### Mission Day And Ordination Service at Cave Spring Church.

There were many sad hearts in the neighborhood, of Cave Spring church when they awoke on Sunday morning, July 11th, to find it raining. That being the day set apart by that church to hold mission and ordination services.

As the day wore on, the clouds would seem to disperse and then in a few moments the rain would patter down.

A very large crowd had been expected, but owing to the clemency of the weather, the house was not more than half filled. At 11 a. m., the Pastor, W. R. Gibbs, delivered an able sermon on the subject of "Missions," after which collection was taken, amounting to \$30.00, notwithstanding the small congregation.

At 2:30 p. m., after song and devotional service, a Presbytery was organized, composed of Elder J. J. Franks, mod., Elder U. G. Hughes, Clerk, and W. R. Gibbs, to ordain to the office of Deacon, Phillip H. Hughes and Guy W. Myers. The examination was conducted by U. G. Hughes, the ordination prayer by W. R. Gibbs, the laying on of hands by Presbytery, the charge to the candidates was delivered by J. J. Franks, the charge to the church by U. G. Hughes, song and right hand of fellowship by Presbytery and congregation. Notwithstanding the fact we were principally all Baptist, we submitted to sprinkling when partaking of the bountiful dinner prepared by the sisters of that community.

Mr. Trail, who had charge of the song service, rendered excellent music with his choir.

The day was enjoyed very much by all present.

Livingston Echo and Livingston Banner, please copy.

## TAXES DUE.

The state and county taxes are now due and to relieve the sheriff of a great responsibility, should be paid at once. On December 1, I, as sheriff of Crittenden county, am required to settle with the state, and if I should fail to collect these taxes it would work a hardship on me as well as my bondsmen, to have to pay your taxes so come up at once and settle your taxes promptly. Do not wait for the penalty, or even a nearness to it, but pay them now if you possibly can.

In the near future I will have appointments for myself or one of my deputies for each precinct and to meet us at the designated time

and place to receive a clear receipt for your taxes, will aid your sheriff more than you may perhaps imagine.

Now, as my whole desire is to try to collect the taxes for this year without a single levy, or even penalty, I again urge you to aid me in this by coming to these places or to my office at Marion and settling same.

Hoping every tax payer of Crittenden county will aid me by an early settlement of the common burden resting upon all in proportion as God has blessed him,

I am yours very respectfully,  
J. G. ASHER, S. C. C.

## OUR MERCHANTS

### The Liberal Use of Printers Ink Is Bringing Good Results.—Five Full Pages Last Week.

The live, wide-awake merchants of Marion are reaping a rich harvest and, too, during the dull season of the year, and all because they keep the needs of the people in stock and advertise what they keep. A liberal use of printers-ink is not thrown away on an appreciative people. A page add may not interest one man when it is just what the other fellow is looking for. The good housewife does not feel interested in one merchant's add while she is deeply so in another, but she reads all of them just the same.

Montgomery, Ward & Co., and Sears & Roebuck advertise their goods else the people would not be guilty of sending money out of the State for goods, that in many instances, they could have bought cheaper at home.

Keep what these mail-order houses keep and let the people know you keep them and they will have little excuse for sending hard earned money out of the State for cheap goods. Our merchants are enterprising, business men, who, both want and need your trade. They buy your produce, giving you for it in many instances, more than you could get for it away from home, saving you the freight, and surely you should patronize the people that buy your surplus. These mail-order houses tell you what they have and very frequently, as well as unfortunately, you buy of them. But just send them an ad., setting forth the fact that you have chickens, ducks, geese, turkeys, butter and eggs for sale and they will laugh you to scorn.

Stand by your home merchants. They are your friends and you can be theirs. How do you think it looks for you to ask your home merchant for credit and turn from him to an unappreciative stranger to spend your money? Surely you should not send your money to merchants who would not credit you for a dime.

Come to Marion, new things are happening, a new era is being lived and the good old town is on a boom.

### Crittenden County Sabbath School Association Convention.

All Sunday Schools are requested to send delegates to the above named convention to meet at Marion Graded School building at Marion, Aug. 30th and 31st. Every Sunday School is entitled to five delegates, all to be entertained free.

Music for the occasion will be furnished by the Marion Sunday Schools. All workers cordially invited and every school urged to send delegates.

JAMES ALEX. HILL, Sec'y.

### 550 Hogheads go to an English Purchaser at Committee's Price.

[BY JAMES N. HANES.]

Manager William Elliott has closed a deal with an English purchaser whereby five hundred and fifty hogheads of Association tobacco—all put up at Sebrée—is sold to go over the water. I write it five hundred and fifty hogheads when for utmost accuracy I should record it as from five hundred to five hundred and fifty hogheads, the product of two Sebrée factories.

All I am permitted to say in regard to the price is simply this: The price is that named by the Executive Committee of this Association, and will yield to holders of Sebrée warehouse receipts the face value thereof, plus a dividend. The English purchasers stipulate that prices shall not be published until they have an opportunity to market their purchases.

The sale will realize for the Association from seventy-five thousand to eighty-five thousand dollars.

It gives me unalloyed satisfaction to report this sale to the good and loyal members of this Association who are so patient and uncomplaining when sales are delayed.

"Any prospects for further sales?" I plumped at Manager Elliott.

"Tell the good members prospects are good," he answered.

## For Sale.

We are authorized to sell the old Southern Presbyterian church building and lot in Fredonia, Ky.

Those desiring to purchase will please mail bids for same to J. W. Blue, Jr., of Marion, Ky., before the 15th of August 1909.

Committee.

## Birthday Party.

On July 23rd, 1909, at the country residence of Mr. and Mrs. J. R. Summerville, Mattoon, Ky., their little daughter, Mildred, celebrated her twelfth birthday by serving dinner and ices to several of her friends. Among those present were grandfather and grandmother Summerville, Mr. and Mrs. Samuel Eugenehsm and son, Samuel, Jr., of Marion, Mrs. Lillie Shrode, of Hopkinsville, Ruth Hearn, of Madisonville, Geneva Daniel and mother, of Marion, Florence Moore, of Repton, and Clara Barton Woody, of neighborhood.

All kinds of outdoor games were played, but the most enjoyable one seemed to be riding Midget, Mildred's and Eugene's pony, and playing with Trixie.

Many nice and beautiful presents were received. All seemed to enjoy themselves, and after wishing Mildred a long and happy life, left for their respective homes late in the afternoon.

### REASONS WHY THE GREAT MAJESTIC YOU SHOULD BUY

- 1st. It has the reputation of being the best Range money can buy.
- 2nd It not only has the reputation, but is the best range made, and we will prove this to you if you will let us.
- 3rd It is constructed of Malleable iron, material you can't beat, and of Charcoal Iron--material that resists rust 300 per cent. greater than steel-, is riveted together air-tight No heat escapes or cold air enters range thus uses very little fuel to do perfect work.
- 4th The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water; is heated like a tea-kettle, with pocket against left-hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

Majestic Ranges use less fuel; heat more water--and heat it hotter; costs practically nothing for repairs; last three times as long; bake better; easier to keep clean and gives better satisfaction than any other range on the market. If you knew positively that the above statements were true, wouldn't you buy a Majestic at once? Come In During Demonstration week and we will prove it to you:

## CRYING FOR HELP.

Lots if it in Marion, But Daily Growing Less. The kidneys cry for help. Not an organ in the whole body so delicately constructed. Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisonous blood. Backache is one of the first indications of kidney trouble. It is the kidneys' cry for help. Heed it. Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need. They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Marion citizen. J. O. Tabor, Marion, Ky., says: "I was afflicted with kidney trouble for about six years. The pains in my back were severe at times and when I was stooping or lifting, sharp twinges passed through my loins. My back always ached more severely at night and in the morning I felt very lame. I tried easily, was languid and nervous and had headaches. The kidney secretions also passed too frequently. I used one and a half boxes of Doan's Kidney Pills, procured at Haynes & Taylor's drug store, and they rid me of every sign of the trouble. I am now in good health." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously. Dyspepsia cannot eat the things they like; food scours the stomach; then comes constipation, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Fowler, of Carson City, Mich. did and he is well today. Others who did the same and are cured are Ida A. Fortuna, of Grand Junction, Tenn.; B. F. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never grips, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 200 Caldwell bldg., Monticello, Ill.

## DOUBLE HEADER

Goes to Morganfield.—Both Were Hotly Contested From Start To Finished.

Morganfield came to Marion last week, and took both games from our boys, by a combination of good luck and good playing on their part. It was disappointing to Marion fans to drop both these games, but we don't suppose we feel any worse than they did when we gave them the same dose over there. At least they were good games, hard fought and worth the money to see them; both of them anybody's game until the last put-out. Two such games as these were, are seldom seen in towns this size.

Morganfield certainly demonstrated that they have a good team, that can play good ball on occasions; their playing in these two games was 200 per cent better than in the former games with Marion. Their playing was good enough to win nine games out of ten; we can partly console ourselves by the thought that even with that, they had to have all the luck to win—and luck will not win every game.

Whatever good opinion Marion has of Morganfield's good ball playing, we cannot say anything for their fairness and sportmanship. The exhibition that

the Morganfield management and fans gave Friday, in the squabble over the umpire, was a disgrace to the team and Morganfield—nothing less. Their attitude was unsportsmanlike, unfair and of the kind that brings discredit upon the sport of baseball more than anything else. Briefly stated, it was this, and if they can get anything else to describe their attitude, we would like to know what it is: when Marion went to Morganfield to play, they selected the umpire, for both games, and Marion accepted their choice without argument or question. When they came here to play, they not only refused to accept our choice, but refused to choose for themselves any umpire out of Marion, and threatened to call off the games unless they could put in an umpire of their own choice. A compromise was finally made, solely on Marion's part because the management did not wish to disappoint the large crowd gathered to see the game. According to every custom of amateur games, Marion was entitled to select the umpire; the man selected was one whom we challenge any team who has played under his umpiring to bring the least charge of unfair dealing. But because Morganfield was determined to win at all costs, she argued and blustered until Marion, rather disgustedly, gave in. We do not believe that the fair minded people of even Morganfield would have defended the ac-

tions of their management in this case; we do not see how any fair minded person could. Marion is not even thinking of claiming that we were beaten out of the game by the umpire; it is true that there was one close decision, largely instrumental in the result, but we were satisfied with the work of Mr. Wallace, and have no complaint to make against him. But unless Morganfield wants to get the reputation of trying to win, by foul means if fair will not succeed, she had better cut out such actions as were displayed here Friday.

## THE GAMES.

Friday's game was largely one of luck. Marion out-hit Morganfield more than two to one, but Morganfield's drives came with men on bases, and Marion did not. A little bad base running in the third inning lost two scores for Marion, when two were on bases and none out, both being caught trying to steal. Morganfield scored in the third, when Laughlan reached first on an error stole second, and came home on Holycross hit; again in the ninth Burroughs reached first on an error, stole second, and scored on G. Taylor's single. Marion's run, the only earned run of the game, came when Taylor and Cummins doubled to the right field fence in succession, in the fourth. Cooperrider out pitched Holycross at all points, as the summary will show.

The second game, on Saturday, with Stevens pitching for Marion and Griese for Morganfield, was won by the latter, 4 to 2. Marion lost because Morganfield bunched nearly all their hits in the fourth inning, scoring all their runs then, and all of them were earned. Another factor was the phenomenal work of the visiting outfield: Hall in center and Burroughs in right had nine put-outs between them. Only three of these were on flies, the others being line drives, which in nine cases out of ten, would all have gone for hits. Four of their catches were on the "circus" order, and two of them were as fine as any game ever produces. Perhaps the fans who saw Saturday's game did not realize it, but they saw finer out field work than most big league teams could produce; it is safe to say that there has been no other game played in the country this year where four such catches were made were pulled off by Hall and Burroughs in this game. Each of them cut off what seemed certain hits, and at least two of the outs lost two runs each to Marion. If all of Morganfield's team played that sort of ball all the time (which they don't), nothing could beat them, short of Pittsburgh, at least. The visitors in-field work was very inferior to their outfield, six errors being credited to them, which produced both of Marion's runs. Marion played an errorless game, and had Morganfield's playing all been like that of their infield, Marion would have scored at least five runs. Goldnamer, Holycross and Quirey each secured two hits. Outside of the fourth inning, Stevens pitched his usual winning game; Griese was saved from a hammering only by the specta-

cular work of the outfield behind him; he was hit hard, but not a drive could Marion get past that outfield.

Cooperrider pitched for Madisonville against Morganfield Monday, at Madisonville, and Morganfield was beaten, 3 to 1, largely by his excellent work. Holycross pitched for Morganfield, and was again clearly outclassed.

Morganfield's claim to the championship of Western Kentucky, (and they even said all of Kentucky), was a little premature, as the result of their game against Madisonville showed. Morganfield will please remember that so far they have an even break with Marion and with Madisonville, and have not met Princeton. They are some distance from that championship yet. And three games out the last ten played with Marion is a somewhat small percentage of wins to make such a fuss over.

Marion may be in the bushes, but she was able to send a pitcher to Madisonville to down the mighty and cheery Morganfield team.

No wonder Morganfield does not love a school tournament. They like nothing in which they can not win, by some means or other.

The funny bone of the editor of the Morganfield Sun is tickled. Read carefully these few comments:

"Many of the people from Morganfield came home with cricks in their necks caused from gazing up at the skyscrapers. The trees down there are very high."

Not so, Charlie, it was the rot-gut whisky they brought with them. The wonder is they did not see snakes and have jim-jams instead of cricks.

"Who used his arm? Cooperrider. Who used his head? Holycross. Consequently, who shed tears? Cooperrider."

If Cooperrider shed any tears, he shed them in dire pity for the drunken crowd from Morganfield that paraded the streets of Marion all night, using language unprintable. The crowd failed to respect the elegant men and ladies who come with them and who were witnesses to the utter disregard for Marion and citizens.

To show Cooperrider's superiority over the Morganfield team, he defeated them at Madisonville Monday by a score of 3 to 1.

Morganfield went to Madisonville Monday with their belestuous rooters and attempted to run over everybody rough shod, as they did at Marion, but a stop was soon to see the hand-writing on the wall. Cooperrider was the "good Daniel" that was able to read them.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick, of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50 cents at Haynes & Taylor and Jas. H. Orme's drug stores.

Scientists have found in a cave Switzerland bones of men, who lived 100,000 years ago, when life was constant danger from wild beasts. To-day the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes: "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Throat, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00. Guaranteed by Haynes & Taylor and Jas. H. Orme. Trial bottle free.

## You May Need It

Ask your doctor about the wisdom of your keeping Ayer's Cherry Pectoral in the house, ready for colds, coughs, croup, bronchitis. If he says it's all right, then get a bottle of it at once. Why not show a little foresight in such matters? Early treatment, early cure.

**Ayer's**

Many a boy is called dull and stupid, when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills will do such a great deal of good. They keep the system pure.
