ACTIVITY IN THE OIL FIELDS.

Editorial from Henry Watterson in Courier-Journal of December Twenty-First.

There is a note of encouragement in the reports from the Kentucky oil fields. A telling of important strikes in newer territory. A big production in Clay county will be an incentive to further drilling in that vicinity where operations are still in the experimental stage. A well drilled in at the depth of 1,700 feet in Lawrence county is described as the best drilled in the Big Sandy. The Lawrence county well is regarded as important, as it indicates extension of the West Virginia into Kentucky. It will be followed, of course, by other wells, and it is hoped, may show oil in large quantities. In the Wayne county field, the reports say, work shown no abatement and the prospects are good for a season of activity during the winter. The drilling of a twenty-five-barrel gusher at established field doubtless stimulate the operations to increased efforts. There is good prospect we are told, the Barron county field is to be thoroughly tested as the Illinois operators are working on the from the Illinois field to develop the Kentucky field. It is exceedingly probable that future tests show that all these fields are tested. If that should be true it will result in the development of extensive oil field in western Kentucky—possibly as important as that of Eastern Kentucky. The favorable surface indications in a number of counties in the western part of the State, but the so far made have not been of thoroughness as to demonstrate whether oil exists in paying quantities. Should more convincing test be shown it, there is not much in the indications. The season is not favorable to operations and it is rather surprising the reports reflect such a degree of activity. That they indicate important progress under unfavorable conditions is a good augury for big and better work next year.

James Called In Big Damage Suit.

Judge L. H. James has just returned from Eddyville, Ky., where he is called to assist Congressman K. Wheeler in a ten thousand dollar damage suit. As Judge James was called when the court convened the case was postponed until he returned. He is a grand old man—admired and loved by all who know him and a lawyer, the peer of any man in the state.

Letter From Georgia.

College Park, Ga., Dec. 12th '09. Mr. Record-Press, Marion, Ky. The readers of the Press, and especially to my relatives and friends in old Crittenden county I to write a few lines. We have

a little baby boy at our house about ten weeks old, his name is D. G. That makes eight in all—two boys and six girls. Our little girl, seven years old, Fannie Lee, had to be operated upon twice this summer for whiteswellings. She has been down for five or six months and we think she is going to get well. My brother, Judson, has been in very bad health for some time and he also had two strokes of paralysis. He is talking now of having an operation performed which is very dangerous, but the doctors think it may have to be done.

If any one who reads this knows where my half-brother, Joseph Bettis, is, will you please write me and give me his address.

Bro. Billy Yates was through here about two months since and spent two nights with me and it was a great pleasure to me. Come again Bro. Billy or any one else from old Crittenden.

I have just finished additions to the Baptist church in College Park which cost about ten thousand dollars—making a twenty-five thousand dollar building. College Park has 2000 inhabitants. They are building a new Christian church here also this was Rally day at the Baptist church. They raised about all the money to pay for the church. It is heated with the vapor system. I have just about finished three

four-roomed houses for myself that I am building to rent. Have rented two of them.

If this doesn't reach the waste basket I will write again. I will close by wishing you all a merry Xmas and a happy and prosperous New Year. Yours with love to all, D. G. BETTIS.

In Memoriam.

Died at his home near Oak Grove, Ky., Nov. 12th, 1909, Ben A. Whitlock, aged 66 years. A man of true character, it was his delight to give, without asking, to those in need. The widow and orphan was his charge and no one was ever turned from his door hungry or unaided. Of him may be truly said, "If every one for whom he did some kindly act, could drop one blossom on his grave he would sleep tonight beneath a wilderness of flowers."—W.

KEEP THE KIDNEYS WELL.

Health is worth Saving and Some Marion People Know How to Save It.

Many Marion people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Marion citizen's recommendation.

M. Schmale, Main St., Marion, Ky., says:

"For several years I suffered with kidney complaint and I am glad to say that Doan's Kidney Pills relieved me promptly. I had a dull ache in my back and when I did any stooping or lifting, sharp twinges seized me and caused much misery. I felt languid, was nervous and often suffered from dizzy spells. I finally procured Doan's Kidney Pills at Haynes & Taylor's Drug Store and their use, according to directions effected a cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo,

N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Walker-Travis.

Miss Alice Walker and Mr. Herman Travis were married Wednesday evening, Dec. 15th, at the residence of the bride's father, T. L. Walker, Rev. O. D. Spence officiating.

A large number of their friends and relatives were present to congratulate and wish them a long, happy and prosperous voyage through life. They will make their home near Blackford.

Died in California.

On Dec. 31st, 1909, and was laid to rest in the beautiful sunny cemetery of Pomona, Cal., on the following Sunday afternoon.

Eula Mae was the daughter of L. T. and Stella D. Wilsey, and the grand daughter of E. E. and Myrtle D. Thurman, formerly of Marion, Ky. Bright in mind, sweet in temper, always loving at heart, she was the idol of her parents and the pride of her grandparents on both her father's and her mother's side. But she has gone away and we can not call her back, nor would we, if it were possible, but we bow our heads to His and reconcile ourselves to our great loss only as Christian hearts can.

Her grandmother,
MYRTLE D. THURMAN.

JOSIAH HEARD FROM

After a Long Silence He Indites a Word And Sends a Dollar.

Lexington, Tenn., Dec. 19, '09. Editor Record-Press:—As my subscription has expired, I enclose a \$1-check for renewal.

I read with pleasure in your last week's issue of the surprise birthday dinner given Mr. Gordon G. Hammond. I am glad he is treated so kindly by his children in his old age. Gord and I were boys together something more than half a century ago. I lived awhile with him and his mother. She was a mighty good old lady and treated me very kindly. Gord was three years older than I and about ten or twelve years larger. I was an orphan boy and have no recollection of father or mother; had no money, no home, no clothing, no friends, no anything but kicks, cuffs and knocks; and Gordon—bless his soul!—was not altogether guiltless of this pastime. Yes, Gordon is a good fellow, and I am proud that his children treat him thus kindly in his declining days. May they ever rise up to call him blessed."

I, too, can truly say my children are kind to me. Three weeks ago today I celebrated my 69th birthday. I have ten grown up children and they all, except one who live, in Hardin, Kentucky, were here to eat turkey with me on that day. My sons and sons-in-law surprised me at the dinner table by presenting me a gold filled Waltham watch, 21 jewels, and a gold chain and charm, the whole costing \$37. Though I did not eat it up, I enjoyed the watch equally as much as they did the turkey. My sons and sons-in-law are all railroad men and hold good paying positions.

JOSIAH CONGER.

AN UNUSUAL OFFER TO SUBSCRIBERS.

Every Farmer and Citizen Should Have His Name and Post-office Printed on His Envelopes.

Every farmer or citizen for that matter, should have his name and post-office printed on his envelopes and the paper he or his family use in their correspondence, thus avoiding any mistake in a reply. On all rural routes nearly everywhere this custom is being practiced and approved of, when too, it is found to be so much cheaper than buying plain paper and envelopes by the small quantity.

Here is our proposition: To every one subscribing or renewing their subscription to the RECORD-PRESS, we will give 100 envelopes and 250 sheets of nice note paper, with your name and address and whatever you want to say on both for the total sum of \$1.50.

The envelopes and paper alone would cost \$1.00 anywhere without the printing and by taking advantage of this offer you get the RECORD-PRESS one year to any address, together with 100 nice envelopes and 250 sheets of paper for \$1.50.

We promise as much care in pleasing you as if you were paying full price. In other words we will guarantee to please you.

We are making this low offer that we may hold every subscriber and secure as many new ones as possible. We are anxious to increase our circulation from its already present high mark, and feel that this is the best way to do it.

Now of course you can not get your work the day you subscribe and order it. But your name will be entered with a copy of what you want and in a few days at the outside limit your work will be done and done to please you. There is scarcely a family in Crittenden county that will not spend twice this amount in the run of a year for paper and envelopes without the printing.

Should there be those who want only the 100 envelopes with the RECORD-PRESS, the total cost will be \$1.25.

We have ordered a tremendous stock of envelopes and paper for this offer and will be ready to fill all order as fast as received. No one will be compelled to wait longer than for the work to dry.

Come in when you come to Marion and leave your order.

Notice.

Commencing December 27th, all unpooled tobacco received through the Farmers' Union tobacco house will be received on Monday and Tuesday of each week and all pooled tobacco on Wednesdays, Thursdays and Fridays. No tobacco received on Saturdays. Please tell your neighbors.

Respectfully,
J. P. PIERCE,
County Chairman.

The Crittenden Record-Press

N. E. CALME Editor and Publisher.

Entered as second-class matter February 25th 1907 at the postoffice at Marion, Kentucky, under the Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

CASH ADVERTISING RATES: 50c per inch S. C. to Foreign Advertisers. 25c per inch S. C. to Home Advertisers. Repeated ads one-half rate. Metal bases only used for Plates and Electros. Locals 50c per line. Locals 10c Per line in twelve point type.

The Record-Press goes to its many readers this week for the last time in the good old year of 1909.

We took charge of the plant on July 15th, of the present year and for nearly six months, have been doing our best to make a paper that would please the people. To our knowledge we have declined the publication of but one article, and that because we could not read it. For several reasons, temporarily, unavoidable by us, the paper has not been what we intend to make it. But commencing the first week in January, we will send out the Record-Press wonderfully improved—the best and cleanest printed county newspaper in the State. The improvements added and being added will warrant this.

We are pleased with people of Marion and Crittenden county and count ourselves fortunate in casting our lot with them; and the many courtesies extended to us, at their hands, makes us to feel they are pleased with us. At least it is flattering to know we have lost but fifteen subscribers and gained two hundred fifty.

If our readers will notice, the Record-Press is different from many other papers in, that every thing in it is original. It uses no plate or patent matter, and is as careful of the interests of the people of Marion and Crittenden county as our knowledge of their resources and thrift will permit

Commencing with the New Year we ask contributions of a strictly news character from every town and neighborhood in the county and adjoining counties for that matter. So far all news notes have escaped the waste basket. These letters make the news and we shall always be glad to get them. But mind, try to get

them to us on time—Say Monday or Tuesday, else they may be compelled to lay over for another week. We are anxious to make the paper what you want it, a splendid county newspaper and if you send us the news and help us with your subscription we can easily do this.

To the many who have been loyal and liberal in advertising, we will say we fully appreciate all they have done and have their word that we have more than filled every promise. Now in conclusion we will say: The old year, with all we have been blessed with or suffered, is dying any the time of good cheer so close at hand that we should lay aside everything calculated to keep us from being what Christ would have us be on this blessed day of His advent into the world, and look hands so firmly to fight the battles of the New Year that all hell can't break our grip.

All last week and this, despite the cold weather, the streets of Marion have been full of people from all parts of Crittenden as well as other counties busily buying Christmas goods and our merchants have been kept busy waiting on them. Most of our merchants have had an unusually large trade, and especially those who advertised their goods. To make trade better, the farmers have been bringing in quite a large per cent of their tobacco crop causing several thousand dollar to be put in circulation.

Surely the children in the various Sunday Schools in Marion have the spirit of giving all right. In the M. E. Sunday School on last Sunday, from a total of 130 scholars the collections were \$12.50, a little less than a ten cent average. Mrs. H. K. Woods' class of twenty-one little tots contributed \$2.11. And the Methodist are in no wise different from the other Schools. There is no lack of the spirit of giving among the children and their parents in Marion.

The Webster County Times, a live newspaper, edited by Vernon Oakley, and published at the growing town

of Clay, came to us this week in a beautiful holiday cover with twenty pages as neat and trim as Collier's Weekly. There were three full page, twelve half page and sixteen quarter page ads, to say nothing about the smaller ones. This shows plainly why the town of Clay is growing. Such a paper with so great a number of ads speaks volumes for the town.

One reason why the people are sending so much money to the mail order houses, is because the mail order houses advertise. This is undisputable proof that advertising pays.

There is yet no news of little Alma Kellner. Every track has seemingly been covered by the kidnapers.

The penalty for kidnaping will not stop until a few of the scoundrels are hung. As it is, no man's child is safe.

If every smoker would refuse to buy a cigar with a band on it, the bands would soon be left off. They are a nuisance.

HERE AND THERE.

We are having some North Pole weather.

Young Elzie Elder died in Morgantown Thursday and was buried in Chapel Hill cemetery, in this county, Friday. He was a son of Charles Elder, of the above city, and a nephew of J. C. Elder, of Marion.

J. A. Thomason, who lived in the eastern part of the county, passed away Thursday and was buried at Piney Fork Friday.

Tobacco is moving off at a good price and the man who has a good crop of the weed is "in the swim."

A recent bulletin issued by the Superintendent of Public Instruction says that only 30 per cent of the children of the state are enrolled in the schools. About the biggest thing connected with the educational

affairs in Kentucky is the taxes. We are looking forward to the next legislature for a remedy.

We notice Jas. A. Patten, the price maker on wheat, is now trying to get a corner on cotton. So with cotton goods advancing, biscuits "out of sight," meat—the meat hungry citizen, we fear, will be forced to swear off—bacon 18 to 30 cents, meal 80 cents, all the necessaries of life advancing, but wages remain in the same notch. We have in the county an "Equity" society—why not get down to business and equalize things?

Moving, "running to and fro," is now the order of the day and wagons loaded to their utmost capacity with household goods, augmented by much human freight in various sized packages and styles of beauty, can be seen in every section, rolling on toward their new destination.

Christmas is coming and the wee boy and girl are looking forward with great anticipation to the time in which "Old Kris" will come over the house-top with his sled and reindeer and "scutes" down the chimney and fills their little stockings with all kinds of nice things. Let us not disappoint them or disillusion their innocent minds. Let them have all the enjoyment of childhood. We can recall the days of our own childhood and, as we write, the lines of the poet—memorized in our school days—come to us:

"Backward, turn backward, O time, in your flight, Make me a child again, just for to night!"

For Rabbit and Poultry. Fence or the next thirty days go to Olive & Walker. They are over stocked and during this time you will get bargains.

We need a bank and will have one soon—if you don't watch out!

Mr. and Mrs. P. K. Cooksey spent three days in Paducah this week.

The merchants of this place are enjoying a good trade.

C. K. Smith, of Clarksville, is paying out lots of money at this place for tobacco.

Harry Reid Knows.

Haynes & Taylor, the druggists, does not guarantee Parisian Sage to grow hair on every bald head, but if there is any life left in the roots of hair, Parisian Sage will stimulate the hair bulbs and cause your hair to grow again. Here is one case. "I am now using the second bottle of your Parisian Sage, and can notice a new crop of hair appearing. I am glad to say it is a darker color than my hair was before I became bald." Harry Reid, 10 Manhattan St., Rochester, N. Y.

Don't wait till you're bald before using Parisian Sage, use it now. Kill the dandruff germ and prevent baldness. Haynes & Taylor, the druggists, sells Parisian Sage at 50 cents a large bottle, and they guarantee it to cure dandruff, stop falling hair, and cure all diseases of the scalp, or money back. Parisian Sage is a delightfully invigorating hair dressing; it makes the hair soft, fluffy and beautiful.

Report of James F. Price.

I have attended four presbyterial meetings, the meeting of Synod, the Bible Conference at Lebanon, Tenn., the State Sunday School convention

at Owensboro, Ky., and four meetings of the Synodical Executive Committee at Louisville. My meetings have been at the weaker churches, but the Lord has blessed these feeble efforts in the refreshing of many hearts. To God be all the praise.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

**IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.**

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

Non-secret, non-alcoholic and has a record of forty years of cures. Your neighbors. They probably know of some of its many cures. You want a book that tells all about women's diseases, and how to cure at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing and he will send you a free copy of his great thousand-page illustrated woman's Medical Adviser—revised, up-to-date edition, in paper covers, handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Better Not Get Dyspepsia

You can help it. Kodol prevents Dyspepsia, by actually helping Nature to Relieve Indigestion. Don't trifle with Indigestion.

Great many people who have been afflicted with indigestion, have been cured for it—when nervous or indigestion resulted, and have not been able to cure it. Kodol and prevent having dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows such abuse, just as naturally as a cold follows a cold. Kodol and prevent having dyspepsia.

When you experience sourness of stomach, belching of gas and flatulent fluid, bloated sensation, sharp pain in the pit of the stomach, heart burn (so-called), hoarseness, dulness or tired feeling—you need Kodol. And then the quicker you take it—the better. Eat what you like. Let Kodol digest it. Indigestion, "dyspepsia," flatulency, etc., are not likely to do much benefit to you, in these ailments. Pepsin is only a partial digester—and physics are not digesters at all. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 24 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

TRUTH ABOUT CATARRH

Sensible Methods Will Cure It.
Haynes & Taylor Guarantees
Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicines into the stomach nor by sprays, atomizers or douches. Intelligent physicians have long ago discarded such ideas and not one of them would be worth consideration were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries.

Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh.

There is only one way to cure catarrh, and that is to kill the germs. There is only one remedy that will kill the germs when it gets where the germs are and that is Hyomei.

Hyomei is made chiefly from Australian Eucalyptus and Eucalyptol combined with other germ killing antiseptics. Just breathe it in through the hard rubber inhaler that comes with each outfit and relief is immediate. Used regularly for a few weeks Hyomei (pronounced High-o-mee) will cure chronic catarrh. Complete outfit \$1.00 at Haynes & Taylor and leading druggists everywhere. 9 23

To Buy Furs.

I will be in Marion every Saturday to buy your furs. Save them for me.
2tp W. B. Stenbridge.

Sulphur, the Great Germicide.

What does the health department or a physician do in a house where there has been Diphtheria, Scarlet Fever, Consumption or some form of contagious disease? Fumigates it—burns sulphur in every room, nook, corner and chimney. Ask them why, and they will say "To kill the germs of the disease."

Very well, if sulphur will kill disease germs in a room or house, won't it kill them in the human body, if the sulphur can be applied or given in a way that will permit it to penetrate as thoroughly and completely as the sulphur fumes? But the human lungs cannot stand sulphur fumes and as stated before, fumes of sulphur (powdered sulphur) are not efficacious. Then the only other thing is to find some way of applying sulphur to the human body so that it will penetrate the entire system and reach the cause of the trouble. Little's Liquid Sulphur does this; it stops itching instantly and permanently relieves all forms of skin complaint, eczema, erysipelas, pimples, running sores, itchy ring worm, chaps, roughness, redness or skin blotches. Sample bottle sent post paid to any address for 10c. Rhuma-Sulphur Co. St. Louis, Mo. 18

FORCED INTO EXILE.

Wm. Upchurch of Glen, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung racking cough; that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for coughs and colds, it dispels Hoarseness and Sore Throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup Whooping Cough. 50c and \$1.00, trial bottle free, guaranteed by Jas H. Orme and Haynes and Taylor.

In Memory.

Just after the beautiful sun had set in the golden west, the grim angel "death" stole into the home of Mr. and Mrs. Henry Summers and claimed one we loved very dearly. It was our darling Ethridge.

Henry Curtis Ethridge, Summers, was born, July 6th, 1908, and fell asleep in Jesus, Oct. 17th, 1909. He was sick only a short time, and

it was plain to be seen by all, that he was sinking into the hand of death. All that medical aid and loving hands could do was of no avail.

Oh! How sad we feel when we think Ethridge is no more.

Never more will we hear the sound of his sweet voice, or feel the touch of his gentle hand.

Oh! It is hard indeed to give him up, but our sad loss, is his eternal gain.

He was the light of our home, always so pleasant and sweet.

He cannot come back to us, but by the help of God we expect to go to him. What a happy meeting that will be, there where we can live together forever, where no farewell words are spoken and no tears to dim the eyes.

"Sweet little Etheridge now has gone, Left us here to weep and mourn. His little life had just began, God took him to a better home.

Gone from our touch forever, His sweet face we can see no more. But in Heaven we will meet him, Yes, we will meet to part no more.

His sorrowing sister, VERA.
