BIG PREMIUMS ON TOBACCO

Kentucky State Fair Announces \$250.00 Additional Premiums outside of Catalogue.

The Louisville Board of Trade has appropriated \$250. to be used as special premiums at the Kentucky State Fair to be held in Louisville September 16-21, to be given exclusively as premiums on tobacco.

Mr. E. H. Brown, of the Board of Trade committee, has prepared the following classification:

For the best sample representing hogheads of not less than 800 lbs., bright Burley leaf tobacco, \$75.00; for the best sample representing hoghead of not less than 800 lbs. of red Burley leaf tobacco, \$50.00; Dark Types—For best sample representing hoghead of not less than 1400 lbs. of fire cured tobacco, \$75; for the best sample representing hoghead of not less than 1200 lbs. of un-fired tobacco, \$50.

Samples of tobacco competing for these awards are to be drawn and sealed by the Louisville Leaf Tobacco Exchange Inspection, not limited to crop, and open to all exhibitors.

With the addition of the Board of Trade premiums, the total cash prizes for the tobacco department of the State Fair aggregate \$770. Of this amount, \$470. is given by the State Fair board, about equally divided between Burley and Dark tobaccos. In Burley classifications, crops of 1905 and 1906 are to be shown. In the Dark classifications, crop of 1907 will be shown.

Commissioner of Agriculture, Herbert Vreeland, is giving two special twenty-five dollar premiums on tobacco. Mr. Vreeland, as chairman of the State Board of Agriculture, under whose auspices the Kentucky State Fair is given, is to be the member in charge of the tobacco department. M. H. Froman, of Ghent, is superintendent of the department, S. B. Robertson, of Calhoun, assistant superintendent.

The Louisville Commercial Club has appropriated \$250. and the Retail Merchants Association, of Louisville, has appropriated a similar amount, both to go probably into the speed program. The fair board will add \$350. to each of the appropriations, which will probably be known respectively as the Louisville Commercial Club Prize and the Retail Merchants Association Prize.

The State Board has adopted a resolution prohibiting pool selling or gambling in any form on the grounds and also prohibiting the sale of spirituous, vinous or malt liquors on the grounds.

Secretly Married.

Miss Bertha Cates, one of Madisonville's most attractive young ladies and Mr. John Larkin, the efficient day operator of the Louisville and Nashville railroad company, at this place, were quietly married on July 15th. The ceremony was performed by Rev. P. D. Tucker at his residence on East Center street and the announcement was only made public last Friday night, when the happy

young couple left for an extended bridal tour in the South. The secret was so carefully guarded that their most intimate friends did not know that the ceremony had been performed and the announcement came as a great surprise to their many friends.

Miss Cates and Mr. Larkin had been sweethearts for some time and it had been rumored that the marriage would occur some time in the fall. However, the young couple desired to take their friends by surprise and married, quietly as already stated. Their secret was well kept until they desired the announcement to be made.

After an absence of about ten days Mr. and Mrs. Larkin will return to this city and take rooms with Mr. and Mrs. Parker on Union street, where they will be at home to their friends.

Miss Cates is the daughter of Mr. and Mrs. Wm. Cates. She is a beautiful and attractive young lady and is popular with all who know her.

Mr. Larkin has been connected with the L. & N. railroad for several years, having been located in Madisonville for some time, where he has held the position as day operator. He is considered one of the most reliable men in the employ of the company and is quite popular here.

The Journal extends congratulations to the happy couple.—Madisonville Journal.

Cole Bros. Shows.

The parade with the great Cole Brothers' Show, which will be in Marion on Saturday, Aug. 31st, is said to be a revelation of splendor. This magnificent pageant will leave the show grounds promptly at 10 o'clock in the morning on the day of exhibition, and pass through the principal streets. Over a mile in length and containing only the very leading circus features, it is well worth journeying many miles to see. Three bands of music, drum and fife corps, jubilee singers, bag-pipes, steam orchestra, chimes and the inevitable steam calliope furnish music for this long line of paraders. Tableau wagons, funny clowns, historic floats, open cages of animals, strange people from all quarters of the globe, the acknowledged leading ladies and gentlemen of the circus world on horseback, fine blue ribbon menage horses and many new features that can be seen with no other show. Mr. M. T. Cole, manager of the great Cole Brothers' Shows claims to have the finest stable of horses on the road and the truthfulness of this claim will be demonstrated in the street parade.

Two performances only will be given. An afternoon performance at 2 o'clock and the evening performance at 8 o'clock. Doors to the menagerie, ethnological congress and promenade concert will open one hour earlier.

Card of Thanks.

We wish to thank the good people for their kindness to us during the illness and death of our husband and father. May God's richest benedictions rest on you is the best wishes. Mrs. EMILY JONES AND CHILDREN.

WHY NOT KENTUCKY?

Governor of Tennessee Offers \$1,500.00

Reward for the Arrest of any Night Rider

The following is the full text of the document handed out from the Governor's office after the conference with the citizens of Montgomery and Robertson counties Tennessee:

"WHEREAS, It has been brought to my attention that continued acts of depredation are being committed in the counties of Robertson and Montgomery by persons riding at night and in disguise, who are terrorizing the citizens, bringing the law into disrepute and disorganizing society; and it being further brought to my attention that such person, or persons, have been destroying growing crops of tobacco, burning houses and committing other depredations, now,

"THEREFORE, In order that the guilty party, or parties, may be apprehended and properly punished, I, Malcom R. Patterson, by virtue of the authority in me vested by law, do hereby offer a reward of \$1,500. for the arrest and conviction of any party, or parties, destroying crops of tobacco in either of said counties, said reward to be paid upon conviction of the offender or offenders, and,

WHEREAS, It further having been brought to my attention that the crime of arson was committed by these night riders at 2 o'clock on the morning of August 14, 1907 by burning the store house and property of W. E. Wall, of the fifteenth civil district of Montgomery county, now, "THEREFORE, I, Malcom R. Patterson, by virtue of the authority in me vested, do hereby offer an additional reward of twenty-five hundred dollars for the arrest and conviction of the person, or persons, committing said arson.

"The purpose of these rewards is to prevent, if possible, the high handed outrages which have recently occurred in the counties mentioned and if these rewards are not sufficient and the sheriff of the county can not control the situation, it may be hereafter necessary, in addition to the rewards, to take such further and additional steps as may be proper and such as will effectually prevent further depredations upon property in the future. "In testimony whereof I hereunto set my hand and seal, this 15th day of August, 1907.

MALCOM R. PATTERSON,
Governor."

W. B. Caldwell Dead.

At 12 o'clock today, Wm. Burr Caldwell did at the Cleburne Hotel, diabetes being the fatal malady.

The deceased was a cousin of Quincy B. Love, proprietor of the hotel, and came here from Evansville Ind., about three months ago in the hope of health improvement, but the disease had fastened itself upon him so as to make a recovery impossible and his passing away at the hour mentioned was not wholly unexpected.

For the past two years Mr. Caldwell has been the trusted agent of

the Prudential Insurance Company at Henderson, Ky., a position which his ill health compelled him to temporarily surrender. He was 32 years old and is survived by his father, wife and one child in Evansville. The funeral is announced for tomorrow morning at 9:30 o'clock, the cortege to leave the Dillion & Smith undertaking rooms at that time for the city cemetery, where short religious services will be conducted with Rev. W. B. Andrews, of the M. E. church, officiating.—Cleburne, Tex., Daily Enterprise.

Mr. Caldwell died in Cleburne, Texas on the 13th. He was well known to many of our citizens. He was a son of Geo. E. Caldwell, who was formerly in business at Fredonia, our neighbor city; and where the deceased made his home at that time. He made frequent visits to this city, being related to Dr. R. L. Moore, and was highly respected by all.

Death at any time or place is always sad, but especially is it sad when it comes to one who is separated from home and loved ones and the sympathy of all goes out to the bereaved ones and more especially to the widow and darling child in this their untimely loss.

Mrs. Sarah Crider Seriously Ill.

Mrs. Sarah J. Crider is quite ill at the home of her daughter, Mrs. Thos. H. Cochran. She is the widow of the late Rev. P. H. Crider who was born and raised in this county near Piney Fork church.

She has been afflicted with stomach trouble for several years and of late it has become very aggravated. She is now waited on by Miss Reinhardt, of Evansville, a trained nurse who is a graduate from St. Mary's hospital.

Tabor-Carlton.

Sunday, Aug. 18, 1907, Lawrence Tabor and Miss Addie Carlton, of the Crayneville vicinity, went to Elizabethtown, Ill. and were married. The bride is the daughter of J. C. Carlton and is in her fifteenth year. She is a granddaughter of the Hon. John R. Farris, of Salem. On account of the extreme youth of the bride her parents objected to her marriage, it is said, hence the trip to Elizabethtown. The groom is the son of Jack Tabor.

Last Band Concert this Season.

The Marion Silver Cornet Band will give their last concert for this season at the band stand in the court house yard Saturday night, Aug. 24.

The band desires to express their thanks to the business men who had the stand erected for these concerts, and desires especially to thank Mr. H. D. Pollard for his many kindnesses shown the band from their first concert; also to Mr. S. M. Jenkins who furnished lights for these concerts, and for his kindness in furnishing the band with a nice well-lighted room for their regular practices.

Large Load of Coal Received.

The Marion Electric Light & Ice Co. received one of the largest cars of coal last week ever hauled over this line. The car contained 1275 bushels of coal, almost a month's supply.

SALE NOTICE.

I will on Saturday, Sep't 7, 1907, offer for sale the following:
Farm of 66½ acres, two head of mules, two milk cows, one lot of hogs, "poland china;" all my farming implements, consisting of plows, mowers, wagon and gearing, household and kitchen furniture and growing crop of corn and tobacco.

Terms: made known on day of sale.

TEACHERS' INSTITUTE

In Session at the School Auditorium. Large Number Enrolled and Good Work Being Done.

MONDAY—Morning.

The Teacher's Institute of Crittenden county met in the School Auditorium, Marion, Ky., Monday, Aug. 19, 1907.

After song and devotional exercises conducted by J. B. McNeely, nominations were declared in order for president and vice president which resulted in the unanimous election of Mr. Marion Pogue for president and C. E. Thomas, vice-president. Mamie Henry and Mabel Minner were chosen for secretary and assistant-secretary.

The County Superintendent, Mr. Paris, delivered the opening address in which he impressed upon the teachers the great responsibility of their profession. Supt. Paris introduced the Instructor, Prof. J. A. Sharon, who addressed the institute.

The members were then enrolled after which the Instructor asked the president to appoint a committee to investigate the matter of daily program in a country school, and also one to be appointed on School Legislation.

President Pogue adjourned the body until 1:30 p. m.

MONDAY—Afternoon.

The institute was called to order by Pres. Pogue at 1:30 p. m. After song by institute the roll was called and new members enrolled. The subject of school government was taken up. Miss Addie Boyd said that as good soil was the essential means of bringing forth good plants, so discipline was the means to an end and also an end in itself.

Miss Florence Harris thinks that "as the teacher is, so will be the school." Therefore, the most essential requisite to good order in the school depends upon the self-control of the teacher.

The institute, led by Instructor Sharon, discussed school discipline. Mamie Henry told her opinion of a teacher who continually harps upon weakness and misdemeanor of a child, which was not the best.

A few minutes recess was given and after a song W. H. Powell talked of rules and regulations. He thinks it is not best to have a long list of rules, but make such few as condition of school require.

The Instructor addressed the institute telling of the need of better educated teachers and how our state has recently provided us with Normal Schools which he urged us to attend.

The discussion of district libraries was opened. As the county could boast of but few of these, the best methods of obtaining them were discussed.

President Pogue appointed C. E. Thomas, Frances Gray and Margaret Moore on the committee of Need of Legislation and Prof. King, Addie Boyd and J. B. McNeely on the school program committee.

The institute was adjourned until 8:30 Tuesday morning.

TUESDAY—Morning.

The Institute was called to order by Pres. Pogue at 8:30.

After song and devotional exercises Prof. Sharon took up the subject of "The importance of training the senses." A number of small children of the town were present, with whom he formed a class and gave them their first reading lesson. By their recitations he very nicely illustrated some pedagogical principles, at the same time treating and aiding the teachers by giving his methods of teaching the little ones.

The subject of spelling was taken

up. The one having the topic, "Phones," being absent, it was discussed by the Institute.

Miss Frances Gray gave several ways by which a teacher could create a "spelling conscience" in the pupils.

Various ways by which pupils could be helped, with difficult words was discussed by the Institute, after which a few minutes recess was taken.

After recess a few minutes were given to Miss Carolyn Harris and Harve Babb, who was representing school magazines.

A brief, but splendid, paper was read by Miss Carolyn Harris in which she asserted that knowledge in itself contains the stimulus to great mental exertion.

Miss Lena Woods thinks that the teacher should make the lesson so interesting that the child will give his attention involuntarily, but if he should fail, the attention must be had by demanding it.

Prof. King says that a boy is the epitome of the human race and that a boy at ten is in his most adventuresome age therefore all exciting things appeals to him most, and that is why the romantic life of King Alfred and the exciting tale of William Tell will interest him more than the story of Gladstone or Bismark.

The Institute was adjourned until 1:30 p. m.

TUESDAY.—Afternoon.

The Institute was opened with a song and the usual roll call.

President Pogue appointed a committee consisting of C. E. Thomas, E. E. Phillips, A. A. Fritts, Mrs. Walker and Miss Ethel Hard to arrange for an evening session.

The subject of Reading was next taken.

That the success in teaching reading depended largely upon the interest and intelligence of teacher was the stand taken and proved by Miss Ethel Hard.

Miss Margaret Moore says that reading is the key to all knowledge therefore the success of other studies depends upon the ability to read well.

The Instructor illustrated very nicely his method of teaching reading by having a class consisting of members of the Institute. He strongly impressed the idea that real reading was extracting the thought from a selection.

At the expiration of a short recess, the Institute was delightfully entertained by instrumental solos given by Misses Gustava and Gwendolyn Haynes.

The duty of the teacher concerning the property of the district was discussed by the members and Instructor. It was decided to be the teacher's duty to see that the property was cared for, especially while he is in control.

Adjournment was announced until 8:30 Wednesday morning.

ENROLLMENT.

HERE'S ROMANCE

Trigg County Young Man Gets Bride "Sight Unseen."

Edwardsville, Ill., Aug. 15.—Mrs. William P. Cunningham is a mail-order bride. She selected her husband from a matrimonial catalogue, corresponded with him for three years and married him the first day she saw him.

She was Miss Addison Roper, of near Edwardsville. When her brother, William Roper, a creamery manager, received by mail a catalogue of "elligibles" issued by a Chicago matrimonial agency he thought some of the advertisements were funny and took it home for the family to laugh over. Miss Roper sat up late that night to read it. Before retiring she wrote a letter and mailed it.

The missive went to W. P. Cunningham at Cadiz, Ky. It brought prompt reply and photograph of him who described himself as a wealthy tobacco grower. Miss Roper sent her picture and after that exchanged letters twice a week.

A week ago a tall man in a broad brimmed hat rang the bell at the Roper home. She hurried to the door and the affectionate greeting which she gave the stranger almost took the breath of father and brother who were just leaving the house.

"This," she said, "is Mr. Cunningham, my fiance. We are going to be married to-day."

They were, and are now in Kentucky.—Kentuckian.

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Maguolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at J. H. Orme's druggist 25c.

A Sad Death.

Mr. Richard Johnson, of near Piney, Crittenden county, died in Bowling Green where he was attending school, last Sunday after an illness of three weeks with typhoid fever. The deceased was a son of G. B. Johnson who was at his bedside when the summons came and accompanied the remains back home for interment. Burial took place at the Williams graveyard Tuesday in the presence of a large crowd of friends. The deceased was about twenty-eight years old and a model young man.—Providence Enterprise.

I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." J. H. Orme.

All Records Broken.

A tramp has beaten all known records by swimming 27 miles in 30 minutes. He did not mean to do it. He merely tried to steal a ride from St. Louis to Chicago on the rear of a locomotive tender. When the train started he fell over backwards through the open manhole, into the water tank. The noise of the train drowned his cries for help, and he was obliged to swim until the first stop was reached, at Alton. When taken out he was nearly dead, but the engineer was so unfeeling as to call his attention to the fact that the water was only four feet deep, and he might have stood up. The conductor, also unfeeling, ask him for his ticket, but the tramp said he had not come by rail, but by water.—Cadiz Record.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitute. J. H. Orme.

Stinson Bros' Stores.

Last week we published a few views of Stinson Bros' Stores and also photos of three of the brothers. This week we complete the list which is one to be proud of, and every one who knows the Stinson boys will be proud of their achievements.

We publish the photo of W. E. Stinson this week. Although the youngest, he has no less business acumen than the others and manages the Evansville store, which bids fair to be their greatest store, as the West side of Evansville where it is located is on a boom and is building up of substantial and permanent structures, many factories, where large numbers of laborers are employed.

Many of our citizens remember the Stinson boys affectionately and anything pertaining to them is of interest to our people, we believe.

BUYS BRIDE FOR \$25

Asks Friend to Secure Him Wife and Agrees to Pay Him for Trouble.

Vincennes, Ind., Aug. 15.—On Aug. 1 Charles H. Tilly, a well-to-do bachelor of Freelandville, Knox county, a thriving inland German town, ten miles north of here, proposed to William Brocksmith, one of his neighbors, that he would pay Brocksmith \$25 on condition that Brocksmith secure a wife for Tilly. Brocksmith told of the agreement to Herman Schroeder of this city, when Schroeder proposed to find the required woman on condition the half of the \$25 prize go to him.

This happened Thursday, Aug. 8 and Schroeder immediately went to the home of Miss Mary Steffen and explained his mission. "Would you be willing," began Schroeder falteringly, "to marry if you had the chance?" "Certainly," Miss Steffen responded. "Will you permit me to introduce to you a man whom I think will suit you?" asked Schroeder in a braver voice. "I will," was Miss Steffen's laconic manner of closing the interview. Sunday, Aug. 11, Schroeder arrived at the Steffen home in company with Mr. Tilly, introductions followed and Schroeder left.

Yesterday afternoon Tilly and Miss Steffen appeared before Circuit Clerk Lewis and obtained a marriage license. Schroeder was also on the scene and collected \$12.50, his share of the \$25 prize offered by Tilly, after Tilly vainly endeavored to compromise for \$10. Tilly and Miss Steffen sought the services of the Rev. Louis Hohmann, pastor of St. John's German Evangelical church, who united the pair in marriage at his home and early this morning the newly-acquainted couple left for Tilly's farm to live.

Tilly, the bridegroom, was born in Germany June 19, 1871, and for years has been a successful farmer of Widner township and his friends

all thought he was a confirmed bachelor.

The bride is a native of Vincennes, born in 1871, and is a daughter of Fred Steffen, a tailor of this city. The family is highly respected.

Wagon-load of Hemp Destroyed by fire.

Lexington, Ky., Aug. 13.—A queer fire occurred here this morning when a wagon load of hemp, which was being hauled along upper street suddenly burst into flames. The Fire Department was called out, but before the flames could be subdued, the hemp had been entirely destroyed. No cause is known for the fire unless the hemp was ignited by sparks from a passing train, as the driver of the wagon declared that so far as he knew there had been no fire near the wagon.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovetown, Stark Co., Ind. Millionaire Lives On \$1.50 a Week.

Erie, Pa., Aug. 13.—When arraigned before Judge Scheer, in Police Court, on a charge of violating the health rules and regulations, James S. Sterrett, millionaire, admitted that he lives on a dollar and a half a week, and is trying to make it still lower.

A few days ago a health officer investigated a rumor that Sterrett's home was in an unsanitary condition, and as a result, Sterrett was arrested. Sterrett said he did not abide by the health code because he could not afford the expense involved.

"How much a week does it cost you to live?" asked the Magistrate.

"Judge, I put by a dollar and a half every week for my maintenance, and I have been trying to reduce this, but am unable to."

He said that this included the cost of meals at a "three-cent" restaurant.

"You are fined \$25," said the Magistrate, "and I advise you to spend some of your board, that we know you have, not only to comply with the law, but to maintain yourself properly."

Sterrett stood for a moment, undecided whether to go to jail or pay the fine, and finally decided to go to jail.

But Chamberlain's Colic, Cholera And Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. A Successful Prophet.

Across the water are the handsome residences upon the "Neck," the settlement of which marks one more epoch in the history of the town. Marblehead Neck is a small strip of land containing some three hundred acres, and a half century ago it was used for pasturing cattle, being fit for little else. The land was barren and rocky, and it is small wonder that the good folk of Marblehead laughed when its owner stoutly declared that it would one day be covered with gold dollars and at the less preposterous statement of one of the smaller owners who declared that when his claim was worth ten thousand dollars he would sell it. It seemed preposterous enough in those days, but the Neck today is worth a fabulous price, and the summer residences which cover it represent small fortunes in themselves.—The Travel Magazine.

First American Ship.

Bath, at the mouth of the Kennebec, is to celebrate this week the 300th anniversary of the launching of the first ship ever built on American soil—the pinnace Virginia, which was constructed on what is now the site of a great ship yard. The Virginia was called a ship, although she was rigged more like a half brig and measured only about forty tons. She made several voyages between Jamestown, Va., and London. No more vessels were built at Bath for seventy years, but then the industry took root there and has flourished ever since.

The palmy days of wooden ship-building seems to have passed, but Bath still turns out dozens of fine vessels every year and there is a prospect now of a revival of the business. Not many years ago Bath turned out 30,000 to 40,000 tons of wooden vessels in a season, but lately the figures have dwindled down to 7,000 to 10,000 annually.

Talked with Bonaparte

There is still living in the village of Ligny, Belgium, a woman who spoke with the great Napoleon on the day of the battle, June 16, 1815 at that place.

Her name is Mme. Anne-Joseph Rubay, says the London daily Graphic, and she will reach her 102nd birthday on July 29. Her memory is still perfectly clear as to the incident. Napoleon had established his quarters close to the little farm where she and her mother were alone. Her parents had buried their little stock of money and valuables in the ground and in the morning the Emperor came out and took up his position near the spot. Fearing that he might discover the hiding place, the farmer's wife, to distract his attention, took her head in both hands and pretended to be suffering from tooth-ache.

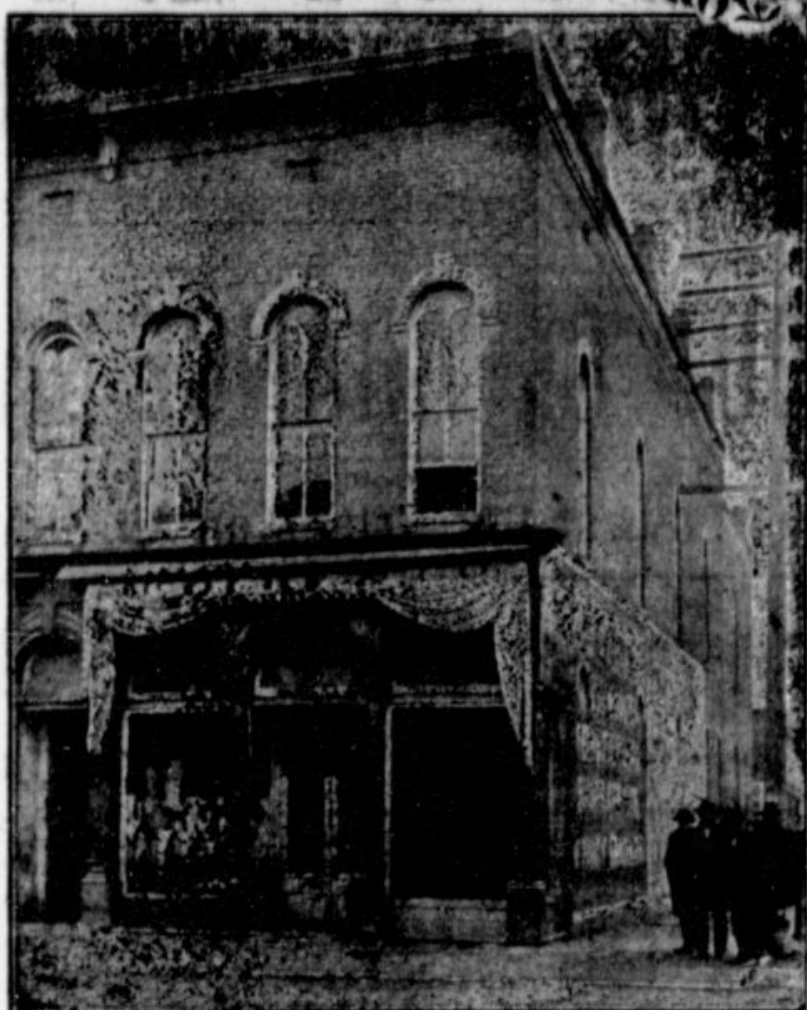

This attracted the Emperor's attention and, coming over to the woman, he told her not to be afraid, but added that the battle was about to be fought she should betake herself and little girl to a place of safety. He then turned to the little Anne-Joseph, and patting her on the cheeks, told her to be "a good little girl and take care of her mother."

Encouraged by his kindness, the farmer's wife then told the Emperor that her brother had served in one of his Dragoon regiments, but had not been heard of for several years. On ascertaining the name of the regiment Napoleon replied that he was one of those that suffered most during the retreat from Russia, but he would have inquiries made. He then told them to hurry off into the forest of Sombrefe until the fighting was over. Mme. Rubay has a perfect recollection of the Emperor's appearance and described him as "a little man with a big nose."

She also remembers the scene of destruction and slaughter presented by the village when they returned the next day. She describes the French soldiers as "fine fellows," but her recollection of the Prussians is not so favorable, for "they ate up all our chickens and our two calves without paying for them."—Ex.

Baby Girl as a Present.

Detroit, Mich., Aug. 3.—When Chas. B. Cryer saw a couple draw up to the door of his crockery store at 584 Michigan avenue today and a woman alight bearing a large box, neatly tied, which she requested him to take home to his wife, he took the package without a thought that the contents would be other than flowers or some other token of regard for Mrs. Cryer, who is not strong and is often made the recipient of kind remembrances. He carried it to his home and waited a moment to see what friend had been so generous in remembering his wife this time.

Standing by his wife's side he watched her untie the cords and lift the cover from the box, and there lay a baby girl about a month old asleep. The little stranger was neatly dressed, and the thoughtful donor had even remembered to put the nursing bottle by her side and the nipple in her rosebud mouth.

Attached to the clothing was a note asking Mr. and Mrs. Cryer to keep the baby, if possible, for the writer knew that they would give it a good home and be kind to it. Mr. and Mrs. Cryer have no intimation of the baby's parentage or history, but have decided to keep her, as they are childless.

Cured Hay Fever And Summer Cold.

A. J. Nusbaum Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. H. Orme

Peoples Bank of Dycusburg.

NOTICE OF LIQUIDATION.

Notice is hereby given that at a meeting of the stockholders and directors of the Peoples Bank of Dycusburg, held in the town of Dycusburg, Crittenden county, Kentucky, on the 27th day of July, 1907, the following resolutions were adopted, and proceedings had, relating to the closing of business and to the winding up of the affairs of said Bank, viz:

Whereas, The Bank building and practically the entire town of Dycusburg has recently been destroyed by fire, and

Whereas, Such occurrence will no doubt hinder and cripple to a very considerable extent the future business of the Peoples Bank of Dycusburg, and

Whereas, Said Bank has never obtained as large a deposit and done as large or satisfactory business as we had hoped for, and

Whereas, Its affairs are in very good condition for the purpose of liquidating, and the assets well secured, and

Whereas, A favorable contract for liquidating the Bank can be entered into with James F. Ramey, of Eddyville, and

Whereas, It is the desire and purpose of the undersigned that said Bank be liquidated and its business be wound up,

Now therefore, In consideration of the premises, we the undersigned stockholders of the Peoples Bank of Dycusburg, hereby consent in writing that the affairs of the Bank be liquidated and wound up, that it discontinue business, only save and except such as is necessarily incident to the liquidating, winding up and closing of its affairs, and we hereby designate and appoint James F. Ramey, of Eddyville, as our liquidating agent and attorney in fact for the above purpose, with full power to act in all matters of liquidating and closing up the Bank as in his discretion is wise and proper, and the action of our agent is hereby ratified and confirmed, this July 27th, 1907.

Now therefore, We direct the Directors of the Peoples Bank of Dycusburg to carry out the plans of liquidation as speedily as possible.

Hence all depositors and others having business with said Bank or interest therein will take notice of the fact that said Bank will continue in business only for the purpose of liquidation and of closing up its business, which it will proceed to do through its officers, with the assistance and under the supervision of the undersigned, James F. Ramey, of Eddyville, Ky., as liquidating agent and attorney in fact for said Stockholders, whose office is in the First National Bank Building, at Eddyville, Ky.

ILLUMINATE NIAGARA

Fifty Largest Lights of Their Kind Are to be Used in Undertaking.

Niagara Falls, N. Y., Aug. 13.—All preparations are about completed for the night illumination of Niagara Falls, regarded by engineers as the greatest feat ever attempted in electrical illumination. The scheme calls for nearly fifty large searchlights, several of them the largest of their kind and capable of throwing a beam of light a hundred miles. The projectors are to be located below the Falls in two batteries, one at the water's edge and the other on high ground on the Canadian side. Every inch of the falls will be under light. Attached to the searchlights will be a recently invented color scintillator by which the beams of light can be made any color at will. The mist and the waters will be bathed in all the colors of the rainbow, producing a most gorgeous effect.

It is planned now to turn on the illuminations for the first time next Thursday night. The work is in charge of the General Electric company, whose experts say that the rays of colored light when flashed in the air will be visible at points as far distant as Toronto and Rochester.

KILLS BEAR IN KITCHEN

Mrs. Rogers Shoots Animal That Chased Men and Terrorized Neighborhood.

Waterbury, Conn., Aug. 15.—A black bear, weighing three hundred pounds, had the impudence to walk in Mrs. William Rogers' kitchen today and to disarrange the shining pots and pans on which Mrs. Rogers, good housewife, takes just pride. Mrs. Rogers promptly killed the bear. It chased two men last night and had terrorized the entire region around October Mountain, in the Berkshires, but Mrs. Rogers' pots and pans must not be disturbed.

The bear had been living and flourishing on the big game preserve owned by the William C. Whitney estate. Last night Charles Orth and William Savage were trudging home along the October Mountain road when the bear appeared before them, his bulk blacker than the darkness. The men ran for their lives, and the bear lumbered along in pursuit. Orth and Savage did not stop running until they were safe in John Pierpont's farm house.

William Rogers is a keeper on the Whitney preserve. His wife was alone in her kitchen this morning when she heard a peculiar shuffling in the back yard. The next instant the rear doorway was felled by the bear, which reared on its haunches and with a sweep of one of its fore-paws sent flying the shining utensils that adorned a shelf.

Mrs. Rogers was too angry to be frightened. Her husband's shotgun, loaded with buckshot, stood in a corner. She grabbed the gun, aimed, and in her anger let go both barrels at once.

The gun's recoil felled her and its stock cut her eye, but when she could see more plainly through the clearing smoke the bear lay dead.

Mrs. Rogers got on her feet, picked up a copper pan of which she is very fond, and banged the bear on the head with it, remarking:

"You will come in here and try to break up my housekeeping, will you?"

Noble Youth.

Hudnall Landram, of Chicago, spent last Sunday with his sister, Blanche Laddram and friends in Princeton, Ky., where he formerly worked for the I. C. R. R. Co., before he was promoted and where he is very popular with the best people of Princeton, having lived there for two years. He is highly appreciated by the officials of the I. C., who have extended to him free annual transportation. We are all proud of the advancement of this Smithland boy and hope some day to record the fact that he has been elected President of some great system of Railroads. It is such a boy as these that make possible the great achievements of the present day.

He holds a very important position in the Civil Engineers' department of the I. C. as stenographer and typewriter and we feel certain that we shall be able in the near future to announce deserved promotion of this favored son of Livingston county.—Smithland Banner.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. J. H. Orme.

An Editor Gets Married.

Will S. David, editor of the Providence Enterprise, one of the leading local papers of this section, and a jolly good fellow, and a friend to The Post, was in Morganfield Wednesday afternoon and spent the afternoon in this office.

Mr. David said he had struck up with a little streak of leisure and thought he would visit around among friends two or three days, and had selected Union county in which to spend this short vacation.

This vacation has been turned into a honeymoon. Yesterday morning The Post man caught him on the wing as he, accompanied by Miss Laura David, one of Uniontown's favorite daughters, was on his way to Evansville, where they were united in marriage yesterday afternoon. The editor of The Post was at one time associated with Mr. David in the newspaper business and can assure the young lady who is now his wife, that she has a gentleman who is in every way worthy the love and affection which she has pledged.

We understand that Mr. David has drawn a rare prize in the matrimonial market and takes from Union county one of her best young ladies. The Post joins their many friends in wishing them a long, happy and prosperous life.

"Billie," there's nothing like a good wife in the newspaper business.

Rising From The Grave.

A prominent manufacturer, Wm. A. Fertilizer, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at J. H. Children in Pain.

never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and began to thrive at once. Give it a trial. J. H. A-DOZEN HUNDRED.

NUMBER OF CLASSES AT KENTUCKY STATE FAIR.

PRIZES AGGREGATE \$25,000.

Every Department Will Be Filled With the Cream of Displays From Other Fairs.

Fairs—international, national, state, county and municipal—have been held almost since civilization had its beginning, and passing years have not only not dimmed their light but have served to make it more brilliant. At no time perhaps in the history of Kentucky have there been so many county fairs as have been held or will be held in the state during 1907. The number has grown to more than fifty. These county fairs serve to draw all classes closer together and it is fitting that they should form the spokes of the big hub which is known as the Kentucky State Fair.

The State Board of Agriculture, early in maturing the plans for this year's exhibition, which will be held in Louisville, September 16 to 21, arranged to have personal representatives at all of these fairs. These representatives have carried with them catalogues of exhibits and premiums, and attractive advertising matter. At every place they have met a most cordial welcome. Exhibitors, both of live stock and in other departments, were solicited and it is in no sense an exaggeration to say that the cream of the exhibits of every county fair will meet in competition at the Kentucky State Fair.

At the September exhibition, the competition will be for prizes that aggregate \$25,000 in cash. The classification covers horses, mules, jack stock, beef and dairy cattle, swine, sheep, goats, poultry, colts, dogs, pigeons, tobacco, field seed and grain, melons and vegetables, plants and flowers, woman's work, children's work and table luxuries.

There are 1,175 different rings in which good money is offered, while there are a total of over 300 different lots. The horse money is divided among horses suitable for light harness, five-gaited saddlers, roadsters, combined harness and five-gaited saddlers, American carriage, three-gaited, plantation saddlers, runabouts, high steppers, Shetland ponies, thoroughbreds, and what are classed as fine horses. The mule premiums are most elaborate on pairs and single horse and single mare mules, while good money is offered on jacks and jennies.

In beef cattle, the classification is complete on Short-horns, Herefords, Polled Durhams, Aberdeen-Angus and Red Polls. Most attractive premiums are offered in the dairy cattle department for Jerseys, Holstein-Friesians, Ayrshires, and Guernseys.

The swine department includes Berkshires, Duroc-Jerseys, Poland-Chinas, Chester Whites, Tamworths, Yorkshires, Hampshires, etc. The money for sheep is divided among Shropshires, Cotswolds, South Downs, American Merinos, Oxford Downs, Hampshires and Dorsets. Interesting classifications are arranged for bucks and does in the Angora Goat Department. The poultry premium list covers every known fowl in which this section of the country is interested and the same is true of the pigeon department.

Recognizing the great interest that farmers are displaying in the Colfax Dog, as the successor of the Shepherd, a department is given to the farmer and some very handsome money offered. The departments for vegetables and melons, tobacco, field seed and grain, cover premiums that will appeal to all who are growers of these products. In horticulture there are scores of awards in cash to be made on apples, peaches, pears, grapes, etc. Plants and flowers are not neglected and the money offered should prove a great inducement both to the amateur with the hothouse, and to the professional florist.

In no department is there a more interesting collection of premiums than in that set aside for woman's work, children's work and table luxuries. It is confidently expected that farm implements and machinery will be shown to a much larger extent than ever before at a Kentucky State Fair.

Bali Bros., of Woodford county, are showing their faith in their horse, Montgomery Chief, in a most substantial way. They are offering \$250 in two special premiums for best 1907 foal of Montgomery Chief and for best foal of any age of Montgomery Chief, at the Kentucky State Fair.

The concerts daily at the Kentucky State Fair by Natiello and his premier band of fifty all-star artists from the "Land of Music" should prove an announcement that should strike joy to the hearts of everyone at all musically inclined.

"The World's Greatest Living Cairn Page of Amusement Enterprises" briefly describes what may be expected among the other big things of the Kentucky State Fair.

The Kentucky State Fair management has arranged an amusement program running way into thousands of dollars, united with an exhibition plan never before attempted.

The Kentucky State Fair management will gladly send a catalogue and descriptive booklet to anyone applying for same.

A hundred years ago in experimenting with electrical phenomena many luminous effects were noted by the experimenters and physicists, but the actual history of electric lighting, so far as the public is concerned, dates back only to 1875. In this brief space of time the industry has developed and grown beyond imagination until today there are thousands of central stations and isolated plants and millions of lamps scattered over the entire earth.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. Thursday evening Mrs. Virgil D. Prenell entertained a crowd of the young people at Echo Valley Springs spreading quite an elaborate supper. The supper was given in honor of Misses Mary Lou and Amanda Akin of Princeton, visitors of Miss Ann Blanche Landrum. The Misses Akin returned home the first of the week. They became quite popular with the young folks during their stay here. Mrs. Prenell is an elegant hostess and the guests at the supper spoke many words of praise of her for the manner in which they were entertained.—Smithland Banner.

NEW SALEM.

Robert Cash is sick and under the care of a doctor.

The rain continues to fall on the just and the unjust.

The corn prospect continues to brighten.

It would take one hundred hands continuously at work on the Marion and Salem road to keep it passable.

The next generation may want a pike from Salem to Marion; this generation don't, we have about got used to mud and ruts.

Our old friend, uncle Samuel Wolford, with the aid of his cane, killed last week one of the largest rattlesnakes killed in this section in twenty years. It had eleven rattles and buttons. Although Uncle Sam has about rounded out the three score and ten years, rattlers don't grow too big for the old man when this is a prohibition county.

W. O. Hayden, wife and son Fred of Salem, were the guests of friends in this section Sunday.

Bunk Baker and wife, of Levias, visited friends here Sunday.

Miss Denzel Beard and brother, Sam, of Tolu, are the guests of their aunt, Mrs. Henry Brouster.

MORE NIGHT RIDERS

Make Raid on Tobacco in Tennessee Lay waist Fine Field of the Growing Weed

Clarksville, Tenn., Aug. 15.—Of the boldest misdeeds ever perpetrated in the present tobacco war, cured at Fredonia near here at early hour this morning when a general store of W. G. Wall and near by tobacco patch were destroyed. The walls of the store were soaked with coal oil and the building was fired. The tobacco patch lying in which was the property of William Daniel, was pulled up. It contains about eight acres.

All around the burned store is the farm of Daniel, were the tracks of dozens of men, so there is no doubt that the night riders came in large numbers to do their dirty work.

Wall is a farmer as well as a storekeeper and neither he nor Daniel, a member of the tobacco growers' association, which is very strong here. The loss of Wall's store is something over \$4,500, and there is great indignation among right thinking men at the manner in which he was damaged.

Mr. Wall was a member of the association at one time, but refused to sign the pledge this year, and opinion prevails that the burning of the store was done as a retaliation for this refusal. On June 17, he received a letter in which he was asked to either join the Association or leave the country. He was also told that he had accused certain association men of scraping his plant and was advised to keep quiet or suffer the consequences.

Mr. Daniel has never been a member of the Association and the opinion prevails in regard to the destruction of his crop.

A message was sent to Nashville and bloodhounds were sent from the city, arriving at Fredonia about 10 o'clock. The dogs started from the store and followed tracks about 100 yards, when they were unable to go farther. They were carried by Mr. Daniel's tobacco patch, but failed to accomplish anything. The dogs went to the store either horseback or in buggies, and the place where horses were hitched when the dogs went into the tobacco patch was found. The tracks were to old, however, and the dogs will be returned to Nashville.

FOR SALE.—Two mules, for wagon and harness, on time a good note.

FOR SALE.
