located at that  
time in a little two story brick build-  
ing about where Mr. Fohs' store is.  
It was so small that conversation could  
be carried on all over it with ease. Mr.  
Walker presided over the editorial desk  
down stairs and as those of his consti-  
tuents came in and paid their money  
the printers up stairs could tell exactly  
whether they paid 50 cents or \$1.00. If  
it was 50 cents Mr. Walker invariably  
said "much obliged." If they paid  
\$1.00 he said "very much obliged." After  
an occurrence of this kind elation  
generally overtook him and he would  
mount the stairs to be met with "we  
know how much you got." It was a  
long time before he found out how  
those printers could guess so well.

And now it's "prest" and "stopt"  
which leaves a feeling something like  
"sleek."

One of the "punkin'" editors of this  
sheet was asked the other day "who  
is that darn fellow that writes those  
'Bites of display.'" The "punkin' totter"  
promptly denied any guilt and insinuat-  
ed that it might be some fellow in  
Caldwell county.

Jim Skelton sulked at the polls last  
week. He balked bad at that name  
John K. Hendricks. With a good deal  
of warmth he announced that he could  
not vote for John Hendricks. Fred  
Lemon happened to overhear and said,  
"Why man, who do you think that is,  
John Hendricks, of Smithland and  
Paducah? Not much, that is Jack  
Hendricks, of Louisville, Ky." Jim's

face brightened up as he replied "All  
right I did not know that," and that  
accounts for one vote of the 34,000 ma-  
jority recorded for John K. Hendricks.

Jim Henry rolled up street very early  
on Monday morning. How do you hap-  
pen to be here? We thought you were  
in Elizabethtown. "Yes, that is where  
I would be," he replied, "if it was not  
for a certain jeweler you know. He  
sold me a cheap watch on tick and that  
no doubt is the reason it would not  
tick and thereby I missed my train and  
here I am." Jim haughtened on with his  
face hanging down something, we think  
like unto the face of William Randolph  
Hearst immediately after the election.

Hellow doctor, how are you? I am  
still well.

The Eskew Brothers, machanists,  
plumbers and horseshoers, have lately  
abbreviated their name and now they  
are addressed S. Q. Bros., Marion, Ky.  
This does not prevent their getting mail.

It is said that Tom Cochran sings  
tenor to his boy in order to put him to  
sleep. Mr. C. S. Nunn declares this to  
be a mistake. He says he may sing  
tenor to him to get him awake but not  
to put him to sleep.

Mr. J. C. B. McMican had occasion  
to buy some goods in Marion not long  
ago. It seems that something was  
badly wrong with the measurements for  
he had to bring them back two or three  
times before he could get the right  
size and length. He was accused of  
smelling a beer bottle cork, but stoutly  
denied the charge. However the last  
time he came in to make an exchange  
he said he would make no more denials  
as he was firmly convinced a man  
could be drunk financially, politically  
and mentally as well as by spirituous  
vinous and malt liquors. He finally  
got his roofing all right.

Most of us have heard the old reader  
story of the dog with a chunk of meat  
crossing a foot log. Seeing the second  
piece in the water he snapped to get  
it and lost the whole business. Not  
many days ago a certain lady thought  
she would be very proper in a little  
part of speech and with great delibera-  
tion she asked the question "Did you  
'ketch' any opossums?" In grabbing  
for the word opossum she missed it all.

"Distance lends enchantment to the  
view." Several years ago a very  
wealthy woman, of St. Louis, Mo., had  
an only daughter whose eyesight fail-  
ed. Believing in the old saying that  
"the best is the cheapest" she deter-  
mined to spare no expense in having  
her daughter treated by the best ocul-  
list in the world. With that end in  
view she and her daughter packed their  
trunks and bought tickets for New  
York. After arriving there one would  
naturally suppose they had arrived at  
their journey's end but not so. Going  
to the office of one of the great German  
Atlantic liners she bought tickets di-  
rect to Berlin. Arriving in that far off  
and famed city the twain sought the  
office of a very famous oculist. His  
fame is world wide. Kings, Princes  
and Emperors are among his patients.

It takes much red tape and much yel-  
low gold to sit in his operating chair  
and under his skillful hand. The wealthy  
St. Louis woman and daughter finally  
found themselves in the magic pres-  
ence of the learned German. The  
daughter took the chair and the Ger-  
man made a long and searching exami-  
nation. At the conclusion the oculist  
said, "Madame your daughter is suffer-  
ing from a disease of the eyes that is  
rarely found and the operation neces-  
sary for her restoration to sight is  
the most difficult and delicate known  
to the profession today. If my own  
eyes were in the condition of hers there  
is only one man in the world I would  
let perform the operation. I feel my  
utter inability to attempt to treat your  
daughter." He learned German paused  
and wiped his glasses. The lady from  
St. Louis with visions of an exten-  
ded trip to some other city of Euro-  
pe asked, "May I ask, doctor, who  
the oculist is to whom you refer."

"Madame I refer to Dr. Green, of  
St. Louis, Mo., U. S. A."

circumstances, nor to carry packages  
under four pounds in weight. If pack-  
ages under four pounds are carried,  
stamps must be affixed according to the  
rules laid down in the Postal Laws and  
Regulations.

E. H. James, railway postal clerk,  
has bought an interest in a flouring  
mill in Kuttawa, and will quit the ser-  
vice and remove his family there. Mr.  
James will associate himself with Mr.  
A. Dewey, of this city, who will also  
remove to that place. Mr. James has  
proven a very highly efficient clerk and  
this railway postoffice will lose one of  
its best clerks.

### Pertaining to Postal Affairs

R. P. O. Clerk, A. H. McNeely has  
moved his family to Princeton, for the  
reason it will enable him to be at  
home more with them. Mr. McNeely  
is a very capable postal clerk and a  
good citizen. We regret the necessity  
that takes him away. He will be mis-  
sed by others as well as by his church.  
He has been running on this branch of  
the I. C. R. R. now for several years.

The following letter has been received  
and is herewith given for the benefit  
of Rural Free Delivery patrons on  
route number one leading out from  
Marion postoffice:

"The Postmaster, Marion, Ky.,  
Sir:—It appears from the records of  
the Department that Rural Route No. 1,  
from your office does not meet the re-  
quirements as to number of pieces of  
mail delivered and collected. It is de-  
sired that an effort be made to increase  
the interest in the service with a view  
to bringing the patronage more nearly  
up to the requirements. You will ac-  
knowledge to the Department the re-  
ceipt of this letter.

Very respectfully,  
P. V. DEGRAW,  
F. A. P. G.

In referring to proposed Rural Free  
Delivery Routes Nos. 2, 3, 4 and 5,  
starting from Marion postoffice the fol-  
lowing letter has been received by Con-  
gressman James:

November 6, 1906.  
Hon. O. M. James, Marion, Ky.  
Sir:—Replying to your letter of Oc-  
tober 23, urging early action toward es-  
tablishment of proposed rural routes  
from Marion, Ky., your attention is in-  
vited to Department letter of October  
25, in which you were advised that the  
matter of establishing the routes from  
Marion would be taken up upon receipt  
of certificate from the postmaster that  
the requisite number of families have  
pledged themselves to erect approved  
boxes and patronage the routes are es-  
tablished. Very respectfully,  
C. A. CONNARD,  
F. A. P. G.

It seems from the foregoing that it  
is up to the R. F. D. patrons of 2, 3,  
4 and 5, whether or not they will have  
the service.

Rural Free Delivery carriers are not  
allowed to carry passengers under any

circumstances, nor to carry packages  
under four pounds in weight. If pack-  
ages under four pounds are carried,  
stamps must be affixed according to the  
rules laid down in the Postal Laws and  
Regulations.

E. H. James, railway postal clerk,  
has bought an interest in a flouring  
mill in Kuttawa, and will quit the ser-  
vice and remove his family there. Mr.  
James will associate himself with Mr.  
A. Dewey, of this city, who will also  
remove to that place. Mr. James has  
proven a very highly efficient clerk and  
this railway postoffice will lose one of  
its best clerks.

"To be or not to be" or has been  
seems to disturb the quietude of R. F.  
D. route number one, and whether or  
not Mr. N. P. Hill is married or not is  
still a much discussed question. Some  
says he is and some says he ain't, and  
there you are. Tom Guess, star car-  
rier to Salem, Silas Guess star route  
carrier to Shady Grove, and Ben Ran-  
kin star route carrier to Fords Ferry,  
all declare he is married, and each and  
every one have their own way of arriv-  
ing at that conclusion.

Hosea Paris, James Freeman, R.  
Wheeler and D. S. F. Crider are still  
on the civil service roster, and are in  
line for the new routes to be establish-  
ed.

Rural mail boxes and their contents  
are protected by Federal statute from  
willful or malicious damage or depreda-  
tion, and postmasters will promptly  
report to the Department depredations  
on or interference with rural boxes or  
their contents, which come to their  
notice, with all the facts obtainable in  
connection therewith. The following  
inscriptions only are permitted to ap-  
pear on approved boxes, viz:

- (a) The name of owner and number  
of box.
- (b) Name and address of manufac-  
turer inconspicuously placed.
- (c) The words "Approved by the  
Postmaster-General." "U. S. mail."

### Advertised Letters

Johnnie; Miller, Luler, (2); Nelson &  
Buckner; Simpson, Chester; Sumaker  
Uru; Shaw Tate; Williams, Dr.; Wilcox,  
Ben.

When calling for any of the above  
letters, please say advertised.

GEO. M. CRIDER, P. M.

### AMONG OUR CHURCHES

The new presiding Elder, Mr. John  
Lewis, will be with the Marion church  
the first Sunday in December. Rev.  
Lewis is one of the strongest and  
ablest preachers the Methodist church  
has in the State of Kentucky. His  
coming to this circuit will be quite an  
event.

Sunday before last Rev. Ben Andree  
received into the Presbyterian church  
three members at the school house of  
Fords Grove, better known as Mounds.

Some of the members of the church in  
Marion attended the meeting and listen-  
ed to a fine discourse.

Rev. J. H. Butler stepped down from  
the pulpit last Sunday night greeting  
the various members and others and as  
he paused by the side of a seat occu-  
pied by a local preacher he said, "Is it  
possible that the Baptists are the only  
ones with their lamps trimmed and  
burning." His sermon immediately  
following to young men was listened to  
with marked attention.

Rev. Ben Andree preached at the  
Presbyterian church Sunday morning.  
He used as a text Romans 3-28 "There-  
fore we conclude that a man is justified  
by faith without the deeds of the law,"  
and James 2-24, "Ye see then how that  
by works a man is justified and not by  
faith only." The subject of his discus-  
sion was "Harmony of Faith and  
Works."

There will be no service at the Pres-  
byterian church next Sunday morning  
and evening.

Rev. J. H. Butler filled the pulpit at  
the Baptist church Sunday morning and  
evening. The morning lesson was the  
39th Psalm. The text was Isaiah 64  
part of 6th verse "And we all do fade  
as a leaf." He compared the fading  
of the human life with that of the leaves.  
The evening text was Luke 7-14,  
"And he said young man, I say unto  
thee, arise." The subject was,  
"Christ's call to young men." He  
preached two splendid sermons.

Rev. J. F. Price will preach at the  
C. P. church next Sunday at the usual  
hours. The theme for the 11 o'clock  
hour will be "The Revival we need."

### William H. Morse Dead

Mr. William H. Morse a highly re-  
spected citizen of this city, died at his  
home Thursday night after an illness  
of only a few days.

On Sunday November 4th he was  
stricken with paralysis. It was at first  
thought that it would not prove fatal,  
but he began sinking, and grew weaker  
and weaker until the end came.

Mr. Morse was a christian man  
and a member of the Masonic Lodge.

The funeral services were held at  
the Baptist church Friday afternoon  
and conducted by Rev. B. A. C. B. R. A.

The burial took place at the new  
cemetery and conducted by the Masons.

The death of Wm. H. Morse, which  
occurred at his home in East Marion  
Tuesday, Nov. 8, takes from us a good  
citizen, a faithful and generous friend,  
a man whose word was as sacred to  
him as the most solemn obligation.

He was born in Caldwell county,  
Feb. 2, 1842 and lived there until about  
ten years ago, then moved to this city.  
He served four years in Company H,  
20th Kentucky Regiment, U. S. Vol.  
Inf., was wounded in the Atlanta cam-  
paign and was in the hospital several  
months at Nashville, Tenn.

He leaves a wife, one son and daugh-  
ter, Thos. F. Morse, of this city, and  
Mrs. Mary Blackburn, of Albion, Ill.  
Our sympathy is with them in their  
bereavement.

R. F. H.

## Economy and Quality Combined

The pleasing price savings in this store are made double welcome by satisfactory quality. Low prices do not mean inferior or questionable merchandise here. They never have and it is our earnest purpose to see that they never shall. Values that deserve your warm approval are the leading point of interest. Values that you can count upon. Values that give you the most for the money. Price Savings that you will remember with keenest pleasure in the time to come.

We noticed in town yesterday Mr. J. E. Stephens one of the best farmers of the Repton neighborhood. Emanuel Stephens is a son of Peter Stephens and a brother-in-law of W. D. Cannan, of this city.  
Mrs. Drew Johnson, of Ridgway, Ill., who has been visiting relatives in this county for the past month returned to her home today (Friday). She was formerly Miss Boaz and has a number of friends and relatives here.  
Mr. W. Bennett Crider, of the Harve Porter store neighborhood, has been quite sick, but is now reported better. Mr. Crider is one of the old landmarks of Crittenden county. He is a staunch and faithful member of the Piney Fork Cumberland Presbyterian church.  
Seldon Hughes returned Wednesday from Evansville where he had been to have an operation performed on his eye. He came home with his eye so much improved that he will be able to resume his duties at the Press office Monday.  
Rev. Ben Andres left Monday for Louisville where he was married Thursday to Miss Jessie Cooper Ellis, of that city. He, with his bride will return to this city Monday. Mr. and Mrs. John Wilson have issued invitations to a reception given in honor of the bridal party.  
Mr. George H. Foster has purchased the A. M. Hearin property on Depot street and will move his family to it very soon. Mr. Foster has just recently embarked in the livery business and will move to town so that he will be closer to his work. While he has always lived near, we are glad to have him come and be one of us.  
We wish to extend our thanks to the many friend who assisted us in the illness and burial of our dear wife and mother.  
T. S. C. ELDER, AND FAMILY.

#### Cards Of Thanks

We wish to extend our thanks to the many friend who assisted us in the illness and burial of our dear wife and mother.  
T. S. C. ELDER, AND FAMILY.

#### Dies At Birdsville

Mr. C. H. Coffield, a former resident of this city, died at Birdsville, Thursday, November 8th.  
He was stricken with paralysis Monday morning sometime, as Mr. Dunn found him unconscious when he went to awaken him.  
He was the mail carrier from Birdsville to Hampton.  
He was a highly respected citizen and lived most of his life in Livingston county. He is survived by a wife and five children.  
The funeral was held at Bluff Church Friday and the burial took place at the cemetery near that place.

#### Will Locate in Texas

Judge R. A. Dowell, who moved from this county to Wellsford, Kansas, several years ago, will leave there and locate in Falfurrias, Texas.  
Judge Dowell was in Texas on pleasure in the spring and bought some real estate while there. He has become very much impressed with the country during his visits there and has decided to move his family and make his home there in the future.

#### Bees Recorded

## What Others Say About Us

The following has been clipped from some paper and sent to Marion. We do not know who wrote it or what paper it appeared in originally so we reproduce it here so that our readers may read what others write about us:

"This little city is the capital of Crittenden. For the past few years capitalists have been attracted here by the rich mineral fields. Many investors have had profitable results.

All enterprising, intelligent citizens are alive to the best interest of its progress.

The graded school, with its 450 pupils under the proficient management of Prof. Kee and his efficient corps of teachers, is the pride of the 2,500 or 3000 citizens.

Where education is fostered, there prosperity and progress abound.

The factories and mills give employment to all seeking to make the Biblical injunction their maxim.

The merchants pamper to the taste of the most fastidious. Two banks are in a thriving, flattering financial condition.

So much for the genus *homo*. Now for the feminine, or better half, of our community. The ladies are typical

daughters of Kentucky, cultivated, hospitable, social, lovely in character as well as in person. We have well entertained guests, which would be an honor to more pretentious cities.

The millionaires are few, more without "tainted money" would be given the hand of fellowship in our midst.

The stranger within our gates is rated according to his intrinsic value. Good example and the soothing rural influence will benefit, improve and elevate all who wish to pitch their tents with us."

## Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used only on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure and get the genuine, as it is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Haynes & Taylor, druggist, Price, 75c per bottle.

Take Hall's family Pills for constipation.

## Hebron School Honor Roll

For third month ending October 14th. Minimum grade in studies and deportment 90 per cent. minimum attendance 15 days.

5th Grade—Ruth Cook 91.3-9 per cent; Addie Alvis 91.1-9 per cent; Dennis Clark 91.1-9 per cent; John Martin 91 per cent.

4th Grade—Edwin Cook 92 per cent; Henrie Eastley 90 per cent.

3rd Grade—Luther Martin 93 per cent; Ena Clark 92 1/2 per cent; Glenn Springs 90 1/2 per cent.

2nd Grade—Phineas Dial 92 per cent.

1st Grade—Oral Flanary 91 1-5 per cent; Nonie Williams 91 per cent; Velda Paris 90 1/2 per cent.

NANNIE A. CAMPBELL, Teacher.

## To Consumptives.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for Consumption, Asthma, Catarrh, Bronchitis and all throat and lung Maladies. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address Rev. Edward A. Wilson, Brooklyn, N. Y.

# Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

JUDITH JACOB BERMANN, Madison, Wis., writes:

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

## Creswell

The farmers are busy gathering corn.

Mrs. Lane Son, of near this place, is improving her residence.

Henry Sisk and family, Will Bartly and family, of this place, have moved to Sebree.

Theodore Campbell, of near Odessa, has moved to Mary James's farm.

Dave Wynn our carpenter is making some improvements on Abbey Sigler's house.

Mrs. Ida Rustin is on the sick list.

Dora McConnell and little daughter Francis visited her parents last week.

Sam Towery went to Marion Wednesday on business.

Bro. Davis filled his regular appointment at White Union Sunday.

W. A. Boyd has moved his saw mill near Tribune.

Joe Brown returned Saturday from Poteau, I. T.

Will Brown and wife, of near Shady Grove visited Jay Brown, of this place, Saturday and Sunday.

Dennis Brown has returned from Sikeston, Mo.

Lee Kemp of near Iron Hill was here last week on business.

# Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Rheumatic Remedy**  
HAYNES & TAYLOR.

## Ruth

A. J. and J. M. Spickard, I. H. Moore and Dave Nelson went to Fredonia Tuesday.

H. W. McGough came back from Christian county the first of the week where he has been in the interest of Challenge Churn. He went back the first of this week.

A good many teams are hauling logs to Fredonia from the Dolson farm.

John Sullivan and Miss Nellie Conger went to Marion and were married Wednesday. The friends of the happy couple join me in wishing them much happiness. They will live with Mr. Sullivan's parents.

H. W. McGough and family visited his father I. W. McGough Wednesday night.

Mrs. Maggie Blackburn, of Piney Creek, visited Mrs. Bettie Blackburn Thursday.

G. W. Vinson and Rodney Felker took a load of corn to Fredonia Thursday.

Mrs. Bettie Blackburn went to her son's, T. W. Blackburn, at Piney Creek Friday afternoon.

Several visitors attended school Friday afternoon to hear the children in their recitations.

Tommie and Volney Morgan went to see their uncle T. A. Bugg, near Fredonia Saturday afternoon and stayed until Sunday afternoon.

Sam Asher, Jr., of Starr, was at mill here Saturday.

Miss Mary Morgan visited Miss Lennie Wigginton at Marion Saturday and Sunday.

Miss Gnasley Stevens went with her affianced Mr. George Smiley to his home neighborhood near Cobb, the first of the week, where they were married on Wednesday. The many friends of Miss Gnasley here wish her a long and happy life. The groom is a substantial farmer, of the Cobb neighborhood. They visited her parents Saturday and Sunday.

## ALL CHILDREN

at birth inherit a predisposition to bodily ills and ailments—more or less serious. The stomach and bowels are the most prolific sources of ill-health.

They are the hotbeds of disease, and because less attention is given them, more evil can be traced directly to them than to any other organs of the body.

Where there is the least indication of trouble or you are feeling out of sorts,

## Dr. Caldwell's Syrup Pepsin

should be taken at once. It is the best preparation for the stomach and bowels.

If they are all out of order, it will eradicate the trouble, tone up the parts and restore them to their natural condition. DR. CALDWELL'S SYRUP PEPSIN communicates itself to the whole system and its beneficial and curative effects are pronounced and instantly experienced.

It will keep you in good health. DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes from all druggists.

Your money will be refunded if it does not benefit you.

Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S BOOK OF WONDERS" and free sample to those who have never tried this wonderful remedy. Write for it today.

Sold by Haynes & Taylor.

## "IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."

MR. E. W. ROSE, 86 Lenoir, Mo. HERMONT, IND., Nov. 25, 1895.  
DEAR SIR: The charity patient to whom I am so much indebted was seventy-five years old at the time that she began to suffer from "Zemo" and her weight was 110 lbs. Her health has been poor for some time past, suffering mainly from spinal trouble, according to the diagnosis of the doctor in attendance. She has been a hard worker all her life, having made the living for her family keeping boarders. Some time over a year ago her entire body was affected, the legs being a mass of sores constantly separating. The itching and burning sensation was so dreadful at times that it was impossible for her to sleep day or night. The doctors tried all our best pronounced the case incurable, and when I asked something to cure this dear old sufferer "Zemo" was first used on the upper part of the body and soon relieved the patient of the terrible distress caused by the itching and burning. The doctors had been dressing the legs every day, but as soon as they saw the wonderful change in the skin where "Zemo" had been used, they gave consent to have it used on the legs. Gradually they began to improve and are now almost as smooth as the face. It was probably about a month before much relief was experienced in this part of the body, then skin scaled off, itching, burning and aching gradually ceased. It seems now as if a testimonial might be given, and the patient is sure that she had better use "Zemo" a few weeks longer before saying that she is cured. However, she is very grateful to all who have been instrumental in securing her wonderful remedy and thinks that it has a great future before it.  
Respectfully,  
(MRS.) MARY PERRY BELLES, Nurse in Hospital,  
No. 208 N. 8th St.

Any one wanting a good stand for business can get a bargain by calling on, or writing me at Crayneville, Ky.

J. F. CANADA.

P. S.—This is on account of my wife's health.

### Republican Campaign Text-Book

A departure has been made in the Republican Campaign Text-Book just issued, in that its contents are wholly devoted to live issues, and these are treated in the briefest possible way, yet comprehensively enough to include all necessary facts and figures.

First, there is a general statement of the issues of 1906, followed by a brief review of Republican legislation in general and the work of the Fifty-ninth Congress in particular. The Railroad Rate Law, Pure Food Law, Free Alcohol Law, Employers' Liability Law and the Meat Inspection portion of the Agricultural Appropriation Law are given in full, as is Chairman Tawney's clear explanation of the appropriations.

The Labor question is next fully presented, followed by Representative Watson's exposition of Anti-Trust proceedings. About one hundred pages are given to the Tariff, Agriculture and Manufactures, and the tables showing the various phases of industrial activity. Among other subjects treated under the tariff are:

Protection and Free Trade,  
Customs Revenue,  
Foreign Commerce,  
Home Market and Internal Trade,  
Wages and Prices,  
Export Discounts,  
Reciprocity,  
Free Hides,  
Revision, etc., etc.

Some half hundred tables give official and authoritative figures down to the latest possible date. The work of the president and administration is then briefly presented, the condition and status of the Philippines, the Panama Canal, the Navy, Postal Service, Irrigation, etc., etc.

The President's letter to Representative Watson concludes the work, which has a copious index of over a dozen pages.

Scattered throughout the book are quotations from President Roosevelt and other Republican leaders. Among these is the extract from Senator Hanna's speech where he used the "stand pat" expression, it being the only instance in the Text-Book where the words "stand pat" are used. A page is given to Mr. Bryan and his view, with the comments of the New York World. A so-called "Prosperity Postscript" is added, giving treasury conditions, trade reports, etc., down to August 1.

For the first time in a political campaign, the Text-Book will have a general circulation, as together with other literature, it will be sent on receipt of one dollar by John C. Eversman, Assistant Treasurer, 1133 Broadway, New York.

Piles quickly and positively cured with Dr. Shoop's Magic Ointment. It's made for piles alone—and it does the work surely and with satisfaction. Itching, painful, protruding or blind piles disappear like magic by its use. Large, Nickel Capped glass jars, 50c. Sold and guaranteed by Hrynes & Taylor.

Preventics, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage."

Preventics are toothsome candy tablets. Preventics dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventics are thoroughly safe for children, and effective for adults. Sold and recommended in 5 cent and 25 cent boxes by Haynes & Taylor.

Rugter Paint, best on earth \$1.20 Per gallon. Nuun & Tucker.
