Crittenden County. - There is some corn being gathered and it is reported as not being as good as was expected. Teere was a great deal of late build the Ohio Valley Railroad about corp and the heavy frosts damaged it considerably. What little wheat that is sown looks fairly well. Tobacco was cut and housed in good condition and I do not hear of any house burn or damage in any way, and about Grasses of all kinds look fairly well. Live stock of all kinds are doing well but hogs. I hear of some sick hogs in some parts of the county but not to any alarming extent.

A Curiosity.

Mr. J. C. Rorer, of the Fredonia section, was in the city yesterday and brought to this office quite a curiosity in the form of a cluster of corn, there being nine ears that has grown together and under one shuck. There was one large ear, the others being of a smaller size, but all had good sound grains. We were told by Mr. Rorer that he pulled the cluster of corn from the stalk of a twenty-five acre corn field. We have often seen corn in clusters, but this one contains more ears than we ever saw before. - Princeton Leader.

FAMOUS FAST AND FEAST.

ET AL.

One Preceded and One Followed the Civil War.

Queerly enough, both national fasts and national Thanksgiving were affected by the civil war. President Buchanan appointed a day of national fasting and prayer to avert civil war. Republican governors of states in some instances ignored it and in others took notice of it in a way to rub their ideas against Buchanan and his party into their proclamations. Democratic governors, south and north, under the form of an appeal to the Deity, cauterized Republicanism to the best of

their ability. As President Buchanan called the nation to prayer to avert civil war, so dld President Lincoln call it to thanksgiving for victories in a civil war, to the end that more victories might bring union and peace. Of course, as Mr. Buchanan was ignored or satirized in antipathetic political quarters in the north, so was President Lincoln criticised and even abused in the south. where the Union forces were not in control. IN THE YEAR 1621.

The First Thanksgiving Day on Ameri can Soil

The first Thanksgiving held on American soil was by the pilgrim fathers in the year 1621, shortly after not very much of a Thanksgiving, for they did not feel that they had very much to be thankful for, but was rather a revival of the English harvest home. Matters were about the same in 1622 and with much about the same result in giving thanks. In 1623, how rive with provisions when they were likely to be most wanted, and the undoubted exercise of his prerogative, ordered a day to be set apart for fasting, humiliation and prayer.

But before the day appointed had come provisions turned up all right, and the day was turned into one of ice, sleet and wintry winds are nothing thanksgiving. Mr. Winslow, one of the pilgrims, in a letter gives an interesting account of this memorable day Three times a day, week in and week in American history. The celebration was held with "glory, honor and praise, with all thankfulness to our good God which deals so graciously with us." Ninety Indians, headed by King Massasoit, arrived at the settlement in the nick of time and shared in the feast. This celebration was somewhat previous, for not long after the pilgrims were down to plain lobsters without bread, and spring water, "which," said Governor Bradford, 'somewhat impaired the freshness of our complexions," as well it might-Boston Transcript.

Our National Bird

BY NIXON WATERMAN.

HURRAH-hip, hurrah, for the noble old

We've enshrined on the shield of our nation! Our bosoms with lofty emotions are stirred When we think of that feathered creation But along when the winter comes darking the sky And the heavens with snowflakes are murky, Forgetting the eagle and Fourth of July.

We think of Thanksgiving and turkey.

TURKEY'S THE BIRD FOR TRANK GIVING.

THE eagle, proud bird, may be soar round and round

As he mounts up still higher and higher! While the turkey, we trust, will still roost near the ground, Within reach when occasions require.

For we're sure there is none who will care to deny In the name of good cheer and good living. That the eagle's all right for the Fourth of July But the turkey's the bird for Thanksgiving. -Sunday Magazine.

Hotel and restaurant proprietors have long since appreciated the importance of Thanksgiving day as a "jour de fete" for Americans, and they had prepared the "national dish." Among these were the Athenee, Langham and Continental hotels and Noel, Peters and Champenx restaurants, which were all crowded with Americans at the dinner hour.
