WINIFRED SLEAMAKER

Passed Away Early Saturday Morning After a Short Illness.

Marion has had so many sad surprises recently, that people are often heard to say, "what will happen next." Notwithstanding this, the sudden death, after only three days' absence from his place of business of one of the town's favorite young men was a shock which the community was unprepared for. He was a boy, he having not attained his majority, whom everybody loved and for the good reason that he was polite to all and attentive to his work, pleasant in manner, of splendid character and handsome appearance. He had not lived here always, but came from Tolu, where his father Jas. W. Sleamaker and his family now reside. One of the strongest testimonials any young man could have was shown in his case by the devoted love of his step-mother, who was inconsolable when it became known that the grim reaper was to win in the battle which from the start was an unequal one. She had been at his

bedside from the beginning, coming as soon as she learned of his sickness and attending him constantly until he was relieved by death.

James Winifred Sleamaker was born near Tolu August 6th, 1887. Died at the McConnell Hotel, where he made his home since coming to Marion, Saturday morning at one o'clock, March 21, 1908.

The funeral was conducted at the Methodist church Sunday afternoon at 1 o'clock by the Rev. R. C. Love assisted by the Rev's Butler and Adams.

The remains were taken in charge by Rosewood Camp W. O. W. and Watatika Tribe of Red Men and the burial at the cemetery was under the auspices of those lodges.

Many beautiful floral offerings were sent by friends of the deceased.

Asher-Walker.

On Wednesday evening Mar. 18, the rites of matrimony were solemnized between John Walker and Mrs. Louise Asher at the home of the bride, near Weston, in the presence of a few relatives and friends, Rev. U. G. Hughes officiating.

The bride is a noble christian woman, possessing all the qualities that make a true wife and a happy home.

The groom is an industrious young farmer of good moral character.

SHOCKING DEATH.

Thomas Wheat Eight Years Old, Accidentally Shot.

The fatal shot which was accidentally fired into the brain of Thomas Wheat, the beautiful little eight year old grand-son of Capt. T. H. B. Haase, in a room at the New Marion Hotel last Sunday afternoon at four o'clock, which killed him instantly, cast a gloom over the entire community from which it will not soon recover and plunged those who loved and idolized him, into impenetrable night, the pall of which a life time will not obliterate.

The fact as to the killing will probably never be known. The happy little fellow had been with some of his little playmates during the afternoon about the hotel hallway, but at the time of the accident no one was present excepting Robt. Sayre who is about the same age as the dead boy and Eddie Clement, colored, sixteen years of age, the janitor of that floor of the hotel. Each claimed the other fired the shot accidentally and although the coroner's inquest held session for the whole

forenoon Monday and were unable to locate the responsibility.

Then gun belonged to one of the soldiers of the State militia which had been here for some weeks and was in his room and the soldier was taking an afternoon nap preparatory to the night's vigil which he was to keep.

Immediately the guests of the hotel were on hand and doctors summoned, but the child breathed only a few times, death being so instantaneous as to prohibit any suffering.

The remains were embalmed and taken to Wheeling, West Va., by his heart broken grandfather, accompanied by Mrs. Horace Sayre, they leaving here at 10 o'clock Sunday night and arriving there at 12 o'clock Monday night.

Mr. Wheat the father of the dead boy is a prominent capitalist of Wheeling where he resides and is interested in many enterprises.

The Soldiers Gone.

Tuesday at 11:30 the state militia which had been stationed here for left six weeks for Eastern Kentucky. Capt. Kreger remained here to train the "home guards" as the new company organized here is called. He will remain a week probably and after he departs Marion will be protected by the home guards who have received their arms.

Senator Watkins Asks Campbell.

Frankfort, Ky., March 18.—During J. Wheeler Campbell's speech against Governor Beckham last night Senator Watkins, of Henderson and Union, tried to ask him the following question, but failed: "Is it not a fact that you had in your possession \$1,000 due the State on account of the Paducah encampment; that you held that you held that money back, notwithstanding the fact that you were notified by Gen. Lawrence to pay it in; that at the beginning of the present General Assembly, before any balloting for Senator, you went to Beckham's room and tried to get him to write you a letter saying that the money belonged to you and exonerating you from any obligation of paying it to the State, and that Beckham would not give you such letter, and that on the following Tuesday, when the balloting for Senator began, you voted against Beckham? Have you ever paid that \$1,000 to the State?"

Lost a Pocket Book.

Lost on Monday March 9th, on road between Repton and Marion, a pocket book containing \$130.00 in currency. Finder please leave at Record-Press office, or return to the undersigned and receive a liberal reward. Albert Brantley, Repton Ky.

SEES ONLY BRYAN

Ollie James Praises the Peerless Leader and Scores the Republican Party.

In a speech of less than one hour's duration in the House yesterday afternoon, Representative Ollie James scored the Republican party for its sins of commission and omission, and backed up his statements by quotations from the Congressional Record, and closed with the prediction that the people would take the matter in their hands this coming November and elect William J. Bryan.

Mr. James was greeted by frequent applause during the delivery of his speech, and received an ovation from the Democratic side when he had concluded.

Mr. James referred to recent Republican speeches trying to explain the recent panic and those that preceded them boasting of the prosperity of the country under Republican rule. "We hear no more of that now," he declared, "that nightingale has been silenced; the song of that sweet lute has sounded no more; the dreaded spectre of soup houses has made its appearance. Two million idle men begging for work, reduced wages for those who are fortunate to have employment, this is the melancholy story of the acme of the Republican legislation."

Mr. Boutell, of Illinois, uses to enrapture us with delightful strains

of prosperity, which, he said, had been wrought by the Republican party, and he took us, by reading excerpts, from Southern newspapers, through Dixie Land, telling us that all this the Republican party had done.

"But that harp since then has ceased its strain, and the last time the gentleman was seen upon this floor he was reading from the Holy Bible, trying to prove that Caesar was entitled to certain tribute. All of this, Mr. Speaker, forces me to paraphrase:

The harp that once through Congress' halls

The soul of prosperity music shed,
Now hangs as mute on Congress walls

As if Daltzell, Boutell, and Landis were dead.

Mr. James read from Secretary Taft's speech at Columbus, Ohio favoring an income tax "in times of great need." He said that such a law would be attempted then. "What character of Republicanism is this," he added, "that makes a poor man give up his treasure and, in time of great need, of his blood for his government, while the fortunes of thousands upon thousands of millionaires are to be exempted until a 'time of great need' shall come?"

He cited the congressional Record to show that such a time of great need had come, that Mr. Taft showed startling ignorance of the history of his party, and that was in 1898, when the war was on between the United States and Spain, when the plain people coming from the cotton

NIGHT RIDERS SUED.

Action Brought Against Prominent Men in Federal Court.

Covington, Ky., March 19.—Robert E. Staton, whose experience with the night riders in Bracken county, Ky., reads like a serial, late yesterday in the Federal Court in Covington, through Attorney Myers and Howard, instituted damage proceedings against Elbert Route, Benjamin McCracken, Hillman Hamilton and John Flannery, all of Bracken county.

Plaintiff is seeking \$50,000 damages, and avers that on March 9 he was peaceably residing in Brooksville Ky., with his family where for the past twenty-five years he engaged in the business of buying, selling, handling and trading in leaf tobacco. He declares that about the hour of midnight Route, McCracken, Hamilton and Flannery banded together, conspired and confederating with some 150 other persons to commit and perpetrate outrages. He says they wrongfully visited his residence by pushing past his wife who responded at the door of his home.

With oaths, threats and by discharging revolvers and guns they ordered and commanded that he accompany them to a point near a large warehouse. Staton sets out that he was only partly clad, and on reaching the warehouse, stored with tobacco, that with a continued gun play and threats he was commanded under a heavy guard to remain. Then he avers they maliciously tore away the side of the warehouse and carried large quantities of his tobacco to a road, poured kerosene on tobacco and set fire to it. This, he says, was also committed in front of the residence of the County Judge and he alleges further that other officers of the county were aware of the outrage and that none of the officers offered any protection to him or his property, and that he believes the truth to be that the officers were in sympathy with the outlaw spirit prevalent and with the outrages committed.

Then in a sensational description he sets out that the mob formed in a circle in the road and commanded him to occupy the center.

At the command of another, a man with a lash and whip cruelly, inhumanly and in a most cowardly and dastardly manner applied the whip to him. Staton avers that large welts were raised upon his body, that he suffered great pain, and was outraged, humiliated and degraded in the eyes of the community.

After the burning of the tobacco the company of militia at Covington was given orders from Frankfort to be in readiness to proceed to Brooksville. It is claimed some of the citizens among them the County Attorney, called up Gov. Wilson, begging him not to send the militia. Then it is claimed, the Governor threatened to revoke the County Attorney's commission. The militia was not ordered to Brooksville.

It was hinted yesterday that more suits of a similar kind will be instituted.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the restorative, where the Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. Sold by Jas. H. Orme.

Evans Will Retire.

San Francisco, March 16.—A special dispatch from San Deigo, Cal., contains news of the announcement today that Rear Admiral Evans, commander of the Atlantic fleet, will upon his arrival at San Francisco, retire from command of the fleet because of ill health. The announcement officially confirms the report from Washington that Admiral Evans would haul down his flag upon arrival at San Francisco.

DYCUSBURG.

The moving picture show given at the river last week was well attended.

Mr and Mrs Chas Brasher, of New Madrid, Mo., are the guests of relatives here.

Prof. Hust, of Salem, visited our city Saturday.

Miss Irene Bagley, of Brookport, Ill., who has been the guest of the Misses Richards, returned home Sunday.

Jas. Boaz was in Kuttawa Saturday.

The entertainment given by the school on Wednesday evening was greatly enjoyed by all present.

C. A. Brooks and Robt Jackson were in Paducah Sunday.

Ed Hill, of Paducah, is the guest of Mrs. Jennie Vosier.

Ed Lowery made a business trip to Cairo recently.

D C Hornback is seriously ill with pneumonia.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing used to injure or suppress. Demand Dr. Shoop's. Take no other. Sold Jas. H. Orme.

Riders Riddle Home With Bullets

Fulton, Ky., March 14.—Night riders operate last night in this county and there is general excitement.

The home of Wm. Atkins, a negro farmer, was attacked.

There were 200 men in the gang, all of whom were armed and masked. They rode up to Atkins' dwelling and began firing. The house was riddled with bullets.

It is reported that Atkins had sold his tobacco to the trust after he had been warned not to do so.

Res ate Methodist Faith.

Cincinnati, March 19.—The holding of a joint commission representing 50,000 Methodist ministers and 9,000,000 Methodists, to decide upon a restatement of Methodist faith, embodies the movement in the interest of which Rev W. F. Willots, dean of the theological department of Vanderbilt University, visited Cincinnati and spoke before the Methodist ministers' meeting.

"There has never been a statement of Methodist faith," said Dr. Willots. "Methodists have the apostles' creed and the thirty-nine articles of faith, most of which are also negative—that is anti-Roman, which feature is no longer necessary."

"The new statement will be broad enough not to drive out scholarly thought. It embodies the theory that a man may live entirely free from sin by help of the Holy Spirit, if he will to do it," declared Dr. Willots.

No Use to Die.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive to-day only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung diseases even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at Jas. H. Orme and Haynes & Taylor's drug stores. 50c and \$1.00. Trial bottle free.

Thomas in Evans' Place.

Washington, March 17.—At Admiral Evans' request that he be relieved of the command of the battleship fleet on reaching San Francisco, Rear Admiral Thomas, next in seniority, will succeed Admiral Evans in command of the fleet. It has not yet been determined whether Admiral Thomas will bring the fleet around the world to the Atlantic station or not. It is expected that this detail will be decided shortly.

CATARRH YIELDS

To Healing Air of Hyomei—Sold Under Guarantee by Haynes & Taylor.

Catarrh is the most prevalent disease known to humanity. Probably ninety per cent. of the people in this country suffer at one time or another with this common disease.

It is a germ disease and hence can be cured only by some method that will reach and destroy the germs.

This is best found in Hyomei, which may be called the direct method of treating catarrh, as its medication, taken in with the air you breathe, goes directly to ever air cell in the nose, throat and lungs; kills all catarrhal germs; heals the irritated mucous membrane and vitalizes the tissues so as to render catarrh no longer possible.

The unique way in which Hyomei is sold should dispel all doubt as to its curative properties, for Haynes & Taylor give their absolute guarantee to refund the price to any catarrh sufferer that Hyomei fails to benefit. You do not risk a cent in testing its healing powers. What offer could be more fair to you than this, where a leading druggist takes all the risk of Hyomei giving satisfaction, and leaves you to be the judge.

Best Healer in World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c. at Jas. H. Orme and Haynes & Taylor drug stores.

Headache Every Month

You may think, because you have long had it, that you must have a headache every month, being a woman.

But if you think so, you are wrong, since a headache is a sign of disease of your womanly organs, that thousands of other women have been able to relieve or cure, by the use of that wonderful, woman's medicine,

WINE OF CARDUI WOMAN'S RELIEF

"I recommend Cardui to all sick women," writes Mrs. A. C. Weaver of Union, Tenn. "I suffered with headache, bearing-down pains, foot swelled, pains in shoulders and many others. At last I took Cardui, have gained 20 pounds and have found it the best medicine I ever used for female troubles."

"Boost the Booster!"

That's the official slogan of a certain town in Arkansas which through boosting itself and boosting its boosters has doubled its population since the 1900 census.

BOOST THE BOOSTER!

The Arkansas town had been quarreling among itself for years, and standing still. It had boosters, but it had others who refused to boost the boosters, refused to stand by them and yell, "Good boy—keep it up!"

BOOST THE BOOSTER!

Finally the town got together with itself, organized a "Boost the Booster Club" and began to boom. Now its principal thoroughfare, which was a streak of mud, is a stretch of asphalt, and it has new buildings to match. Now everybody boosts the booster and booms the boom.

BOOST THE BOOSTER!

This town might take a hint from that one. We have our town boosters—every town has some. But sometimes they get discouraged because of opposition right here in our midst.

BOOST THE BOOSTER!

Cut out the criticism! Quit the queering! Boom the Boom! Then watch the old town perk up and plunge forward. You can see it move.

WHEN YOU BOOST THE BOOSTER YOU BOOM THE BOOM.

Night Riders in Henry County.

Eminence, Ky., March 18.—Seven night riders, masked, called at the home of Henry Ellis, three miles from Eminence, last night and demanding to know whether he had sold his pooled tobacco. Ellis said that he had and they declared they would teach him a lesson. They went to his house and set it afire without warning to his wife and children to flee. The family made their escape a few moments after the torch had been applied. The building was destroyed.

Ellis saved only a part of the furniture. Mr. and Mrs. Ellis and the children barely having time to put on their dresses. The raiders destroyed several tobacco beds.

If you would like to fool some wise Coffee Critic, who "knows fine Coffee on taste and flavor," quietly make for him a batch of Dr. Shoop's "Health Coffee" and serve it piping hot. It deceived Mrs. Shoop, and will I believe deceive any one. And there is not a grain of real Coffee in it. Health Coffee is made from pure toasted grains malt, nuts etc. Made in a Minute—no 20 to 30 minutes tedious boiling. 1½ pounds 25c. Sold by Morris & Yates.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative's monthly Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Hogwallow News.

Sim Flinders picked his two geese this week and claims to have got sixty pounds of feathers from them. This is a fine yield.

The deputy constable has improved his personal appearance greatly with a new pair of pants which he seized from a suspicious looking person who passed through Hogwallow yesterday.

A man can do as he pleases but he sometimes gets into trouble.

Jefferson Potlock has put up a warning notice for all dogs to stay off of his farm.

Yam Sims has been limping about several days caused by his toe working through the end of his sock.

Mis Rosyola Mosely entertained a few choice friends Saturday night with an onion social. The excelsior Fiddling Band played for the occasion but couldn't stay long.

With the gentle hint of spring all about us Miss Fruzie Allsop has placed a bunch of green chicken feathers on her hat.

Since Raz Barlow got out of jail the Excelsior Fiddling Band has improved wonderfully. It has got so now it can even play poetry of any kind.

Atlas Peck will debate at Rye Straw Monday night on the following interesting subject: "Is the Moon Really Round or Does it Seem So on Account of the Shape of Our Eyes." He will represent both the negative and affirmative side and the discussion is expected to get very heated before the close.

Columbus Allsop is busy all this week makin his geese some new yokes to wear during Lent.

The almanac at the postoffice predicts next August to be warm with occasional showers, and the public will wait with great anxiety to see if the prophecy comes true.

The owls are building early this year at the Dog Hill church so that the can hatch-out the eggs and get away before the protracted meeting begins.

Sam Spradlen narrowly missed having a fatal case of lockjaw Thursday, and his friends are congratulating him on his narrow escape. While Sap was riding along the road carelessly looking over into a field the mule stumbled his foot, and the rider came within an inch of biting his tongue. The veterinary surgeon was called at once and he stated that if Sap had bit his tongue lockjaw would probably have set up and no doubt resulted fatally. Sap is our hustling school teacher of Wild Onion, and has took a class clear through the rithmetic this term, and we congratulate him on his wonderful escape.

Face veils are very thin excuses, yet they break the hard gaze aimed at the homely countenance. Veils are worn principally by women and girls.

A pessimist is a fellow who believed the earth is round, but is covered with rotten specks and worm holes.

The postmaster has purchased a new hat and a storm proof collar. It is feared that he will next get so bightoned he won't handle anything but firstclass mail.

Miss Flutie Belcher has decided not to get a new hat this spring, but will turn her old one around.

Old butter, bein stronger, is more able to sustain its position in the center of the table than new butter.

It would appear that singing to a baby would have more of a tendency to keep it awake than to urge it to sleep.

Whatever you would do for a man you'd expect him to do for you—which is where you often get disappointed.

Prof. Sap Spradlen is preparing to have and enlarged photograph of himself made to hang up in the Wild Onion school house.

It has been a known fact for a long while that the home of the Dog Hill preacher was entirely too small for him and his family of nine and on last Friday night a committee from the congregation went silently to his home and built a nice shed room and front porch to the house while the preacher and his family were asleep.

Sim Flinders, who has been living on the ridge will move down into the bottom this summer in order to be further away from the sun.

The advice department in farm papers continue to bulge with directions that the boy remain on the farm, and the country boy continues to come to town and developing into the leading citizen.

A lawyer is a peculiar man. If he is for the defense he believes he is not guilty; but if he is for the prosecution he believes beyond a reasonable doubt that the defendant is guilty.

FOLEY'S HONEY AND TAR
Cures Colds; Prevents Pneumonia

TO CATARRH SUFFERERS

Good Advice and Liberal Offer from
Well Known Marion Druggist

Haynes & Taylor have been advising all who suffer from any symptoms of catarrh, such as offensive breath, dryness of the nose, pain across the eyes, stoppage of the nose, discharges and droppings in the throat, coughing spasms and general weakness and debility, to use Hyomei. They go so far as to offer to refund the money to any user of Hyomei who is not perfectly satisfied with the results.

Quick relief follows the use of the Hyomei treatment; the stoppage of the nose is removed, the dropping ceases, the breath becomes sweet and pure, and the catarrhal germs are destroyed and their growth prevented.

Hyomei is the surest, simplest, quickest, easiest and cheapest way to cure catarrh. It does not drug nor derange the stomach; it goes to the seat of trouble, destroying the catarrhal germs and healing and vitalizing the tissues.

Go to Haynes & Taylor's today and buy a complete Hyomei outfit for \$1.00 with the understanding that if it does not give satisfaction, your money will be refunded. 43-2

The treatest Rainfall.

The greatest rainfall in the world is that which pours down in torrents upon the southern sides of the Khasi hills, in Assam. The rains begin in June and last through August and September. At Cherra Punji 523 inches of rainfall annually. The yearly rainfall in London, a pretty wet city, everything considered, is about two feet; at Cherra Punji it is 40 feet, or enough to float a first-class battleship, while in one year 67 feet of water once fell from the sky. A traveler tells of an interesting observation in this connection. When the rains hand set in there were thunder storms on a large scale. In the innocence of the uninitiated, the observer began by trying to time a peal of thunder, but when it had lasted over half an hour he gave up the attempt.

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstown, Ky., writes: "I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Tolu Union.

Editor of Crittenden Record-Press.

Will you please give me space in your valuable paper to say a word about our Union. We are moving along nicely, we organized 3 locals last week we are ready to serve the people when they need us, and local president who knows of any local district wanting an organizer and will please me J. F. Jones at Tolu, Ky., know or Brother Towery will come and do the work in the way of organizing. Now brethren a word about our County President, he is very busy calls are coming every week wanting him to come and address the Union, he has made quite a number of speeches, one local will call him then another 10 mile away from that place call him, this method makes to much work and expense, his speeches adds to our number.

Now brethren why not three or four local call him at the same time, this would give him less work, and you better service. Now brethren don't you think he ought to be paid for his service.

With hopes for success for the union and many thanks to the Record-Press for its kindness.

I am very Respt. J. F. Jones.

TOMORROWS REGRET.

He meant to do it, but some way He didn't find the time that day! And now he kneels upon the ground While tears of grief against the mound.

He meant to let her know his heart, He meant to do the manly part, He meant to save her from the rue And guide her feet where blossoms grew.

But now, too late, he sobs alone— She sleeps beneath you simple stone! Ah, you who mean to wipe away Misunderstandings of a day, Why stand procrastinating here When some one's heart is filled with fear?

Why say, "Tomorrow I shall go And tell her that I love her so?" Why stand inert tonight, my boy, When you can bring another joy? Why wait until you sob alone. Beside some graveyard marking stone?

—Byron Williams.

Man Accused of Riding Gets Speedy Acquittal.

Princeton, Ky., March 9.—The trial of John T. Jackson, begun here in the Circuit Court, terminated in the acquittal of Jackson. Jackson was accused of being a member of the night riders which destroyed the two tobacco factories at this place on the night of November 30, 1907. The jury was out only 15 minutes. One of the principal witnesses found a bundle of switches at his door the morning before he testified. There are two other cases to be tried.

ITEMS NOT CHARGED

Strange Omissions In the Chicago Lighting Plant Report.

It Places the Annual Total Cost Per Lamp at \$52.39—No Account Taken, However, of Lost Taxes, Water, Depreciation, Rent or of Half a Dozen Other Important Elements of Expense—Biggest M. O. Plant in the Country—Its Service as Poor as Its Report is Misleading.

The largest municipal electric light plant in the United States is that operated by the city of Chicago. Naturally students of municipal ownership turn to its reports as one of the principal sources of information on the subject. Unfortunately, however, these reports have been so worded as to give the false impression that the municipal lights cost the city much less than if they were supplied by contract with a private company.

Newspapers all over the country have announced that Chicago's street lights during 1906 cost only \$52.39 per lamp, and they are not to be blamed for making this assertion, for twice on page 12 of the report for that year \$52.39 is given as the "total cost per lamp." It is true that elsewhere in the report this statement is modified by the admission that this "cost" doesn't include interest, lost taxes, water, depreciation, rent of offices and poles, judgments against the city on account of accidents, a proportion of the cost of the offices of the controller, auditor, business agent and other branches of the city government, etc., but the edge is taken off this admission by the further statement that "the cost of \$52.39 includes all expenses actually borne by the city," a statement, by the way, which is not even technically true.

The report admits that "there is some justice in the contention" that these items should be charged against the lighting cost, but it makes this admission only after years of refusal to do so, and does so now because of an investigation into the workings of the plant that has recently been made, and the findings of which will soon be published.

Six years ago the Reform club of New York employed a well known firm of accountants to find out what Chicago's lights were really costing. At that time the city claimed a cost of \$62.00, but the accountants reported the real cost as \$99.58 and made no allowance for damages, street repairs, rent of offices and poles or the lighting department's share of the expense for auditing, purchasing and legal expenses and a very low allowance for depreciation. But the city authorities totally ignored the findings of this disinterested and expert investigation. The unfairness of the report is further shown by its comparison of the per capita cost of lighting Chicago and five other cities that do not operate municipal lighting plants. In the first place, the street lighting of Chicago is notoriously inadequate, and in the second place, while the rates in the other cities cover the entire cost of lighting, in Chicago they include only a fraction of the cost.

Perhaps the most misleading feature of the report is its comparison of the alleged "cost" of the municipal lights with the rates charged by the private company with which the city contracts for 746 of its lamps. These are in the outskirts of the city, where the cost of maintaining them is very high on account of their long distance from the generating station and their remoteness from each other. That is why the city contracts for them. Yet the report assumes that the company would charge just as high a rate if it had the contract for all the lights. This assumption is not only manifestly absurd, but is directly contrary to the facts, as one of the companies offered a reduction of more than one-quarter of its contract price if it were given the entire lighting contract.

In making comparisons the quality of the service is an important consideration, and the service of the Chicago city plant is bad. It cheats the public both by the frequency of outages (lamps going out and staying out the rest of the night) and by stealing its own current—i. e., reducing the amperage below the point at which the current keeps the lamps up to their rated candlepower. In many cases observers have noted that, especially after midnight, the lamps give only a dull glow at the carbon points and are of practically no value as lights. This is done to reduce coal consumption and of course makes a great difference in the cost of operation. It would not be tolerated from a private company, which would also be penalized for outages. These things are quite naturally not mentioned in the report.

To sum up, the report gives the impression to the casual reader that the municipal plant is giving good service at a low cost, while the facts are that its service is poor and that the cost is much higher than if the lights were supplied by a company.

Not Yet For Sioux City.

The construction of a municipal electric light plant has been under consideration at Sioux City, Ia. The commission appointed to investigate the subject has, however, reported adversely, and the council will advertise for bids to light the city after the expiration of the present contract.

Tax Rate Drops.

The Cleveland Leader attributes to the sale of its municipal electric light plant the fact that the tax rate of Lakewood, O., will be about \$2.75 this year as against \$3.50 in 1906.

500 Pictures of Roosevelt AND Farm and Fireside for 1908 Free With Your Subscription To The Crittenden Record--Press

If you will send us \$1.00 cash in advance for a year's subscription to the CRITTENDEN RECORD-PRESS or if you are in arrears; and will pay up back dues, we will send you, free of charge, Farm and Fireside twice a month for the rest of 1908 (nine months), and 500 Pictures of President Roosevelt besides.

FARM AND FIRESIDE

is the National farm paper. It prints and circulates each month more copies than any other agricultural publication. For over thirty years it has been "The Giant of the Farm Press," and now it is bigger, better and more helpful than ever. Has departments covering every phase of farm life, from plowing to the kitchen. Interests not only farmers, but horsemen, poultrymen—in fact, any one who keeps animals or lives outside of the large cities. Has thousands of readers in every state in the Union. Farm and Fireside is published twice a month, which is twice as often as most farm journals are published. It stops when your time is up. We heartily recommend it to all our readers as the cleanest, brightest biggest and most helpful farm paper we know of.

THE 500 ROOSEVELT PICTURES

are all arranged on one superb mounting, 13½ x 20½ inches, into one big photograph, but every picture is separate and distinct from each of the other pictures. This photograph of 500 pictures is the most wonderful photograph ever made, and the only one of its kind in existence. It cost \$1,000. No other like it can ever be made of President Roosevelt, and there is probably no other public man on earth who has had enough "snapshots" taken to make a picture of this sort. It took one man two months merely to put together the 500 pictures, and two other men worked just about as long making the prints. The 500 pictures were chosen from 2,500 in the possession of Underwood & Underwood, the President's official photographers, and they show the President in his most characteristic attitudes. They were taken in every state in the Union except four, and at some of the most important events that have taken place in American history. Five years from now, reproductions of this great \$1,000 photograph will be worth many dollars, as the supply is limited, and later on, when President Roosevelt is out of public life, they will be priceless treasures in any American home. The reproductions of this great photograph are entirely controlled by Farm and Fireside, which owns the original \$1,000 photograph.

Remember, you get the Farm and Fireside, the 500 Pictures of Roosevelt, and The CRITTENDEN RECORD-PRESS all for only \$1.00. Send your subscription today and address The CRITTENDEN RECORD-PRESS.

to the Main Chance.

PROBABILITY OF A DEADLOCK

Open Rumors of a Break From the
Beckham Ranks Creates Engrossing
Situation at the Opening of Ken-
tucky's General Assembly.

Frankfort, Ky., Jan. 7.—For many reasons the present session of the Kentucky legislature promises to be a memorable one, and Kentucky has had several memorable legislatures, particularly in 1884, in 1896 and in 1900.

Of course, the chief interest centers in the race for United States senator and the possibility of a deadlock. Governor Beckham is the nominee of the Democratic party for senator, but there have been persistent rumors that some of the Democratic senators and representatives will not vote for him. The legislature in joint ballot stands 73 Democrats to 65 Republicans, the senate having 22 Democrats and 15 Republicans, while the house has 51 Democrats and 49 Republicans. If as many as four Democrats refuse to vote for Beckham, a deadlock will result. It has been frequently asserted in the newspapers that this Democratic legislator or that one, would not support Beckham, but so far no one has openly announced that he would vote against him.

On the Republican side it seems to be conceded that ex-Governor W. O. Bradley will be nominated to oppose Beckham, and some of the Republican leaders have declared positively that the house would be organized by them and not by the Democrats. If this be true then a deadlock is sure to result.

The first vote for senator will not be taken till Jan. 21, although the legislature convenes on Jan. 7. The senate and house will vote separately in their respective chambers on Jan. 21 and will meet in joint session in the house the following day to ratify the election if someone was elected, or to take another ballot if no one was elected the day before.

Each side is warily watching the other now and neither side is doing any talking as to plans, but each is willing to take advantage of any mistake made by the others. The deplorable feature of it all is that it is almost sure to bring about much bitterness if a deadlock comes. There will be a number of contests for seats in the house filed by both Republicans and Democrats. These will be fought over bitterly, as the house is so close that one vote may decide the fate of every contestant for a seat, for if one contestant is seated he will naturally vote with his party to unseat others.

If one Democrat in the house refuses to vote with his party, the house will be deadlocked and cannot be organized till some other man deserts or the deserter comes back. In such an event James E. Stone, chief clerk of the last house, will preside, as the law makes it his duty to "call the house to order and preside till the speaker is elected." If a deadlock comes Mr. Stone will preside from day to day till someone "comes over" or "goes over" and votes for the "other fellow." If all the talk about a deadlock proves to be "moonshine," then W. J. Gooch, Democrat, of Simpson county, will be elected speaker of the house and James E. Stone chief clerk.

There seems to be no chance of a deadlock in the senate, but that body will have its troubles as well as the house, if all indications are true. In 1896 when W. J. Worthington (Rep.) was lieutenant governor, the majority of the senators were Democrats, so they passed a rule providing for a special committee to select all the standing committees of the senate. Therefore it had been the custom for the lieutenant governor, who is ex-officio president of the senate, to appoint all the committees, probably for the reason that the lieutenant governor and the majority in the senate had always been of the same political party, since the war.

It has been stated that the Democrats in the present senate would repeat what was done in 1896, as Wm. H. Cox, the present lieutenant governor, is a Republican. Cox has served two terms in the senate and has been very popular with the Democrats in that body, so it is possible that they may agree to let him appoint the committees. The senate and house meet today, but it is probable the standing committees will not be appointed before next Saturday or Monday, so it will be several days before it is determined who will name the senate committees.

One of the measures that will be bitterly fought over this session will be the bill or bills providing for redistricting the state into senatorial and representative districts. The Democratic court of appeals declared the redistricting of two years ago unconstitutional because of the unequal division of population, some of the districts having 12,000, while others had 40,000. The court went further and said the present districts were in reality unconstitutional made up, but as the elections in them had been held for so many years, the act creating them would not now be declared unconstitutional, because it would be

against public policy. It is always a hard fight to pass a satisfactory redistricting bill, even where one political party has a big majority, but it will be especially so this year because of the almost even division of the two parties in the legislature. As the present districts are considered to be to the advantage of the Democrats, it is presumed the Republicans will make the hardest fight to have new districts created that will give a more equal division of population.

It was expected two years ago that the present legislature would be able to hold its sessions in the handsome new statehouse, but no provision has yet been made for furnishing the new building and making it habitable. The building itself is very near completion, it being all under roof except a small part of the center dome, and much of the interior work is completed. It is expected that it will take another appropriation of \$250,000 to pay for fitting up the new structure in proper style with desks, file-boxes, carpets, furniture, etc., and the present legislature will be asked to make the appropriation for that purpose. The total appropriations so far made for the new capital amount to \$125,000, which will complete it, all but the furnishings. According to the estimates of the state's financial officers, it will not be necessary to increase the rate of taxation to complete the new building, as no increase was made when the other appropriations were made, and especially as there is over a million dollar balance in the state treasury now.

Yesterday was "moving day" at the statehouse, all the new Republican officials taking charge, the Democrats retiring. In many of the offices where the work is necessarily complicated, a number of the old clerks will be retained for several months or until the new clerks are trained for the work. It is expected, however, that in six months all the Democratic clerks will be replaced by Republicans.

The attorney general under the present law is allowed no clerks or assistants, and is probably the hardest-worked official in the statehouse. A strong effort will be made this session to have a law passed providing him with at least two assistants and a stenographer.

500 Pictures of Roosevelt AND Farm and Fireside for 1908 Free With Your Subscription To The Crittenden Record-Press

If you will send us \$1.00 cash in advance for a year's subscription The CRITTENDEN RECORD-PRESS or if you are in arrears; and will pay up back dues, we will send you, free of charge, Farm and Fireside twice a month for the rest of 1908 (nine months), and 500 Pictures of President Roosevelt besides.

FARM AND FIRESIDE

is the National farm paper. It prints and circulates each month more copies than any other agricultural publication. For over thirty years it has been "The Giant of the Farm Press," and now it is bigger, better and more helpful than ever. Has departments covering every phase of farm life, from plowing to the kitchen. Interests not only farmers, but horsemen, poultrymen—in fact, any one who keeps animals or lives outside of the large cities. Has thousands of readers in every state in the Union. Farm and Fireside is published twice a month, which is twice as often as most farm journals are published. It stops when your time is up. We heartily recommend it to all our readers as the cleanest, brightest biggest and most helpful farm paper we know of.

THE 500 ROOSEVELT PICTURES

are all arranged on one superb mounting, 13½ x 20½ inches, into one big photograph, but every picture is separate and distinct from each of the other pictures. This photograph of 500 pictures is the most wonderful photograph ever made, and the only one of its kind in existence. It cost \$1,000. No other like it can ever be made of President Roosevelt, and there is probably no other public man on earth who has had enough "snapshots" taken to make a picture of this sort. It took one man two months merely to put together the 500 pictures, and two other men worked just about as long making the prints. The 500 pictures were chosen from 2,500 in the possession of Underwood & Underwood, the President's official photographers, and they show the President in his most characteristic attitudes. They were taken in every state in the Union except four, and at some of the most important events that have taken place in American history. Five years from now, reproductions of this great \$1,000 photograph will be worth many dollars, as the supply is limited, and later on, when President Roosevelt is out of public life, they will be priceless treasures in any American home. The reproductions of this great photograph are entirely controlled by Farm and Fireside, which owns the original \$1,000 photograph.

Remember, you get the Farm and Fireside, the 500 Pictures of Roosevelt, and The CRITTENDEN RECORD-PRESS all for only \$1.00. Send your subscription today and address The CRITTENDEN RECORD-PRESS.

Immense Coal Fleet Sinks.
Ashland, Ky., March 14.—The
towboat Boaz, of the river combine,
which left Pittsburg Tuesday morn-

ing for Cincinnati with twelve coal
boats, sixteen barges, three fuel
boats and a crew of about thirty-five
men, ran into a heavy fog at three
o'clock this morning at Catlettsburg.
She tried to tie up, but could not find
a place.

The fleet struck an exposed pier
of the proposed Ashland and Ironton
bridge, a mile below this city.
It is believed that nearly all the
barges were sunk. The entire crew
had been called out on the barges to
tie up the fleet, and William Mat-
ticks, 24 years old and single, a
deckhand, of Pittsburg, escaped from
a sinking barge and swam ashore.
He saw several men in the water.

It is believed that at least five
men were drowned.

WARILY WATCHING

Both Sides In Interesting Senatorial
Contest Keeping Eyes Open
to the Main Chance.

PROBABILITY OF A DEADLOCK

Open Rumors of a Break From the
Beckham Ranks Creates Engrossing
Situation at the Opening of Ken-
tucky's General Assembly.

Frankfort, Ky., Jan. 7.—For many
reasons the present session of the
Kentucky legislature promises to be a
memorable one, and Kentucky has had
several memorable legislatures, par-
ticularly in 1884, in 1896 and in 1900.
Of course, the chief interest centers
in the race for United States senator
and the possibility of a deadlock. Gov-
ernor Beckham is the nominee of the
Democratic party for senator, but
there have been persistent rumors that
some of the Democratic senators and
representatives will not vote for him.
The legislature in joint ballot stands
73 Democrats to 65 Republicans, the
senate having 22 Democrats and 16
Republicans, while the house has 51
Democrats and 49 Republicans. If as
many as four Democrats refuse to
vote for Beckham, a deadlock will re-
sult. It has been frequently asserted
in the newspapers that this Demo-
cratic legislator or that one, would not
support Beckham, but so far no one
has openly announced that he would
vote against him.

On the Republican side it seems to
be conceded that ex-Governor W. O.
Bradley will be nominated to oppose
Beckham, and some of the Republi-
can leaders have declared positively
that the house would be organized by
them and not by the Democrats. If
this be true then a deadlock is sure to
result.

The first vote for senator will not be
taken till Jan. 21, although the legisla-
ture convenes on Jan. 7. The senate
and house will vote separately in their
respective chambers on Jan. 21 and
will meet in joint session in the house
the following day to ratify the election
if someone was elected, or to take an-
other ballot if no one was elected the
day before.

Each side is warily watching the
other now and neither side is doing
any talking as to plans, but each is
willing to take advantage of any mis-
take made by the others. The de-
plorable feature of it all is that it is
almost sure to bring about much bit-
terness if a deadlock comes. There
will be a number of contests for seats
in the house filed by both Republicans
and Democrats. These will be fought
over bitterly, as the house is so close
that one vote may decide the fate of
every contestant for a seat, for if one
contender is seated he will naturally
vote with his party to unseat others.

If one Democrat in the house re-
fuses to vote with his party, the house
will be deadlocked and cannot be or-
ganized till some other man deserts or
the deserter comes back. In such an
event James E. Stone, chief clerk of
the last house, will preside, as the
law makes it his duty to "call the
house to order and preside till the
speaker is elected." If a deadlock
comes Mr. Stone will preside from
day to day till someone "comes over"
or "goes over" and votes for the
"other fellow." If all the talk about a
deadlock proves to be "moonshine,"
then W. J. Goode, Democrat, of Simp-
son county, will be elected speaker of
the house and James E. Stone chief
clerk.

There seems to be no chance of a
deadlock in the senate, but that body
will have its troubles as well as the
house, if all indications are true. In
1896 when W. J. Worthington (Rep.)
was lieutenant governor, the majority
of the senators were Democrats, so
they passed a rule providing for a
special committee to select all the
standing committees of the senate.
Therefore it had been the custom for
the lieutenant governor, who is ex-
officio president of the senate, to ap-
point all the committees, probably for
the reason that the lieutenant gov-
ernor and the majority in the senate had
always been of the same political party,
since the war.

It has been stated that the Demo-
crats in the present senate would re-
peat what was done in 1896, as Wm.
H. Cox, the present lieutenant gov-
ernor, is a Republican. Cox has served
two terms in the senate and has been
very popular with the Democrats in
that body, so it is possible that they
may agree to let him appoint the com-
mittees. The senate and house meet
today, but it is probable the standing
committees will not be appointed be-
fore next Saturday or Monday, so it
will be several days before it is deter-
mined who will name the senate com-
mittees.

One of the measures that will be bi-
tely fought over this session will be
the bill or bills providing for redistrict-
ing the state into senatorial and
representative districts. The Demo-
cratic court of appeals declared the
redistricting of two years ago uncon-
stitutional because of the unequal di-
vision of population, some of the dis-
tricts having 12,000, while others had
40,000. The court went further and
said the present districts were in re-
ality unconstitutional made up, but
as the elections in them had been
held for so many years, the act cre-
ating them would not now be declared
unconstitutional, because it would be

against public policy. It is always a
hard fight to pass a satisfactory red-
istricting bill, even where one politi-
cal party has a big majority, but it will
be especially so this year because of
the almost even division of the two
parties in the legislature. As the pre-
sent districts are considered to be to
the advantage of the Democrats, it is
presumed the Republicans will make
the hardest fight to have new districts
created that will give a more equal
division of population.

It was expected two years ago that
the present legislature would be able
to hold its sessions in the handsome
new statehouse, but no provision has
yet been made for furnishing the new
building and making it habitable. The
building itself is very near completion,
it being all under roof except a small
part of the center dome, and much of
the interior work is completed. It is
expected that it will take another ap-
propriation of \$250,000 to pay for fit-
ting up the new structure in proper
style with desks, file-boxes, carpets,
furniture, etc., and the present legisla-
ture will be asked to make the ap-
propriation for that purpose. The total
appropriations so far made for the
new capital amount to \$1,250,000,
which will complete it, all but the fur-
nishings. According to the estimates
of the state's financial officers, it will
not be necessary to increase the rate
of taxation to complete the new build-
ing, as no increase was made when
the other appropriations were made,
and especially as there is over a mil-
lion dollar balance in the state treas-
ury now.

Yesterday was "moving day" at the
statehouse, all the new Republican of-
ficials taking charge, the Democrats re-
tiring. In many of the offices where
the work is necessarily complicated, a
number of the old clerks will be re-
tained for several months or until the
new clerks get trained for the work.
It is expected, however, that in six
months all the Democratic clerks will
be replaced by Republicans.

The attorney general under the
present law is allowed no clerks or
assistants, and is probably the hard-
est-worked official in the statehouse.
A strong effort will be made this ses-
sion to have a law passed providing
him with at least two assistants and a
stenographer.

Governor Willson has been having a
strenuous time since his inauguration
a month ago, and what with office-
seekers, "night-riders," and the com-
ing of the legislature, he has not been
"treading the primrose path of dal-
liance." The governor has some fads,
but they are fads that are tempered
with common sense. For instance, he
says he will appoint no man to office
who applies for it and simply signs
the initials of his first name. That is,
J. H. Smith will not be considered at
all, but John H. Smith will be. He
says he has quit talking politics now
and is trying earnestly to be the gov-
ernor for all the people and using ev-
ery means in his power to enforce the
people's laws that are on the statute
books.

Much has been said about the gov-
ernor being placed on the national
ticket next year as a candidate for
vice president, but he positively for-
bids any discussion of the subject. He
says he has been elected to serve as
governor for four years, and if he lives
he purposes to carry out the contract
made with the people last election day.

Probably the hardest nut the new
governor will have to crack will be the
settlement of the tobacco situation and
the arrest and conviction of the "night
riders" who have been destroying to-
bacco warehouses in Hopkinsville and
Russellville. It is the general belief
that under the present laws it will be
almost impossible to indict or convict
the "night riders," because the mem-
bership of the tobacco associations is
so large that it will be almost impos-
sible to get a jury that will not have
several friends and fellow-members of
the "night riders" on it. This being
the case, the present legislature will
be asked to evolve a new law by which
that class of law-breakers may be
reached and punished. Governor Wil-
son's recommendations along this line
in his message to the legislature are
strong and to the point. He seems
to have set his heart on solving this
question and it is determined that the
law shall be upheld and every man's
property and life made secure from
lawless groups of men who operate at
night behind masks.

Governor Willson has announced
that he is in favor of all the state in-
stitutions being managed by non-par-
tisan boards, and says he will not re-
commend that the legislature make any
appropriation for any educational in-
stitution that is maintained by the
state and managed by trustees who all
belong to the same political party. As
an instance he cites the State College
at Lexington, all of its trustees being
Democrats. It is proper to state, how-
ever, that those who are in position
to know state that while the trustees
of the State College are all Democrats,
a majority of the teachers and in-
structors are Republicans, so that
even matters up in a measure and re-
lieves it of the odium of being known
as a partisan college.

The temperance question will be an-
other factor that will enter largely
into this legislative session. A bill to
extend the present county unit law so
as to include every county in the
state irrespective of the size of the
cities it contains, will be presented
early in the session, and it is believed
the bill will be enacted. The liquor
representatives will fight such a mea-
sure to the last.

Does Quality Count With You?

American Fence.

The American Field Fence is the best farm fence manufactured to-day. It is made of stiff heavy wire, made especially for the purpose and carefully galvanized. Regular specifications—Top and Bottom Bars, No. Nine wire. Intermediate Bars, No. Eleven wire. Stays, No. Twelve wire. More miles of this fence are used on American farms than all other wire fences combined. We have just received a carload of this fence and can furnish you what you need.

Get The Best

It costs you no more than inferior grades of wire fence will cost you, why not get the best? Send us your orders and we will guarantee you satisfaction.

Negroes Warned To Go.

Calhoun Ky., March 12.—J. W. Muster, Marshal of this place, has received the following note which has caused much excitement among the negroes here:

J. W. Muster—you are respectfully requested to notify John Hamilton, Garfield Hamilton, Felix Modock and Sam Wickliff to immediately leave town and not return here any more; that they are a nuisance and a menace to the community.

You will please say to them that if they are not out of town by Saturday night they will be proceeded against for contempt. A hint to the wise is sufficient.

By order of the undersigned at its nocturnal meeting, March 9, 1908.

VIGILANCE COMMITTEE

Mr. Muster notified the negroes, and all but one of them expressed a willingness to go rather than bear the consequences, but Sam Wickliff said he would stand his ground and treat the notice with contempt.

Alleged Thief Swims Four Miles.

Evansville, Ind., March 18.—Fred Sutton, an alleged bicycle thief, was discovered by officers on the Louisville & Nashville railroad bridge, that spans the Ohio river below here, yesterday. The man leaped into the water and swam a distance of four miles. He was followed by officers in skiffs, and when found was sitting upon a stump in a cornfield that was surrounded by backwater.

After the officers had fired several shots at Sutton he surrendered and was brought here.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the restorative, where the Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. Sold by Jas. H. Orme.

As Advertised.

I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and found it to be all claimed in the advertisements. Three of the family have used it with good results in the summer complaint.—H. E. Howe, publisher of the Press, Highland, Wis. For sale by H. Orme. 4t.

fields and the wheat fields, the shops and factories, leaving home and fire-side to fight for their country, and if need be give their blood, and that the Democrats at this time, which surely was a time of great need, offered an income tax law as an amendment to the war revenue measure and the Republicans voted solidly against it.

He called attention to Mr. Taft's statement that the penitentiary penalty was all that vitalized the railroad-rate law. He said: "I introduced such an amendment, Mr. Speaker, but the Republicans in the House voted it down; it went to the Senate, and was there put in the bill by a Democratic Senator."

He ridiculed the Republican proposition to reform the tariff. He took up the items in the tariff law and provoked great laughter by paralleling the free list with the taxed list.

He concluded by saying: "Mr. Speaker, the Democratic party of the country has announced to the world a new mode of warfare. It is, the people shall command and the leaders must obey: They have a leader; his name is upon every tongue; it is engraved upon the heart of every Democrat. He has convictions and the courage to express them."

"He has stood for something; he has sown the good seed, and has raised in front of an army of the most merciless vultures the world ever saw the commandment, Thou shalt not steal. He is the one never prostituted his giant intellect for money and never sold the love of the American people for corporation gold. He cut the way through the wilderness of greed and was the pioneer."

"It's great to be a pioneer. Mr. Speaker; his path is always red with blood and wet with tears, but his name still lives. The people of this Republic, at the coming election, are going to reward him, and the hand that will bear the Democratic standard is the same one that bore the sword in defense of the American people. They only wait with restless anxiety the opportunity to elect that grand, that splendid, that matchless Democrat, William J. Bryan, President of the United States."
