> Owensboro, Ky., Jan. 1 .- It is a remarkable story told by Willis S mith former student of the University of Kentucky, who disappeared from Lexington on Sept. 22 and arrived in owensboro Monday evening. Dec. 30. He declared he was kidnapped in the rear yard of a boarding house in Lexington by four men and placed in a box car after being drug-

When he regained consciousness, he was turned over to six other men, he says, who took him to a cave in the northwest part of Wisconsin where he was held captive until Monday night of this week, when he made his escape. He ran and walked fifty miles to the railroad station, caught a freight train and arrived in Owensboro this evening.

He says the men would not tell him why he was being beld.

He is the son of Rev. Willis G. Smith of Melrose, N. M.

Upon reaching Leuisville, Smith repudiated his first story.

He now says he left Lexington on account of the activities of bazers. He said he had received threatoning letters, evidently from students, and feared he might kill somebody if lumber camp.

CASH IN ADVANCE

And Stop When Time Is Out System Adopted,

The Publisher of the Crittenden RECORD-PRESS has Decided to Adopt the Cash-in-Advance and Stop-When-Time-is-Out Policy on All Subscriptions for the Following Reasons.

FIRST-The post-office regulations require us to stop the paper when the subscriber becomes nine months in arrears. We find that this requires constant watchfulness and when these subscriptions are stopped, the amounts due us are practically lost to us because we can not see the people personally and collect, and they do not find it convenient to call or remit, and in a short while the thing is forgotten.

SECOND-Because perhaps one haif our subscribers tell us to stop when the time is out and the other half tell us to keep on sending the paper. It is impossible for our clerk to remember who wants it stopped and who wants it sent on, and confusion and in many cases mistakes and ill feeling occur.

THIRD-Because everything we buy we have to pay cash for

and our employes have to have their money every Saturday night. The cost of newspaper production is heavily increasing and it takes cash to keep things going.

FOURTH-Because we have now on our books exceeding \$4,000 due us on subscriptions, nearly every cent of which is good but is so scattered over the country that it is impossible for us to collect it when we need it most. We send out names occasionally and many respond promptly, while the majority do not, because they do not find it convenient just at the time and the matter is deferred. Finally the amount runs up to \$3, \$4, \$5, \$6 or \$7-and then in many cases the subscriber can't pay and we have finally to stop the paper and loose this amount, when to have paid \$1 at the beginning of each year would have been easy and satisfactorily to both sides.

We give this notice in ample time for all subscribers to adjust their accounts. We want every subscriber to remain with us and beheve it will be far more satisfactory to all concerned. Time was when the circulation of the RECORD-PRESS was small, and we knew personally almost every subscriber.

Now we furnish a paper much larger and better for the same price. It costs us nearly three times as much to furnish the gresent paper as it did a few years back. We cannot afford to carry on our book \$4,000 in past due subreription accounts and we believe every reasonable man will agree with us.

On January 30th, 1909, the New System Will be Put Into Effect. On that Date All Past Due Subscriptions Will be Stopped and thereafter all Subscriptions will be Stopped Promptly at Expiration.

This is fair to everybody and is made necessary by reason of the postal regulations and sound business policy, as well as justice to all Our Subscribers

CASH IN ADVANCE

And Stop When Time Is Out System Adopted,

The Publisher of the Crittenden RECORD-PRESS has Decided to Adopt the Cash-in-Advance and Stop-When-Time-is- Out Policy on All Subscriptions for the Following Reasons.

FIRST-The post-office regulations require us to stop the paper when the subscriber becomes nine months in arrears. We find that this requires constant watchfulness and when these subscriptions are stopped, the amounts due us are practically lost to us because we can not see the people personally and collect, and they do not find it convenient to call or remit, and in a short while the thing is forgotten.

SECOND-Because perhaps one half our subscribers tell us to stop when the time is out and the other half tell us to keep on sending the paper. It is impossible for our clerk to remember who wants it stopped and who wants it sent on, and confusion and in many cases mistakes and ill feeling occur.

THIRD-Because everything we buy we have to pay cash for

and our employes have to have their money every Saturday night. The cost of newspaper production is heavily increasing and it takes cash to keep things going.

FOURTH-Because we have now on our books exceeding \$4,000 due us on subscriptions, nearly every cent of which is good but is so scattered over the country that it is impossible for us to collect it when we need it most. We send out names occasionally and many respond promptly, while the majority do not, because they do not find it convenient just at the time and the matter is deferred. Finally the amount runs up to \$3, \$4, \$5, \$6 or \$7-and then in many cases the subscriber can't pay and we have finally to stop the paper and loose this amount, when to have paid \$1 at the beginning of each year would have been easy and satisfactorily to both sides.

We give this notice in ample time for all subscribers to adjust their accounts. We want every subscriber to remain with us and beheve it will be far more satisfactory to all concerned. Time was when the circulation of the RECORD-PRESS was small, and we knew personally almost every subscriber.

Now we furnish a paper much larger and better for the same price. It costs us nearly three times as much to furnish the gresent paper as it did a few years back. We cannot afford to carry on our book \$4,000 in past due subreription accounts and we believe every reasonable man will agree with us.

On January 30th, 1909, the New System Will be Put Into Effect. On that Date All Past Due Subscriptions Will be Stopped and thereafter all Subscriptions will be Stopped Promptly at Expiration.

This is fair to everybody and is made necessary by reason of the postal regulations and sound business policy, as well as justice to all Our Subscribers

Underground River Found.

Hickman, Ky., Dec. 31 .- A government diver, while trying to locate an incline of the Iron Mountain Railroad Company, which disappeared at Bird's point Mo., a short while ago has discovered an underground river. which runs under Bird's Point and Cairo and under the waters of the Mississippi and Ohio rivers near their confluence at right angle.

This underground river is believed to be as large as the Mississippi, though with not so swift a current, and the water is of different color and will not mix with the waters of the Mississippi. The scarcity of fish at this point is attributed to this newfound underground river, where are supposed to have gone. The Hali day brothers are going to sink a shaft to see if the river can be located under their property in Cairo.

Accidentally Killed.

Tuesday morning about nine o'clock Alex Black, a colored man about thirty years old, was accidentally shot and killed on the farm J. F. Hughes, near Fredonia. Black with Newt Glenn, another colored man, had gone to the woods to cut or saw wood, carrying a shot gun with them The gun was placed against a large log, and in some way not accounted for the gun fell down and was discharged, resulting in Black's head being almost torn from his body.—Princeton Leader.

Romance of Black Patch

Lieut. William Cartsr Stair, of Middlesboro, and Miss Willie Dixie Martin, adopted daughter of Mr. and Mrs. D. H. Kimerling, were married yesterday, at the residence of Mr. Kimerling, a few miles south of this city. The young people first met while Lieut. Stair was here last winter with the Middleboro soldiers, and their marriage is one of the half dozen or more that have resulted from the military occupation of Western Kentucky.

Mr. Stair is a promising young business man his city and is an officer of the Middleboro Co. of state guards. His bride is the youngest daughter of V. B. Martin, of this city, but since ealy childhood has made her home with Mr. and Mrs. Kimerling. The newly wedded couple left at once for their home in Middlesboro.

Underground River Found.

Hickman, Ky., Dec. 31.—A government diver, while trying to locate an incline of the Iron Mountain Railroad Company, which disappeared at Bird's point Mo., a short while ago has discovered an underground river, which rups under Bird's Point and Cairo and under the waters of the Mississippi and Ohio rivers near their confluence at right angle.

This underground river is believed to be as large as the Mississippi, though with not so swift a current, and the water is of different color and will not mix with the waters of the Mississippi. The scarcity of fish at this point is attributed to this newfound underground river, where are supposed to have gone. The Hali day brothers are going to sink a shaft to see if the river can be located under their property in Cairo.

and the suits were dismissed.

The case will go to the United States Circuit Ceurt of Appeals as it is precedential and there is much similar litigation pending in Kentucky as a result of night rider troubles.

Marshall's Alm Was True.

Grayson, Ky., Dec. 31.—Frank Prater, Jr., Marshall of Graysen, in a pistol fight yesterday evening, killed Grant Stamper and shot Steve Stamper through the lungs and hip, Steve cannot recover.

Night Riders Confer by the Wholesale

Paducah, Ky., Dec. 31--Night riders by the wholesale are said to have had a conference recently, but the names are kept secret by the various county attorneys owing to the fact that convictions could not be secured at present and witnesses would be in danger,

A dispatch this morning from Murray, Kentucky, says that the night riders destroyed a stable belonging to Mr. Owen, of that county. Mr. Owen is a banker at Murray and a known law and order leader. It is the second fire at this place within the last two weeks.

Ira Pierce, of Louisville, was at home to visit his father other relatives last week.

IN NEW TERRITOHY.

Many Tennessee Countles.

Jockson county, Tenn., raised & good deal of tobacco this year for the first time. A dispatch says:

"Never before has so much tobacco been raised here and never was the quality so good, and the prices so high. Already about \$40,000 has been paid to the farmars for their erops, and not half the crop has been marketed, moreover other buyers are at work in this territory. The to- plies Constantly on Hand, people, especially the tenant, because he can rent a farm, plant a few acres in tobacco and with this pay his rent left. It therefore practically gives the renter all he can make on the 313 W Main St, Louisville, Ky, farm."

A dispatch from Green county TO RE-Tennessee, says:

past week have been heavy. It is es timuted that the Burley erop in this section will amount to half a million pounds, four-fifths of which has been sold. It is estimated that the fire cared tobacco will amount to to about the same of which scarcely more than one fifth has been sold. On Reveune and Taxation --One farmer realized for the Burley tecacco raised on one sere \$400. A large crop of Burley will be planted next year and the crop will probably amount to five million pounds,"

This report comes from Dickson county, Tennessee;

"The projectors of the Dickson Warehouse and Tobacco Company, et is understood, will within the next two weeks or less take the preliminary steps to establish their enterprise here. It is learnd also that tee company will lease a vast amount of outland in Dickson county and import tobacco growers if a sufficient amount of home labor cannot be obtained to cultivate it. The project if carried out, will be a big acquirment for not only this town, but for Dickson county as well.

Williamson county, Tenn., is to take up tobacco culture, a special says .. The development of this county as a jobacco market seems to be an assured fact within the present and coming season; and it is thought this will be one of the best moves possible to make for the citizens of the courty and the merchants of the town and county as well. The C. J. Moore warhouse has been leased for the season by the Nashville Tobacco Works, and Oliver Brittian has been stationed here with an office and warehouse force in charge, Mr. Brittian has beauthrough the county and has purchased between thirty and forty thousand pounds of tobacco. the first load of which was delivered last Saturday, and about 10,000 pounds has been delivered since. The average price of Burley paid has been about eight cents per pound, and higher grades have reached up as high as fourteen cents.
