T. H. COCHRAN & COMPANY

Majestic Range Sales, a Great Success.

That it pays to advertise is shown from the successful week experienced by T. H. Cochran & Company their full page ads. appearing in three issues of the RECORD-PRESS, selling for them thirteen Majestic Ranges, besides buggies, wagons and other smaller articles in their line. Just think of it; 13 of these splendid friends to the deserving wife in a single week and too, at the very dullest season of the year. It shows that where you have a good article it pays well to advertise it. This enterprising firm have the finest retail hardware store in the First District and they are reaping a rich harvest from a liberal use of printers ink. Many of these Ranges were sold to people coming long distances and yet they were fully paid for their long trip, as our dry goods and furniture dealers had also advertised extensively giving them an opportunity to secure some splendid bargains.

Crushed to Death in Canada.

J. T. Lanham received a telegram Saturday stating that his son, Moses had been killed in a copper mine in Canada, from the falling of a car from the top caused from the careless handling of the hoister. Mr. Lanham, the aged father, is a respected resident of the Crittenden Springs vicinity. His son had been in Canada sixteen months.

KILL ME AND KILK ME QUICK

Was Durward Denton's Last words Friday Afternoon.

Durward Denton, well known in Marion and Crittenden county, was shot to death on the street in Henderson Friday afternoon by A. N. Lett. Denton had been infatuated with Lett's wife and had sworn to kill her and himself if she refused to leave her husband for him. Mrs. Lett who is in no way responsible for Denton's conduct, is the daughter of Mr. and Mrs. Fred Haag, of Henderson. Coroner's jury exonerate Lett and he is now a free man.

Prominent Woman Burned To Death at Elizabethtown.

Mrs. Steele, a prominent lady of Elizabethtown, Ill., was burned to death in her home last Thursday morning. She had just sold her home, but was still living there, and when the fire was discovered the house was a solid mass of flames, with no chance of rescuing the unfortunate woman. Mrs. Steele was the mother of Mrs. Phin Croft, of Tole, whose husband is perhaps the largest taxpayer in Crittenden county.

GOOD EPWORTH LEAGUE SERVICE

There was a good attendance at the Epworth League service Sunday night. The leader was Miss Nannie Rochester and the lesson "Ingratitude." Miss Nannie made a splendid leader, showing a knowledge in such things far in advance of her years. We were proud to note the number of intelligent young people present. It speaks well for their future.

Lebanon Bible Conference.

This is the third year of the Bible Conference at Lebanon, Tenn. The two previous Conferences received many words of praise because of their success, but it is on every one's tongue that this Conference has surpassed any of the preceding ones. The attendance was better this year than ever before. The situation is favorable for a delightful spirit of fellowship, and with the cordial so it was a feast of social enjoyment from first to last. The program was a fine spirit so prominent in the South, strong and practical. Nowhere in this country could we have received more excellent things in the short period of one week. Fourteen States, Japan, China and Siam were all represented. The Conference was opened with an inspiring sermon by Dr. J. W. Barkley, Moderator of the General Assembly. Five ex-Moderators of the General Assembly sat on the platform the first evening. Rev. R. G. Pearson, in his series of lectures on Romans and the four Gospels, showed himself to be a Paul in reasoning and a master of the Bible. Every one was delighted with his lectures. Dr. James A. Worden gave some thrilling lectures and practical Normal Lessons exceedingly helpful to Sunday School workers. Dr. Worden is very dear to the hearts of the southern people. The conference on Young People's Work, conducted by Rev. W. B. Gelston, of Philadelphia, were very helpful in suggestions and in inspiration for our young people. Dr. J. I. Vane's three lectures on "Christ," "The Church," and "Love, the link that unites them," commanded the admiration and praise of every one. The lectures of Dr. W. M. Anderson, pastor of the First Presbyterian church at Nashville on Pastoral Work were as full of practical points and suggestions to young ministers as a pine tree is of spines.

The early morning devotional hour and the sunset services under the

cedars, conducted by Drs. Elmore, Backman and others, were feast of spiritual joy. The great addresses of Rev. Lincoln Hulley, the most versatile man in the United States, added very much to the enjoyment and instruction of those attending the Conference.

There were two marked features of this Conference:

First. The spirit of true consecration. The very atmosphere of the place was alive with spiritual potency. In the last sunset service under the cedars it seemed that Heaven touched earth with a halo of glory.

Secondly. There was not a discordant note on the integrity and plenary inspiration of the Bible. There was not the least vestige of disharmony from any of the speakers on these great questions. It seemed that one Spirit had permeated and dominated the thought of every speaker so that there was a perfect unity in all their lectures. To God be all the glory for this excellent Conference.
JAS. F. PRICE.

A Record Breaker.

Teachers' Institute.

Crittenden County Teachers' Institute will convene, Aug. 23, to 27. The program for the meeting is now being prepared and will probably be distributed by Aug. 18.

Thursday, Aug. 26, has been set apart as "Patron and Trustee's Day." We hope that all trustees and patrons will come and take part in the discussions on this day. Teachers:—Take the trouble to see that the trustees and the patrons of your district hear of "Patron and Trustee's Day" and insist on them being present. We hope to have a regular Teachers' campmeeting all week.

Supt. Jno. P. King will be the instructor. He has outlined the work along lines which we believe will be both interesting and helpful to all the teachers in the county. Some of the leading business and professional men of the county will read papers and give talks on special topics. We have tried to place every teacher on the program. Come prepared to discuss, briefly and pointedly, the subject given you. If your name has been overlooked, prepare to discuss some of the various topics in which you are most interested.
JNO. B. PARIS, Co. Supt.

I am agent for the Hopkinsville Steam Laundry and am here to stay, not in one week and out the next. If you give me your patronage I shall appreciate it and render you a prompt and satisfactory service that will prove unequalled. Its Old and Reliable and besides, is a Kentucky Institution. Please save your laundry for me and when I fail to satisfy you I shall not blame you to then take it from me.
Yours Truly,
ROY CHAMBERLAIN.

GOOD THINGS TO EAT

At Hurricane Camp Grounds Will be Cooked on the Majestic.

Mr. A. F. Franklin, a prosperous and popular farmer, of near Fords Ferry, was in Marion Saturday and bought, while here, one of the noted Majestic Ranges of T. H. Cochran & Co. Mr. Franklin runs the hotel at Hurricane Camp Grounds, opening Thursday of this week. He is a clever, courteous gentleman who shows his knowledge of keeping harmony in the home in his selection of the great and popular Majestic. And it is to be hoped that many Marion people will be among the great number to enjoy the many good things cooked to a King's taste on his new Majestic at the the grand old Camp Grounds at Hurricane.

Re-union.

For the first time in eight years the entire family, of W. E. Weldon, gathered at the home of our dear mother, Mrs. E. J. Gibbs, of Sheridan, Ky., on Sunday, Aug. 8th, 1909.

Those present were:—Geo. T. Belt and family, T. A. Weldon, wife and daughter, of St. Louis, Mo.; Jno. M. Belt and family, Enoch Belt and family. Those with our dear mother consisting an even twenty.

The day was most pleasantly spent chatting and talking of our childhood days and at noon we gathered around the table from which we had so often eaten as boys and girls and feasted on the abundant supply of good things placed before us.

May God's richest blessings follow all and He being willing, we hope for many yearly reunions of that happy day.
ONE OF THEM.

Fire at Sturgis.

During the Sunday school hour at Sturgis Sunday the dread fire alarm rang out over the quiet little city and soon the hundreds of successful fire fighters, men and women, black and white, were rushing to the nice little home of Mrs. Salwe Kuykendall, that was doomed before it was discovered. Most of her furniture, carpets and bedding was saved, but everything in the kitchen and dining room was lost, as the fire originated in the kitchen while preparing the noonday meal. The loss of perhaps \$1500 was but lightly covered by insurance. As Mrs. Kuykendall is afflicted with heart trouble it was with great difficulty her life was saved, as when she saw her home being reduced to ashes she gave away entirely and in the intense heat the attack for a time seemed as if it would prove fatal.

Removal

I have moved my office from the Jenkins block to upstairs in Carnahan building, next door to Dr. Dixon, where I will be pleased to have my patrons and all those in need of the best glasses in the world to call on me.

Announcements

We are authorized to announce
JOHN L. GRAYOT
as a candidate for Commonwealth Attorney of the Fourth Judicial District of Kentucky, subject to the action of the Democratic party.

We are authorized to announce
JUDGE J. F. GORDON
as a candidate for re-election to the office of Circuit Judge of the Fourth Judicial District of Kentucky, subject to the action of the Democratic party.

The Record-Press will give to the man or woman, old or young, a beautiful watch, 16 size, 20 year, "Jas. Ross," Hunting Filled case, with 15 jewels, Elgin movement, for the greatest number of subscriptions for the "Twice-a-Week Record-Press" sent within the next 4 weeks of the closing of Saturday, Oct. 2, 1909.

This beautiful watch is the most costly in the stock of Levi Cook, the reliable jeweler, and can be seen in his show window at J. H. Orme's Drug Store. If the watch should be won by a lady she can make a selection from his stock for the most beautiful design with the same work and movement. The watch is a beauty and is worth the effort to win it. Go to work. We want new subscribers and are willing to pay for them. The one sending ten subscribers, old or new, may get it. The watch will be given away to whoever sends in the greatest number up to 4 o'clock of this date. We do not like voting contests, as the time is too long and people are induced to take the paper for a term of years, but we do want every one to take the Record-Press. We are making an effort to give you the best twice-a-week paper in Kentucky and by sending in your subscription you can prove an important factor in making it so. Just go to work among your friends and either have them subscribe or renew and you may be the lucky one. Remember we do not expect any one to send a big club, as most people are taking it, but to put it in every home in Crittenden county and as many others, is our reason for making this offer. This offer is to anyone anywhere. Get up your club and send in at once and we will send you receipt as fast as sent us. Your name will be published with the first dollar sent. Send in your names as candidates for the prize as soon as possible and the amount will be credited in each issue throughout the contest.

An Expensive Spree.

The latest estimate of the cost of the Panama Canal is \$500,000,000. The first was \$140,000,000. The last, in our judgment, will approach a billion. But that is not why the Government needs money. Eight years under Cleveland cost the country \$2,519,524,867; eight years under Roosevelt, \$4,627,855,383, a difference of more than two billion dollars. The army and navy, under Cleveland, cost \$551,559,393; under Roosevelt, \$1,781,426,471, a difference of nearly a billion and a quarter. And fifteen years hence not a single battleship now afloat will be fit to go into action.--Harper's Weekly.

'Possum Ridge

The ice cream supper and debate at Seminary Saturday night, July 31, was a success. A large crowd was present, and the weather being propitious, a good time was enjoyed by all.

The debate took place in the school house, although only a portion of the crowd could get into the building. The debate was between Opossum Ridge and Oakland, the latter being successful, after a spirited contest.

The subject for discussion was "Resolved, That war has been a greater evil to humanity than the use of alcohol." Opossum Ridge had the affirmative and Oakland the negative. There were three speakers on each side, Wallace, Loney and Wesley Clift representing Opossum Ridge, while W. K. Powell, J. D. Reynolds and Harve Powell were the Oakland speakers.

Wallace Clift, of the affirmative, made the opening speech. "He admitted that alcohol causes more evil than war at present, but pointed out that alcoholic were discovered only 800 years ago, while war has been on the earth through all history.

W. K. Powell, of the negative, spoke next. He pointed out the great good that had been accomplished through war, how the Revolutionary war had established our independence and how the Civil war forever destroyed slavery in this nation. He showed how men become great through war, while no one ever attains eminence by enlisting under the banner of King Alcohol.

Loney Clift of the affirmative was the next speaker. He described the vast amount of suffering caused, the billions of dollars expended and the innumerable lives lost in war.

Harve Powell of the negative made the next speech. He contrasted the death of the soldier with the death of the drunkard, showing how men who die in war are always buried with honor, while men who die from intoxication die deaths of shame.

Wesley Clift of the affirmative was the next speaker. He admitted that some wars have been righteous, but that the great majority of them have been caused by the ambition of wicked kings and rulers. He spoke of the wars of early history, showing the evil that had been caused by them.

J. C. Reynolds was the next speaker for the negative. He showed how many promising young men with bright intellects have had their lives made a failure from the effects of wrong drink.

The closing speech was made by Wallace Clift and then the judges took the question, giving a decision in favor of the negative.

Though unsuccessful in the debate "Possum Ridge can console herself on the fact that one of her girls carried off the cake in the prettiest girl contest--Miss Alma Heath.

In Memory of Little Kerry Franklin.

No more we see dear Kerry's face
No more his sweet voice hear,
Until we reach the heavenly gate
Oh let us meet him there.
Where pain, and death, can never come
And sorrow knows no more.

Oh parents let not your hearts grieve,
Although you loved him dearly.

Though his little body is cold
And silent in the tomb,
We hope some day to see his face
In realms of eternal bliss.
Where no farewell tears are shed,
And he with Jesus evermore.

How happy that meeting will be
In a brighter world than this.

SOME THINGS THEOLOGICAL

BILLY JOEL CAN'T SWALLOW.
I do not write this paper in the spirit of controversy, but in the interest of what I conceive to be the truth. The doctrine of "once in grace, always in grace," I do not believe is sound theology and is not taught in the Bible.
The everlasting life spoken of by John is all right so far as God's part is concerned. The life is everlasting because he is everlasting. But his being everlasting does not imply that man's faith in him is everlasting or his obedience to him absolutely sure. There must be no break in our faith for it to be everlasting to us, for "God is no respecter of persons."
When God made a covenant with

Abraham he made it on conditions, he must forsake all and follow God. So it is with this everlasting life John speaks of. Read the contract between God and Abraham: "I will give unto thee, and to thy seed after thee, the land wherein thou art a stranger—all the land of Canaan—for an everlasting possession, and I will be their God and thou shalt keep my covenant, thou and thy seed after thee in their generations. This is the covenant between me and thee and thy seed after thee: Every male child among you shall be circumcised, and it shall be a token of the covenant between me and thee. He that is born in thy house, or is bought with thy money, must needs be circumcised and my covenant shall be in your flesh for an everlasting covenant." Gen. 17: 8-13.
Now, you see, Abraham must meet the conditions of this everlasting covenant to enjoy its benefits, and just so with this everlasting life. To enjoy its benefits we must meet the conditions, and the man who can not see this is in the dark.
Now, let us see what the Bible says on the subject: "But when the righteous turneth away from his righteousness and committeth iniquity and doeth according to all the abominations that the wicked doeth, shall he live? All the righteousness that he hath done shall not be mentioned, in the trespasses that he hath trespassed, and in the sin that he hath sinned, in them shall he die." Eze. 18: 24. Does that read like "once in grace, always in grace?"
Read the life of Solomon and see how he came to the end of his life. Look also at Saul's life. Samuel had been showing him the word of God and in the 10th chapter of 1st Sam. we see that Saul was turned into another man and God gave him another heart. There is no way to get around this. Sad but true he turned out to be a murderer. This is one way we can get away from God and lose everlasting life, and in this way the spirit of the Lord departed from Saul and he ended his life by committing suicide.
Take the case of Judas, one of the twelve disciples called and sent out by Jesus to preach the gospel, heal the sick, cast out devils and raise the dead. Jesus said they had peace and could be as harmless as doves. Is this good religion? I think so, and I think Bro. King will have to put another mark on Judas. If Judas was not a good man why did Jesus say he should sit on one of the twelve thrones, judging one of the twelve tribes of Israel?
Like many other men who love money, he sold out for 30 pieces of silver and hung himself. Mat. 27:5
I believe many of our race have been lost because of this doctrine.
Oh, that I could stop the tide of error and turn the people toward God and the truth, and I give you this warning that your blood may not be on me at the judgement.

REV. A. C. BIDDLE IN MADISONVILLE HUSTLER.

As a citizen, a minister, and an educator, I am delighted with any increased interest in matters of education in our State. I hail with gladness any movement for the better education of the youth of the country. Wise legislation executed by far-sighted school authorities throughout the State, and this seconded by an awakened public sentiment, will do much to speedily lessen the shameful number of illiterates and put our country schools in the way of a healthful advancement. The entire State seems to be awakening. The "Whirlwind Campaign for Education" is an opportunity of a lifetime. No lover of education or of the best good of the common people should let it pass without an effort to do his best to promote it. Let us make a wise use of this opportunity that is afforded us, and while the public ear is attentive, and the public mind is awakening to the demand of a better education, strike while the iron is hot for more and better schools. And what is the best use to be made of this opportunity?
In my opinion there is no same use to strive to build or endow great colleges, either state or denominational or plant and equip great State Normals, while ignorance and illiteracy is growing more and more prevalent in the rural districts. It is certainly not wise statecraft. What Kentucky needs, and needs most profoundly is not more nor greater colleges, but more and better country schools. That school is of prime importance to the State which is an absolute necessity to the general intelligence of the people. The boys and girls of the rich or well-to-do will educate; and it is not necessary or even wise to aid him to thus educate himself in affluence and luxury. To educate the boys and girls of the poor and working class is a problem. If State aid is given at all it should be upon the broad principle of aid to the masses and not to the privileged. When State schools or County High Schools make a promise of a free tuition to the country boy or girl it is to draw away those who can attend or board in the town or city, leaving only the poor or hard working lad or lass to a poorer opportunity, and thus become a menace to general education. It is a high privilege to highly educate the youth of the State, but it is an absolute bounden duty to furnish all its citizens with a general education. Of course we should aid the college, but we shall most effectually do this by building up that without which no college can prosper, a broader, better condition of our rural schools. Public officers and public improvements, like public funds, are the property of the common people, and should be created and used for the general welfare of the public. I am old-fashioned enough to believe that all State and county funds raised or appropriated for education, should be used so as to benefit the masses and not classes. It is true that the Supreme Court of the State has de-

cided that the State, through its Legislature, has the power to appropriate for education. I do not believe it is constitutional, however; but it is very evident to my mind that no State has a moral right to expend sums either great or small upon specific institutions, while the common schools of the State are in grave need of assistance. There should be no appropriations made, at least until the country schools are in better conditions.
The fact is that, in the spirit if not in the letter, of the constitution, there should be no State or County schools save the common schools. Every district school in the State, by virtue of the Constitution, is the school of the State, and there ought to be no other. "Whirlwind" all can in the glorious cause; "Campaign" every year if you must; but make it the great aim of your effort to better the conditions of the common schools in all your counties now and at home, and the colleges and higher education will reap the harvest by and by in the higher uplift of its general citizenship. Many a poor boy and girl in Kentucky are compelled by force of circumstances over which they have no control to spend the years of their schoolhood in the place where they were born; and by centralizing our institution of learning we shut them away from that without which all citizenship would be a failure and a curse; a general and wholesale intelligence. I plead for better houses for our country schools, better equipment for the work to be done, longer term of school privilege, and a higher place in the public estimation of the district and village school.
A. C. BIDDLE.

Mild Laxative for Baby Free

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become feeble, weaklings between birth and the age of ten, when the parents are still in greatest control. The prime cause of trouble is in the stomach. A baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good romps and plays and never whines; the growing child learns well at school and is eager for fun if its head is clear and its stomach light, and that means if it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Cullum, Plainville, Ind., and numerous others can testify who give it to their children with extraordinary results. A bottle only costs 50 cents or \$1 according to the size you want, and even one 50-cent bottle will do a wonderful amount of good in a family. It can be given to any member of the family in constipation, four stomach, indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles. It cures colic, gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folks.

If you have a child or other member of the family who needs, but has never used this grand laxative tonic, send your name and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 560 Caldwell Bldg., Monticello, Ill.

Sulphur, the Great Germicide.

What does the health department or a physician do in a house where there has been Diphtheria, Scarlet Fever, Consumption or some form of contagious disease? Fumigates it—burns sulphur in every room, nook, corner and cranny. Ask them why, and they will say "To kill the germs of the disease."

Very well; if sulphur will kill disease germs in a room or house, won't it kill them in the human body, if the sulphur can be applied or given in a way that will permit it to penetrate as thoroughly and completely as the sulphur fumes?

But the human lungs cannot stand sulphur fumes and as stated before, fumes of sulphur (powdered sulphur) are not efficacious. Then the only other thing is to find some way of applying sulphur to the human body so that it will penetrate the entire system and reach the source of the trouble.

Little's Liquid Sulphur does this; it seeps itching instantly and permanently relieves all forms of skin complaint, eczema, erysipelas, pimples, running sores, tetter, ring worms, chaps, roughness, redness or skin blotches.
