HAT LIVE ADVERTISING WILL DO

Weldon-Hina Grocery Company Are Possessors of the Largest Owl Ever Captured here

When the Weldon-Hina Grocery Company first advertised for an owl they failed to get what kind of an owl and consequently paid for the over-enthusiasm of the first answer to their advertisement as a screech or barn owl. Then not discouraged and owing full well the value of advertising ink, advertised for a cat or a Horned owl, which proved a success, as Monday, April 19th, Gilbert of Crooked Creek brought them one of the largest and finest owls ever seen in this county.

THE CAPTURE

Mr. Gilbert discovered the owl in a number of crows in a farm battle and having his gun pointed into the whole bunch and other, from the effect of the shot or of the desperation of the conflict, they fell to the ground, where upon his faithful dog rushed in to take a hand and drove off the timid crows. The owl and dog at once engaged in a hearty fight in which the owl was soon whipped and just as the owl closed his eyes as if rather more strength for the day, setting back for another day, Mr. Gilbert rushed on to him with his hands well gloved, making a capture without injury to either the owl or himself. The Weldon-Hina Grocery Company have him now in a hastily made cage and on exhibition in their show window, where he is attracting no little attention.

BOOSTER DAY NEXT WEDNESDAY

They Buy Our Leading Products and are Nearer Allied to us Than any town in Kentucky

We urge that every citizen of Marion and Crittenden county put forth their best efforts in entertaining the "Henderson Boosters" on next Wednesday. These gentlemen are not only Kentuckians, but our neighbors and our friends. Henderson handles all of our tobacco and the bulk of our grain and furnishes such as we buy from her market the Best on Earth; Geo. Delker and Delker Bros. buggies; the Coquillard wagons, and the highest grade of goods made by her immense cotton and woolen mills. Aside from this Henderson is the great power house from whence is coming the movement for a nine-foot stage in the Ohio that will prove only second to her richness in flour spar, in which some of the leading capitalists of Henderson are deeply interested.

And then these friends the Boosters are not coming here to take our money from us, but to influence us to keep it at home. Henderson like Marion, has furnished and is furnishing some of the most highly recognized statesmen in the history of our country. We are proud of her and her people and if we do not give her citizens who are making this trip as much in our interest as their own, the heartiest welcome they ever received it will be because an All Wise Providence has determined otherwise. We urge the people from all parts of the county to come and help us in greeting our neighbors. It will prove a day well spent.

Mr. N. E. Calmes,
Crittenden Record-Press,
Marion, Ky.,

Dear Mr. Calmes:—Would a few lines from an old Kentuckian, escape the waste basket and be printed in the dear old Crittenden Record-Press? I can hardly wait each week until the time comes to receive the "Dear Old Paper" I am in Miss., and have been making the sunny South my home for five years but I never forget that dear old Kentucky is the home of my dear parents and my own dear birth place. I have been in several states since I left Kentucky, never have I found a place so sweet as "My Old Kentucky Home." I believe in Kentucky, and I have never found a place where I was not welcomed as a Kentuckian. People here are good and as fine a set as one would care to meet, yet, there is something about a Kentuckian, I can never explain that catches my eyes, I can always tell them from every living creature that I meet. There is a certain grip, a certain friendly twinkle in the eye that I never fail to recognize.

I will bring this letter to a close, next time I will give my dear old friends some ideas of farming in Dixie and a description of the diversification of crops here in the last years.

yours very truly,

H. C. GILLILAND

CRITTENDEN TOBACCO GROWERS

A Letter from Committeeman W. B. Rankin to Mr. J. N. Banks at Henderson.

I am just in receipt of the following letter from Committeeman W. B. Rankin of Crittenden county.

Marion, Ky., April 24, 1910, Mr. James N. Banks, Henderson Ky. Dear Friend:—I have called for a meeting of the tobacco growers of my county for next Saturday, April 30, to discuss the matter of pooling the present crop. Would be glad to have you come down.

The prospects look reasonably good for poolings this year. Think we will come out all right. Mr. Banks, wish you would say something in Tobacco Tidings about my meeting, as a good many of my people read the Gleaner. Trusting you are all O. K., I remain,

Yours truly,

W. B. RANKIN.

As will be seen from Chairman Rankin's call, the meeting will be held at Marion next Saturday, April 30, 1910.

The Crittenden county tobacco growers has the choice of two associations—the Farmers' Union and the Stemming District—in either of which he may pool his 1910 crop of tobacco. The duty of the Crittenden county tobacco growers to himself, it seems to me, is a very simple one. Both Associations have records in Crittenden county.

Crittenden county tobacco growers have sold tobacco through the Farmer's Union and Crittenden county tobacco growers have sold several crops through the Stemming District Association. It is purely a matter of business. Go to the records and ascertain which Association has rendered best service to the farmers of Crittenden county. That is a simple matter.

If the Stemming District Association has handed over to its members in Crittenden county more money net on an average than has the Farmers' Union then the growers should sign up with the Stemming Association.

If on the other hand, the Farmers' Union has handed over to its members in Crittenden county more money net on an average than has the Stemming Association, the growers should sign up with the Farmers' Union.

The Stemming Association simply say to the growers of Crittenden county, "Go to the records and you will learn that no association in existence has realized for the growers of the strip type of tobacco more money than the Stemming Association. In this regard we bind the world to meet us stand up peerless."

The following officers of the Stemming Association will go to Marion next Saturday, April, 30th, to commune with the tobacco growers of Crittenden county: William Elliot General Manager, F. F. Brown, of Hopkins; L. N. Baker, of Webster; George L. Campbell, Henderson; Hiram T. Dean, Union—all Executive Committee men—and James Banks, Secretary, and one or more speaker visitors.

Lovers of the cause of farmers' co-operation should attend Mr. Rankin's call meeting at Marion next Saturday.

BASE BALL SEASON IS ON

Marion High School to Play Madisonville High School at Madisonville 29 and 30th.

On Friday and Saturday our Local High School team will play Madisonville High School team at Madisonville, and on May the 6th and 7th Madisonville High School will play our boys at Maxwell Park at Marion.

On May 13-14 our boys, flushed it is to be hoped with victory, will play the Henderson High School at Henderson and on May 29 will close its season by crossing bats with Princeton High School at Marion.

The boys are in fine shape and we will be disappointed if they fail to win four of the seven games scheduled.

The battery for Marion will be Gossage, Cannon and Foster with Dixon behind the bat.

Prof. Marion Eble and his High School nine from Henderson came down Friday evening to play Prof. Kings High School nine of Marion. On account of the train being late and the inclement weather but two innings were played Friday neither side scoring. The game Saturday afternoon resulted in a victory for Marion by a score of 13 to nothing.

Owing to the fact that I am too busy at the factory to give my attention to the fertilizer trade I have turned the business over to Oliver & Walker. You who have been using Virginia Daroline Fertilizer can get the same high grade brands by calling on them.

We have received a car load of Virginia Carolina Tobacco Fertilizer. OLIVE & WALKER.

CHI-NAMEL IN THE PUBLIC EYE

Demonstration Day Monday, May 9th at W. O. Tuckers Furniture store, Salem Street.

There will be a Chi-Namel Demonstration at our store on Monday 9. Do not miss the opportunity to learn in five minutes how to secure a new hardwood floor for \$2.50, and how to have a Mission finish dining room, den or sitting room without the expense of removing old paint or varnish.

Any old floor, oil cloth or linoleum made to look like new hard wood, any style of grain. Lesson free by special instructor.

W. O. TUCKER, FURNITURE CO.

We have arranged with the manufacturers of Chi-Namel and the Chi-Namel Graining, Staining, and Varnishing Processes to have one of their expert demonstrators spend a few days with us for the special purpose of teaching our trade to use the little training tool and furnish our patrons free of cost, expert instruction in the treatment of interior wood work. This will be a rare opportunity for the ladies to learn how to grain and varnish their own floors and wood work. Chi-Namel graining will outwear the ordinary floor varnish many times over. W. O. TUCKER Furniture Co.

Sunday was Mission day with the Marion Baptist Sunday school and with disagreeable day, and small attendance their contribution was One Hundred Dollars. But this is but characteristic of Marion congregation and Marion people. When ever anything is to be done they do it and do it right.

Geo. Cruce one of the finest judges of horse flesh in the county bought a pair of colts last week for \$400.00 and they are worth it.

Hon. Jno. W. Blue spent several days in Paducah last week.

Mrs. Lottie Tinsley visited friends in Kuttawa last week.

STEMMING DISTRICT ASSOCIATION

To Meet at Court House in Marion on Saturday, April Thirtieth at Ten O'Clock A. M.

The County Committee of the Stemming District Tobacco Association together with the tobacco growers of Crittenden county are requested to meet at the Court house in Marion on Saturday April 30th 1910, at ten o'clock a. m.

The object of the meeting is to discuss the proposition of pooling the 1910 crop. We expect each member of the district board and General Manager Elliot to be with us on that day and also other prominent speakers who will address the meeting. Let every tobacco grower come out and let us reason together.

Yours truly,

W. B. RANKIN,
Chairman Co. Com

Two Good Papers for \$3.50

The Crittenden Record-Press and Henderson Daily Journal for \$3.50 and a chance to win one of the many attractive prizes offered by the Journal.

Each subscription to both papers entitles you to 3,500 votes in the great contest for the \$1,500.00 Automobile. This machine is a beauty. In fact one of the handsomest models we ever saw and there is no reason why some one in Crittenden county should not have it. The Editor of the Record-Press won a trip to Europe for Miss Ida Dyer last year and feels he can win this splendid Automobile for some young lady or gentleman in Crittenden county.

The Henderson Journal is a live, newsy paper, getting here every morning in time for the rural free deliveries. It publishes all the "Tobacco Tidings" and gives the very latest market reports besides several columns of news every day from Marion and Crittenden county.

As the two papers are well worth the money, back up some one from our county with your subscription. You need not subscribe but for one year to win it, or the fine piano or some one of the many other prizes.

The regular price of the Henderson Journal is \$3.00 and we have cut the price of our paper in half, that we may be instrumental in winning this auto for some one. By taking advantage of this combination you will get what no other daily paper gives you, the news from Crittenden every day.

BIRTHDAY CELEBRATION.

A day long to be remembered by each one present was April 19th 1910, the celebration of D. B. Carnahan's 65th birthday, at whose home a crowd of children, relatives and friends gathered to spend the day in pleasant conversation and feasting from the well filled baskets, and table laden with all the good things the fond wife and mother knew how to prepare.

The most pleasant features of the day was the presence of the older brother, Francis Carnahan and son, Harry, of California; he having left his old Hopkins county home at the age of 22 to seek his fortune in the gold fields of the West. He had never returned until after the lapse of 57 years at the advanced aged of 79 years, having made the hunted fortune and treasured a large and honorable family, comes back to visit brothers, sisters, friends and dear familiar places.

Those present were: D. P. Carnahan, Francis Carnahan and wife, Francis Carnahan and son, Harry of California, G. W. Carnahan and family, J. A. Carnahan and family, W. C. Carnahan and family, Mrs. S. L. Carnahan, Earnest Carnahan, W. A. Deboe and family, Henry McConnell and family, J. E. White and family, John Hazel and family and Mrs. Lucy Edgings and children, of Clay, making a total of 44 all of whom left late in the afternoon leaving best wishes with the aged brother trusting they may live to see many more such days.

On Sale for Year in Advance.

A minor disaster at Birmingham, Alabama, on Tuesday caused the loss of forty-three lives.

Just a few days ago today Hon. W. J. Davis was elected to the United States Senate.

Dave Fohn is a whole committee by himself when it comes to decorating. He has made preparations for beautifully decorating the speakers stand.

There is renewed interest in fluor spar circles and from the new mills and improved machinery being put in it is safe to say the out put this year will greatly exceed that of any year in the history of the county.

There is no form of publicity that is so directly beneficial to the merchant as the right sort of advertising in his home newspaper. Keep the eyes of the public directed on your store and your business. It pays. One of the secrets of good advertising is saying the right thing at the right time.

Judge J. G. Rochester, who is now Circuit Court Clerk, exhibited to us Tuesday, an old time carpet satchell containing all the papers of the first Circuit Court ever held in Marion. The satchell has been well preserved and is locked, and as far as known, the key lost. As soon as Judge Rochester can have key made he will open and look over the old records of our forefathers.

We hear occasionally the thunderings from the McCreary and Johnson war clouds and while it is true it really sound like there might be a storm, yet it is nothing compared to what might happen if congressman James were to allow his guns to be turned loose. If Mr. James could be induced to allow his name to go before the convention as a candidate for Governor we feel sure that he would not only be declared the nominee but would sweep Kentucky with an old time Democratic majority.

As has before been mentioned in these columns, we are to receive a visit from the "Henderson Boosters" on May 4th. It is with much pleasure that our citizens are looking forward to the arrival of this jolly bunch of Boosters from Henderson, and we are expecting to see more people in town on that day to meet them than we have had for some time. Our assurance are to the effect that all our citizens will turn out and extend a hearty greeting to our neighbors on their arrival. We have word from the Henderson Commercial Club, which institution is running the trip, that they will have not less than one hundred and fifty good live Boosters with them this time, and as each one of these Boosters will come armed with souvenirs, advertising themselves and their home town, they will leave behind them a collection of useful advertising novelties as souvenirs that will remain in the hands of our people for some time.

We are glad to welcome our neighbors from Henderson. We think the step they have taken is one in the right direction. It

is a step that has for its foundation, the upbuilding of the Penyrile, and is one that effects us all. It will be our duty to turn out to welcome the Henderson Boosters when they arrive and show them we are behind the efforts of the Henderson Commercial Club in making known to the world the great resources of this section.

All dealers have the same kind of screen wire and door screens, but no one but Boston has the window screen that will absolutely keep out flies and at the same time will need no adjusting nor taking out when a storm comes up and blows the rain.

CONGO ROOFING

NEVER LEAK

Congo is the only Ready Roofing carrying the National Surety Co.'s bond. It carries with it terms and conditions that make it especially attractive to anyone who must consider the roofing question.

For 10 years you can rest easy about your roofs if covered with 3-ply Congo, and we know that it is probable you will get even longer service out of it.

The Surety Company is issuing these bonds, and back of them is their two million dollars of assets. It is a matter of keen satisfaction to us that they were willing to stand behind Congo Roofing.

You are immune from any responsibility other than giving the roofing ordinary care. Write to-day for samples of Congo and full information.

Remember, that with every roll of Congo you get a genuine Surety Bond.

Halifax, N. S. Canada, Apr. 10, Dear Editor and Readers:—As it has been some time since you have read anything through the good paper from me I will try and let you hear something I have to say of the great N. E.

The last time I appealed to you, I was in L. A., since then a certain American firm have been kind enough to employ me as traveling salesman, and filling room inspector. So this is what brings me here and now as I have told you what I am doing, and will try to describe specially one never to be forgotten trip through the Evangeline land, which we have all read and re-read.

The real Evangeline land extends from Digby N. S. (the mouth of the Annapolis Valley) to Annapolis N. S. and since seeing this I don't wonder at Longfellow's great success on this subject, for it decidedly a great one.

Starting at St John N. B. (wife and I) we took a steamer for Digby to which in its self was a beautiful trip, taking the D. A. R. Ry from Digby to Halifax, stopping at many stations, which practically all have saw mills. We had an excellent opportunity to see all the county, which we certainly enjoyed.

All through this country there can be seen beautiful summer homes which are vacated in winter, these people usually are one from Boston, New York, Washington, and they are coming in composed of the combination of some two or three families. Yatching, fishing and hunting are these chief amusements and no doubt they consume a large portion of nice apples and carries which grow so abundantly here.

For fear my letter will be too lengthy I will ring off by saying, that after our trip to Newfoundland in July will let you hear from me again and one of the greatest comforts I have is the Critten Record-Press, which is handed to me on every Tuesday. Yours very truly,

Roy Woody.

Bridges, Mont., Apr. 10—Dear Editor and readers, as some of the

people have requested me to write a description of this country I must say: That it is alright for a rich or single man who does not care for working hard, but no place for the poor man with a family.

I have been here for two weeks and the wind has not been silent for 24 hours during the time. I will endeavor to describe this little town.

Bridges is a flourishing village on the Northern Pacific rail road, and Clarks Ford river. It is the center of a rich coal and mining and stock raising district, and near the town and are found large stuccobeds which have been worked for the past ten years almost continuously.

The town has bank three hotels school and opera house, a creamery with a capacity of 300 pounds per day good water system and electric light plant, three dry goods stores, one drug store and five saloons, two churches also good telephone system.

Bridges has a population of 6000 incorporated. It has four secret societies the Brotherhood of America, Yoe-man, Forsters of America, Court No. 6, Modern Woodmen of the America and Masons. This speaks well for the county as well as the town.

I guess the people of Crittenden are in a fair way of farming, but here I can look out of my window and see snow only 30 miles away. I have experienced two snow storms in this state.

Work is plentiful and wages are good being from \$2.25 to \$3.00 per day, for job work and \$40 to 50 on the ranch the year round. Wishing you and your readers success, I remain your friend.

Marion, Ky.

Dear Friend:—As you are looking for the old reliable standard horses to breed to this season, and I know your judgment is the best in this particular, I will stand at my stables during the season of 1910, the following well bred and known stock, as a standard of excellence.

CHESTER DENMARK 1950.

This fine horse was sired by Washington Denmark No. 641, he by Gainer Denmark No. 61, his dam was Annie D. No. 4024, she by Barbon King No. 1746.

Chester Denmark is a bay and scores 84 points, foaled June 7th, 1903, and registered in the American Roadster Register Vol. II, by J. H. Campbell on March 17th, 1908

KING ECLIPSE 5803.

King Eclipse is a brown, hind feet white, foaled April 10, 1905; bred by C. A. Jordan, Gibson, Ill.; got by Hick Gold-dust, 4593, son of Hickory Joe 4592, by Bean's Hickory Boy 4169, son of Hickory Boy 1107, by Neal Dow 1106, son of Lightfoot 1105, by Black Hawk 20, dam Pearl, bay, bred by C. A. Jordan, got by Agitator, son of Gov. Sprague; 2nd dam Fleetmont, gray, bred by G. & C. P. Cecil, Danville, Ky. Got by St. Athmore, son of Strathmont; third dam Lady Mershon, bay, said to be by Gray Eagle (Cavanaughs) Registered September 16, 1903 in the American Morgan Register, Vol. III.

GEORGE 2957

Foaled May 30, 1900. Bred by Hir Witte, Germany, Imported by Oltmanns Bros., of Watseka, Ill. George is a beautiful dark brown, of splendid style and action, 15 1-2 hands high, weight 1350 lbs, and one of the finest registered German Coach Horses in Kentucky, and a prize winner at the World's Fair, St. Louis, in 1904. His colts are well formed, of good style and action, and posses the good qualities of the sire.

DEW DROP, Jr.,

Sired by Dew No. 30, dam by Nunico, he by Wagenor, grandsire Millen Lexington No. 45, 2nd dam by Gray Eagle, Number of Entry 758.

Dew Drop is a combination saddle and harness stallion, and can show more fine colts in the Providence and Dalton country than any other stallion in this or that section.

EAGLE

Eagle is a steele gray, 15 hands high, has a fine bone and body as any jack. His colts have exceptionally fine style and bone. He was sired by Bradley, a black jack, he by Whitsell's Phillip, a black blue grass jack. The dam of Eagle was sired by Marion Walker's fine black jack Mike one of the best strains of jacks in Kentucky.

BOB HUGHES

This is a fine Black Spanish Jack, 15 1-2 hands high, weighs 1025 lbs and poses splendid style and action. This Jack is known as the Will Hughes Jack, and the people of Crittenden County recognize him as one of the best ever in the county.

All the above described stock will stand the season of 1910 at my livery stable in Fredonia, at \$10, to insure foal. Money due when fact of foal is ascertained or mare traded or removed. ALL CARE WILL BE TAKEN TO PREVENT ACCIDENTS, but not responsible should any occur. MARES FROM A DISTANCE KEPT WITHOUT CHARGE,

Yours for Fine Horses,

T.Y.ORDWAY, - - Fredonia, Ky.

HERE AND THERE

Farmers are right up with their work. A large crop of corn will be planted.

There is being some fine fish caught out of Piney Creek this Spring.

The regular meeting day has been changed at Blackburn church to the first Sunday. Rev. J. T. Travis is their pastor. The Sunday school has about all come out of winter quarters and started in for a summer campaign.

There has been several bush whackings this spring in the Stonewall community.

There is fine crop of measles in different section of the country. Just give them plenty of good cold water and they will come out.

A great deal of corn planted in the bottoms has been damaged by the recent rains.

May the 18th, as spoken of in some of the papers is being looked to with some anxiety as, at that day the earth is to pass through the tail of the great comet. Let us not be alarmed but just keep "grinding" and wait and see what we shall see.

We understand school Superintendent Travis wants a six months school in every school in every district in the county. This is right we all pay our taxes and should have an equal chance to send to school. The public school is for the child regardless of his location. Give all an equal chance.

There appears to be more deaths from heart failure in our town and country than usual

this spring. Why is this?

Since the rains grass and clover are looking fine.

MT ZION

Hello here we come at last, hope we will be welcome as the flowers in May.

ORDINATION SERVICE

Baker church was called together April 6th for the purpose of ordaining Bro. B. H. Duncan to the full work of the ministry, and Bro. J. B. Walker to the office of deacon. Presbytery was composed of brethren E. M. Eaton, of Union church; M. E. Miller; N. G. Hughes, of Marion church and C. T. Clarke, of First Salem church, with the deacons of Baker church. Bro. E. M. Eaton was chosen moderator, and C. T. Clarke, clerk. Examination of candidates by N. G. Hughes, M. E. Miller preached the ordination sermon from II Cor., 4:5, and delivered charge to candidate. Ordination prayer by E. M. Eaton, and after laying on of hands, adjourned for dinner which was very much enjoyed by all, especially the preachers. Afternoon service was opened by song and prayer by Bro. Duncan. Sermon by C. T. Clarke from Matt. 22:21. Prayer by Bro. M. E. Miller. On motion, adjourned, with a vote of thanks to Baker church.

Lydia E. Pinkham's Vegetable Com-
pound, made from native roots and
herbs, contains no narcotic or harm-
ful drugs, and today holds the record
for the largest number of actual cures
of female diseases we know of, and
thousands of voluntary testimonials
are on file in the Pinkham laboratory
at Lynn, Mass., from women who have
been cured from almost every form of
female complaints, inflammation, ul-

OUR REGULAR TOBAC- GO TIDINGS

Letter from Committeeman I. N.
Baker of Lisman, Webster Coun-
ty Kentucky.

To the Tobacco growers of the
Stemming District:

Some three weeks ago the Ex-
ecutive Committee of the Stem-
ming District had the subject of
the five-year plan of pooling for
discussion, and four of the five
committeemen for Hopkins coun-
ty, voting "no." In a short time
four of the committee—Mr.
Campbell being absent—met at
Madisonville, and from the re-
ports of different committeemen
three of the four voted to recom-
mend the one-year plan. I voted
"no." It is true I knew when I
cast that vote at Madisonville
that some members in Webster
county would sign the five-year
pool. I am for one year or
five years, or for life. When
I cannot pool I will stop raising
tobacco.

Right here I believe appropri-
ate a few historical facts con-
cerning the Stemming District:
In 1906 we pooled about 11,000-
000 pounds of tobacco, if I re-
member right. The buyers
would not buy a pound of it.
Your committee had no money
to handle that tobacco with. Our
then general manager was not
able to back us up by providing
us with the money necessary to
handle and prize that crop, there-
fore we had to contract with
warehouse men to prize the
pooled tobacco, paying for the
prizing \$1.85 per hundred. The
banks in the several counties
furnished the money to handle
that crop, and, in some of the
counties, paid the pooler sixty
per cent. on warehouse receipts.

The following year 1907, we
pooled the most of the crop.
Your committee went to the
bankers and asked them if they
could carry us over another
year. They said they would be
unable to furnish a dollar to
handle the 1907 crop with. The
bankers said money was all tied
up in the 1906 crop and the pan-
ic of 1907 was on. The buyers
knew our condition as well as
we did, and would not talk about
buying, said they could not han-
dle it. It looked as though we
were right up against it. In
casting around to see what to do,
the committee thought of Mr.
William Elliott. He had handled
1906 Henderson and Union coun-
ty tobacco for us. Therefore we
went to him and asked him what
he would handle the 1907 crop
for. He answered he would
handle and prize the tobacco and
sell the same at \$2 per hogs-
head, and would guarantee the
prizing and handling expenses
should not exceed \$1.50 per hun-
dred, instead of \$1.85 we had
been paying. By having one
man as manager and warehouse-
man we could prorate sales among
all the members who had tobac-
co in the pool, whereas money
for sales of the 1906 crop had to
be paid as factories were sold
to the identical farmers who had
delivered to the factory sold. In
1906 there were in effect several
little pools and some members
got their money months after
other members. There was no
justice in the 1906 arrangement
and members would not stand for
it long. So we made Mr. Elliott
manager and warehouseman.
We paid him a big commission
for selling the 1907 pool, but he
rendered big services, for he not
only sold the 1906 crop free of
charge.

Now, what took place when
the buyers saw we had placed
Mr. Elliott at the head of our As-
sociation? Why they walked
right up and bought the 1907,
1908 and 1909 crops. True, we
had to carry warehouse receipts
for one-fourth the 1908 crop, but
the last of that crop has been

sold and the warehouse receipts
will soon be paid. And a divi-
dend will soon be distributed on
the 1909 crop. We have sold
the four crops for bigger aver-
age than any other Association
handling the English type of to-
bacco. The four crops have net-
ted, or will net members when
all the money is distributed in the
next few weeks, a little over
\$7.25 per hundred average, after
paying all expenses. Whereas
we paid Mr. Elliott \$2 per hogs-
head for selling the 1907 crop,
when he also sold the 1906 crop
free of charge, we only paid him
\$1 per hogshead for selling the
1908 crop and 1909 crops.

I wish to make it clear about
the 1907 crop. In writing from
memory and trying to condense
the history of several years of
big transactions, I may appear a
little obscure unless all the state-
ments are considered together.
Our contract with Mr. Elliott was
that he was to furnish the fac-
tories for, and all the money
necessary for handling and priz-
ing, the 1907 crop, and he guar-
anteed the cost of handling that
crop should not exceed \$1.50 per
hundred, whereas we had been
paying \$1.85 per hundred. Mr.
Elliott went to England in
September of 1907. The panic
was on. He was busy selling
the 1906 tobacco, which was of
course in the hogshead. The
latter part of October the com-
mittee sold the 1907 crop. I
have carefully started in the
foregoing Mr. Elliott sold that
crop. The fact is, it was the
joint work of the Committee and
Mr. Elliott. His work in Eng-
land was of inestimable contri-
butory value to the efforts of
the Committee in selling the
1907 crop.

And with the Committee set-
tled him on the agreed comission
of \$2 per hogshead for the 1907
crop with the stipulation he was
to charge nothing for selling the
1906 crop. If your Committee
had sent your tobacco to Liver-
pool to commission merchants,
they would have charged eight
\$8.00 dollars per hogshead com-
mission. To illustrate—Mr. Elli-
ott sold on his last trip to Eng-
land 3,405 hogshead of tobacco.
Had this tobacco been sold by
Liverpool commission houses the
Association would have been
paid \$27,240. On the basis of
our settlement with Elliott here
is a clear saving to the Associa-
tion of 24,240.

I make these statements be-
cause the enemies of the Associa-
tion make a great bugaboo
about Mr. Elliott's commissions,
and try to persuade our members
they are being robbed going and
coming

Now, gentlemen, these are
facts, and the same may be ver-
ified from the records. Now,
break up into little pools if you
want to, and I think you will
have the pleasure of putting
your tobacco in the hogshead,
and then the buyers will have
the pleasure of smitting you as
they did the Stemming District
when it first started. Then
those gentlemen who can sell
tobacco in ten minutes, if they
could only make a bond for
ten dollars, without the aid of
graffers or job-hunters, will find
it takes two to make a barg-
ain.

Your Committee, in the face
of colossal difficulties, has done
the best it could. The Tobacco
Trust, the Dumpers, the Trait-
ors in the ranks, (thank God
this infamous bunch are sur-
prisingly few in number) and
other enemies of the Association,
are, and have been from the
first plotting its destruction.
Your Committee backed by the
devoted and loyal members has
thus far thwarted the machina-
tions of the enemies of the As-
sociation.

Any member has a perfect
right to withdraw from this As-
sociation and do what he pleases
with his future crops. But no
man has a right, while claiming
to be a member of this Associa-

STOMACH IS SENT TO LOUISVILLE

Sebree Waiting for Result of a y-
Is in the Research Labor
story.

Sebree, Ky., April 23.—The
post mortem examination over
the body of Bob Wynne was
held, but the physicians are not
giving out anything for publica-
tion.

The stomach was sent to the
Research Laboratory at Louis-
ville for an analysis of the con-
tents to see whether Wynne was
poisoned.

The water in the jug has been
examined, but no report has
been received.

While it is still the general
belief that Wynne was not
poisoned, it will require the re-
port from the water and from
the stomach to settle the matter
conclusively.

In the meantime Mrs. Polly
Smith is in jail at Dixon and
Marion Wedding is being held
at Sebree under guard.
The funeral of Wynne was held
Saturday morning. He was
buried at Olive Branch cemetery
near Hanson. Rev. Witherspoon
and Edwards conducted the ser-
vices.

It will be remembered that
Wynne was supposed to have
been poisoned by a man and
woman who came to him at
night for water and after drain-
ing his jug, refilled it from which
after drinking, commenced to
cramp and in short time died.
Wynne was engineer and night
man at mines and it was feared
he had been poisoned by enemies
of the company for working
non union men.

CARD OF THANKS.

We desire, through the col-
umns of the Record-Press to try
to express our thanks to our
many friends who so tenderly
cared for our beloved father and
who so willingly assisted in all
that was done to lighten our
great burden. The shock of his
having been stricken so suddenly
was such a blow to us, that but
for the great love and care for
him by his friends and ours in
preparation for the last sad tri-
bute to his memory, it would
have been many times harder
for us to bear. Again, from the
depths of our hearts, we thank
everyone who in any way assist-
ed us during this great loss of
our only parent. His children,
MRS. H. KOLTINSKY,
MRS. PERCY NOGGLE,
ROCHESTER WALLINGFORD.

tion, to be, in devious ways plot-
ting the destruction of the As-
sociation.

Just a little reference to those
gentlemen who left their beau-
tiful homes in the Sunny South,
where the roses bloom the year
round, where the mocking bird
fills the air with melody, and
journeyed to far-off Webster
county in Kentucky for pure
love of the poor down-trodden
tobacco growers. There was no
money, consideration in it for
them. No, no, no—only pure
love.

So much have I thought fit to
recite, in advance of a detailed
exhibit due from Secretary
Thompson in the early future to
the good members of this Asso-
ciation who have repeatedly
honored me with their confi-
dence. So much have I thought
appropriate as a well-earned
tribute to the honorable gentle-
men who are associated with me
on the Executive Committee.
The Association has accomplish-
ed wonders, but only a tithe of
what it could have achieved if
only all the tobacco growers of
the district had co-operated.

Very respectfully,
I. N. BAKER, Chairman.

BROTHER HILL HEARD FROM AGAIN.

His Long Silence Due to Fact of our Having Lost His Manuscript Until This Issue

Mr. Editor if you will allow me little space in your paper I would like to help Bro. King out of the fog, if I can. This may be impossible, however will try. I think Bro. King is a conscientious man and perhaps thinks he is right, you know Paul thought he was right till the light was thrown down to him. It is the truth that I want Bro. King to see, I am not trying to hurt his church, if I was I would be unwise in helping them like I do, or be inconsistent to say the least of it. For forty years I have done as much work for his church as any member he has in the county. I challenge any man to dispute it or I will leave it to six of his members and three of them preachers, if he likes. Neither am I trying to defend Methodism or her doctrines. She, the M.E. church don't need that, her doctrines will stand without my help. If this is your idea you are worse deceived than Eve was when she ate the fruit.

My brother I have got religion that loves all churches that are trying to get men and women saved from sin and hell, and here you are objecting to me trying to get a sinner to go with me to heaven. This is brand new to me. I have heard of the seven wonders and have had the seven years itch during the war, but this caps anything that I have struck. I want to correct something in your last article. 1st. I do not and have not asked to have the Rev. put to my name, but if I was to I would preach quite different to what some of

you preachers do. 2nd I never said God gave Samuel a new heart, nor did I say Samson was lost, but he back slid, because he told his wife three lies. Now all bible readers know that David committed adultery and was a murderer. Then you have the face to say he just lost the joy of his salvation.

What did he pray for a clean heart for, if he had just lost his joy, this sounds like good theology don't it? "Shew fly don't bodder me." But Lord you must "purge me with hisop and I shall be clean. wash me and I shall be whiter than snow; create within me a clean heart. Oh, God and renew a right spirit within me." David knew if his heart was alright the joy would come back, he knew that he had lost the thing that caused the joy, but Bro. it was his religion that made his heart joyful. Your theory is to thin. Now you said God heard Samson's prayers. That is true, but Samson died with all the rest of the sinners whom the house fell on. Now you referred me to Romans 3:4,6, but I suppose you meant Hebrew 4 and 6. Bro. do you know what class of people Paul was talking to, if not you had better read up. It is possible for a man to go too far to get back.

Now you said by the mouth of two or three witnesses everything should be established. Bro. it depends upon who they are. Job you know had three witnesses and his wife throwed in, but they were wrong. Now Bro. I am Romans 8:35; 39 is in the book and Jesus said it: If were not so I would be plucked up, but the way it is it depends all together on me. You see God makes us free agents, we can do or not do.

You talk much about your whosoever will salvation and that is alright, but you must not

go back on it. It will hold good if you will hold to it. You said Adam stood on his own merits. That is true but you must remember that he was pure and holy—made in the image and likeness of God, but he listened to his wife. By this means the devil caught Adam. He was not tainted with sin like we are since the fall.

But after all it depends upon our decision since the fall of man we are so degraded or dropped down we have to have extra help. So Christ came through love to help us out again or give us another chance, but not to take all the responsibility off of us by any means. So he has said work out your own salvation with fear and trembling. So we have His warnings and his commandments and it is with us whether we heed them or not. So he says if any man would not work neither should he eat. Second these 3 and 10 now it don't take a theologian. What would be the results? Remember we are bound to have this abiding soul food in order to keep eternal life.

Bro. King your own actions contradict your theory. Now as to your proposition I can't accept because you are like the corn stalk fiddle, you did and you don't. Any one who has kept up with Bro. King's article know this to be true. As to the mourner at Pine Fork I make it a rule to give them the conditions of salvation, then urge them to meet them giving them the promises. Then if they don't accept I give them the law just like I am giving you the truth from God's word and if they are seeking the second blessing I give them the conditions, just like I did you at Hills Chapel when you was seeking sanctification and you decided and said you had it. This is what I wanted the sinner to do, decide and

go with me. I call your attention once more to what Jesus said to his disciples when he sent them out to preach Matt. 10 6 and 22. Now if you can't take Jesus words I am done because you are like the rich man, neither will you be persuaded 'tho one rose from the dead. Luke 16:31.
