MARION, CRITTENDEN COUNTY, KENTUCKY, SEPT. 10 1909

NUMBER 20

## MR. MARION F. POGUE UNANIMOUSLY CHOSEN AS DEMOCRATIC NOMINEE

Represent the Counties  
of Crittenden and Liv-  
ingston in the Next  
General Assembly  
of Kentucky.

ACTION NOVEMBER  
SECOND, 1909.

Pogue Has Done Much Good for  
the Schools of Crittenden Coun-  
ty—A True Christian Gen-  
tleman.

Marion Forrest Pogue was born  
in 1867, and reared on a  
farm. He was educated in the common

MR. MARION F. POGUE.

of the county and Marion  
Pogue and Normal School, from  
which institution he finished the  
Common State Certificate course in  
1891. He has since been continu-  
ously teaching in the public schools;  
common school graduates have  
been sent out from his schools  
from any other rural district of  
the county. While he has laid aside  
work of teaching now to devote  
time to store and farm, he still  
keeps the educational work of the  
county at heart, and perhaps no one  
in the county is more conversant  
with the needs of the rural schools  
than he, having given nearly a  
century of the best of his  
life to the work.

He has held many places of public  
trust to the satisfaction of the  
public which he served. He was  
master 12 years, Deputy Clerk,  
County Commissioner, Representa-  
tive for six years Assistant  
in the House of Represent-  
ation, having in races for the latter  
defeated some of the most  
able Democrats in the state.

As a legislator he has been ena-  
bled to see the need of organization  
operation among the agricultur-  
al classes to shield them from the  
onslaught of corporate greed, therefore  
always allied himself with the

farmers organizations, being presi-  
dent of Frances local A. S. of E.,  
and chairman of his magisterial dis-  
trict in the stemming district Asso-  
ciation.

Letter From Los Angeles, Cal.

Los Angeles, Cal., Sept. 2  
Editor Record-Press:—I have  
thought many times of writing and  
giving you a sketch of Los Angeles,  
California, though I can't do it  
just now. I can say, however, it is  
one of the healthiest and loveliest  
places in the world. It is the gar-  
den spot of the world. We can  
raise garden products all the year  
round. The grass is always green  
and the flowers bloom all the time.  
We have no rain except during the  
winter season. The days are warm  
from about 2 o'clock until about 5  
in the evening, then it is cool and  
one can sleep nicely—a great im-  
provement on Kentucky. I like old  
Kentucky, but don't think I should  
care to ever make it my home again.  
I have relatives there that I should  
like to visit—my father, Stanton  
Pierce, my brothers, Judge Pierce,  
Abart Pierce and George Pierce.

I have also other friends there I  
should like to see, but I hardly  
expect to ever visit Kentucky, for I  
am getting old; but I often think of  
my dear friends and relatives there  
and live in hope of seeing them some  
time in the future.

Mrs. Mary Ralston.

## TO THE VOTERS OF CRITTENDEN AND LIVINGSTON COUNTIES

In accepting the nomination for a  
seat in the Lower House of the next  
General Assembly of Kentucky,  
by the unanimous vote of my party  
in convention assembled, I am indeed  
grateful for the expression of con-  
fidence reposed in me; the more so,  
because the nomination comes to me  
entirely unsought, and I feel also an  
endorsement of my course in the  
House as your member in the session  
of 1902.

I speak from experience when I  
say, that in undertaking to serve  
you, if elected, that I will do so at  
a sacrifice to my professional and  
business interests; but as the banner  
has been placed in my hands I shall  
do every thing honorable within my  
power to carry it to victory.

I feel that my experience as your  
member one term and three terms as  
clerk of the House qualifies me, to  
some extent, to make you a more ef-  
ficient Representative, than when I  
first served you without any knowl-  
edge whatever of practical legislative  
work.

If you honor me again I shall  
strive to make you an honest and  
faithful member; striving to make  
laws fair and equitable alike to all.  
And endeavor at all times to reflect  
the will of my people on all ques-  
tions of public interest.

I shall stand for temperance and  
sobriety.

I shall stand for a law that will  
stop "blind tiger" and "boot leg-  
ger" from invading our territory,  
which by our votes we have said  
shall be dry, and vending his vile  
poison to our youth, thereby disturb-  
ing the peace and tranquility of  
neighborhoods, and religious and  
other lawful assemblies, even if it  
takes the prison stripes to do it.

I feel that the present Trustee

law and school system passed by the  
last General assembly is unjust, un-  
fair and unsuited to the requirements  
of our people; therefore, if elected I  
shall vote and work for its repeal.

I stand for laws that shall be re-  
spected by all classes alike; believing  
that law and order can only be main-  
tained by a fair and impartial ad-  
ministration of the laws of the land.

If you can give me your support,  
I shall appreciate it, and endeavor  
to give you no cause for regret at  
having done so.

## Disgraceful Affair at Frankfort.

Frankfort, Ky., Sept. 4.—In a  
brawl followed by the most terrific  
riot ever known in this city between  
militiamen and civilians, Sergeant  
Ingram Tate, of Somerset, Ky., of  
Company G, Kentucky state guards,  
and Jeff Cook, a civilian, were killed  
and William Nichols, Joe Conway  
and Alex McNally were probably  
fatally wounded.

The riot began in the Paradise  
saloon in the "Tenderloin" section.  
Private Wm. Phillips and C. E.  
Toadavine, of Company G, who were  
standing near Tate when he was  
killed, identified Joe Nichols, who is  
under arrest with eighteen others  
as the man who fired the shot that  
killed Tate.

The house was almost shot to  
pieces by the troops in their efforts  
to gain an entrance to lynch the man  
suspected of killing their comrade.

For more than an hour eighteen  
men held the fort against the reg-  
iment. As the shooting continued  
the residents in that section retreated  
to the cellars for safety.

Every person who attempted to

leave the neighborhood was halted  
with bayonets in an endeavor to find  
the men who started the riot.

Col. J. E. Allen, commanding the  
Second Regiment, County Judge  
James H. Polsgrove and Chief of po-  
lice Mangin accompanied by soldiers  
searched the building. They found  
the men huddled in the top story.  
They were taken to the jail, which  
is being guarded by soldiers to pre-  
vent a lynching.

Taylor & Cannon, composing one  
of the most progressive dry goods  
concerns in the city, have returned from the mar-  
kets and their immense line of fall  
and winter goods are now rapidly  
coming in. The row of boxes already  
emptied and stacked up outside from  
the recent shipments, measures forty  
feet long and seven feet high. This  
gives the public some idea as to how  
they bought goods this time, and  
new shipments being received every  
day. This big store is full up stairs  
and down and with the freshest and  
most carefully selected stock to be  
found anywhere.

## Senator P. S. Maxwell Returned

Senator P. S. Maxwell has returned  
from a several weeks visit to his  
niece and nephew at Ardmore, Okla.  
and looking much rested and im-  
proved from his short sojourn in  
the great West. Senator Maxwell  
said he found everybody in fine spirits  
in that growing western town and as  
a whole, was very much pleased with  
his trip.

## MARION GRADED SCHOOL OP- ENED MONDAY

With Good Attendance—Opening Ex-  
ercises were Conducted by Rev.  
Johnson of the Southern  
Presbyterian Church

Marion Graded School opened  
Monday morning with a good en-  
rollment. The opening exercises  
were conducted by Rev. Thomas C.  
Johnson of the Southern Presbyte-  
rian church, who, after some soul-  
stirring songs by the High School  
girls, made a very appropriate talk  
to the children and their parents.

Prof John P. King made a splen-  
did talk to his pupils, their parents  
and to the teachers. His talk was  
wholesome and if adhered to will  
make a good school anywhere. Before  
closing his talk he said he believed  
as a charity game of ball was to be  
played in the evening for the bene-  
fit of a deserving young man who  
had been afflicted with typhoid fever  
for more than 80 days, that it  
would be proper to have no school  
in the evening in order that all  
might have a chance to aid in swell-  
ing the fund. Rev. Dr. Johnson  
said that was right and that he  
thought the children should have  
also a half holiday on Friday for the  
big show, which met with hearty  
applause from every one of the five  
hundred children present.

The deep interest shown in the  
school was the great number of the  
patrons present and all in a cheerful  
mood. Prof. King has the school  
well organized and in good working  
order, with efficient teachers and  
every teacher at his or her place.

## The Street Parade.

The great street parade of the  
great Robinson shows will take  
place at 10 o'clock today and will  
pass by the school for the sole ben-  
efit of the children.

## T. J. Yandell Home Again.

Mr. T. J. Yandell, the popular  
Cashier of the Marion Bank, returned  
Tuesday from Evansville, Indiana,  
where he had been for the past week  
recuperating his health. During his  
absence his position was alternately  
filled by Pres. Jno. W. Blue and H.  
K. Woods. Mr. Yandell is looking  
well and says he feels his trip to  
have done him a world of good.

Henry Stone pays cash for his  
goods and sells them the same way.  
It is the best way. Try him and  
you will be convinced.

## N. P. Taylor For Mayor of Henderson

Hon. N. Powell Taylor has been  
nominated by the citizens of Hen-  
derson for Mayor and if elected, will  
make the flagrant law breaker hard  
to catch. He has served for a  
number of years as county attorney  
and it is safe to say the county never  
had a better one.

## Tom Clifton Very Low.

The condition of Mr. Tom Clifton,  
who was stricken with paralysis last  
Saturday, is yet very critical—in  
fact, no change for the better. He  
is yet unable to move and is still  
speechless. He is in a pitiable con-  
dition and his good wife, with her  
three little ones, has the sympathy  
of the entire town.

If you are looking for bargains  
and want the best to be had, go to  
Henry Stone. He has the best all  
around stock of dry goods and shoes  
to be found anywhere and is selling  
them at a great reduction.

## LABOR DAY AT MAXWELL PARK

Frazers professional men and T. H.  
Cochrans business men, resulting in  
a tie. The score; 9 to 9.

The game was interesting and was  
also well attended, the proceeds,  
amounting to more than sixty dollars  
generously given to Paul Gossage, a  
valued member of the team, but de-  
prived of the pleasure of playing  
this season by a long attack of ty-  
phoid fever. The foot race results  
were as follows:

tie between C. O. Kraft and Emmet

The entrance fees in all the con-  
tests were 25 cents, amounting to  
\$15.00 which added to the gate fees  
made a snug little present to Paul  
Gossage.

Senator Maxwell and Dr. Frazer  
were conspicuous in circling the  
bases.

In the 50 yard dash, M. F. Hay-  
nes, John W. Wilson and J. H.

convicted of murder in the Posey  
circuit court of Mt. Vernon, Ind.,  
and sentenced to the penitentiary  
for life, in 1900. Mr. Moore suc-  
ceeded in getting a pardon for him.

### Announcements.

We are authorized to announce Judge THOS. J. NUNN, as a candidate for Appellate Judge of this, the First Appellate Court District, subject to the action of the Democratic Party. Primary, first Tuesday in November, 1909.

We are authorized to announce MARION F. POGUE, a candidate for the office of Representative in the next General Assembly of Crittenden and Livingston.

### Miss Clara Nunn Announces.

Having been requested by friends of all parties to make the race for county Superintendent of Schools for Crittenden county. I have decided to announce myself as a candidate for that office and respectfully solicit the support of the people of Crittenden county at the Nov. election, 1909.

### BLASPHEMING CHRIST.

The two words, LIQUOR INTERESTS, form a sentence coined and promulgated by Yankee fakirs and grafters of the sanctimonious stripe. This "sentence," used as it is in America, forms a slogan for the use of rascality when urging fools to vote for prohibition. And not satisfied with one audacious crime, they commit another by forging the name of Christ to their counterfeit. Christ turned water into wine, it is so recorded in scripture.

Christ partook of a banquet, given to Him by a "publican" (saloon-keeper), it is so recorded in scripture. There is the evidence!

Are not these infamous prohibition liars and hypocrites "blaspheming" the name of Christ? The "sentence"—LIQUOR INTERESTS, as used by prohi fakirs and grafters, is a misnomer; or, in other words, a falsification. We never hear these contemptible falsifiers talk about the "Bread Interest," or the "Meat Interest," or the "Vegtable Interest," and yet these three interests are essential allies, used at the dining table in conjunction with each other in all "Christian countries."

It is not a "moral wave" that is sweeping the country in the name of "prohibition"; it is the "wave of hypocrisy" prostituting the banner of Christ. Would to God there was a "moral wave"; we need it had enough in order to check the imposture and hypocrisy of "prohibition." There are many Christian preachers, thank God, who are standing true to the "Christian doctrine," which is "temperance, not "prohibition."—The Patriarch.

The above was reprinted by the

so called Journal of Labor at Louisville, Ky., and is about as near swindlers as we ever read; and for argument, a school boy could have produced better.

This man, it is plain to see is advocating or championing the whiskey interests for the money that he is in it and not for the good of the laboring people he claims to represent. Even the laboring people do not believe as he claims too or there would not be a dry county where strong labor organizations exist. He has been raised up to use the word "snob" until he knows nothing else and very little of that. If he was a gentleman or had ever been, he would have never resorted to such rot. If the people who advocate the extermination of the liquor traffic are hypocrites, they are in a large majority and will never burn in the everlasting hell, that is as surely prepared for his type as his shiny tongue is not fit to be heard even by the ass or the ox. *There are all sorts of lies in his name so that he is trying to teach the proud people of Kentucky the definition of "snob" and how to drink liquor.* One thing for sure, is, that the laboring people do not agree with him and the sooner they get rid of all such grafters the better for them.

The following is another of his paid articles:

### PROHIBITION AS A BREEDER OF RANK HYPOCRISY.

The following story is told by an Episcopal Clergyman, in the Baltimore Labor Trades August 21st, 1909, which shows the effect of prohibition as a breeder of rank hypocrisy: About four years ago, shortly after a certain town on Long Island went "dry", a hotel keeper in this town received a letter from a wholesale whisky concern in Kentucky, reading something like this: "Will you kindly send us the names of any persons in your town who, you think, might be likely to purchase wet goods. We have a very fine brand of whisky (naming the brand) that we should like to introduce in your town. We shall be glad to extend to you the usual courtesy of 10 per cent commission on all sales that we may make through the list you send us." Well, the hotel man thought he would have a little fun, and so he made a list of about 35 of the most rabid prohibitionists in the place and sent the list to the whisky firm. He thought it would be a fine joke on the prohibitionists to have them deluged with whisky circulars. And it turned out to be a better joke than he thought. For, at the end of three months he received a letter from the whisky people thanking him for what he had done and inclosing a check for \$27.00 commission. This story throws light on the curious circumstances already referred to, that as the prohibition movement spreads, the consumption of liquor increases.

Now if there be one word of truth in the above why do these scoundrels object to prohibition? Every time you hear a man argue this you know just how much of it to believe. If the people are drinking more whisky

under the prohibition laws, why are such scoundrels the author of the above against it? He says prohibition makes liars of the people but fails to add that whisky makes drunkards of them. Hell is full of such as he and will be fuller.

Circuit Court convened in the city of Henderson on last Monday with Hon. J. W. Hanson presiding.

Presumably this will prove the most noted session in Judge Hanson's experience as circuit judge, as there are six murder cases docketed besides the attempt at murder, the robberies and other violations of the statutes, and when his court is adjourned it is to be hoped that a just punishment will have been meted out to those deserving it.

The American flag to be seen waving proudly from its perch at the north pole is now for a certainty, the most highly recognized flag of the world, let us appropriate it to the extent that we do nothing to bring His curse upon us. Other great nations have done this, and we could. But will we? God forbid.

At Bowling Green, Kentucky, the Board of Regents of the Western Kentucky State Normal School, awarded contract to Jacob Bornstein, of 643 Third St., Louisville, Ky., for the erection of the administration building previously mentioned; one story, brick and stone; approximately 160 x 150 feet; 50 feet high; electric lighting; vacuum cleaning and to cost \$116,100. The plans were by Brinton B. Davis, of Louisville.

Ashtand Ky., has plans for improvements, including 44,350 square yards paving, 24,490 linear feet combined curb and gutter, with catch basin, and 4,000 linear feet concrete header.

At Lexington, Fayette county, a contract has been let to James Doan for three miles of macadamized, Kearney road, at \$2,500 per mile. Let's try to have a few miles of this kind of road built in Crittenden county.

The six recent murders in Henderson have opened the eyes of her citizens to their lawless condition to the extent that they have gone to work in a general clean-up, and it is to be hoped they will do it.

### Horse Show to be Held at Louisville, October 11th.

Announcement comes from Louisville to the effect that the Louisville Horse Show will be held this year during the week of October 11th. It will be held in the First Regiment Armory, which is unsurpassed as a show place for horses. The price-list has been completed, and the amounts to be awarded will run well over \$12,000. The horsemen of the State and the country at large, who regard the Louisville show as the equal of any in the country, will have something worth while to contest for this fall.

Kentucky saddle horses are as famous as Kentucky thorough-breds, and the Louisville show has always made a large place for them. This year there will be many chances for both the three-gaited and fire-gaited saddlers, and they promise to be unusually well filled. The best that have been developed during the fair season and at the State Fair will be shown, and real championships will be awarded. Mat Cohen, the Bell Bros., the Gay Bros., Lawrence Jones and others who own blue-blooded saddle horses will be among the exhibitors.

National attention was attracted to the Louisville show last fall by the fact that Judge W. H. Moore, conceded to have the finest stable of show horses in the country, was an exhibitor, and by the exhibitions of four-in-hands by Alfred G. Vanderbilt. Both will be back in October, reinforced by Reginald Vanderbilt, C. W. Watson, Miss Daily Bedford, J. W. Harriman and other owners of show horses that are famous on both sides of the ocean.

I hope you will, one and all, appreciate my condition and get ready and pay your taxes right away. I want the taxes by Nov. 1st, 1909. After that date we will levy as we go. Please take warning. ### PROOF IN MARION.

Should Be Decidedly More Convincing to Marion People Than Testimony from Other Strangers.

The statement which follows, like all that have preceded it on this subject, is from Marion. It is not from some distant corner of the Union. Marion people cannot dispute testimony like this. Thomas L. Hilliard, Railroad St. Marion, Ky., says: "Doan's Kidney Pills came to my relief after I had suffered a great deal and had spent much money for medicine without receiving any benefit. Two years ago I was taken with an attack of Gravel fever, and upon recovering found that my kidneys were badly diseased. The pains in my back were so severe that frequently I had to leave my work and be down for several hours. There was a constant desire to pass the kidney secretions and on this account I was obliged to arise several times during the night. The secretions were highly colored and the passages were attended with pain. I often became dizzy and saw specks floating before my eyes. A relative, hearing about my condition, advised me to give Doan's Kidney Pills a trial. I procured a supply at Haynes & Taylor's drug store and they cured me in less than two months. For over two years I have had no return of my old complaint. I am bound to look upon my cure as a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Gen. J. M. Shackelford Near Death.

Louisville, Ky., Sept. 4.—Death of Gen. James M. Shackelford, one of the most illustrious figures of the civil war, a native of Kentucky and the captor of Gen. John Noyes is likely to occur at any moment. Gen. Shackelford was born in Clinton county, Ky., on July 7, 1834. He was the son of Edmund and Susan Shackelford. After receiving academic education at Springfield, Ky., and graduating in law elsewhere, he was admitted to the bar in 1854. Previously he had his spurs in the Mexican war, married Miss Henrietta Ross, Madisonville, Ky., Owensboro, Ky., and graduated in law elsewhere.

Gen. Shackelford was well known in Union country and in command of the Federal forces at the never forgotten battle of Geiglers Landing, near opposite Shawneetown, where he was wounded in the head and troops routed, swam the lake and throwing their arms away, some of them being taken from the lake even to the present day. The writer, then, but a boy, witnessed his retreat and will not forget it. They were times never to be forgotten. Gen. Shackelford was known as a great and fearless soldier and we are sorry to hear that he is about to pass away. These great war veterans are answering the roll call only too fast.

### BLASPHEMING CHRIST.

The two words, LIQUOR INTERESTS, form a sentence coined and promulgated by Yankee fakirs and grafters of the sanctimonious stripe. This "sentence," used as it is in America, forms a slogan for the use of rascality when urging fools to vote for "prohibition." And not satisfied with one audacious crime, they commit another by forging the name of Christ to their counterfeit. Christ turned water into wine, it is so recorded in scripture.

Christ partook of a banquet, given to Him by a "publican" (saloon-keeper), it is so recorded in scripture. There is the evidence!

Are not these infamous prohibition liars and hypocrites "blaspheming" the name of Christ? The "sentence" "LIQUOR INTERESTS," as used by prohi fakirs and grafters, is a misnomer; or, in other words, a falsification. We never hear these contemptible falsifiers talk about the "Bread Interest," or the "Meat Interest," or the "Vegetable Interest," and yet these three interests are essential allies, used at the dining table in conjunction with each other in all "Christian countries."

It is not a "moral wave" that is sweeping the country in the name of "prohibition"; it is the "wave of hypocrisy" prostituting the banner of Christ. Would to God there was a "moral wave"; we need it bad enough in order to check the imposture and hypocrisy of "prohibition." There are many Christian preachers, thank God, who are standing true to the "Christian doctrine," which is "temperance, not "prohibition." The Patriarch.

The above was reprinted by the

so called Journal of Labor at Louisville, Ky., and is about as near sacrilege as we ever read; and for argument, a school boy could have produced better.

This man, it is plain to see is advocating or championing the whisky interests for the money that is in it and not for the good of the laboring people he claims to represent. Even the laboring people do not believe as he claims too or there would not be a dry county where strong labor organizations exist. He has been raised up to use the word "scab" until he knows nothing else and very little of that. If he was a gentleman or had ever been, he would have never reprinted such rot. If the people who advocate the extermination of the liquor tariff are hypocrites, they are in a large majority and will never burn in the everlasting hell, that is as surely prepared for his type as his filthy tongue is not fit to be heard even by the ass or the ox. About all one can find in his paper is that he is trying to teach the proud people of Kentucky the definition of "scab" and how to drink liquor. One thing for sure, is, that the laboring people do not agree with him and the sooner they get rid of all such grafters the better for them.

The following is another of his paid articles:

### PROHIBITION AS A BREEDER OF RANK HYPOCRISY.

The following story is told by an Episcopal Clergyman, in the Baltimore Labor - Trades August 21st, 1909, which shows the effect of prohibition as a breeder of rank hypocrisy: About four years ago, shortly after a certain town on Long Island went "dry," a hotel keeper in this town received a letter from a wholesale whisky concern in Kentucky, reading something like this: "Will you kindly send us the names of any persons in your town who, you think, might be likely to purchase wet goods. We have a very fine brand of whisky (naming the brand) that we should like to introduce in your town. We shall be glad to extend to you the usual courtesy of 10 per cent, commission on all sales that we may make through the list you send us." Well, the hotel man thought he would have a little fun, and so he made a list of about 35 of the most rabid prohibitionists in the place and sent the list to the whisky firm. He thought it would be a fine joke on the prohibitionists to have them deluged with whisky circulars. And it turned out to be a better joke than he thought. For, at the end of three months he received a letter from the whisky people thanking him for what he had done and inclosing a check for \$27.00 commission. This story throws light on the curious circumstances already referred to, that as the prohibition movement spreads, the consumption of liquor increases.

Now if there be one word of truth in the above why do these scoundrels object to prohibition? Every time you hear a man argue this you know just how much of it to believe. If the people are drinking more whisky

under the prohibition laws why are such cattle as the author of the above against it? He says prohibition makes liars of the people but fails to add that whisky makes drunkards of them. Hell is full of such as he and will be fuller.

Circuit Court convened in the city of Henderson on last Monday with Hon J. W. Henson presiding.

Presumably this will prove the most noted session in Judge Hensons experience as circuit judge, as there are six murder cases docketed besides the attempts at murder, the robberies and other violations of the statutes, and when his court is adjourned it is to be hoped that a just punishment will have been meted out to those deserving it.

The American flag to be seen waving proudly from its perch at the north pole is now for a certainty, the most highly recognized flag of the world, let us appreciate it to the extent that we do nothing to bring His curse upon us. Other great nations have done this, and we could. But will we? God forbid.

## Sunday School Convention.

The Crittenden County Sabbath School Convention was held on last Monday and Tuesday in the Chapel of the Graded School building and while there was no large crowd in attendance, it proved a success for what it was called; the promotion of the Sunday Schools. ### Sunday School Convention.

The Crittenden County Sabbath School Convention was held on last Monday and Tuesday in the Chapel of the Graded School building and while there was no large crowd in attendance, it proved a success for what it was called; the promotion of the Sunday Schools. ### A Clean Man

Outside cleanliness is less than half the battle. A man may  
scrub himself a dozen times a day, and still be unclean. Good  
health means cleanliness not only outside, but inside. It means  
a clean stomach, clean bowels, clean blood, a clean liver, and  
new, clean, healthy tissues. The man who is clean in this way  
will look it and act it. He will work with energy and think  
He will never be troubled with liver, lung, stomach or blood  
disorders. Dyspepsia and indigestion originate in unclean stom-  
achs. Blood diseases are found where there is unclean blood.  
Consumption and bronchitis mean unclean lungs.

### Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean  
and healthy. It cleans the digestive organs, makes pure,  
clean blood, and cleans healthy flesh.  
It restores tone to the nervous system, and cures nervous exhaustion and  
prostration. It contains no alcohol or habit-forming drugs.  
Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pel-  
lets cure it. They never gripe. Easy to take as candy.
