"WELDON"

A life insurance policy in the Prudential is a wellspring of comfort and satisfaction to the man insured and his wife. It will remain with them to the end, at least, if everything goes as it should.

It is true that young children will be protected if he is taken away. The sooner the better.

If you SEE IT IN THE POLICY, IT'S SO.

Every line in the Prudential Policy is Guaranteed.

If you have anything to see how you will do it now! There is no time. Leave no months. Our four-month plan is the only plan in the world, and it is intended to meet the needs of a child.

Mrs. Bancroft said that a teacher should have his work fully planned and carefully executed. The teacher should work and read, and the teacher should not fail to use the best books he can.

"A man should have his work fully planned and carefully executed. It is not enough that he should have his work well done. He should plan his work carefully and do it in such a way as to make his work as effective as possible."

The teacher should bear the burden of the work in proportion to his work, and not be too anxious to have everything planned and ready to start.

This idea of the importance of study was discussed by the following: A. B. T., T. H., M. H., M. A., and others.
